

Table of classification, barplot of comutations, KM curves , box plots and bar plots for KRAS mutation

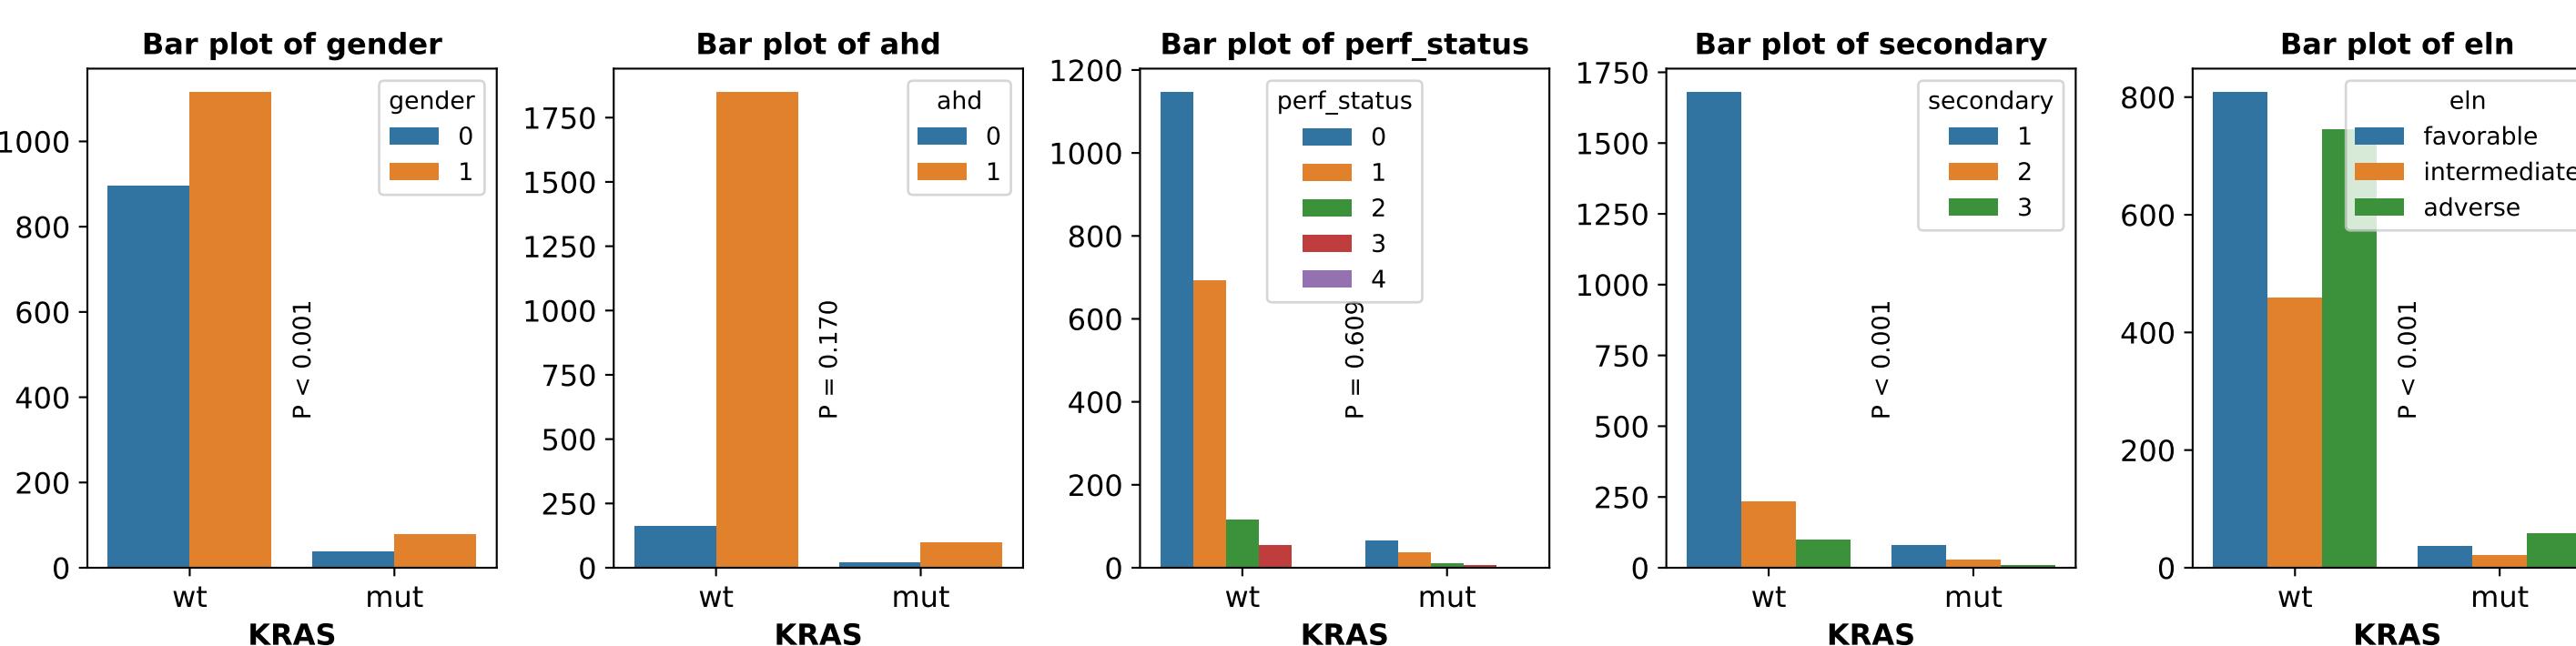

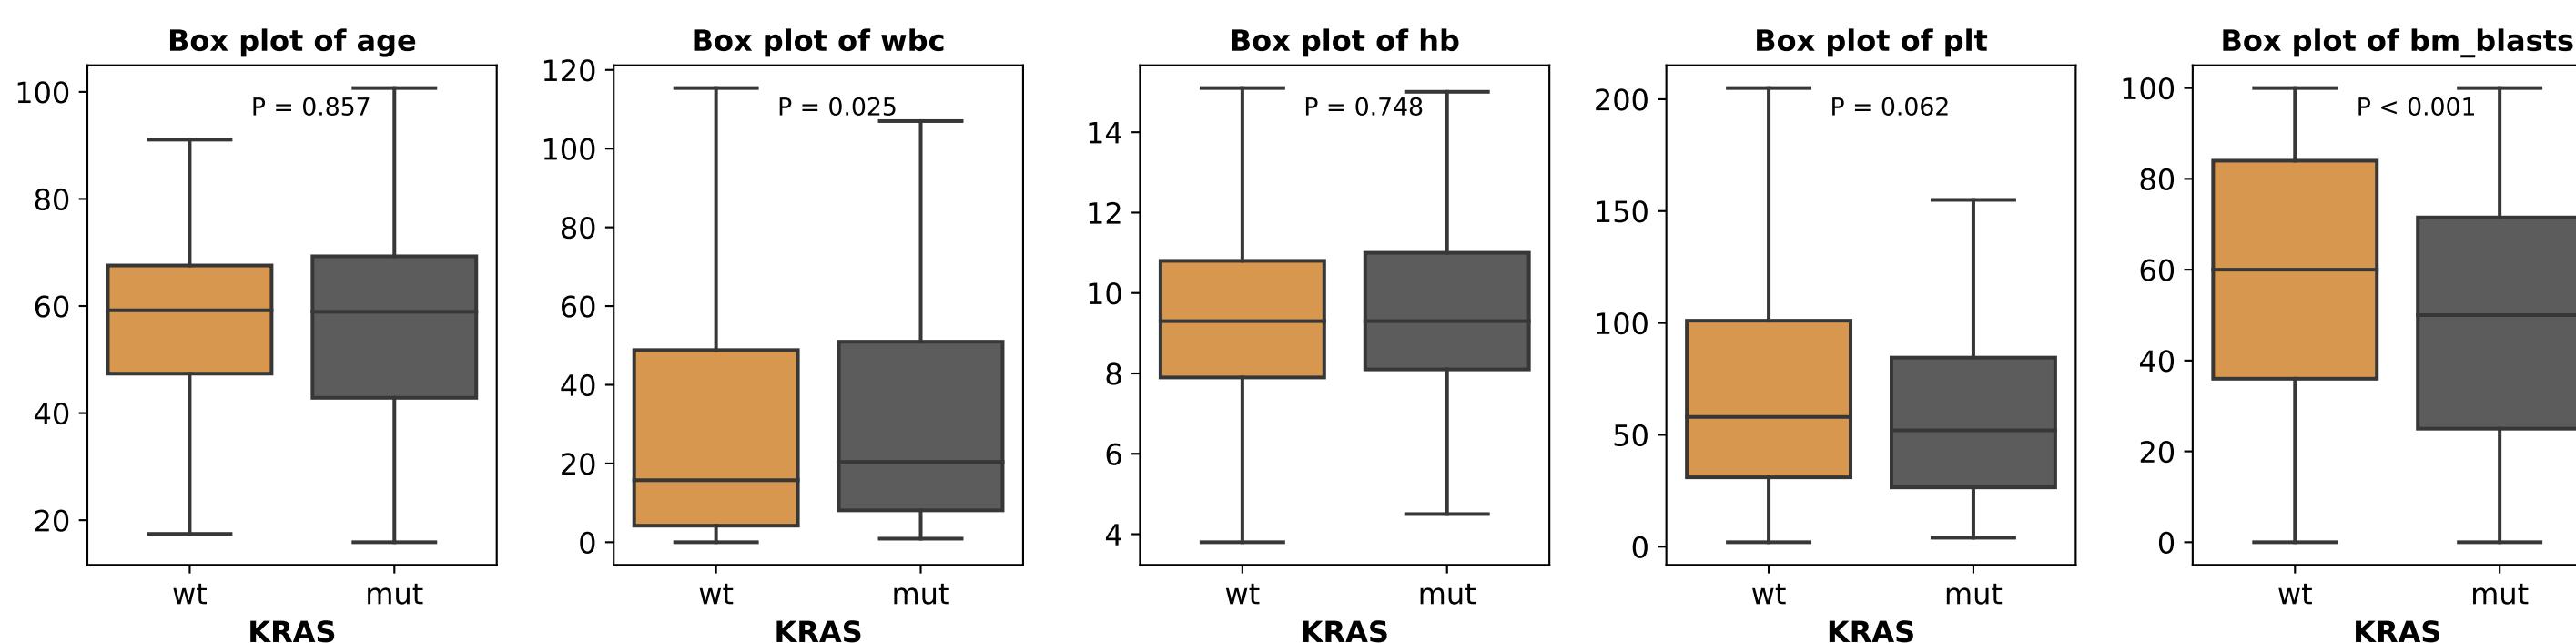

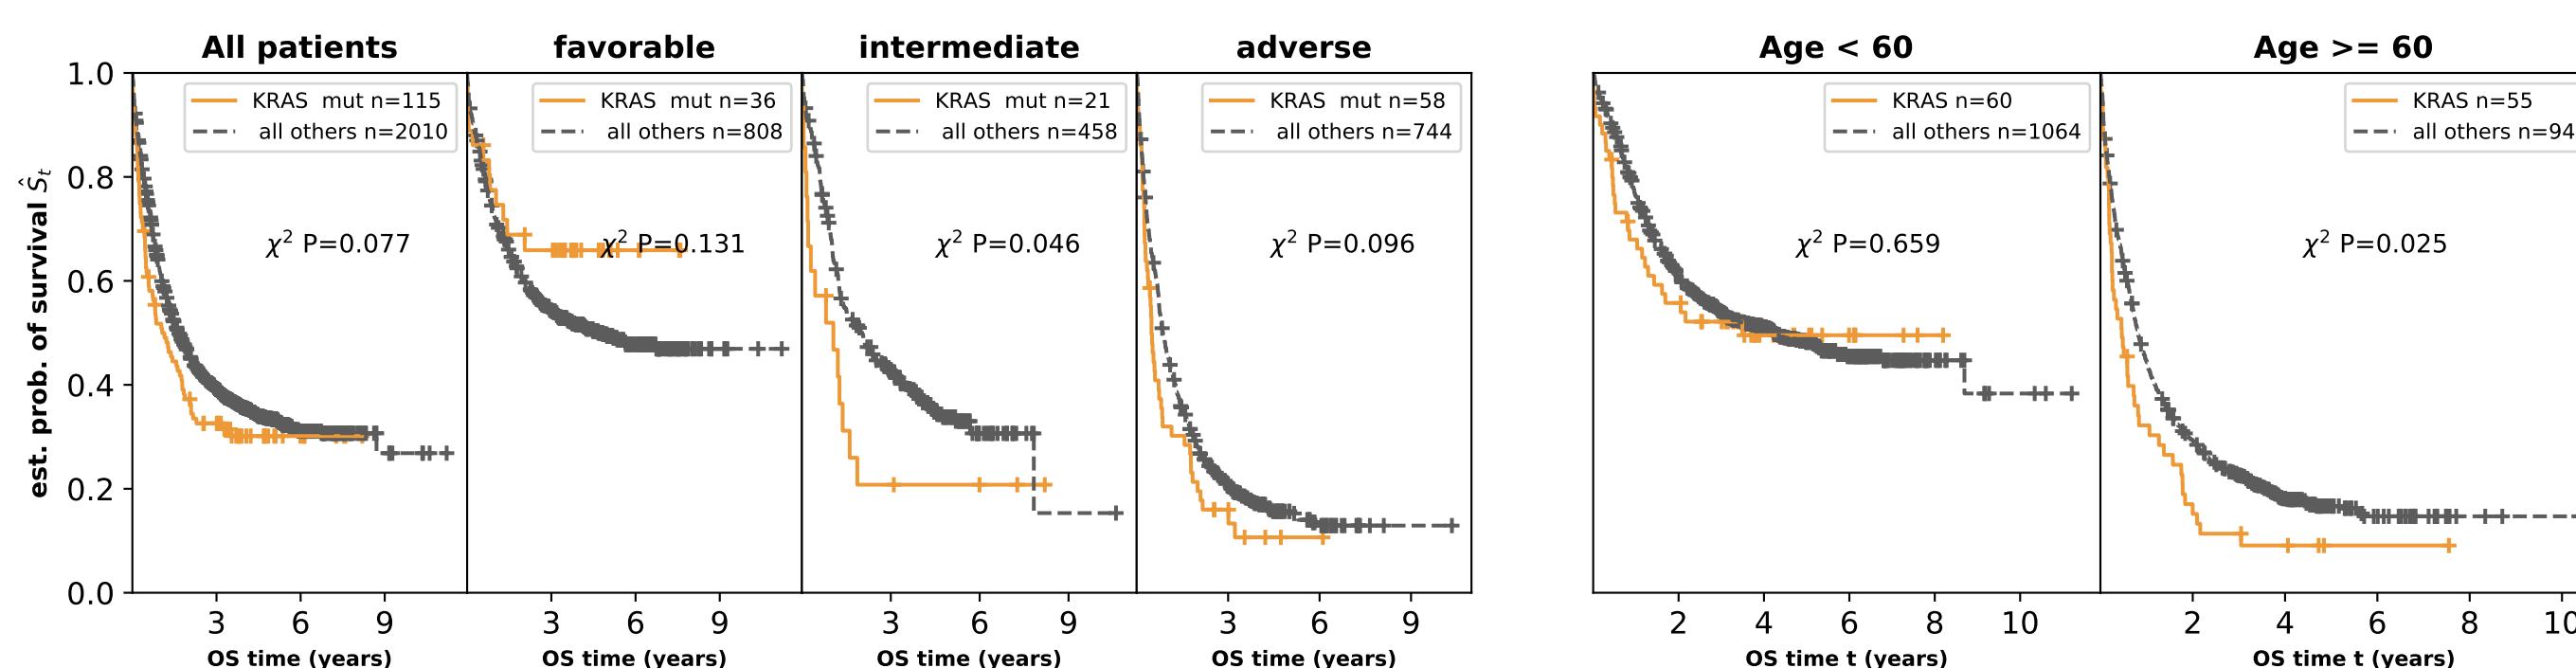

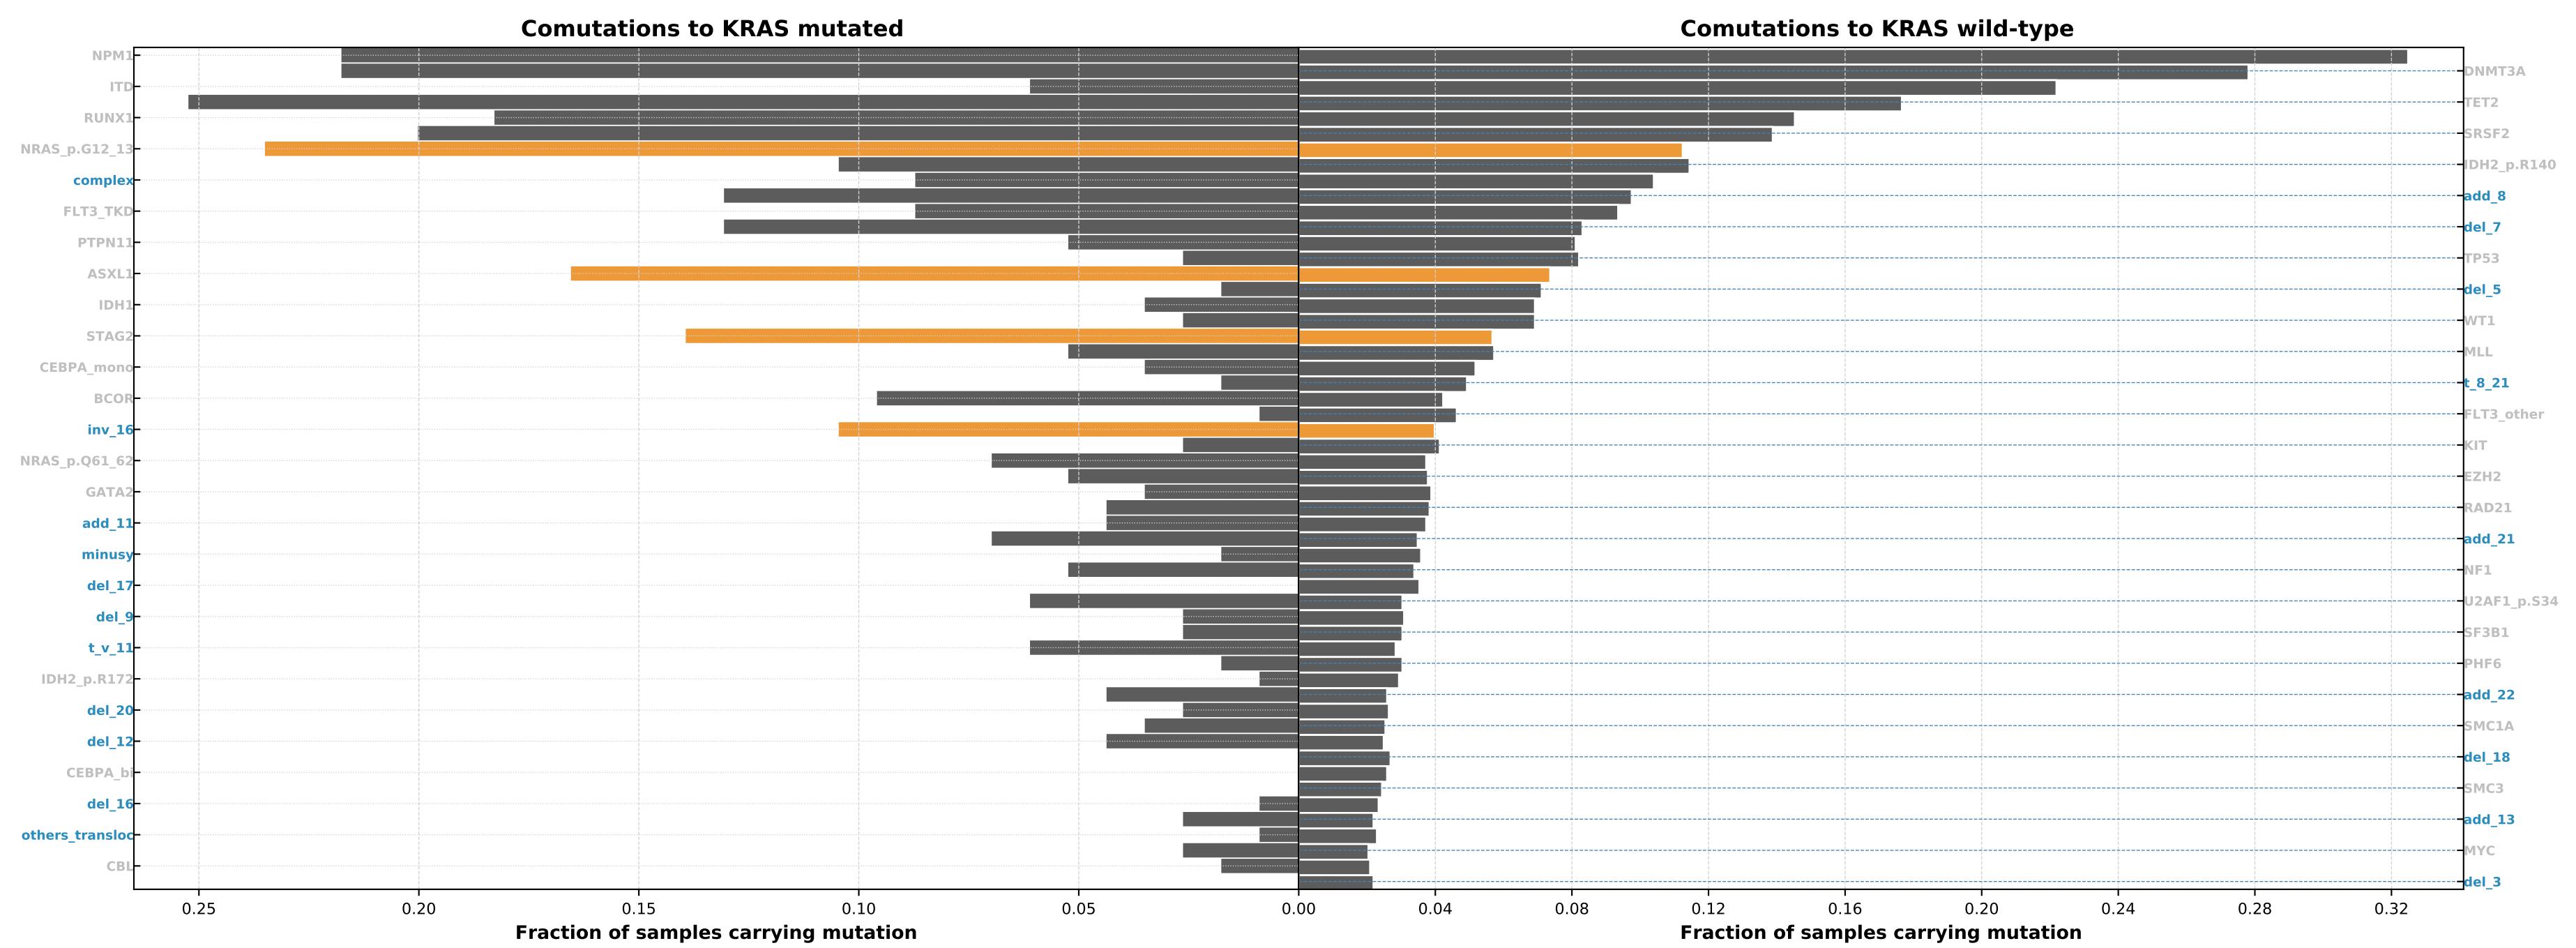

Table of classification, barplot of comutations, KM curves , box plots and bar plots for del_16

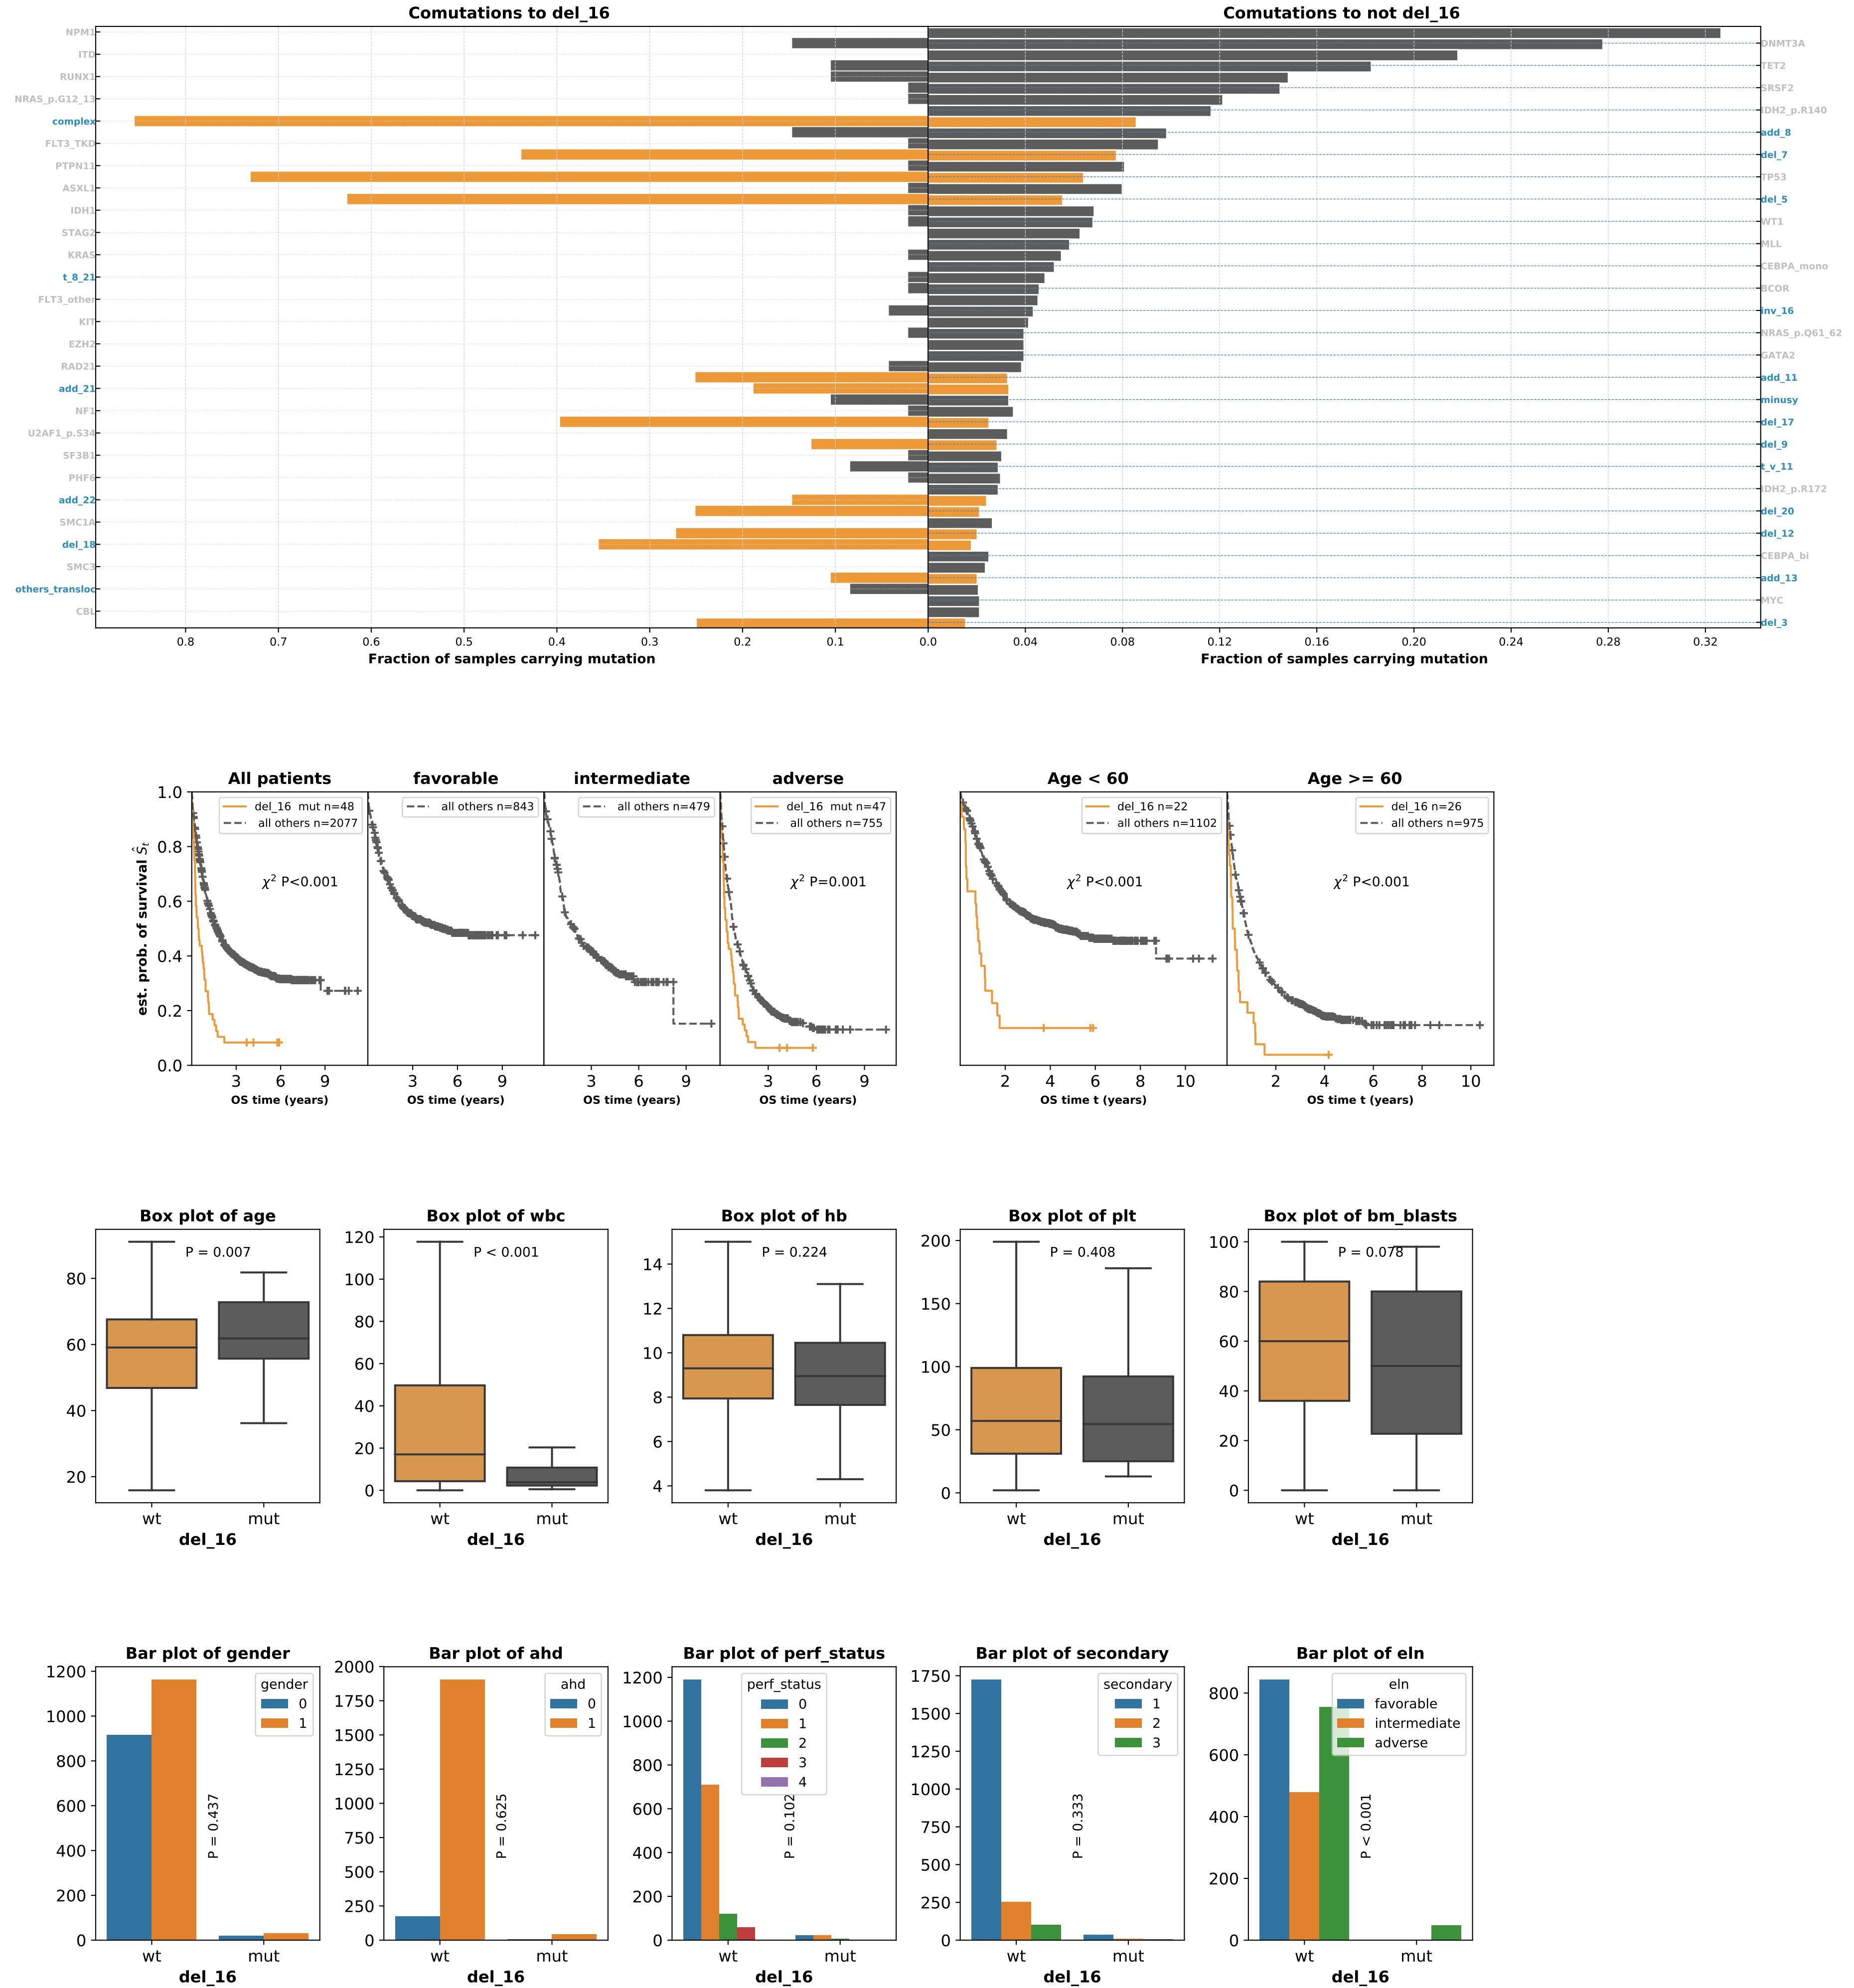

Table of classification, barplot of comutations, KM curves , box plots and bar plots for del_9

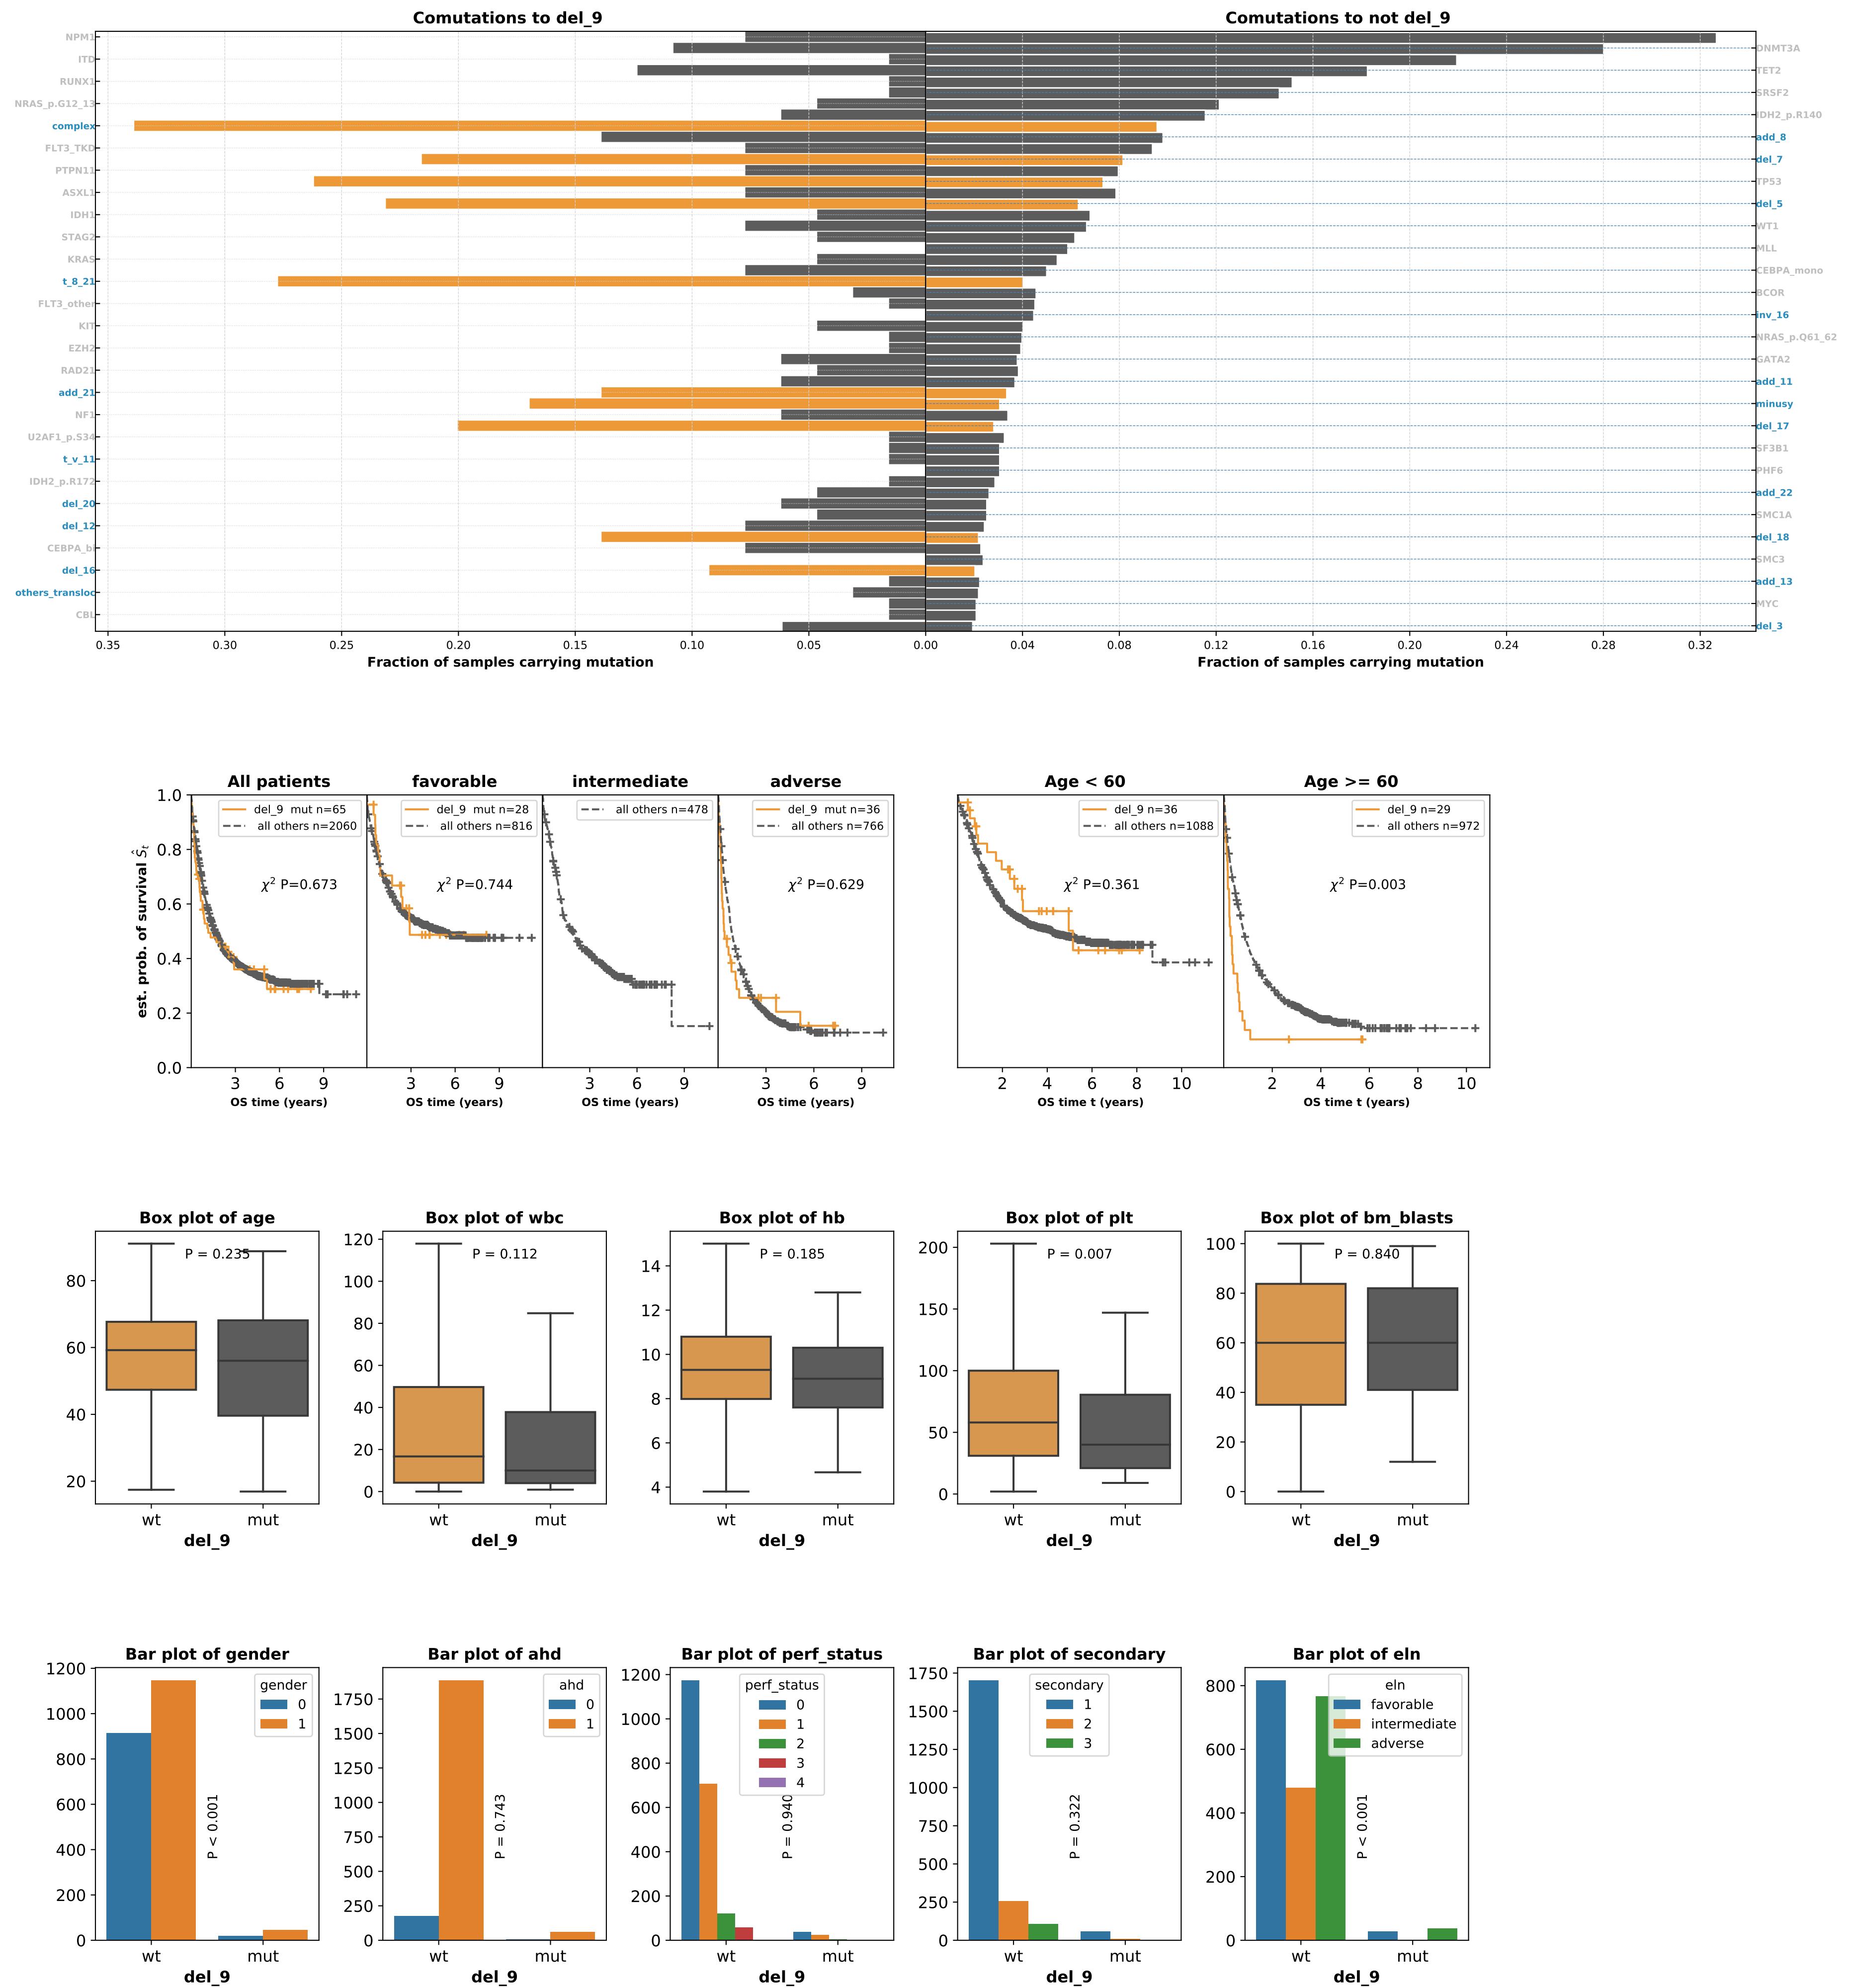

Table of classification, barplot of mutations, KM curves , box plots and bar plots for MLL mutation

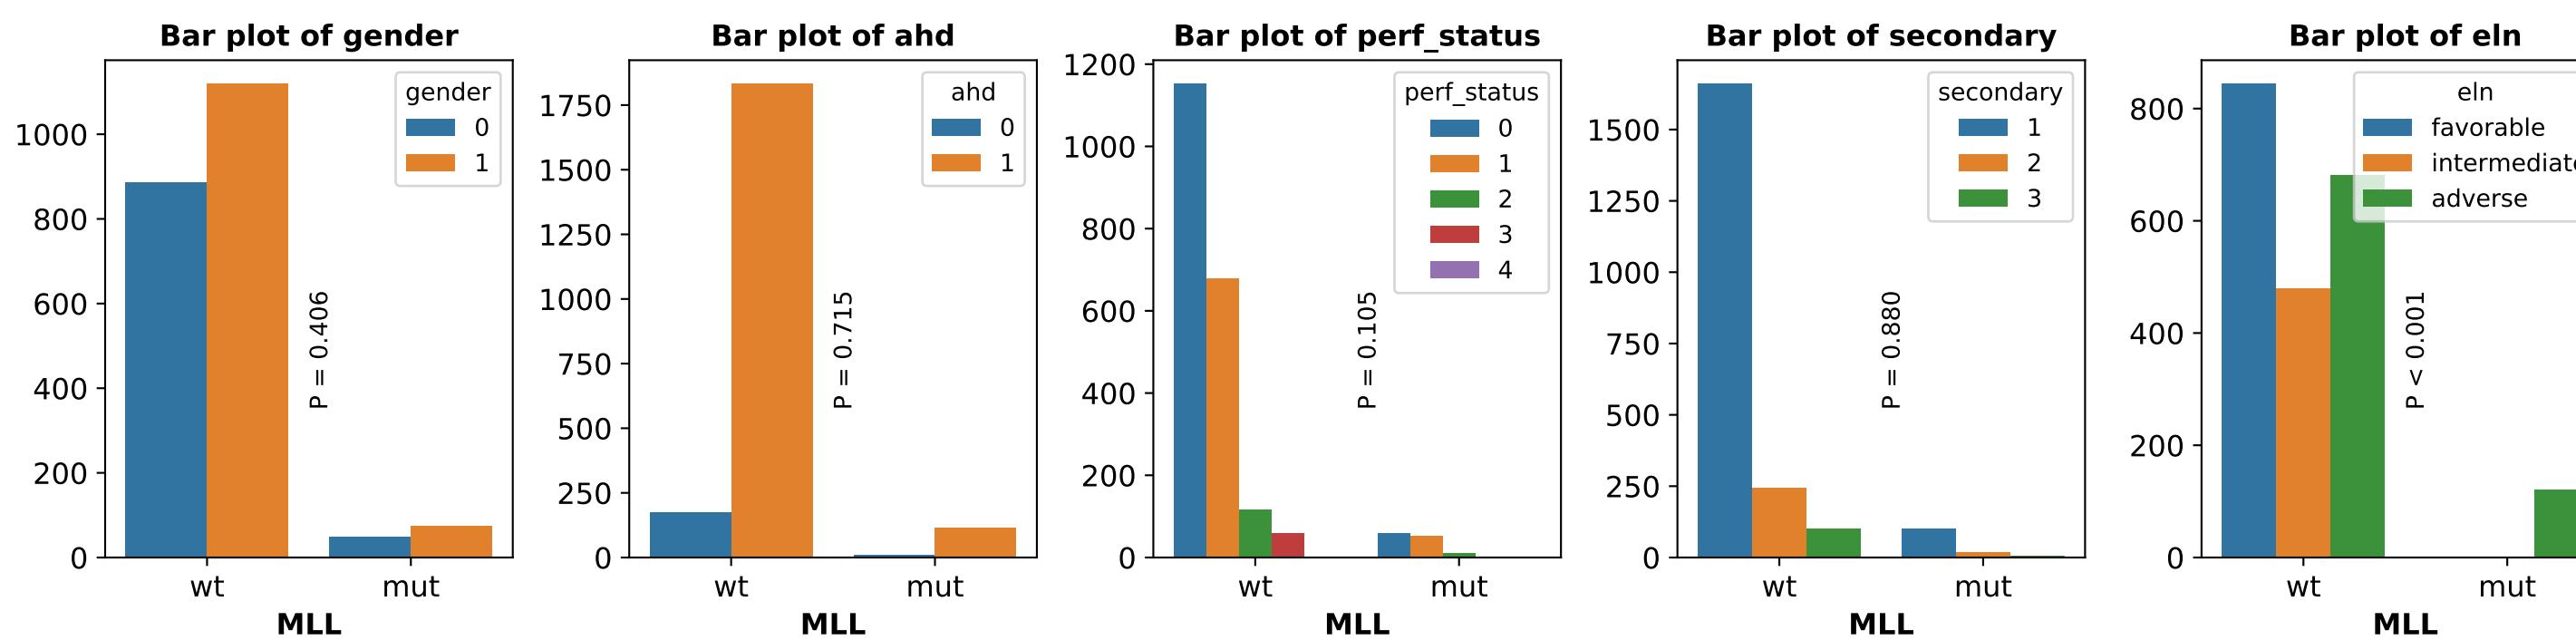

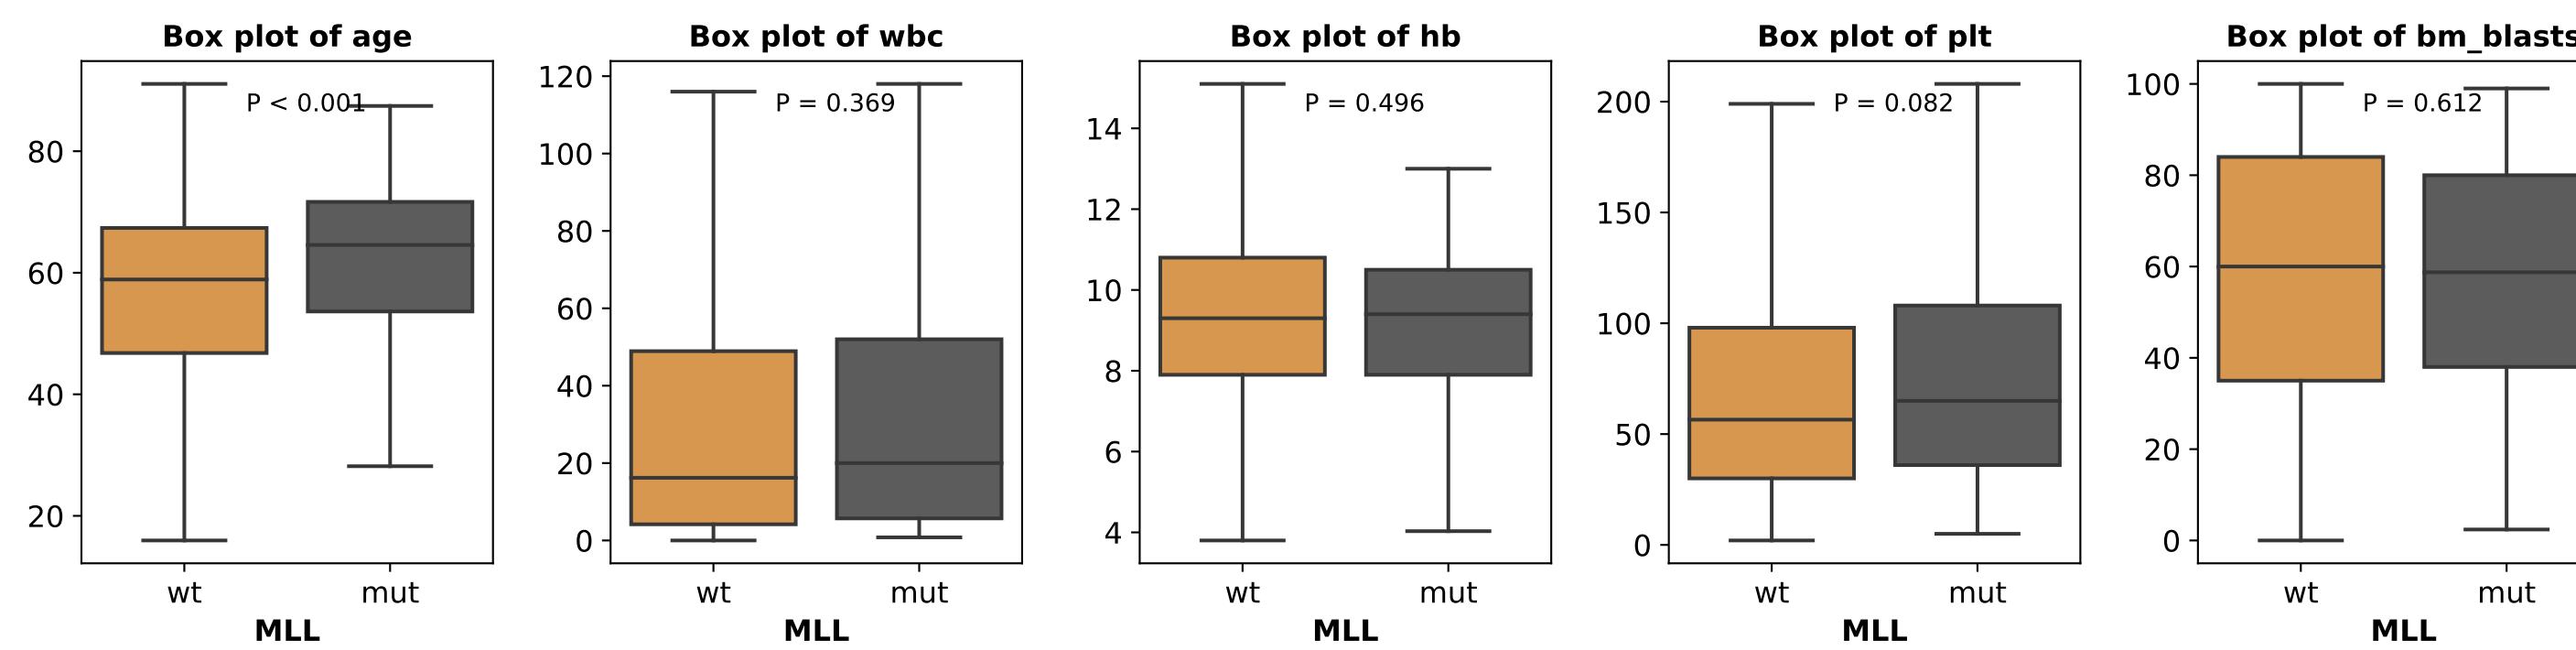

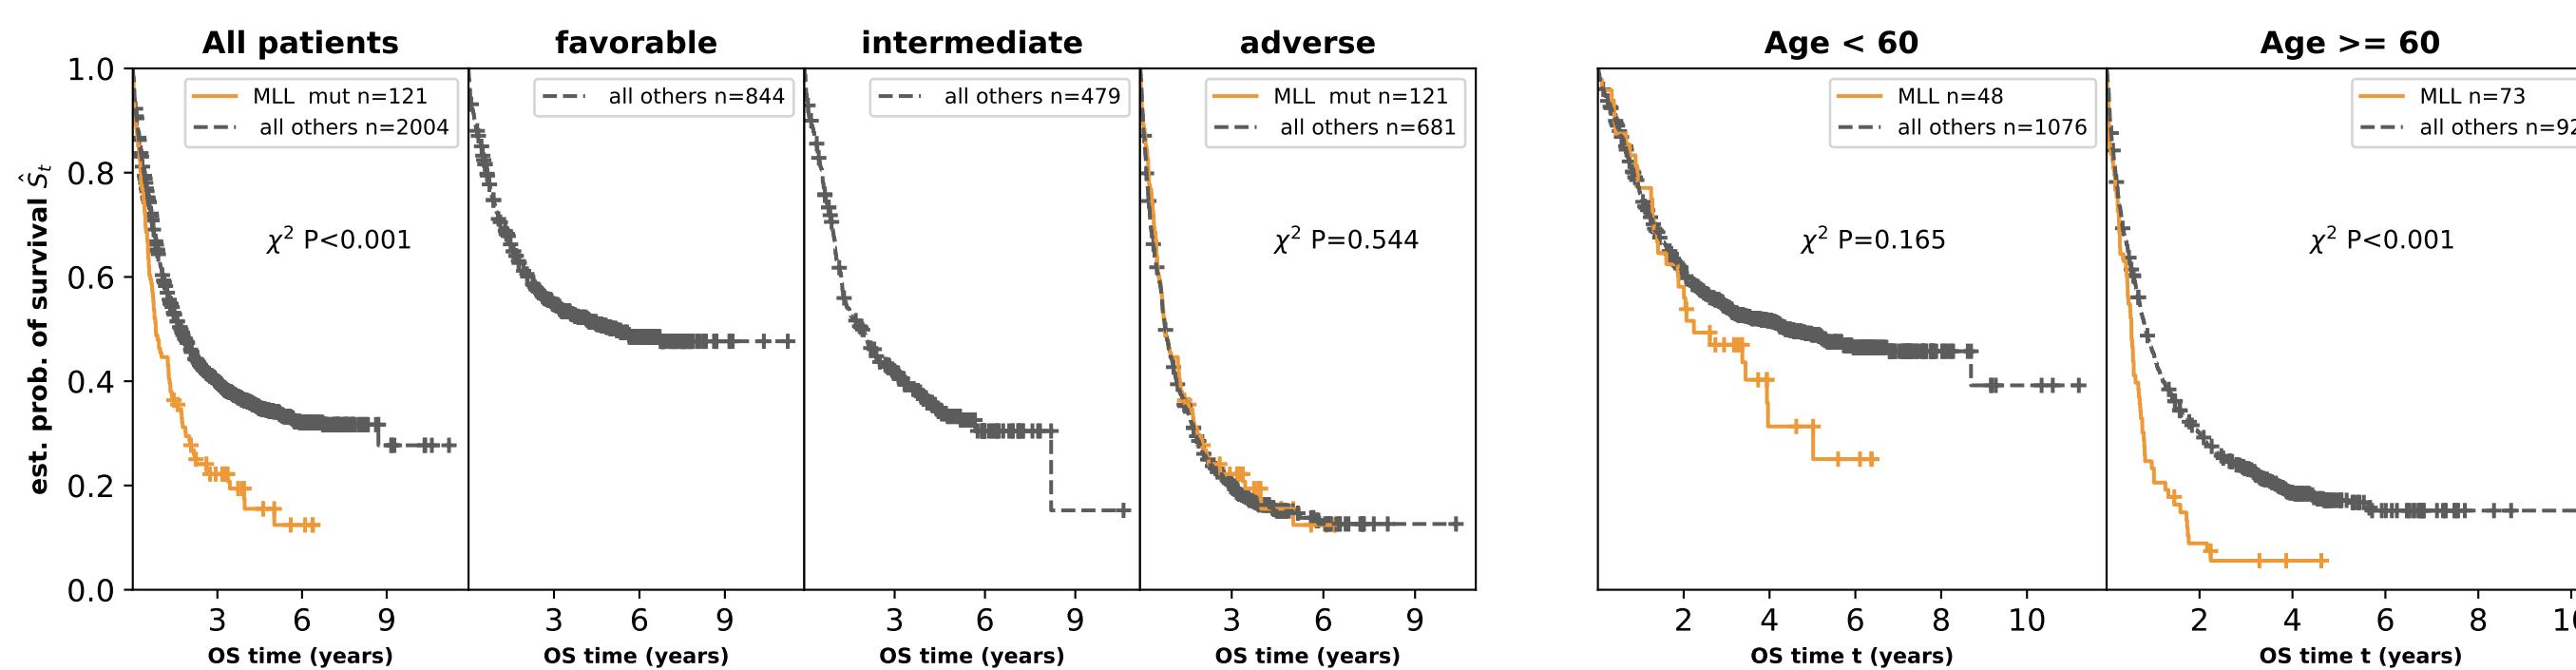

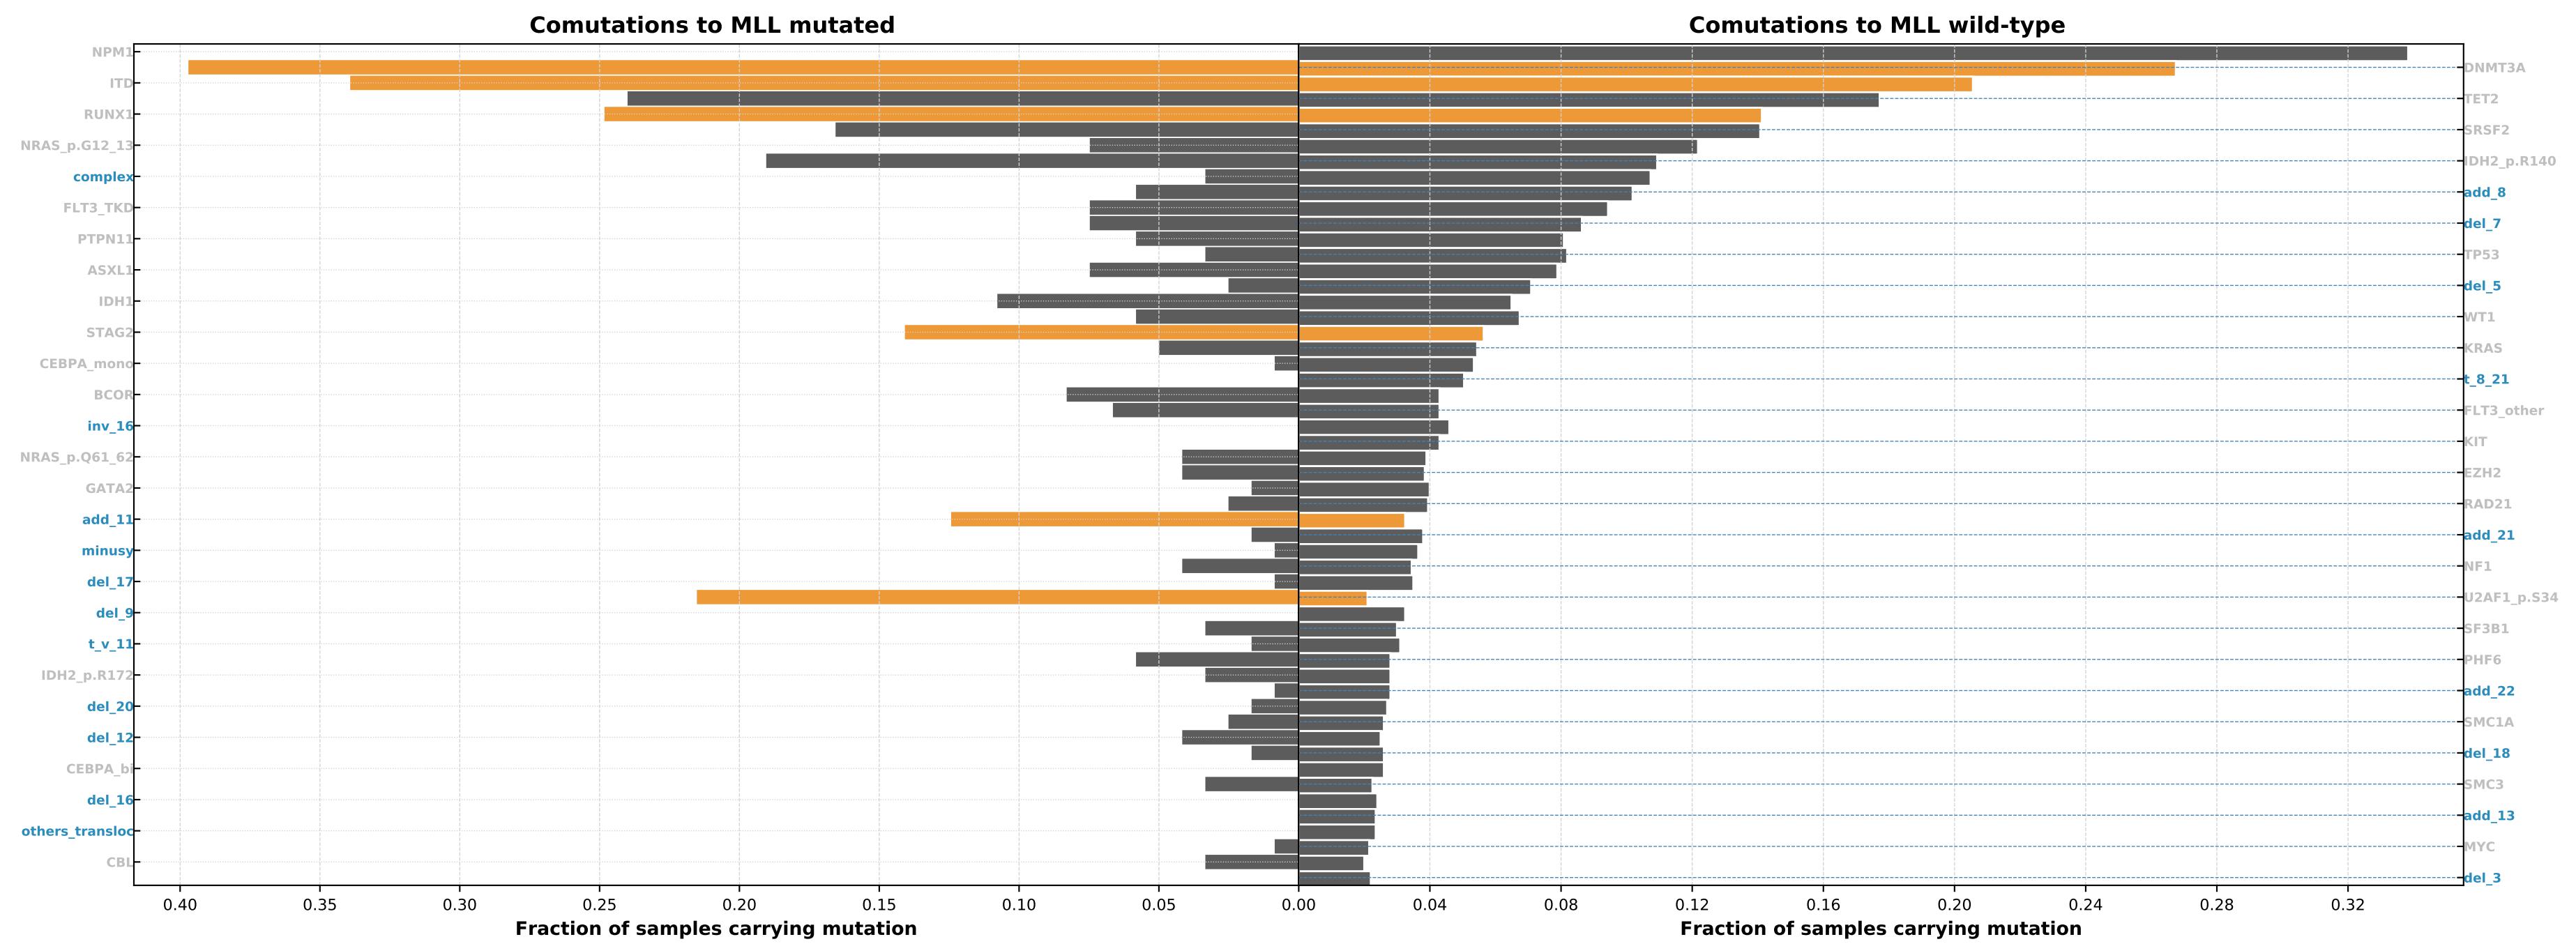

Table of classification, barplot of comutations, KM curves , box plots and bar plots for ASXL1 mutation

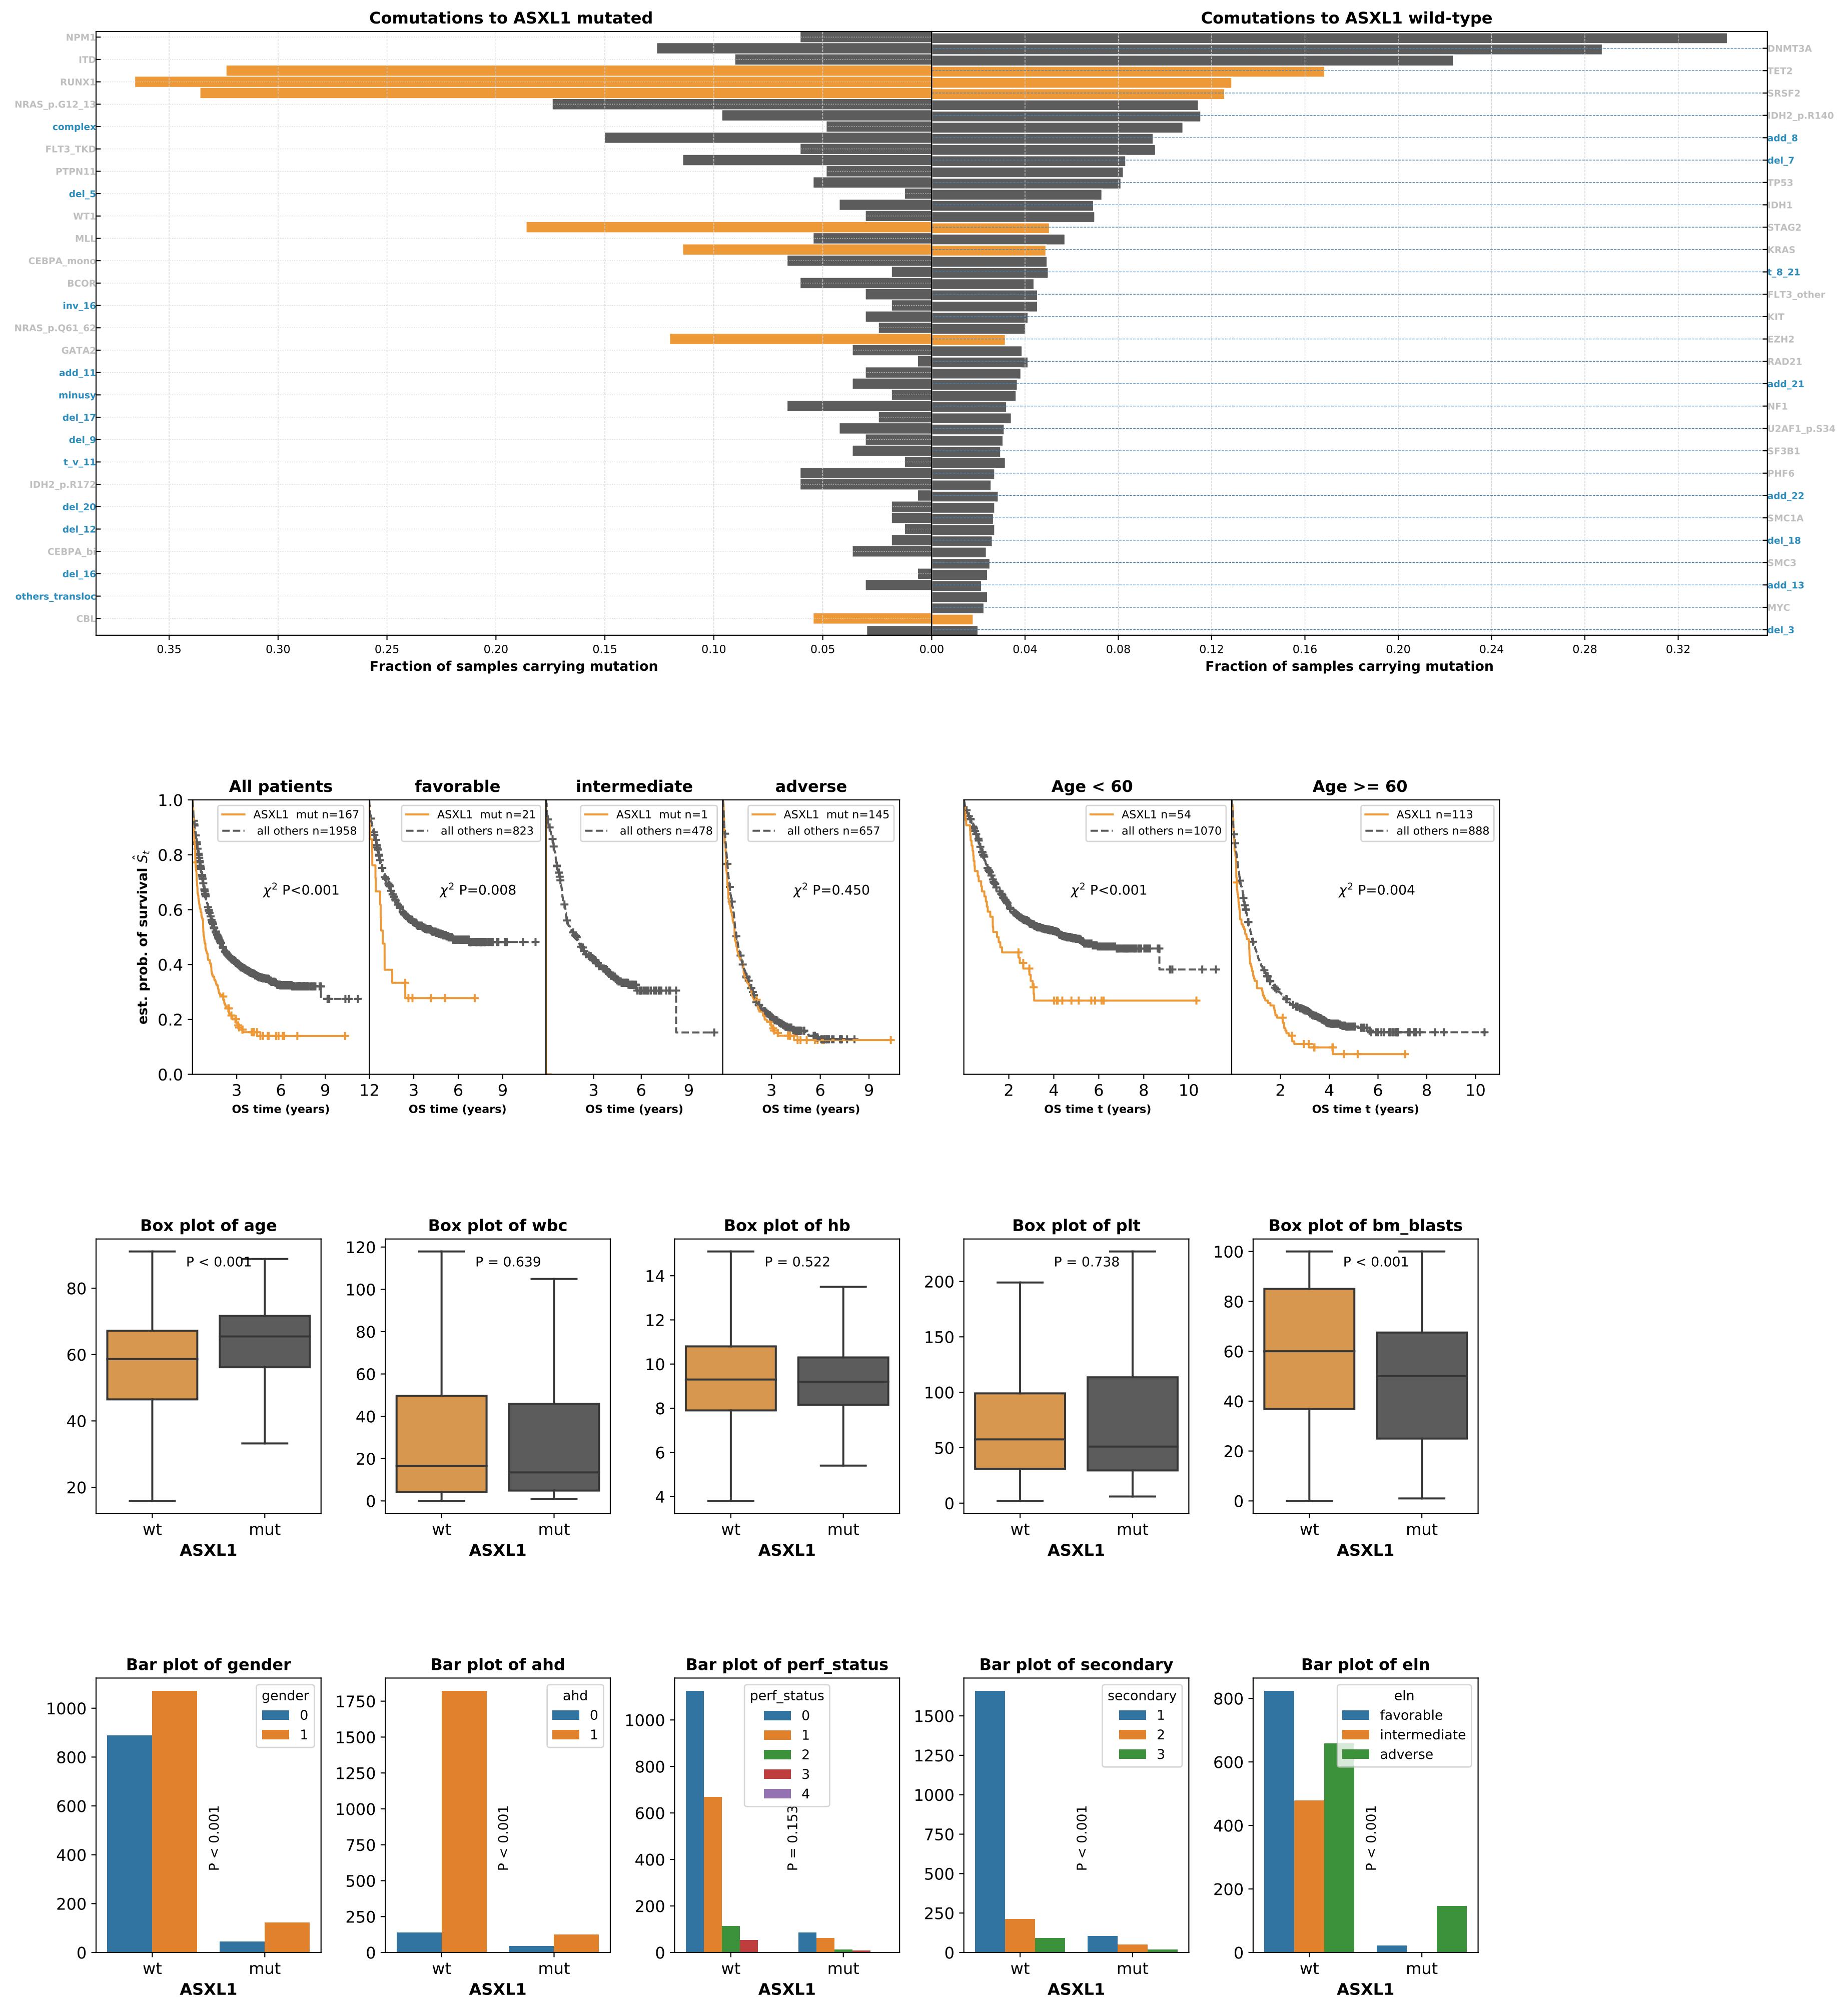

Table of classification, barplot of comutations, KM curves , box plots and bar plots for others_transloc

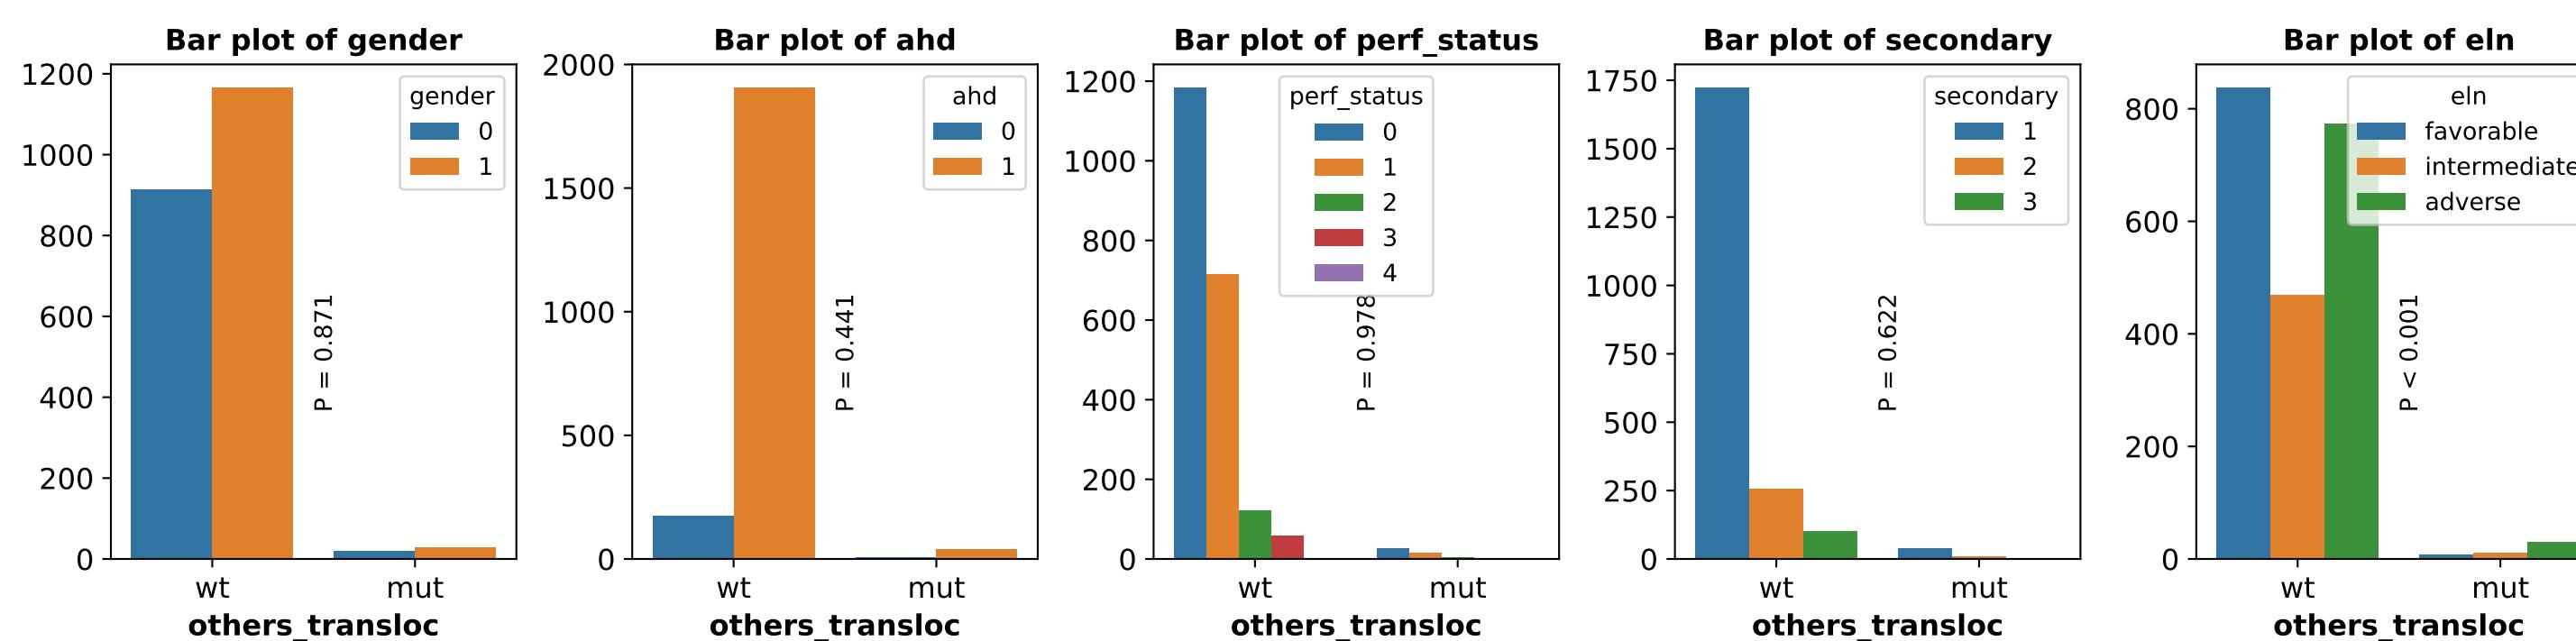

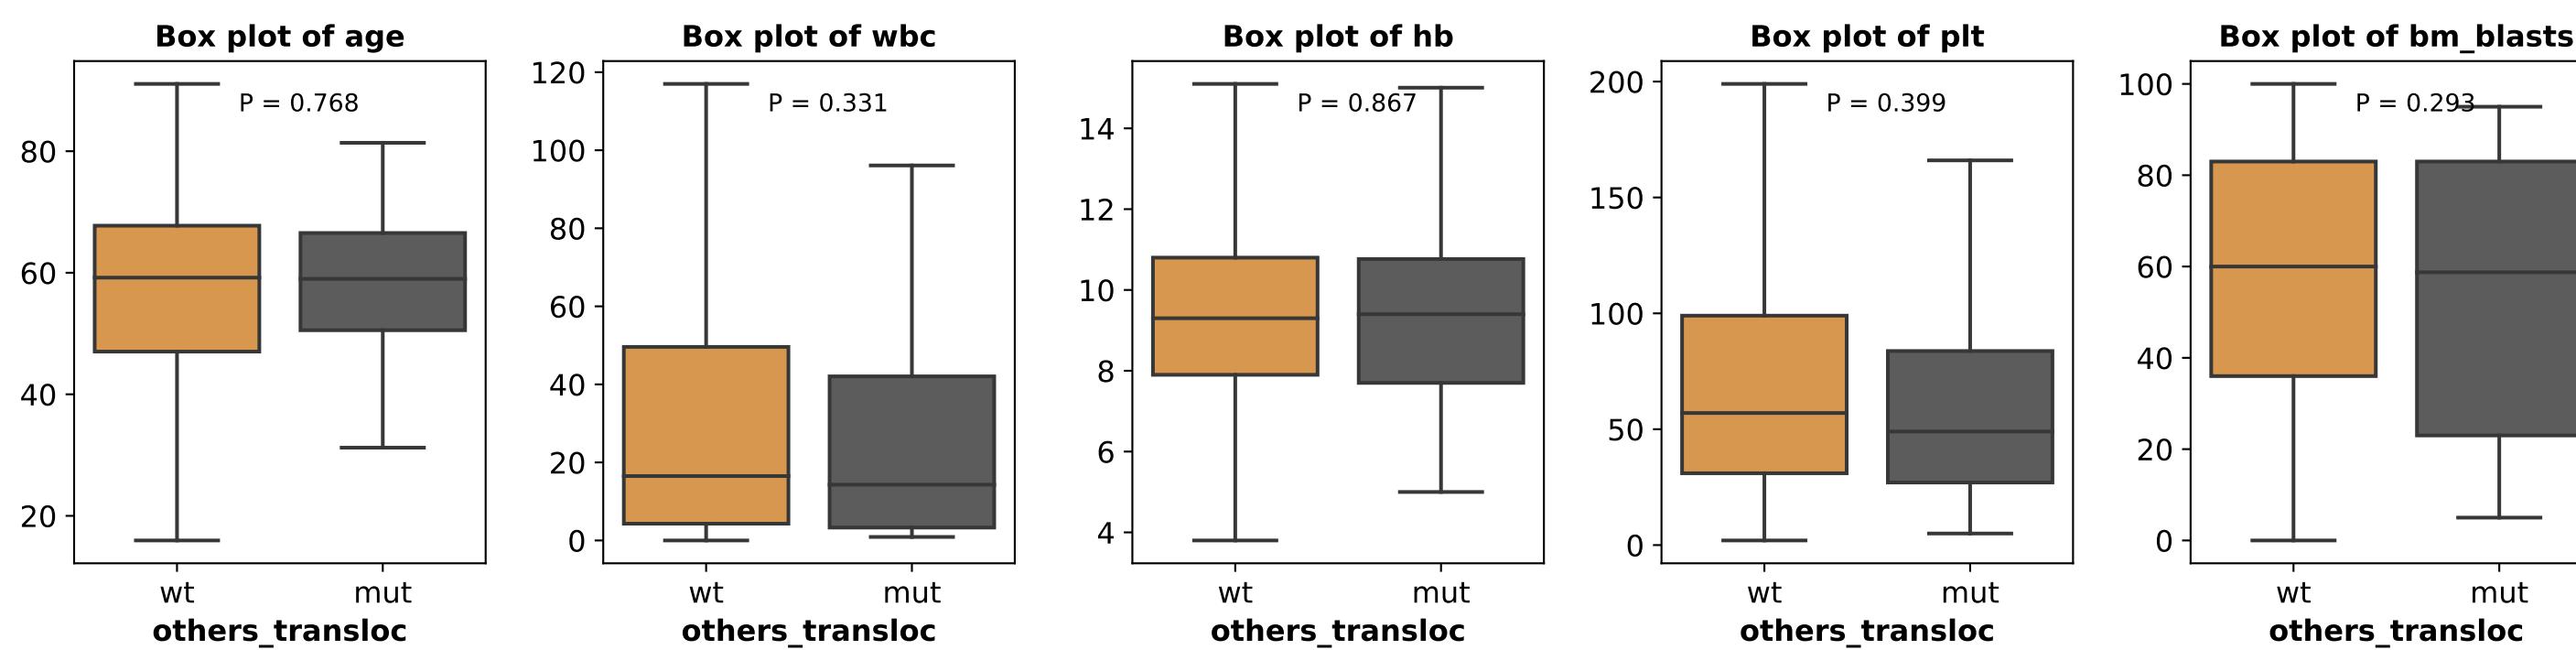

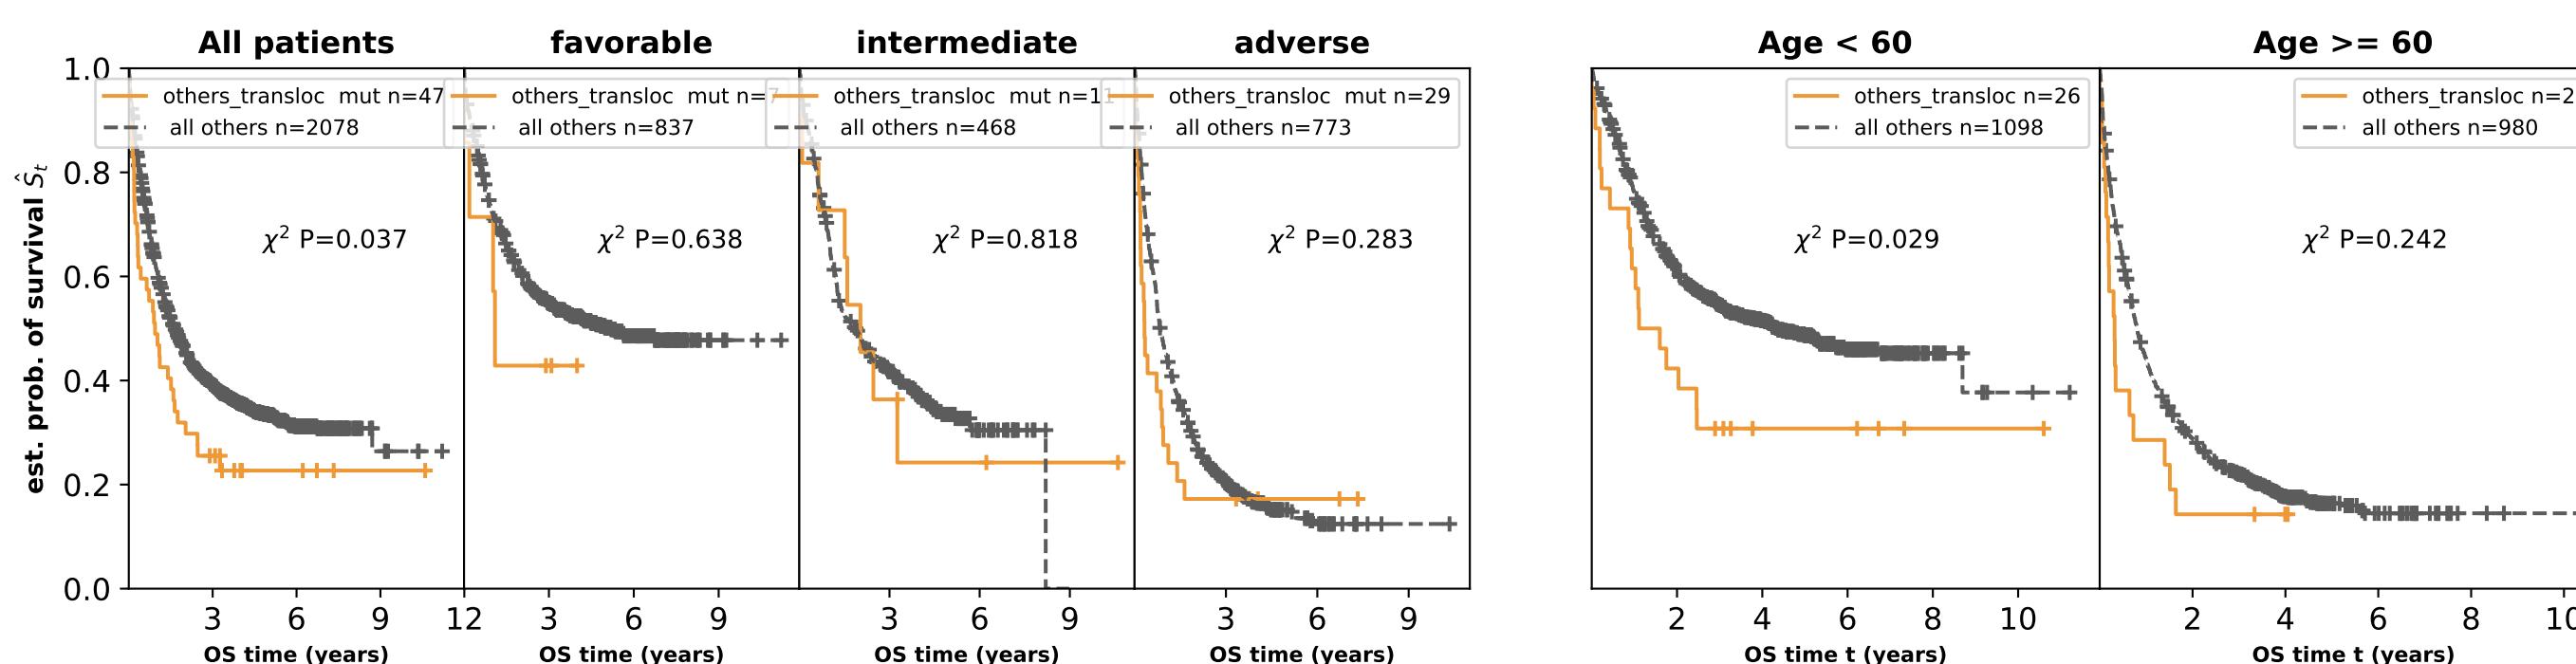

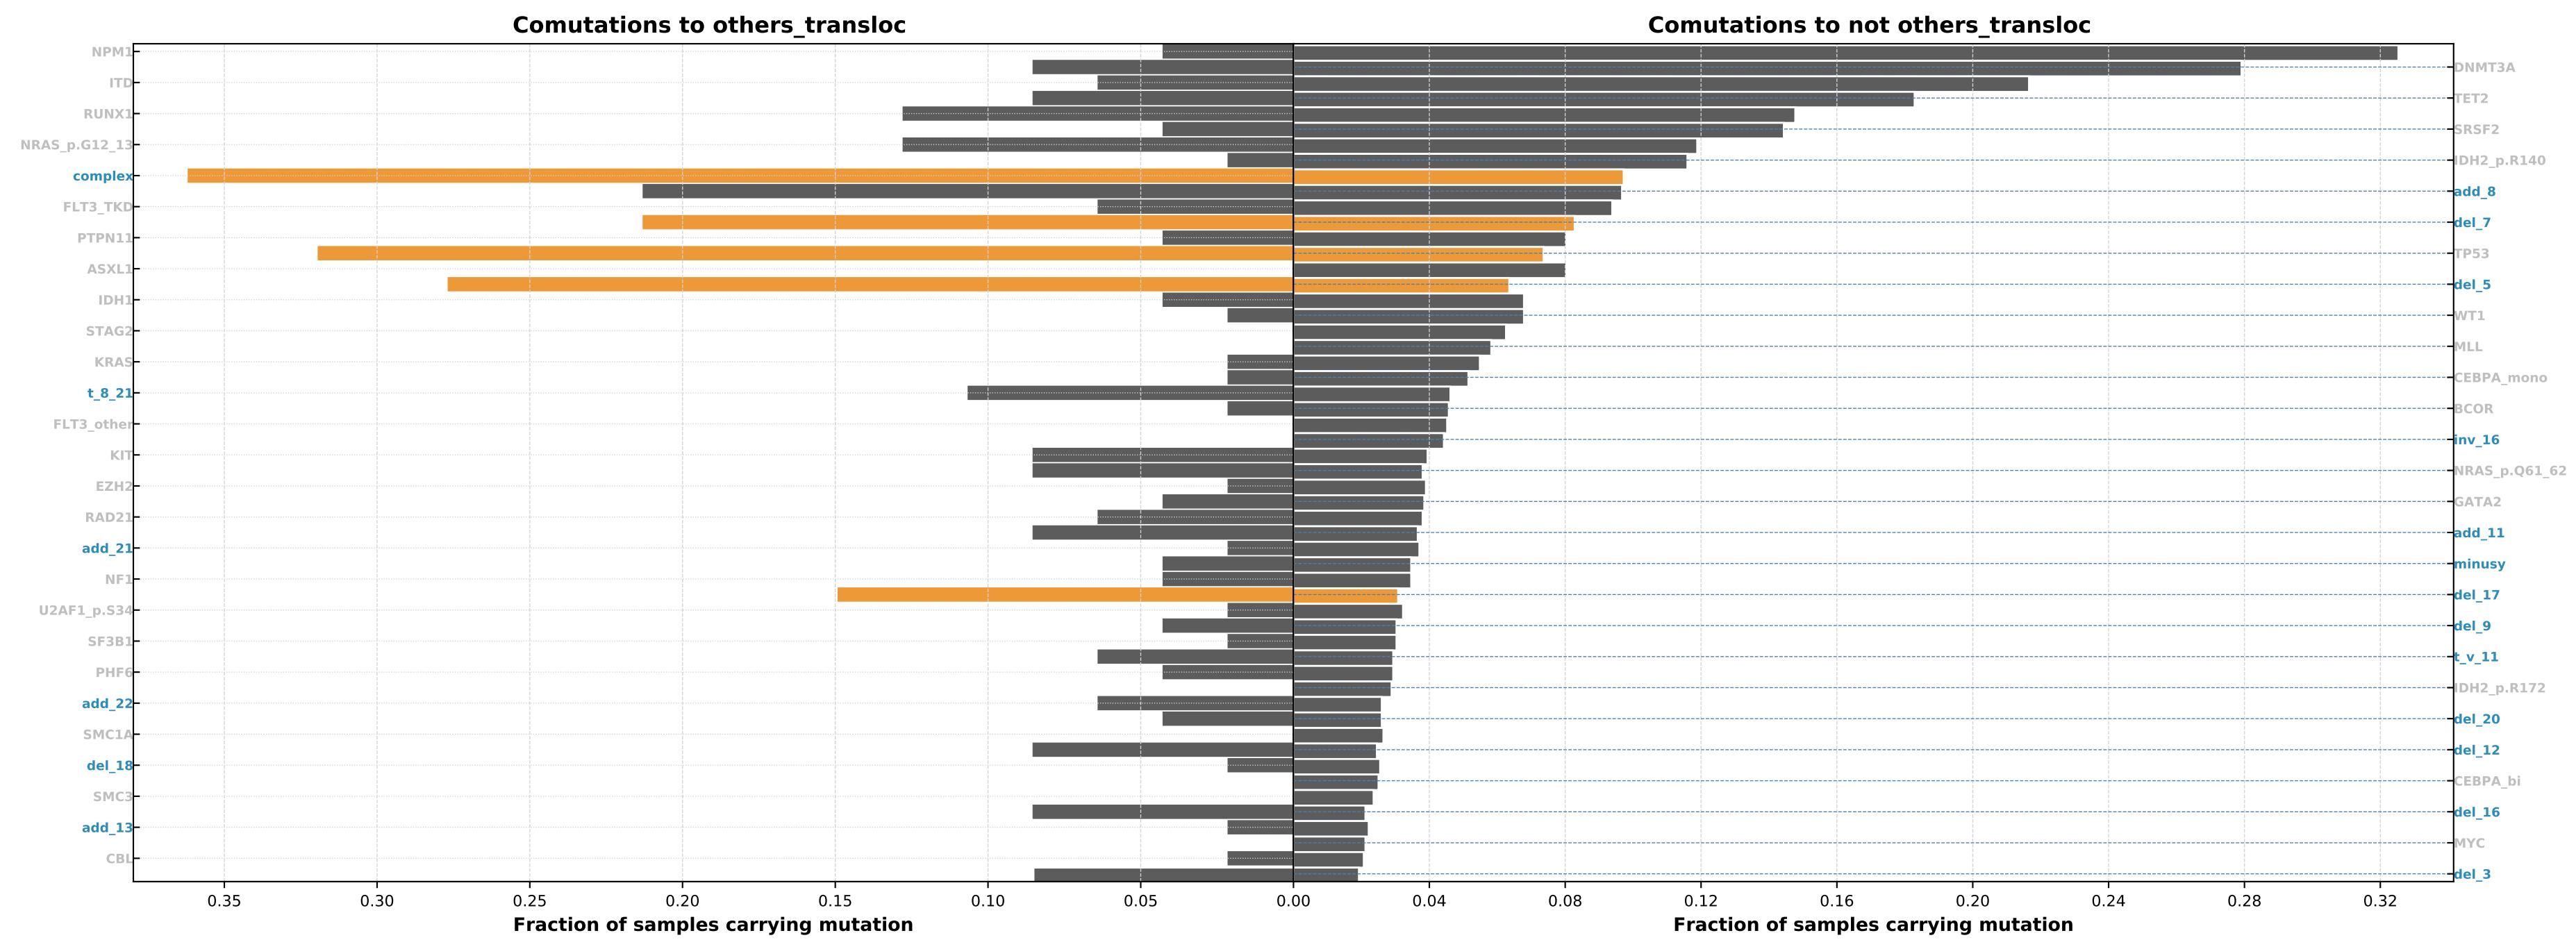

Table of classification, barplot of comutations, KM curves , box plots and bar plots for del_17

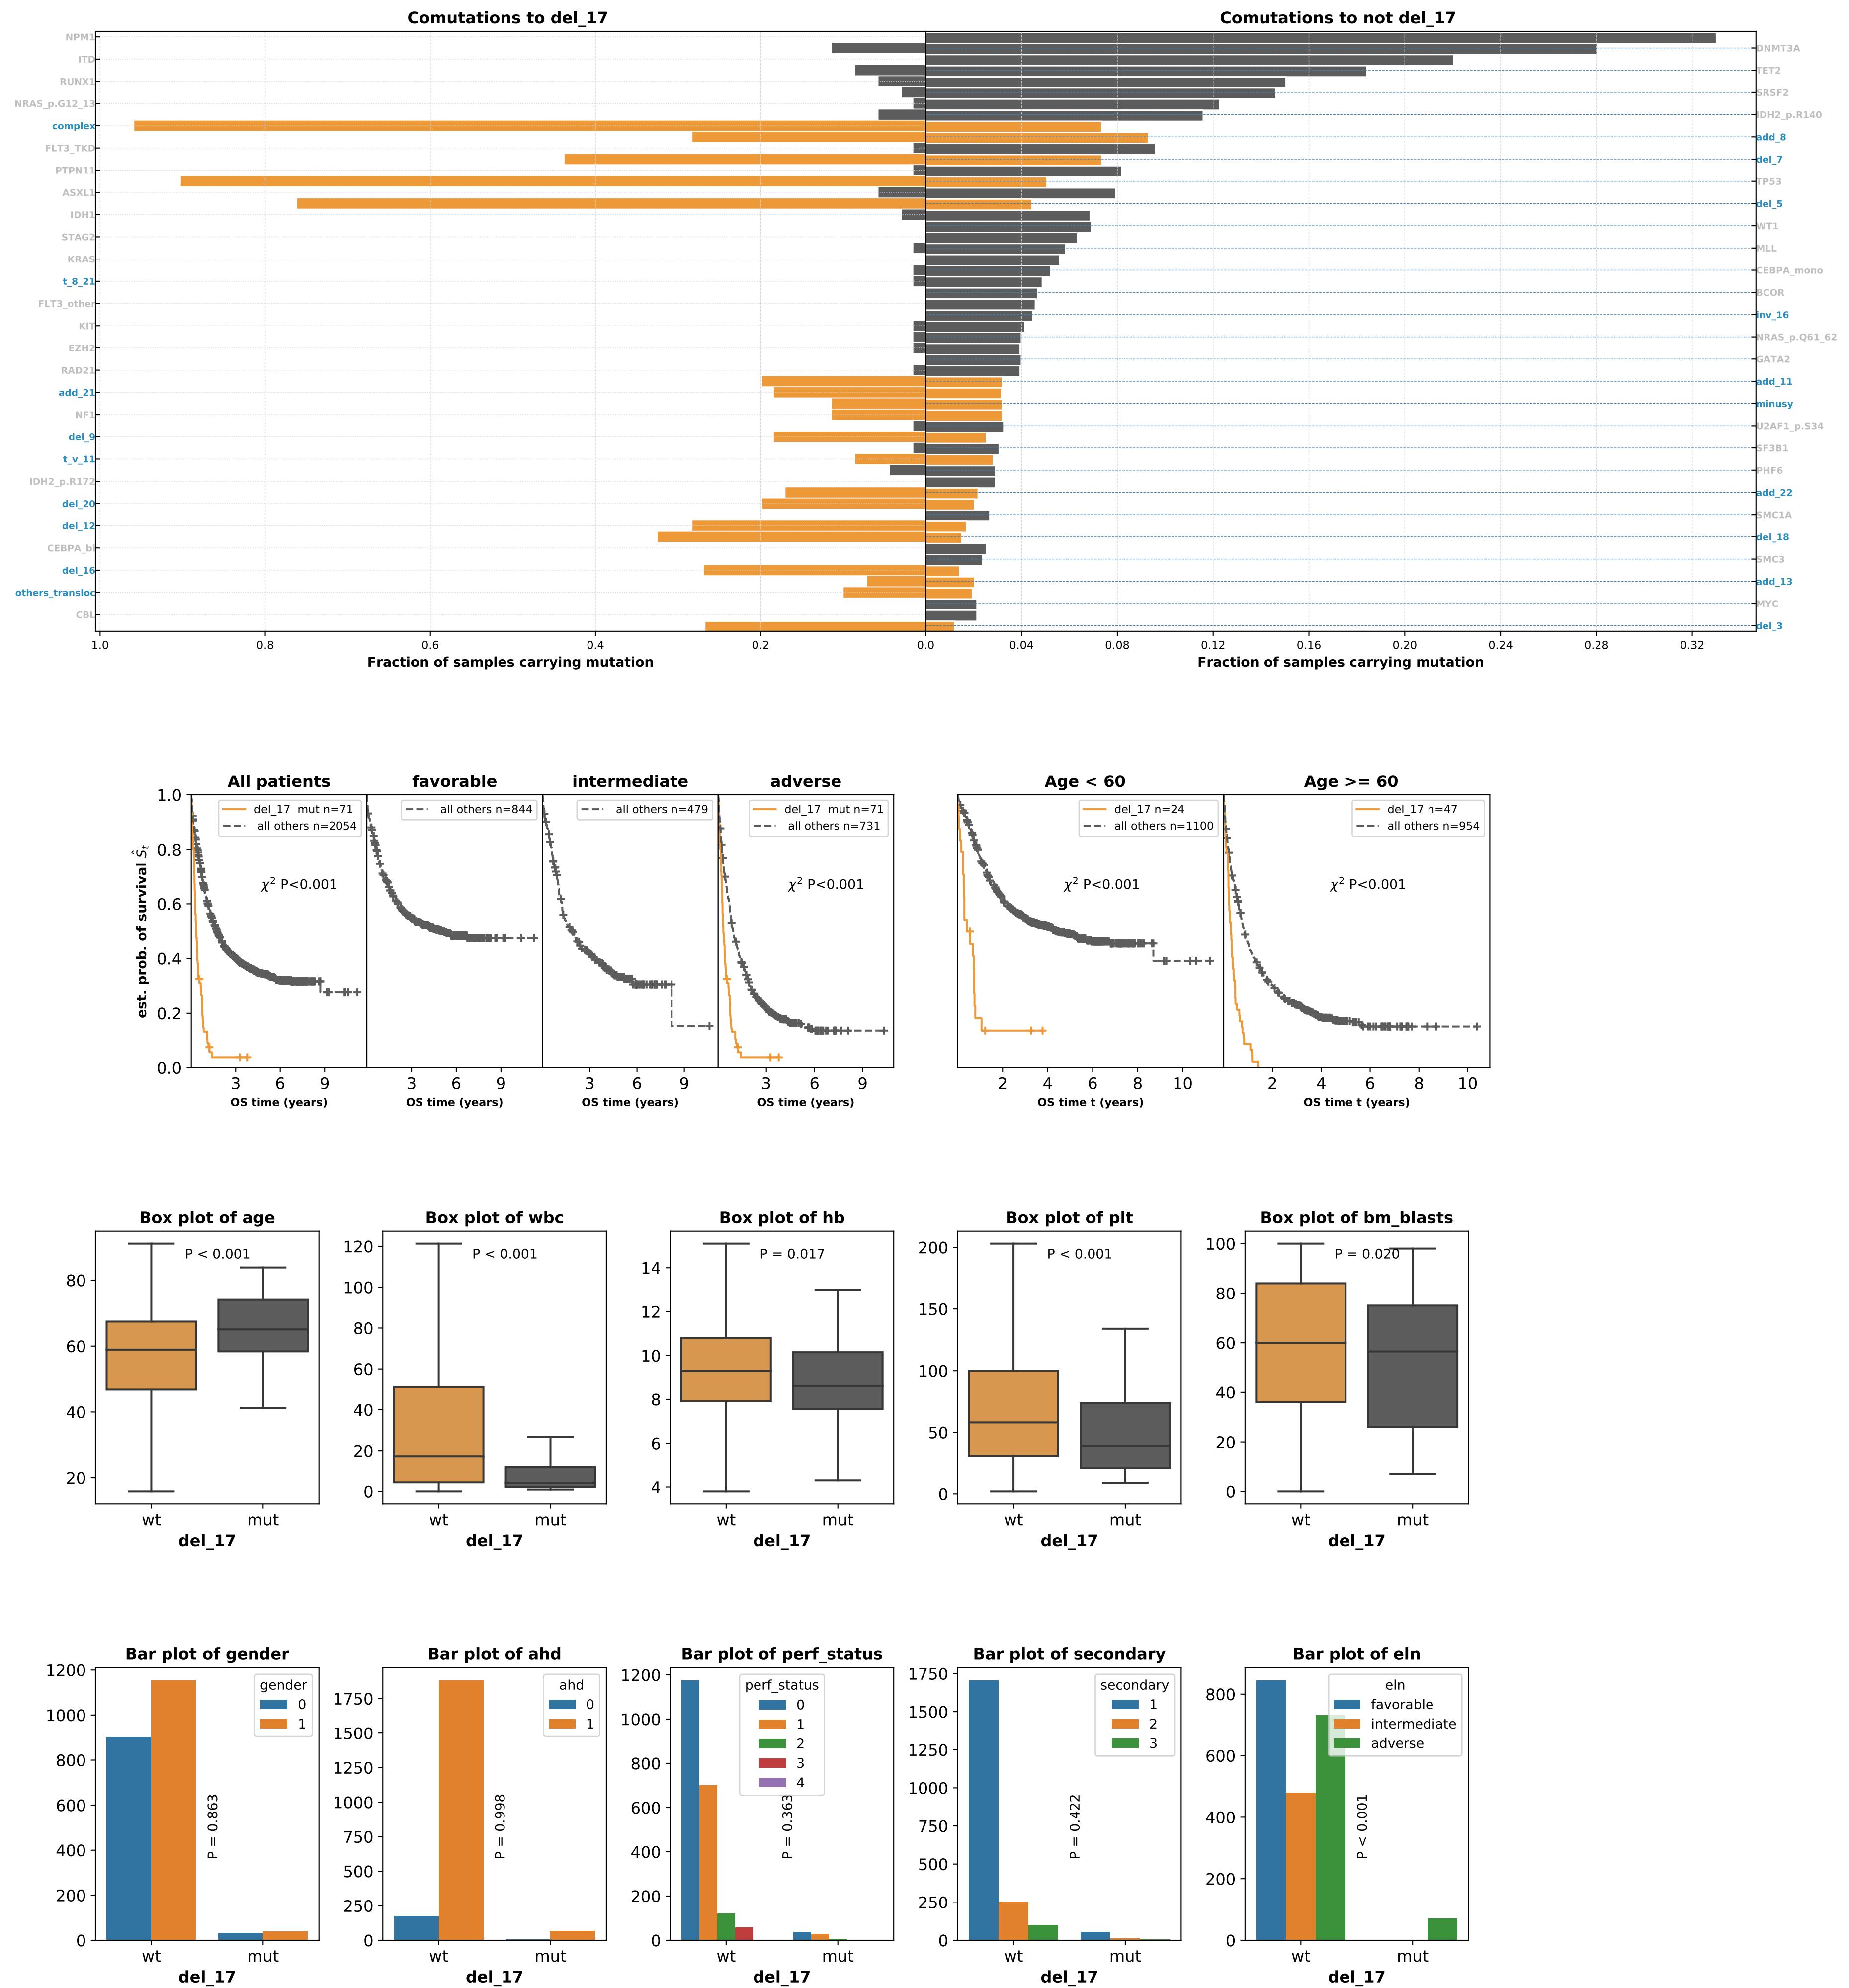

Table of classification, barplot of comutations, KM curves , box plots and bar plots for STAG2 mutation

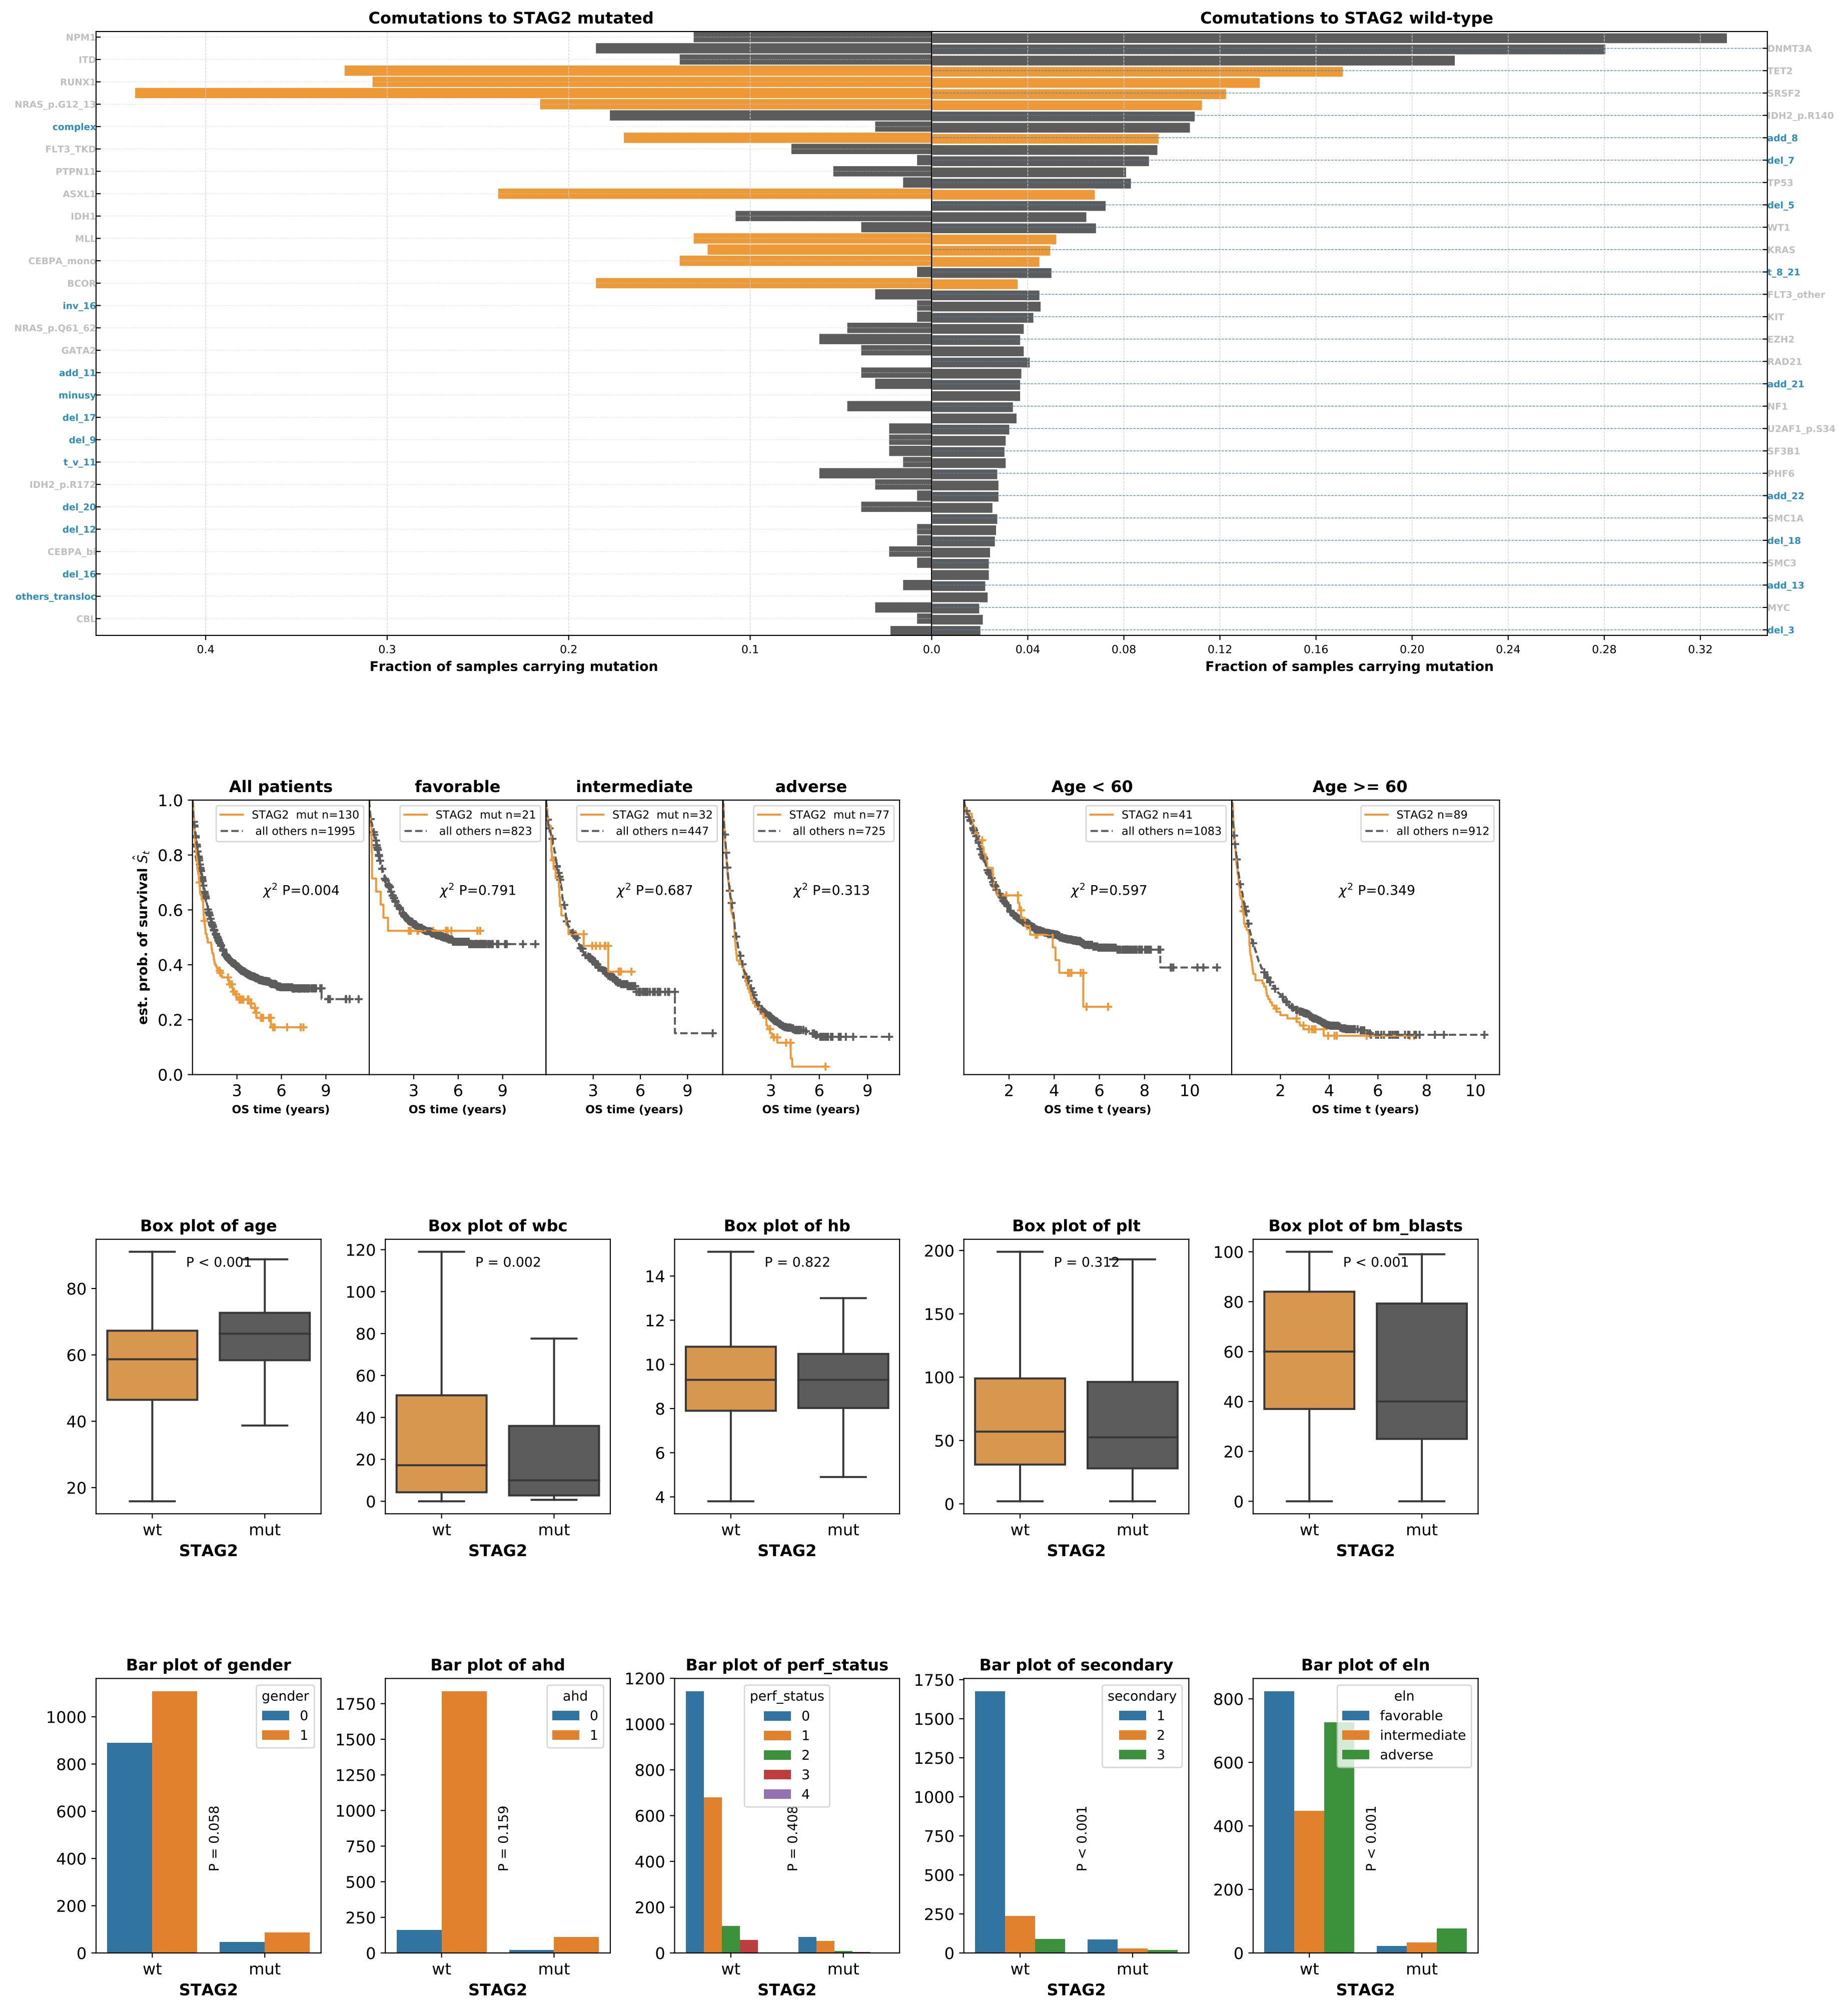

Table of classification, barplot of comutations, KM curves , box plots and bar plots for RAD21 mutation

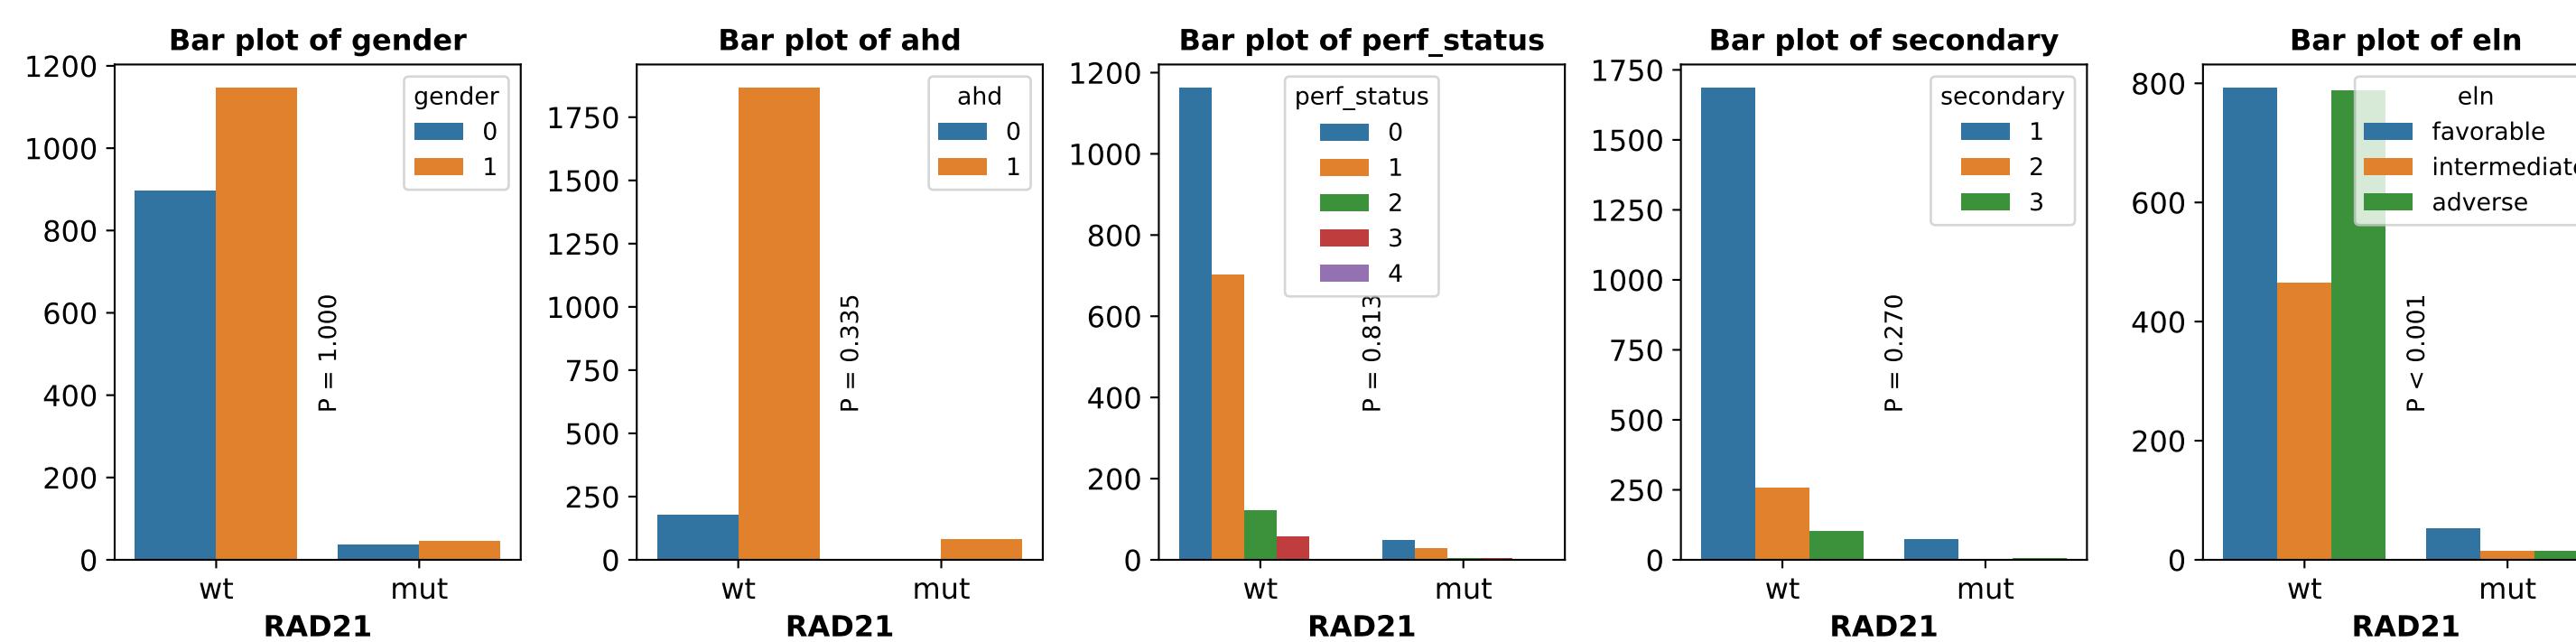

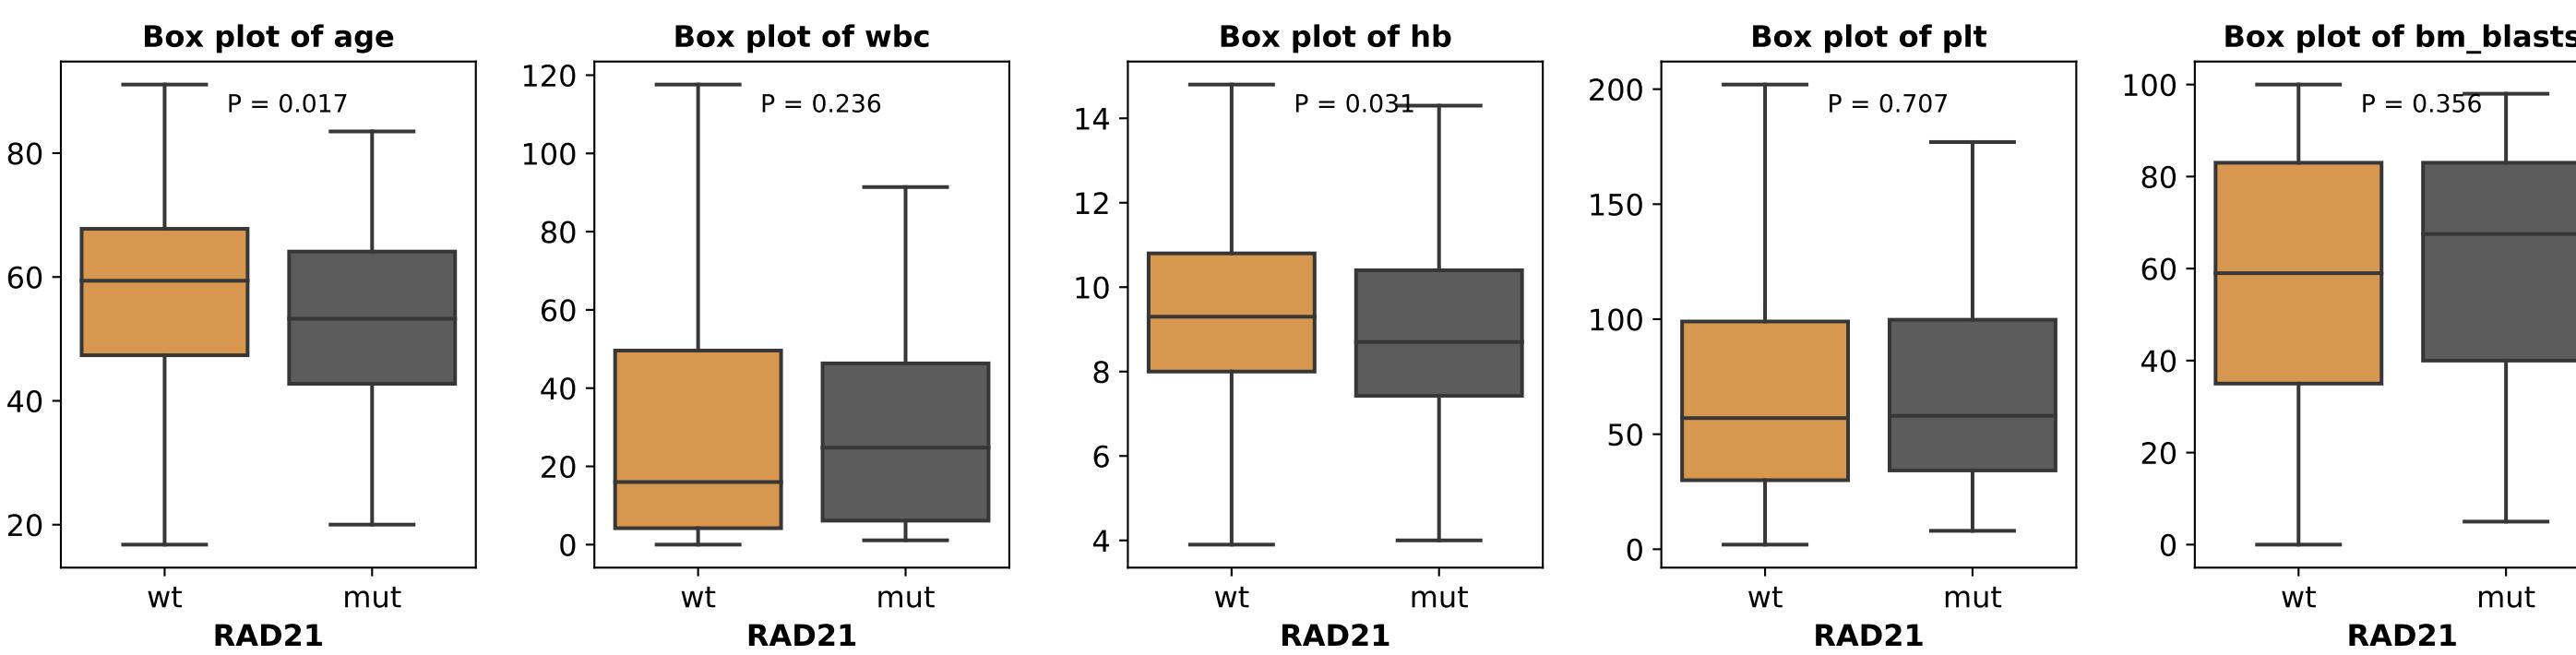

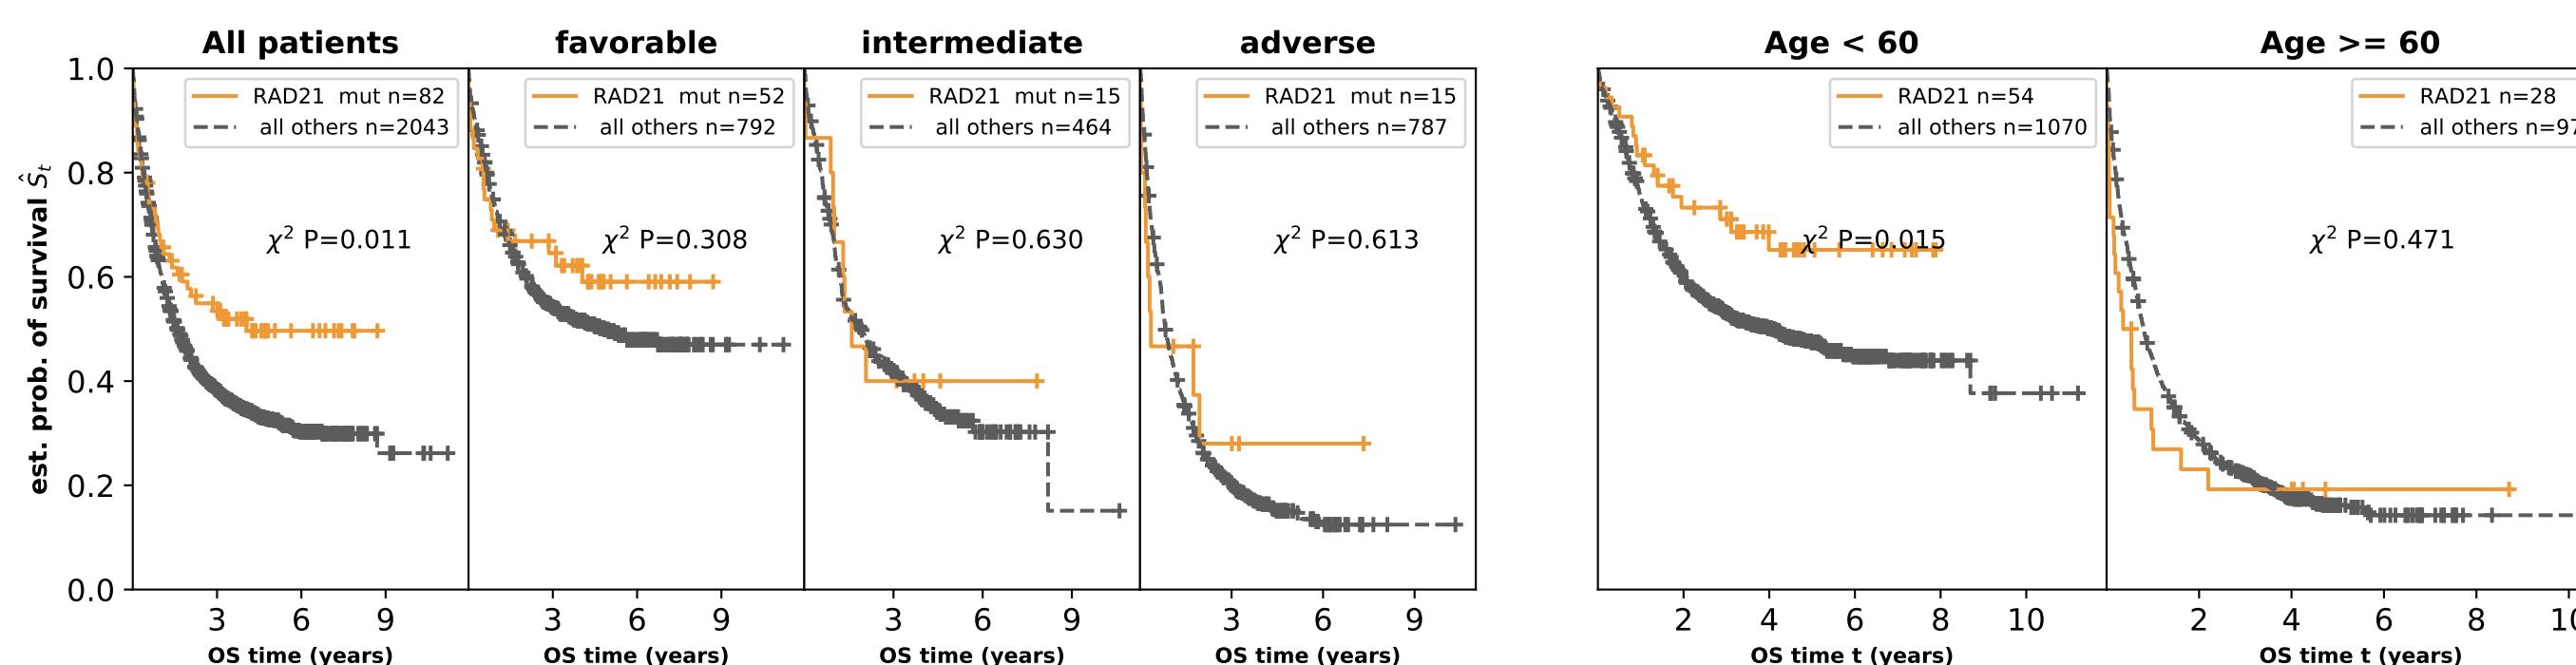

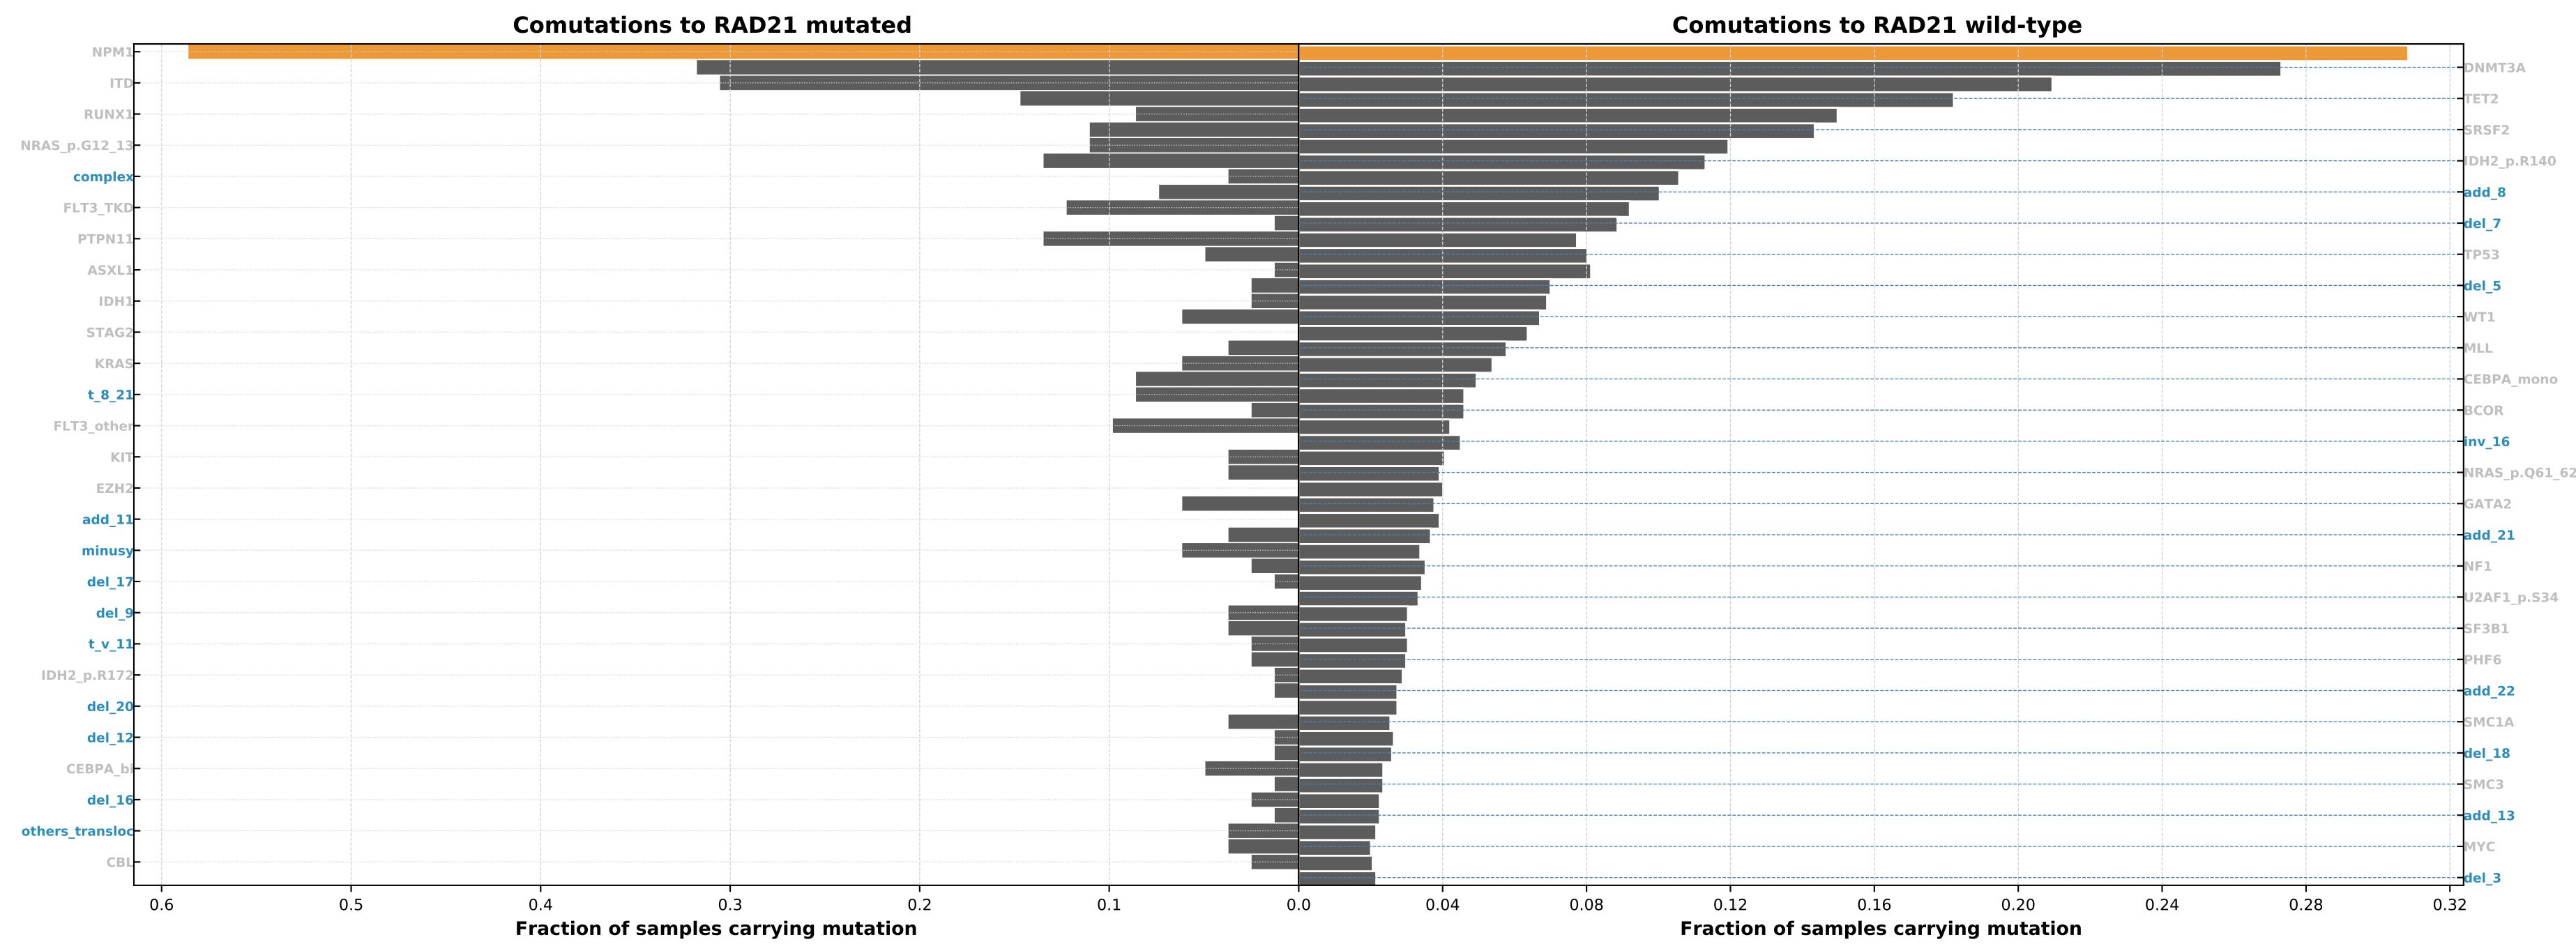

Table of classification, barplot of comutations, KM curves , box plots and bar plots for t_8_21

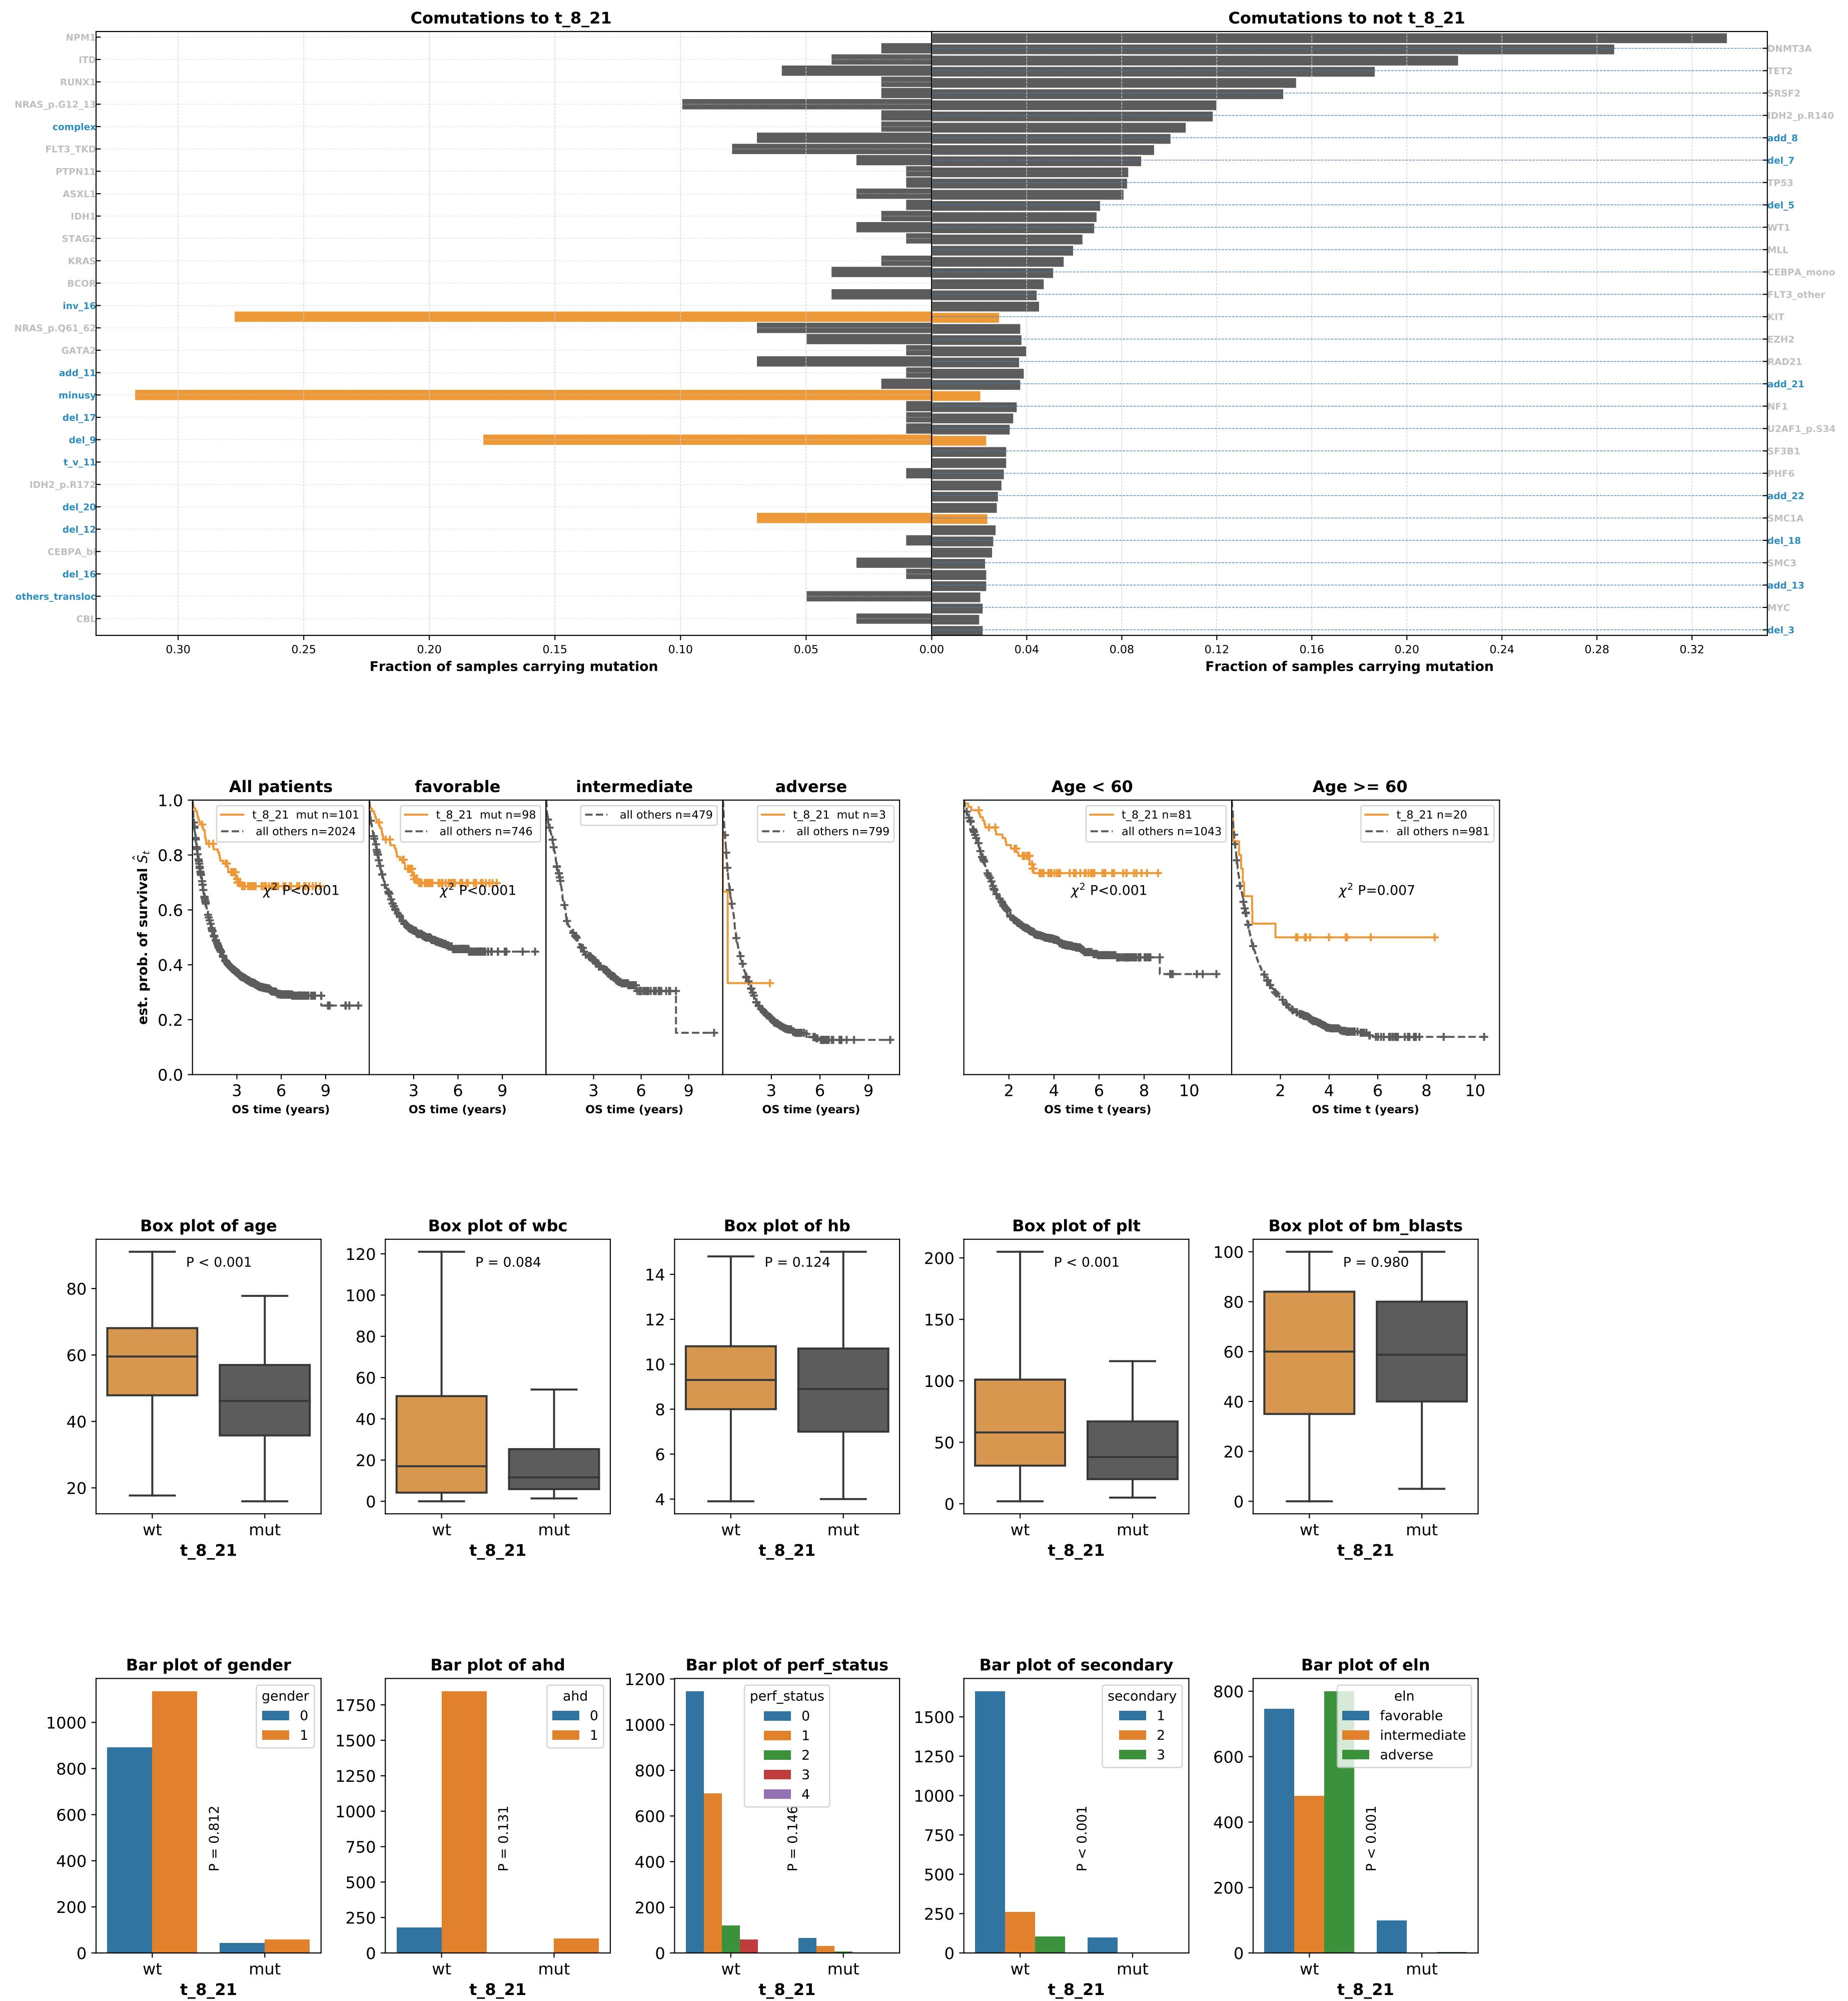

Table of classification, barplot of comutations, KM curves , box plots and bar plots for complex

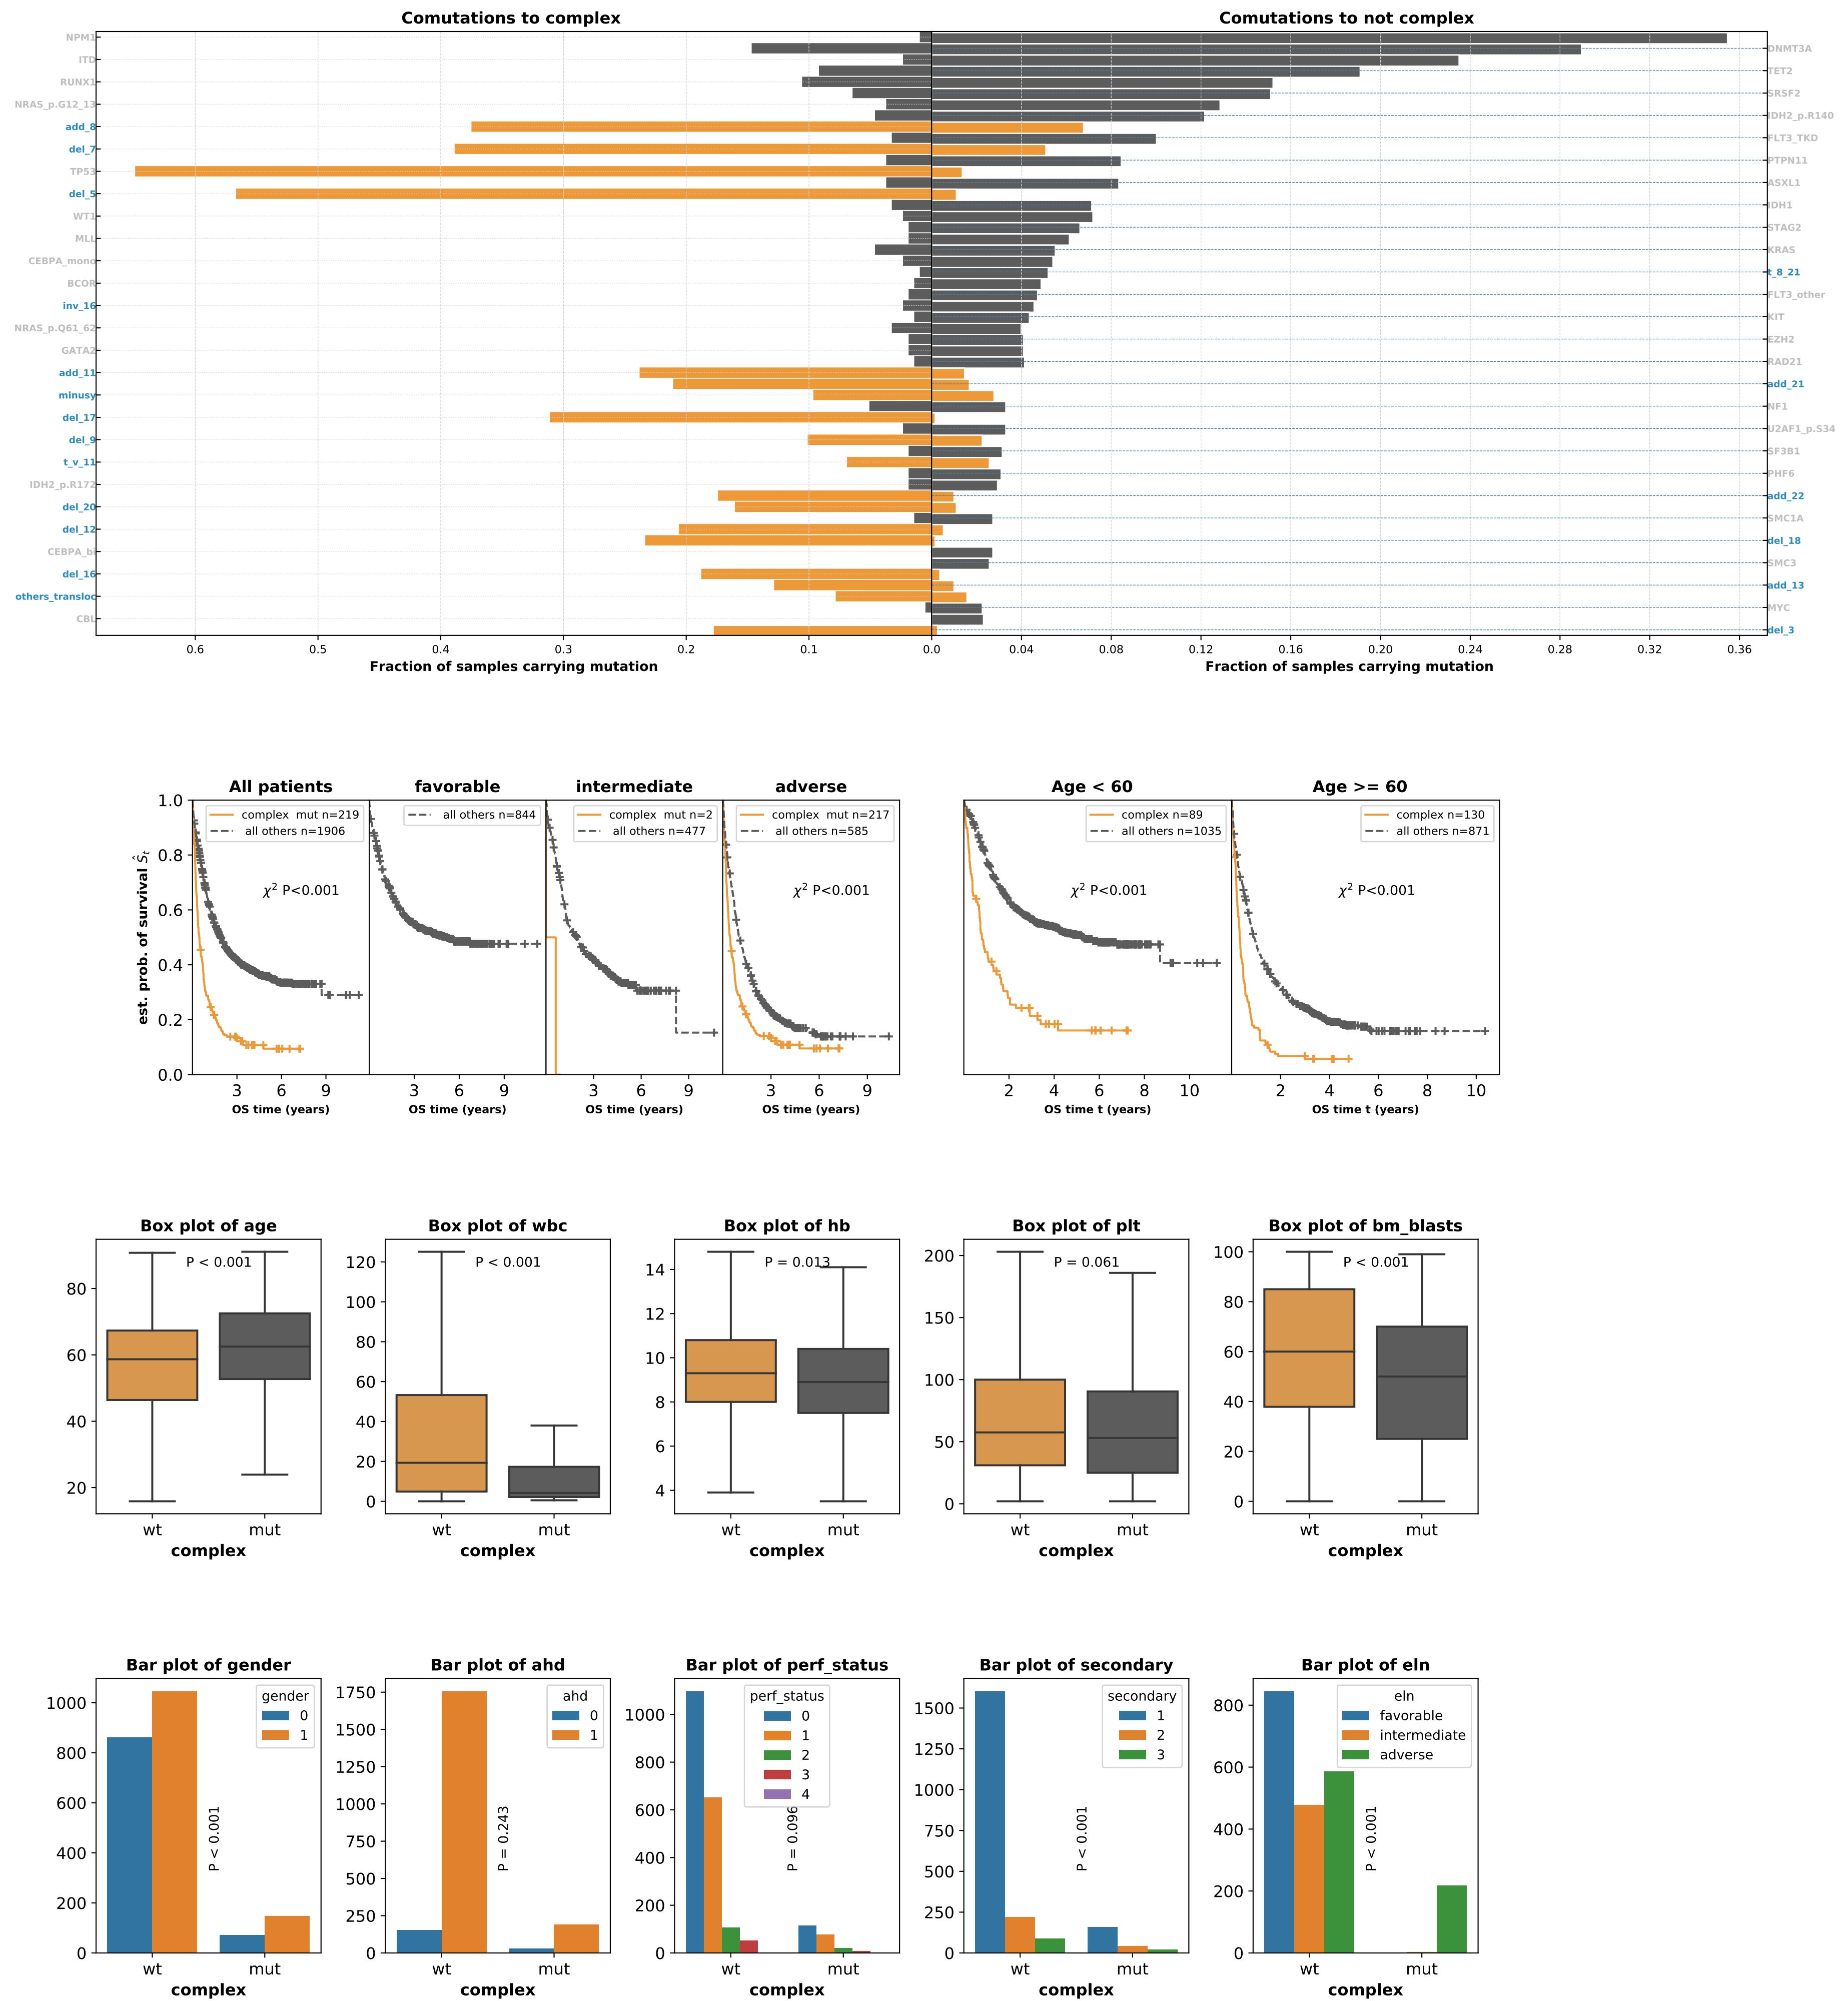

Table of classification, barplot of mutations, KM curves , box plots and bar plots for GATA2 mutation

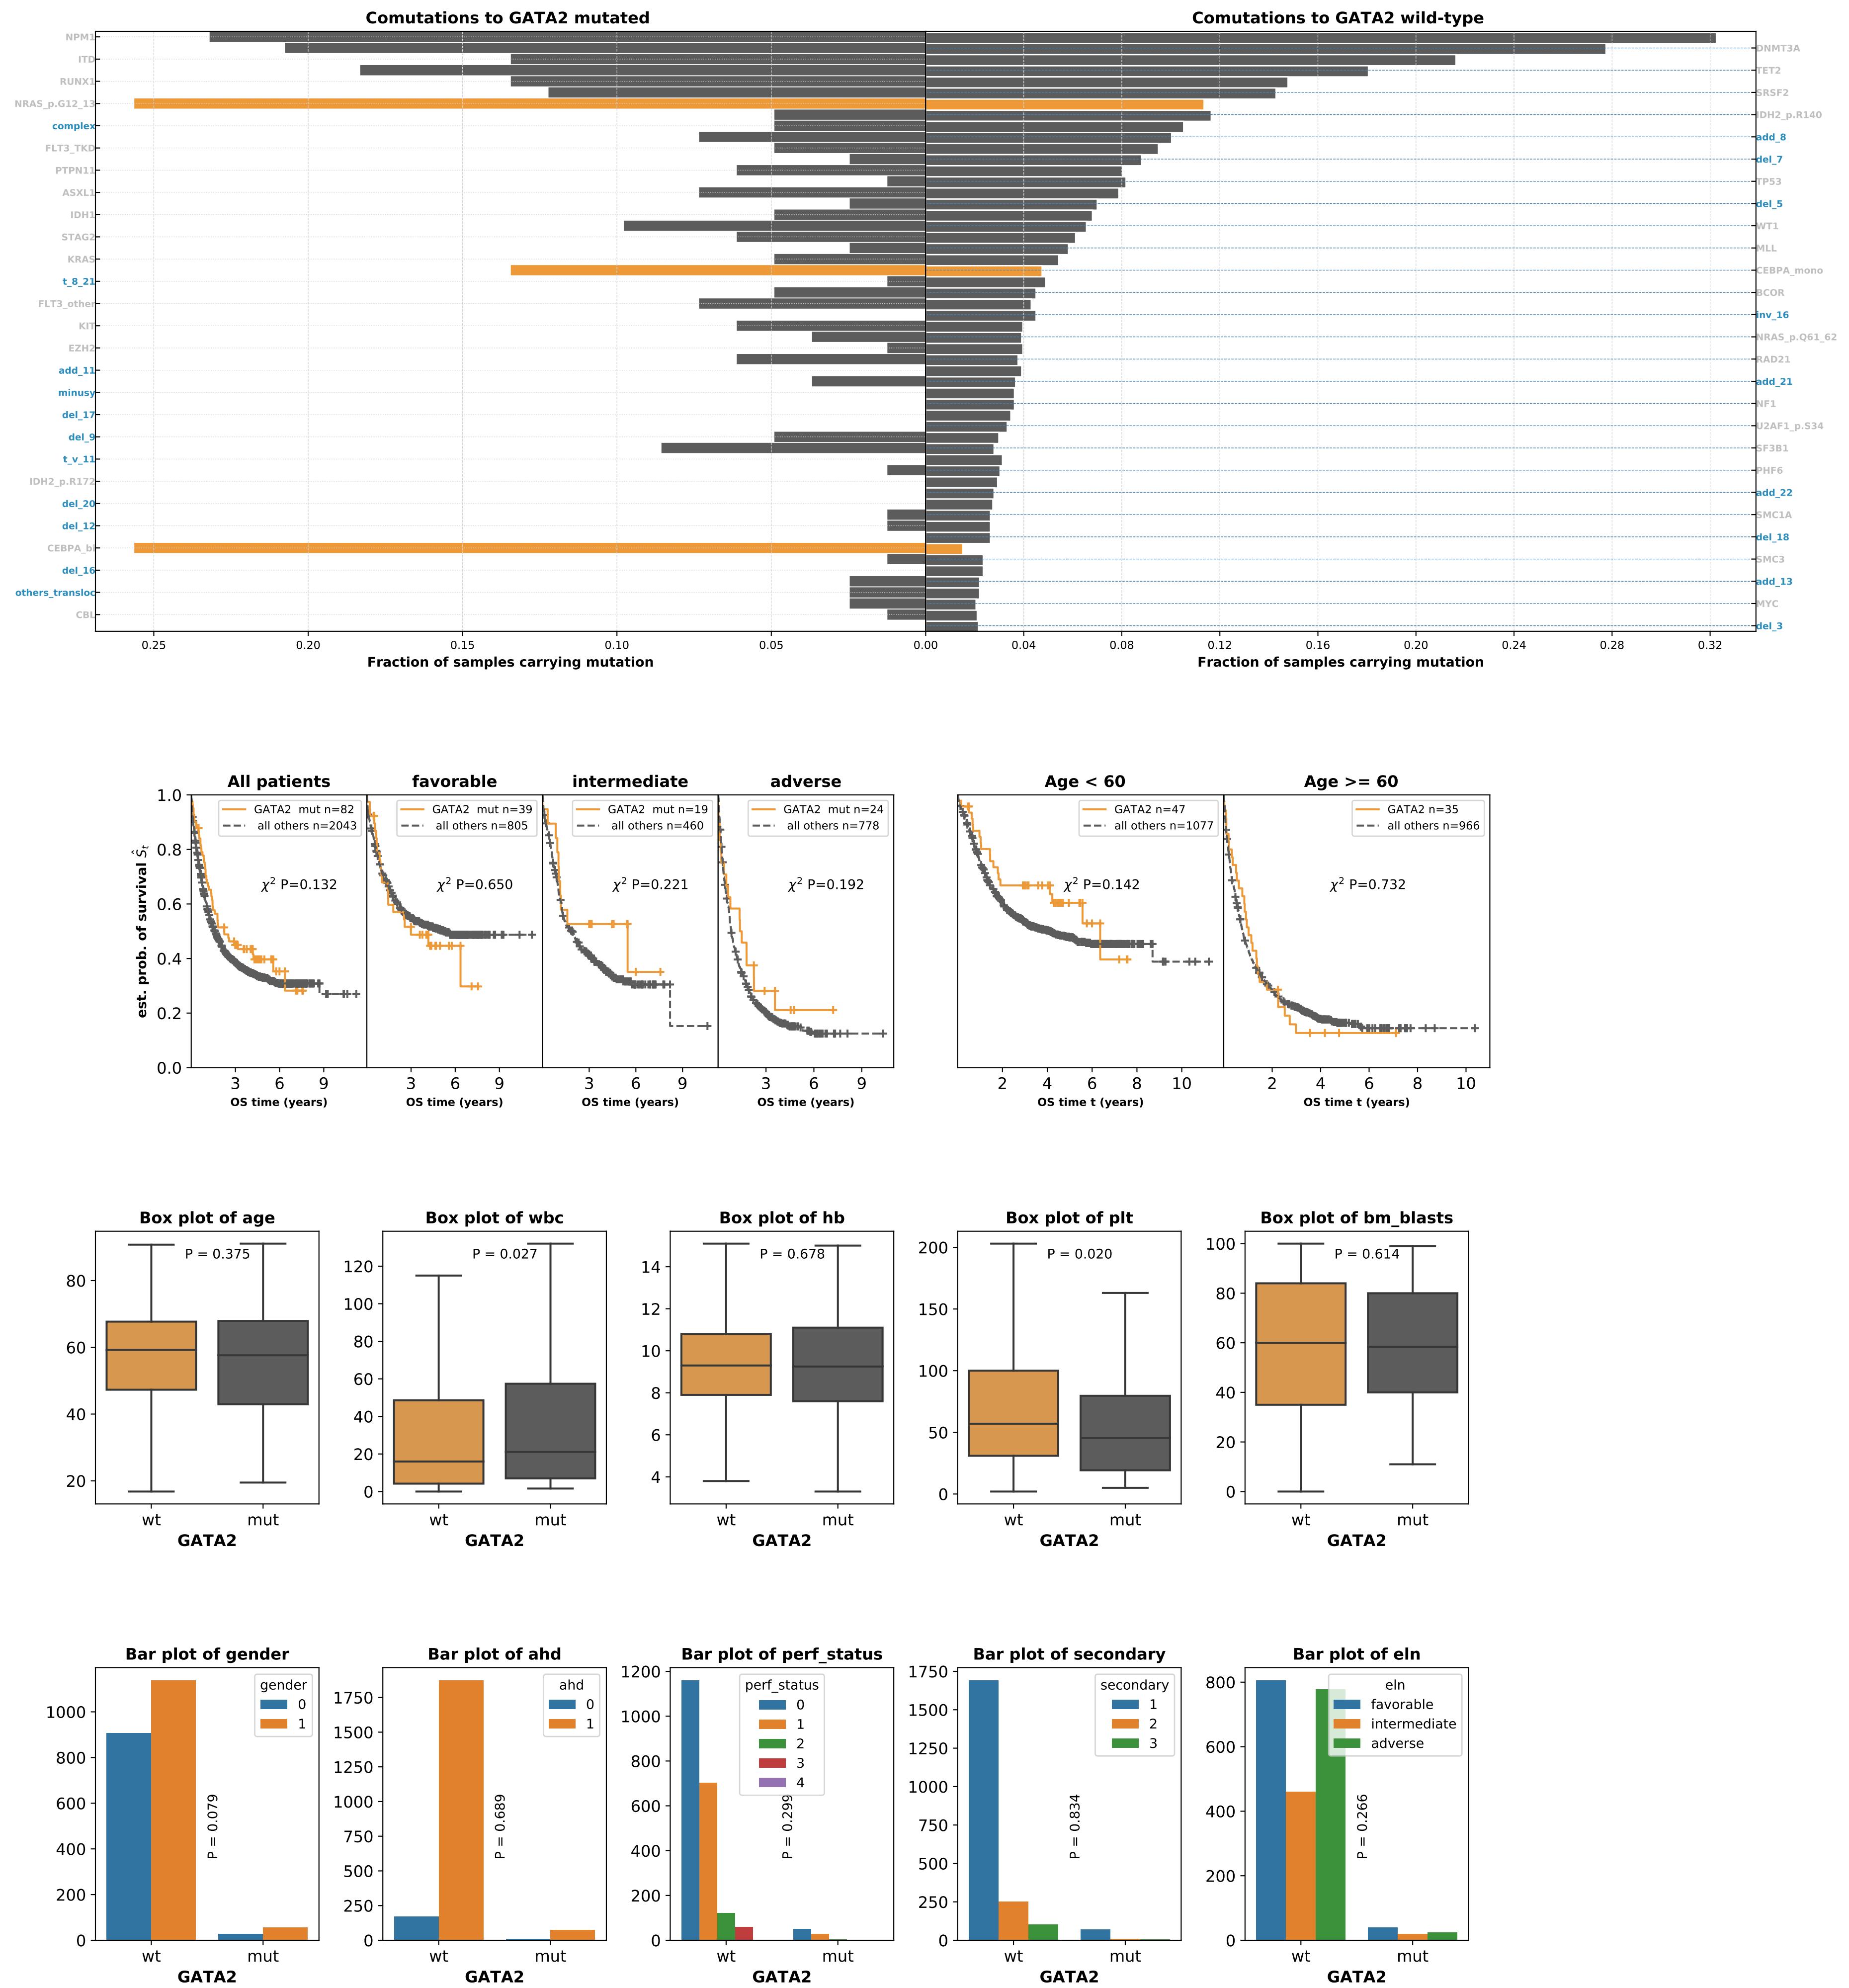

Table of classification, barplot of comutations, KM curves , box plots and bar plots for CBL mutation

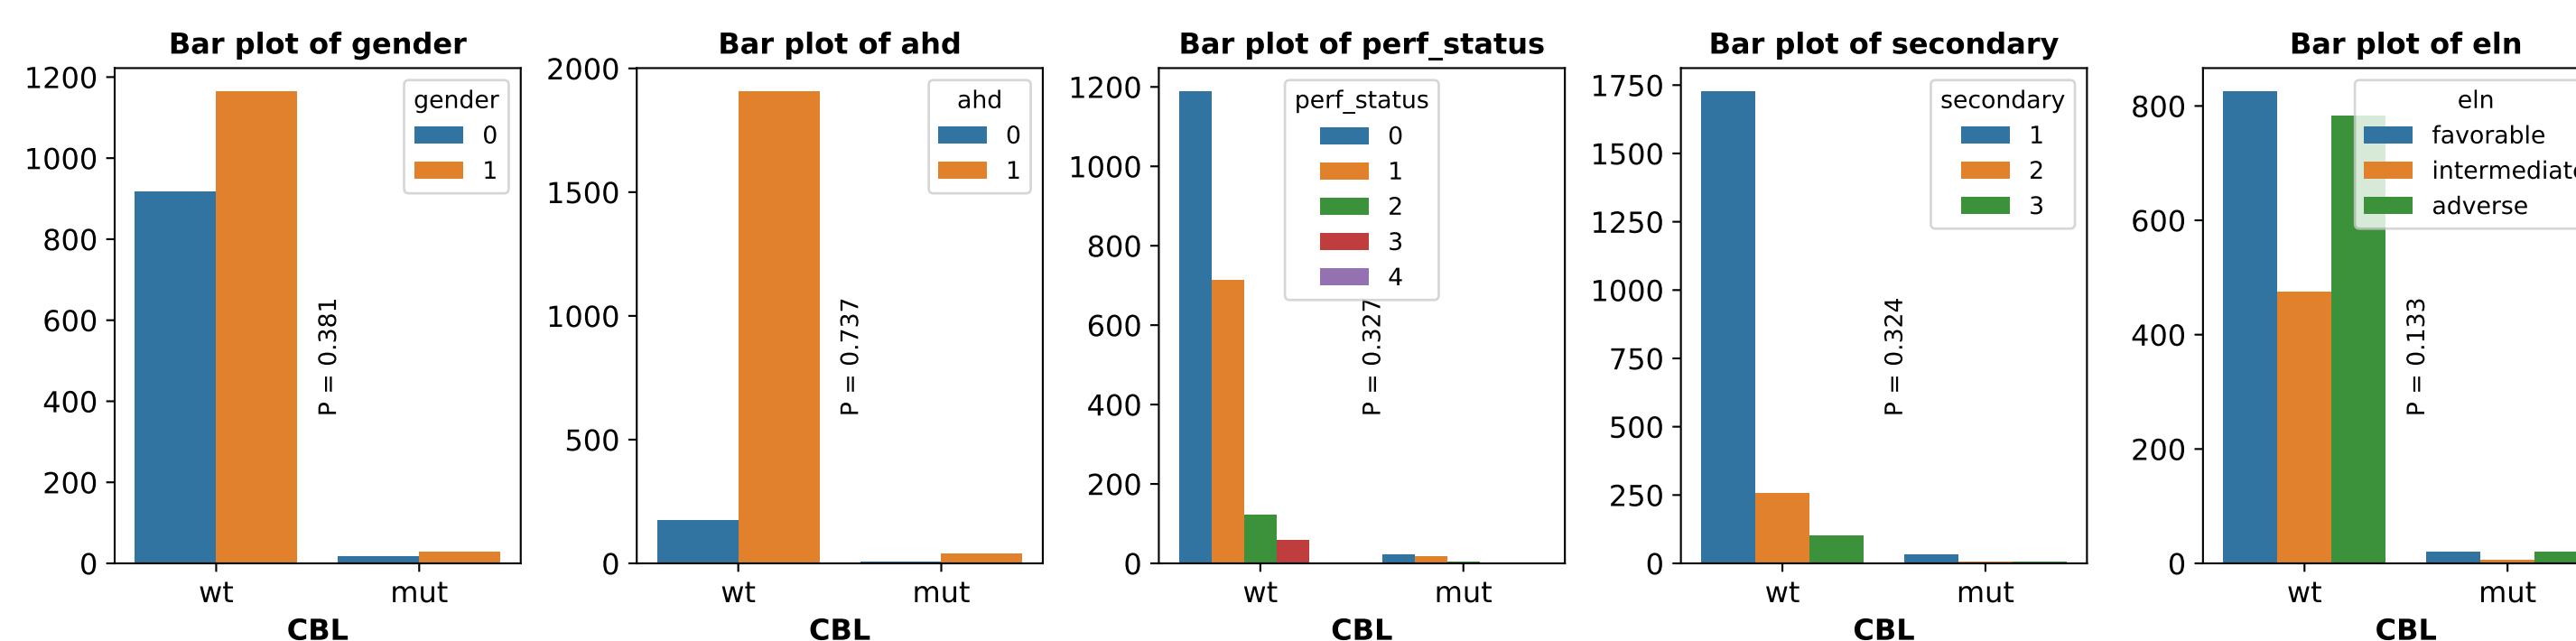

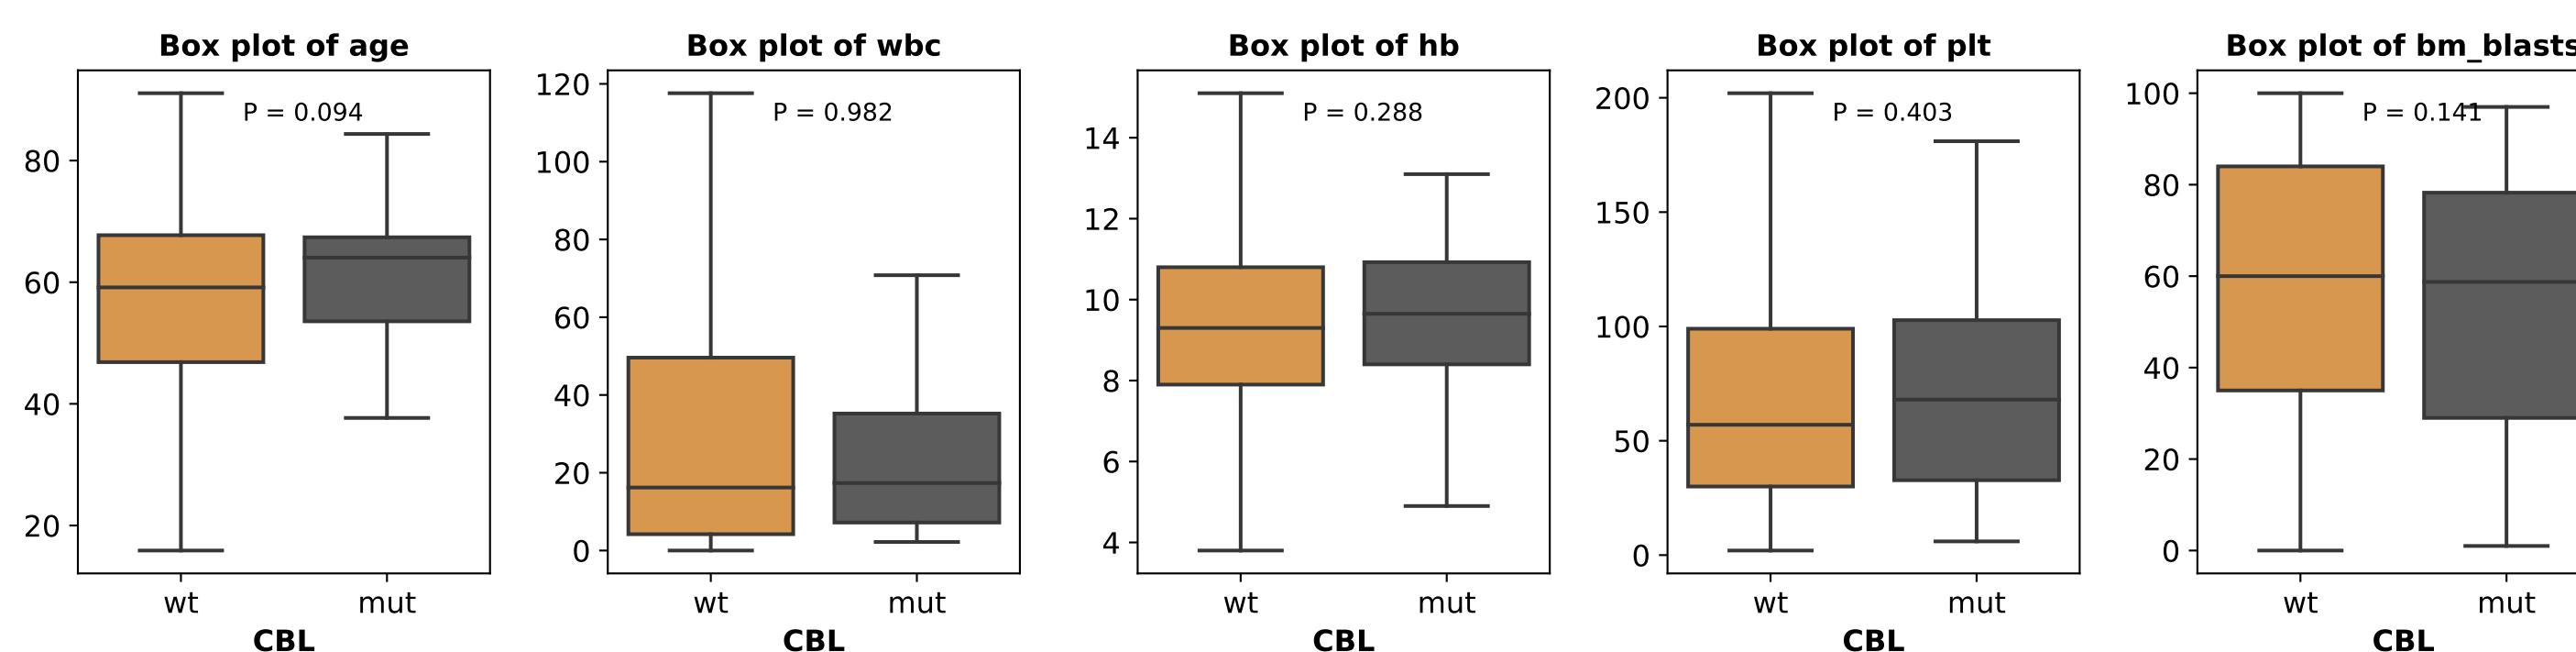

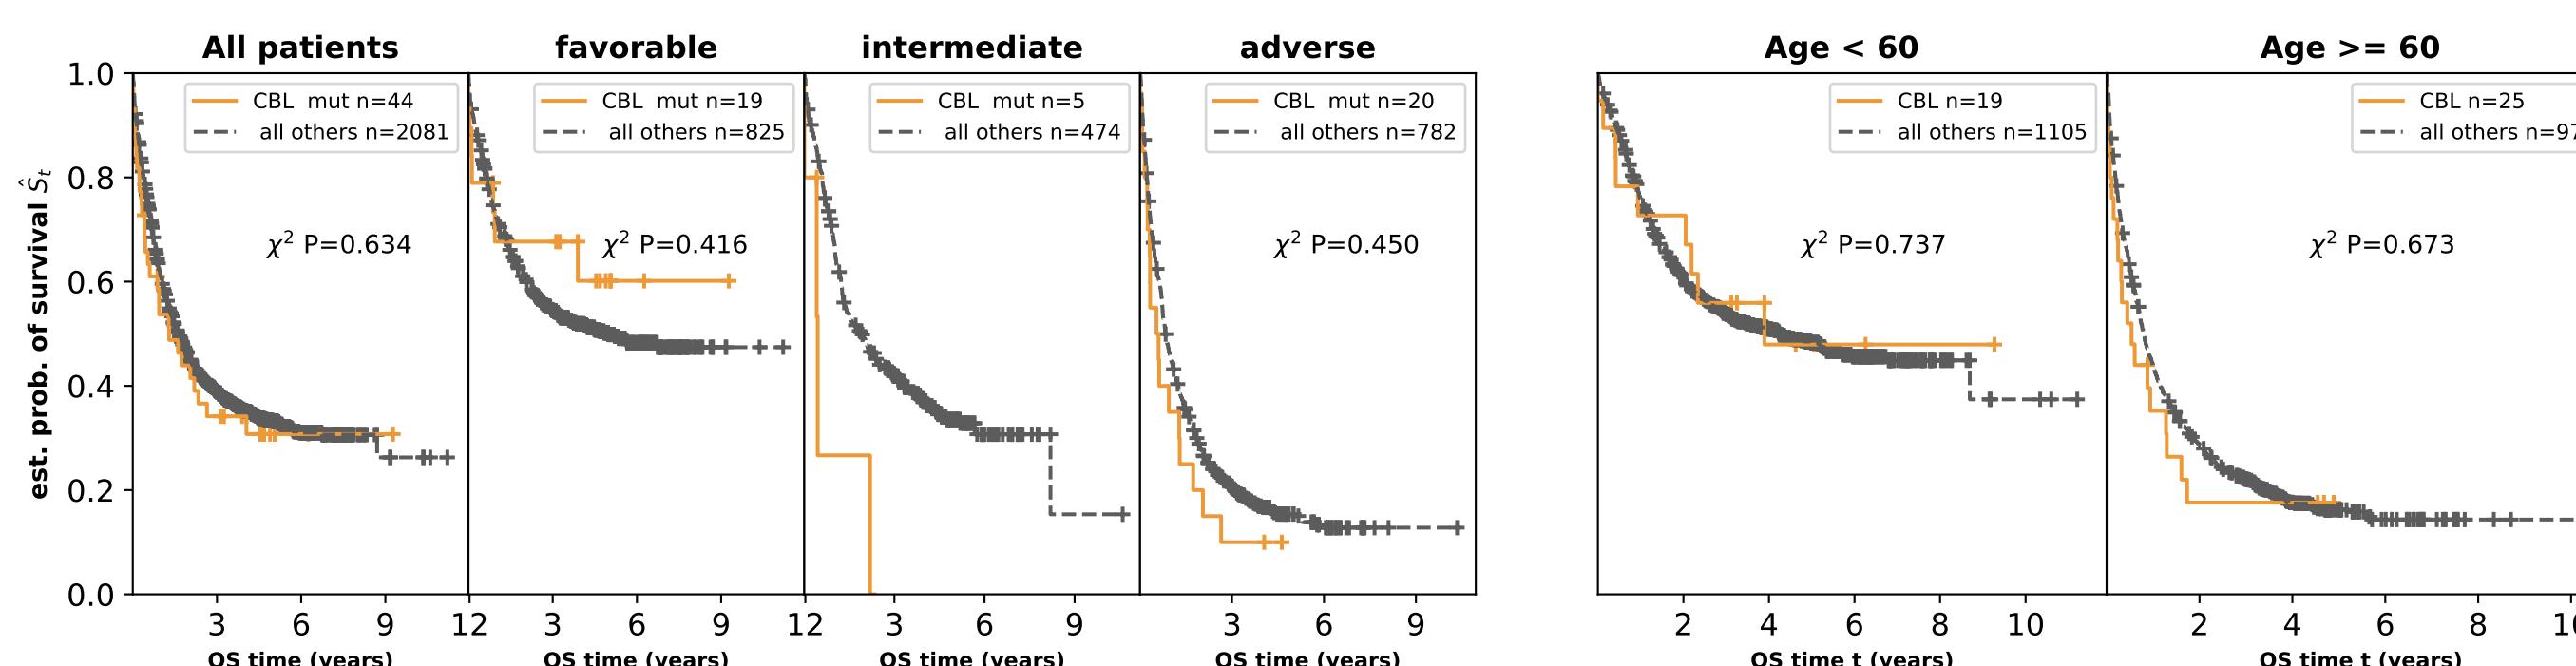

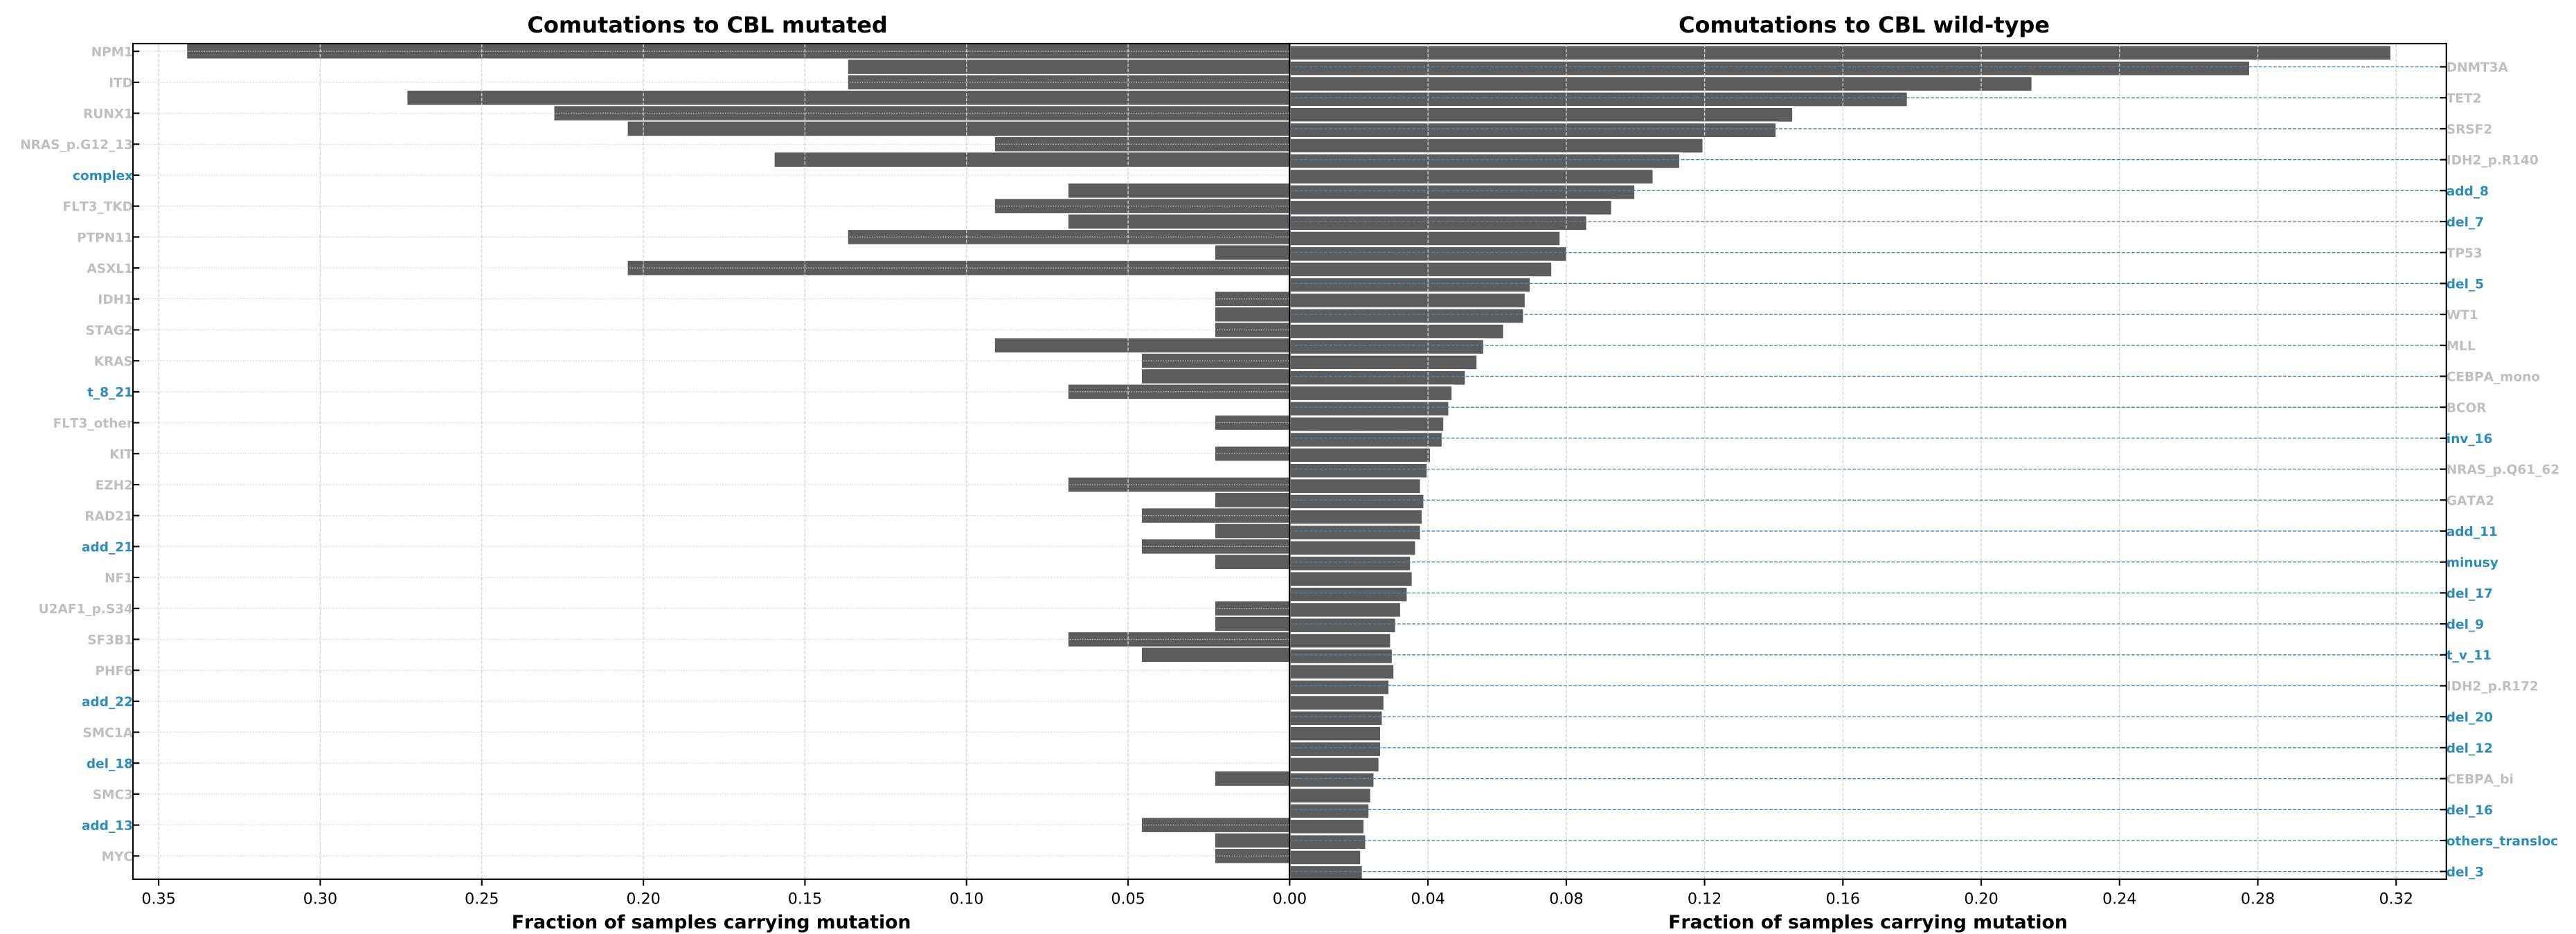

Table of classification, barplot of comutations, KM curves , box plots and bar plots for inv_16

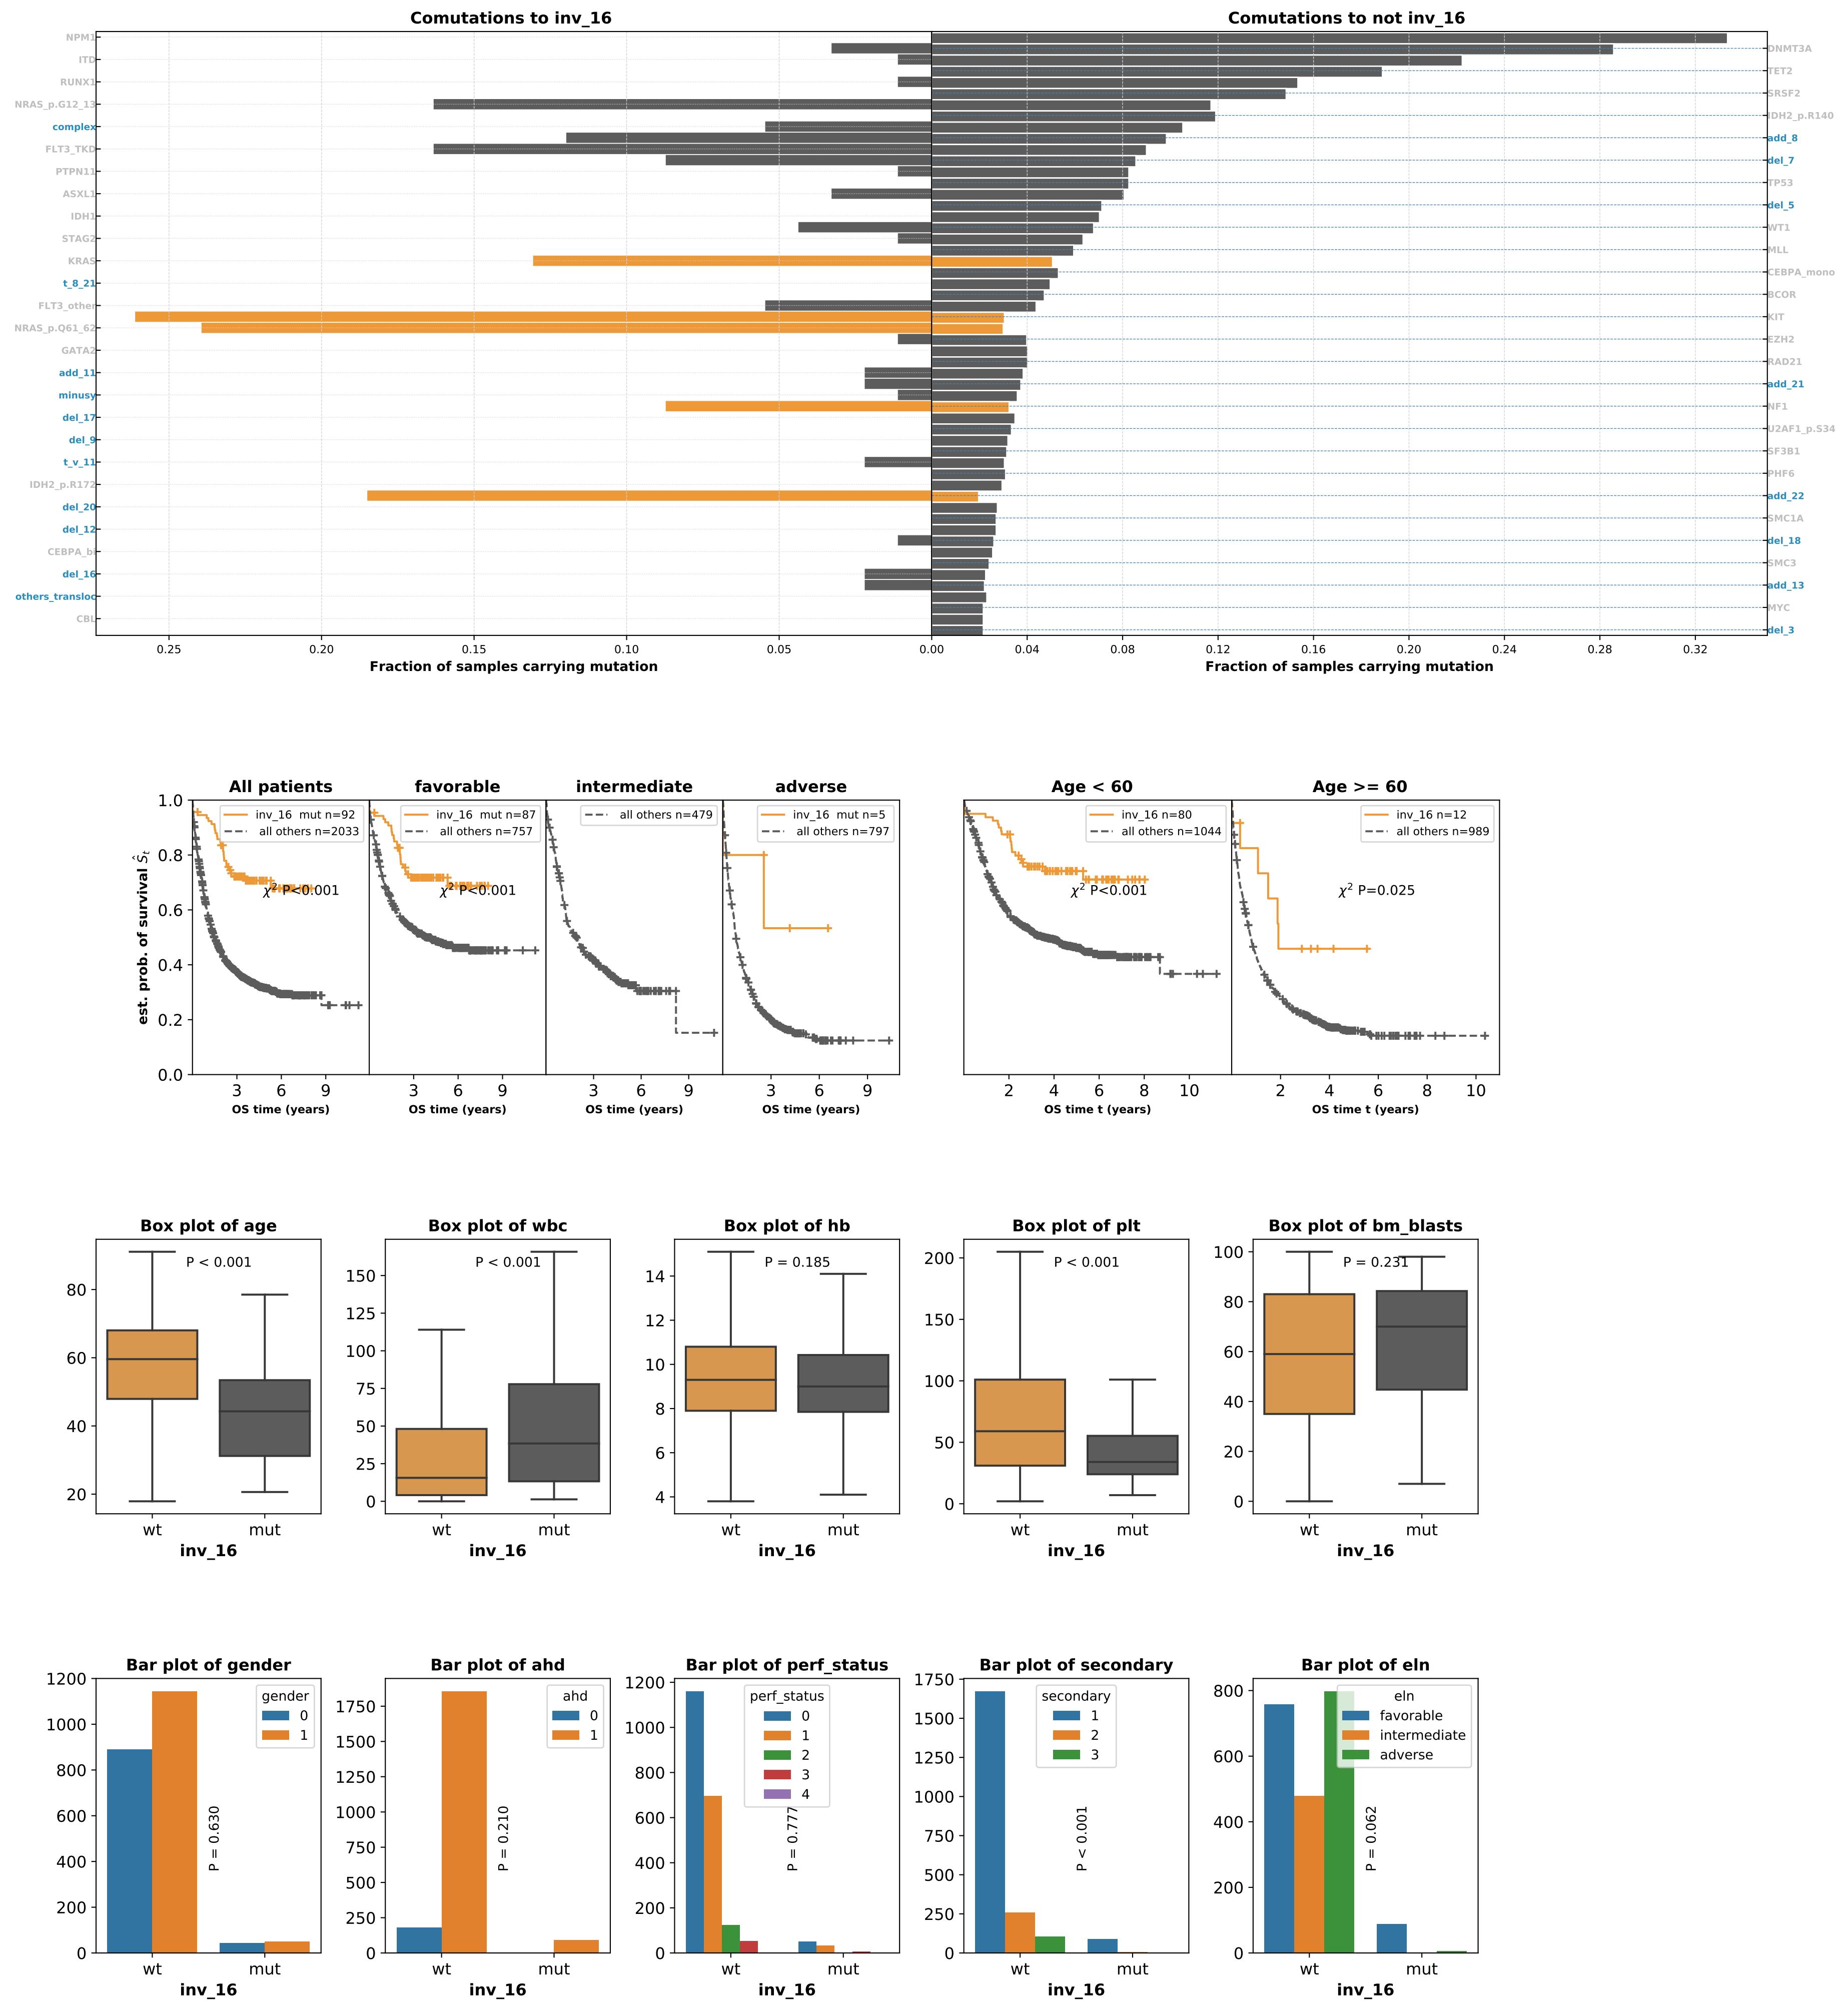

Table of classification, barplot of mutations, KM curves , box plots and bar plots for TP53 mutation

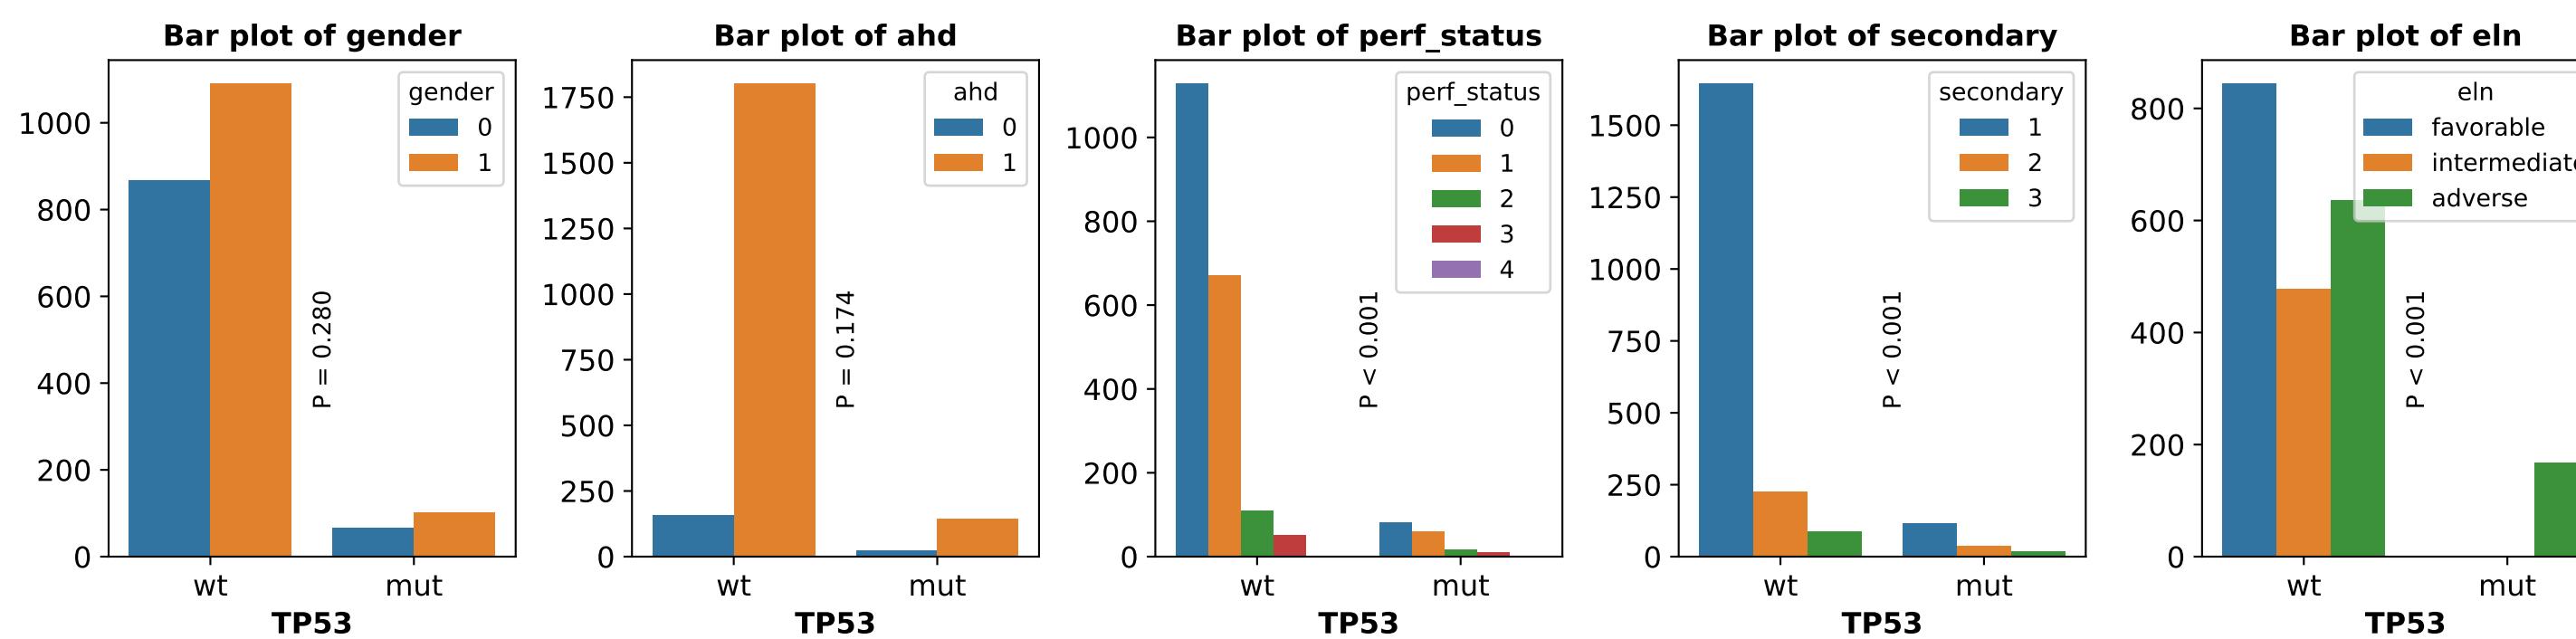

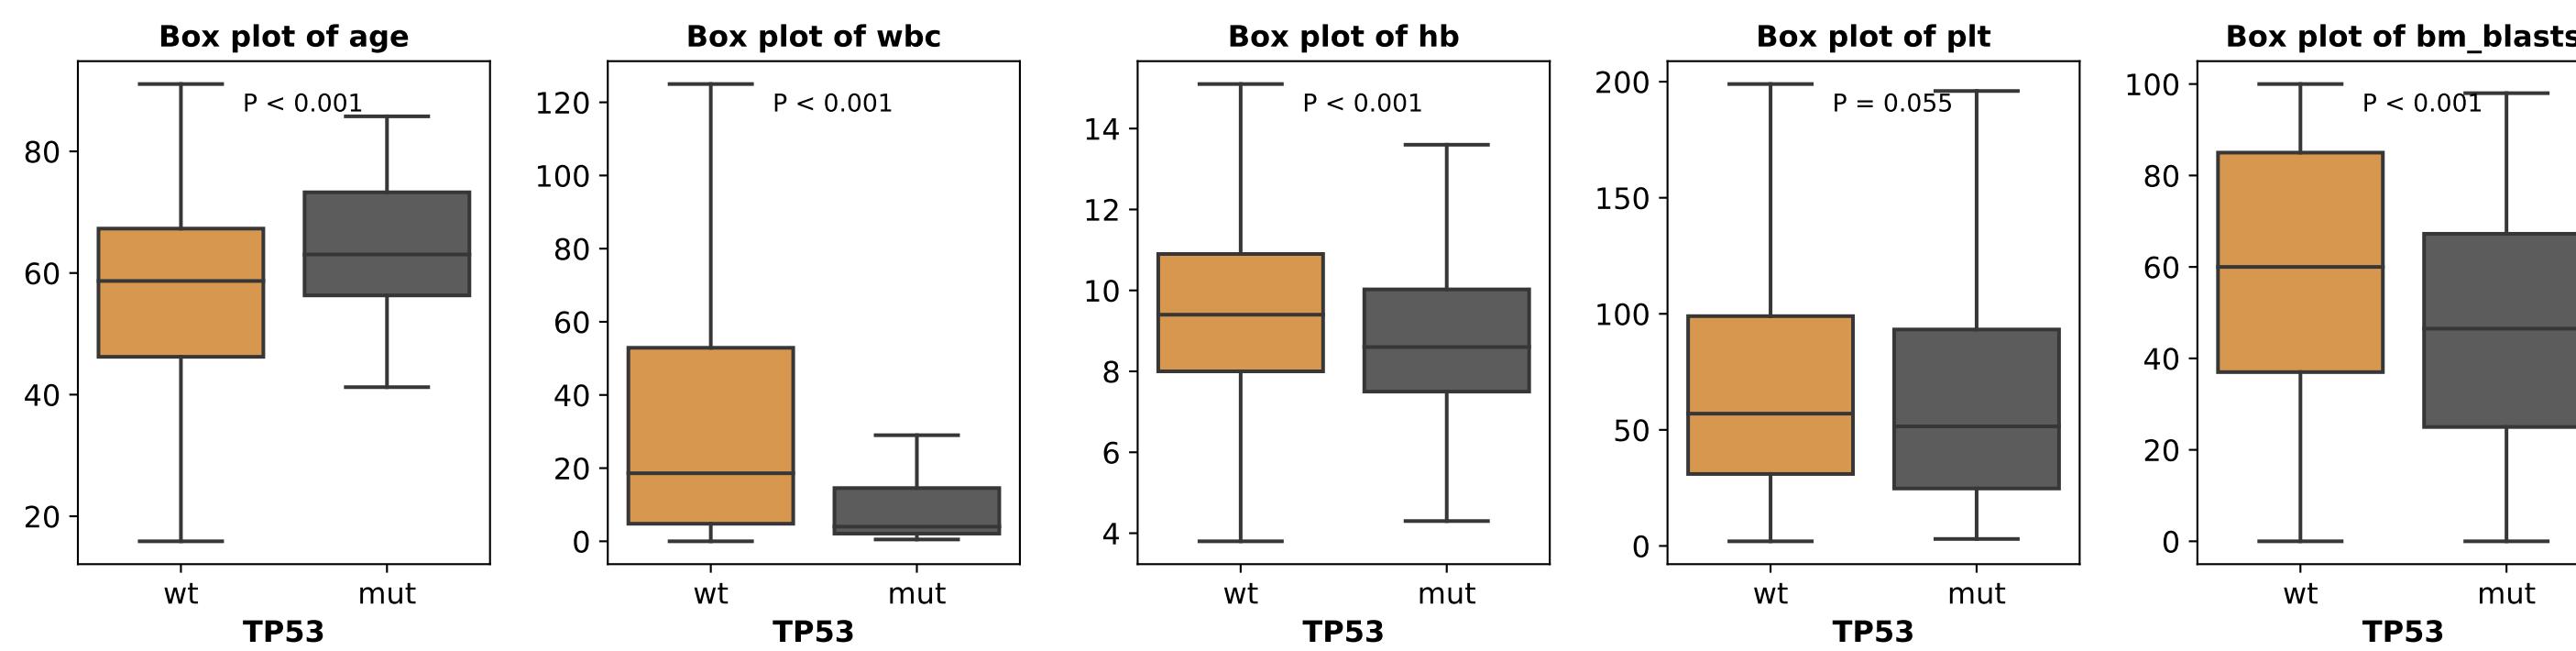

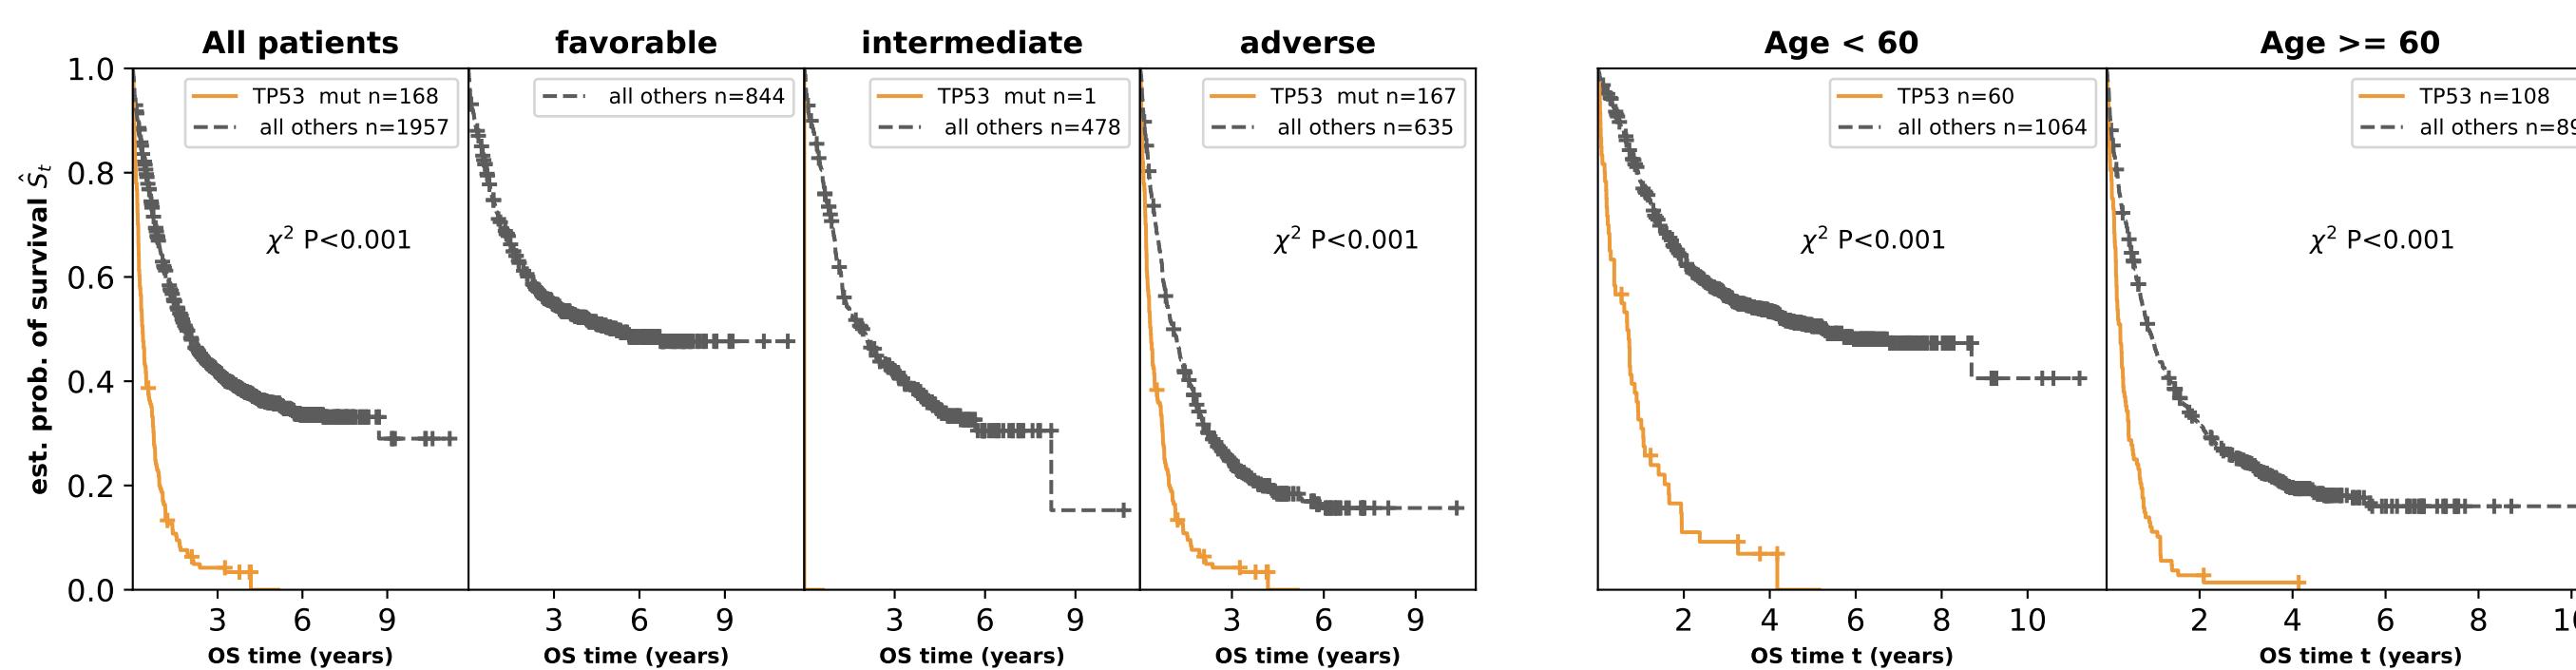

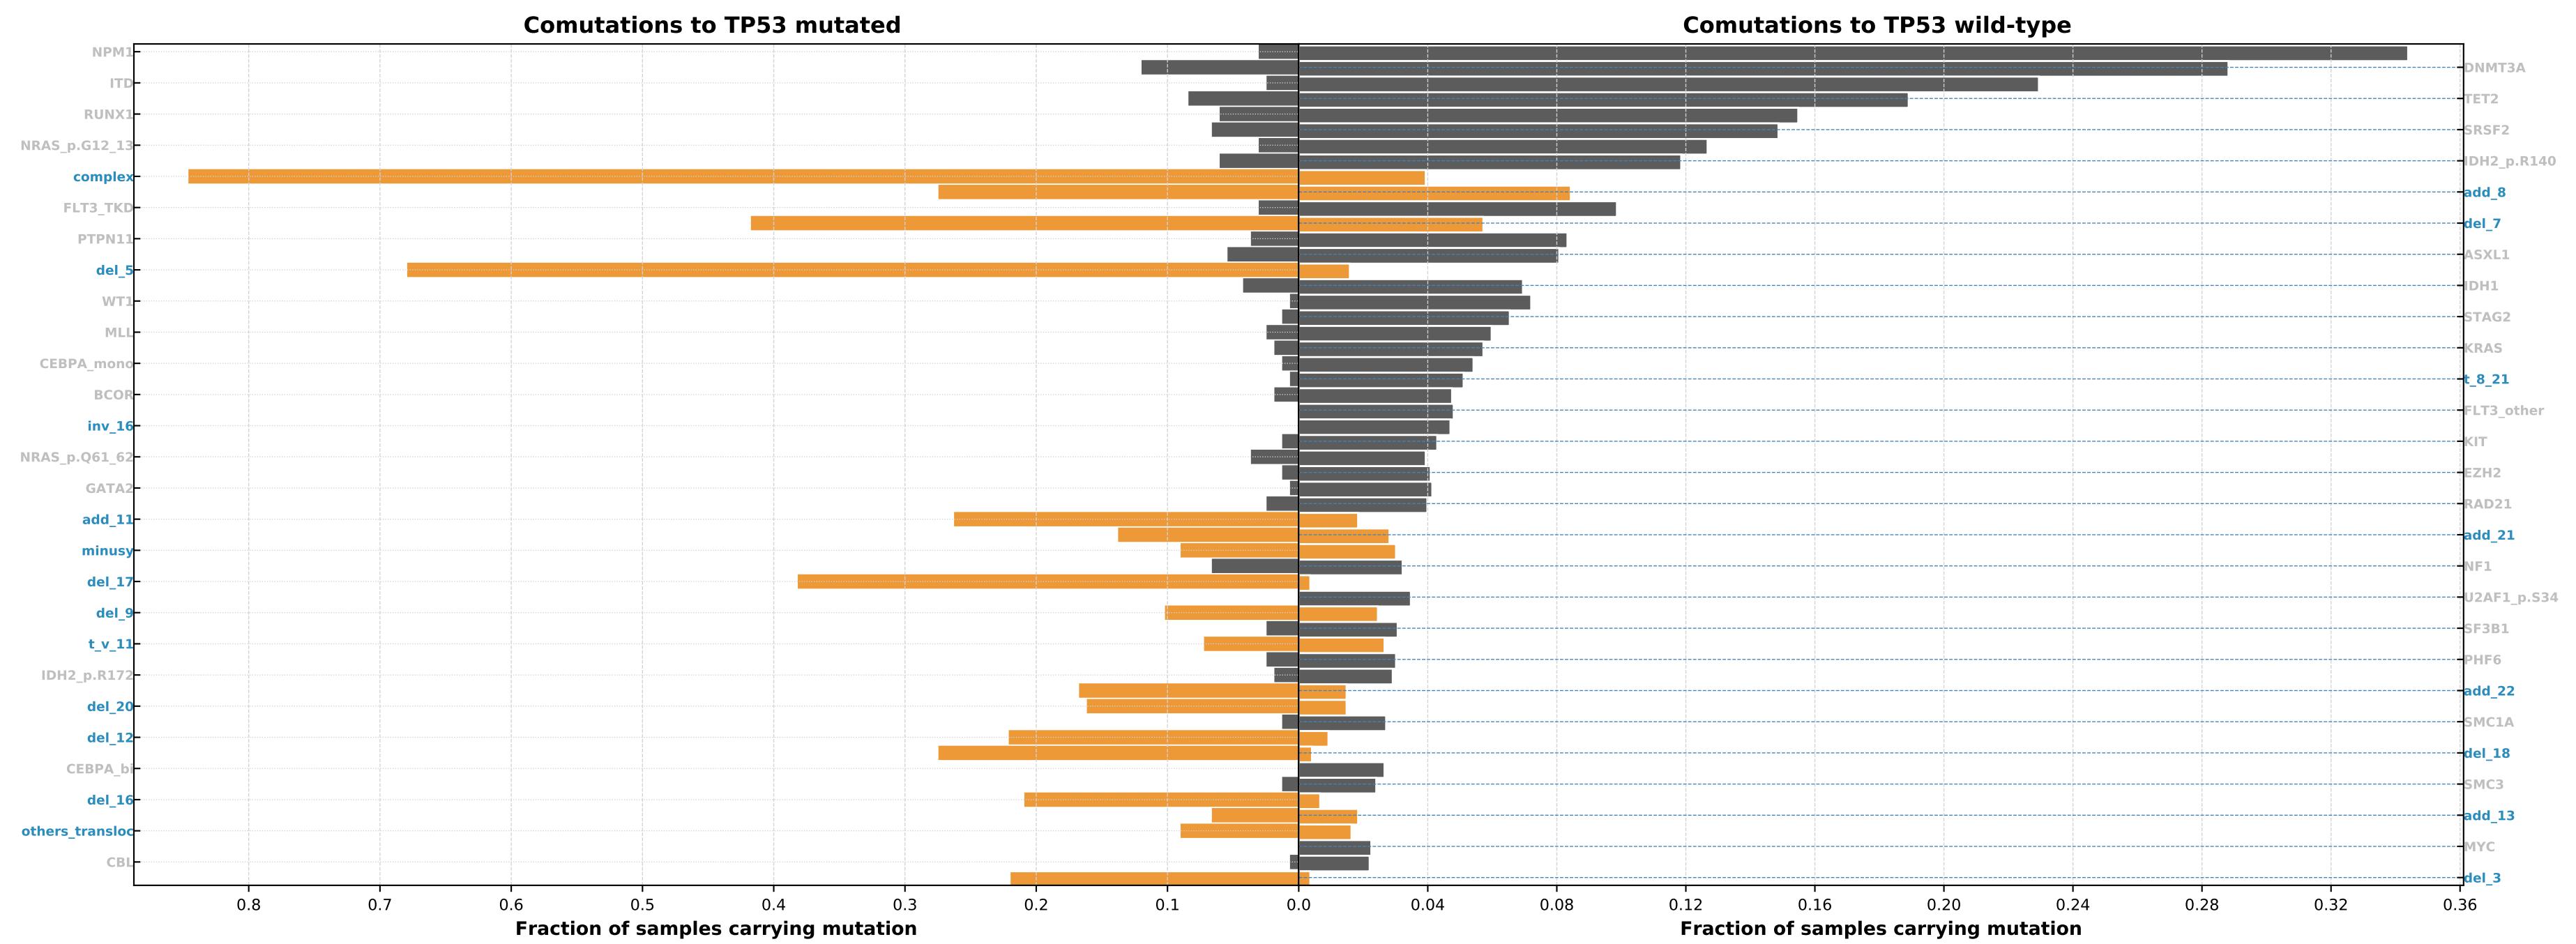

Table of classification, barplot of comutations, KM curves , box plots and bar plots for del_12

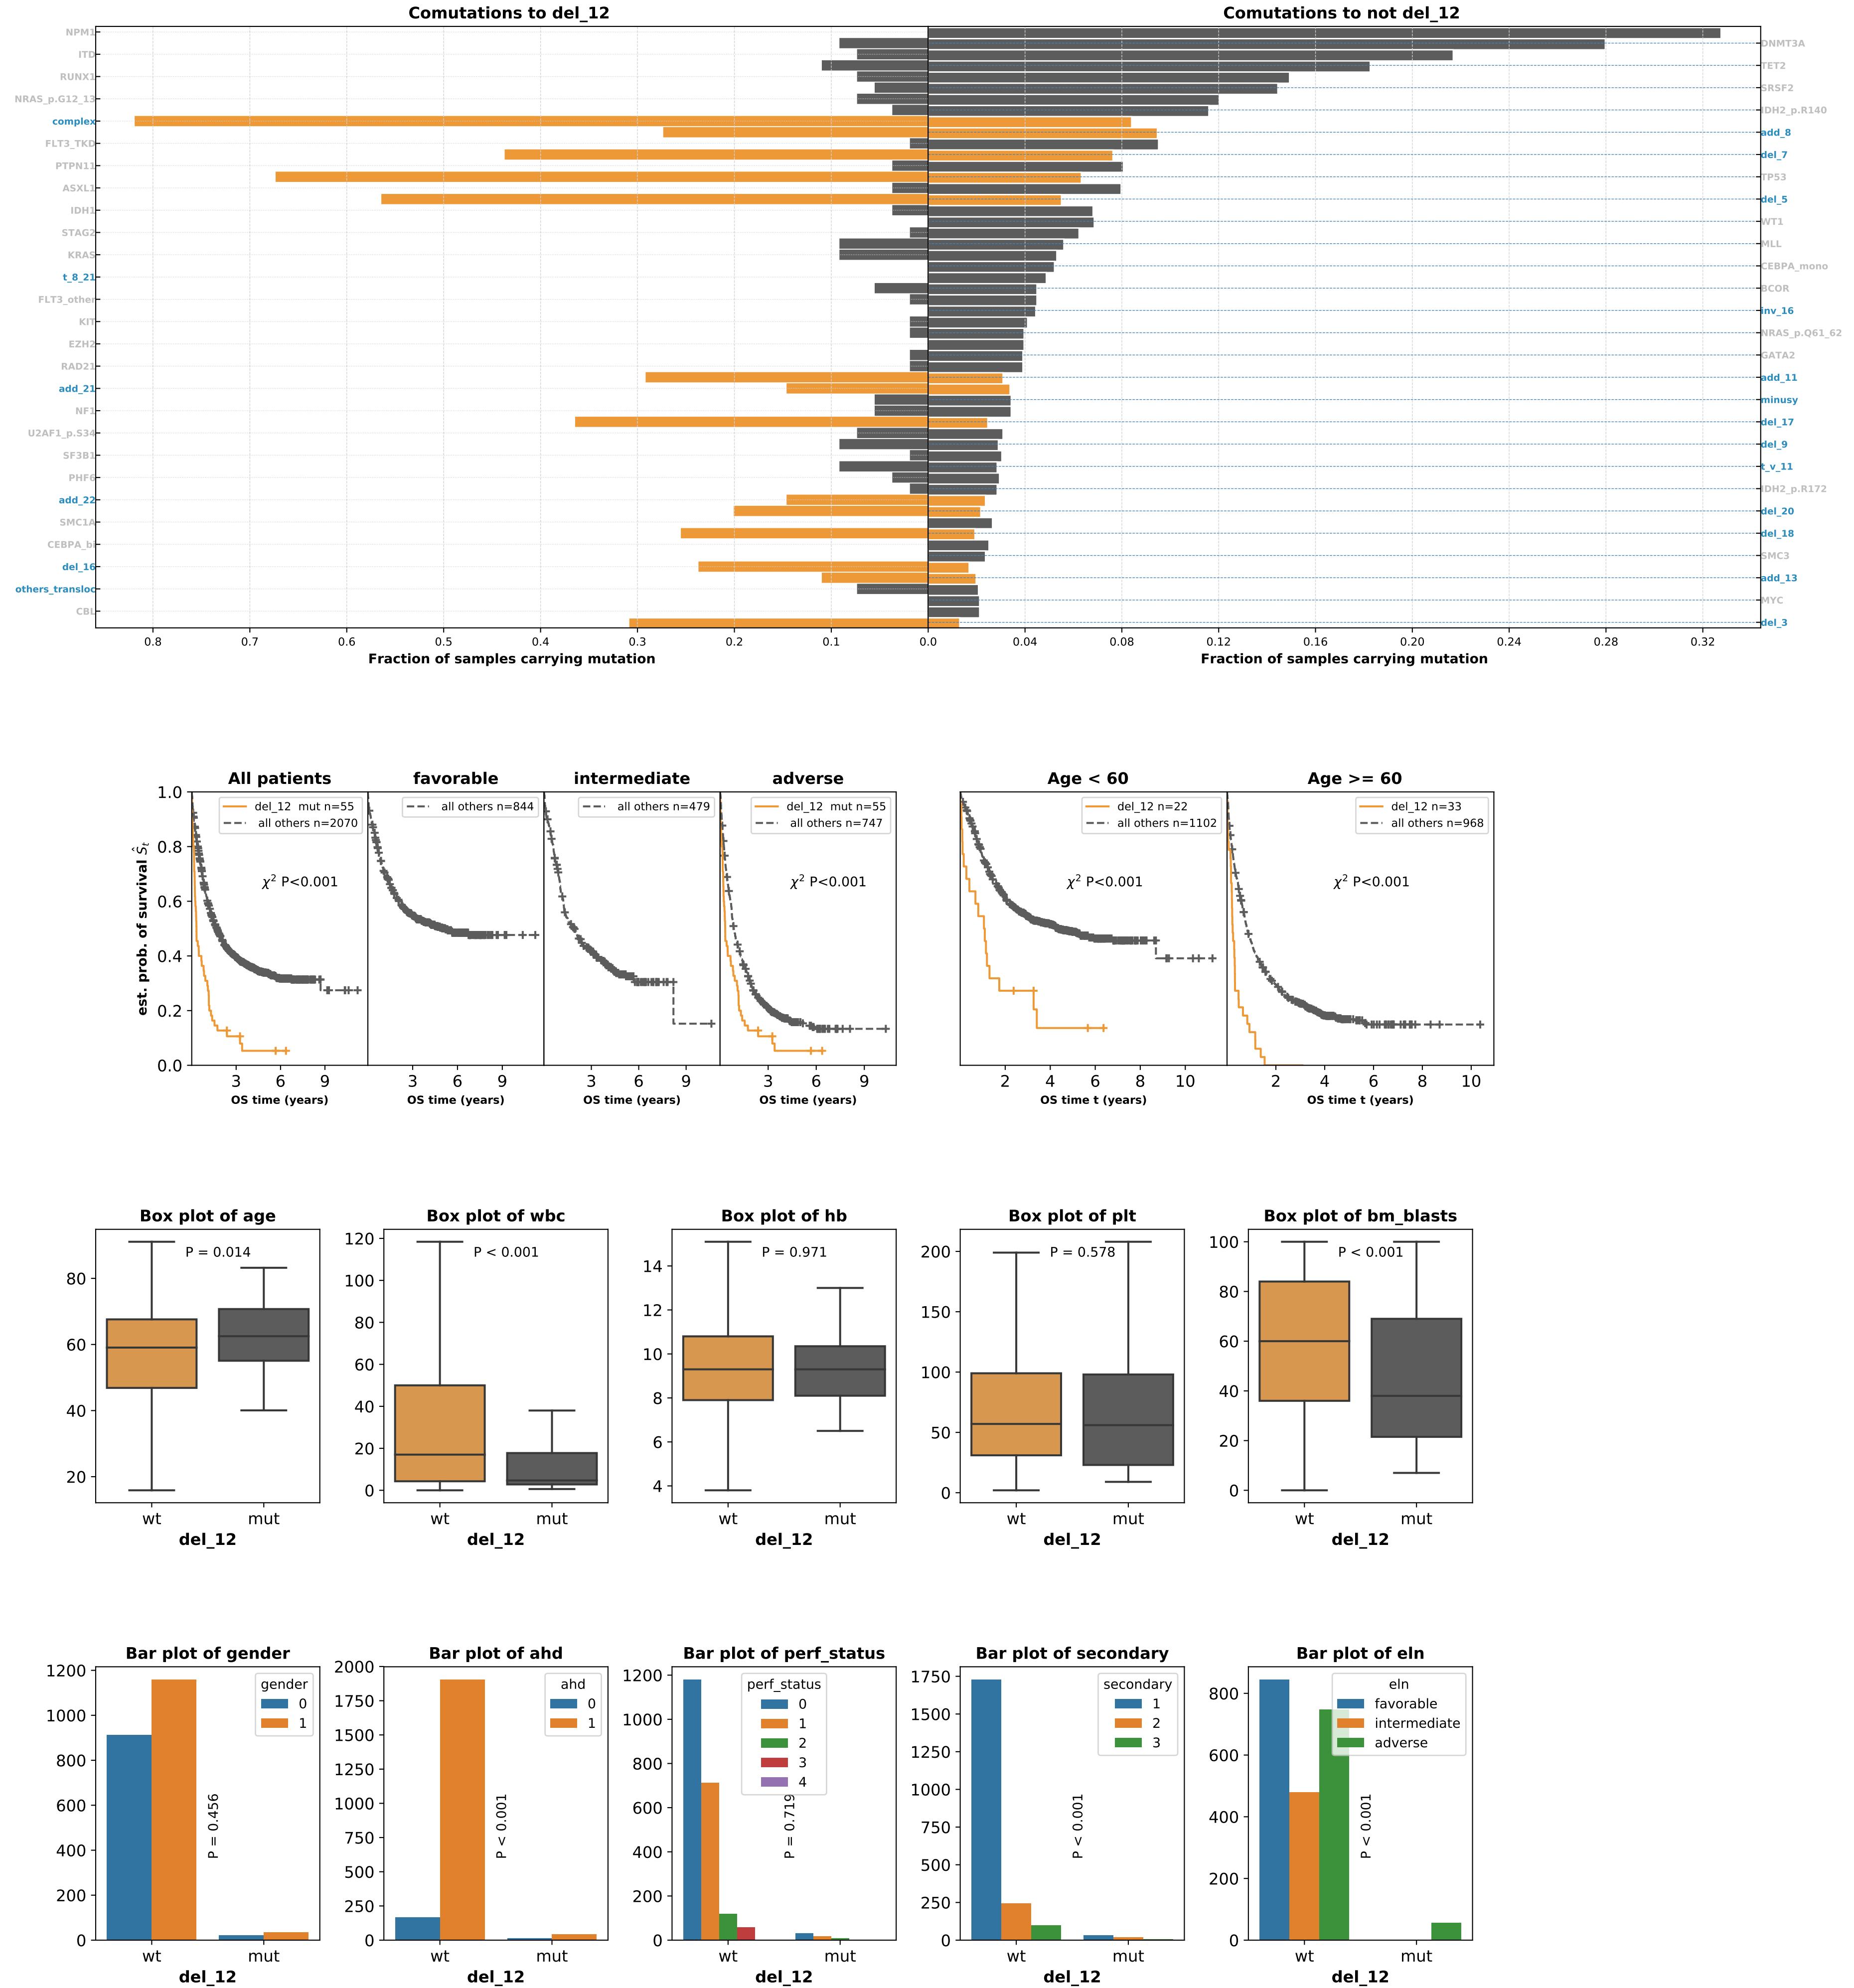

Table of classification, barplot of comutations, KM curves , box plots and bar plots for IDH1 mutation

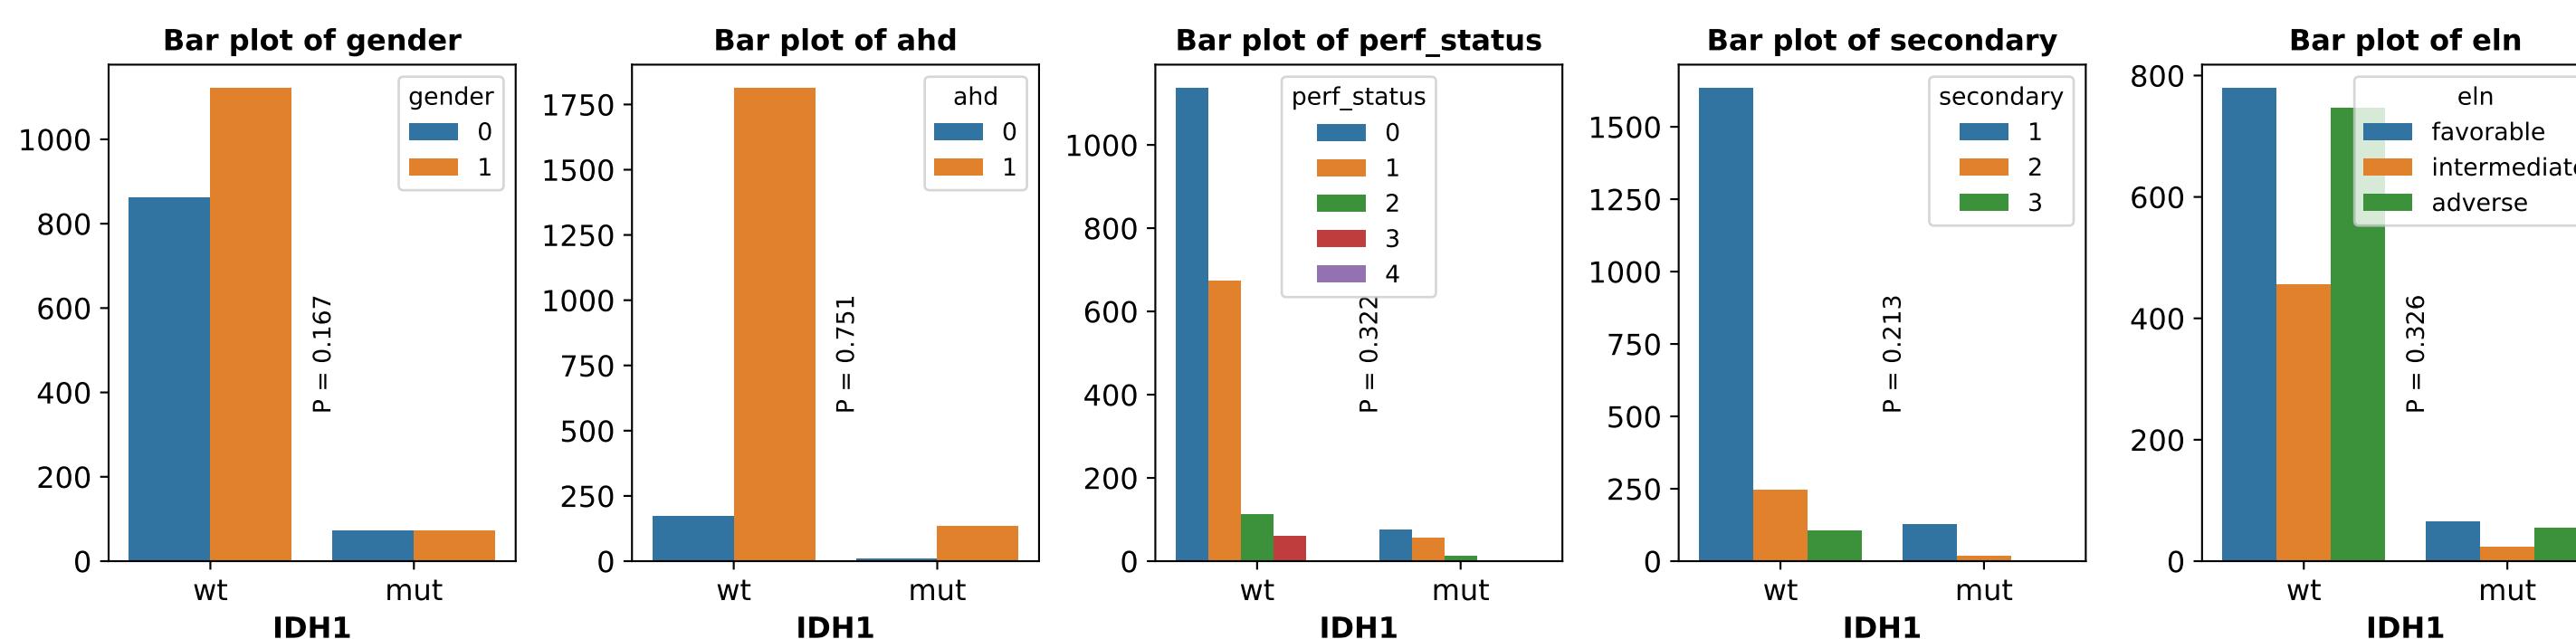

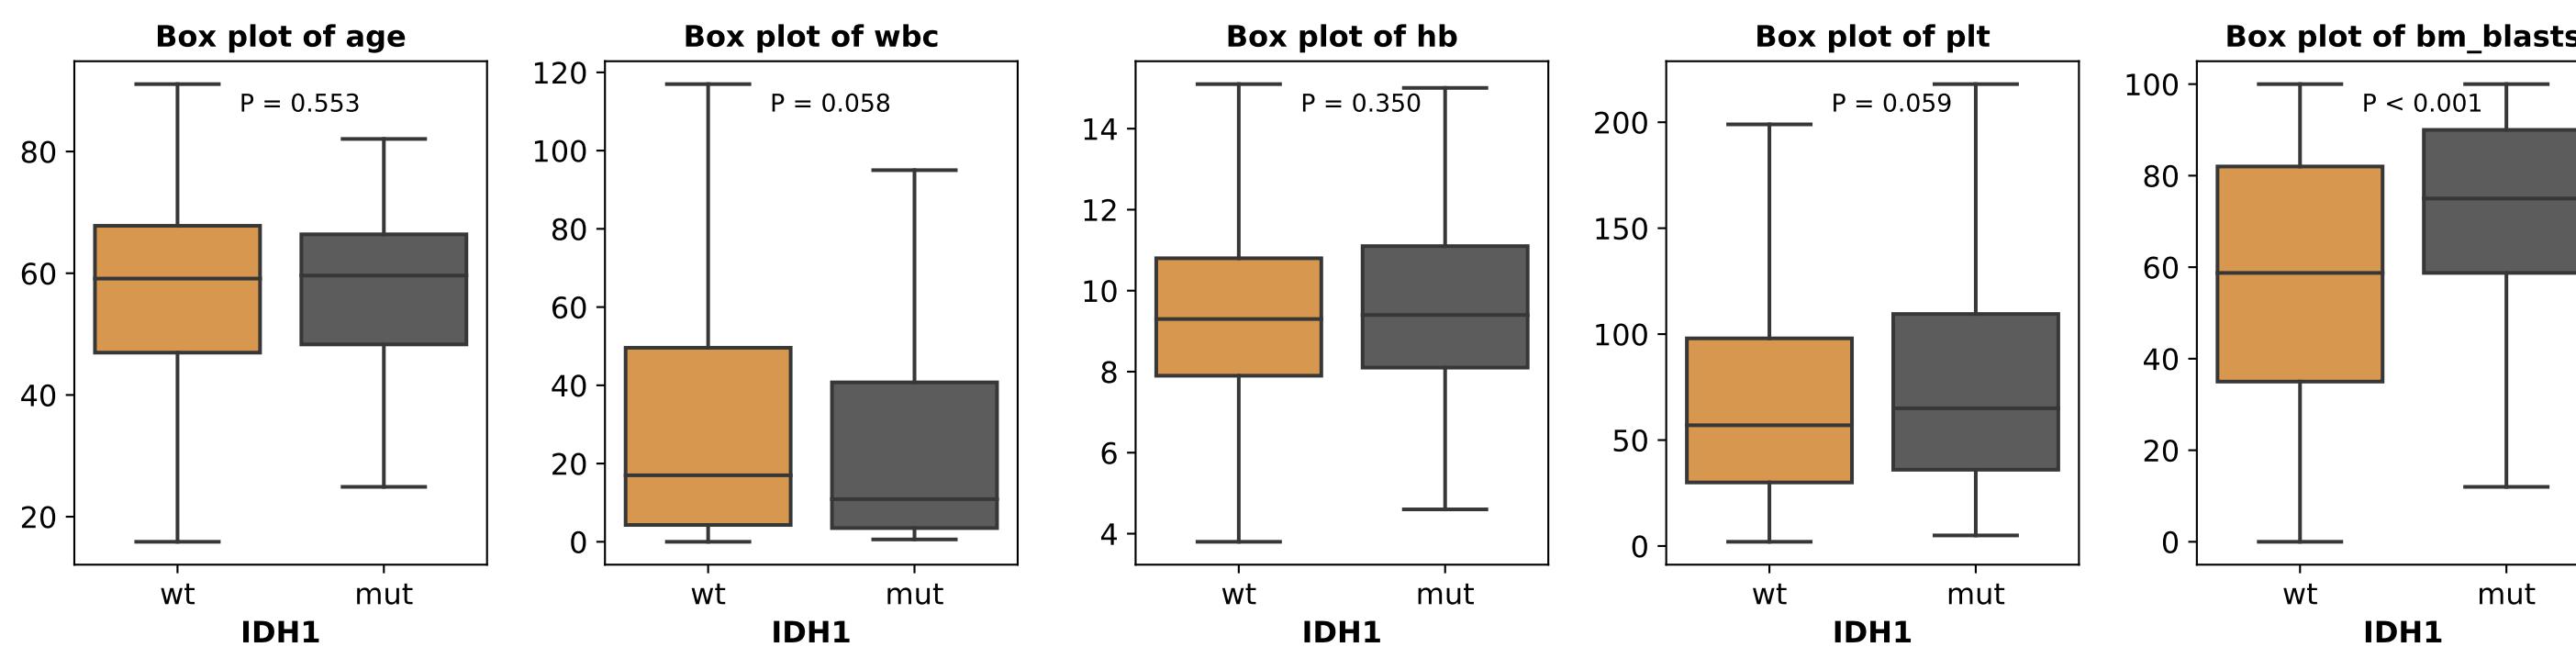

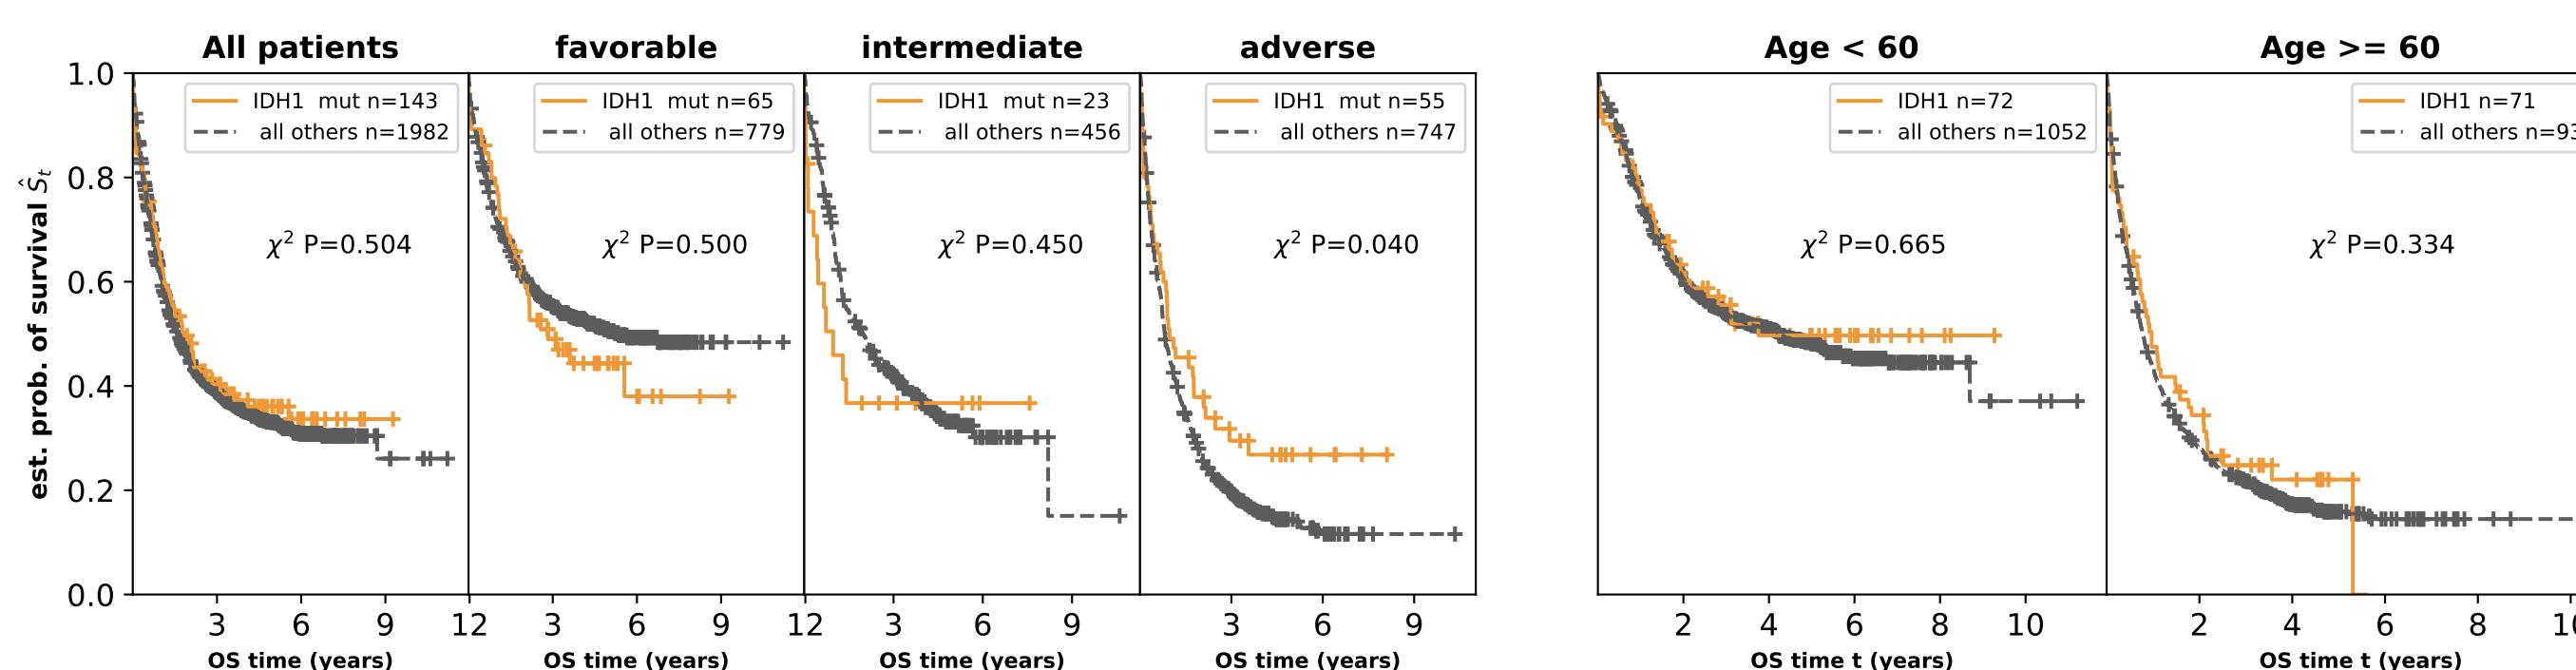

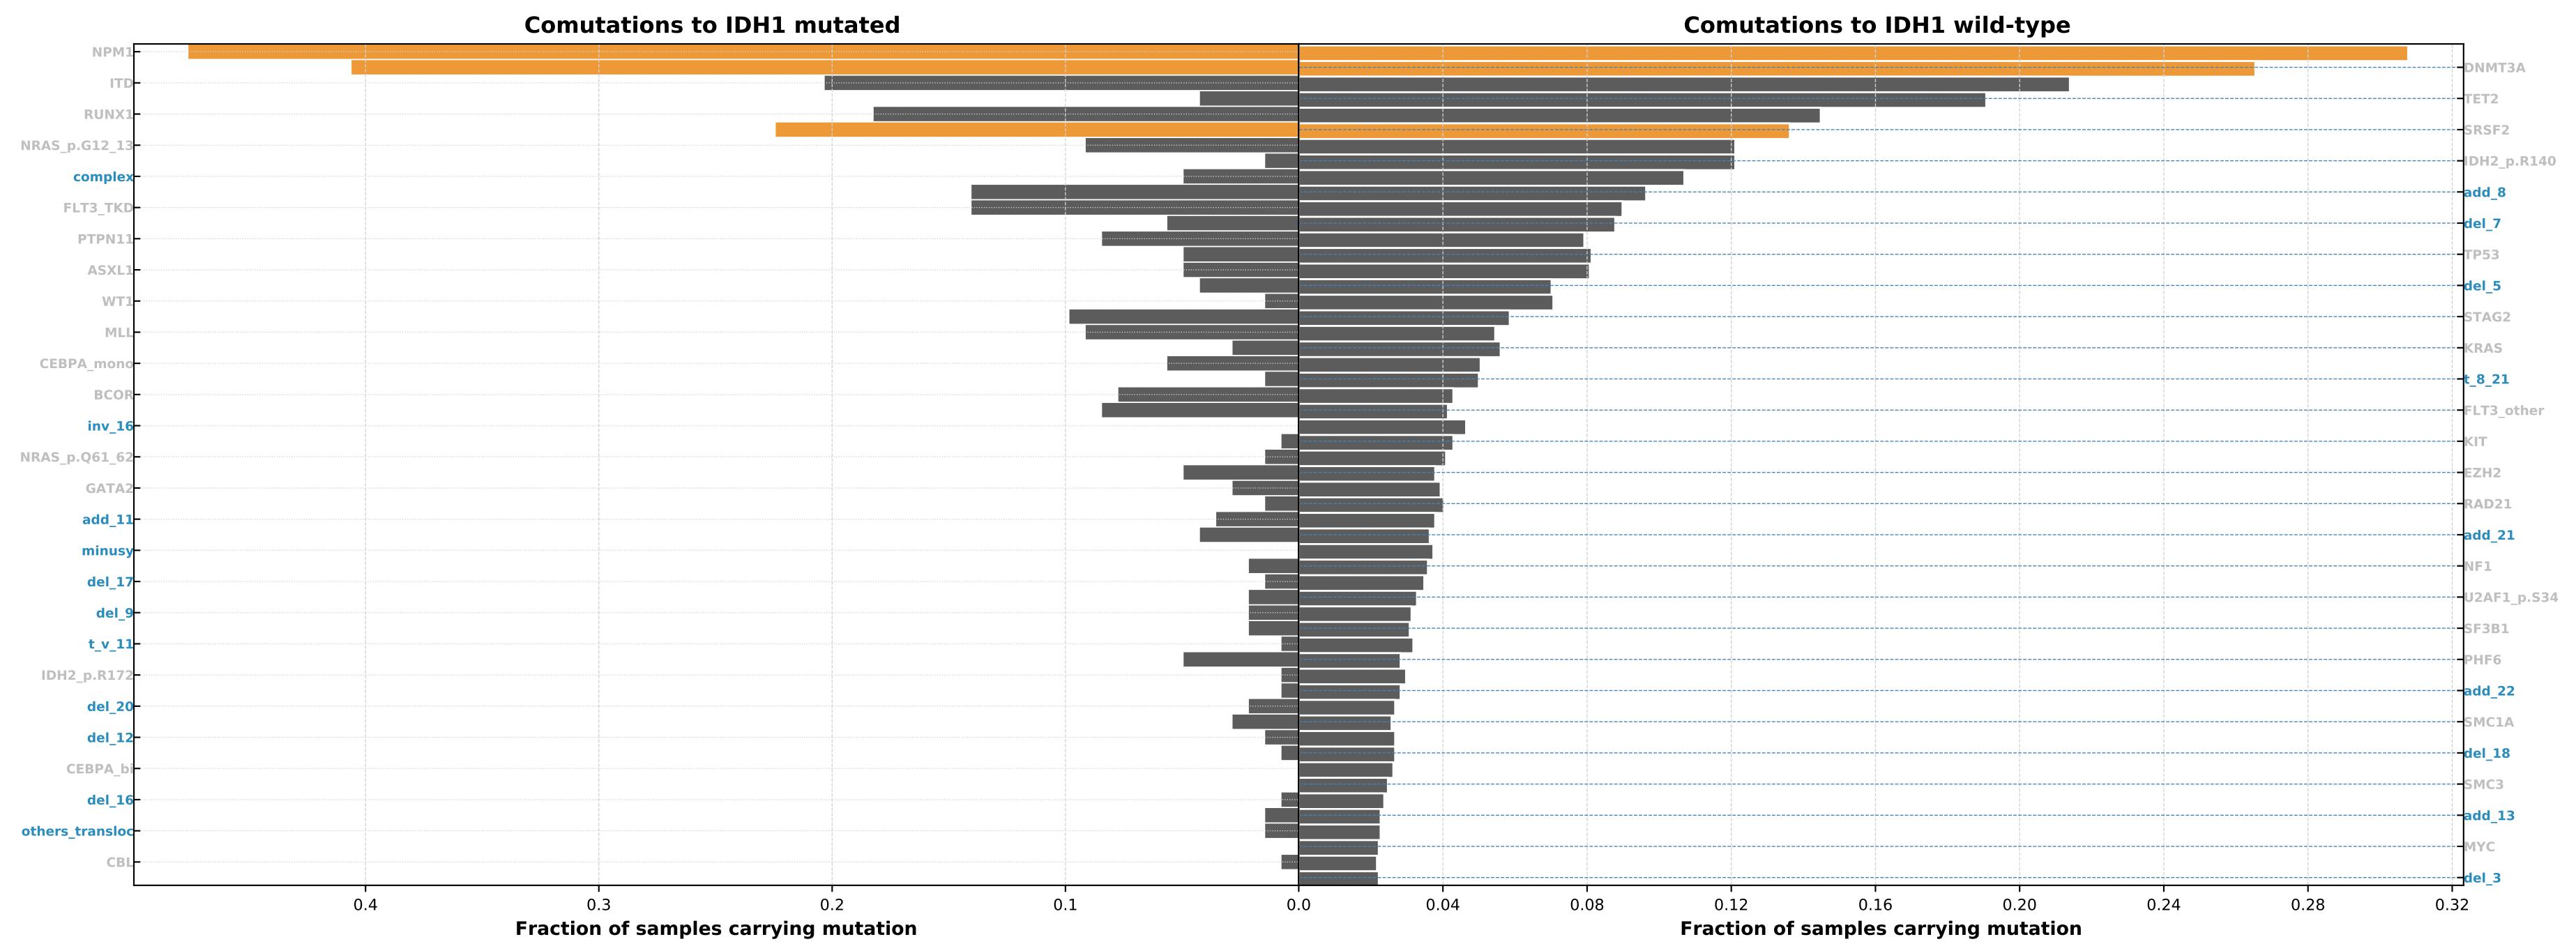

Table of classification, barplot of comutations, KM curves , box plots and bar plots for TET2 mutation

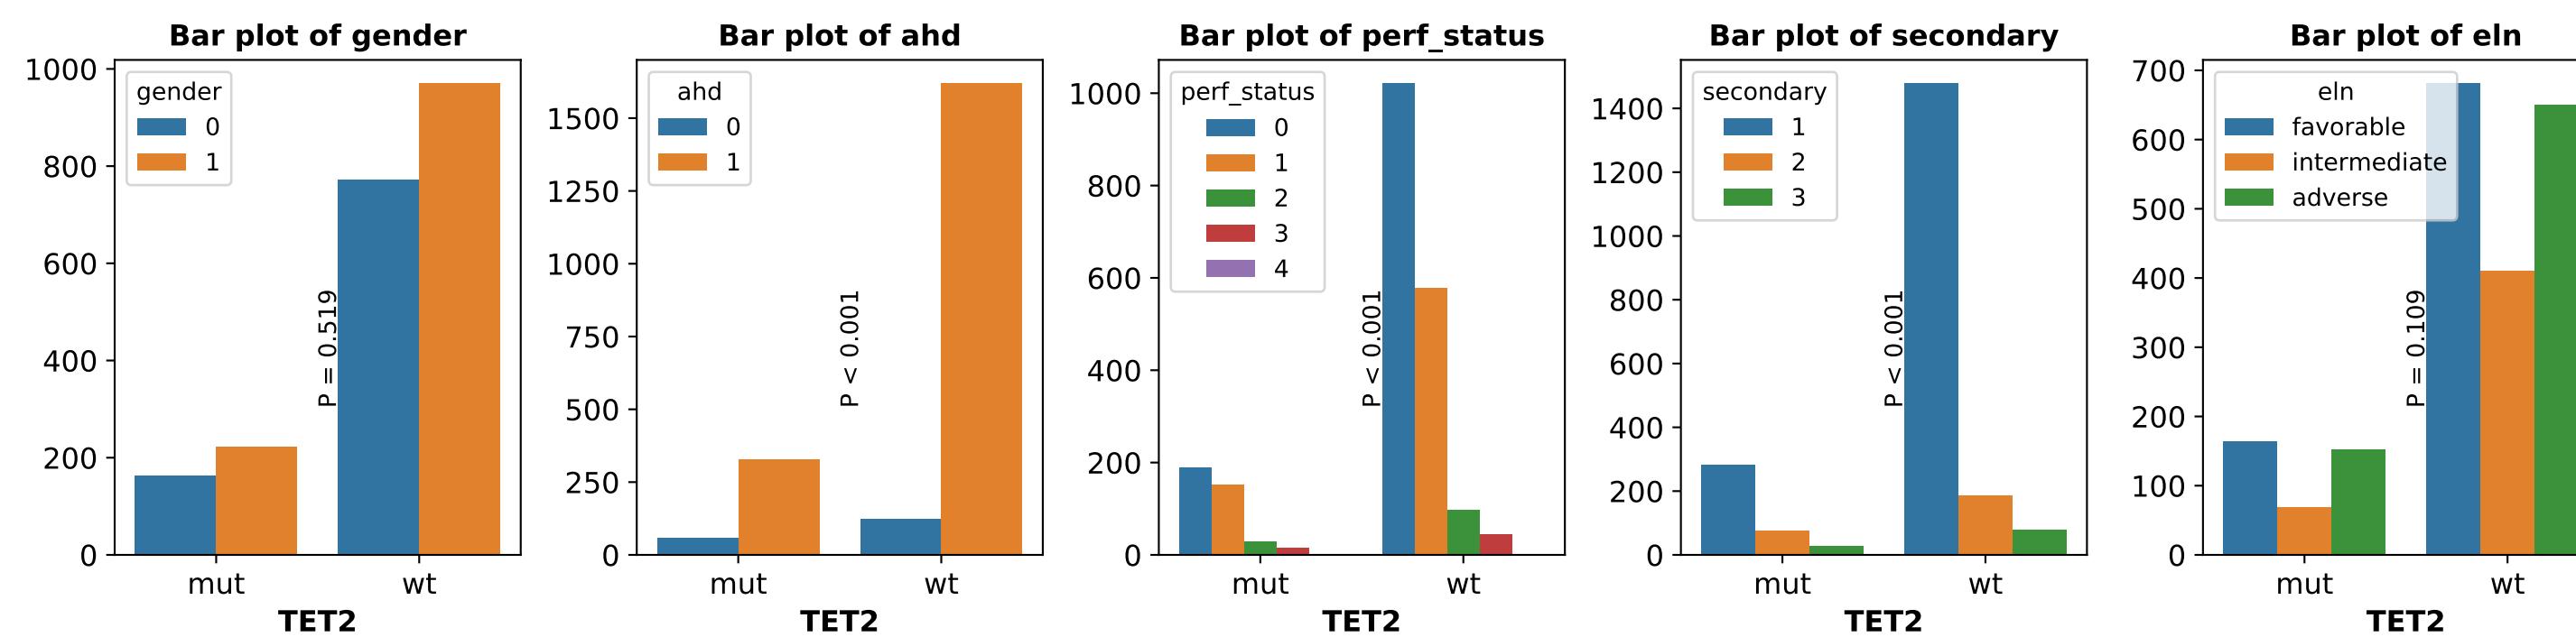

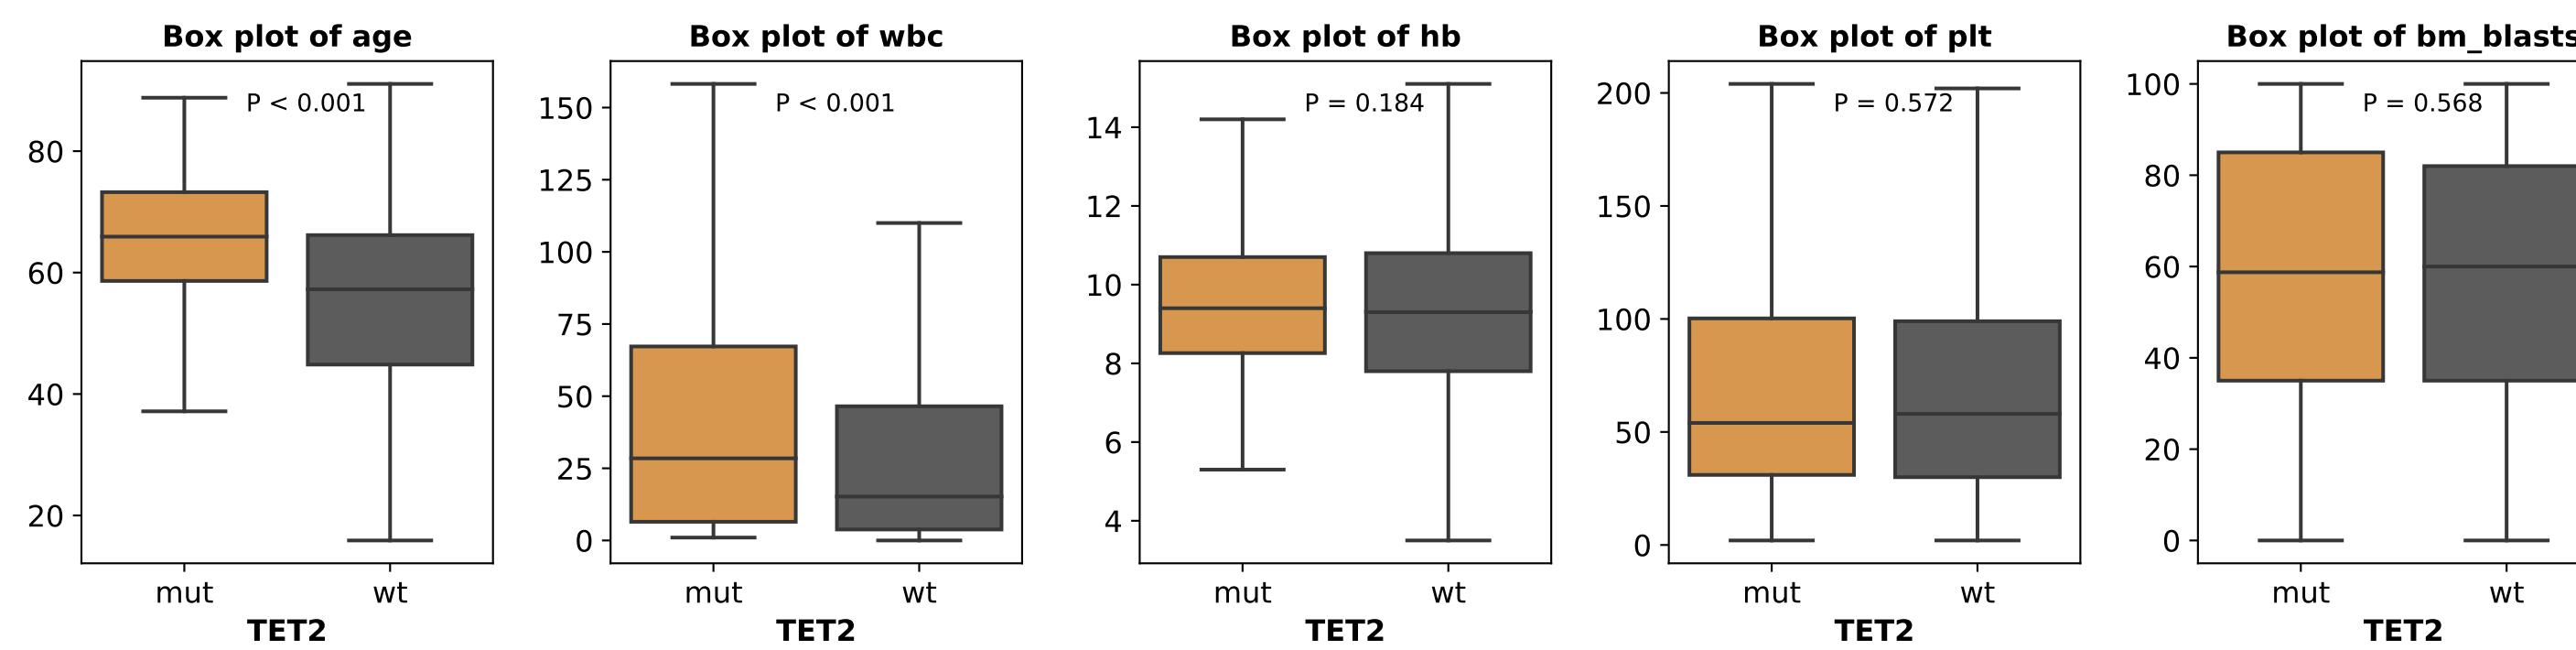

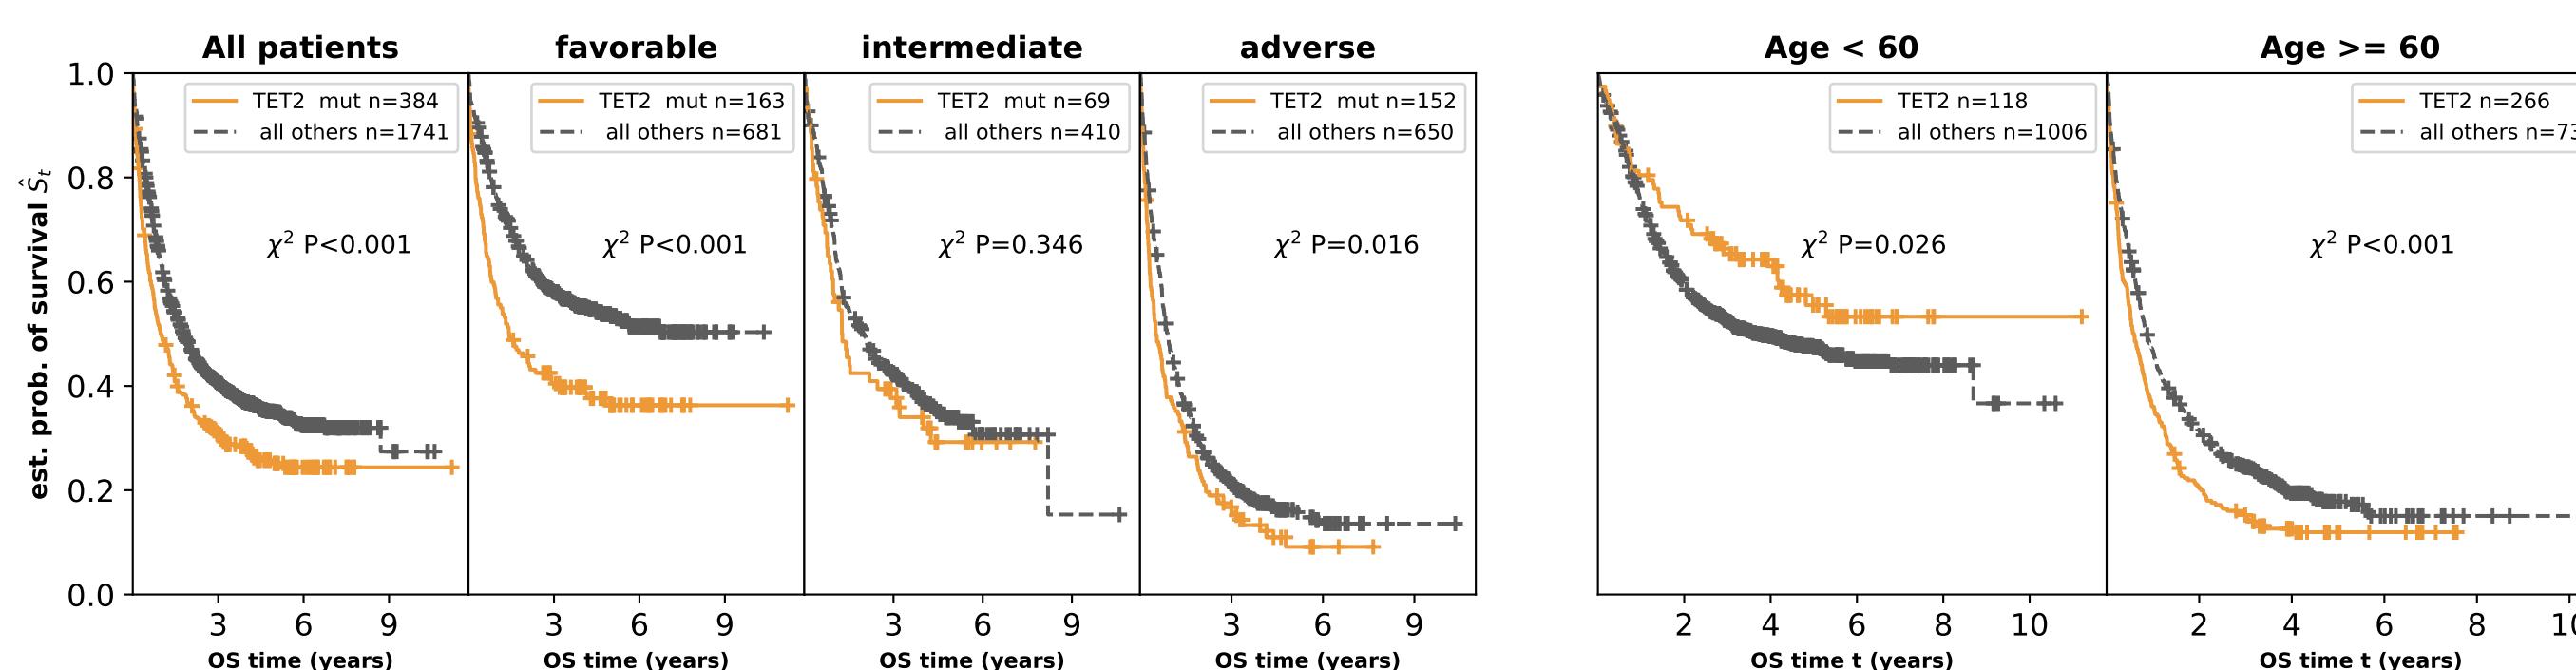

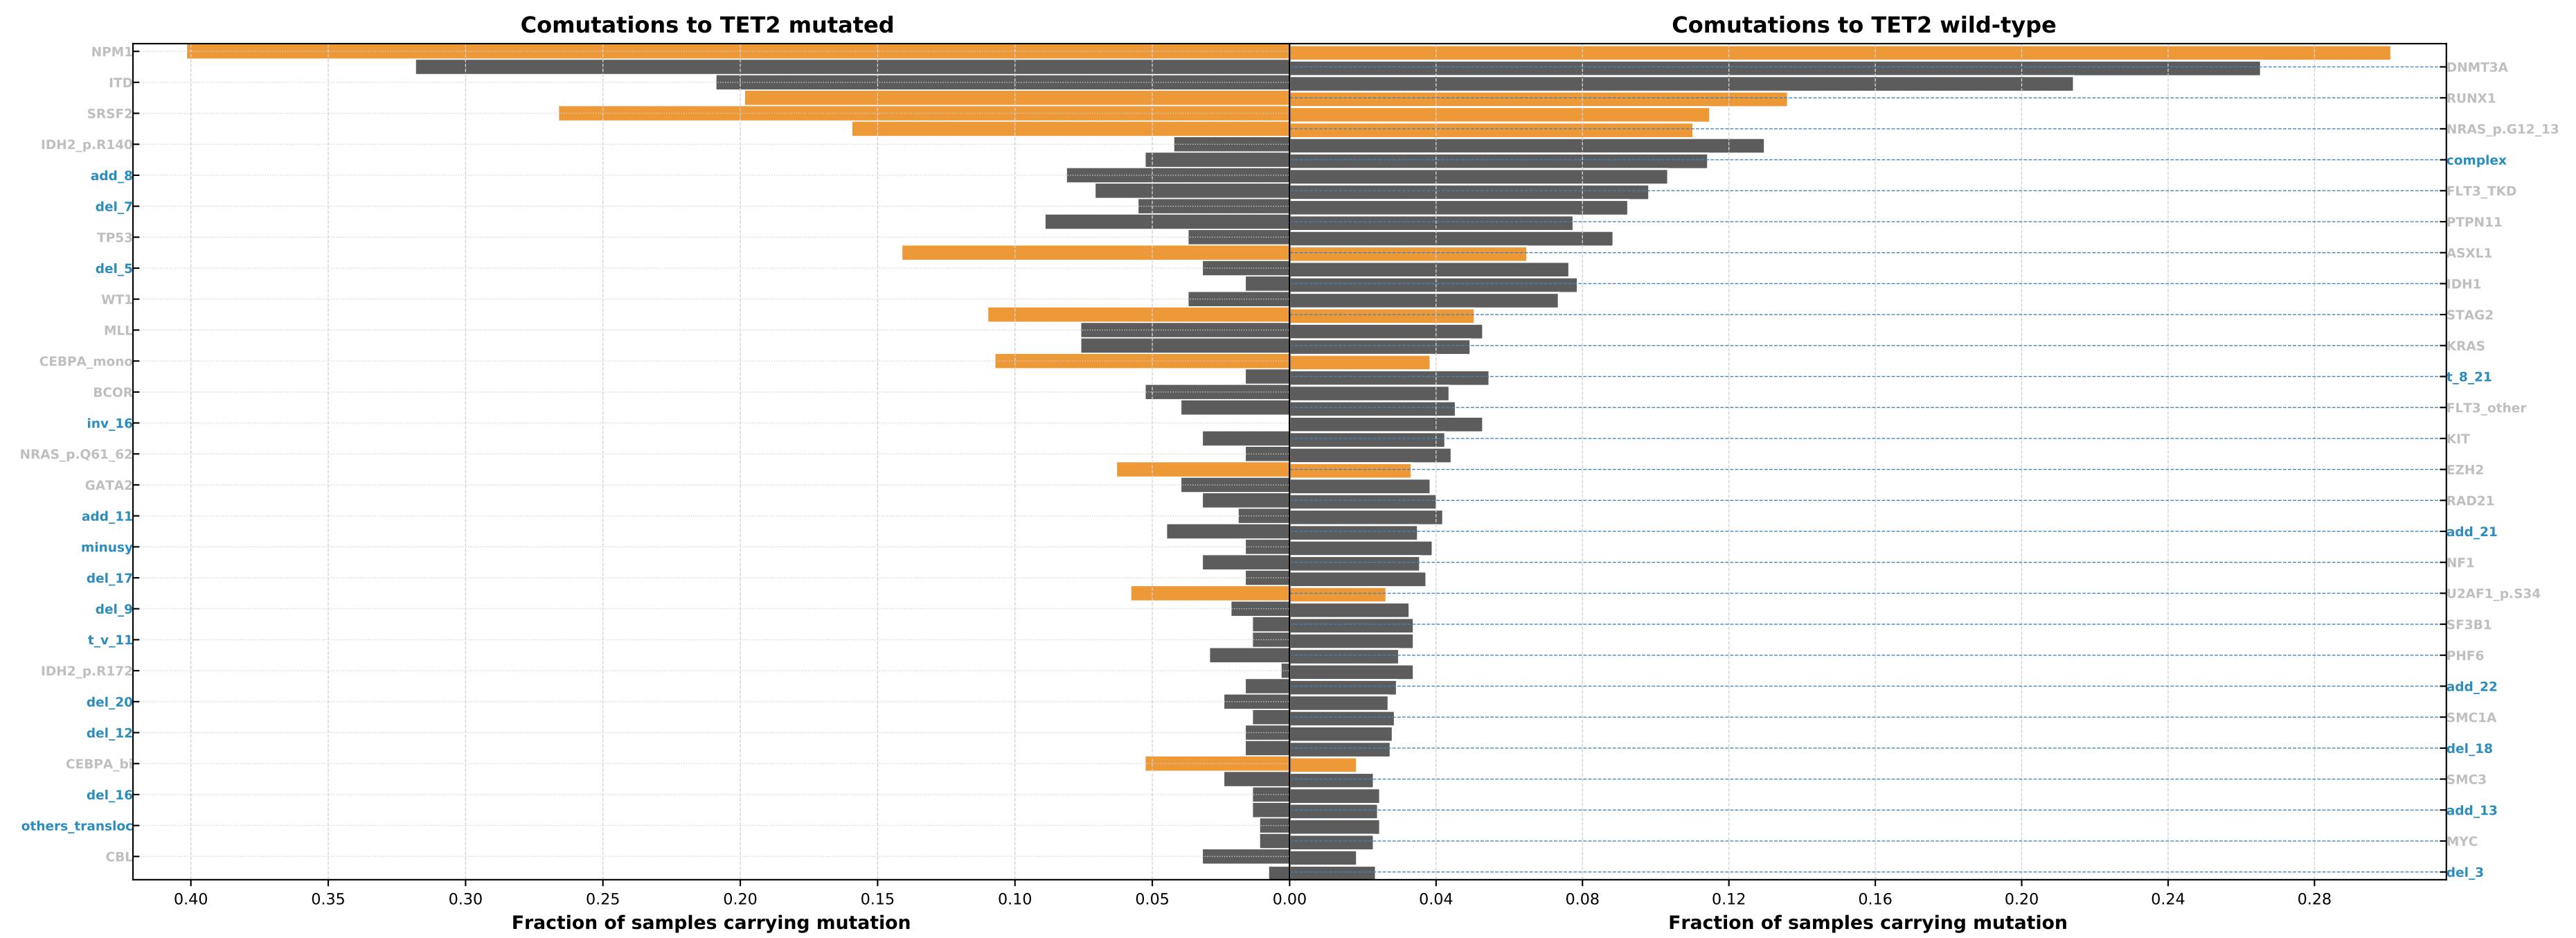

Table of classification, barplot of comutations, KM curves , box plots and bar plots for add_22

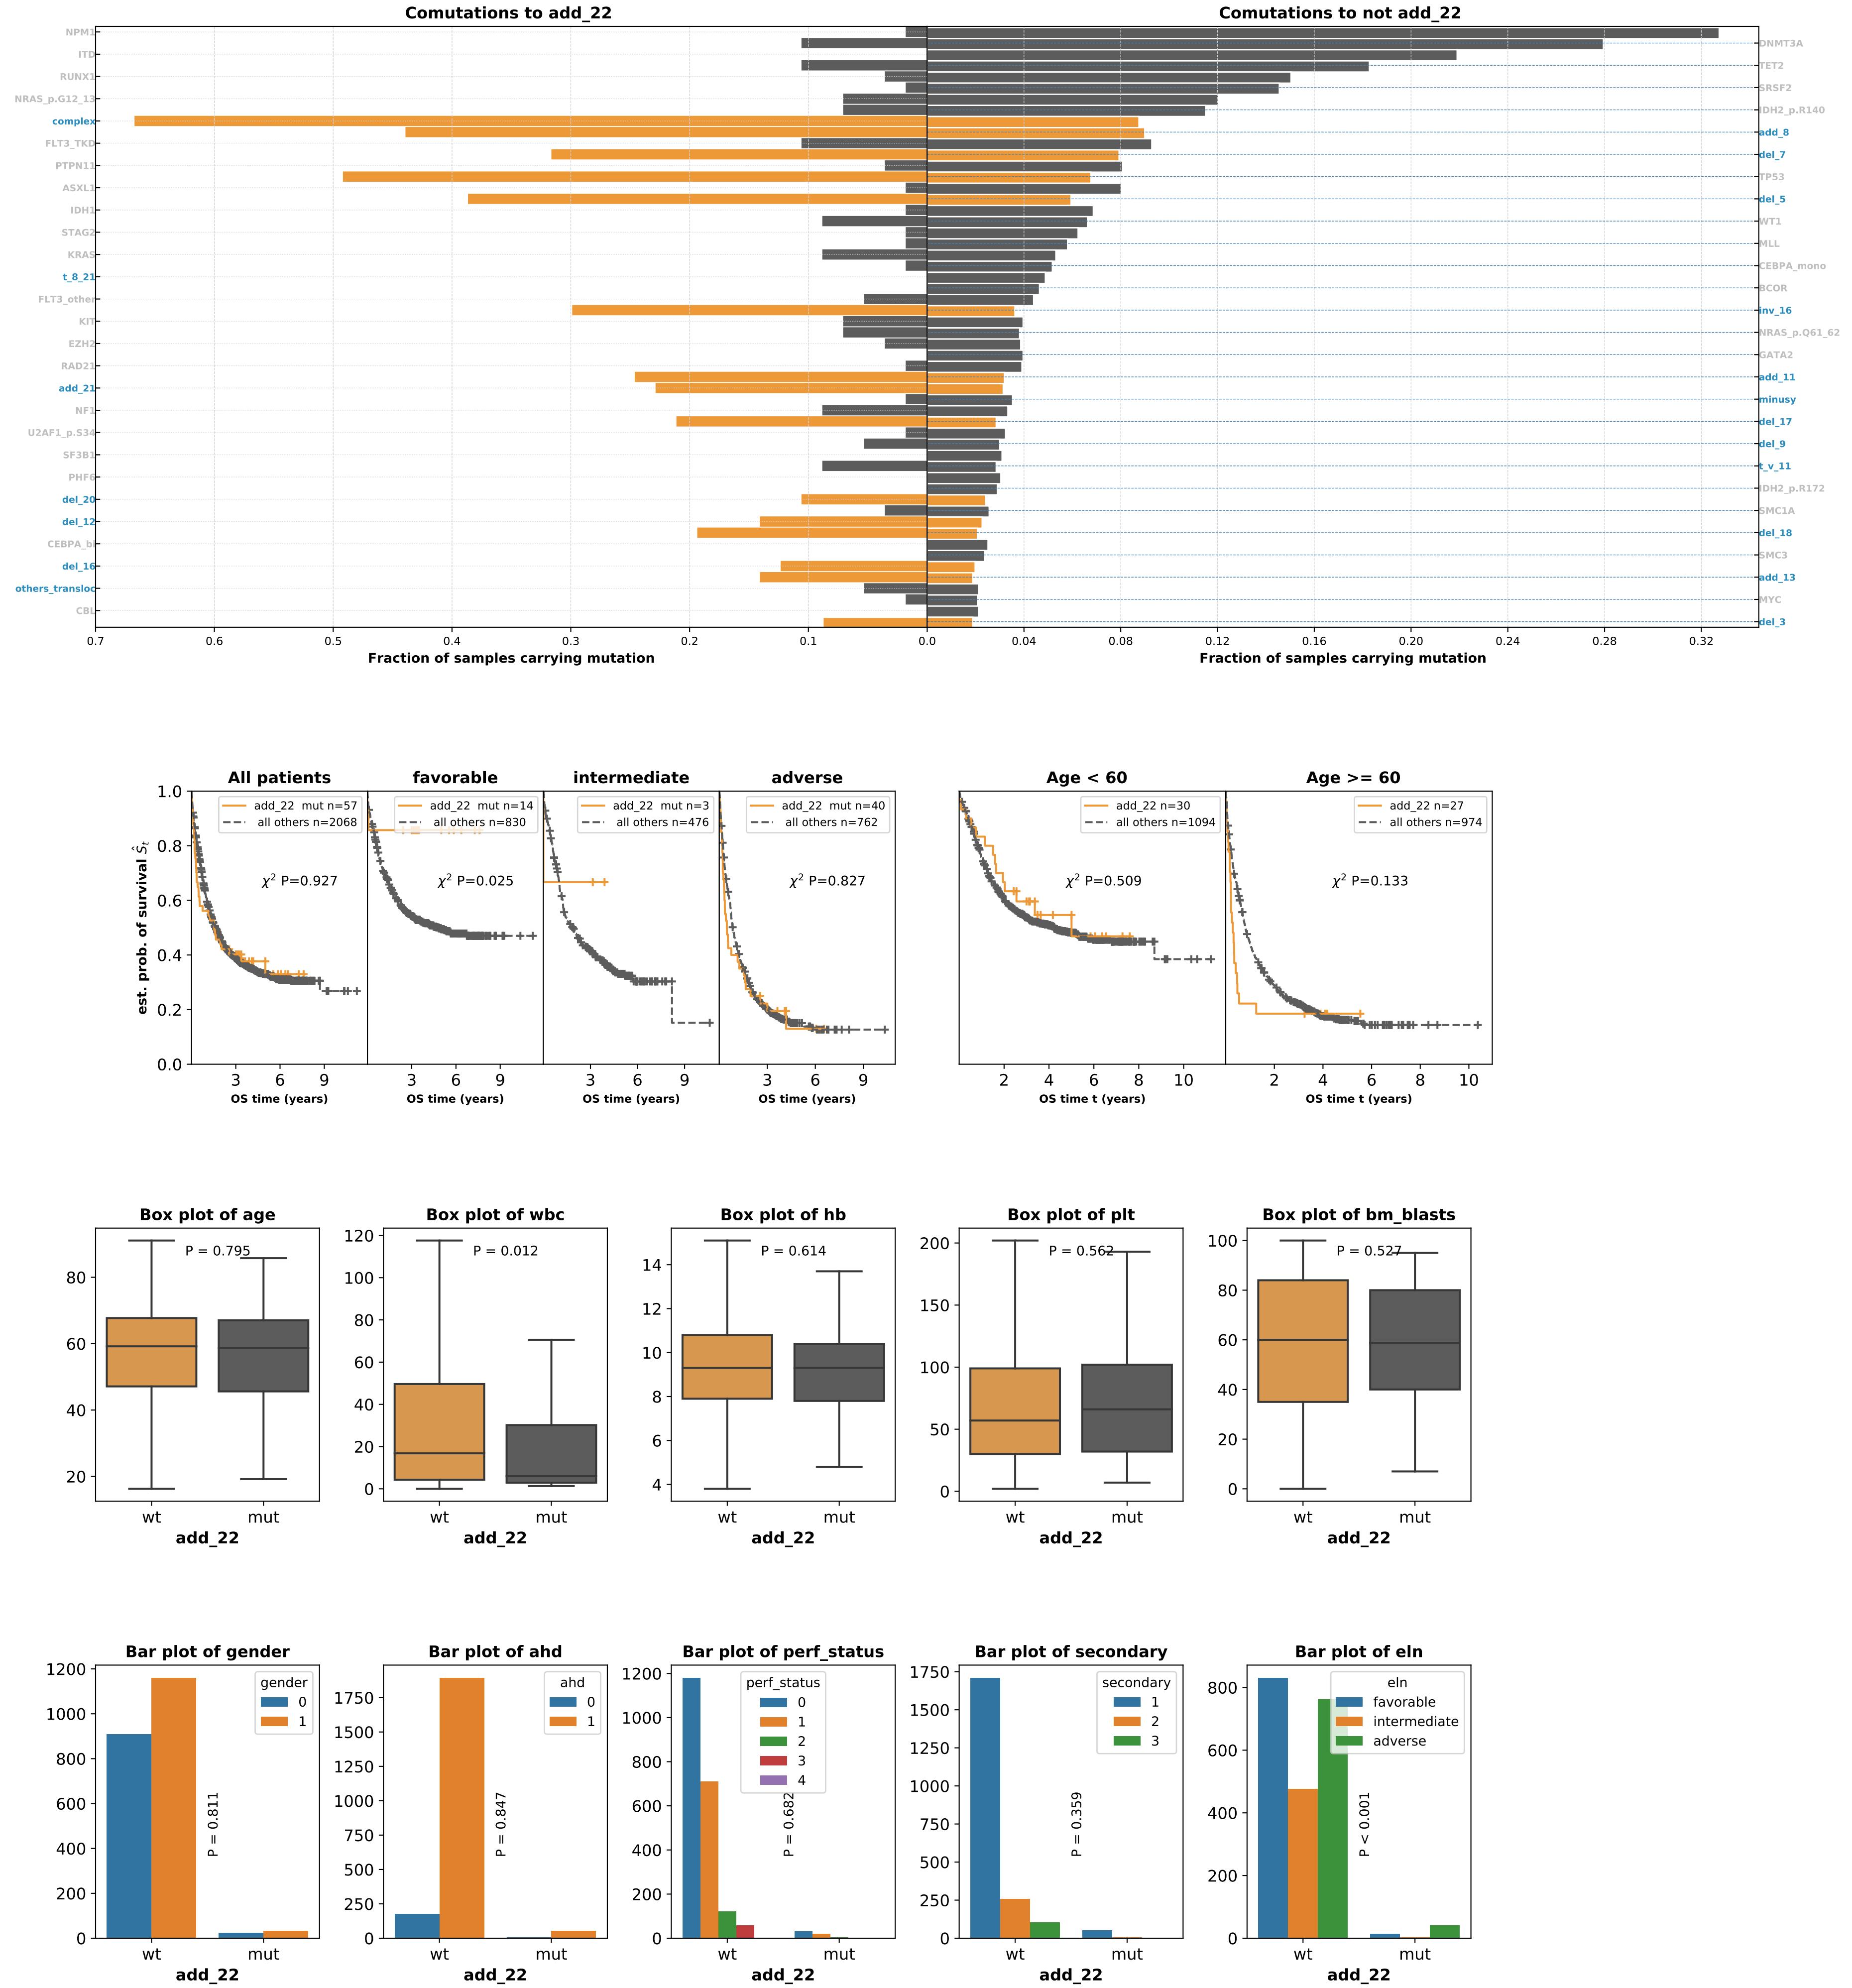

Table of classification, barplot of comutations, KM curves , box plots and bar plots for EZH2 mutation

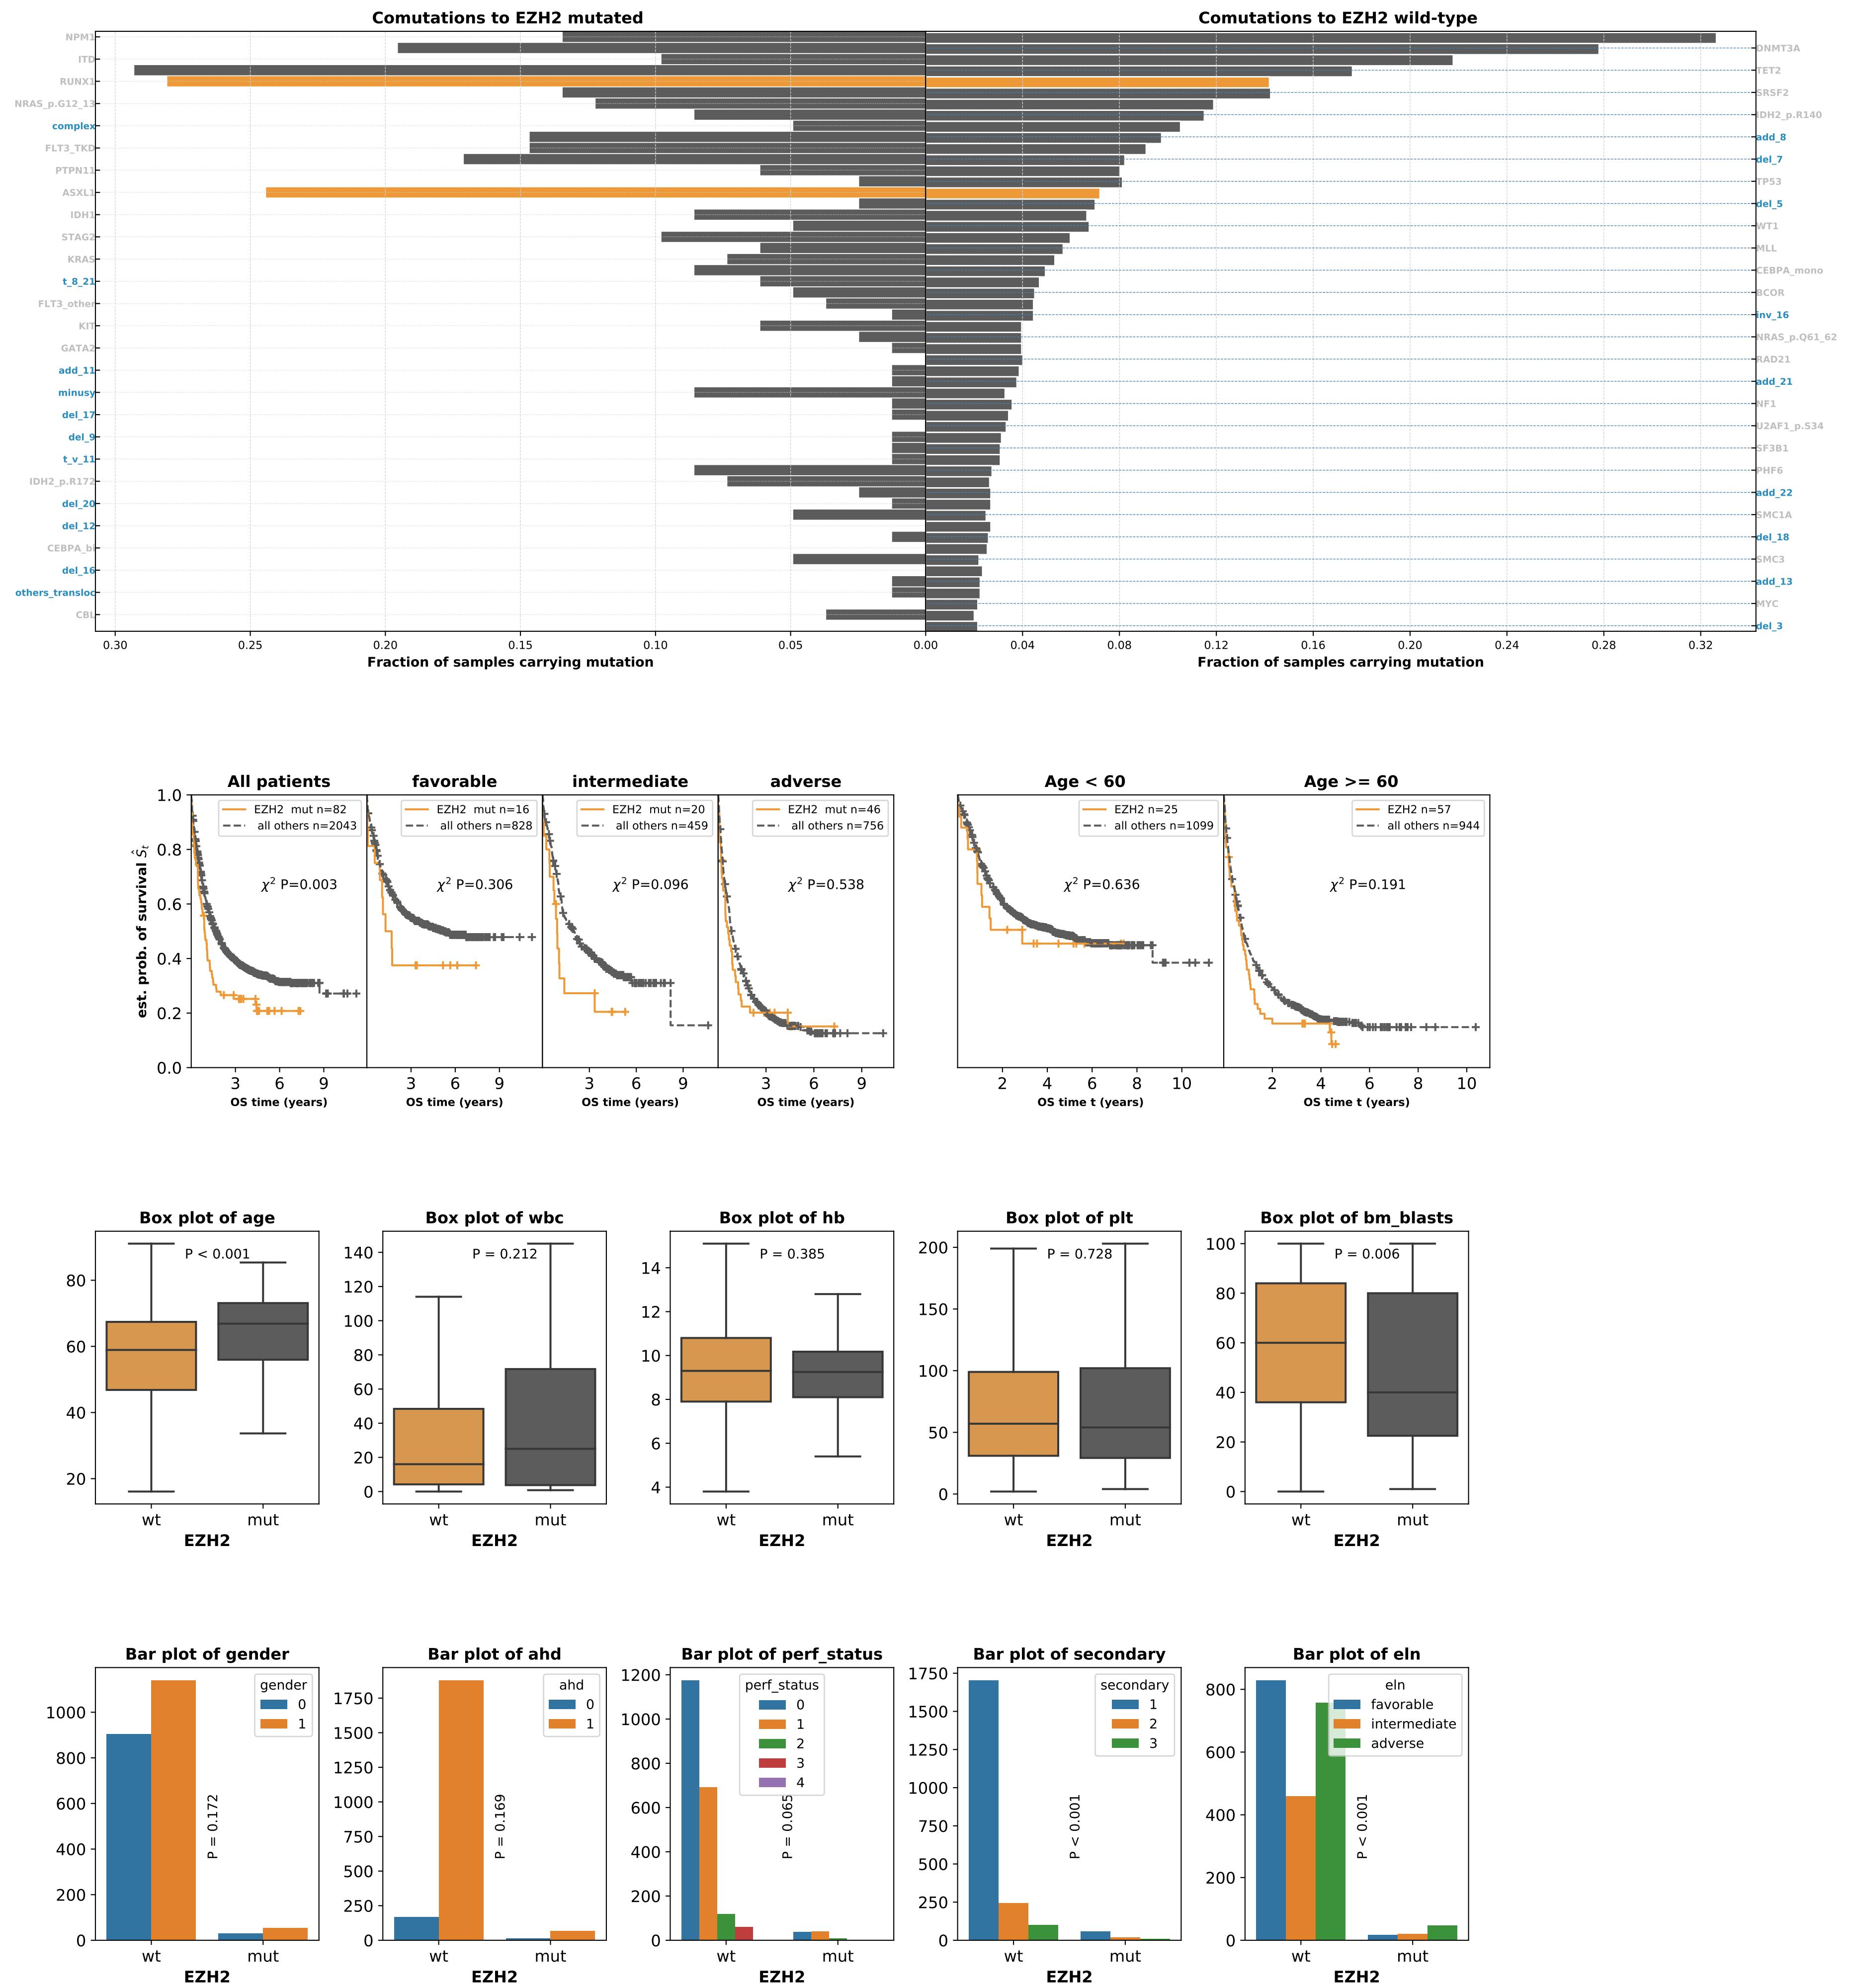

Table of classification, barplot of comutations, KM curves , box plots and bar plots for minusy

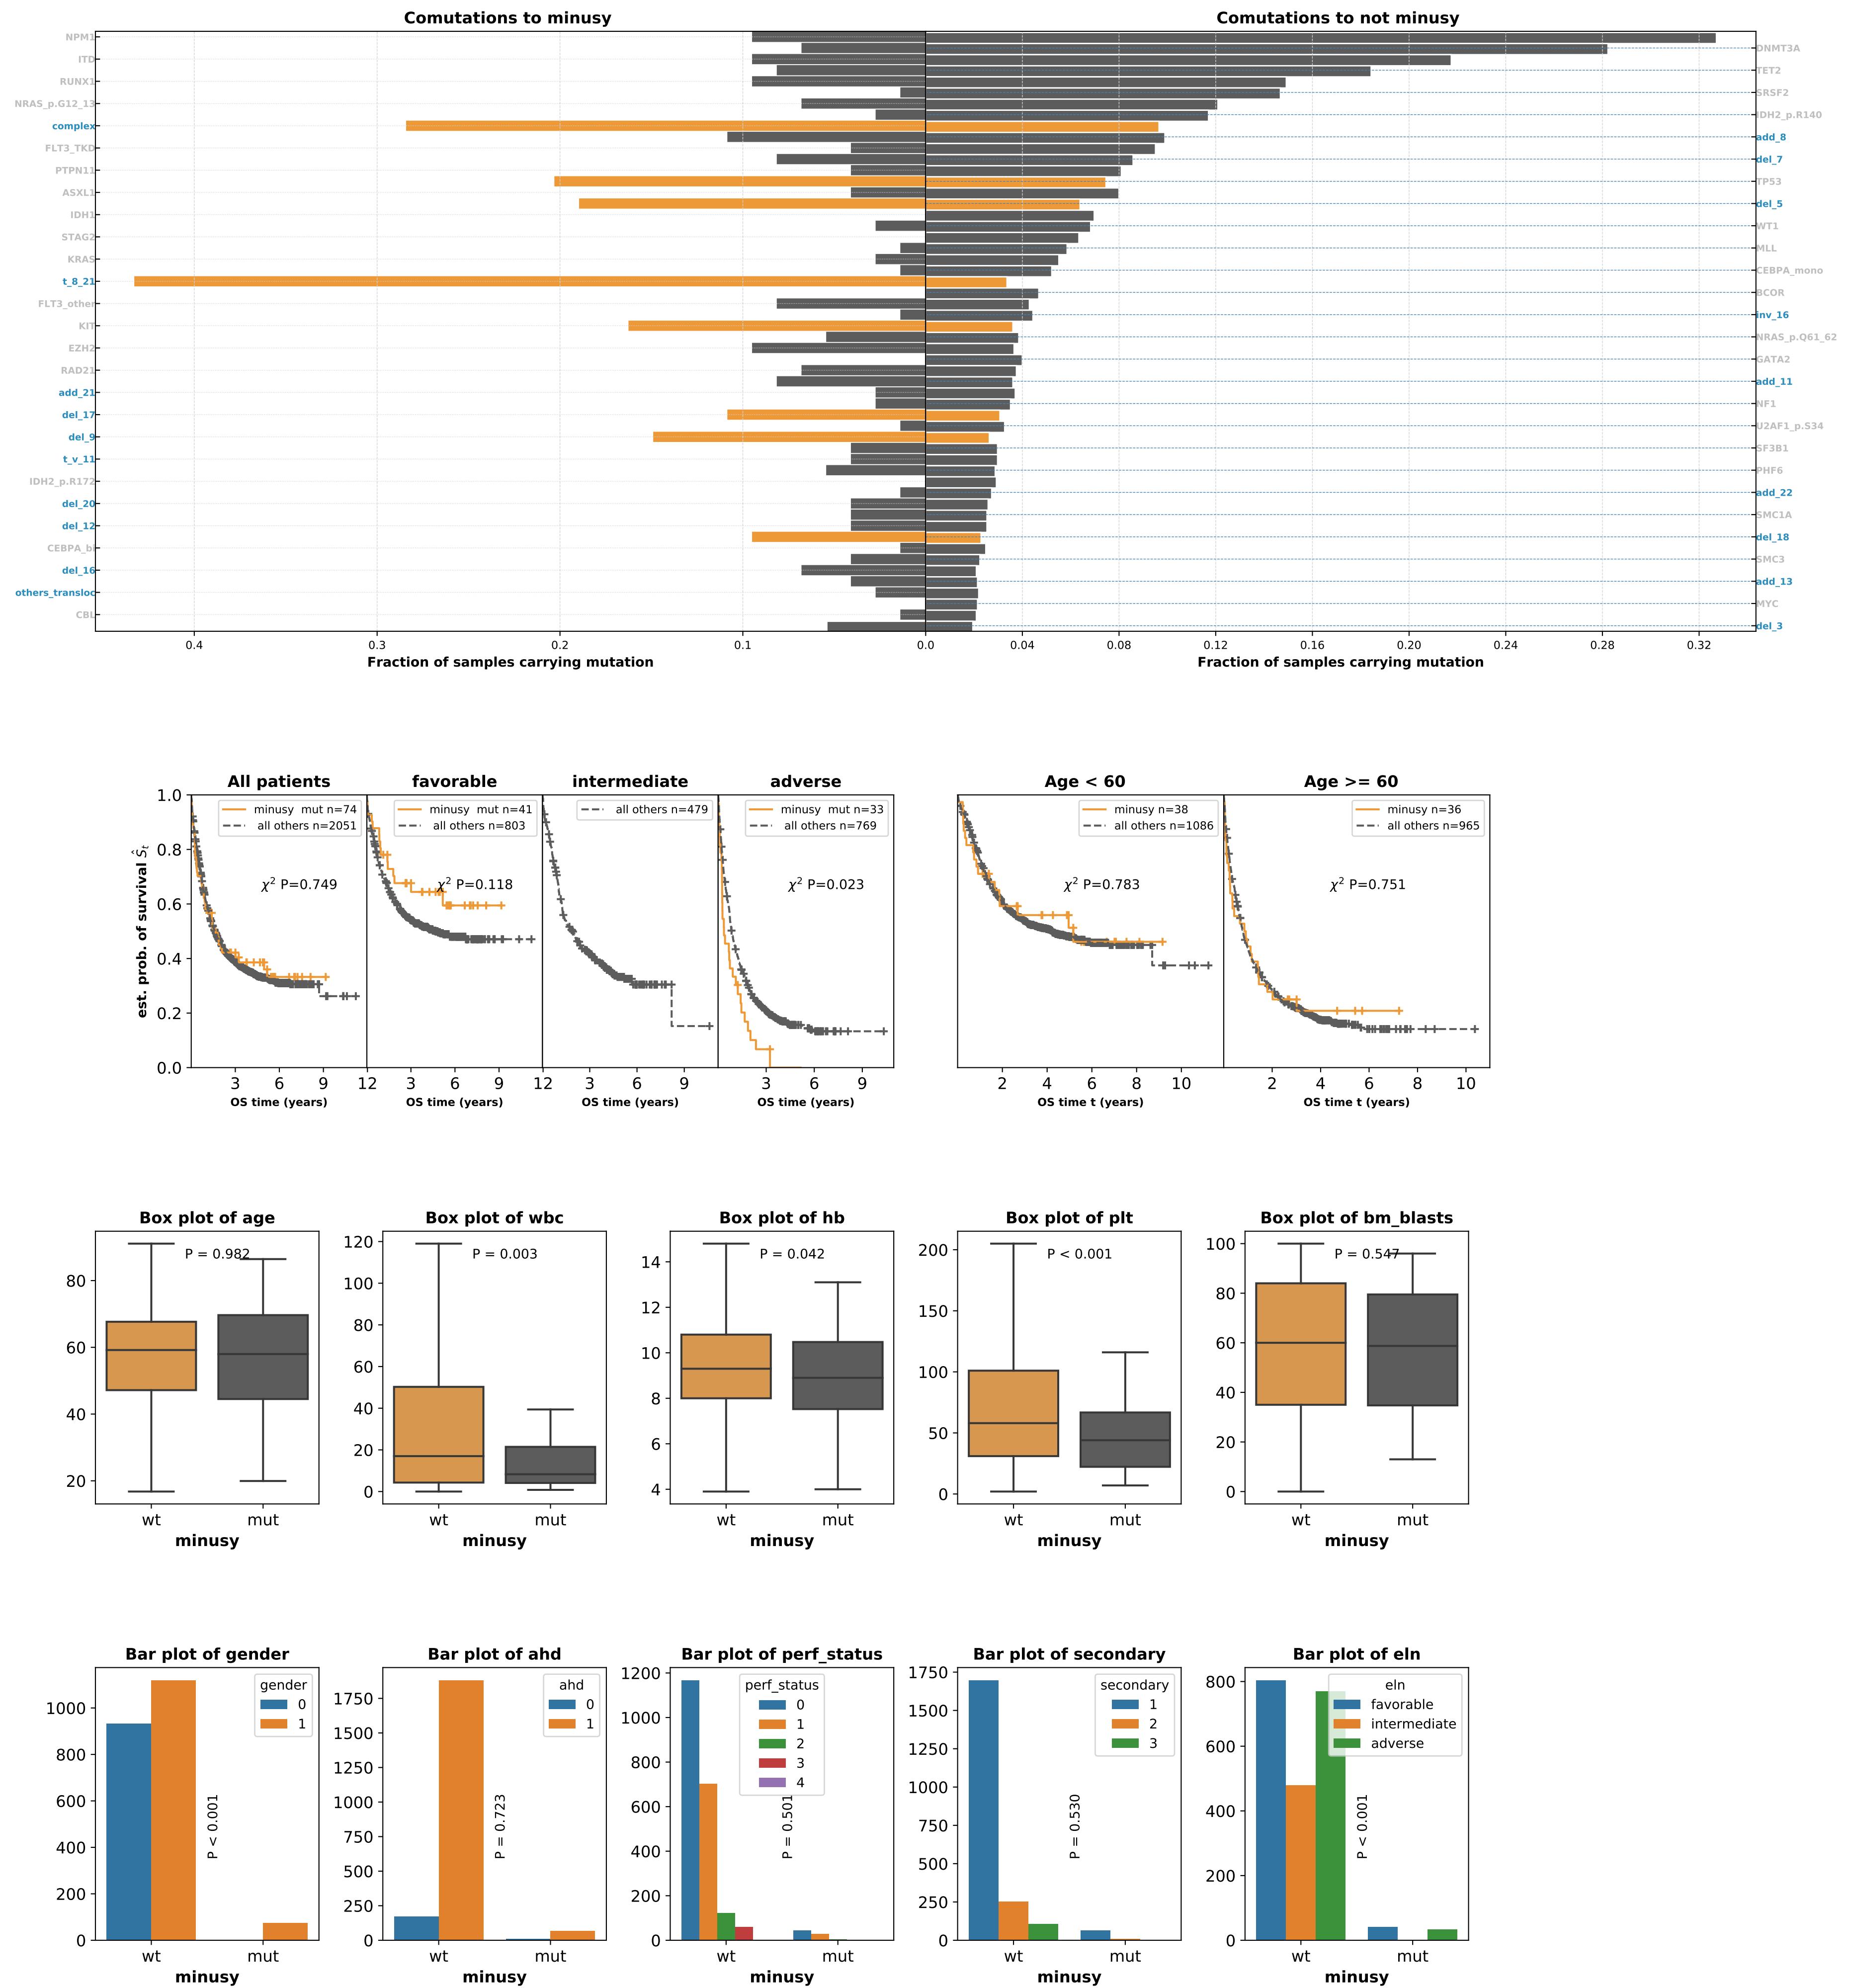

Table of classification, barplot of comutations, KM curves , box plots and bar plots for FLT3_other mutation

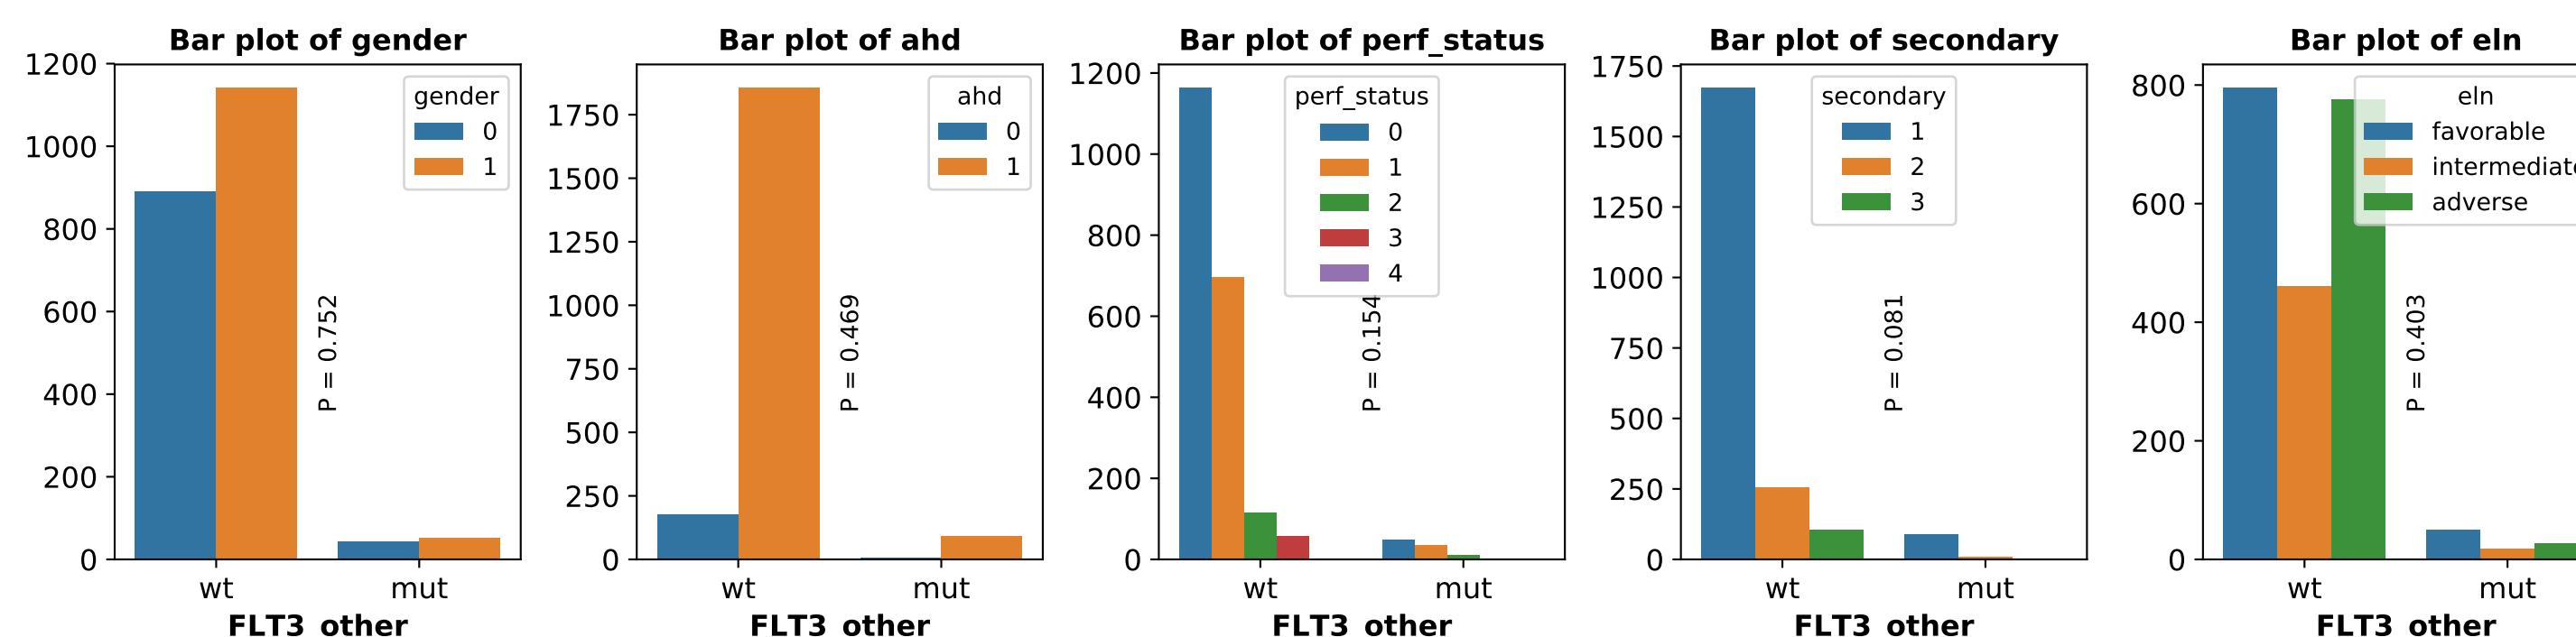

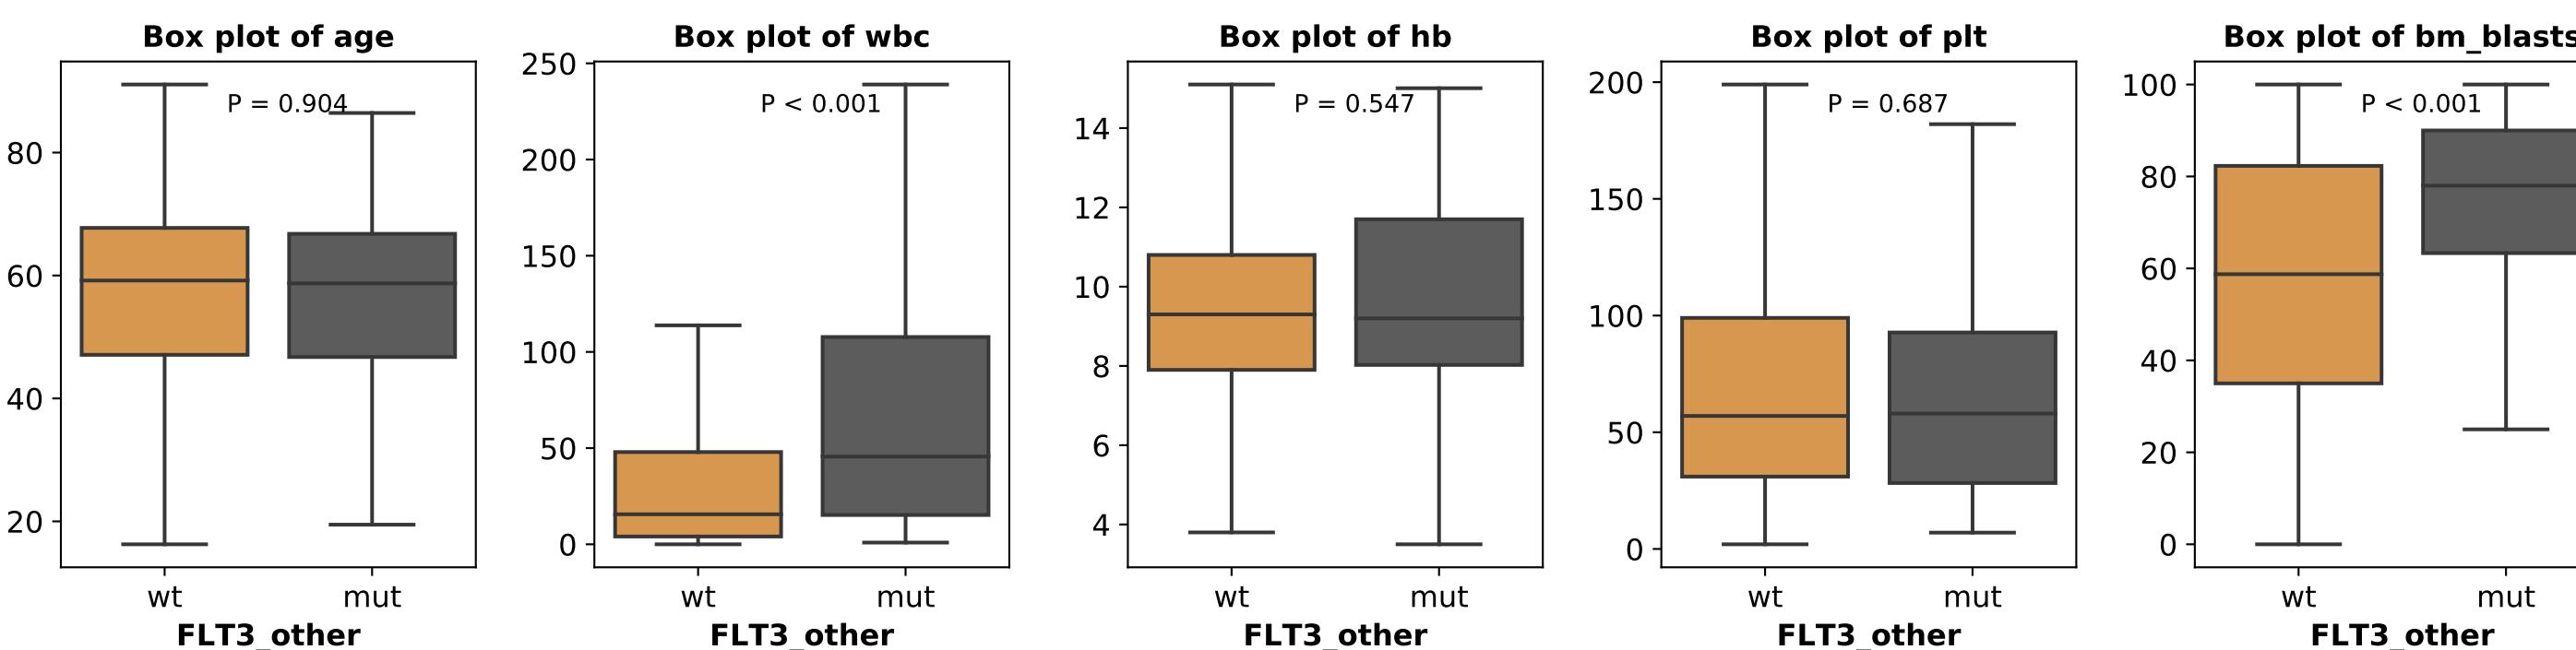

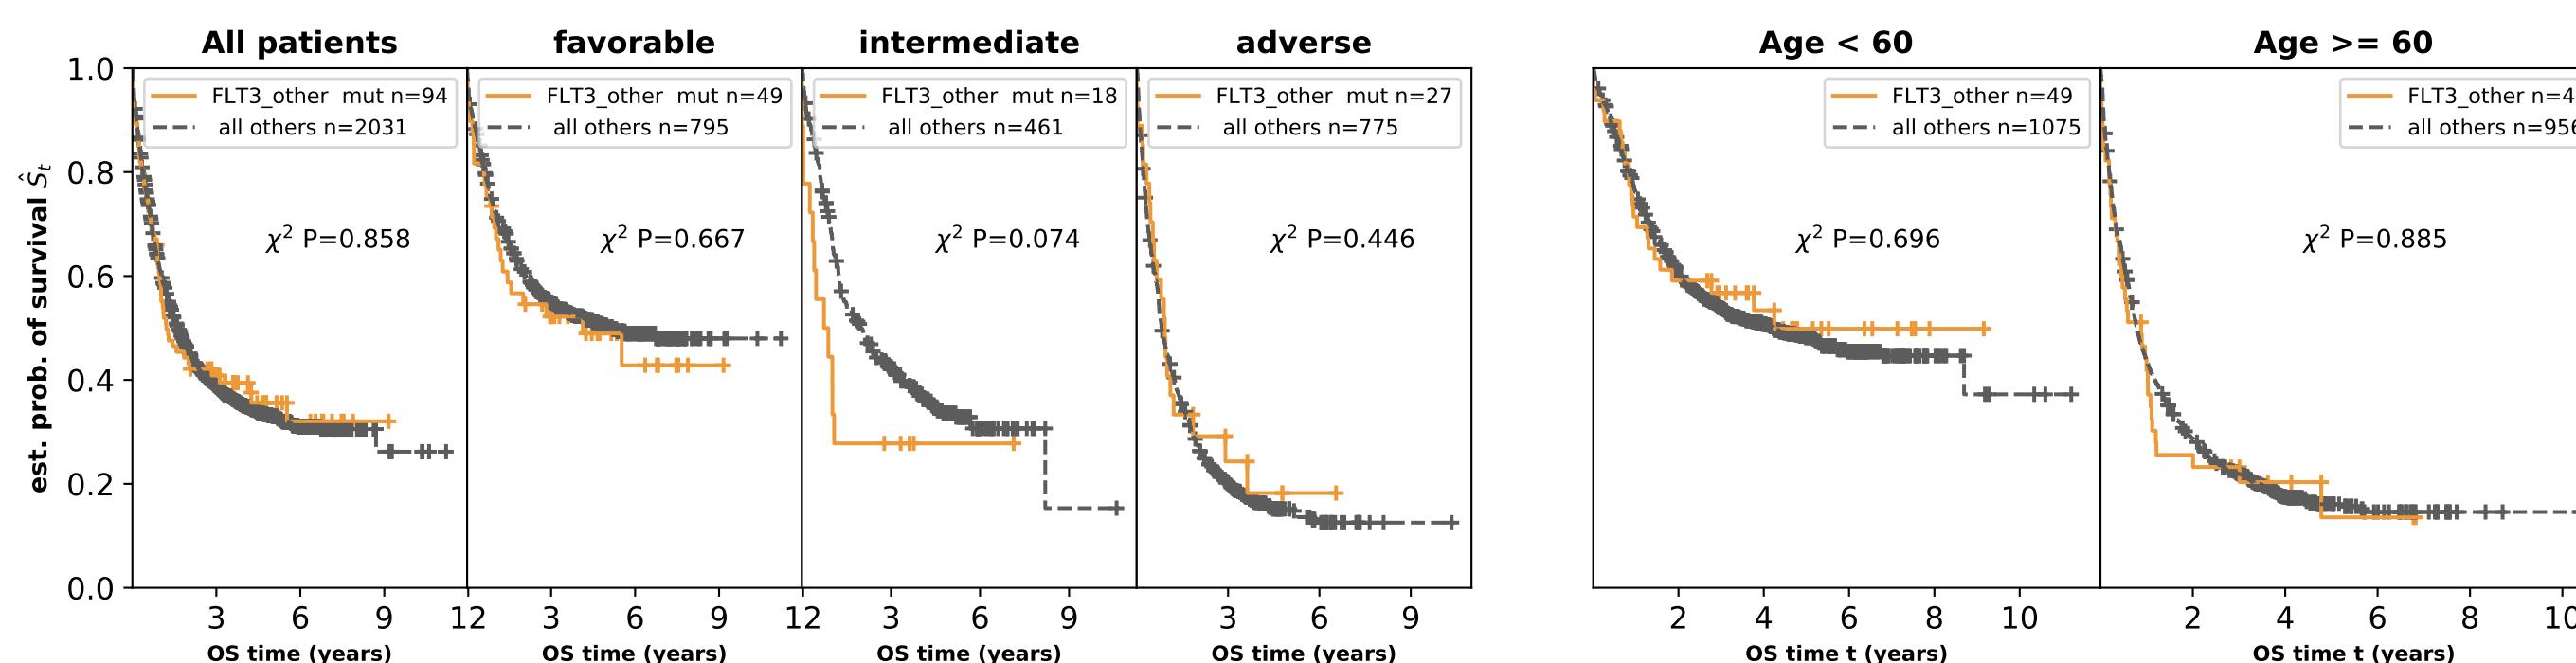

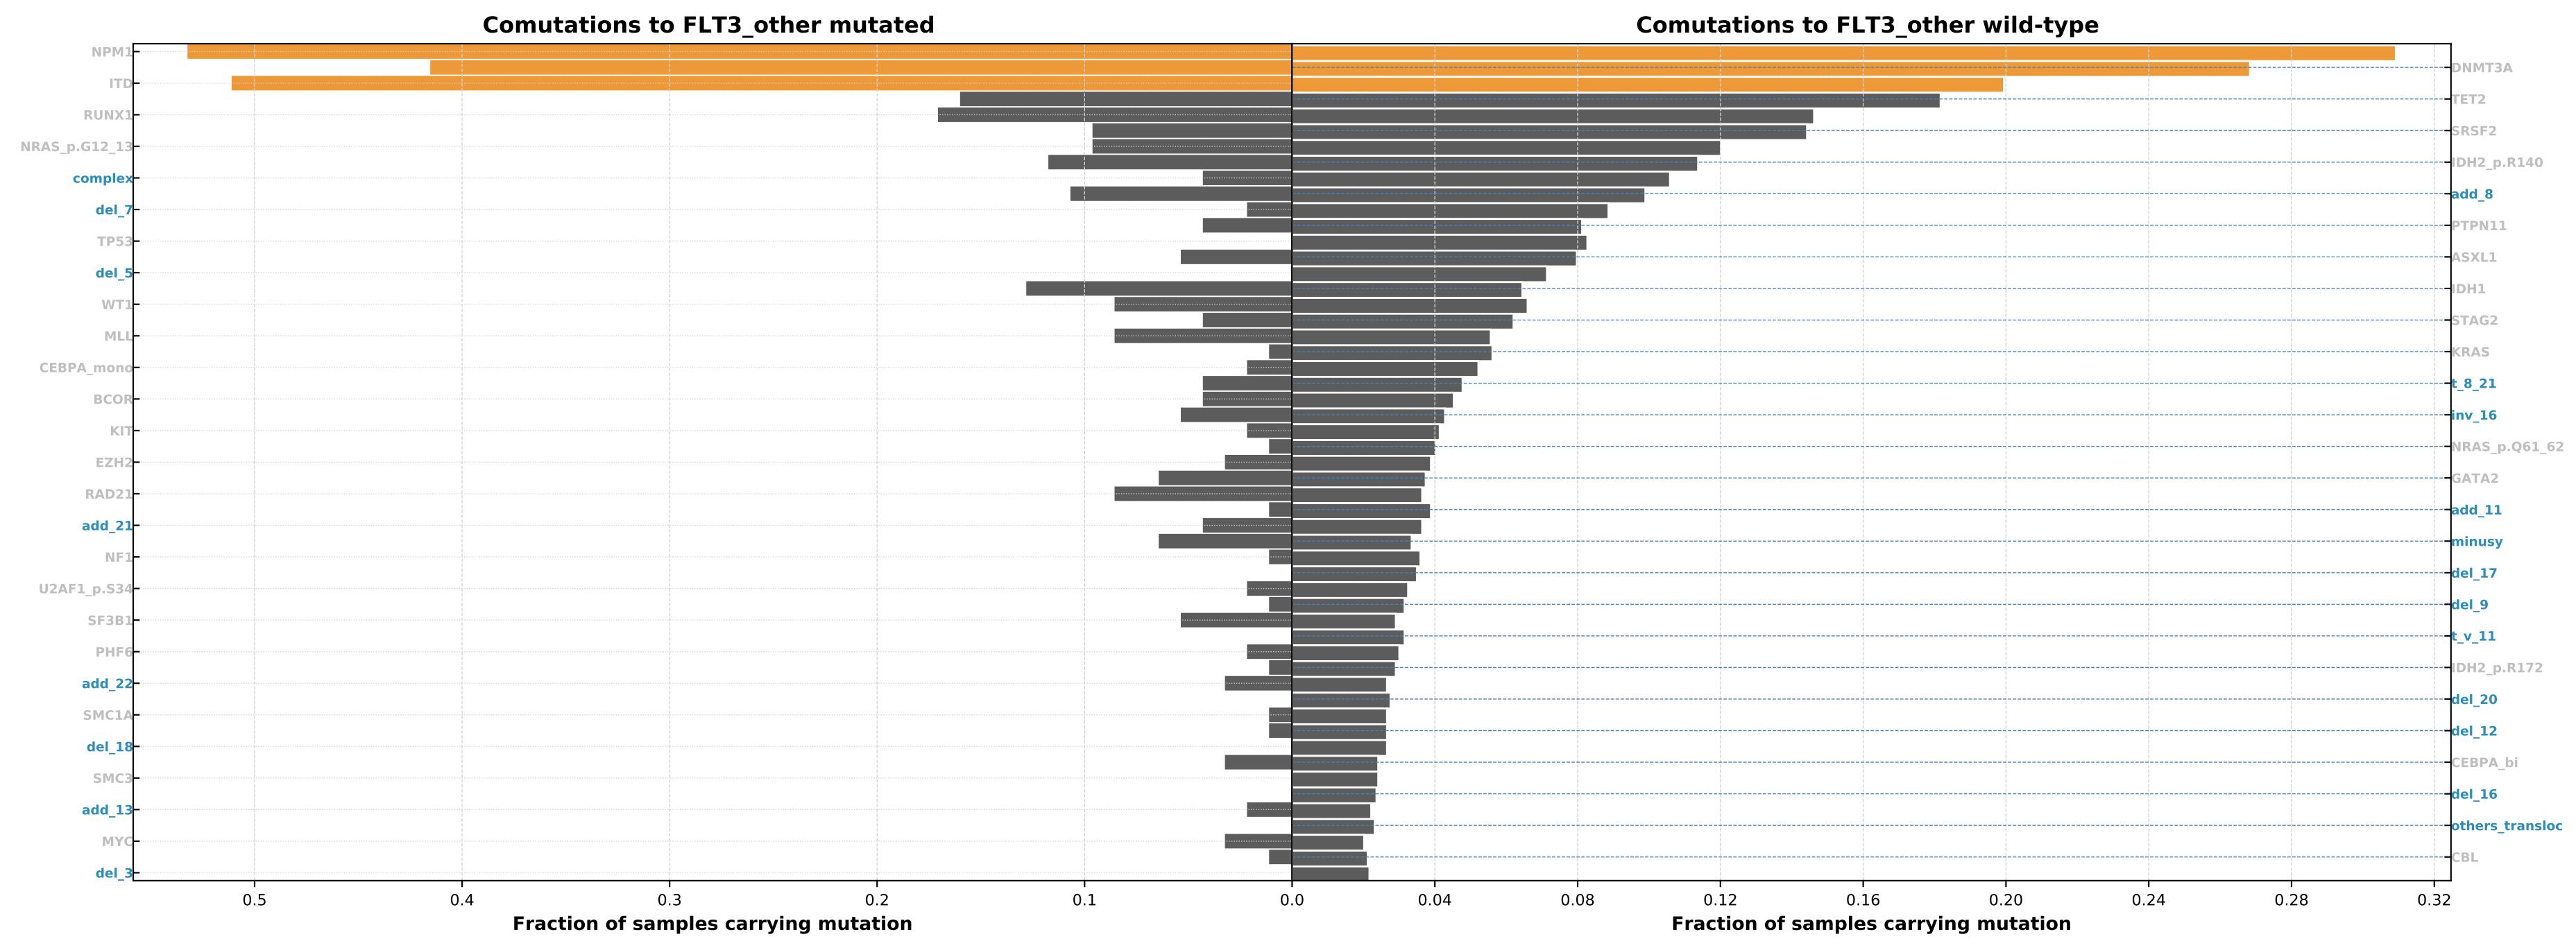

Table of classification, barplot of comutations, KM curves , box plots and bar plots for add_21

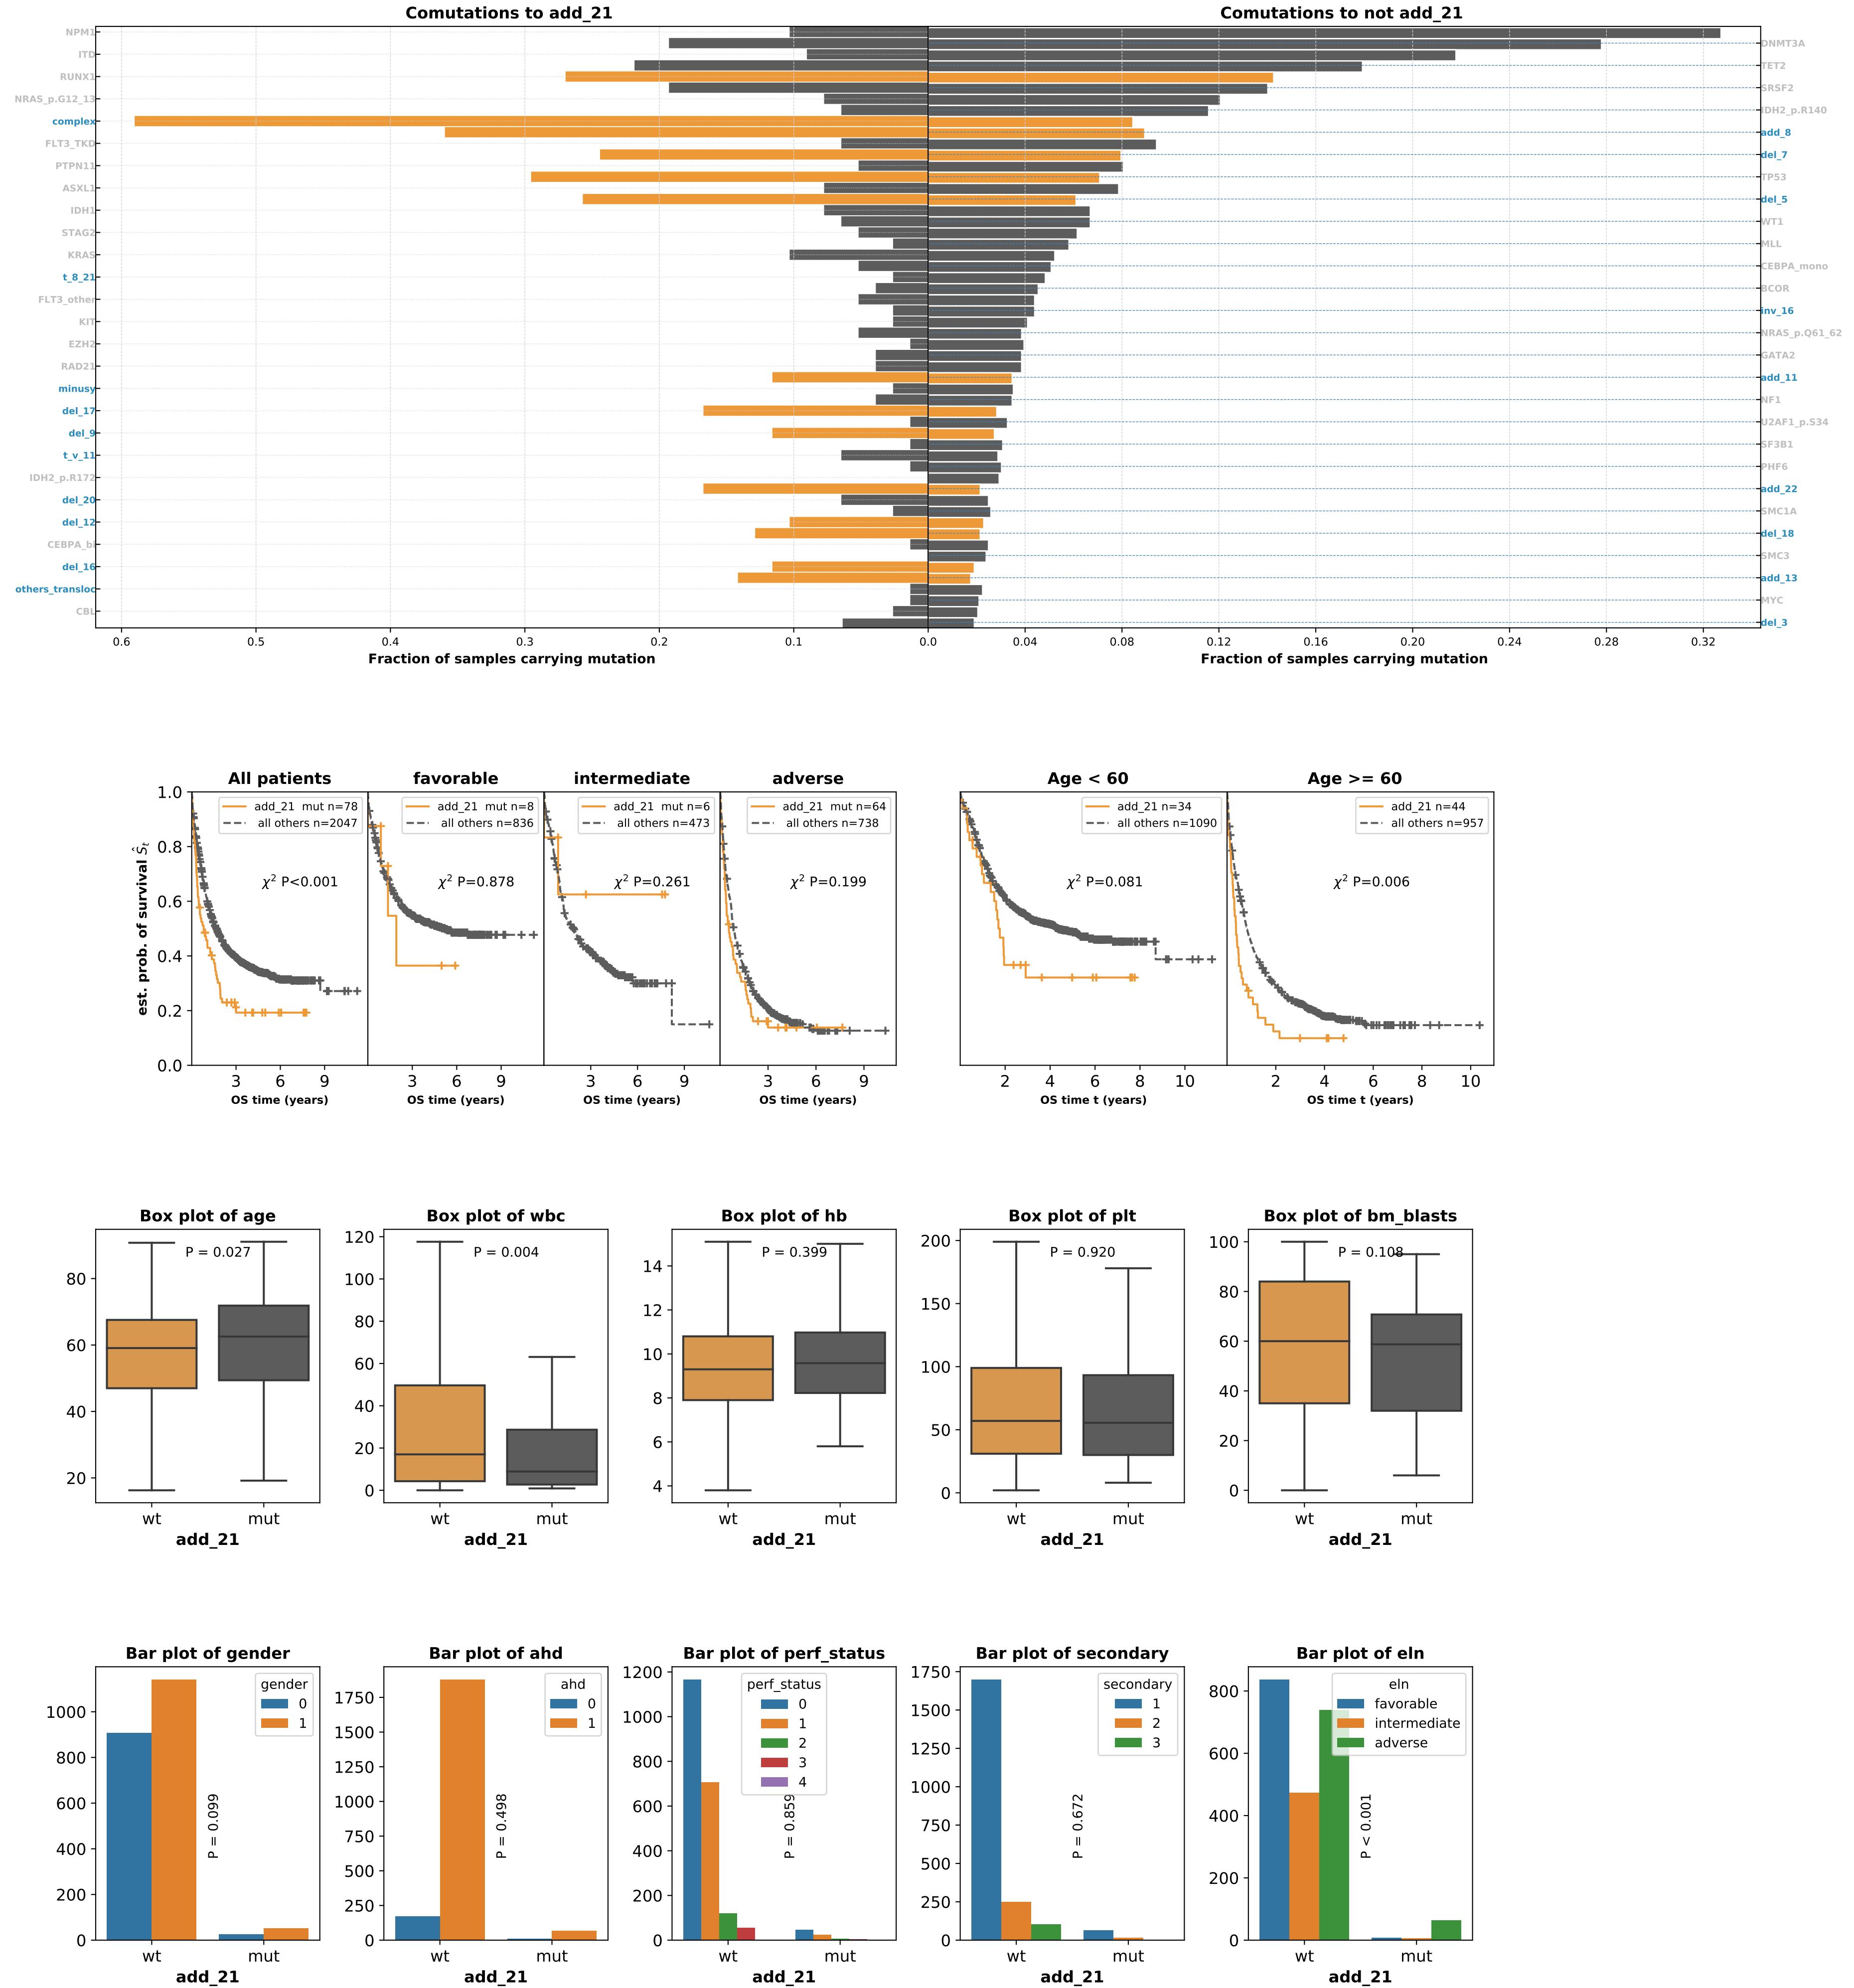

Table of classification, barplot of comutations, KM curves , box plots and bar plots for IDH2_p.R140 mutation

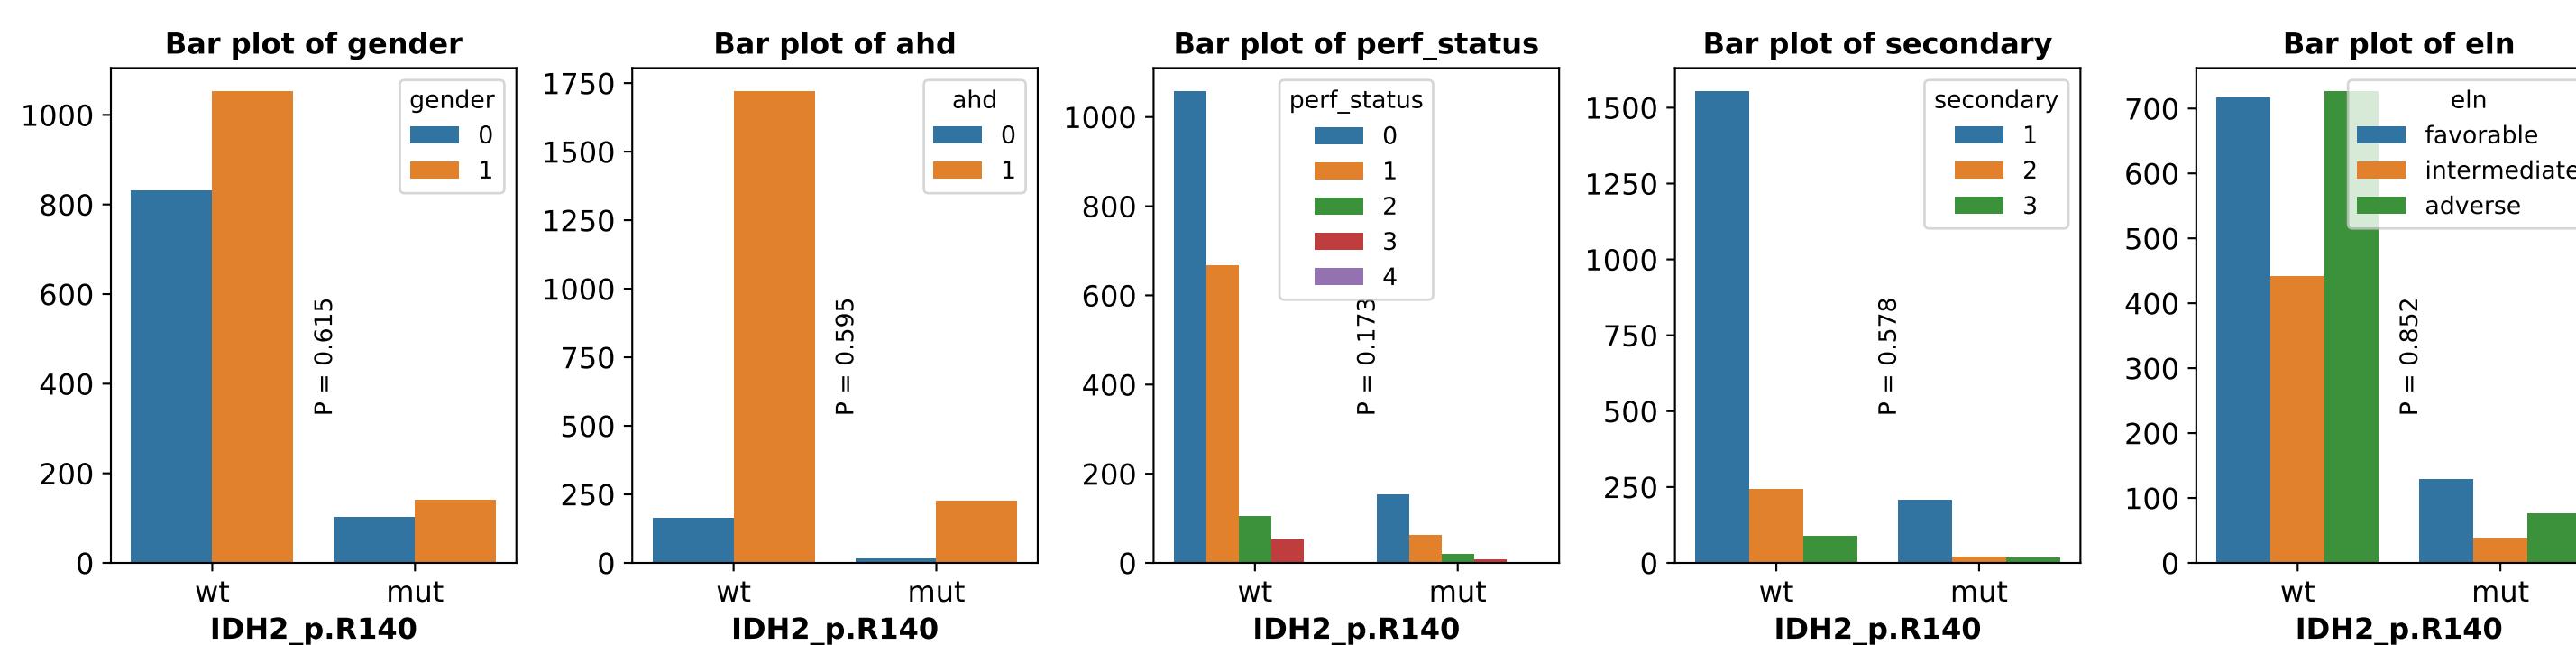

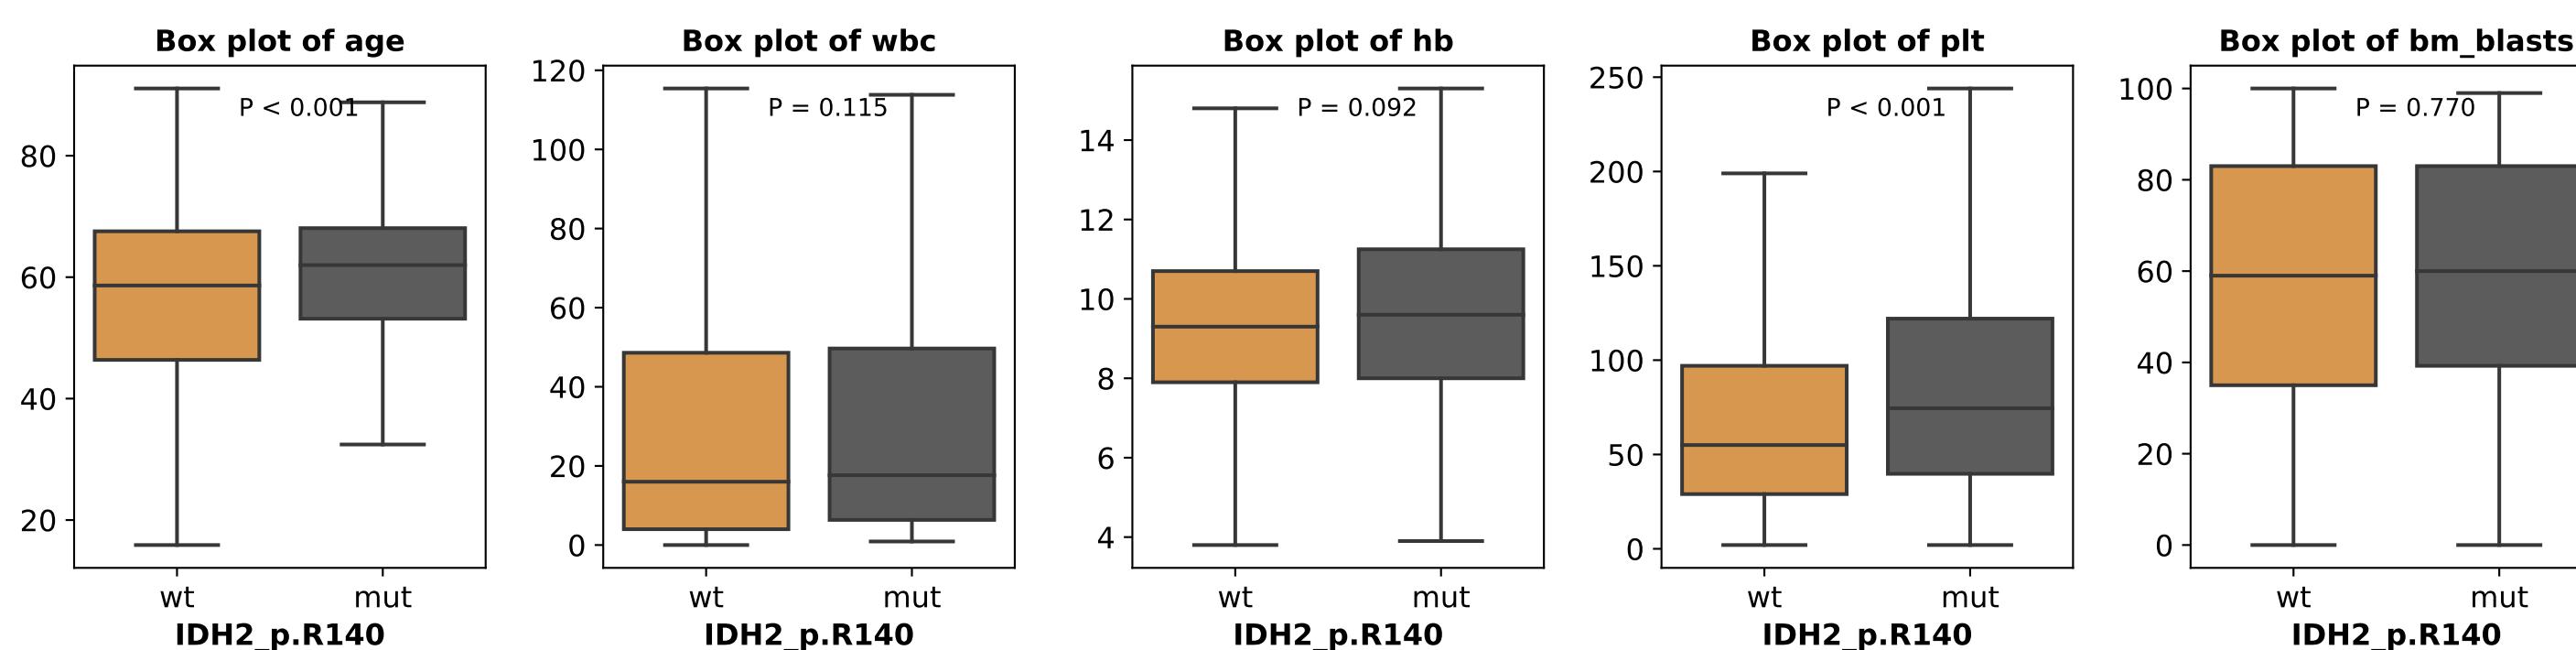

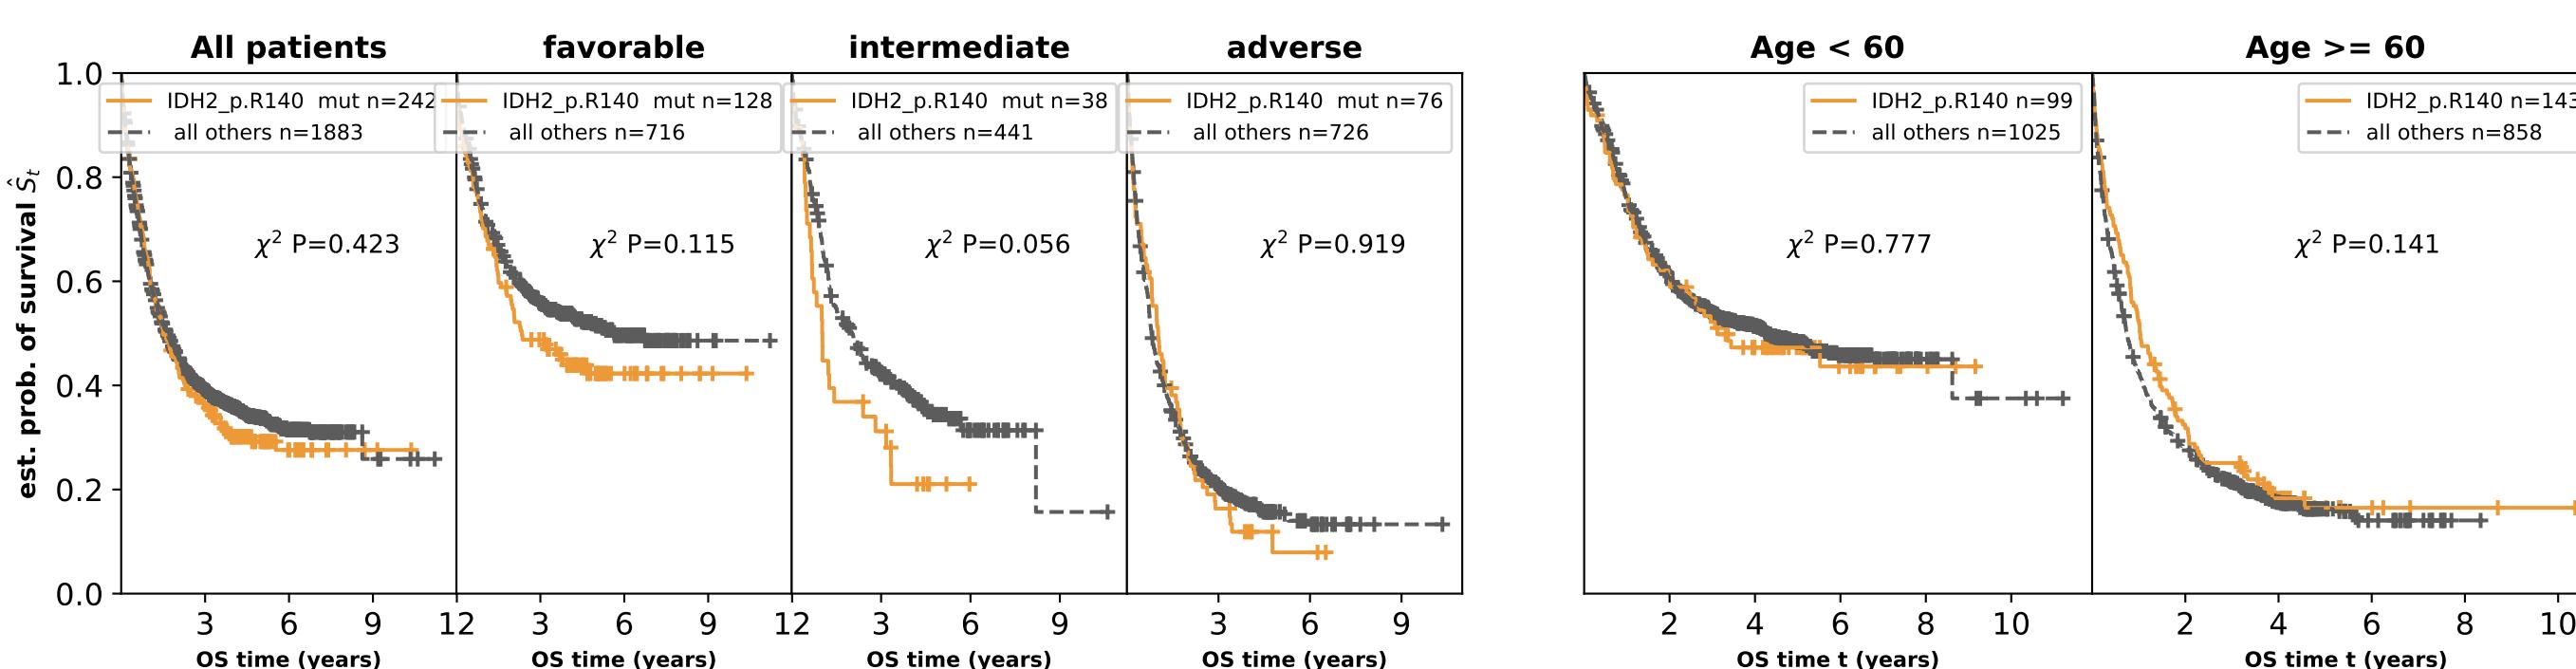

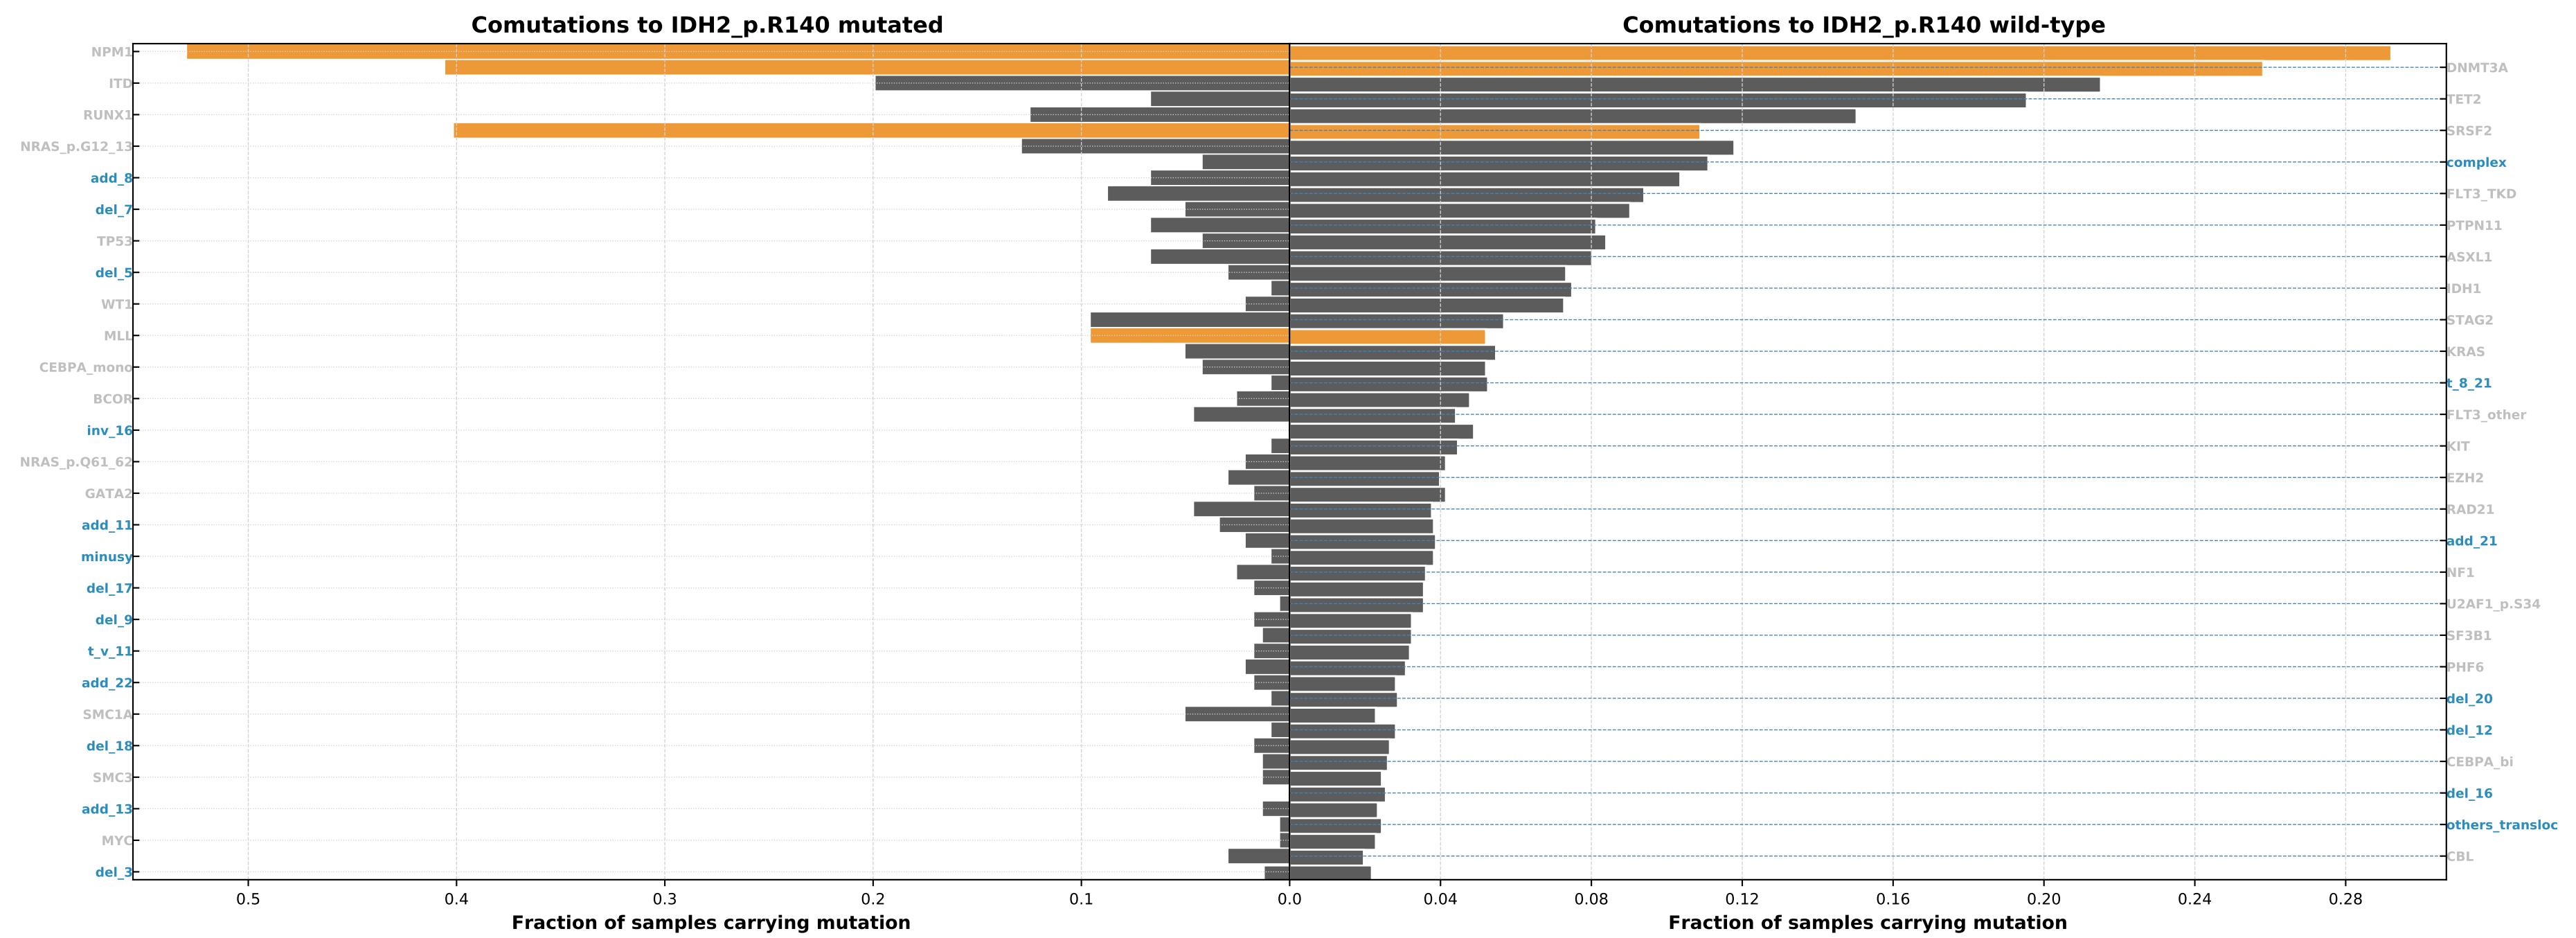

Table of classification, barplot of mutations, KM curves , box plots and bar plots for KIT mutation

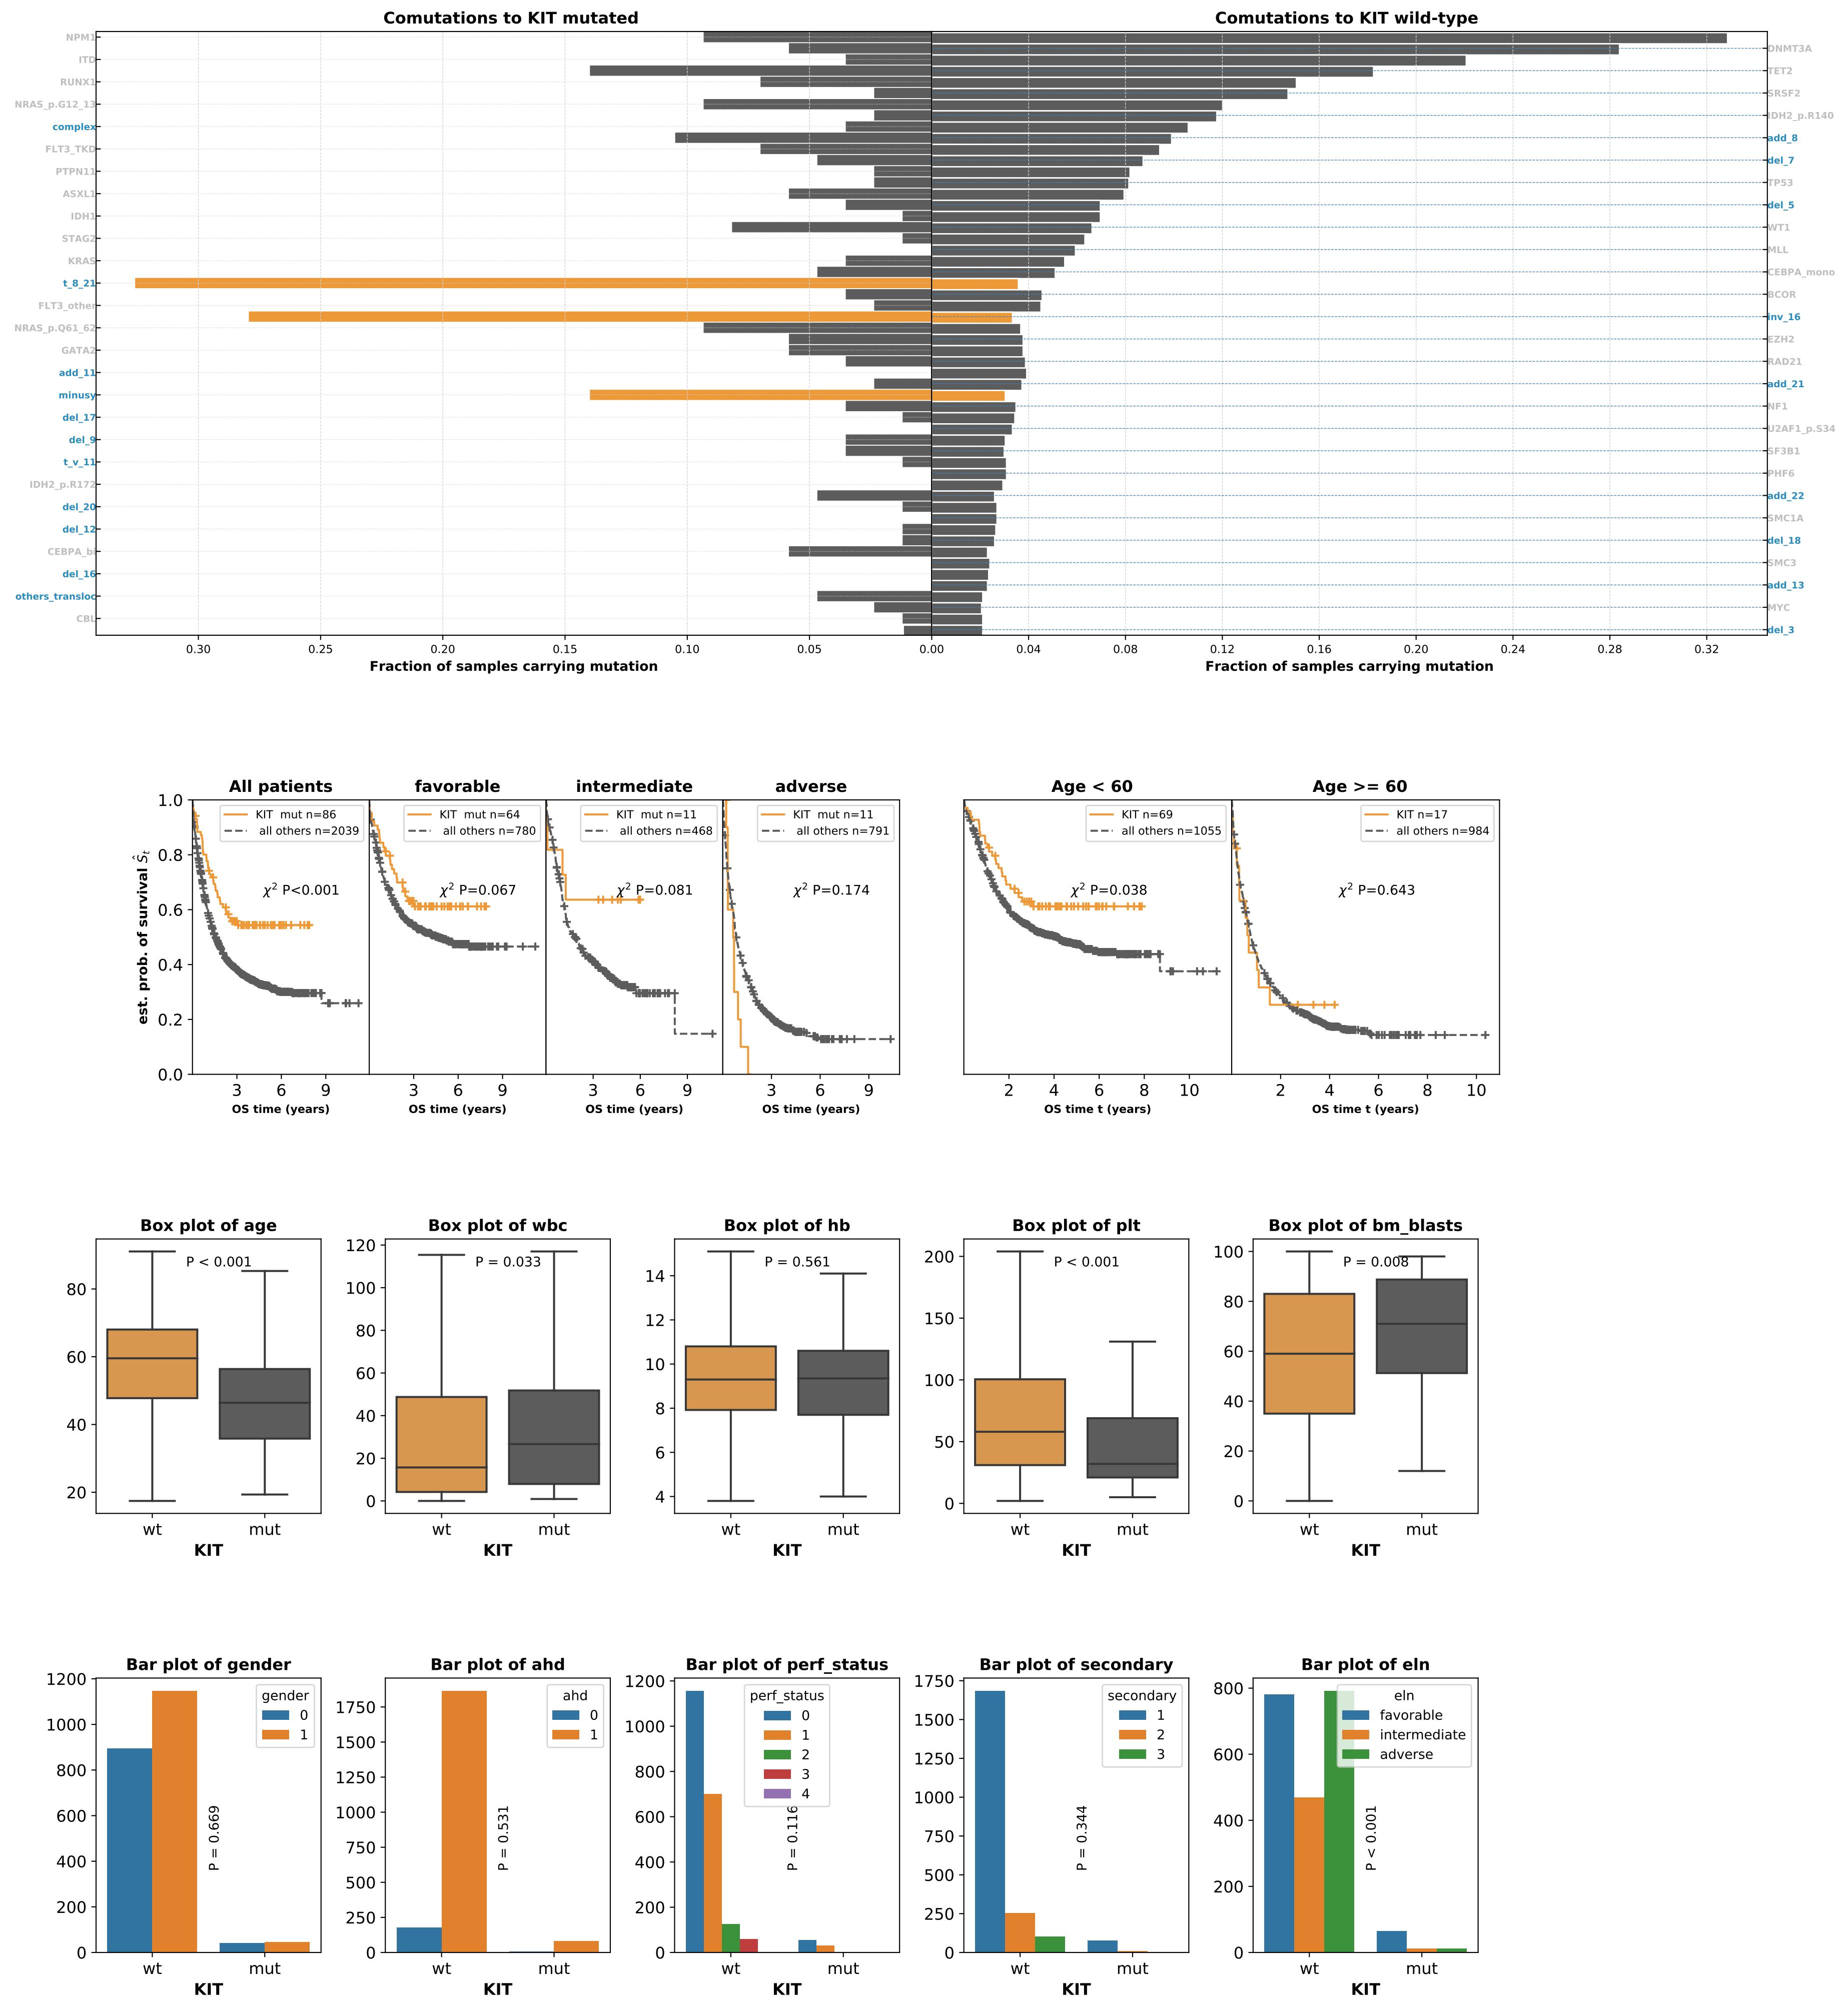

Table of classification, barplot of comutations, KM curves , box plots and bar plots for RUNX1 mutation

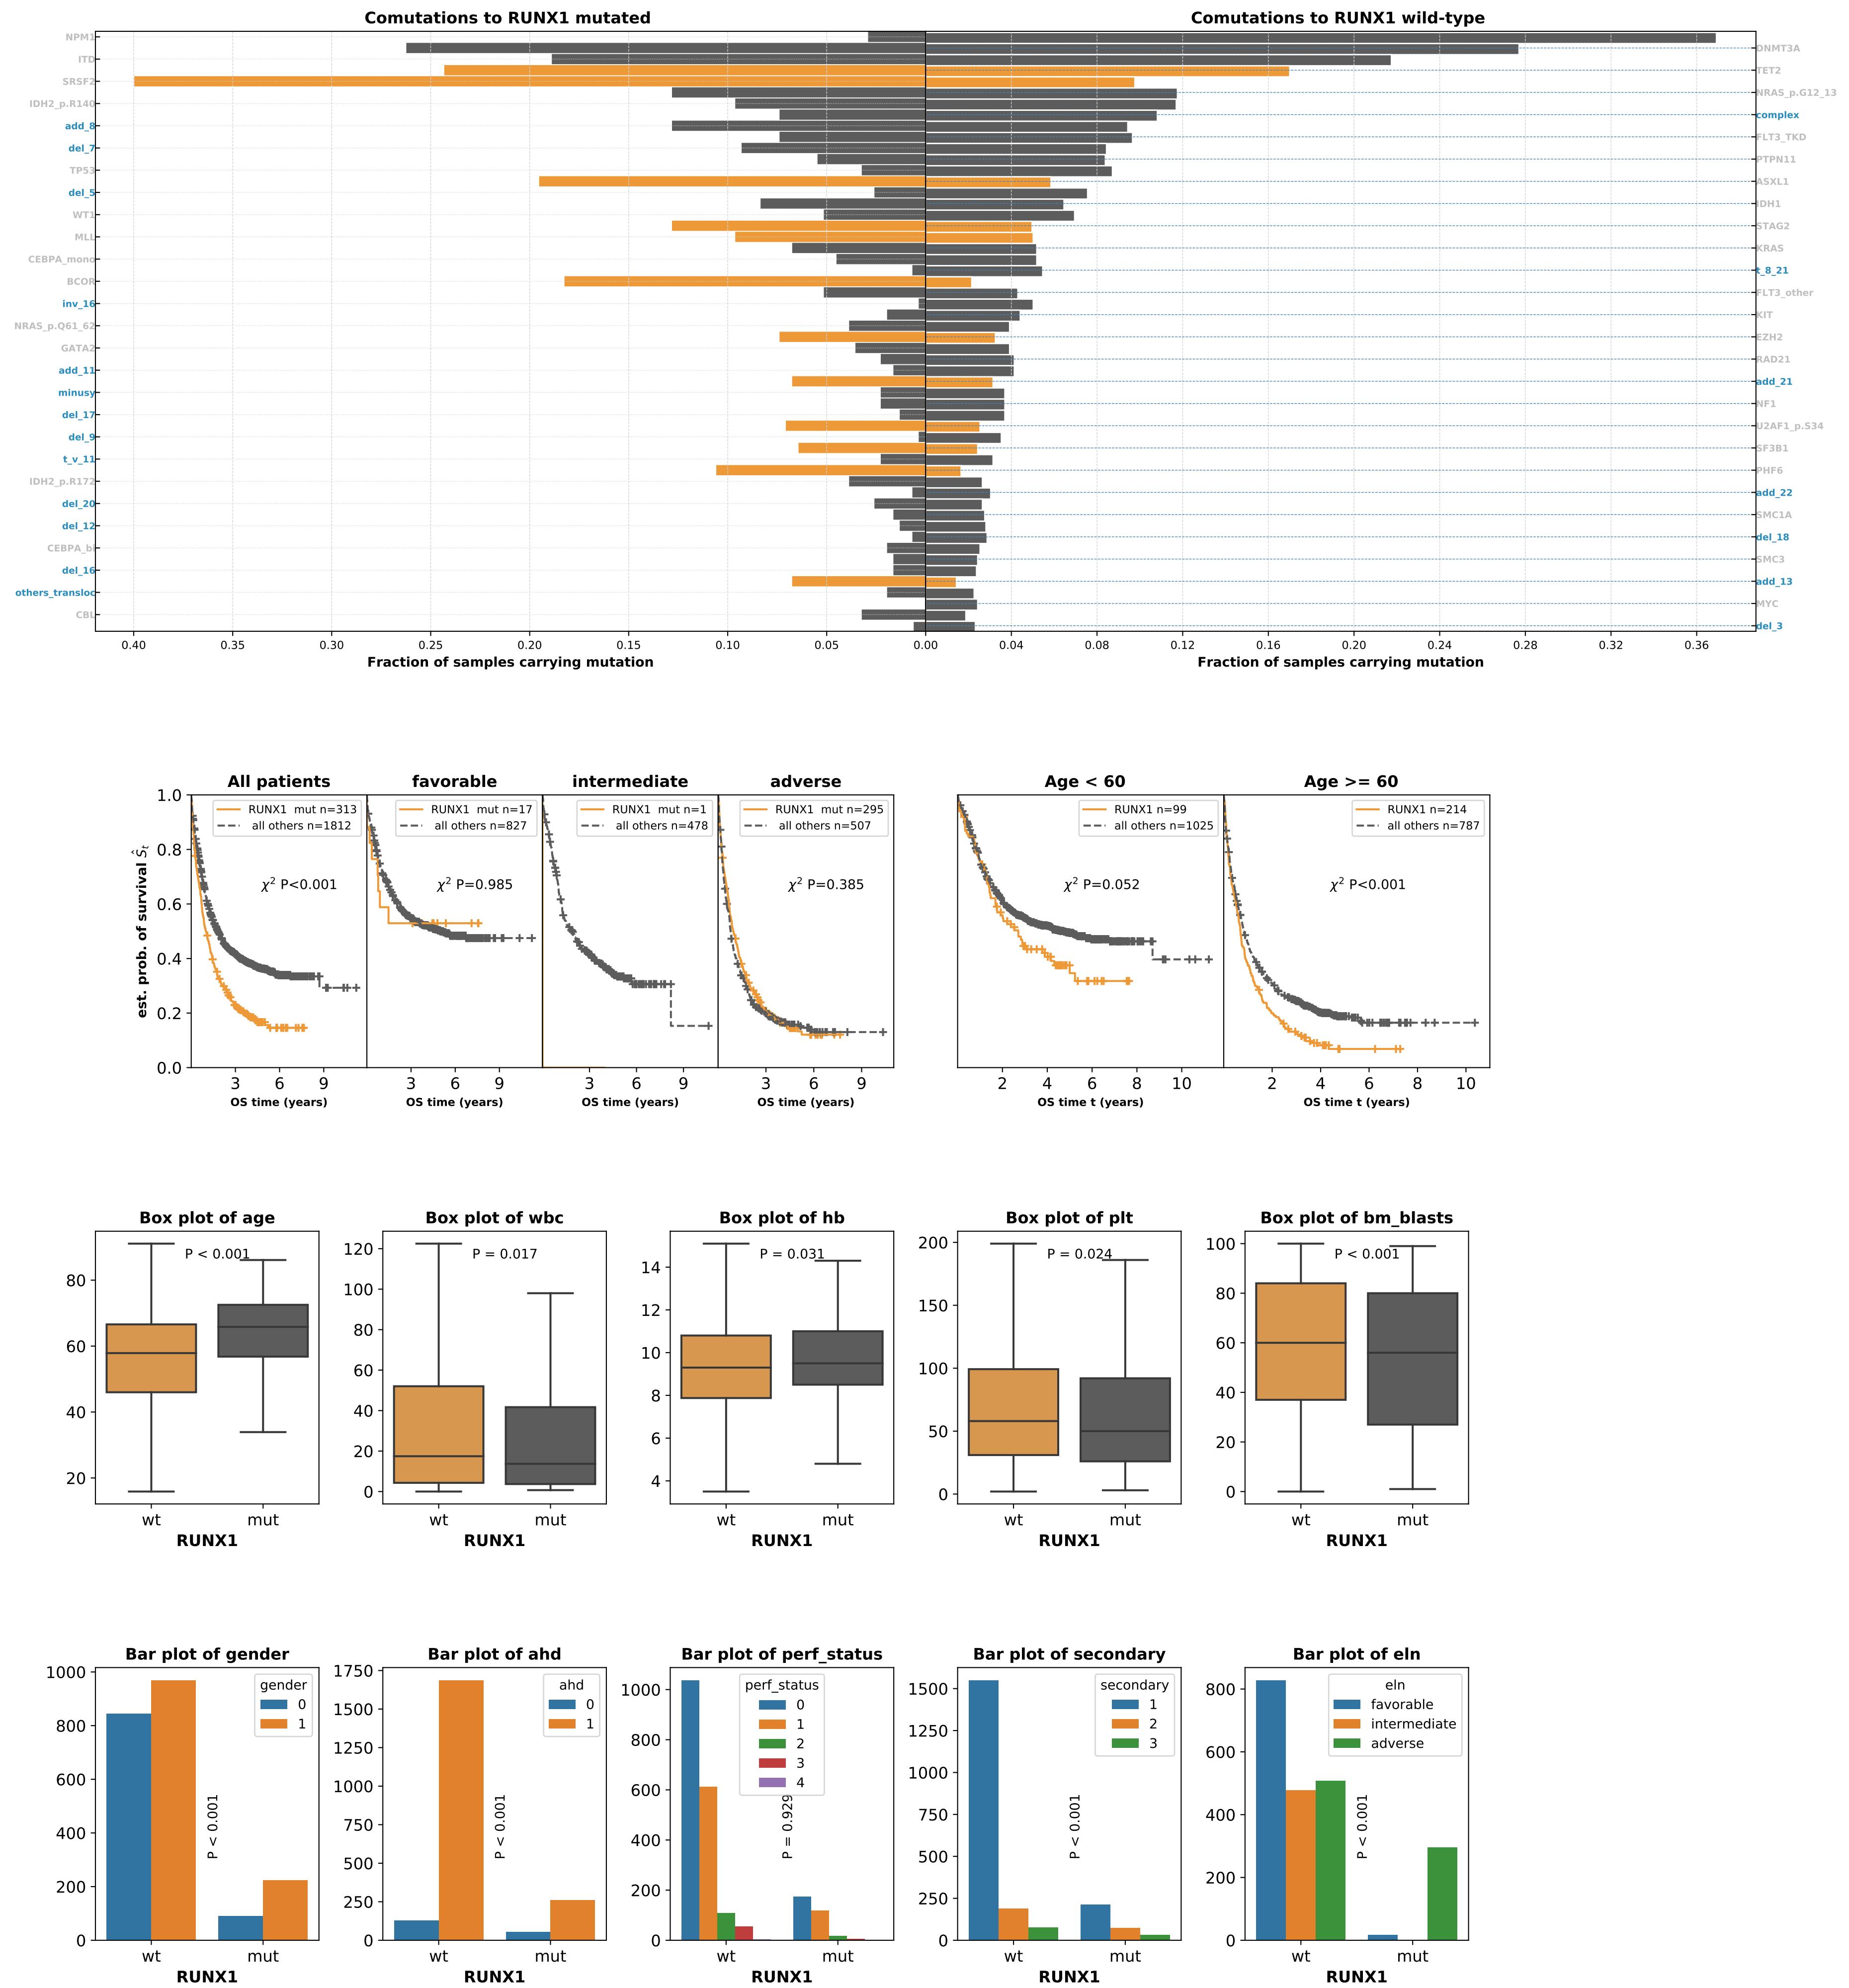

Table of classification, barplot of comutations, KM curves , box plots and bar plots for PTPN11 mutation

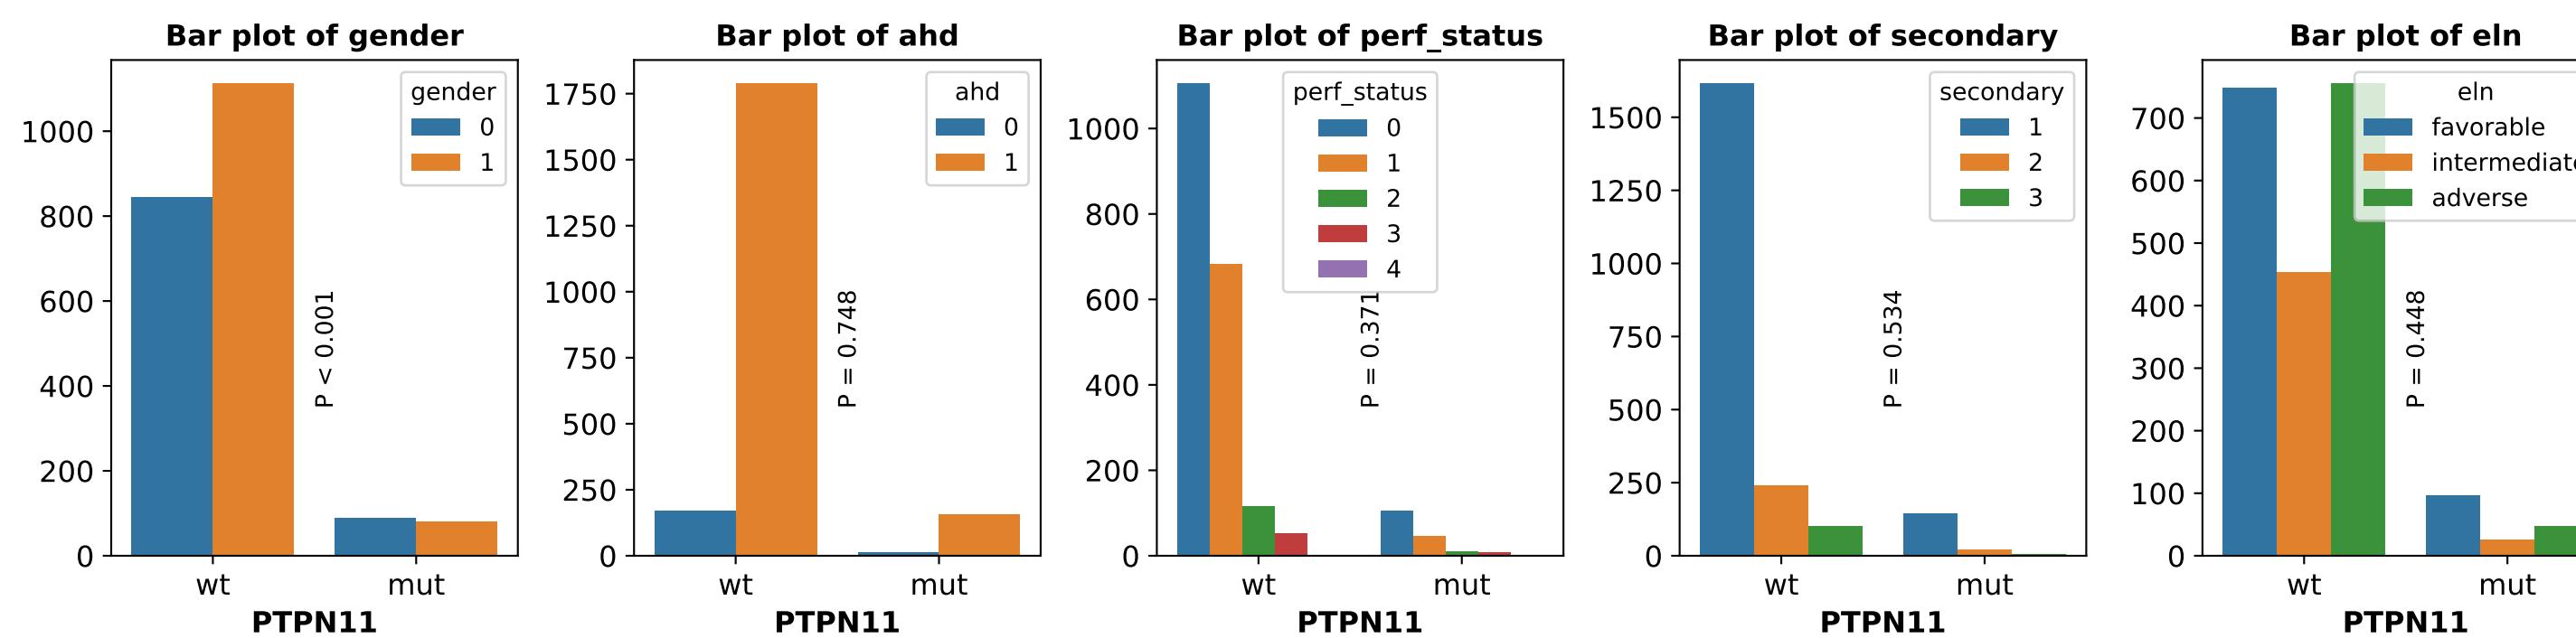

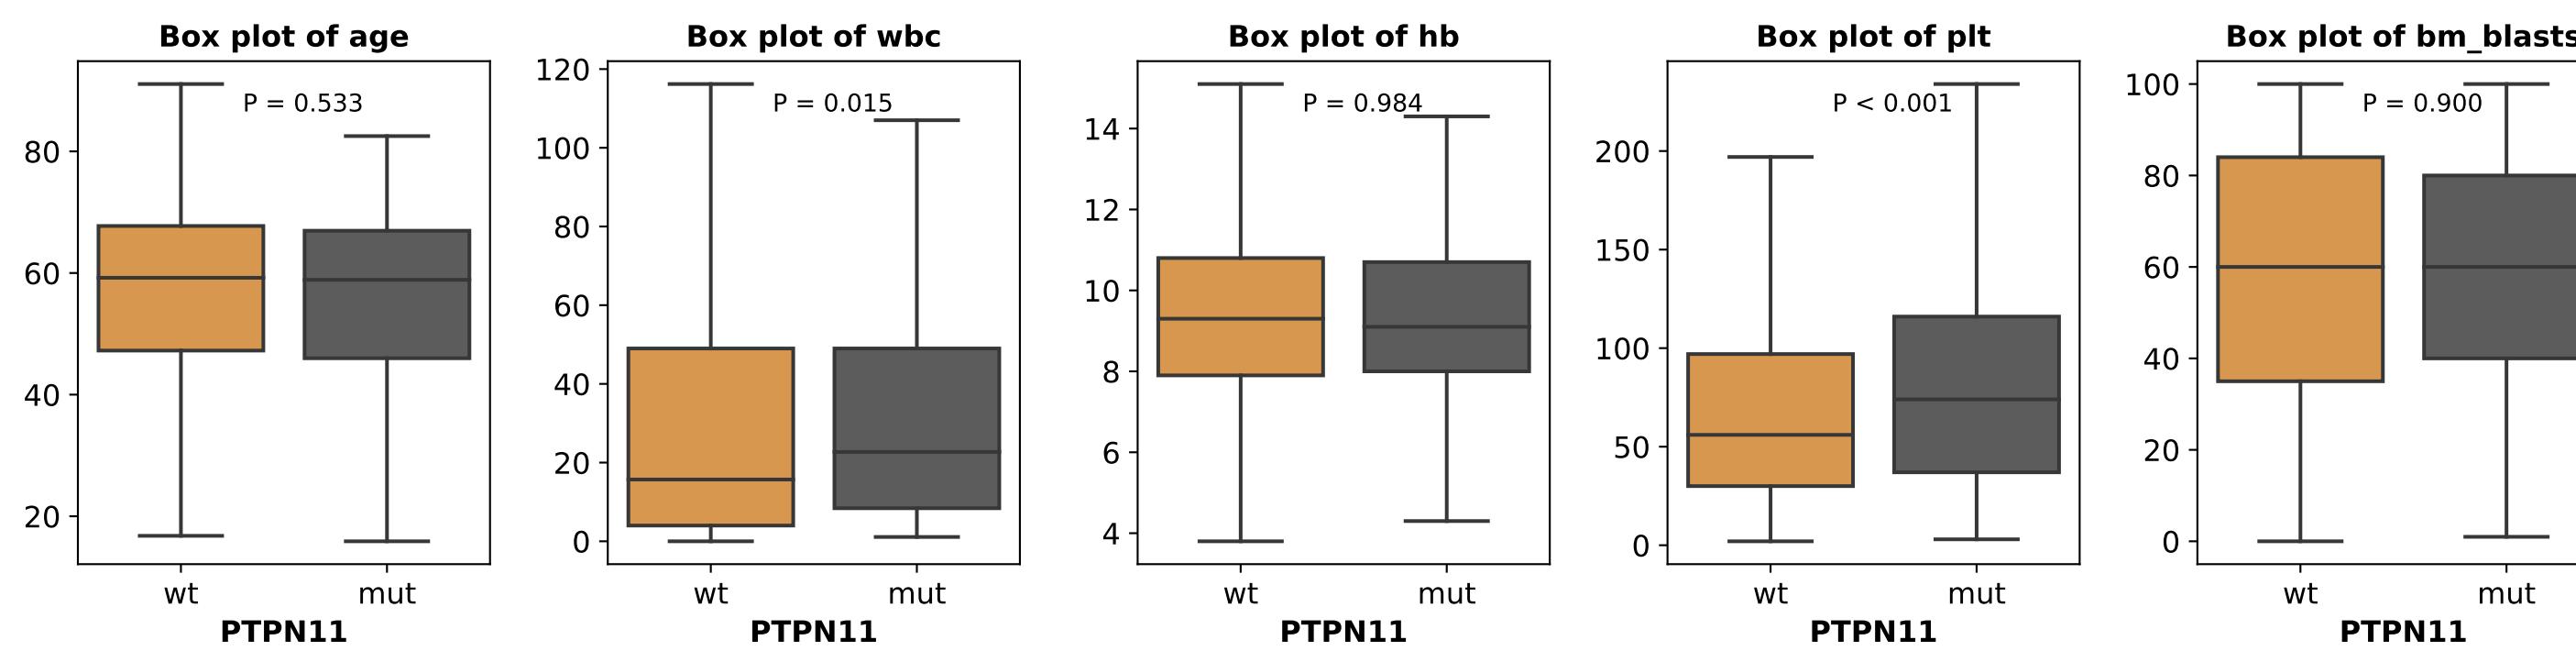

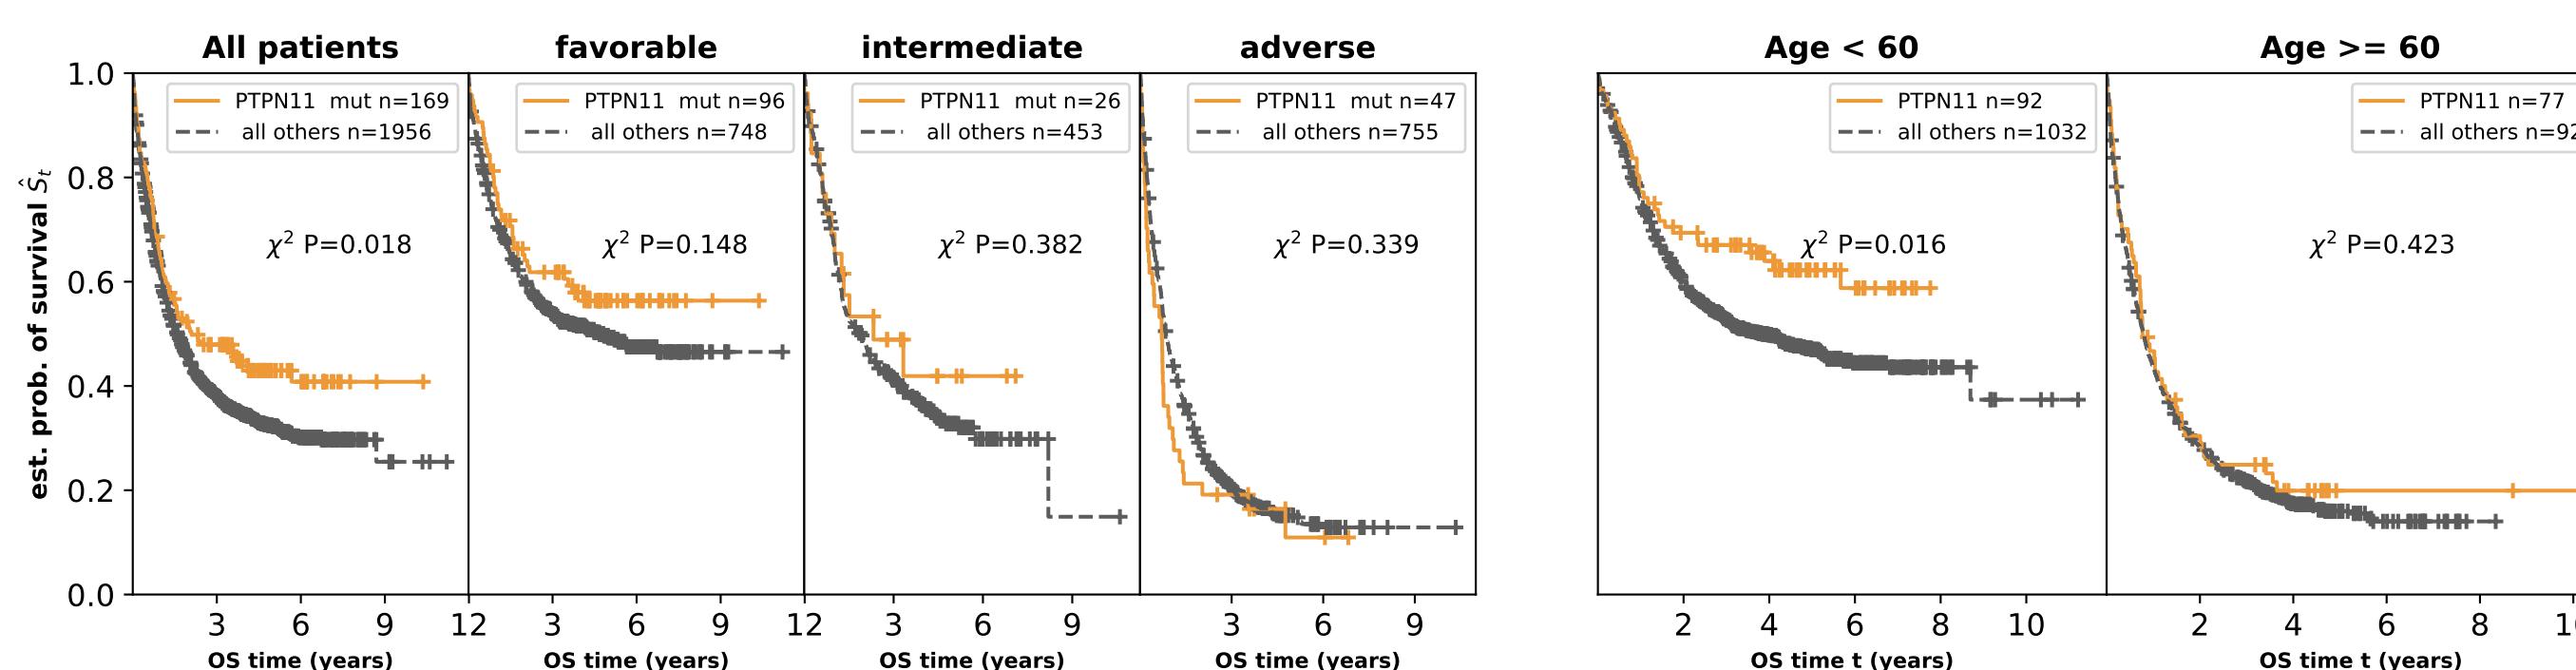

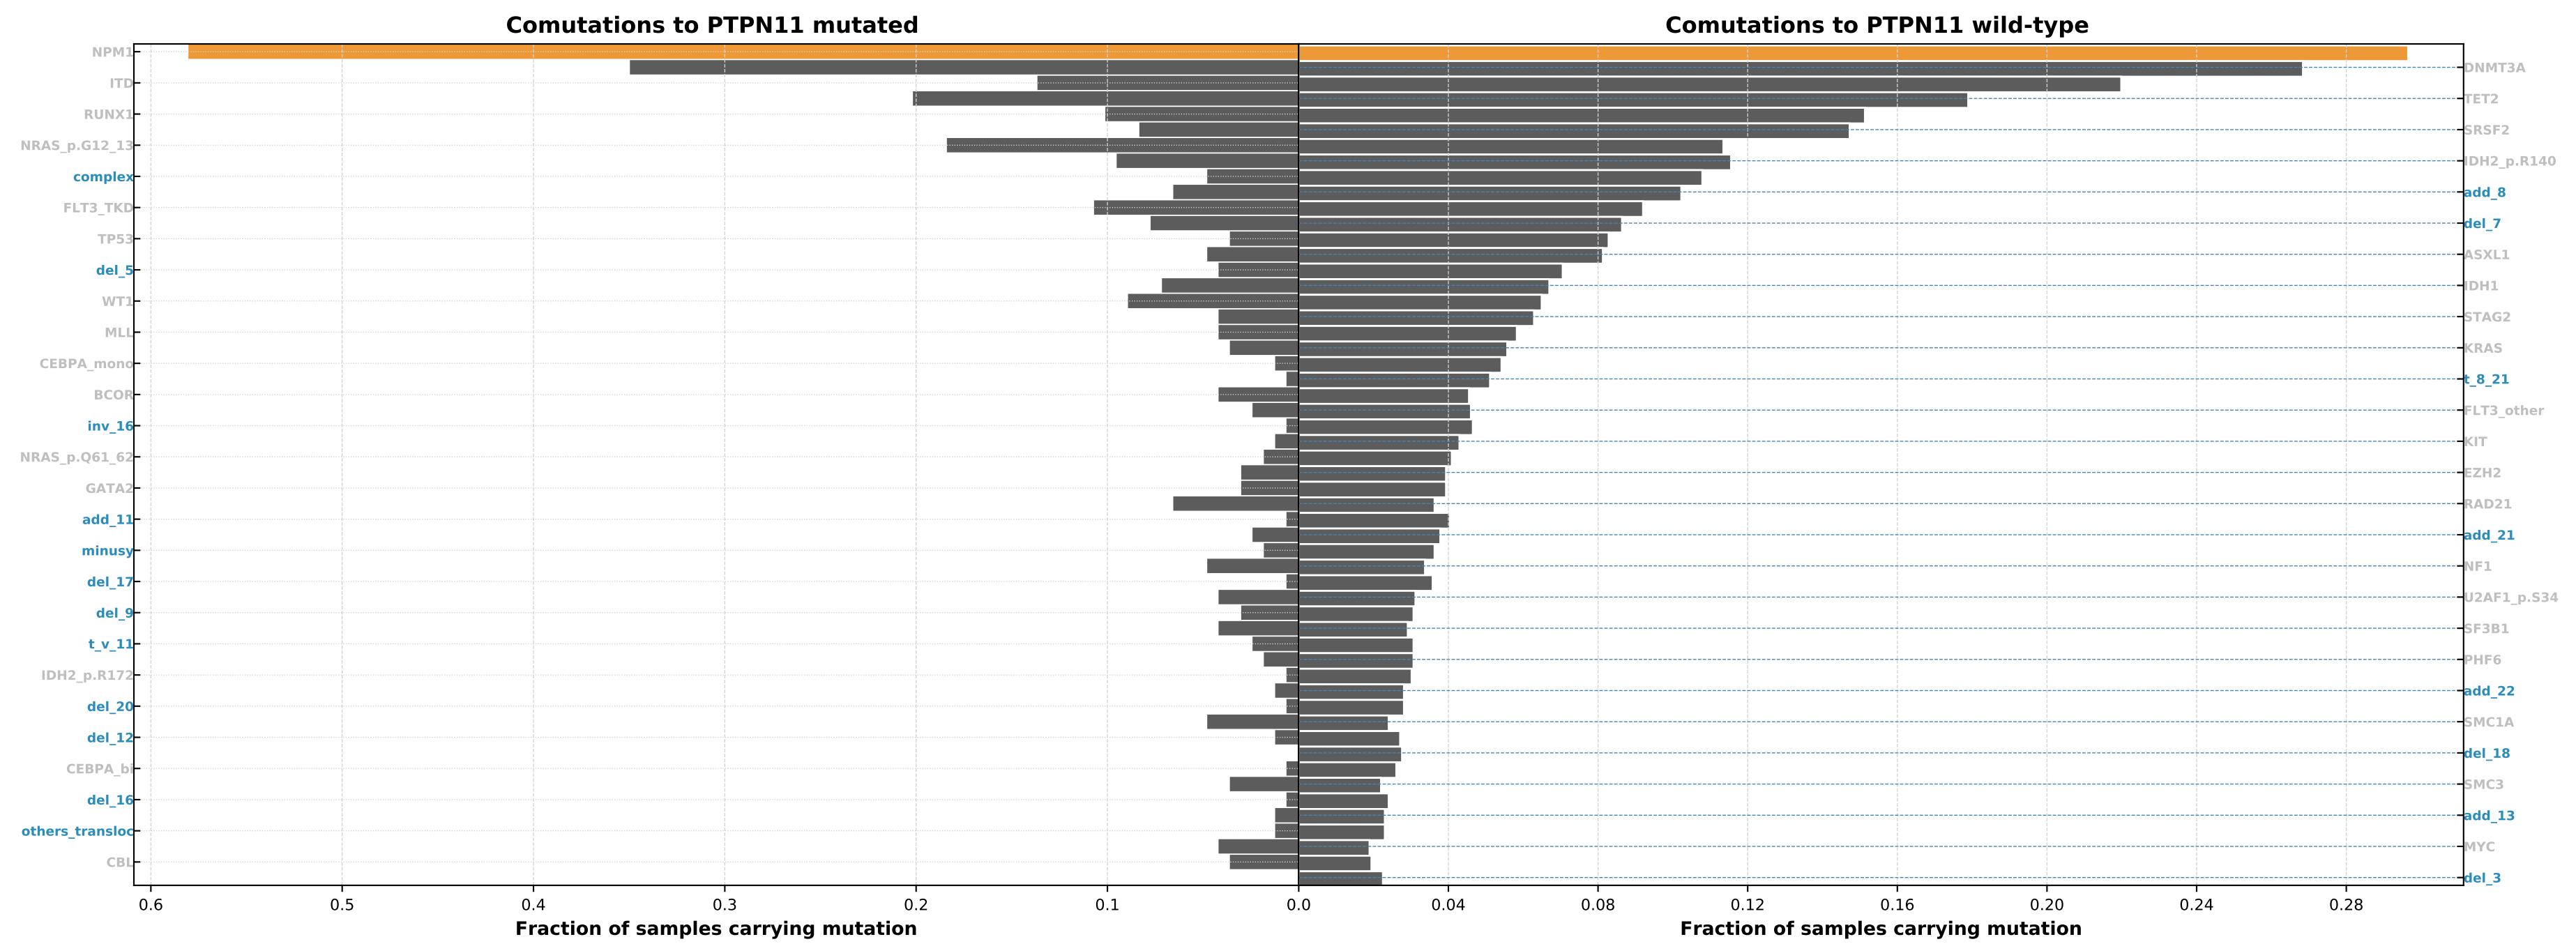

Table of classification, barplot of mutations, KM curves , box plots and bar plots for SF3B1 mutation

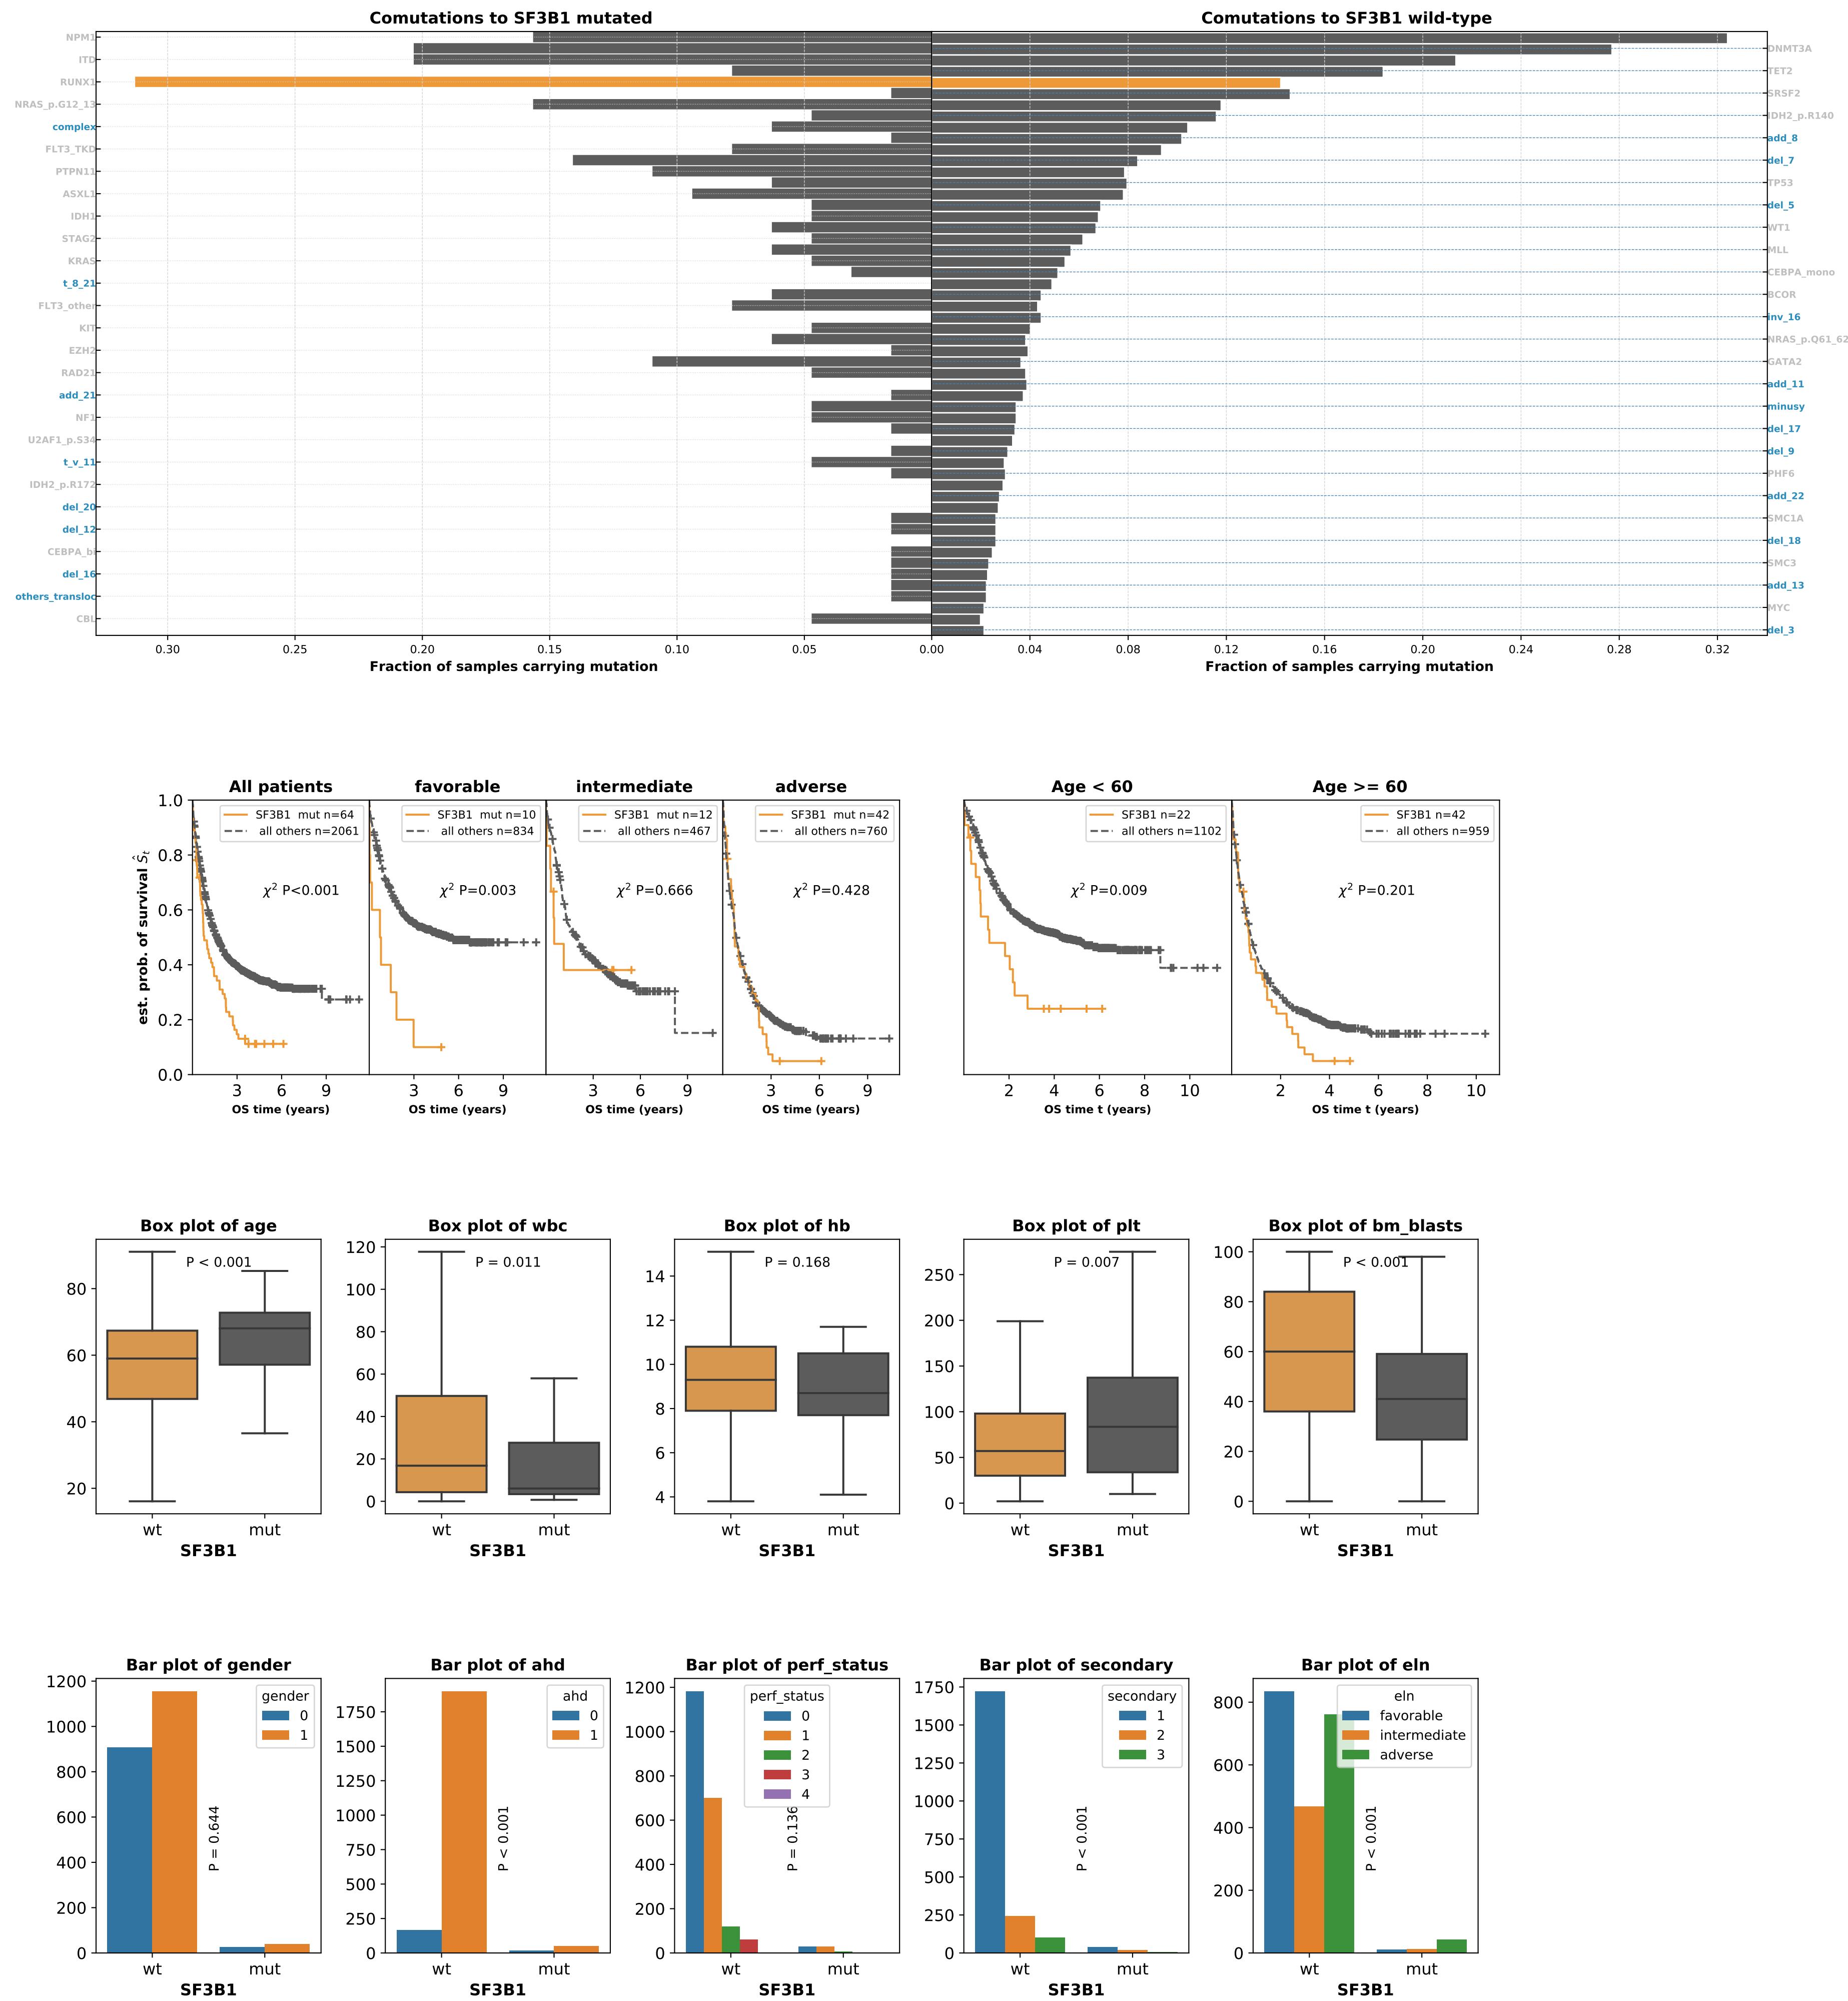

Table of classification, barplot of comutations, KM curves , box plots and bar plots for NRAS_p.Q61_62 mutation

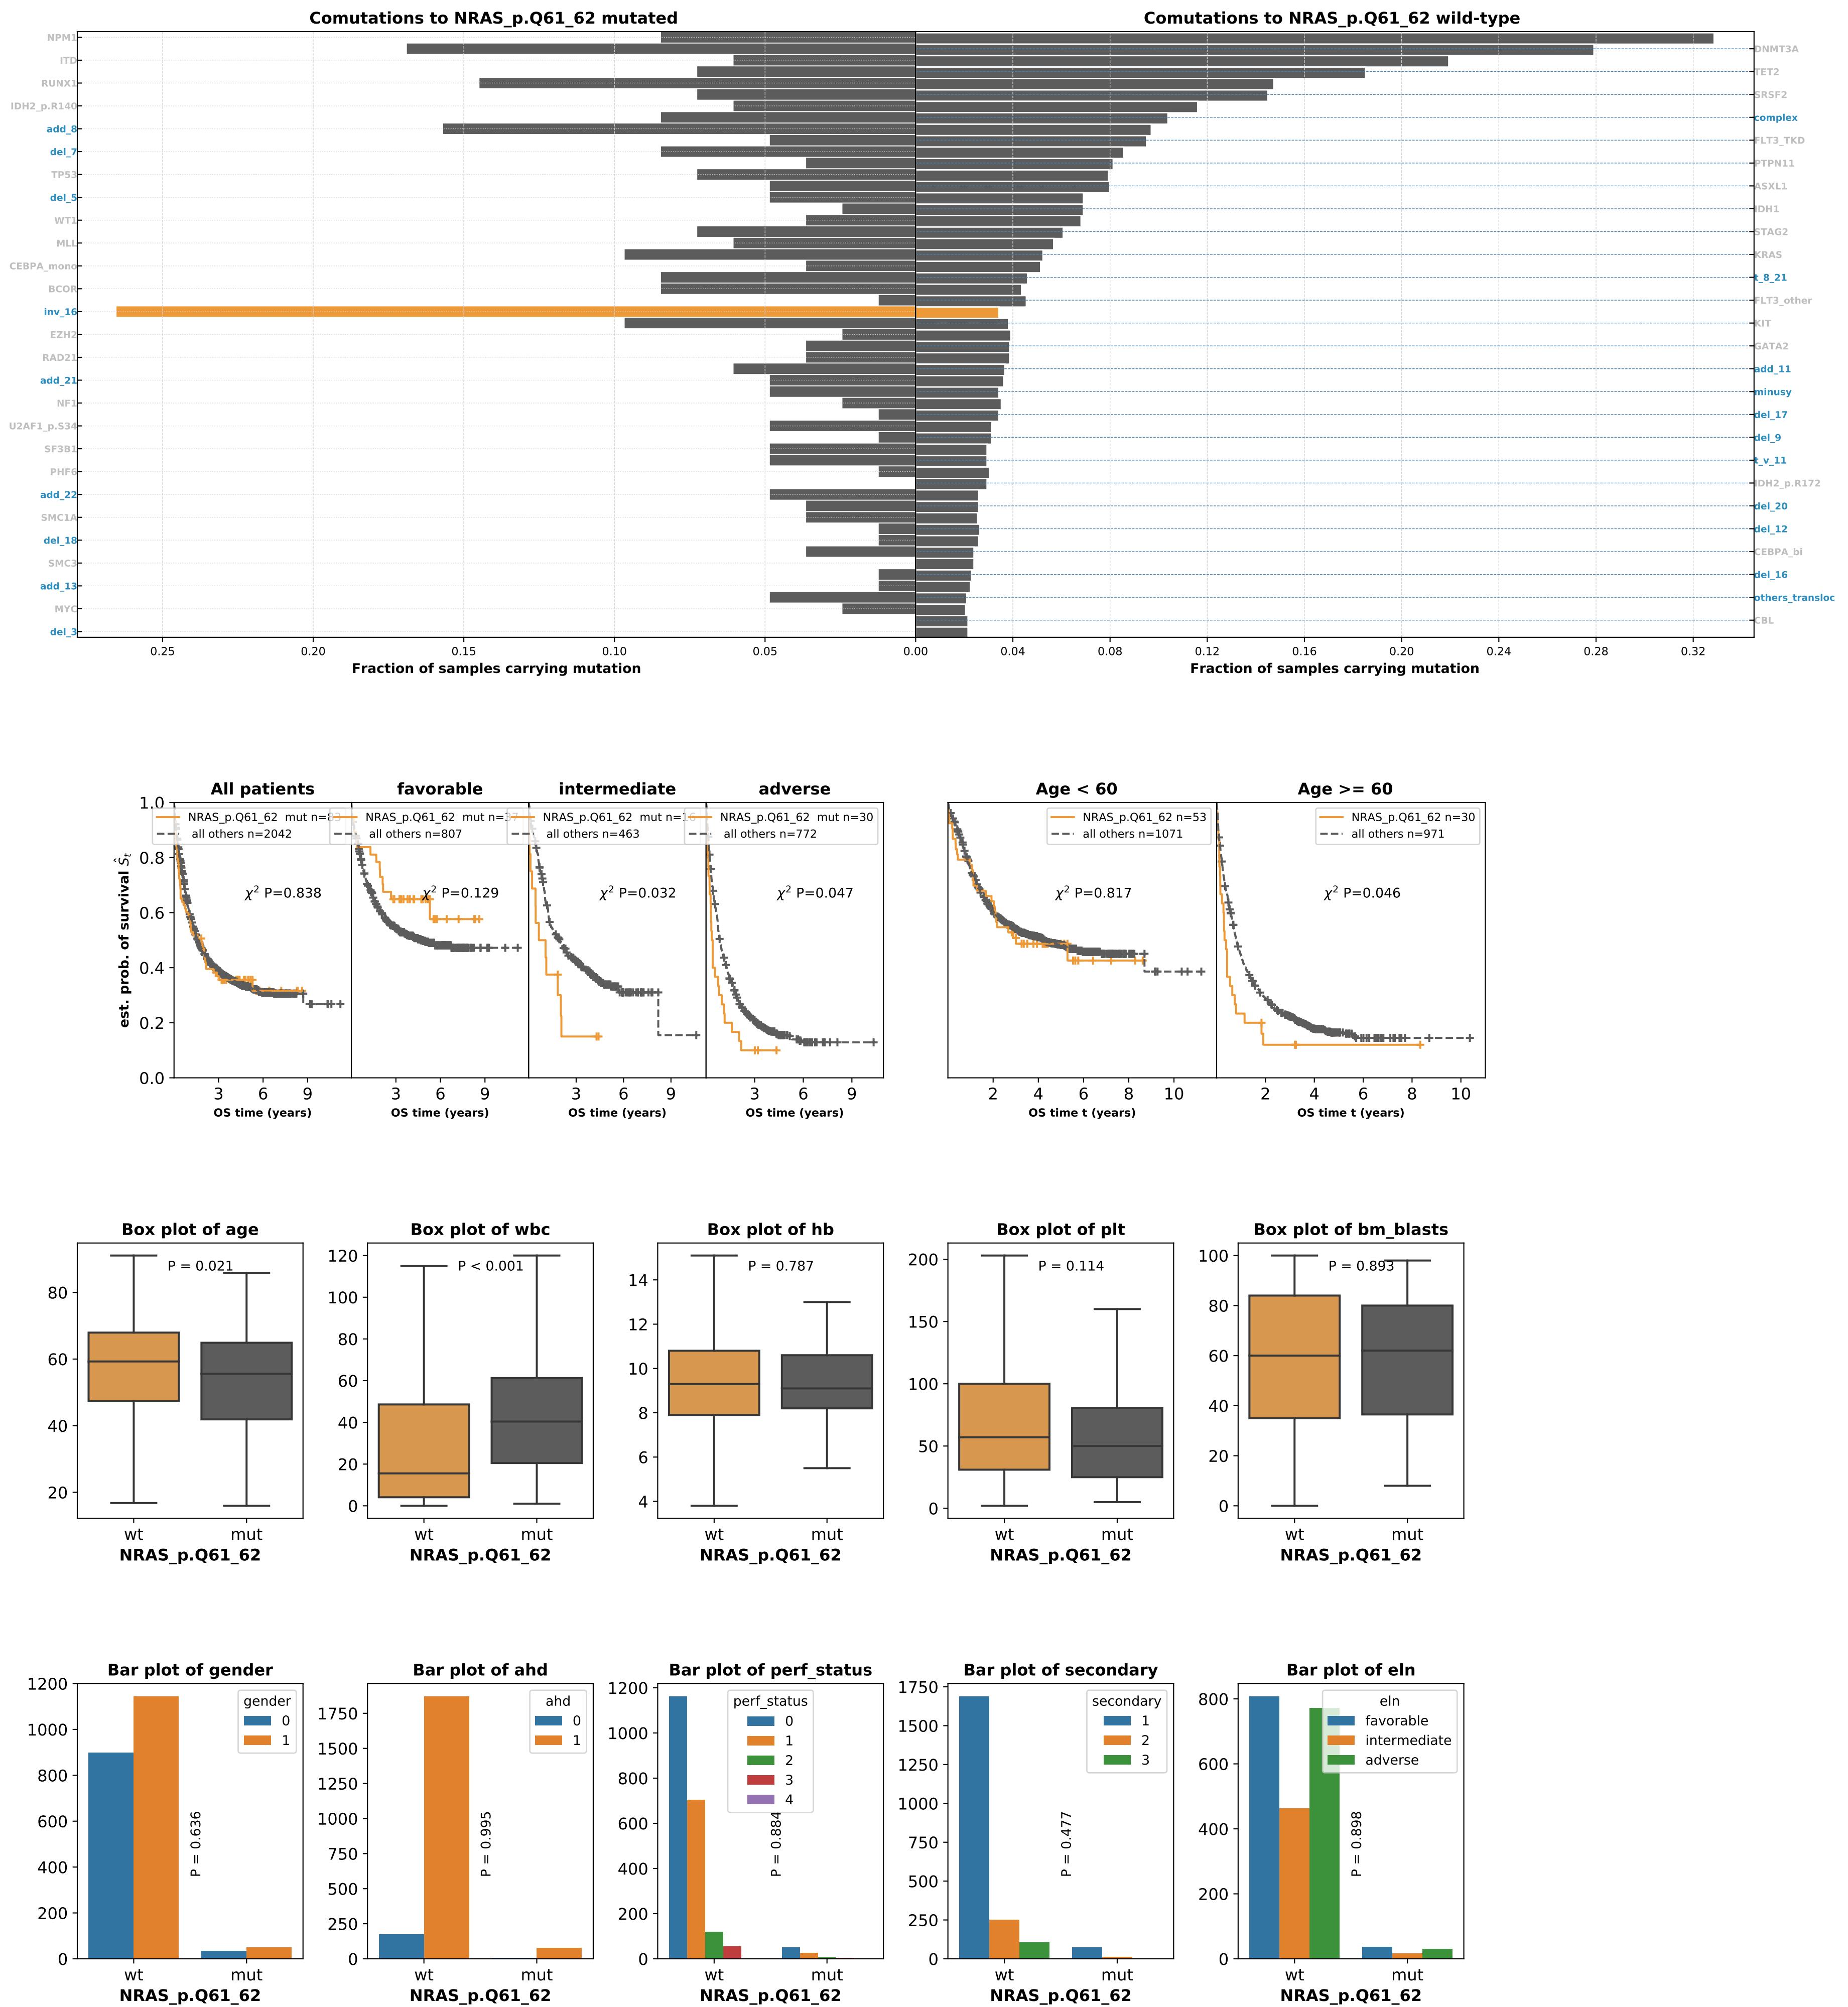

Table of classification, barplot of comutations, KM curves , box plots and bar plots for add_11

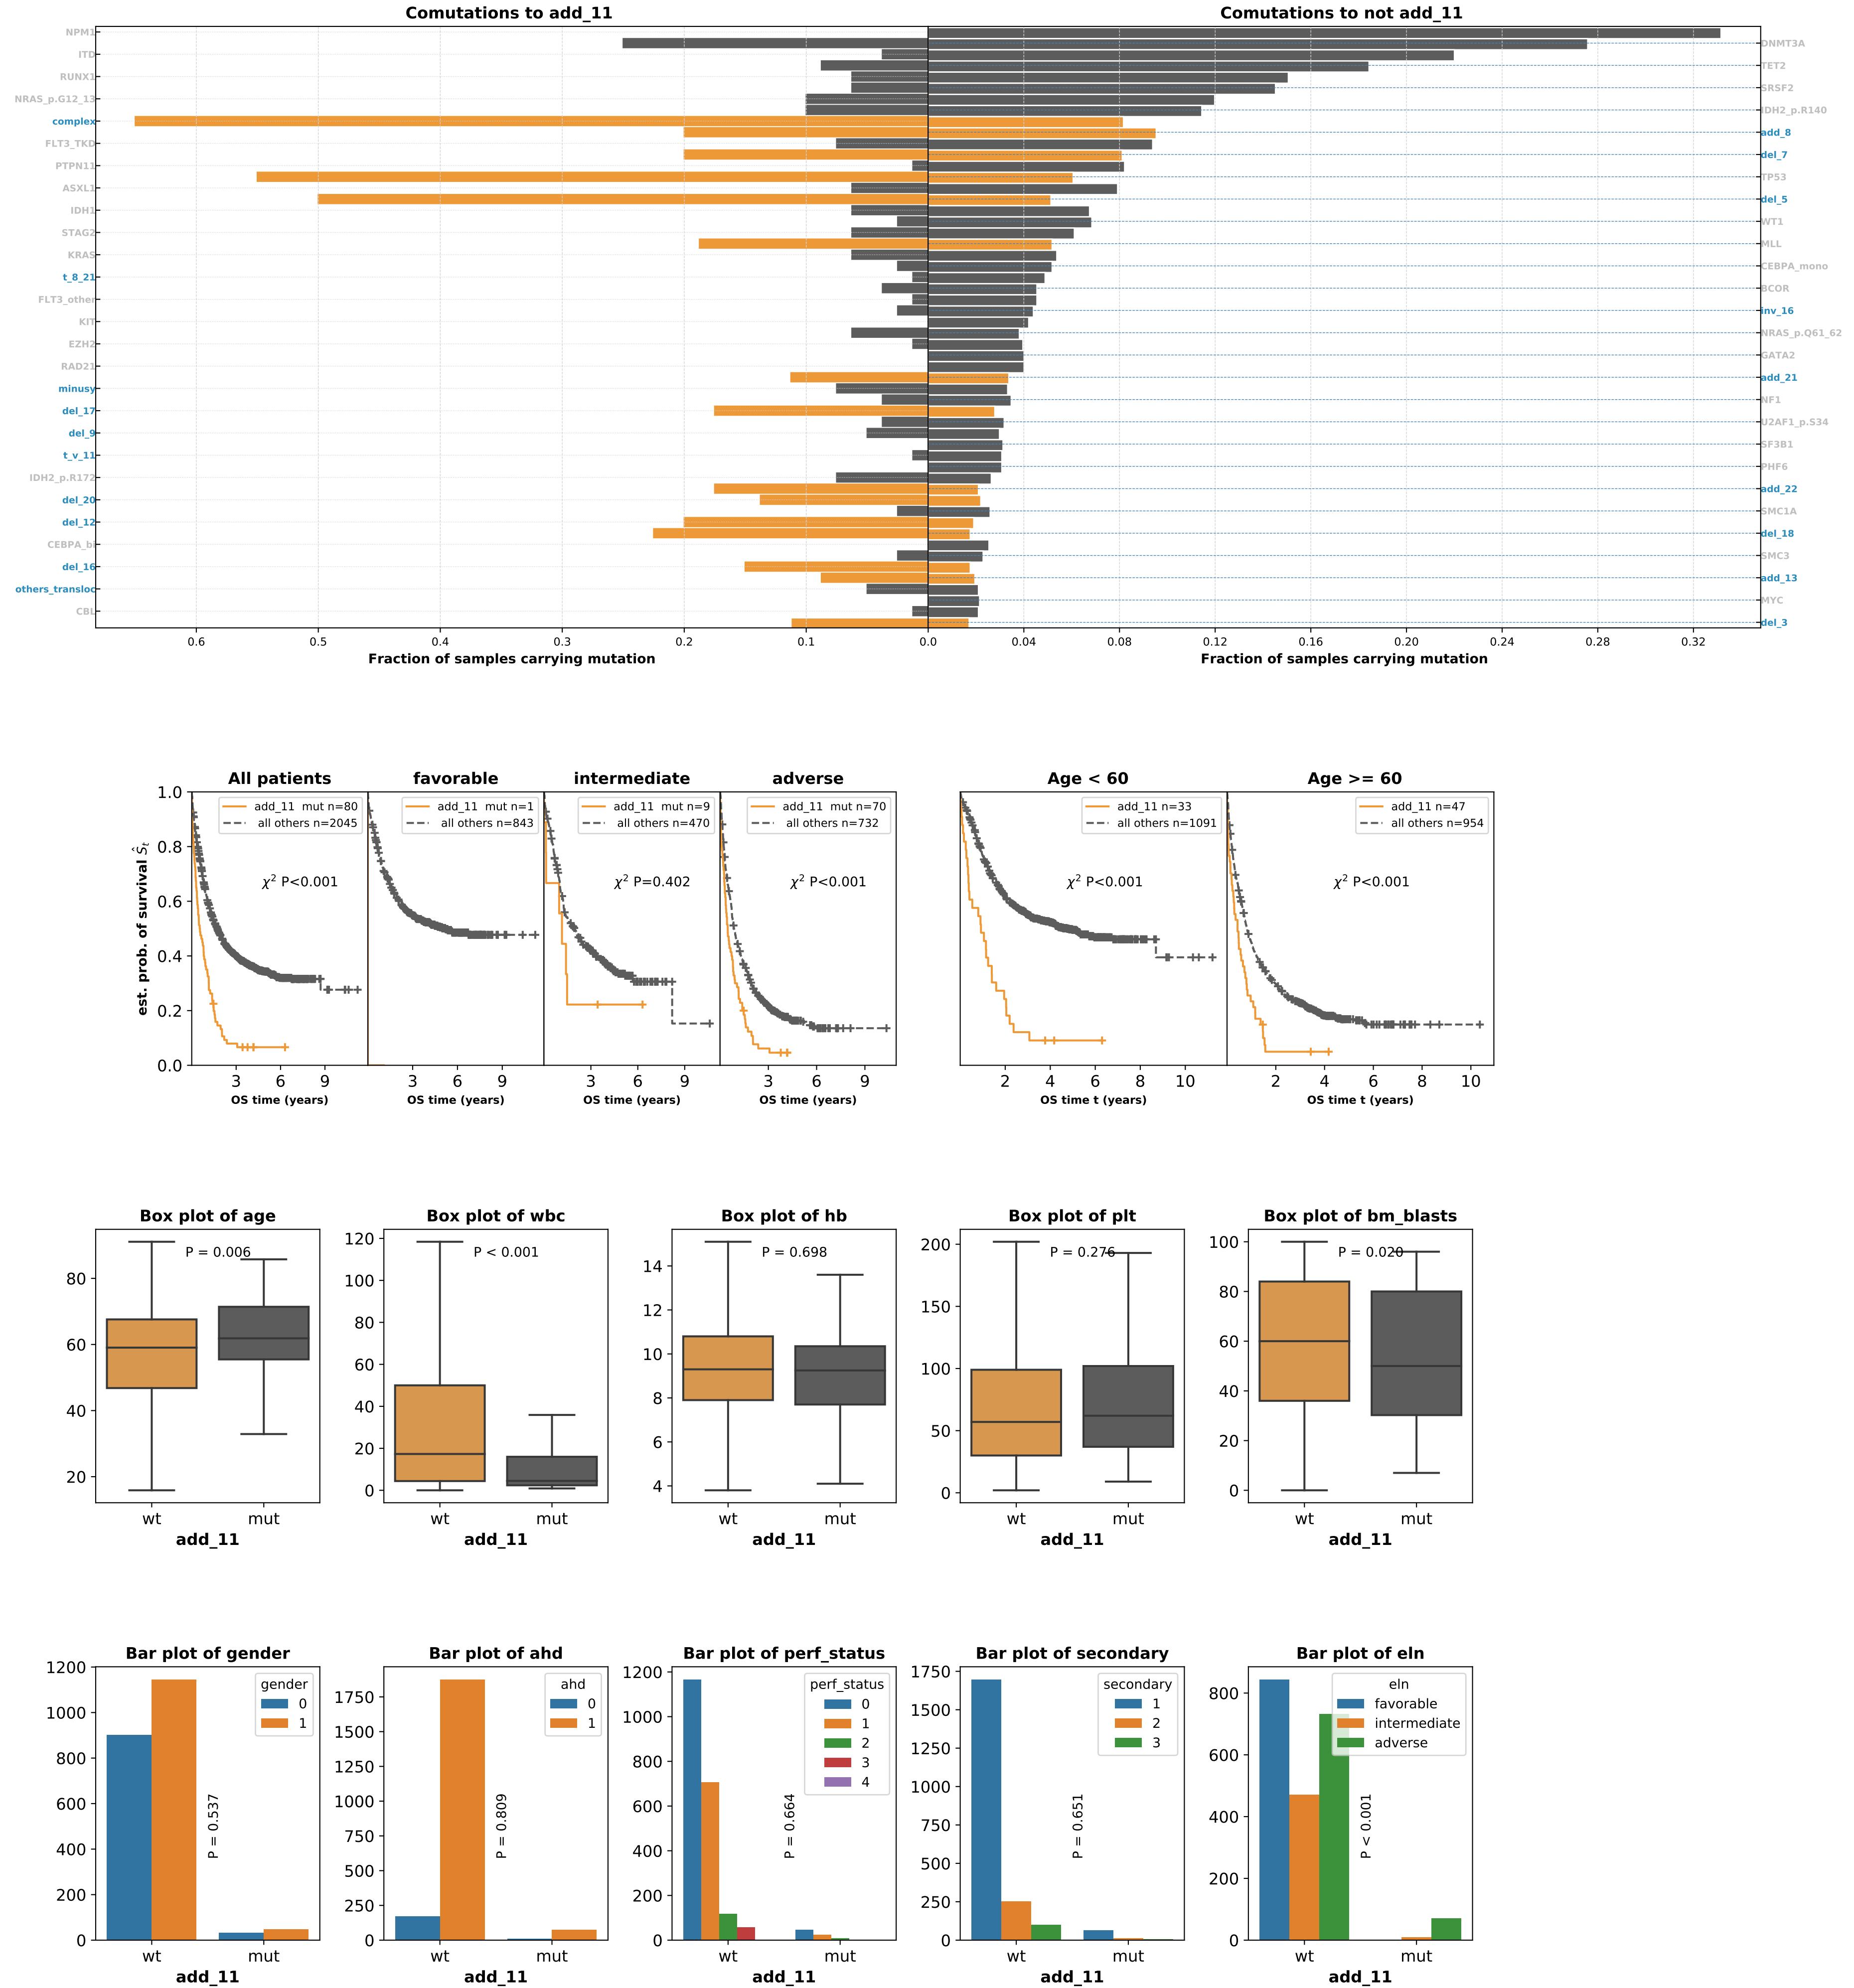

Table of classification, barplot of comutations, KM curves , box plots and bar plots for PHF6 mutation

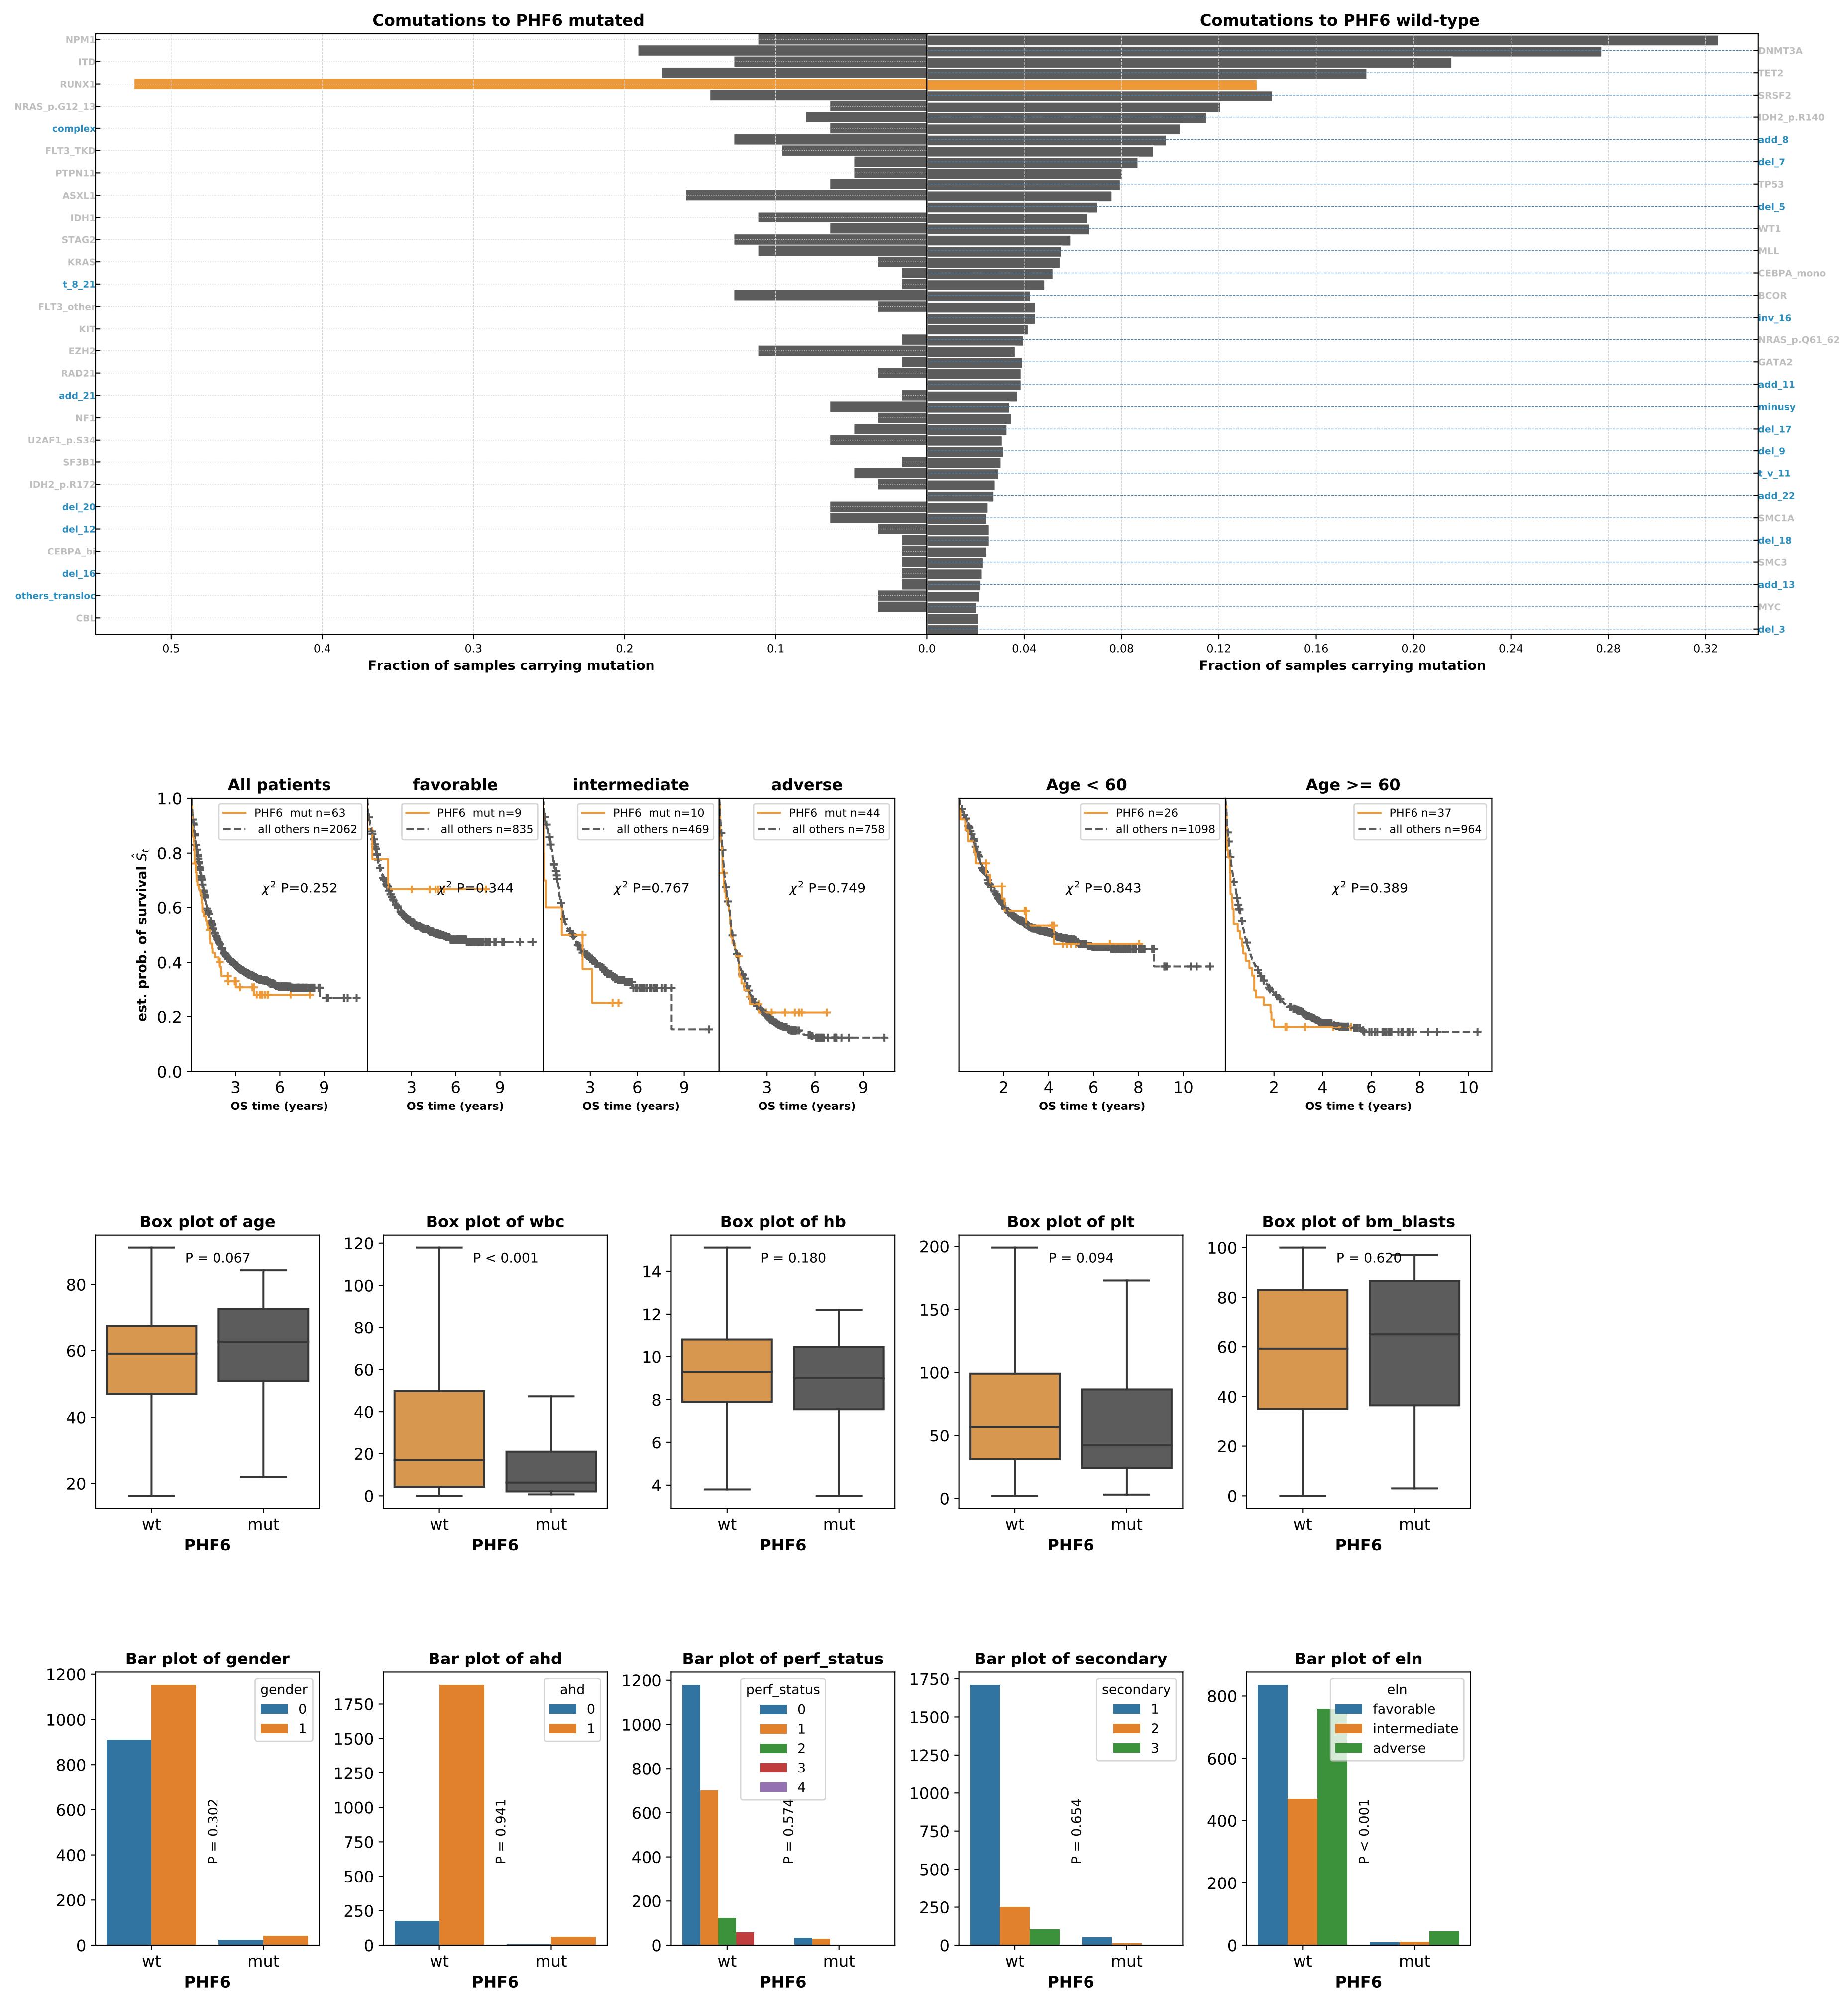

Table of classification, barplot of comutations, KM curves , box plots and bar plots for add_8

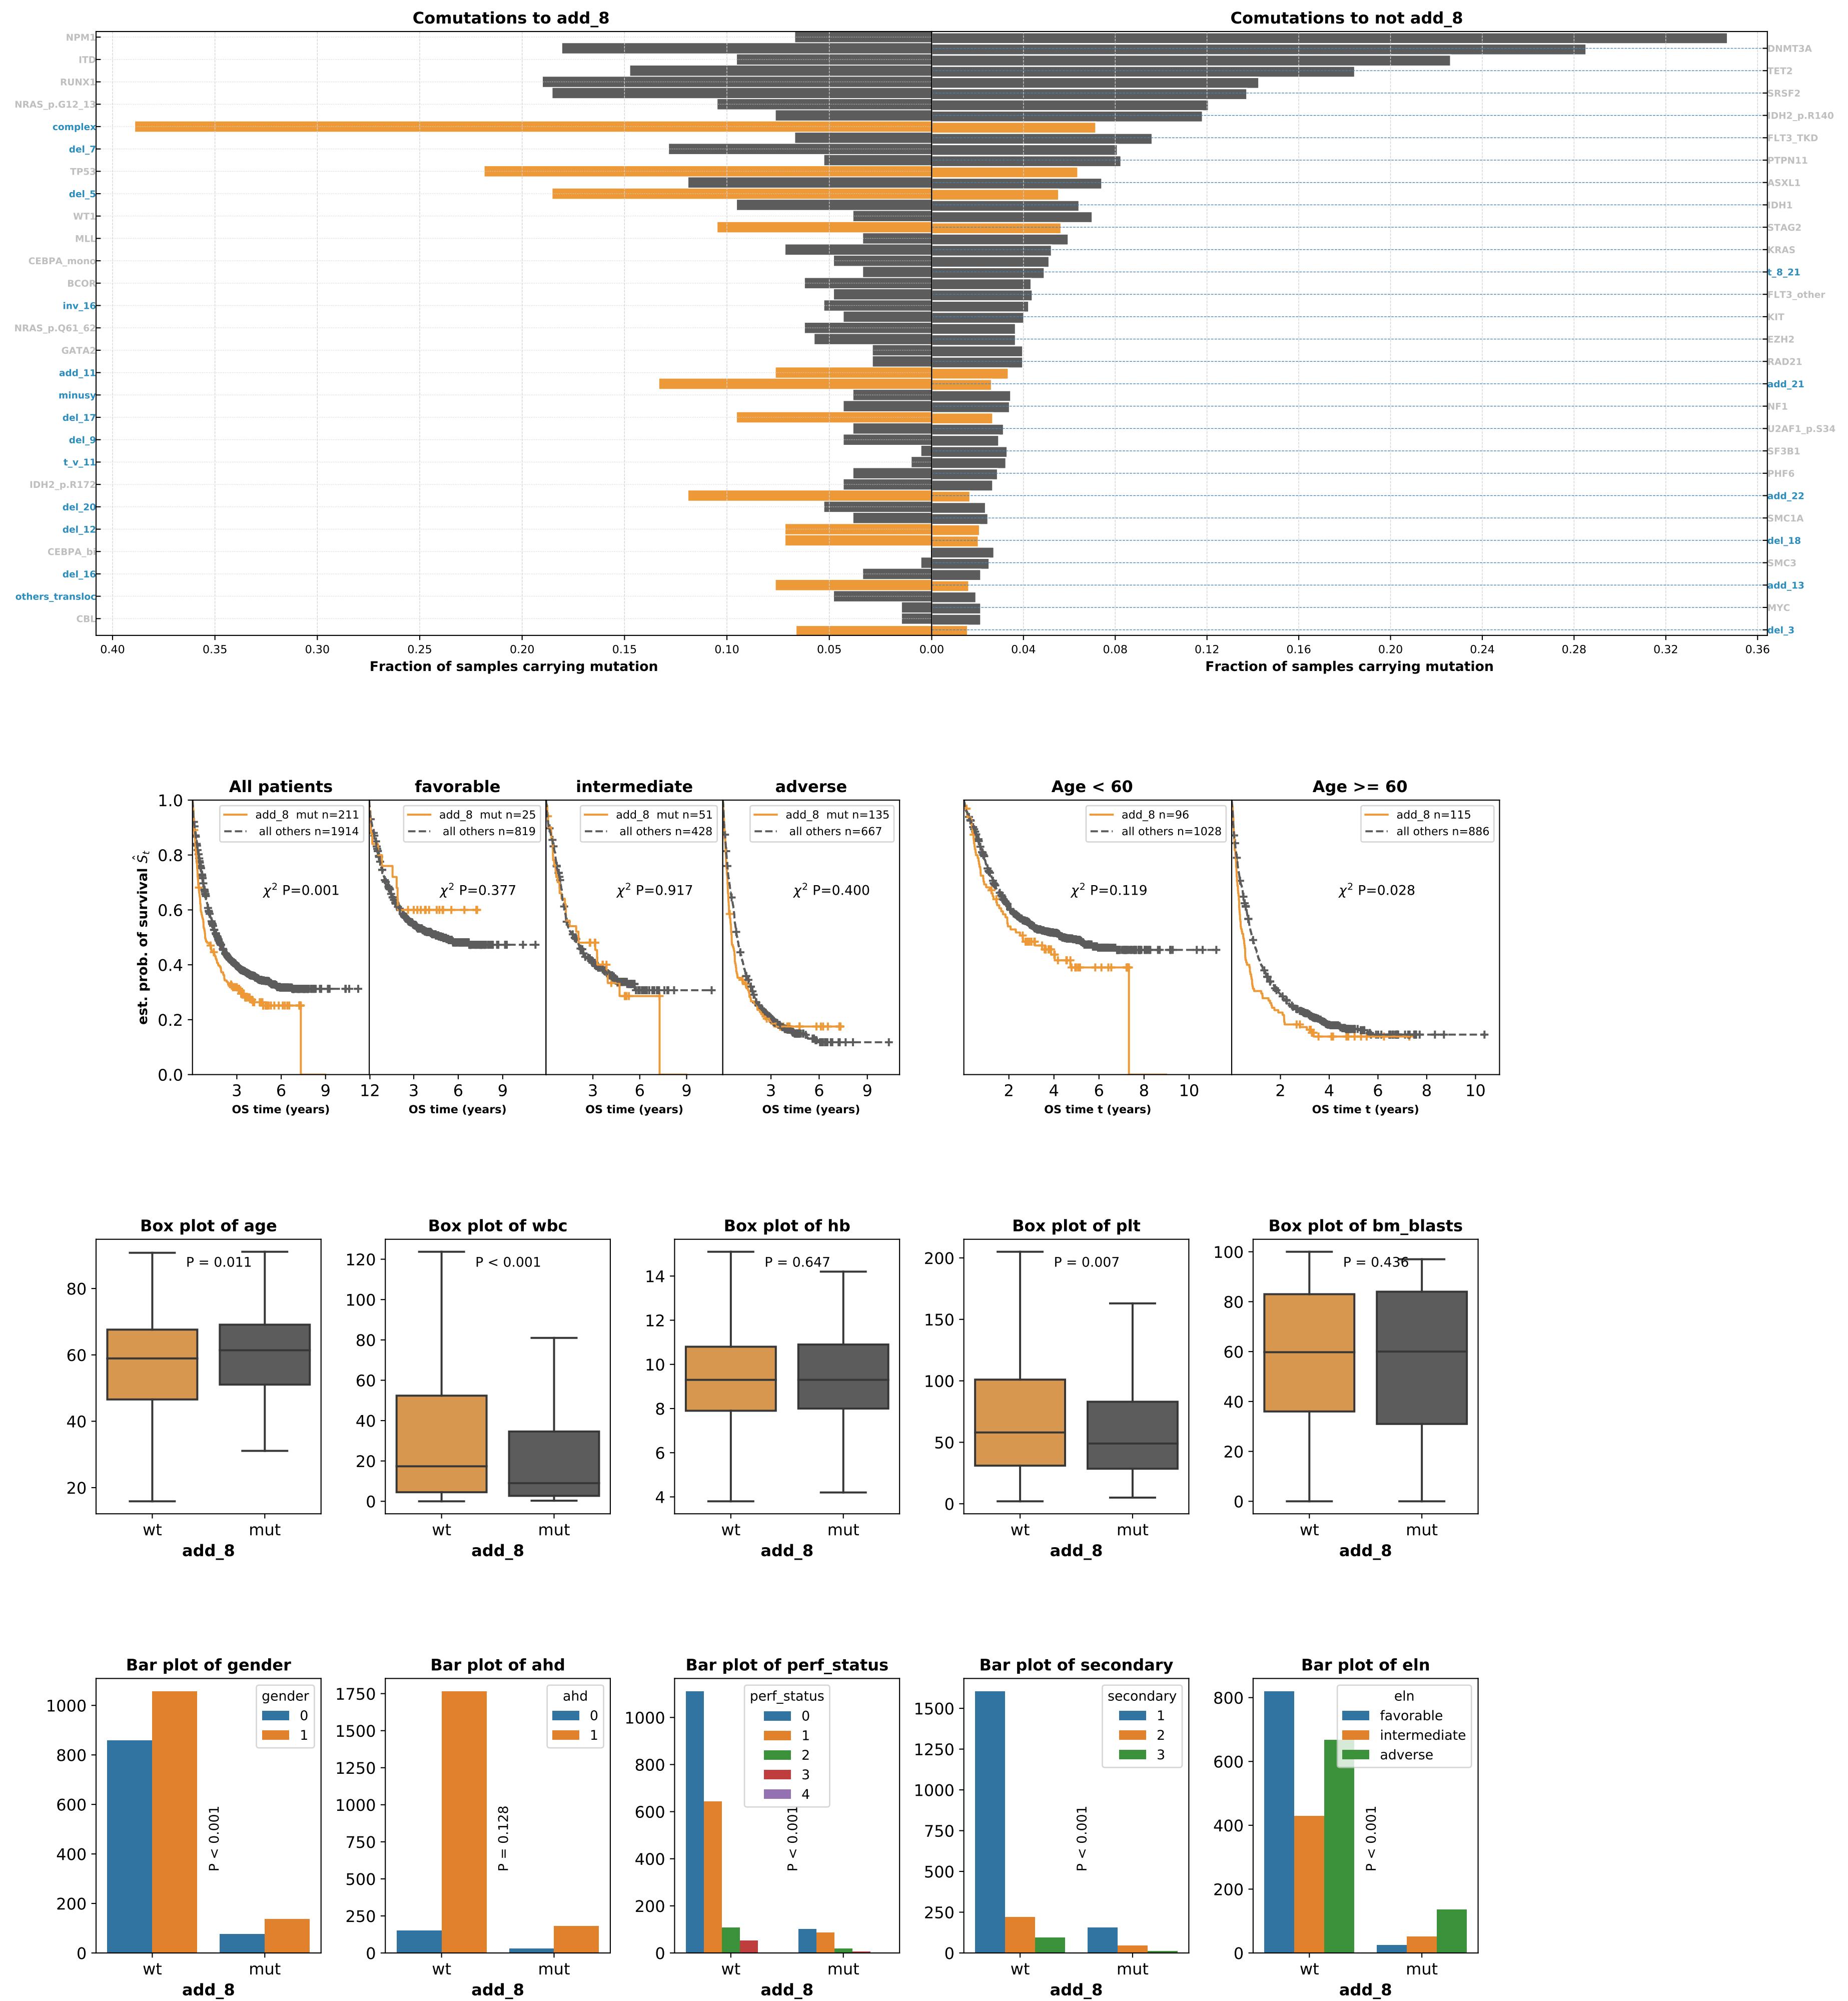

Table of classification, barplot of comutations, KM curves , box plots and bar plots for WT1 mutation

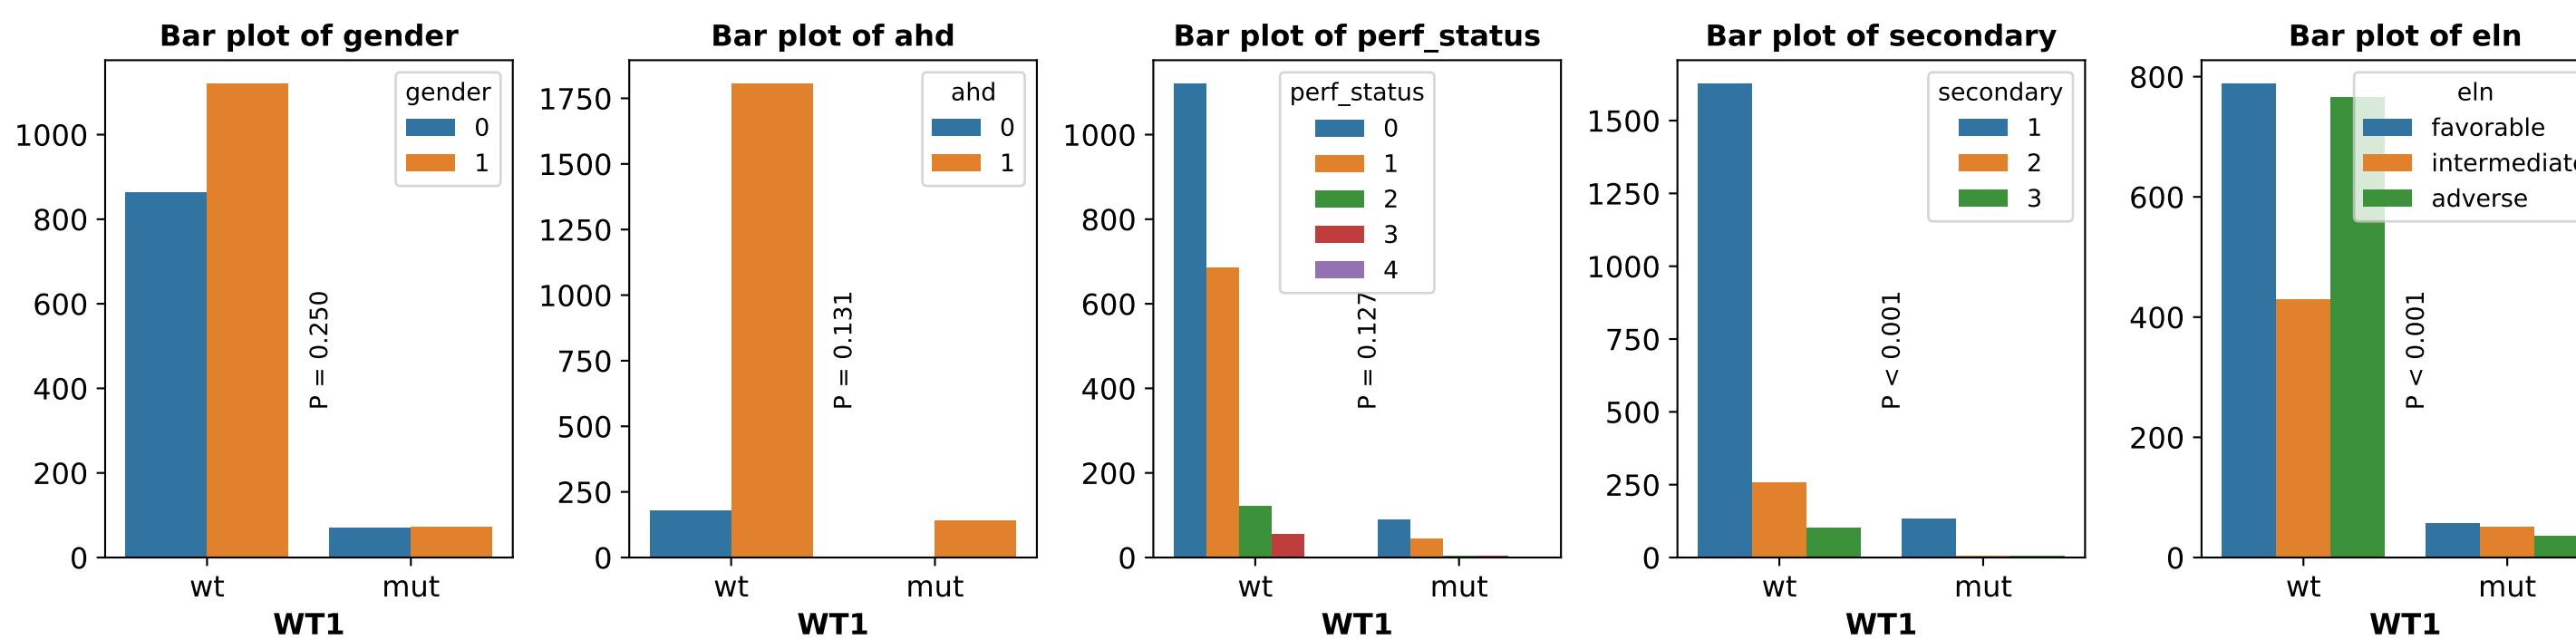

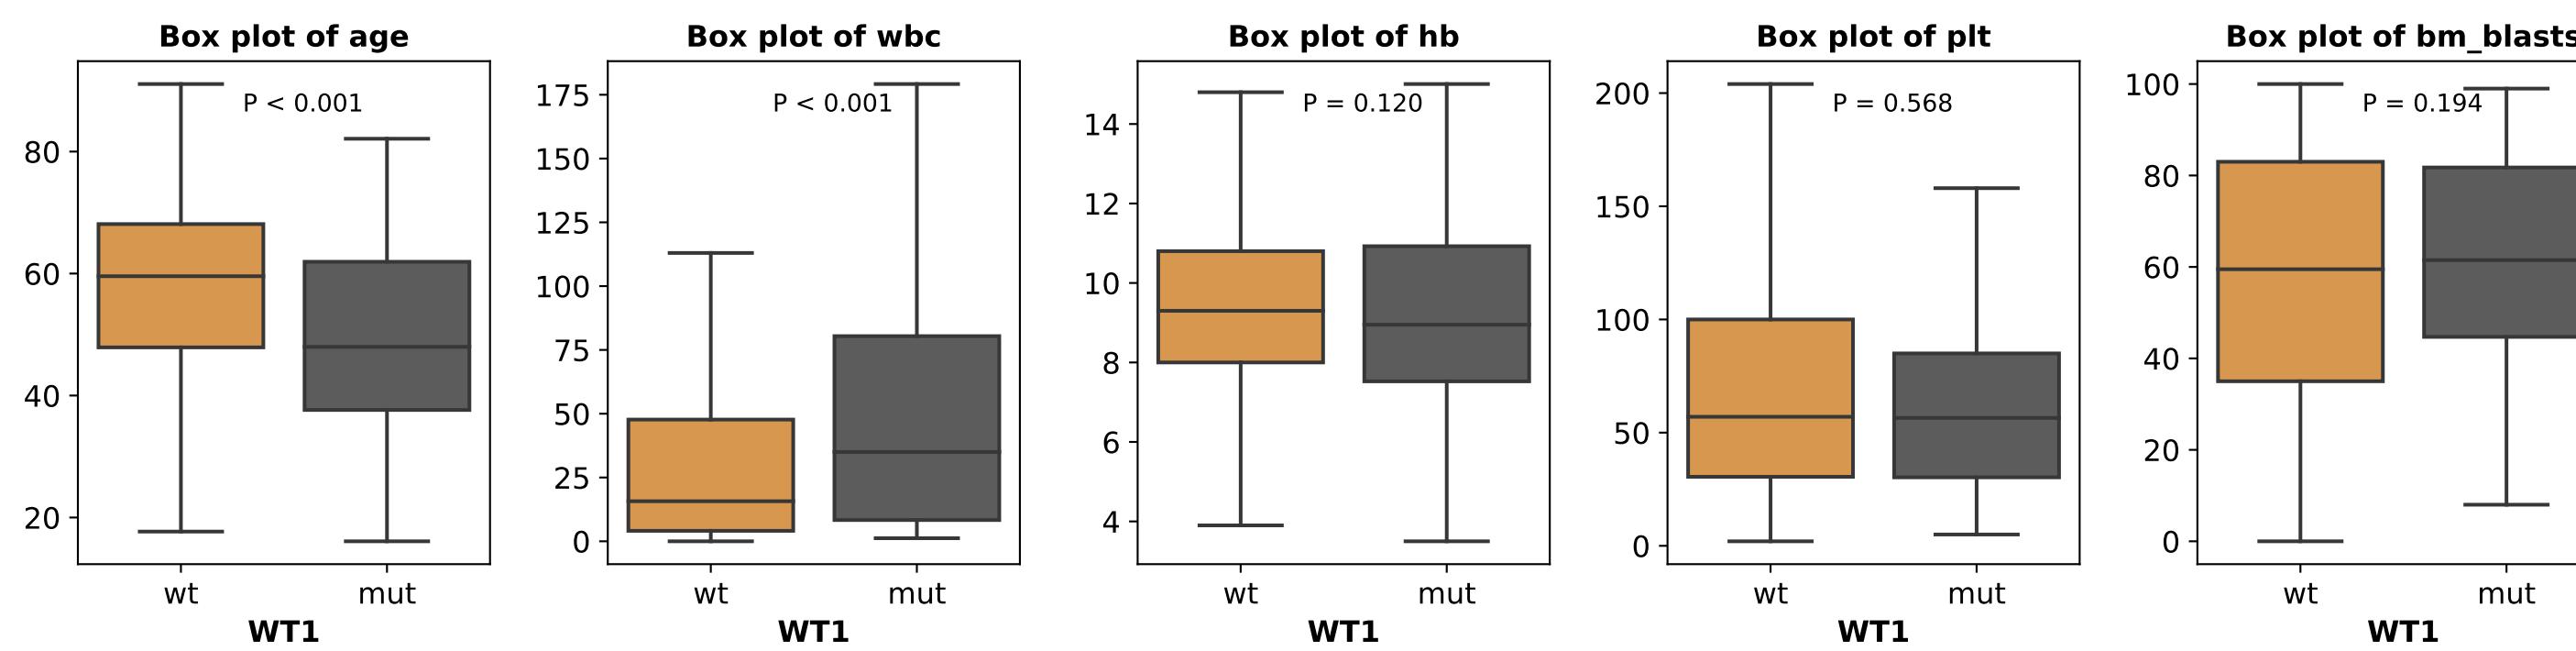

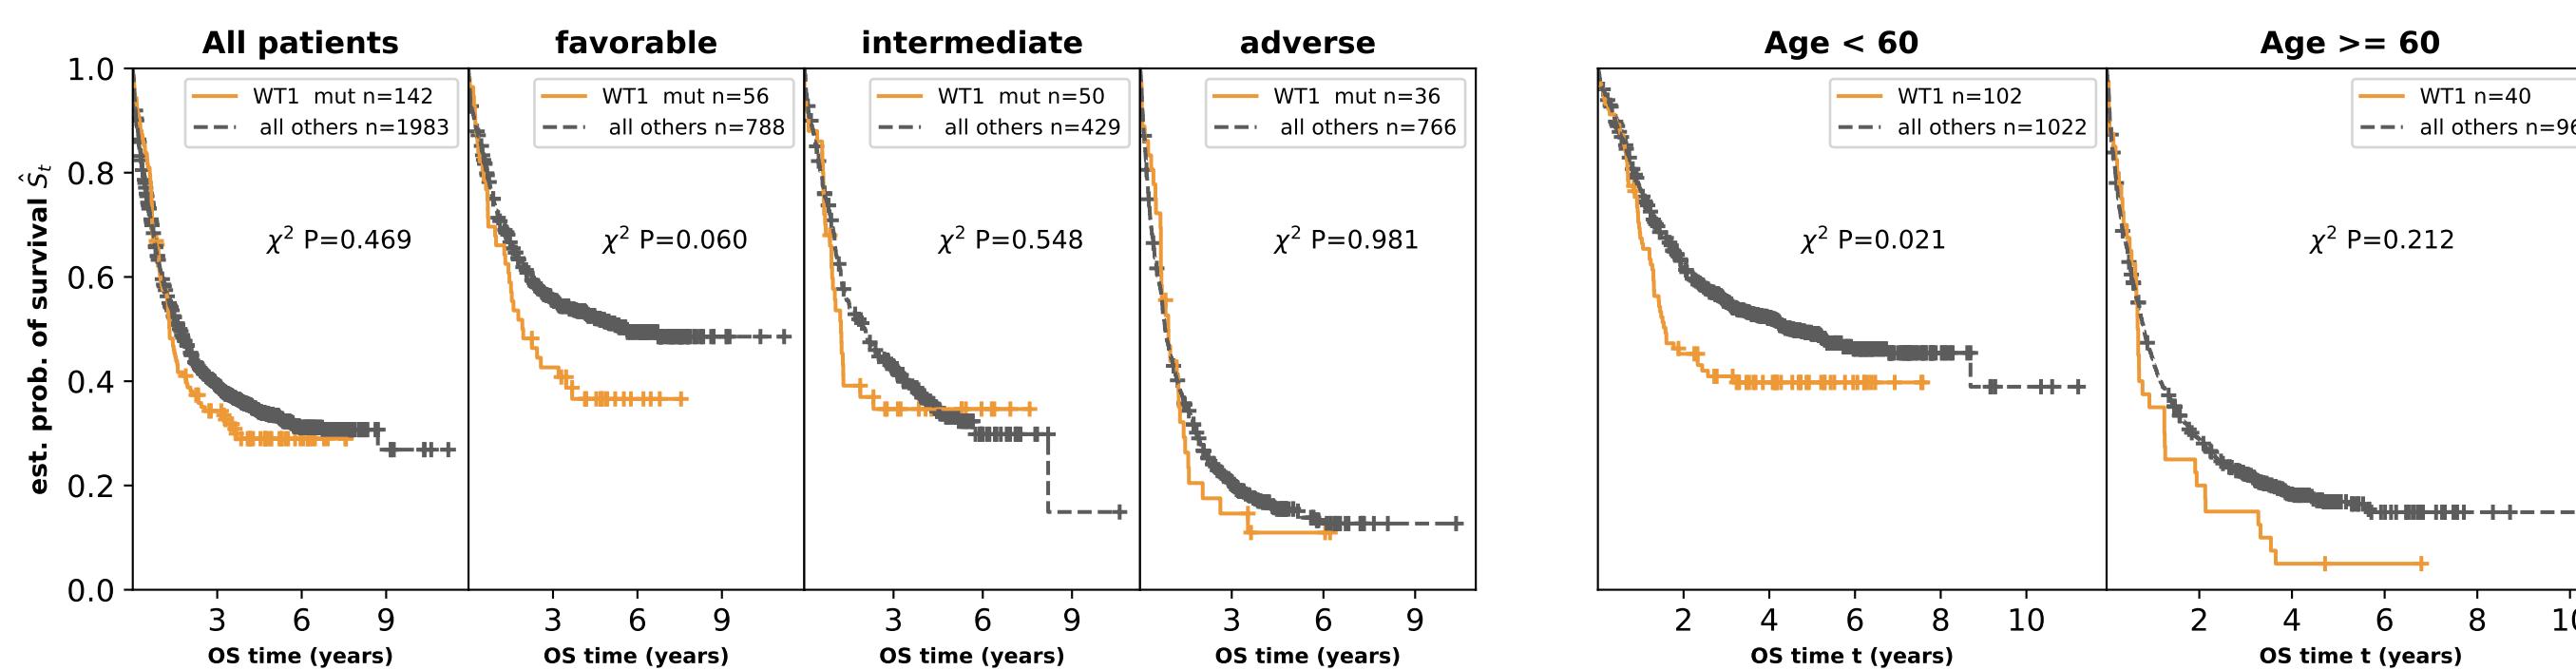

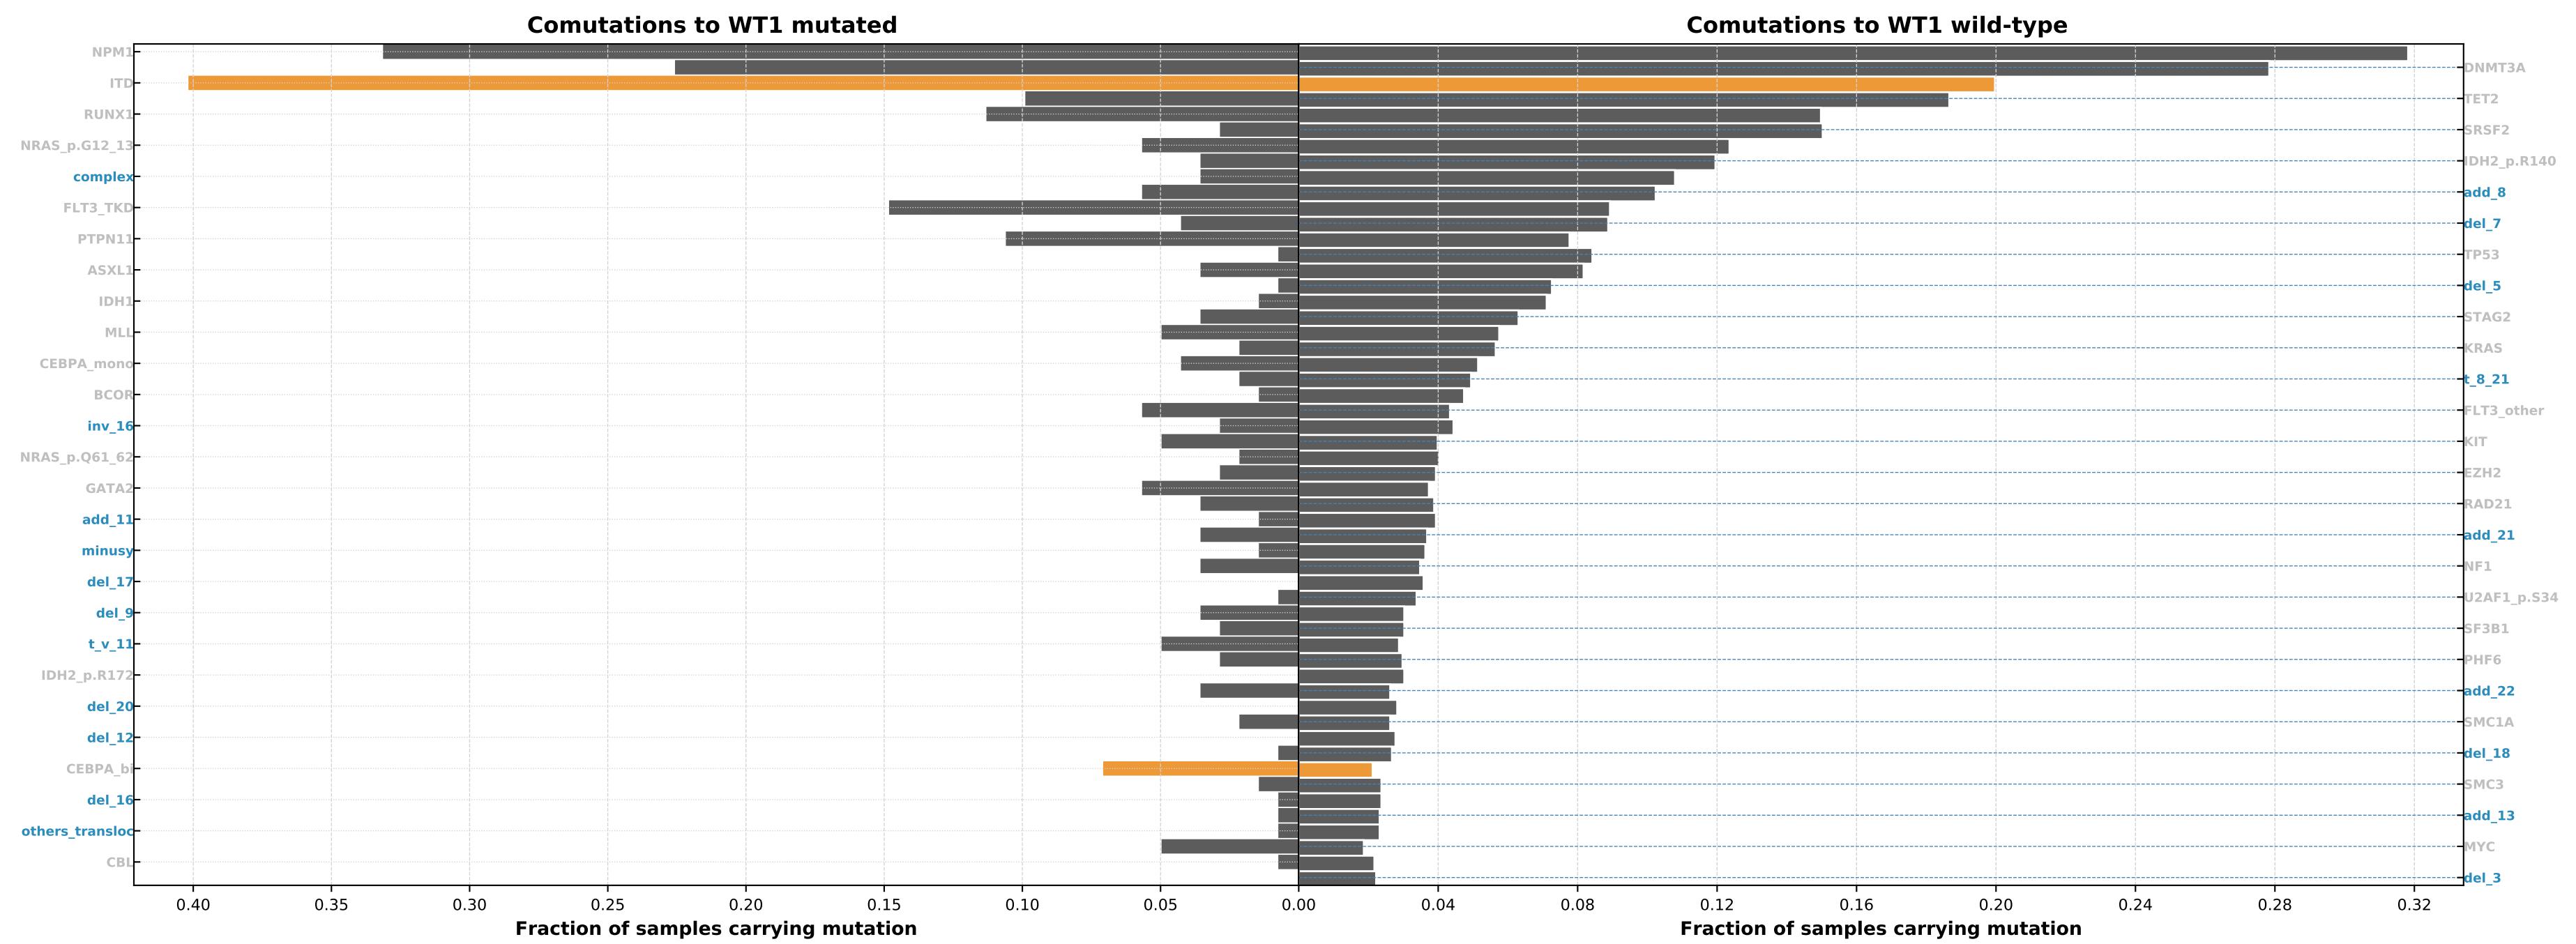

Table of classification, barplot of comutations, KM curves , box plots and bar plots for t_v_11

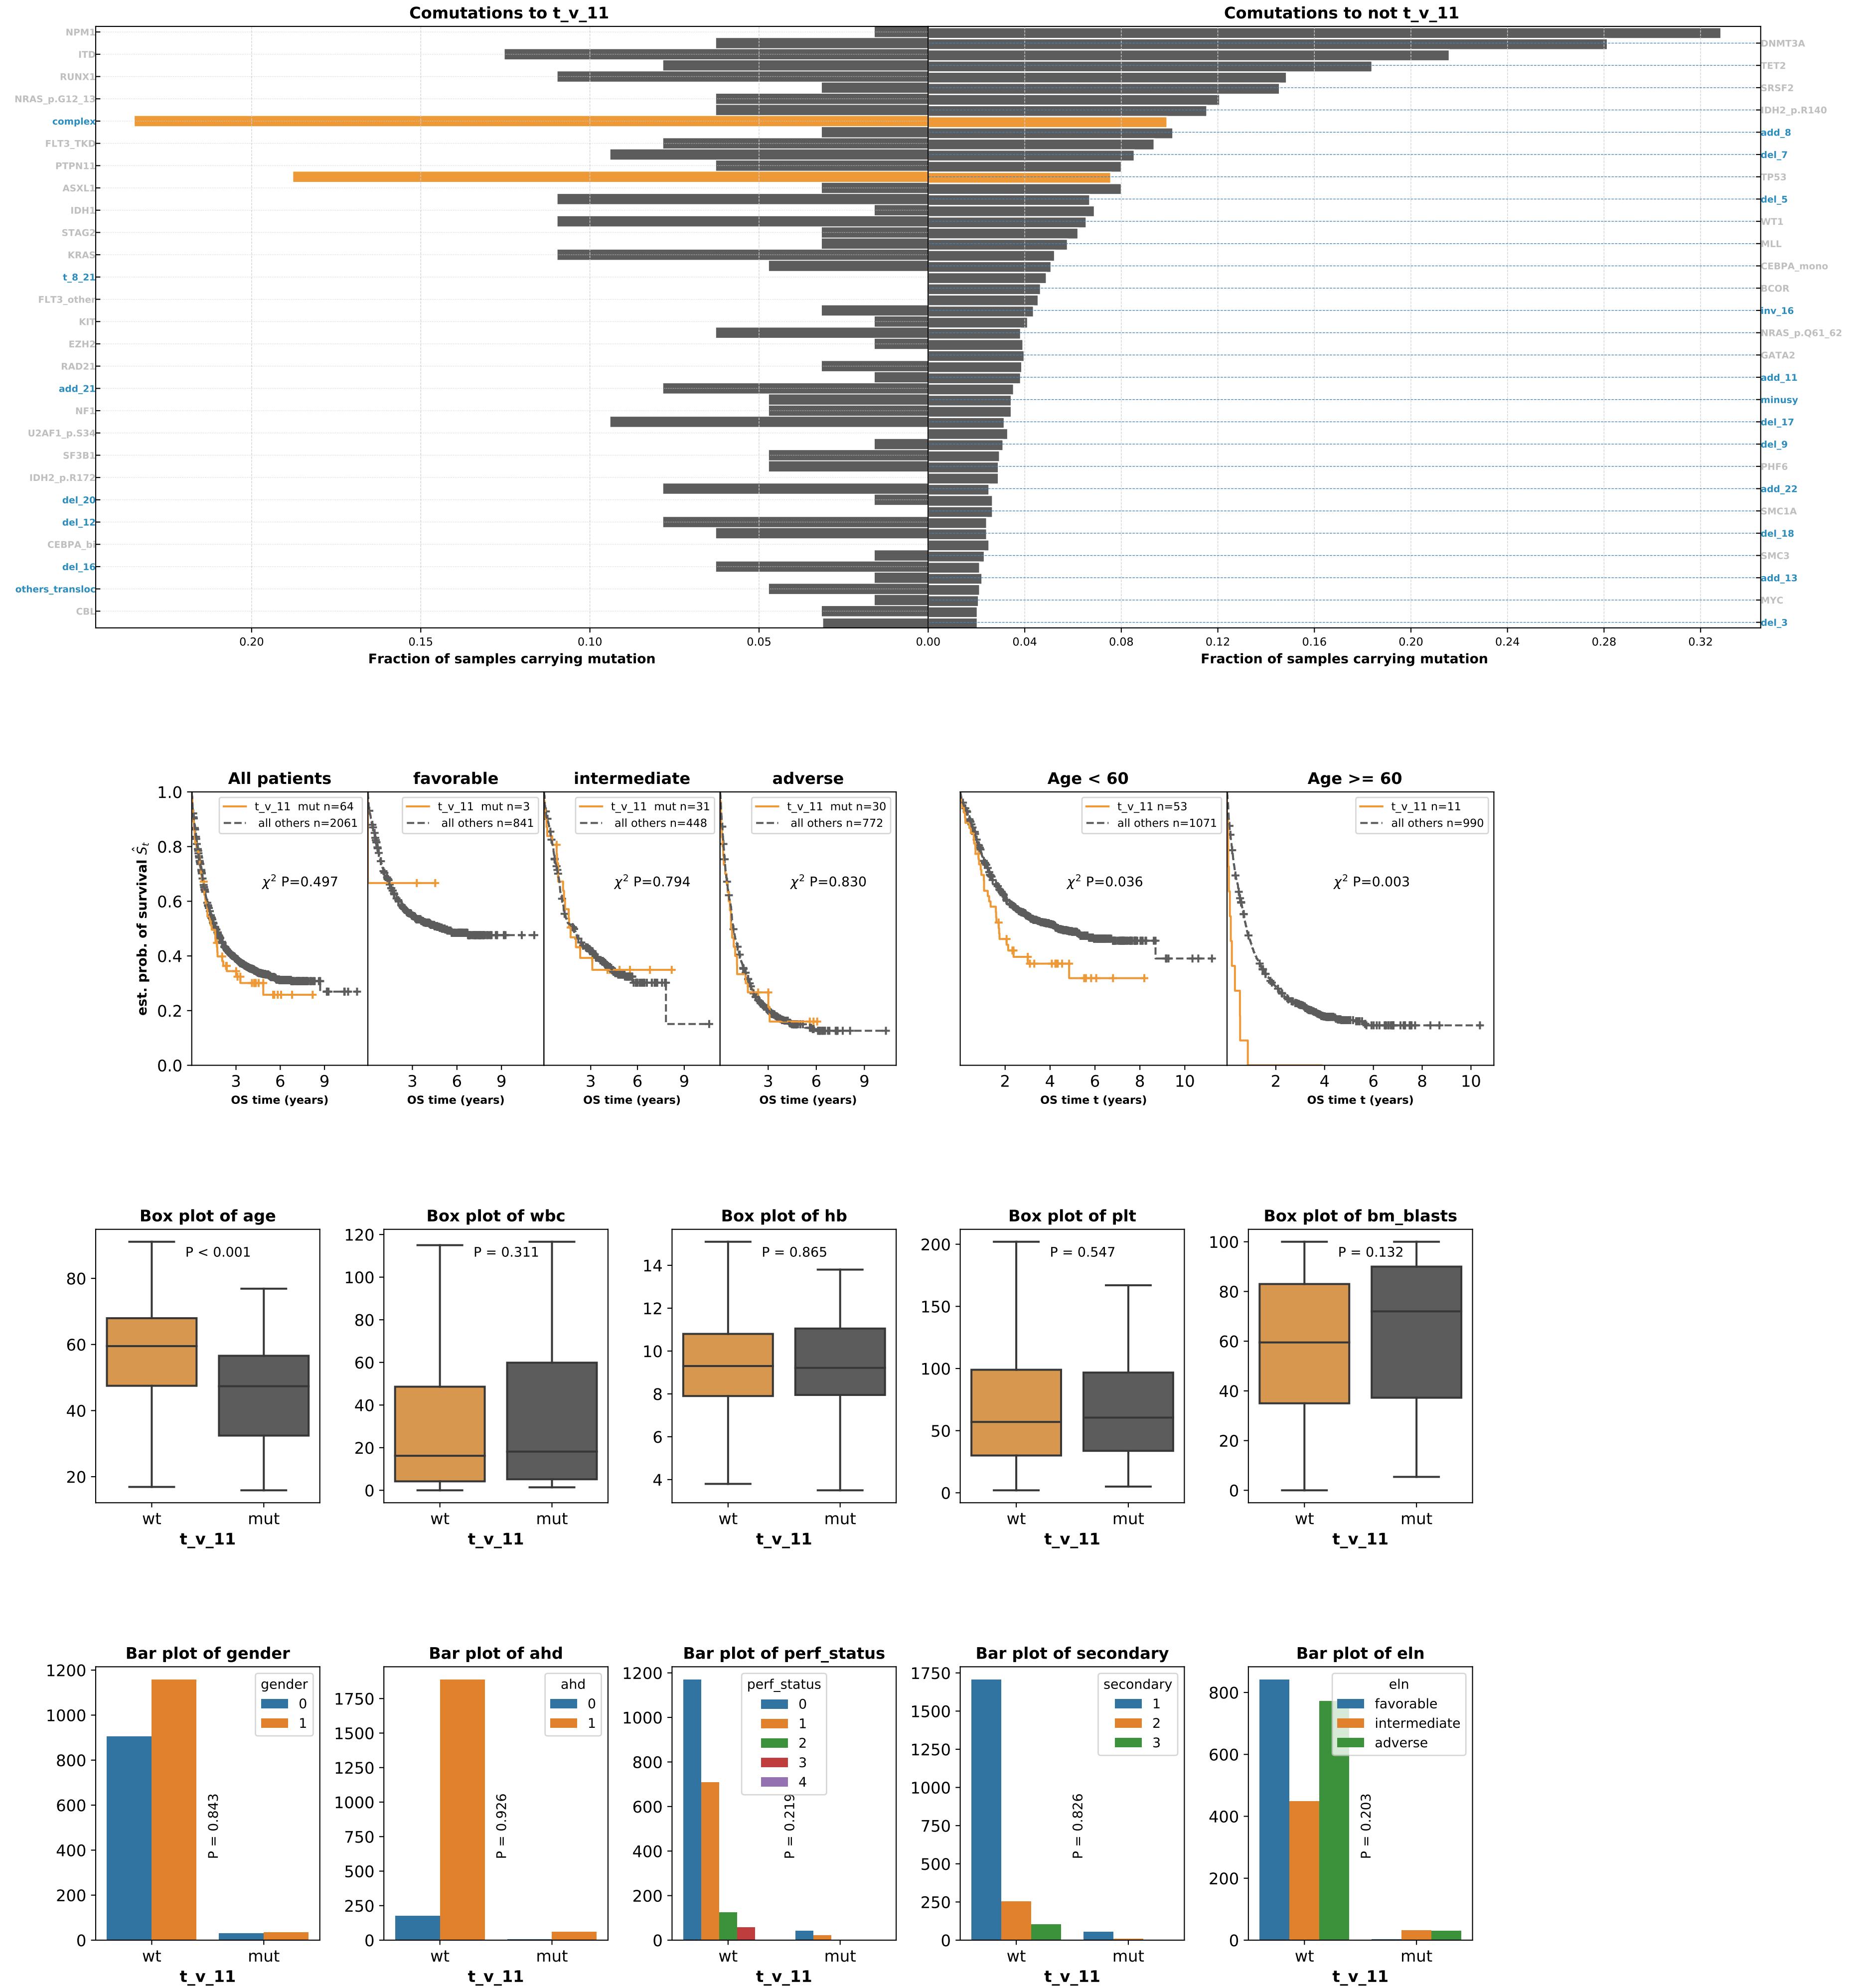

Table of classification, barplot of comutations, KM curves , box plots and bar plots for CEBPA_bi mutation

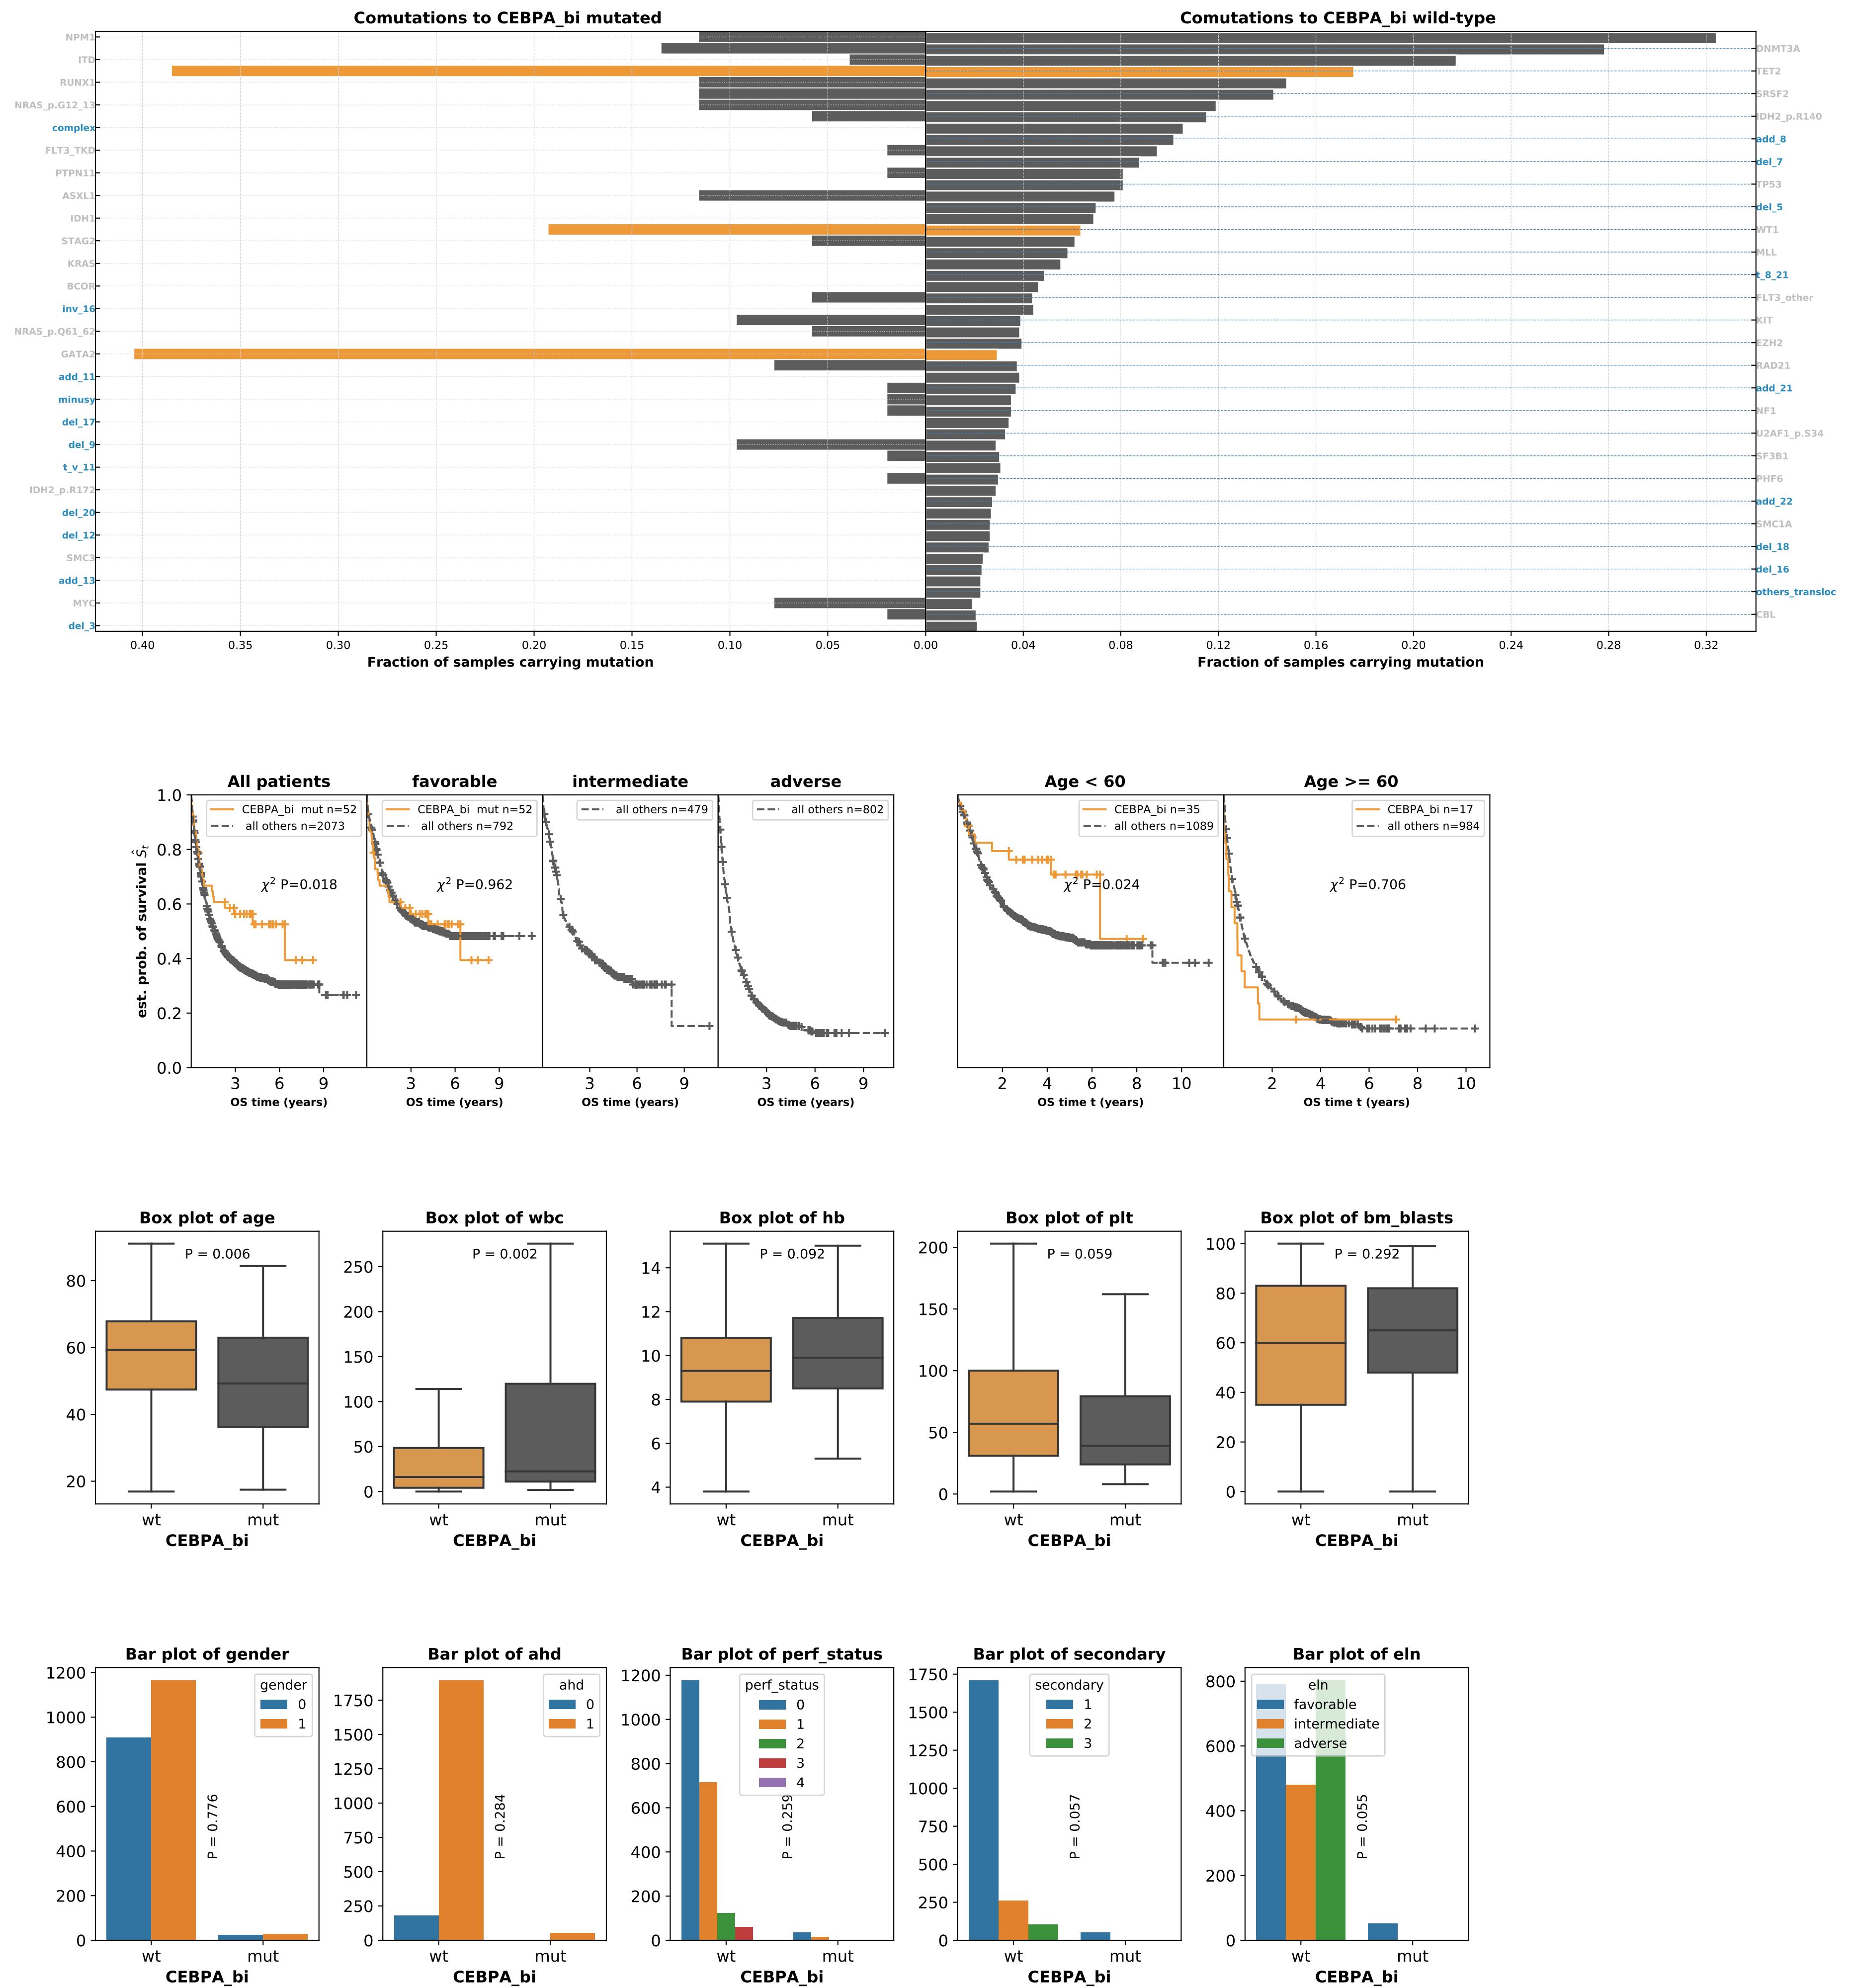

Table of classification, barplot of comutations, KM curves , box plots and bar plots for IDH2_p.R172 mutation

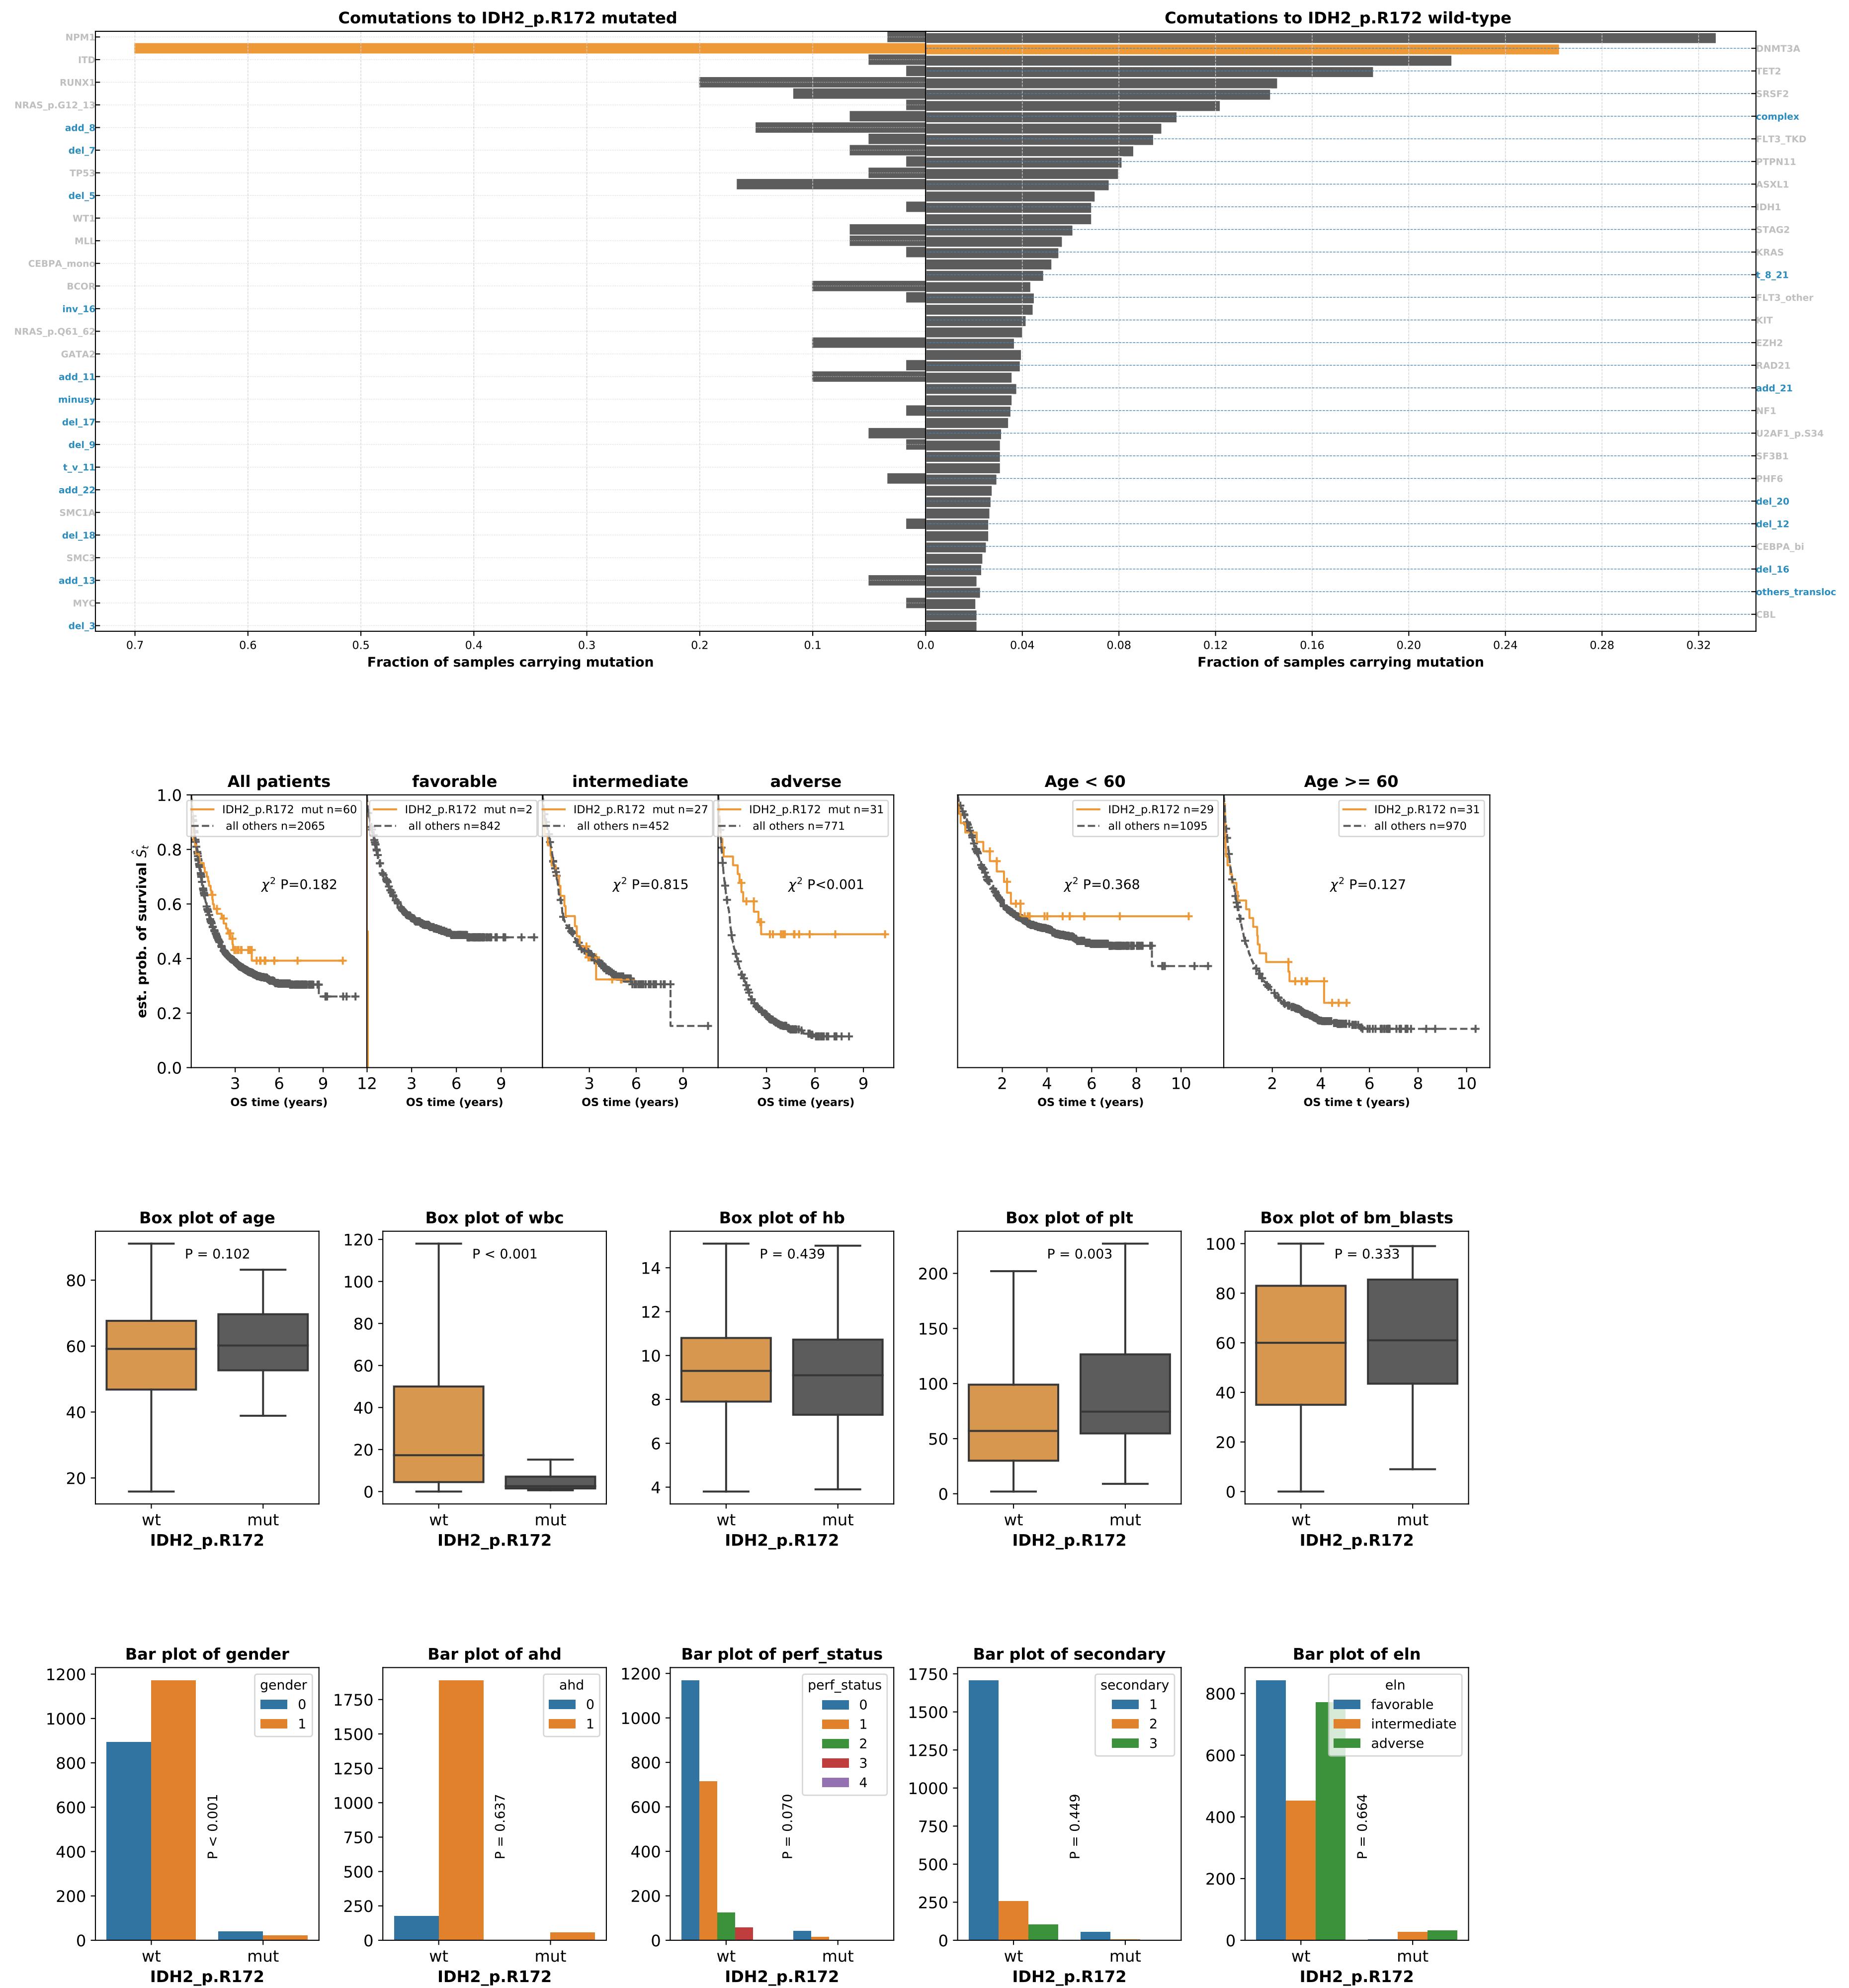

Table of classification, barplot of comutations, KM curves , box plots and bar plots for SMC1A mutation

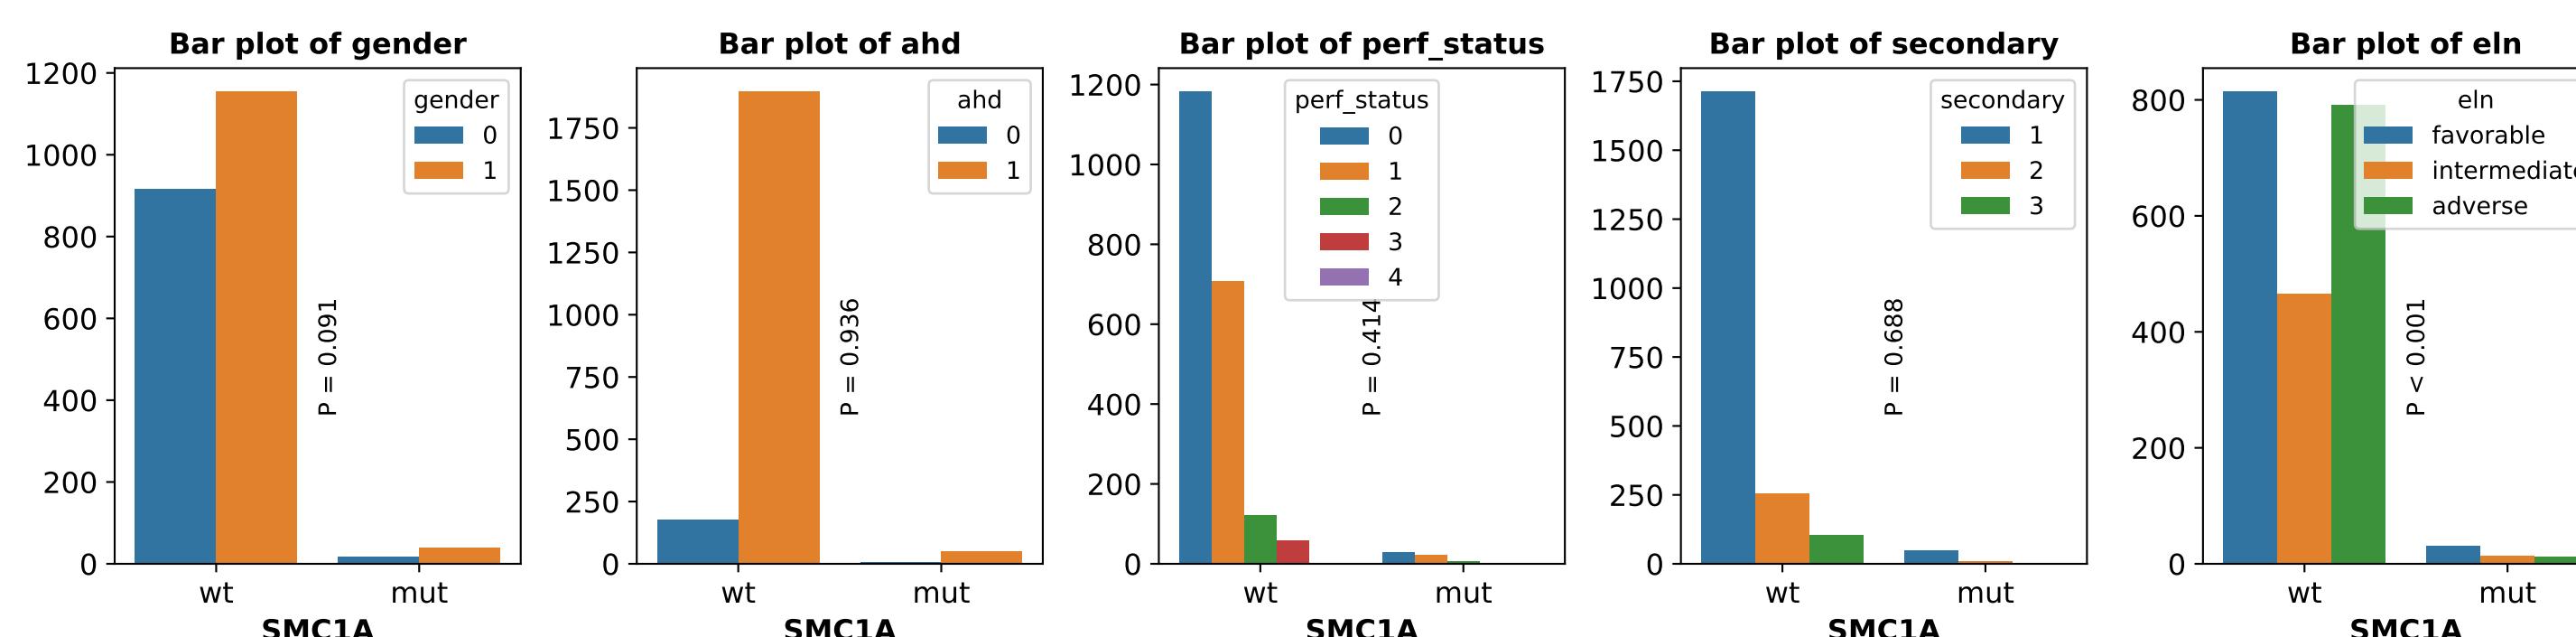

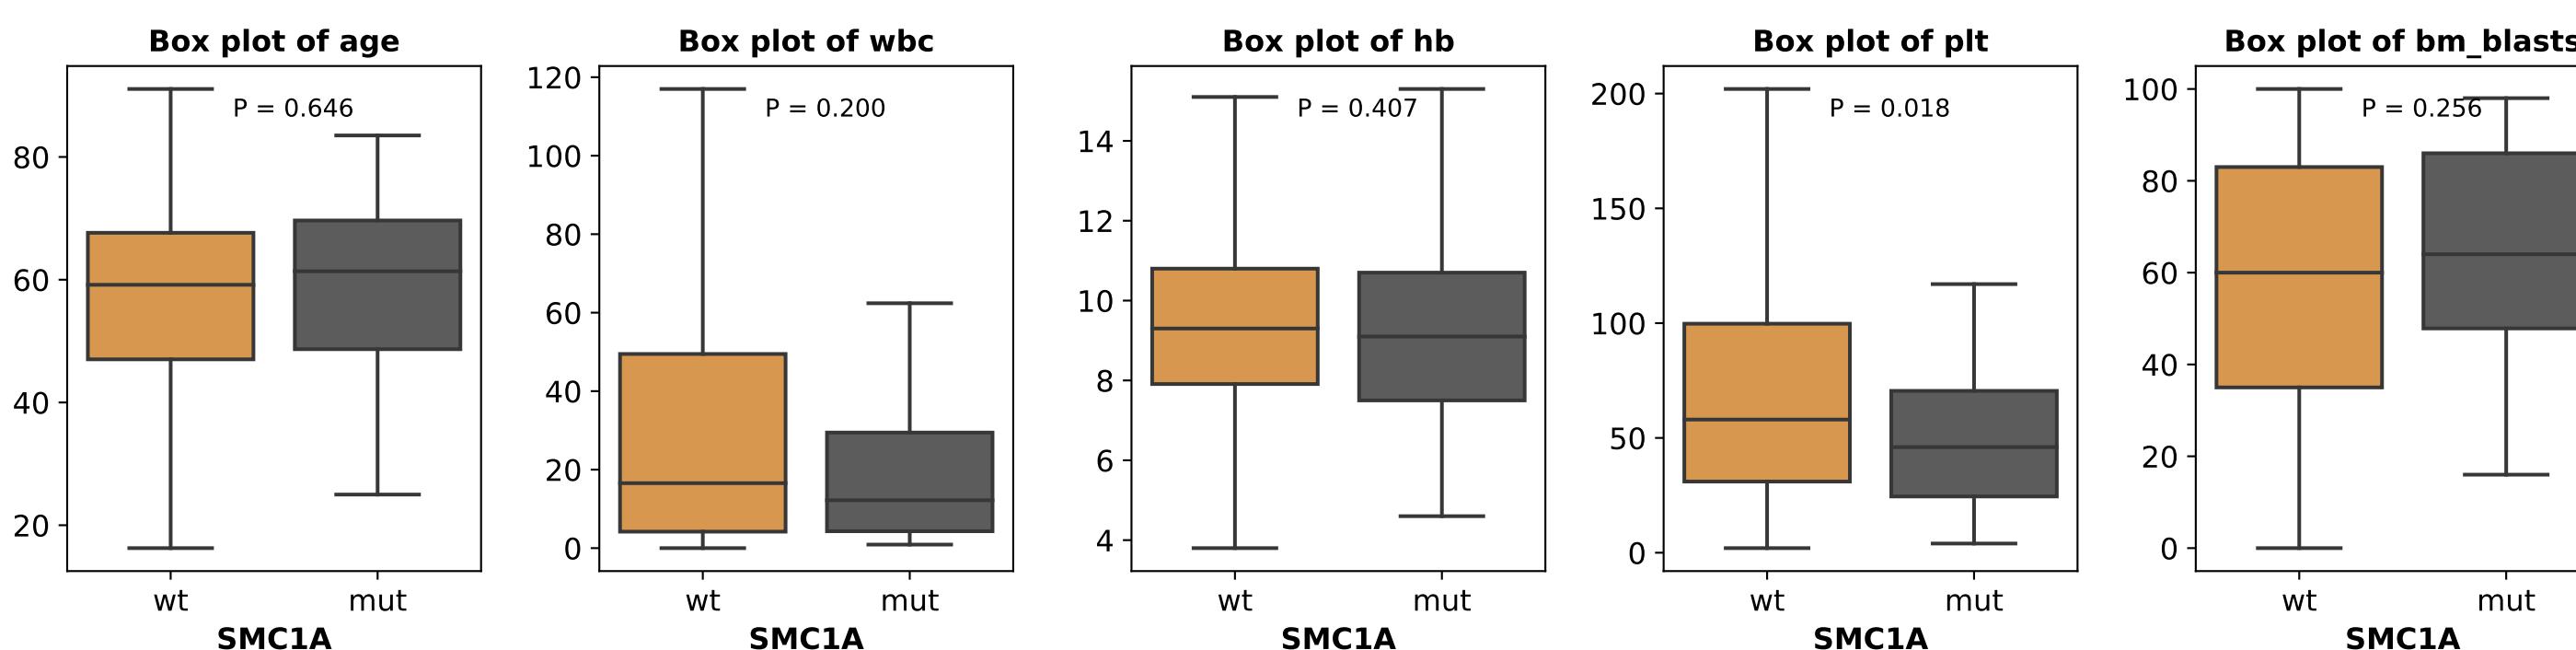

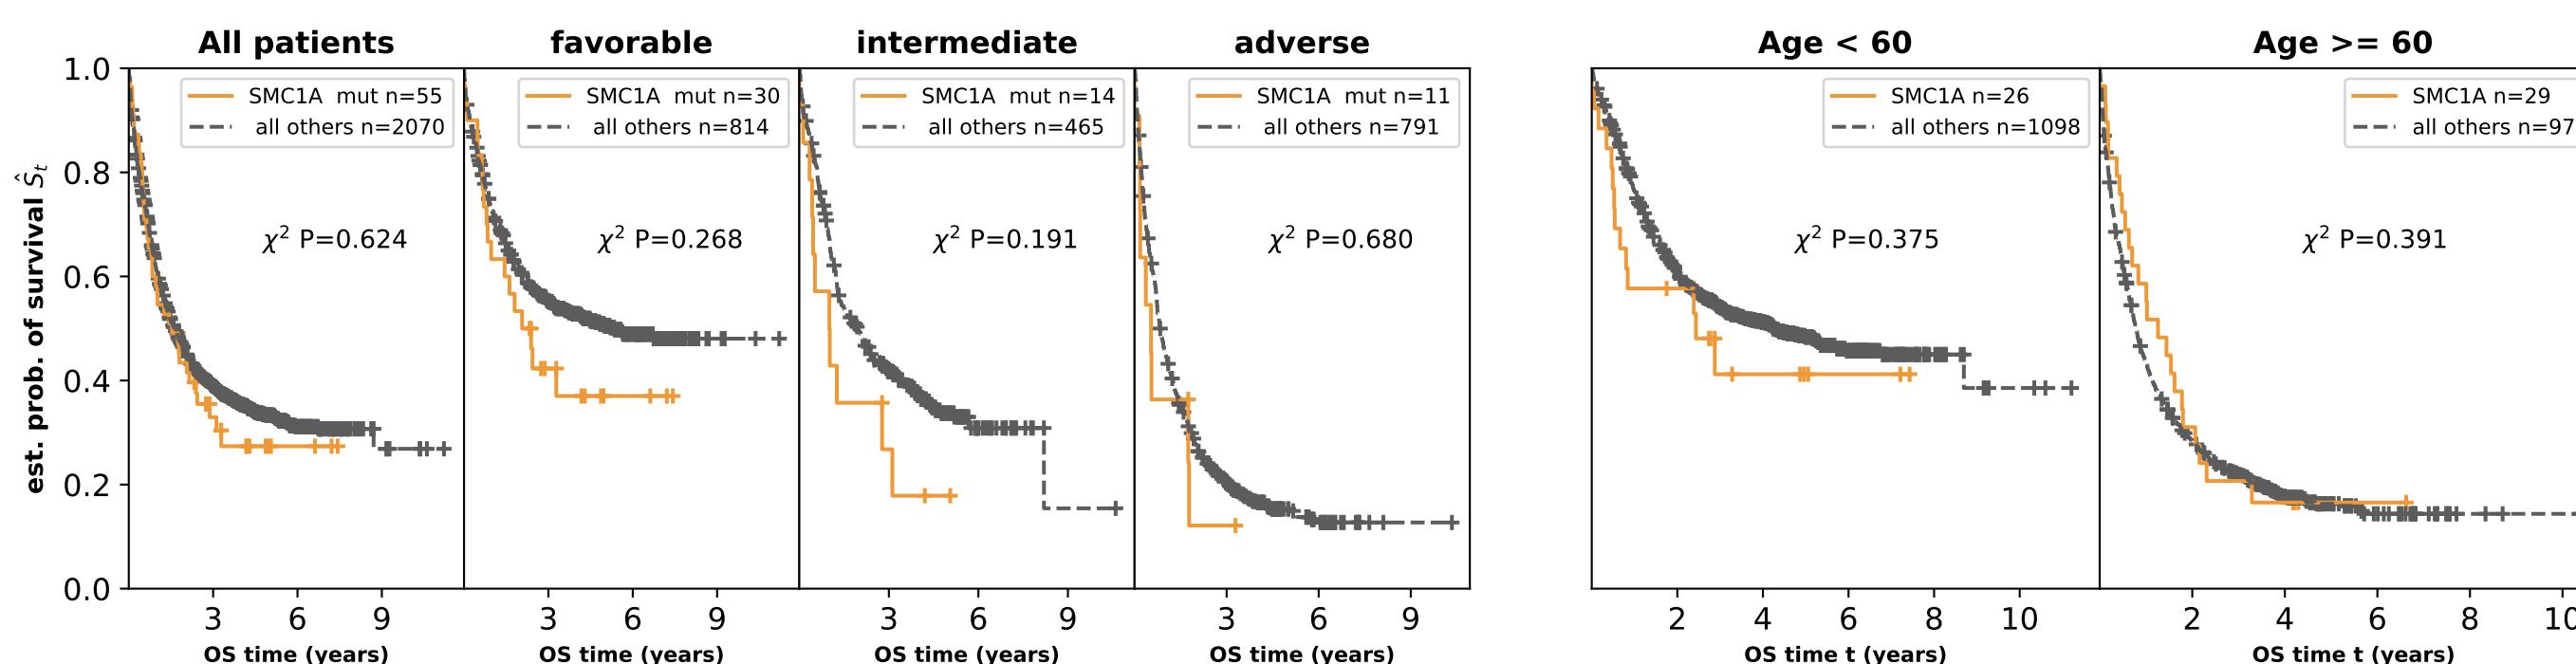

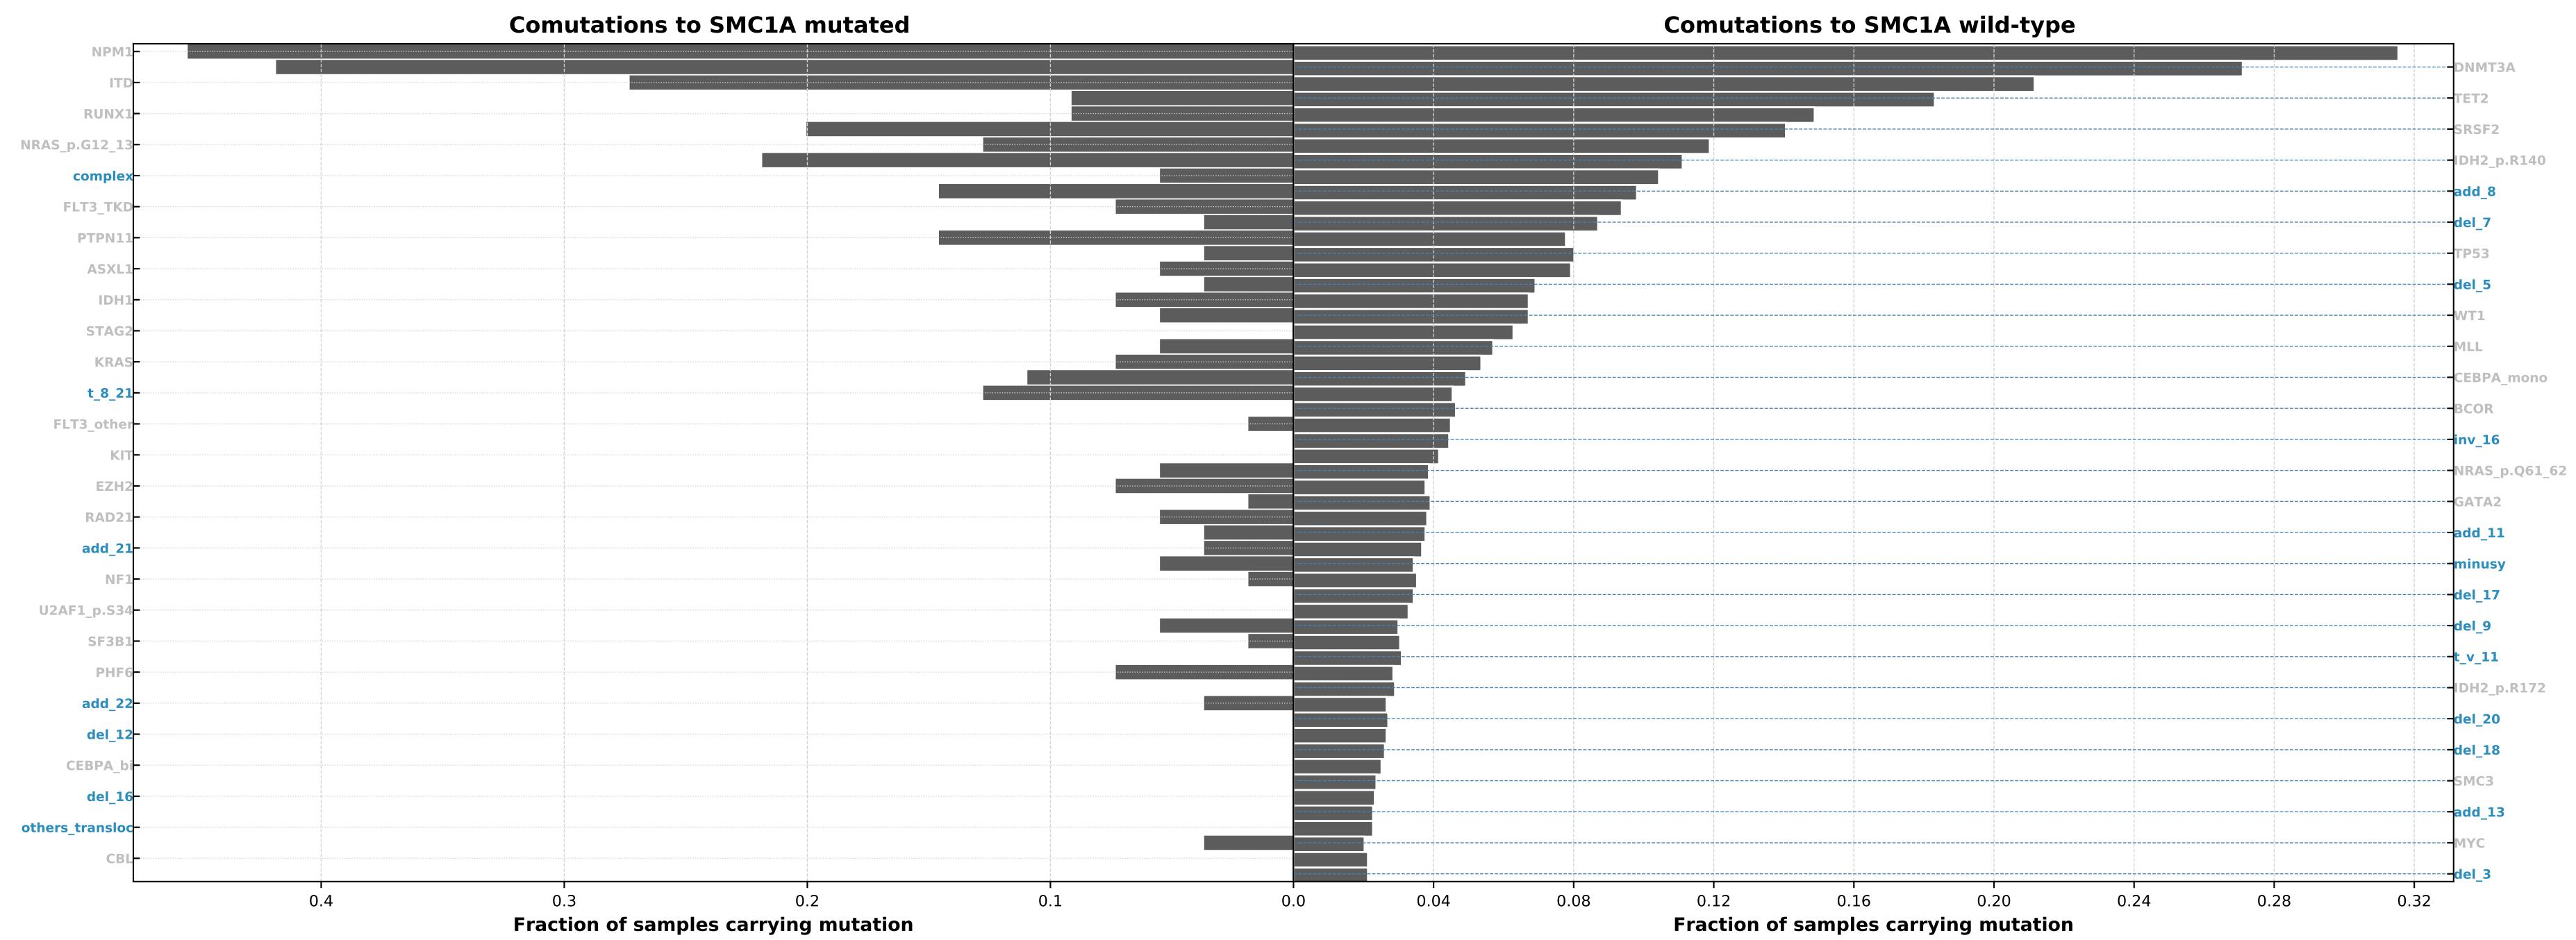

Table of classification, barplot of comutations, KM curves , box plots and bar plots for NRAS_p.G12_13 mutation

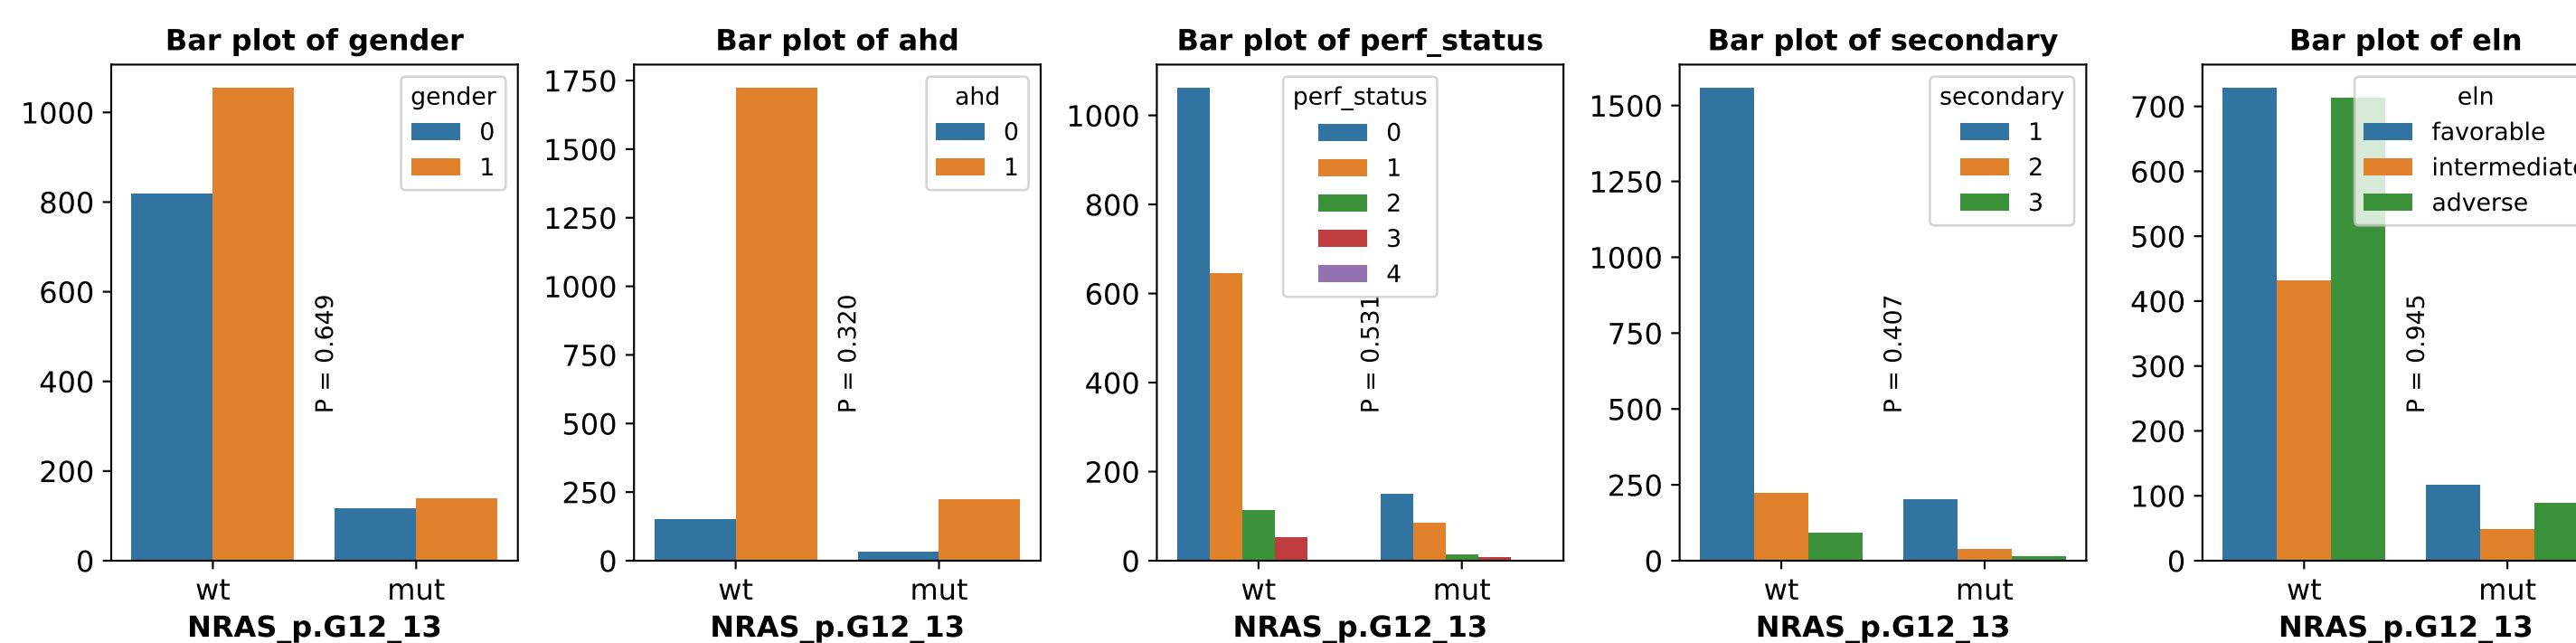

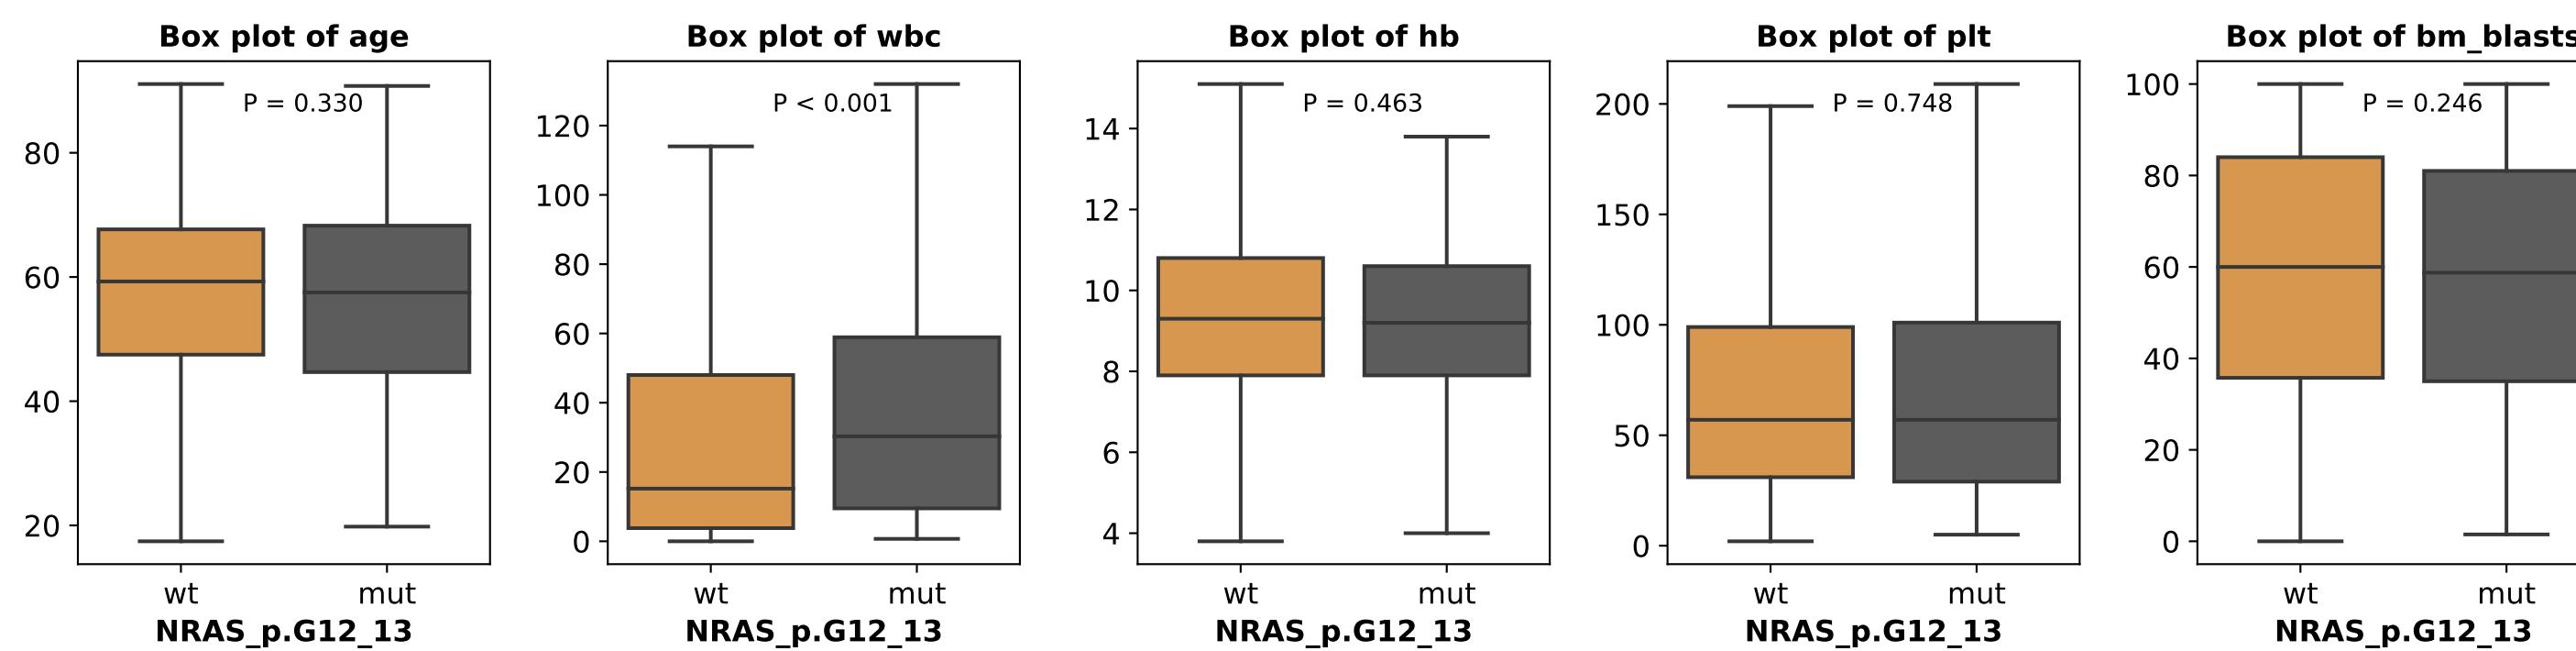

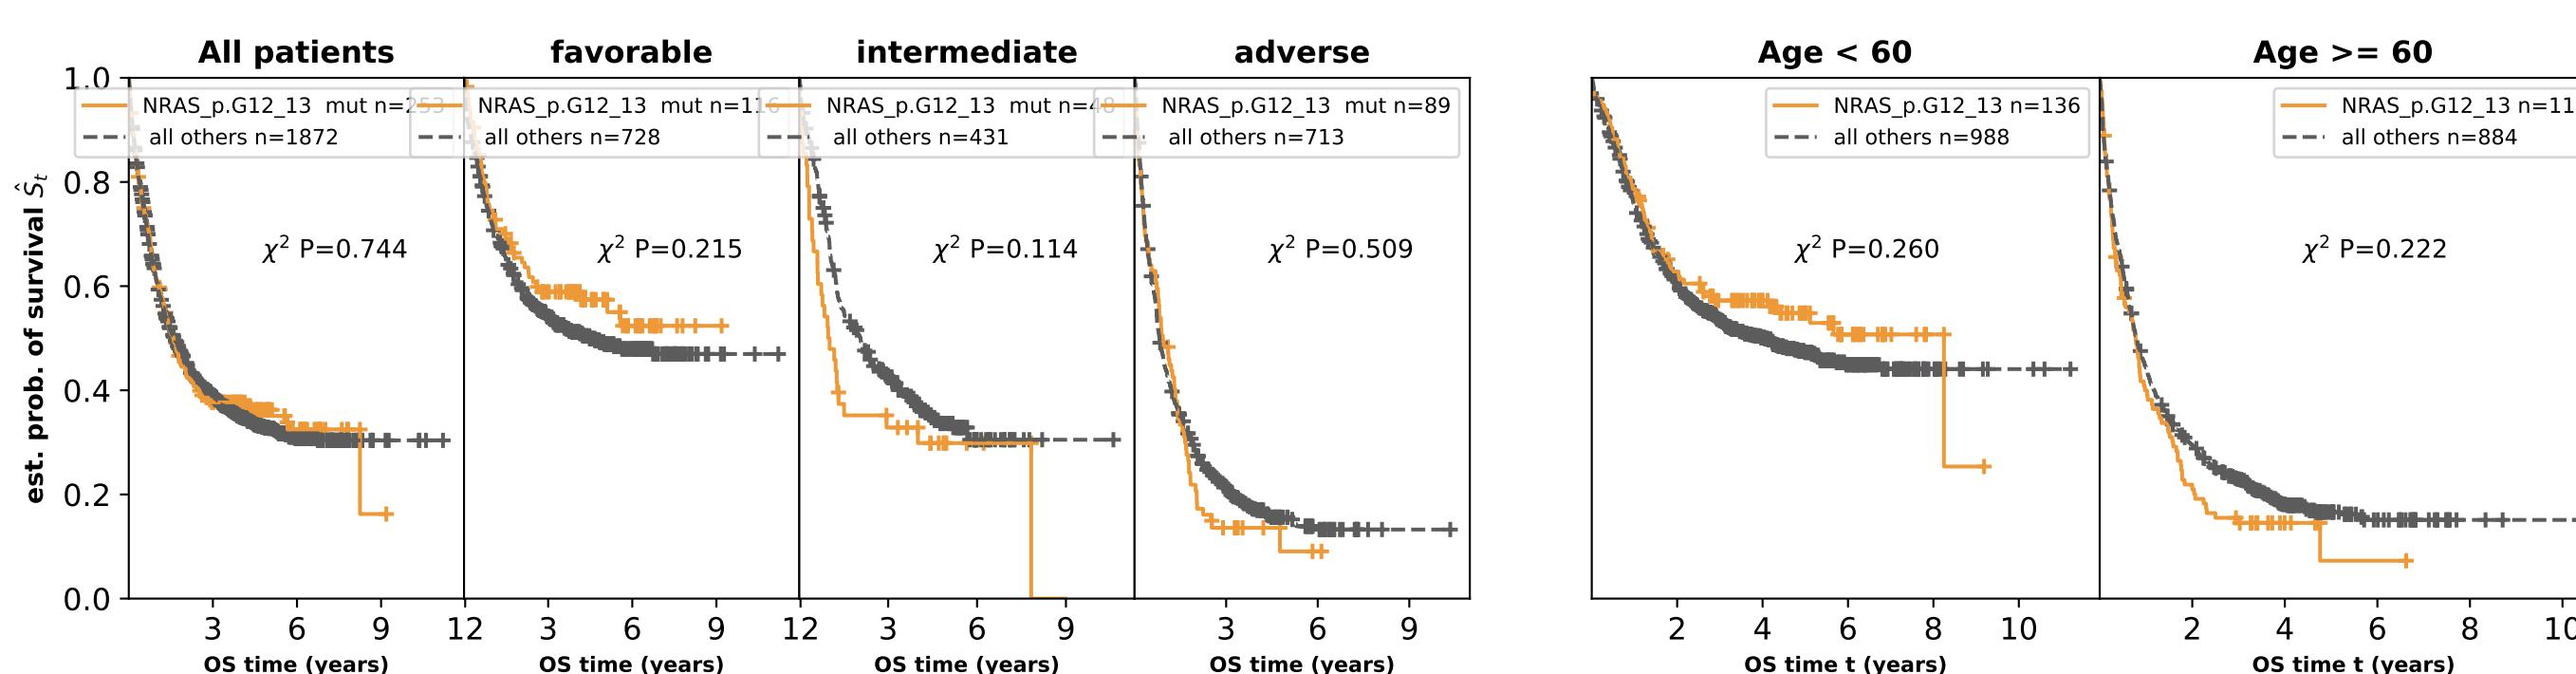

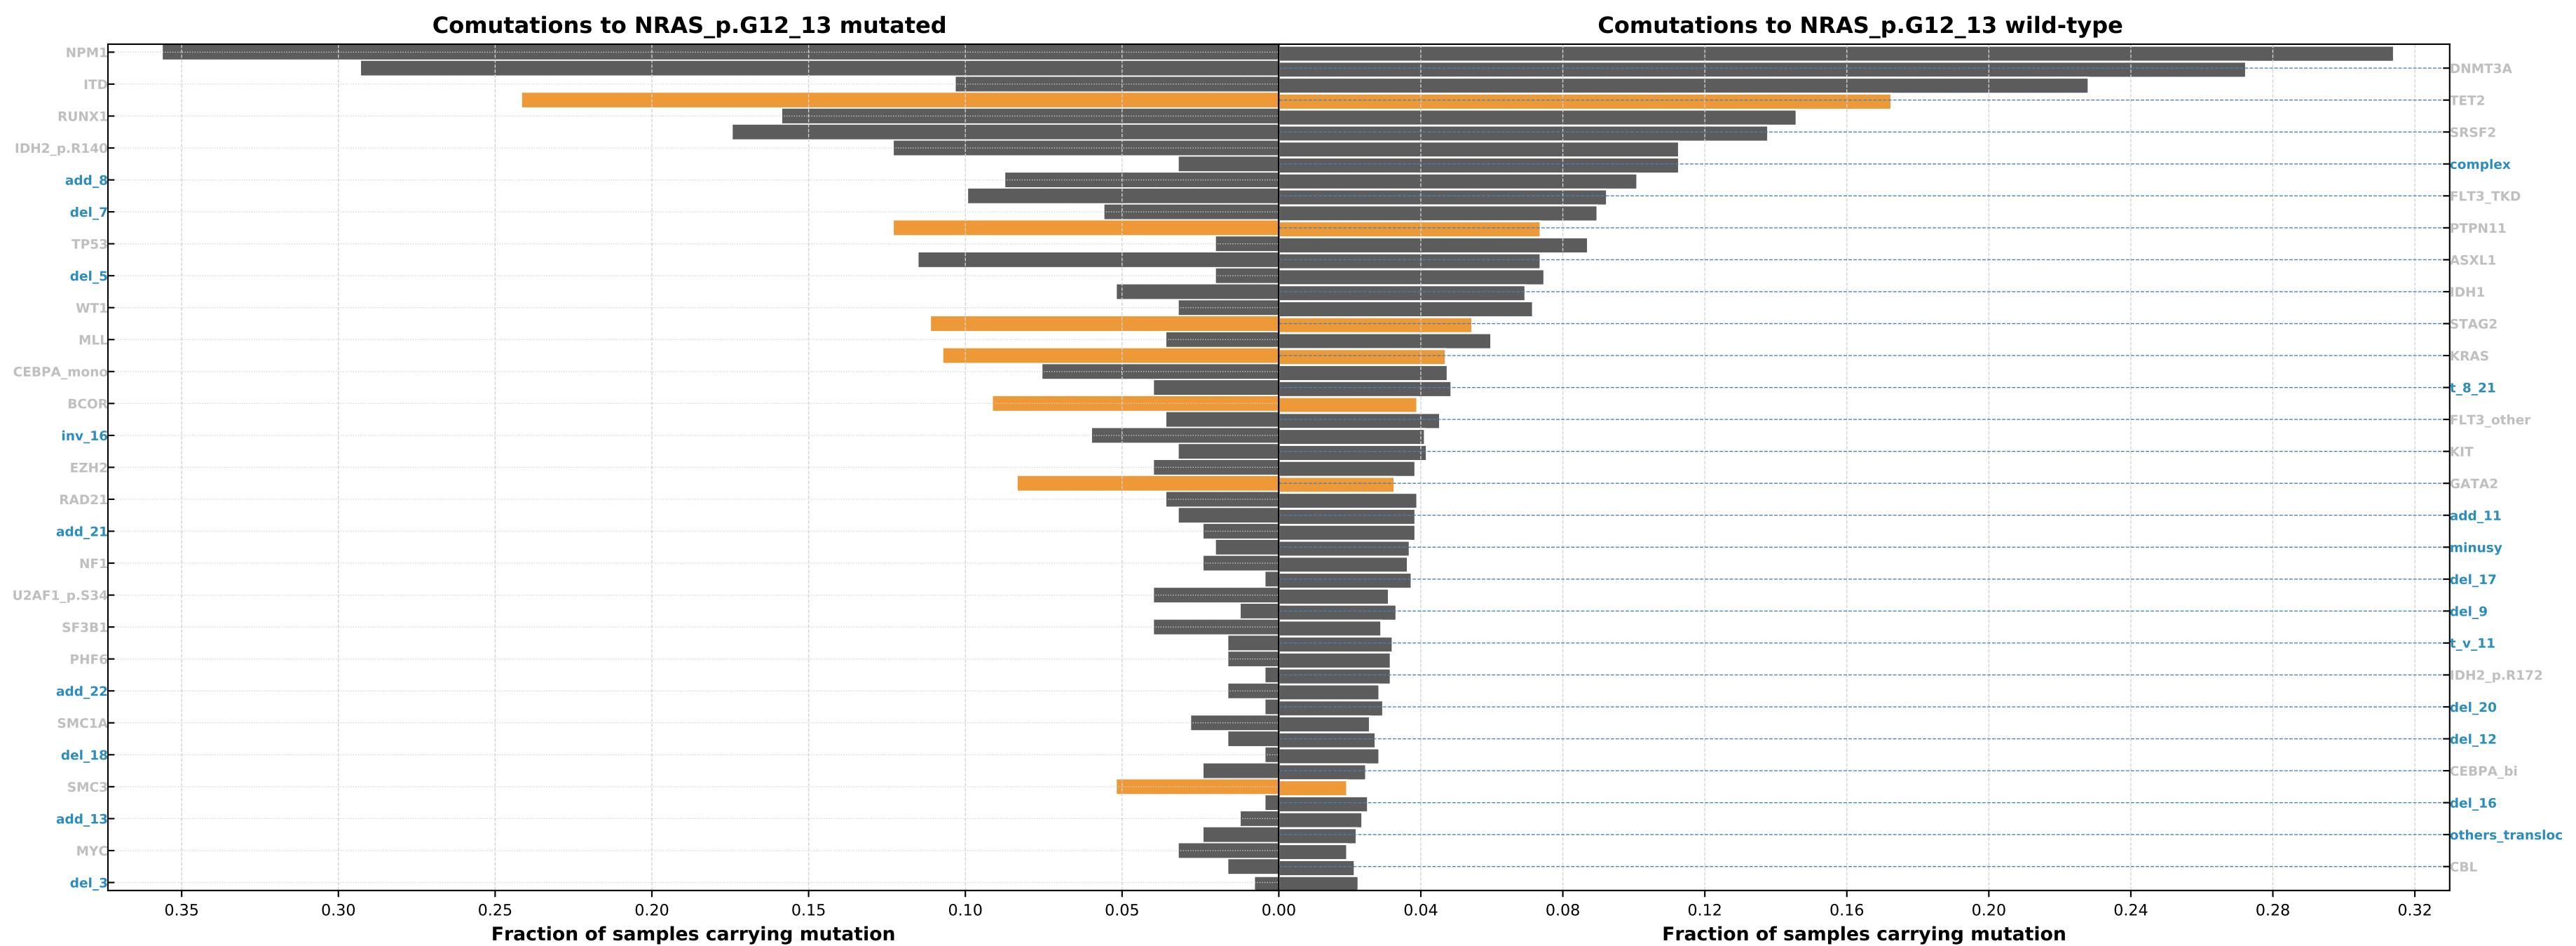

Table of classification, barplot of comutations, KM curves , box plots and bar plots for DNMT3A mutation

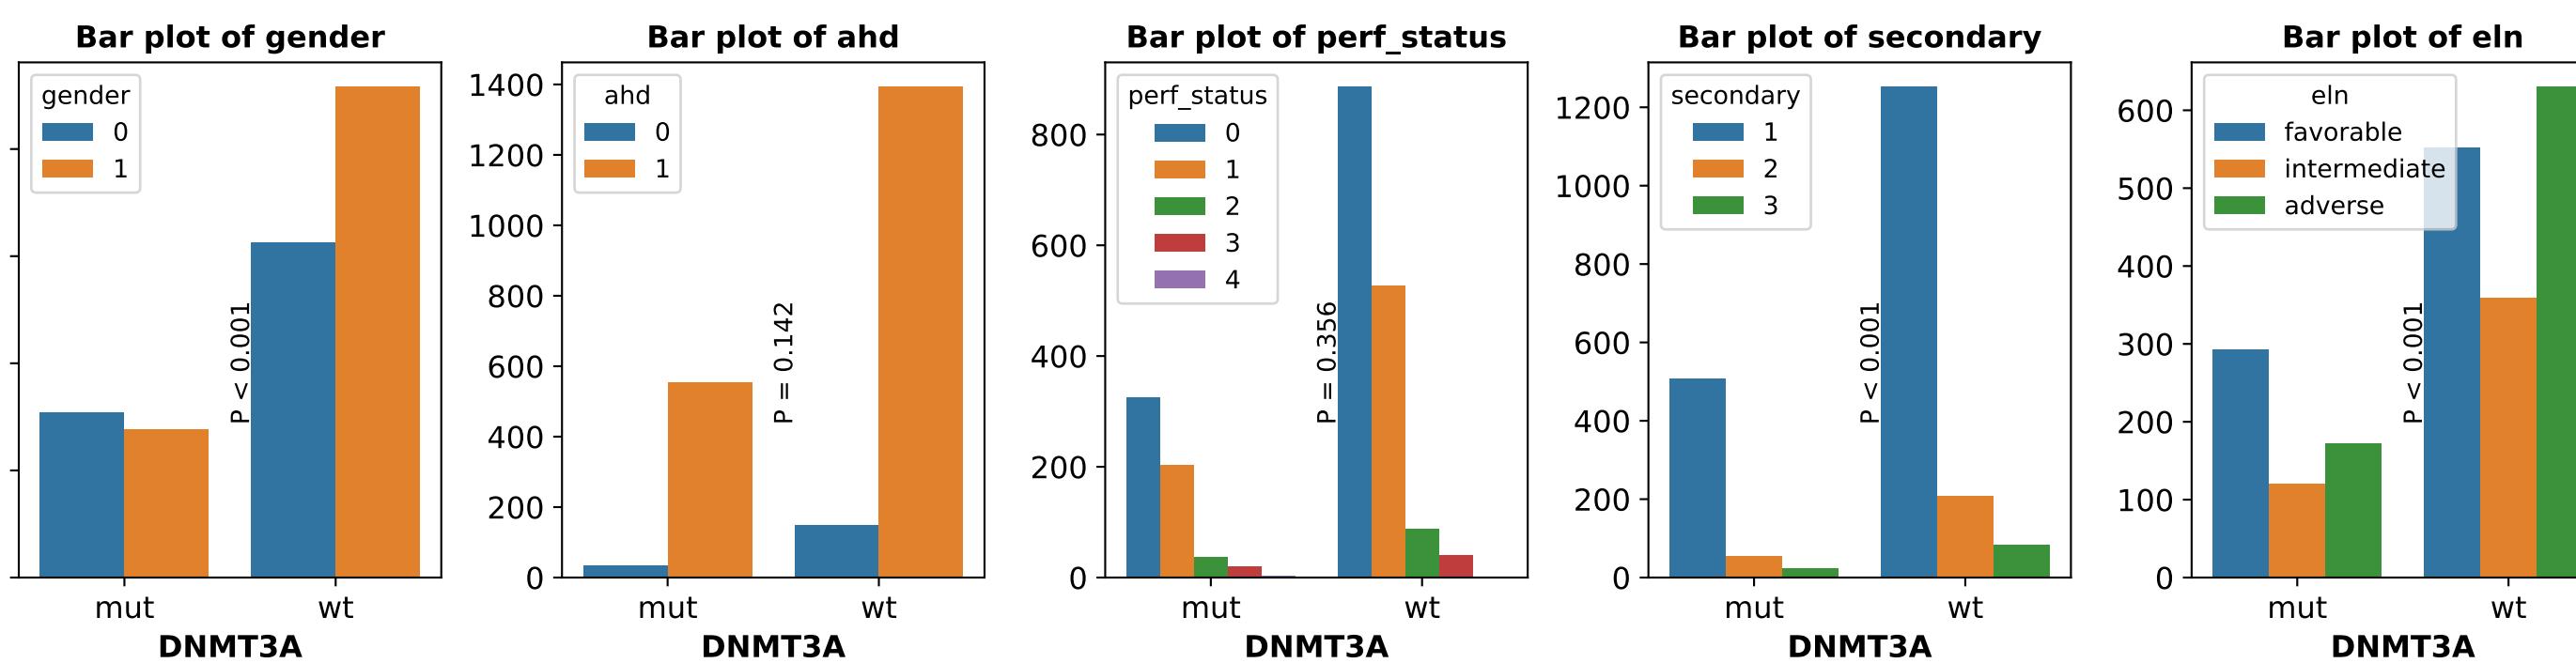

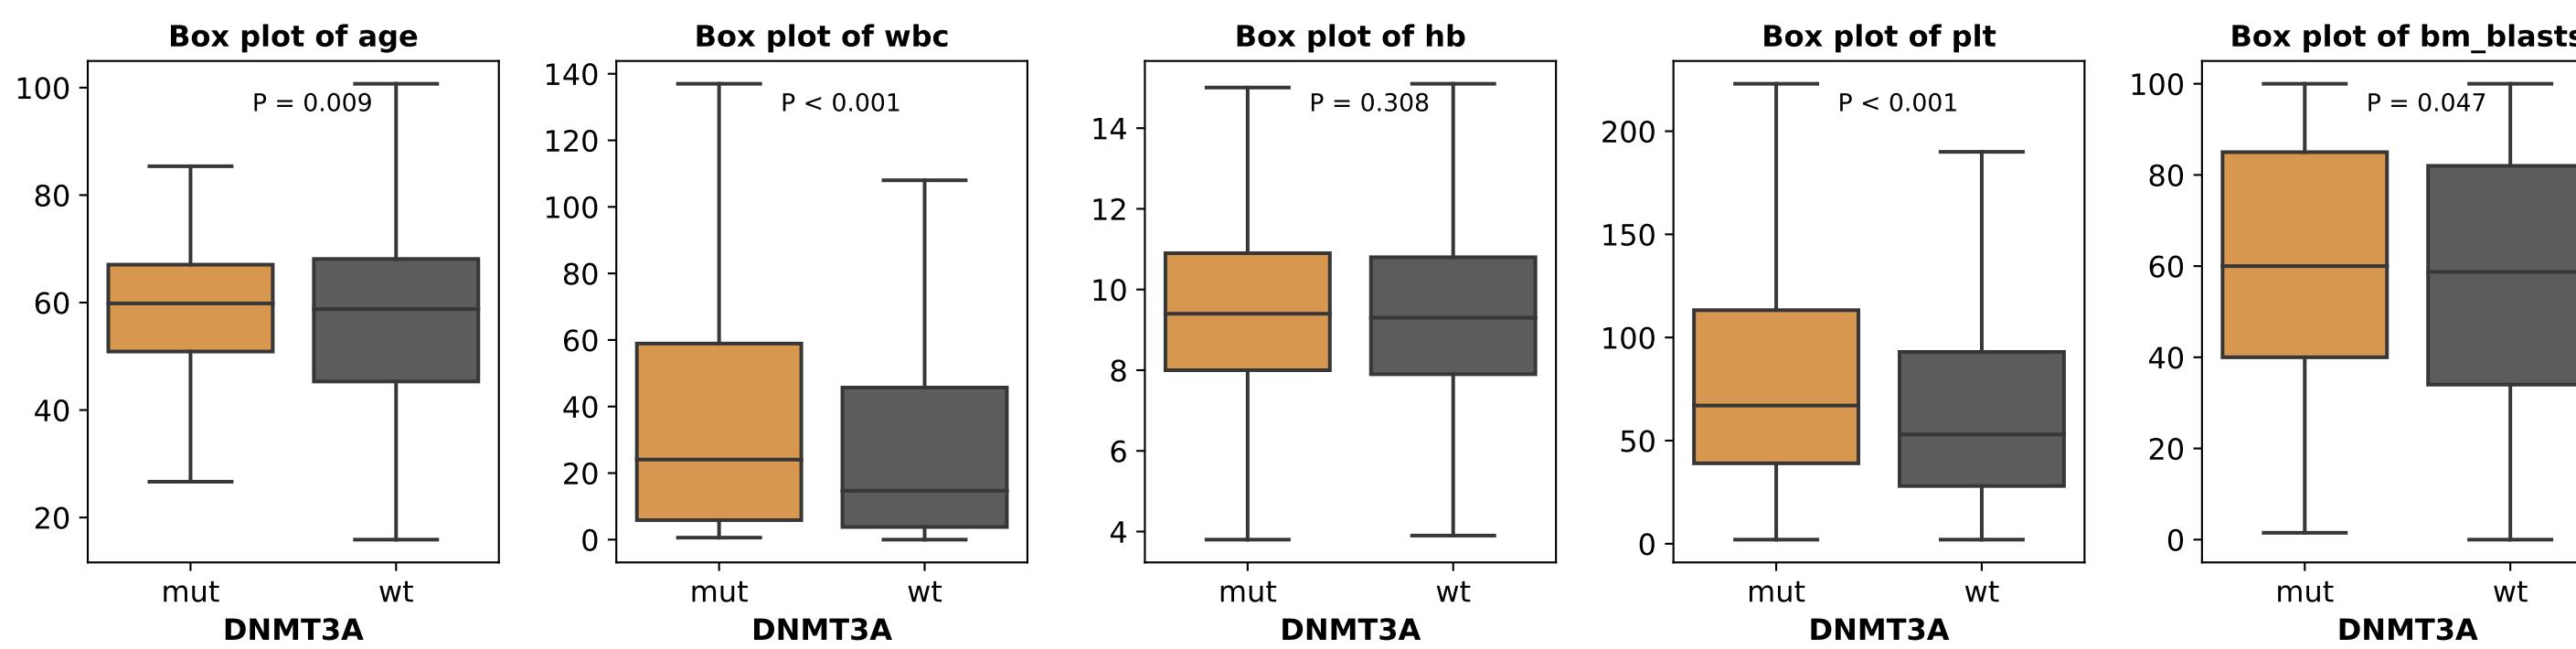

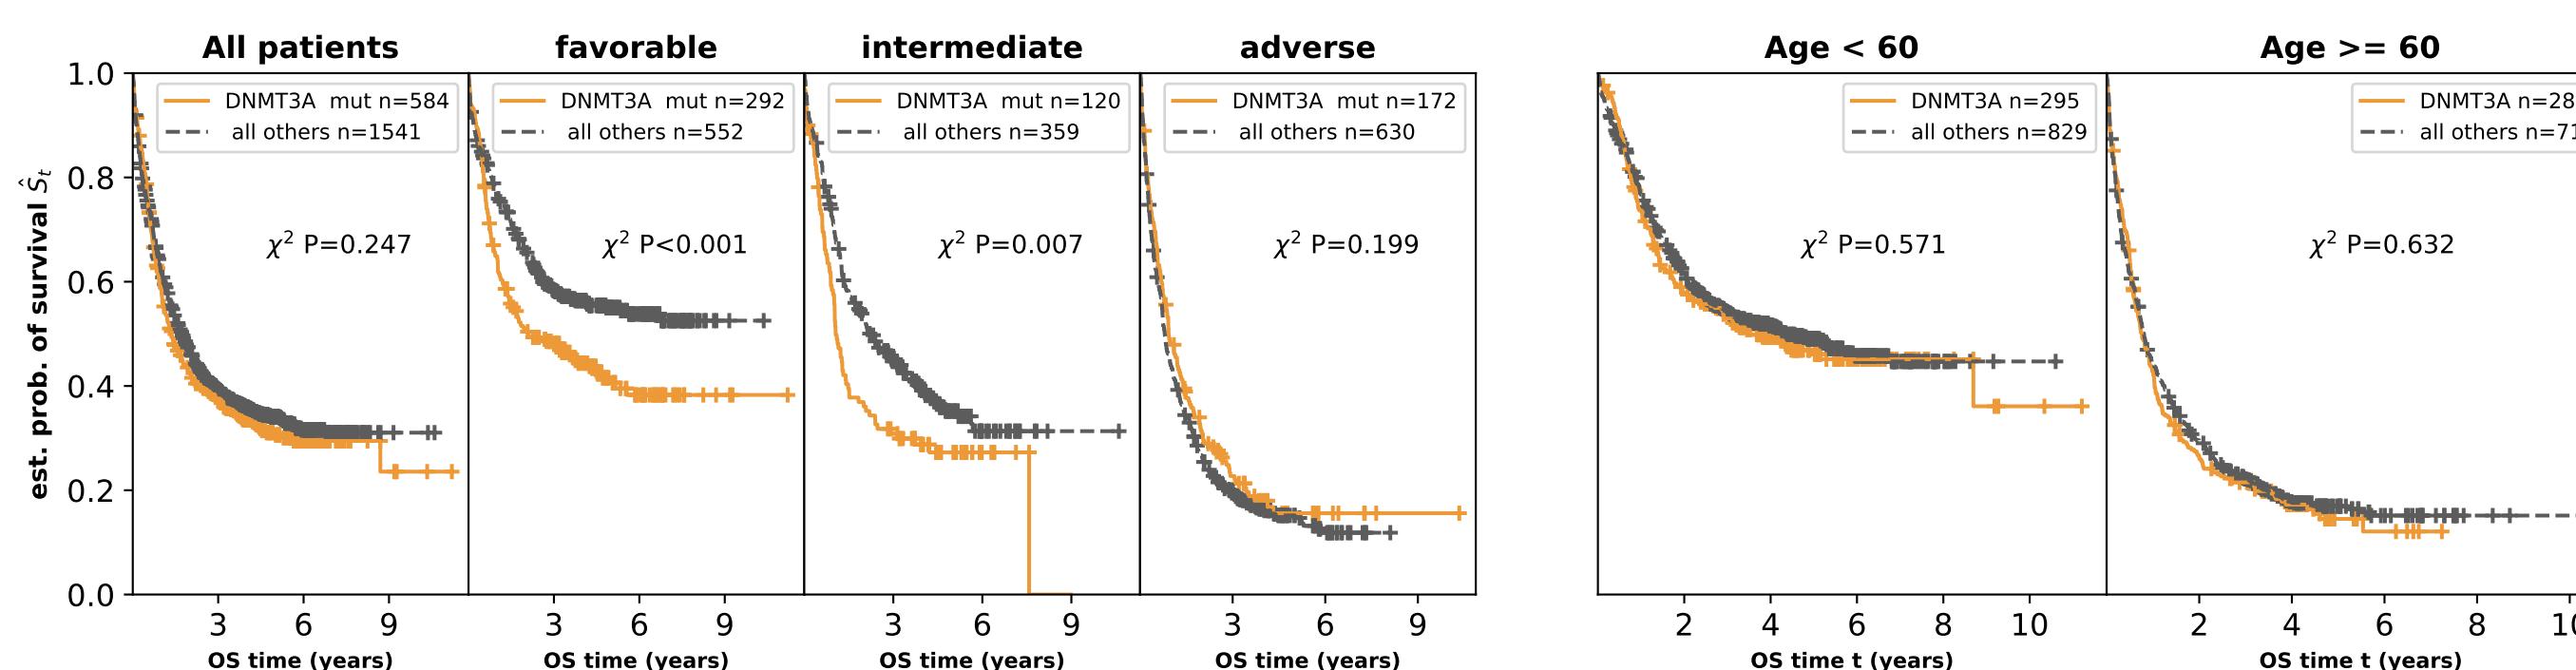

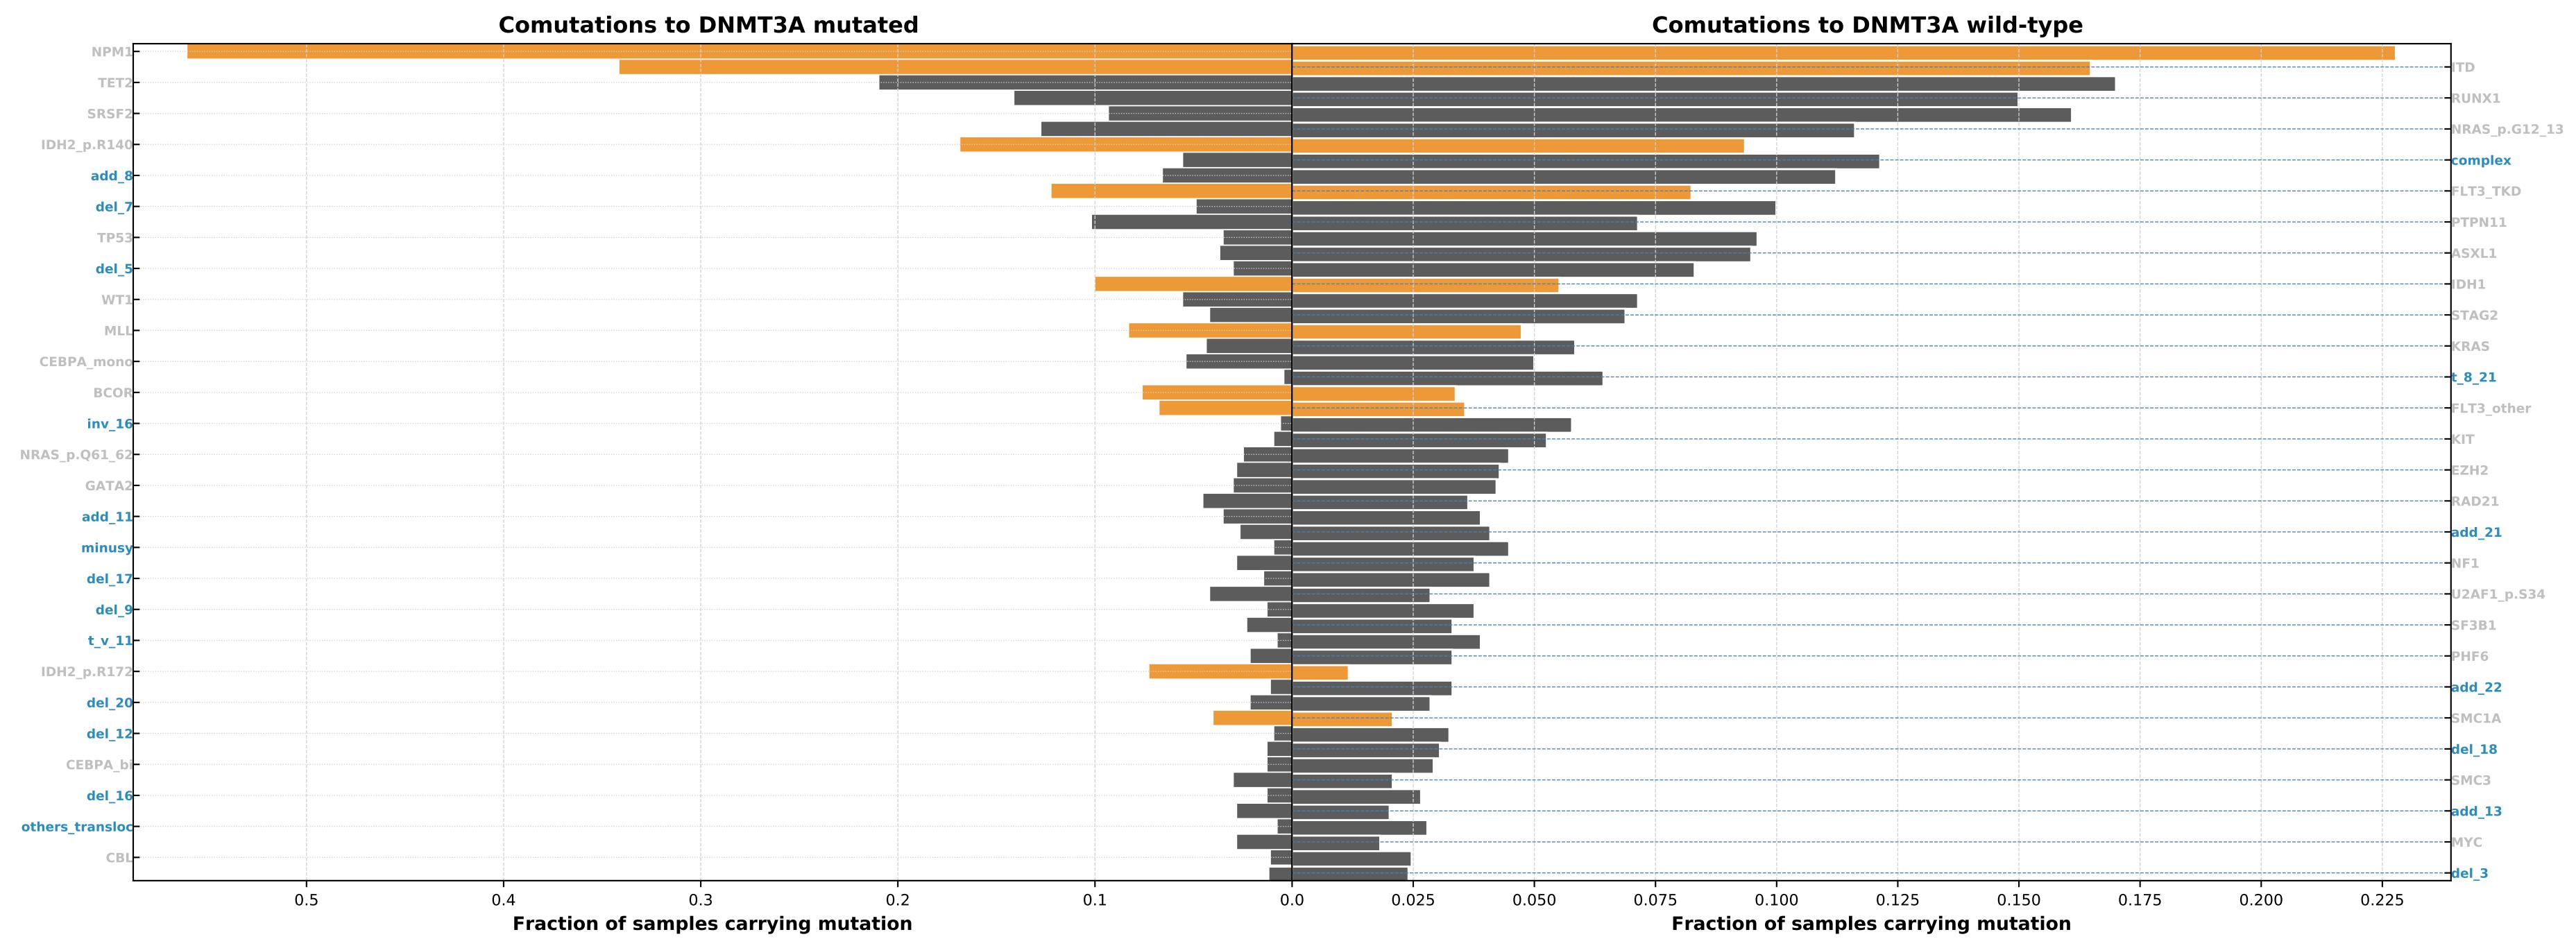

Table of classification, barplot of comutations, KM curves , box plots and bar plots for add_13

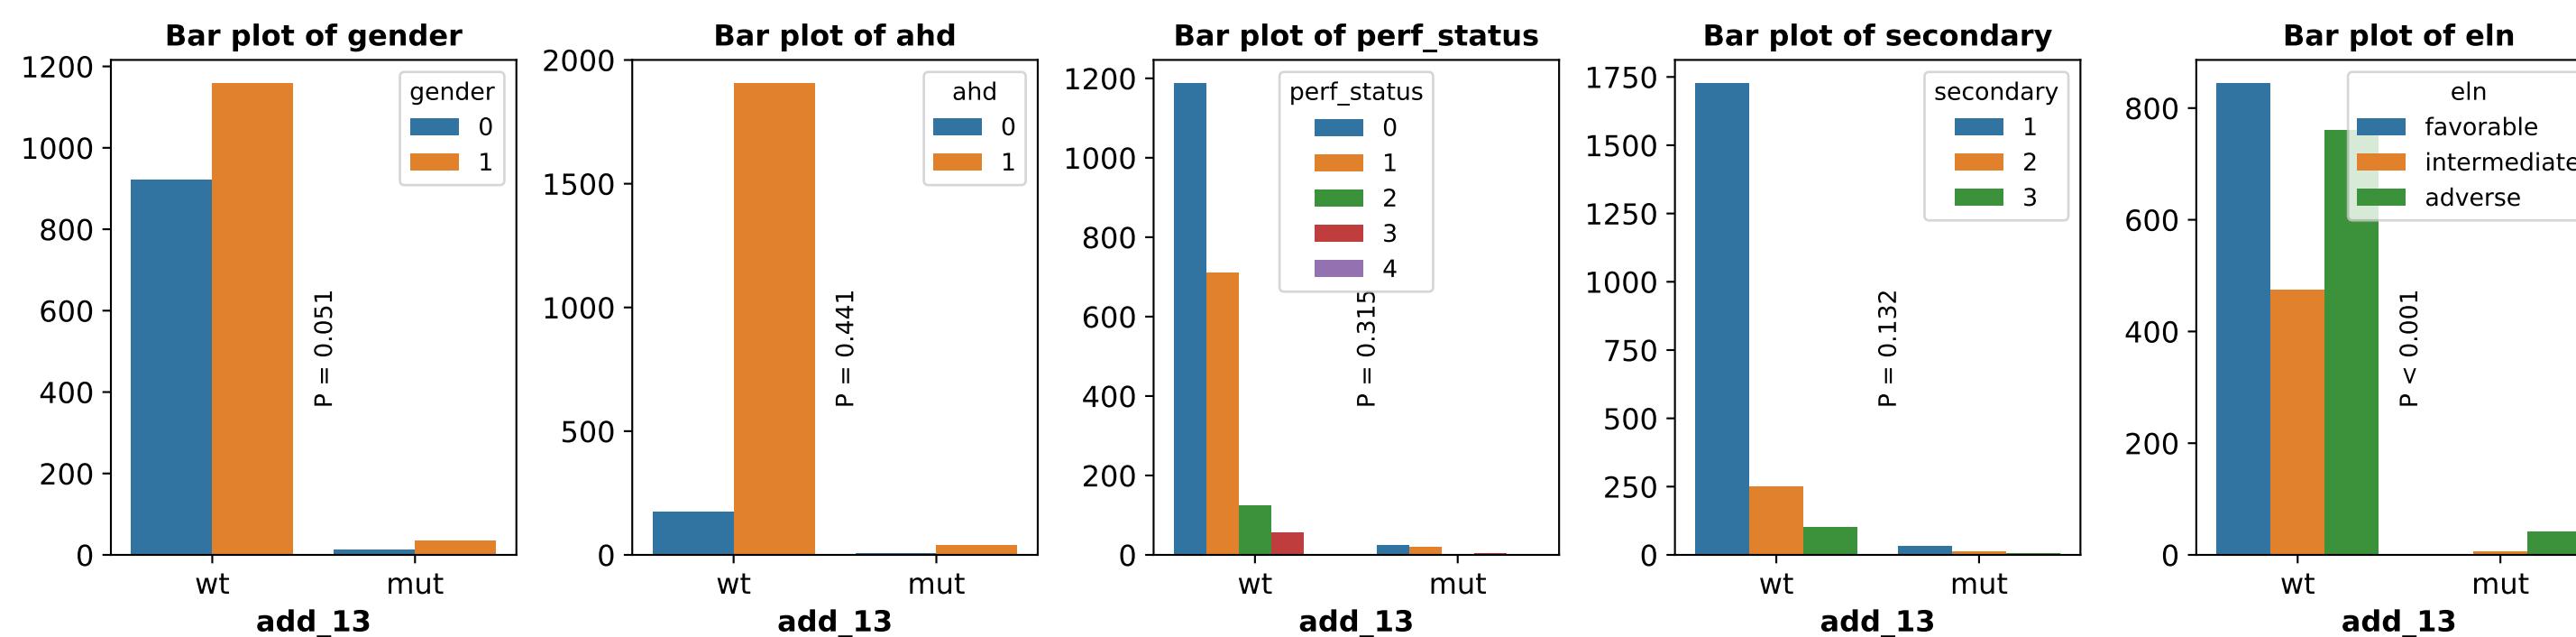

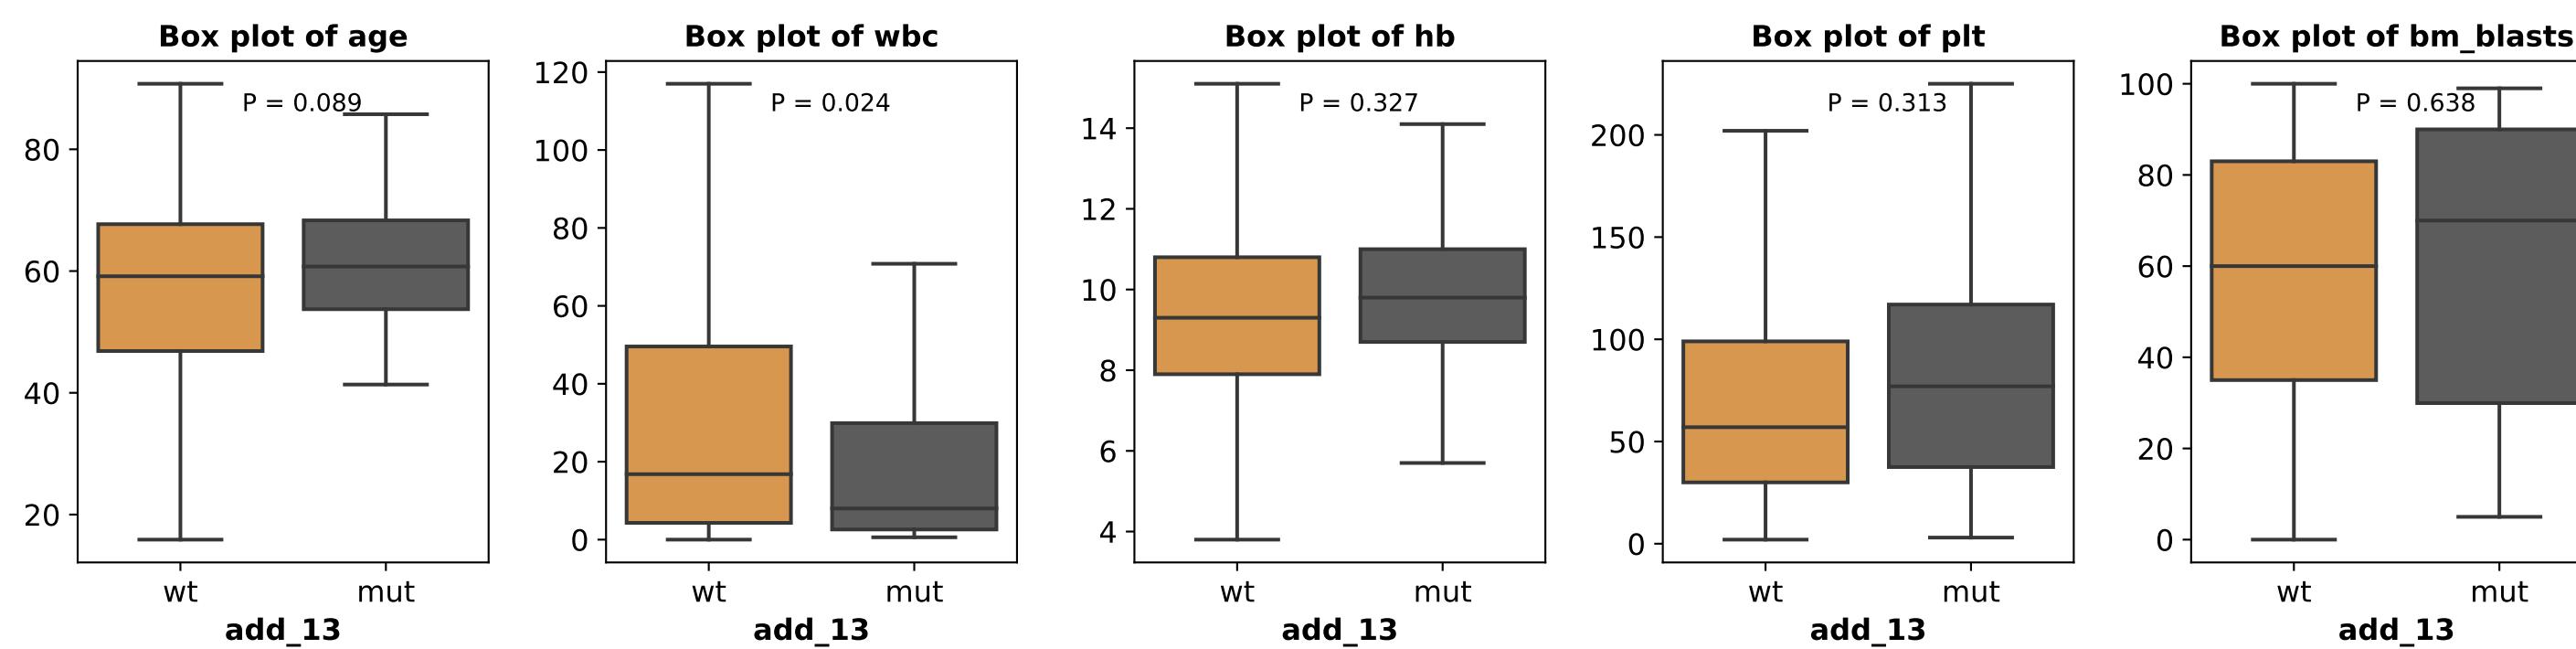

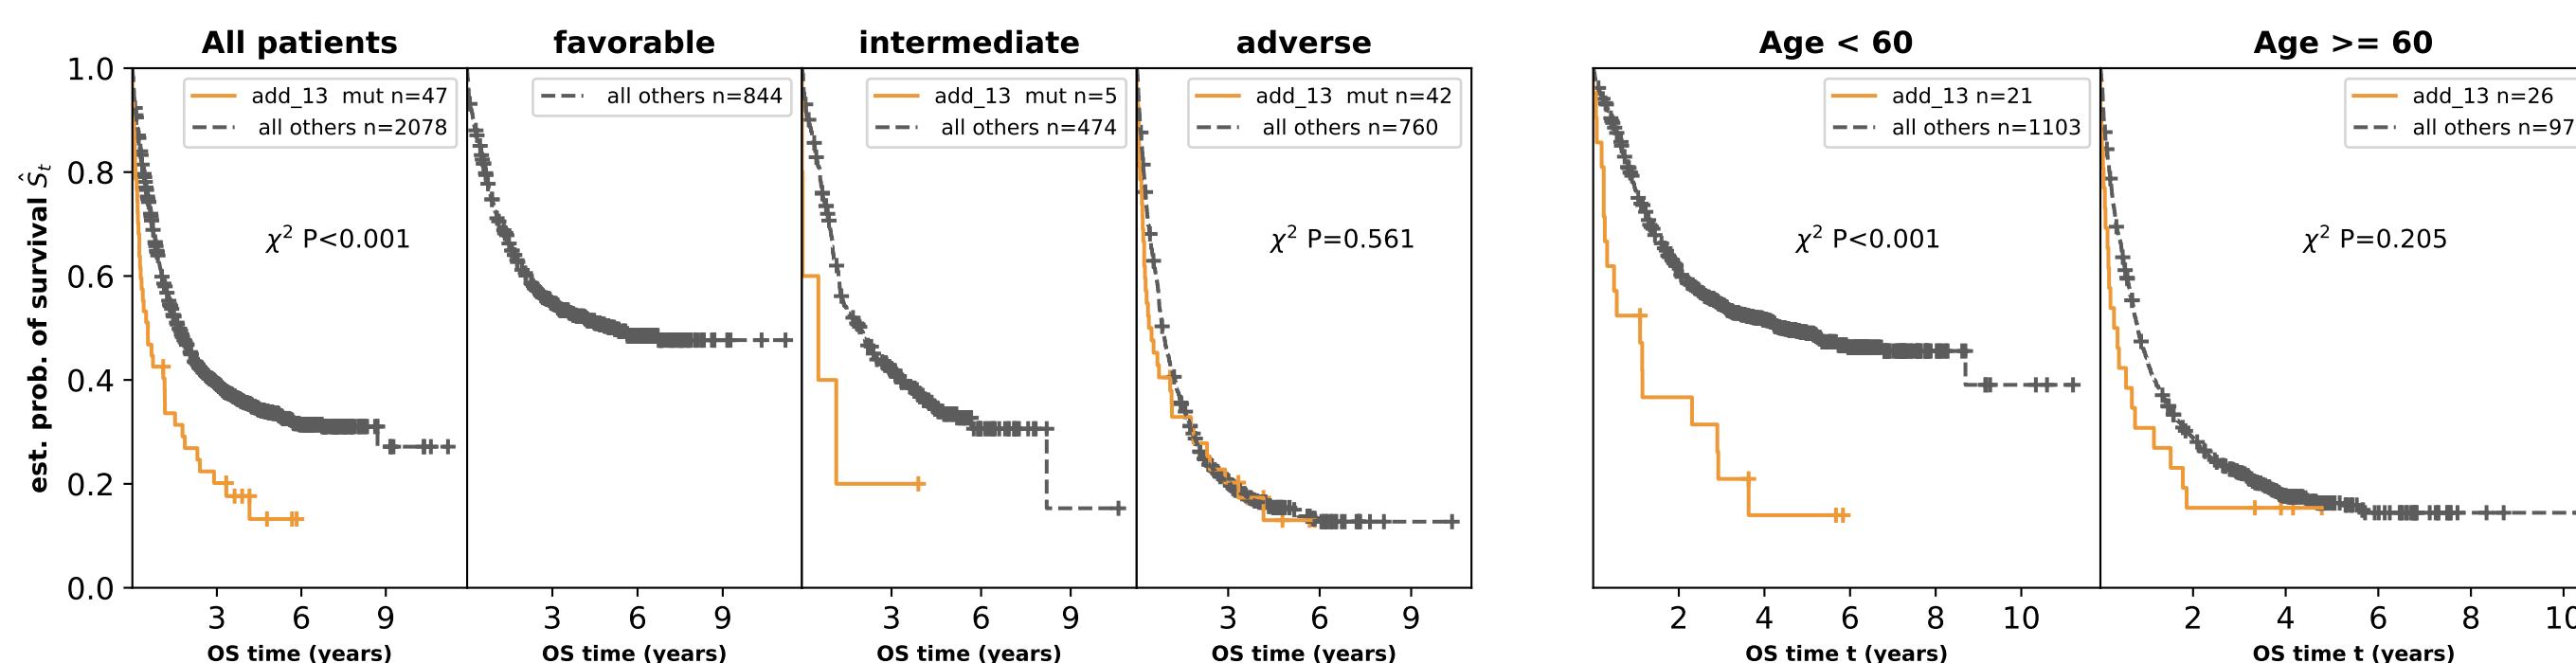

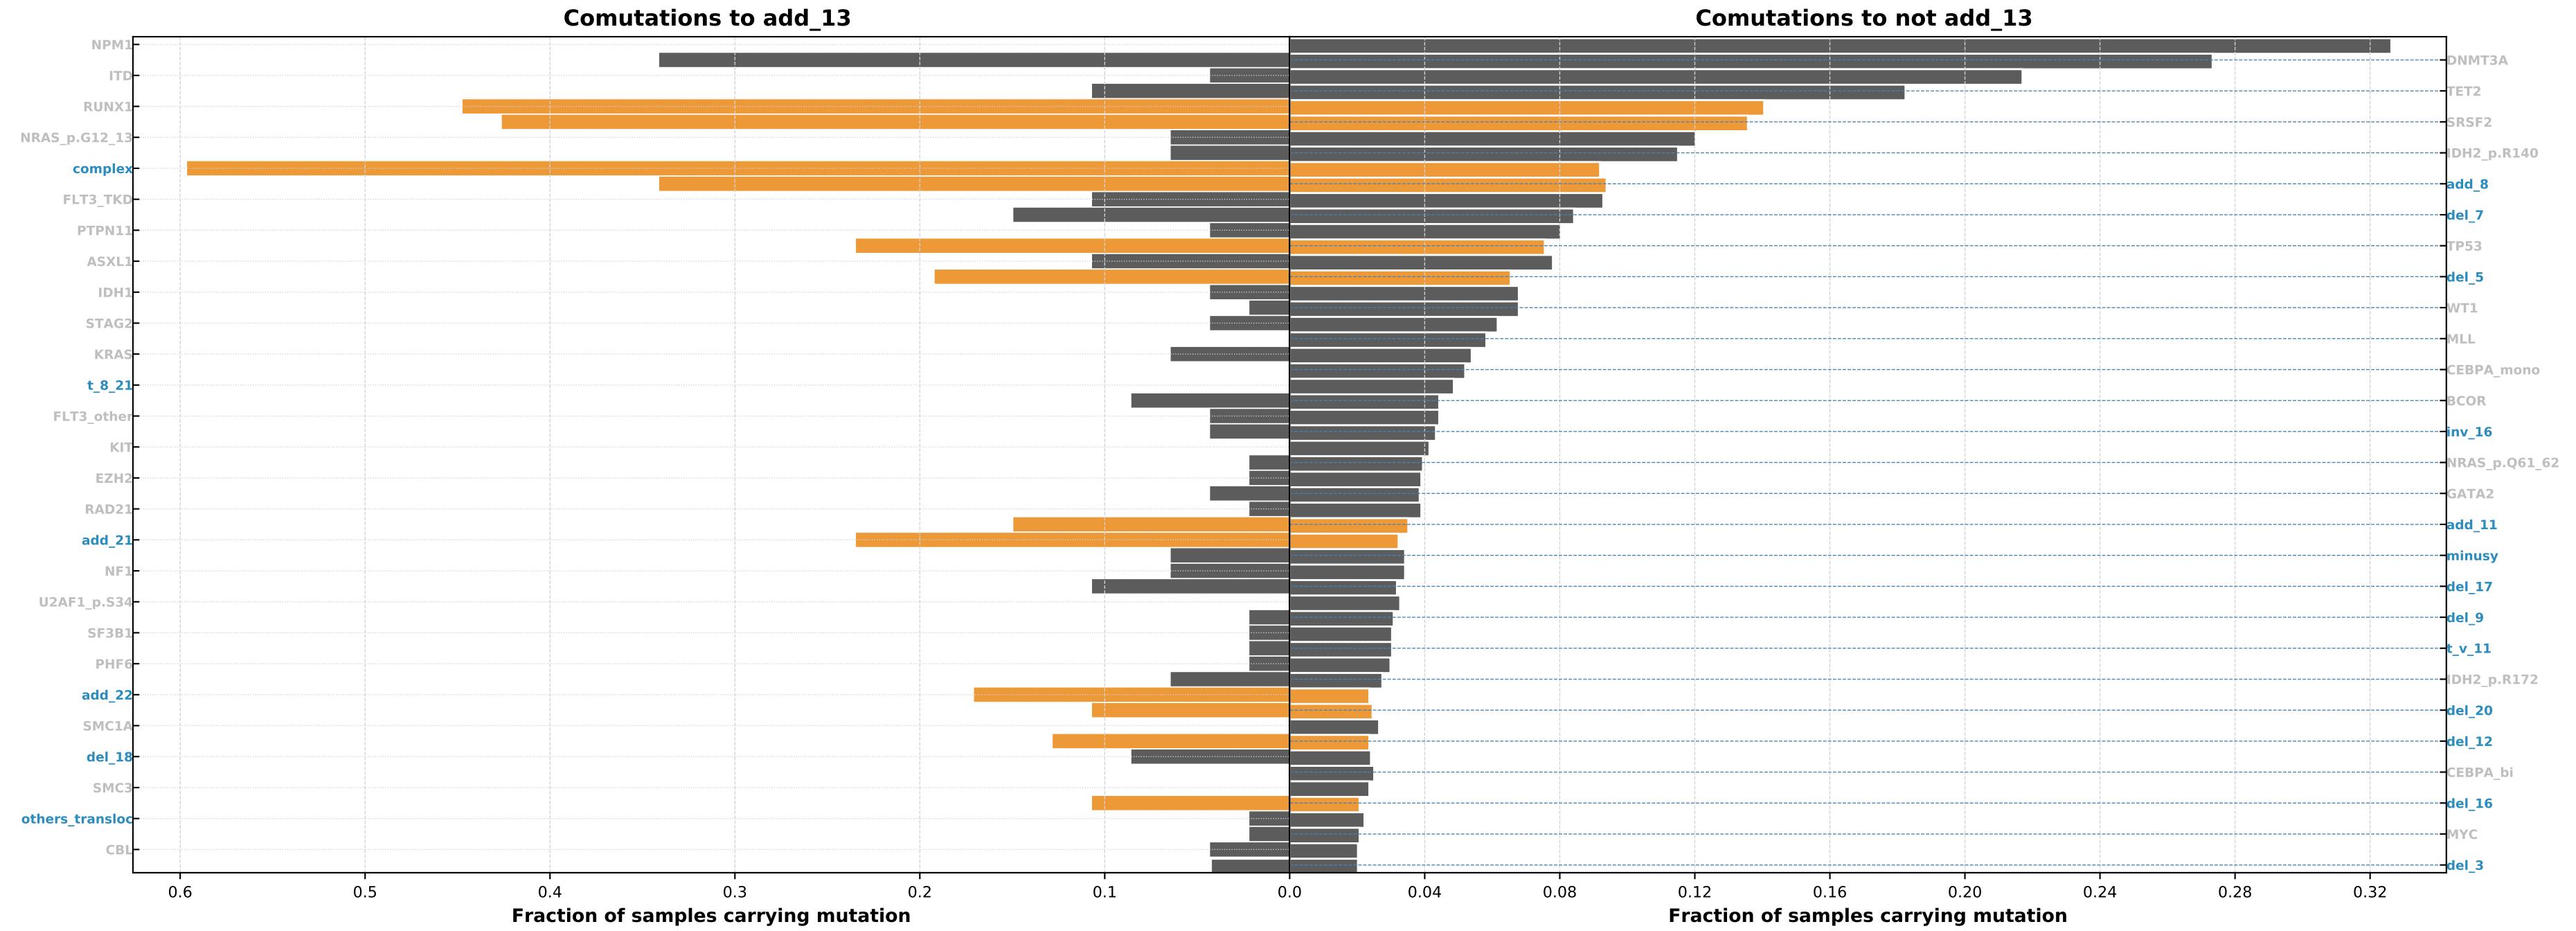

Table of classification, barplot of comutations, KM curves , box plots and bar plots for U2AF1_p.S34 mutation

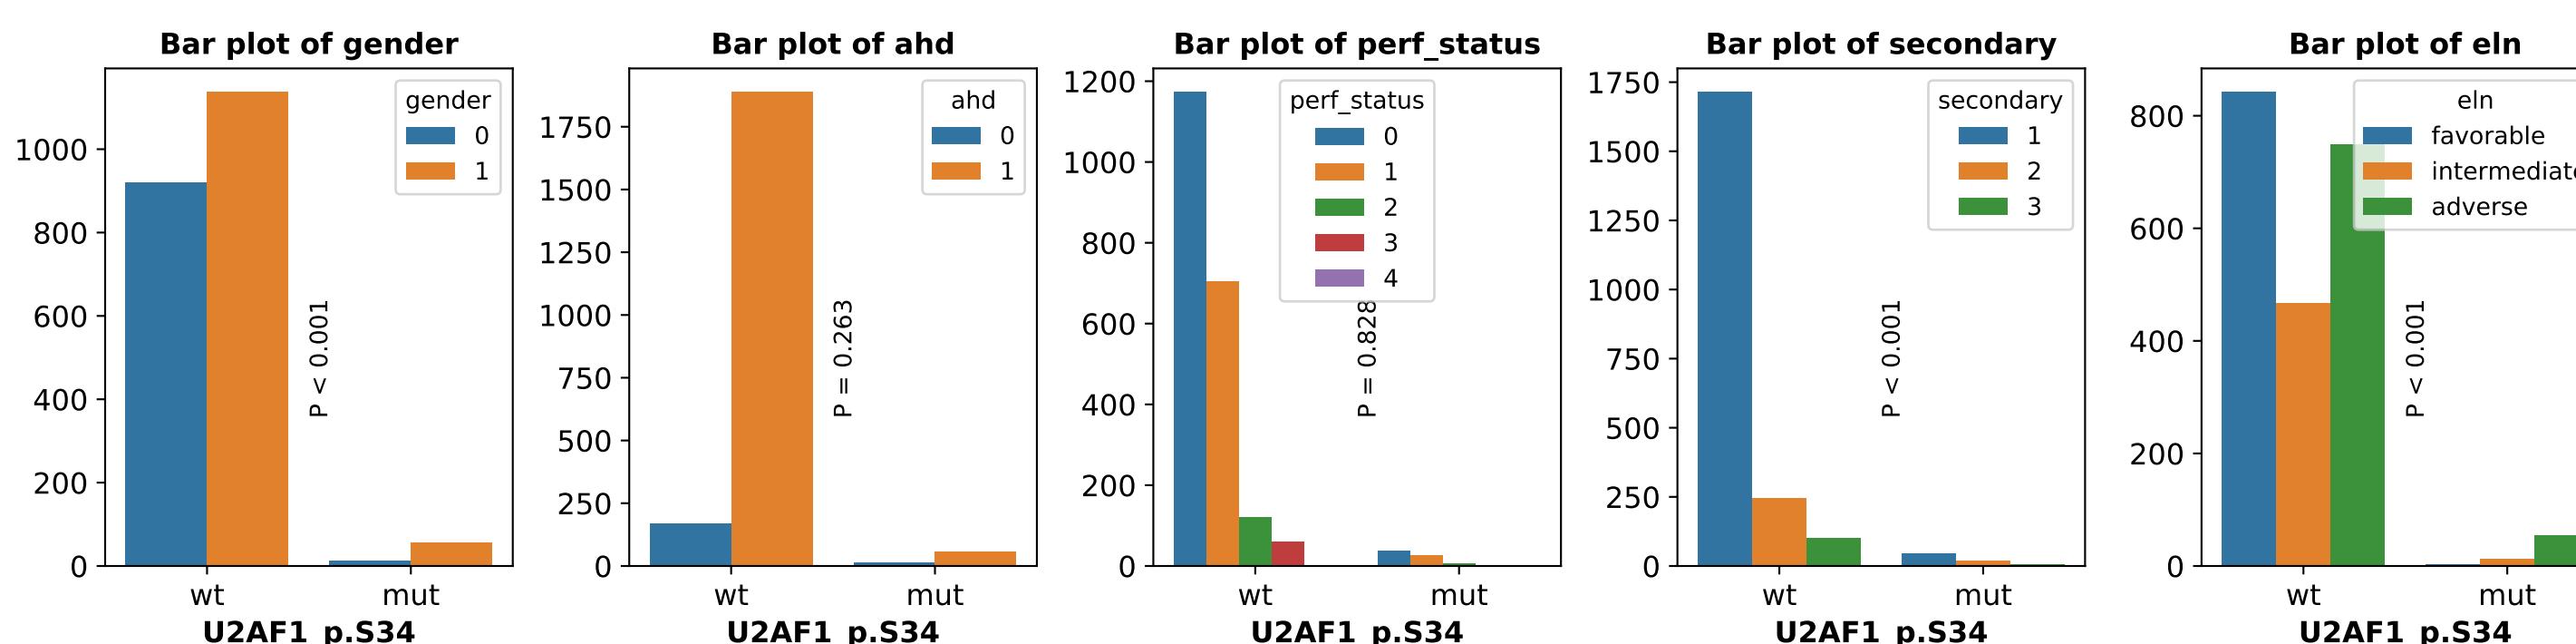

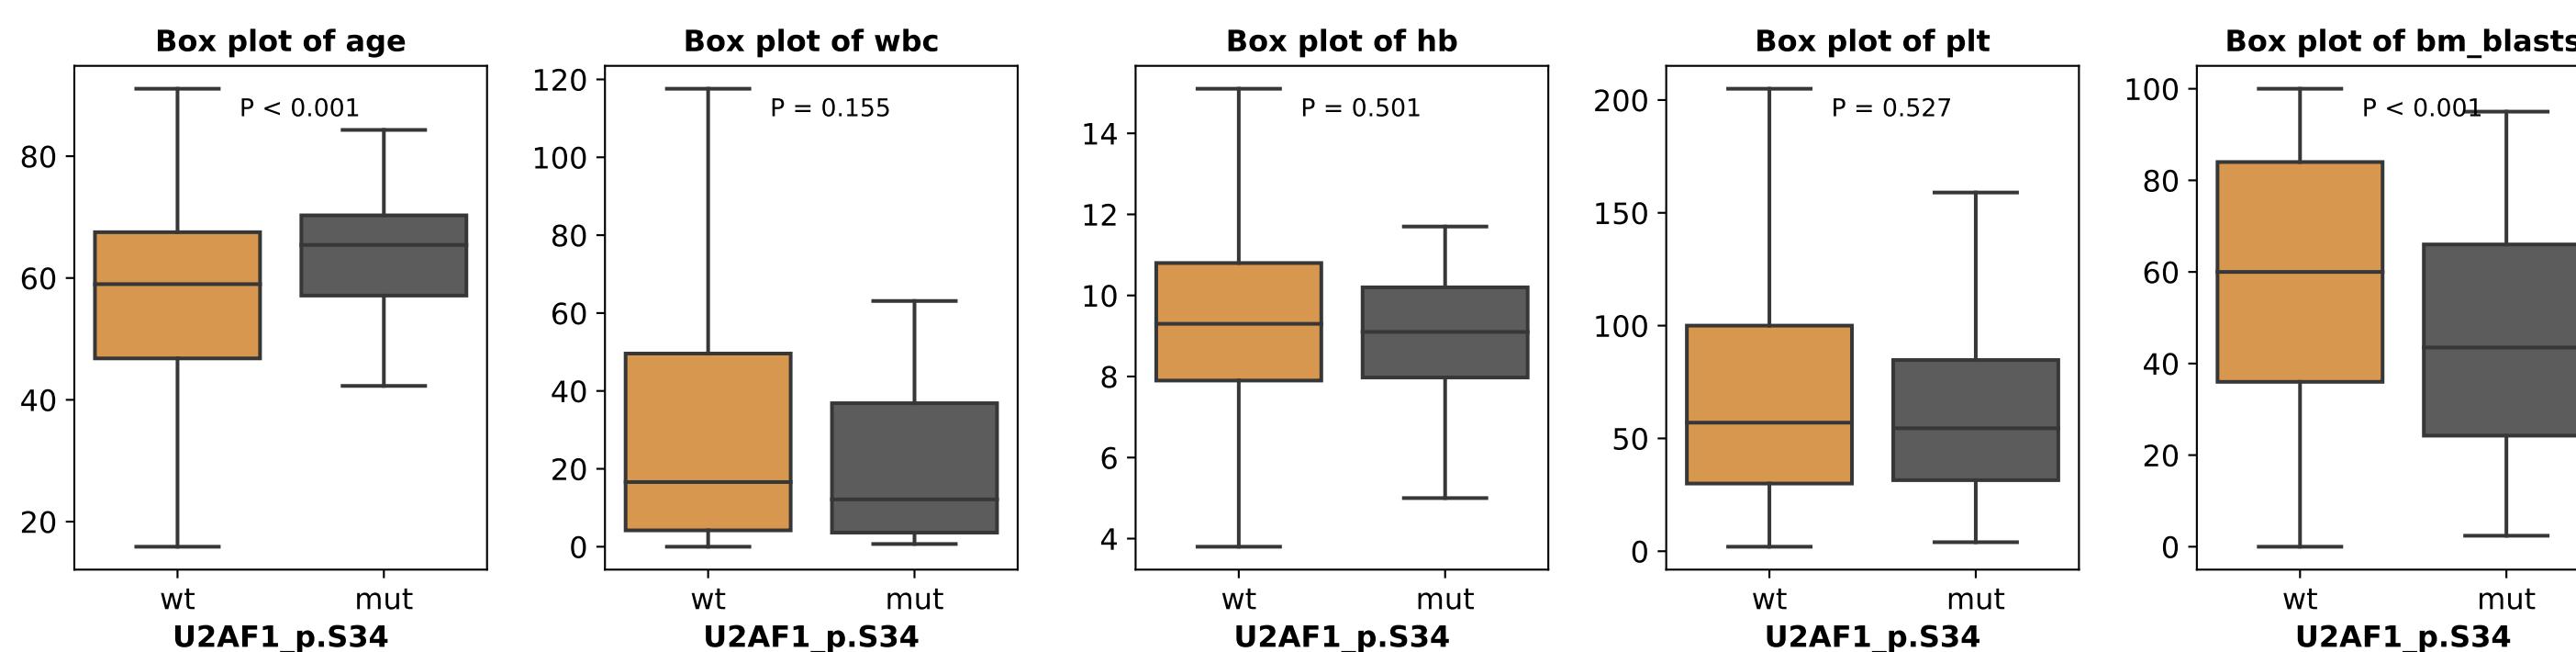

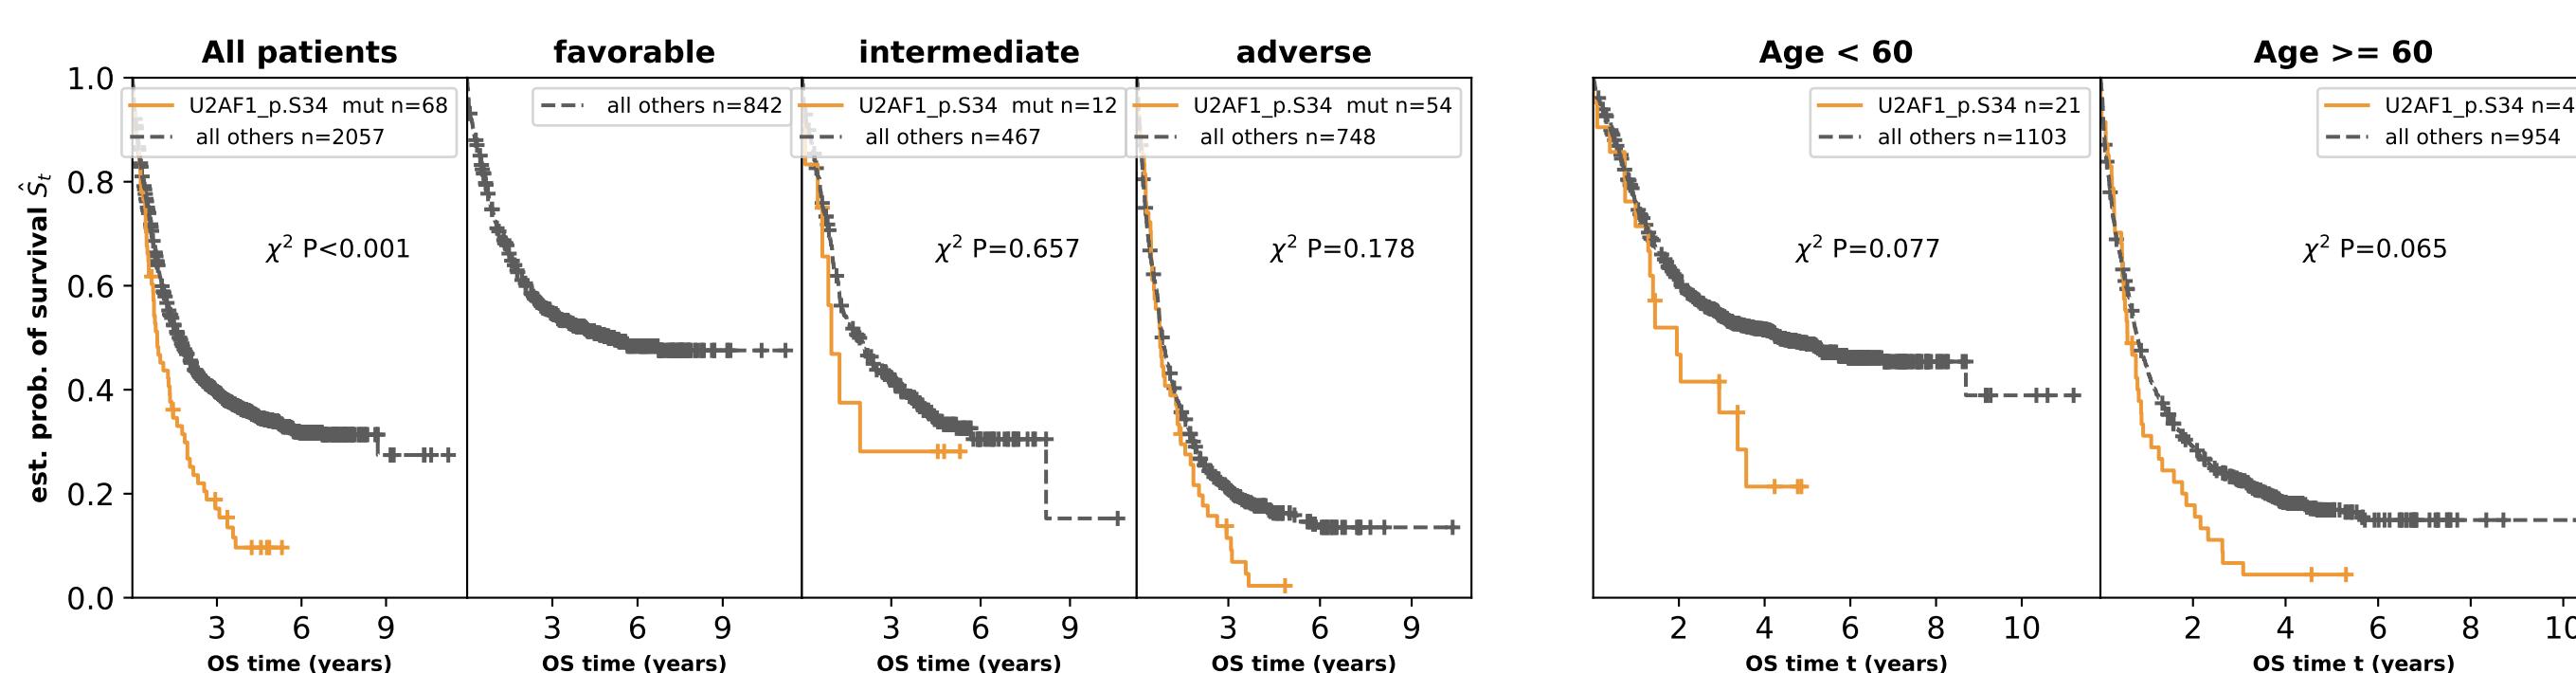

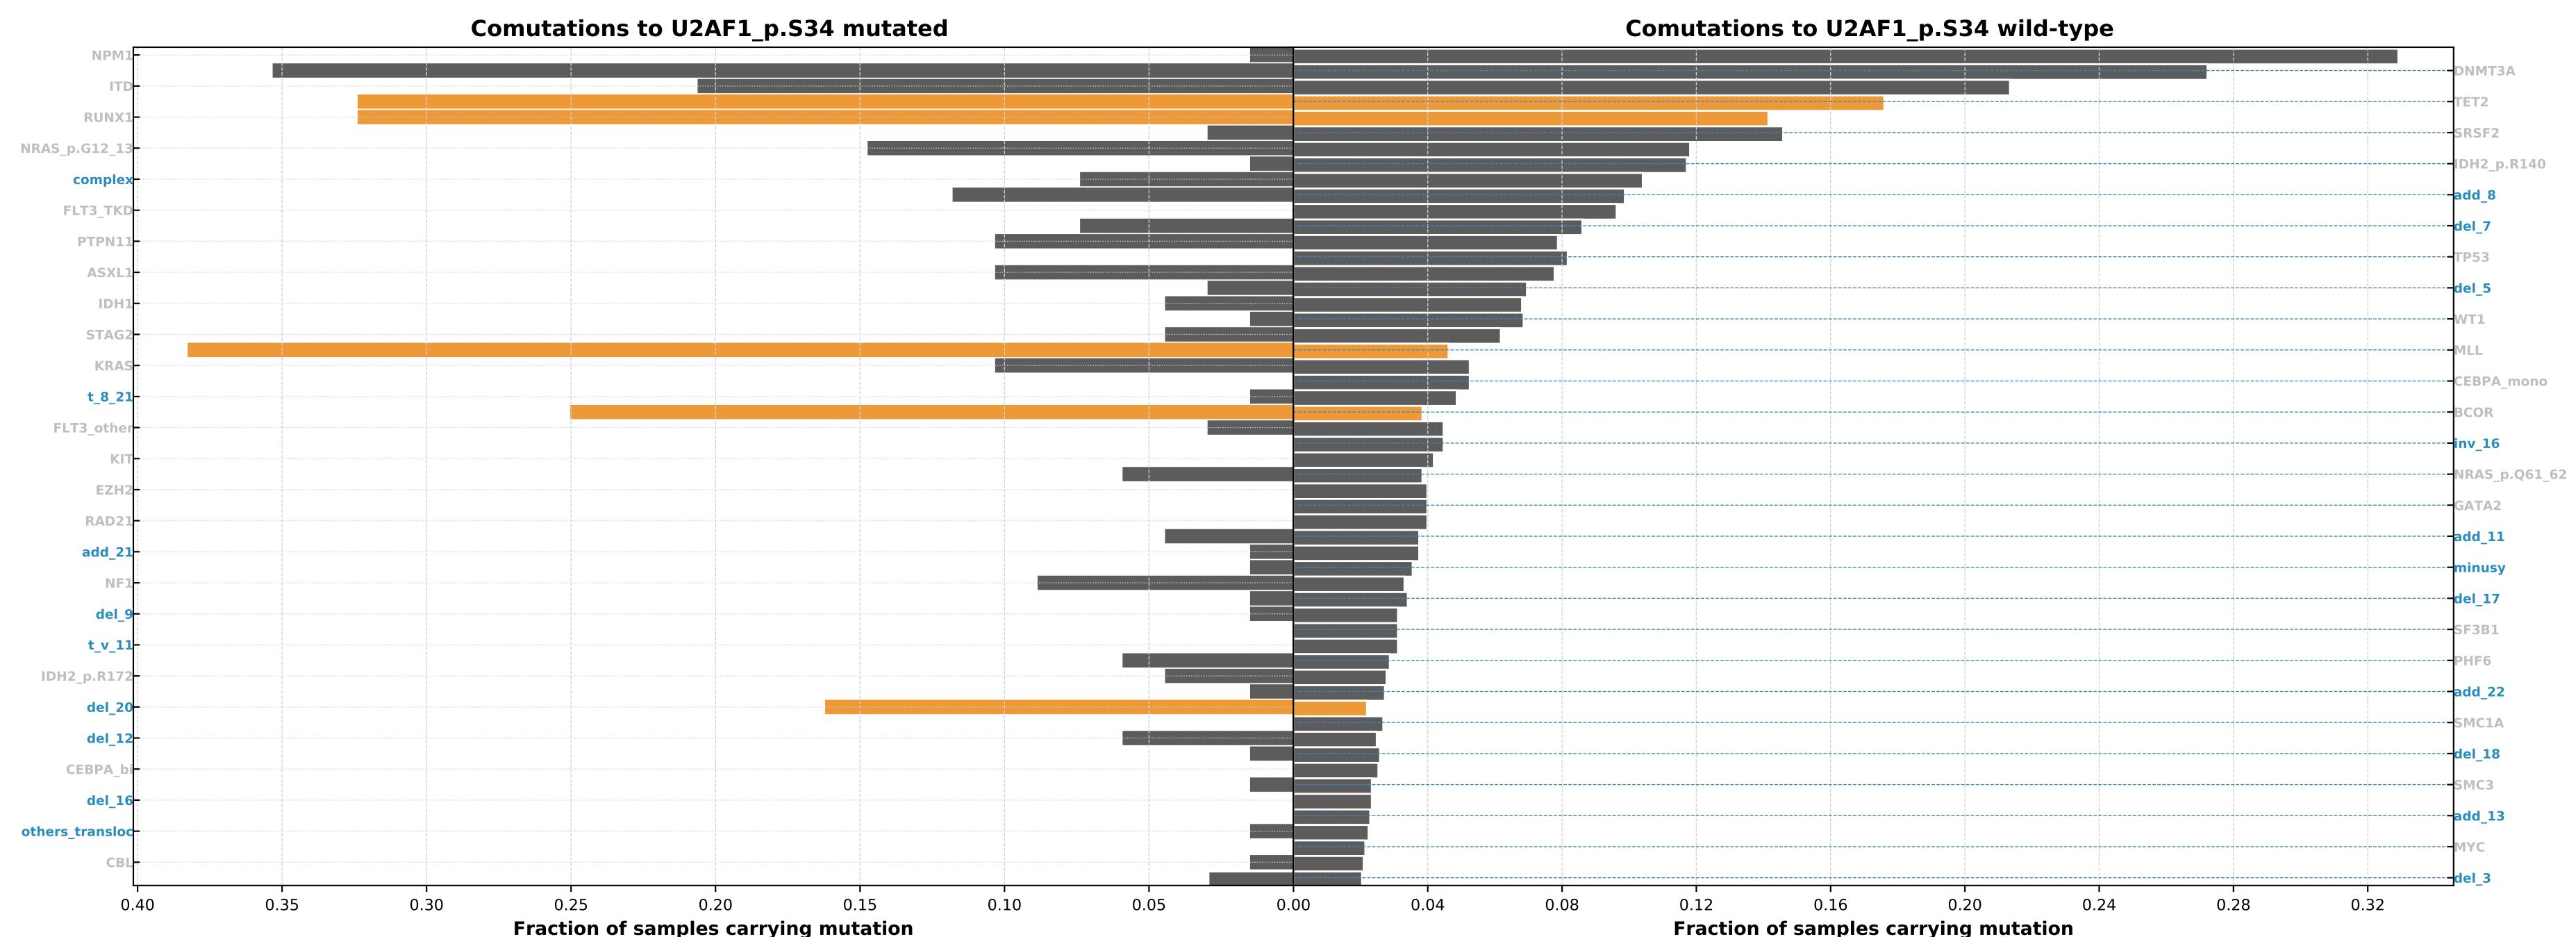

Table of classification, barplot of comutations, KM curves , box plots and bar plots for del_20

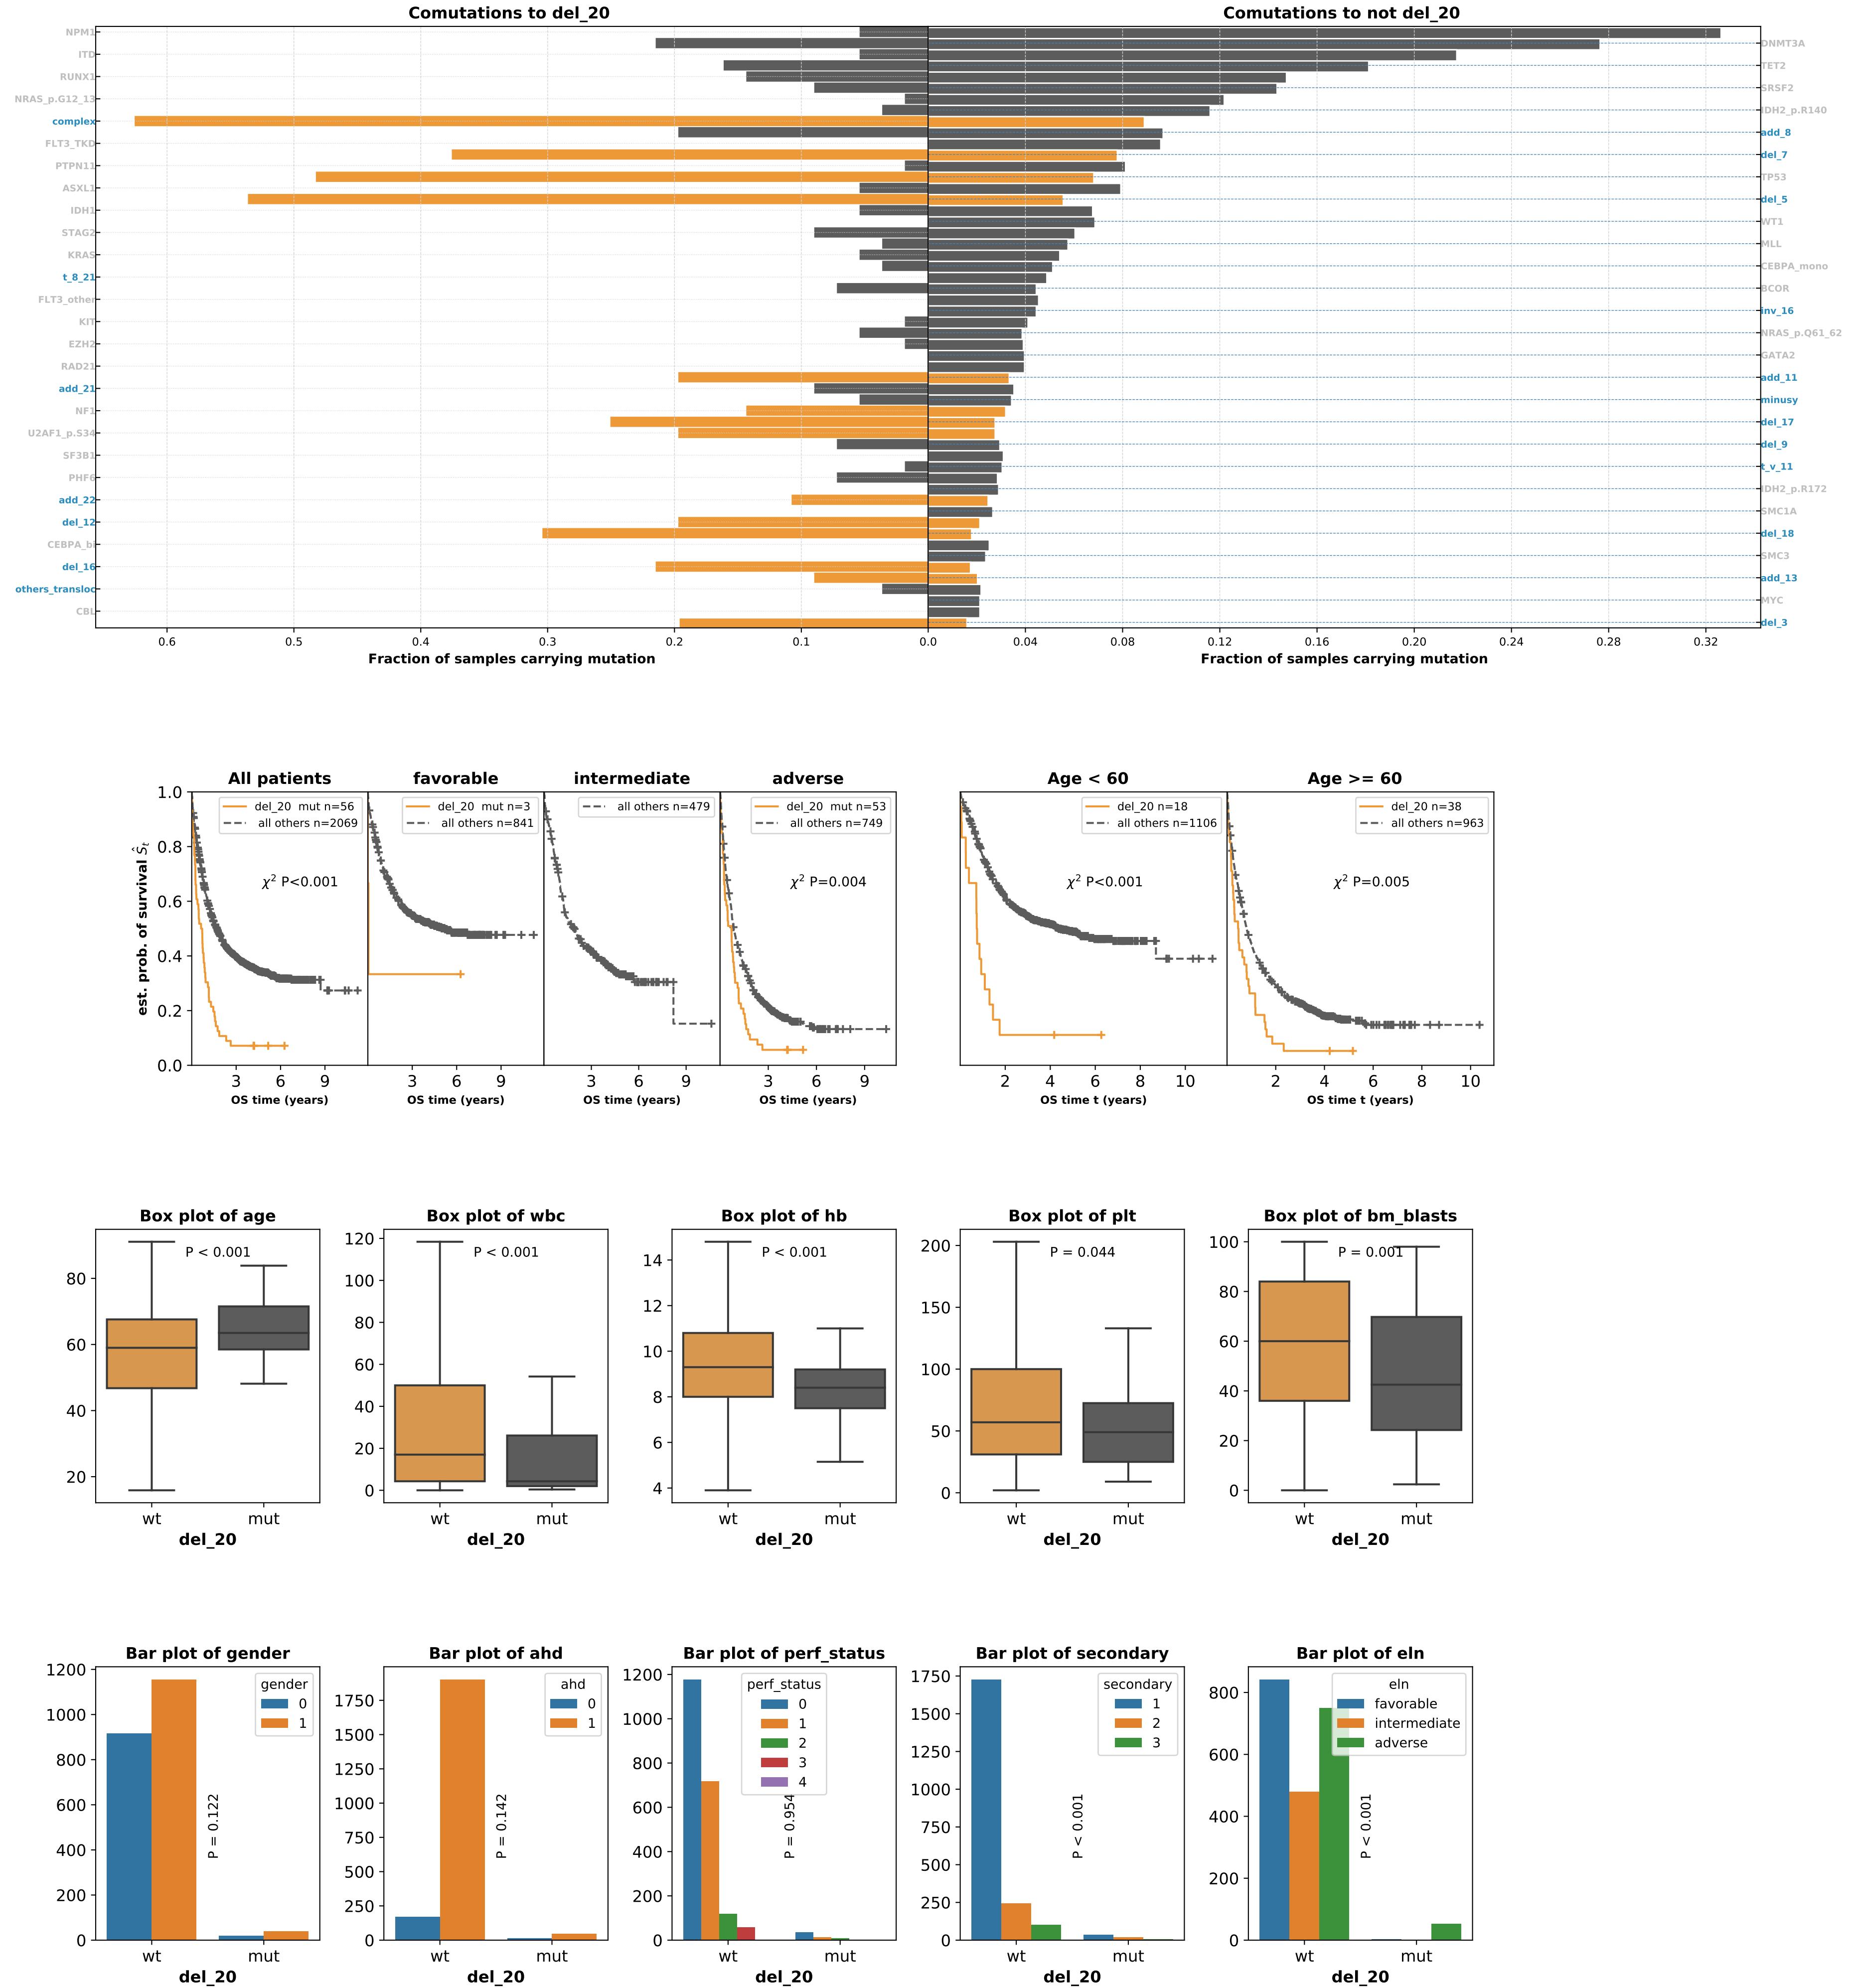

Table of classification, barplot of comutations, KM curves , box plots and bar plots for CEBPA_mono mutation

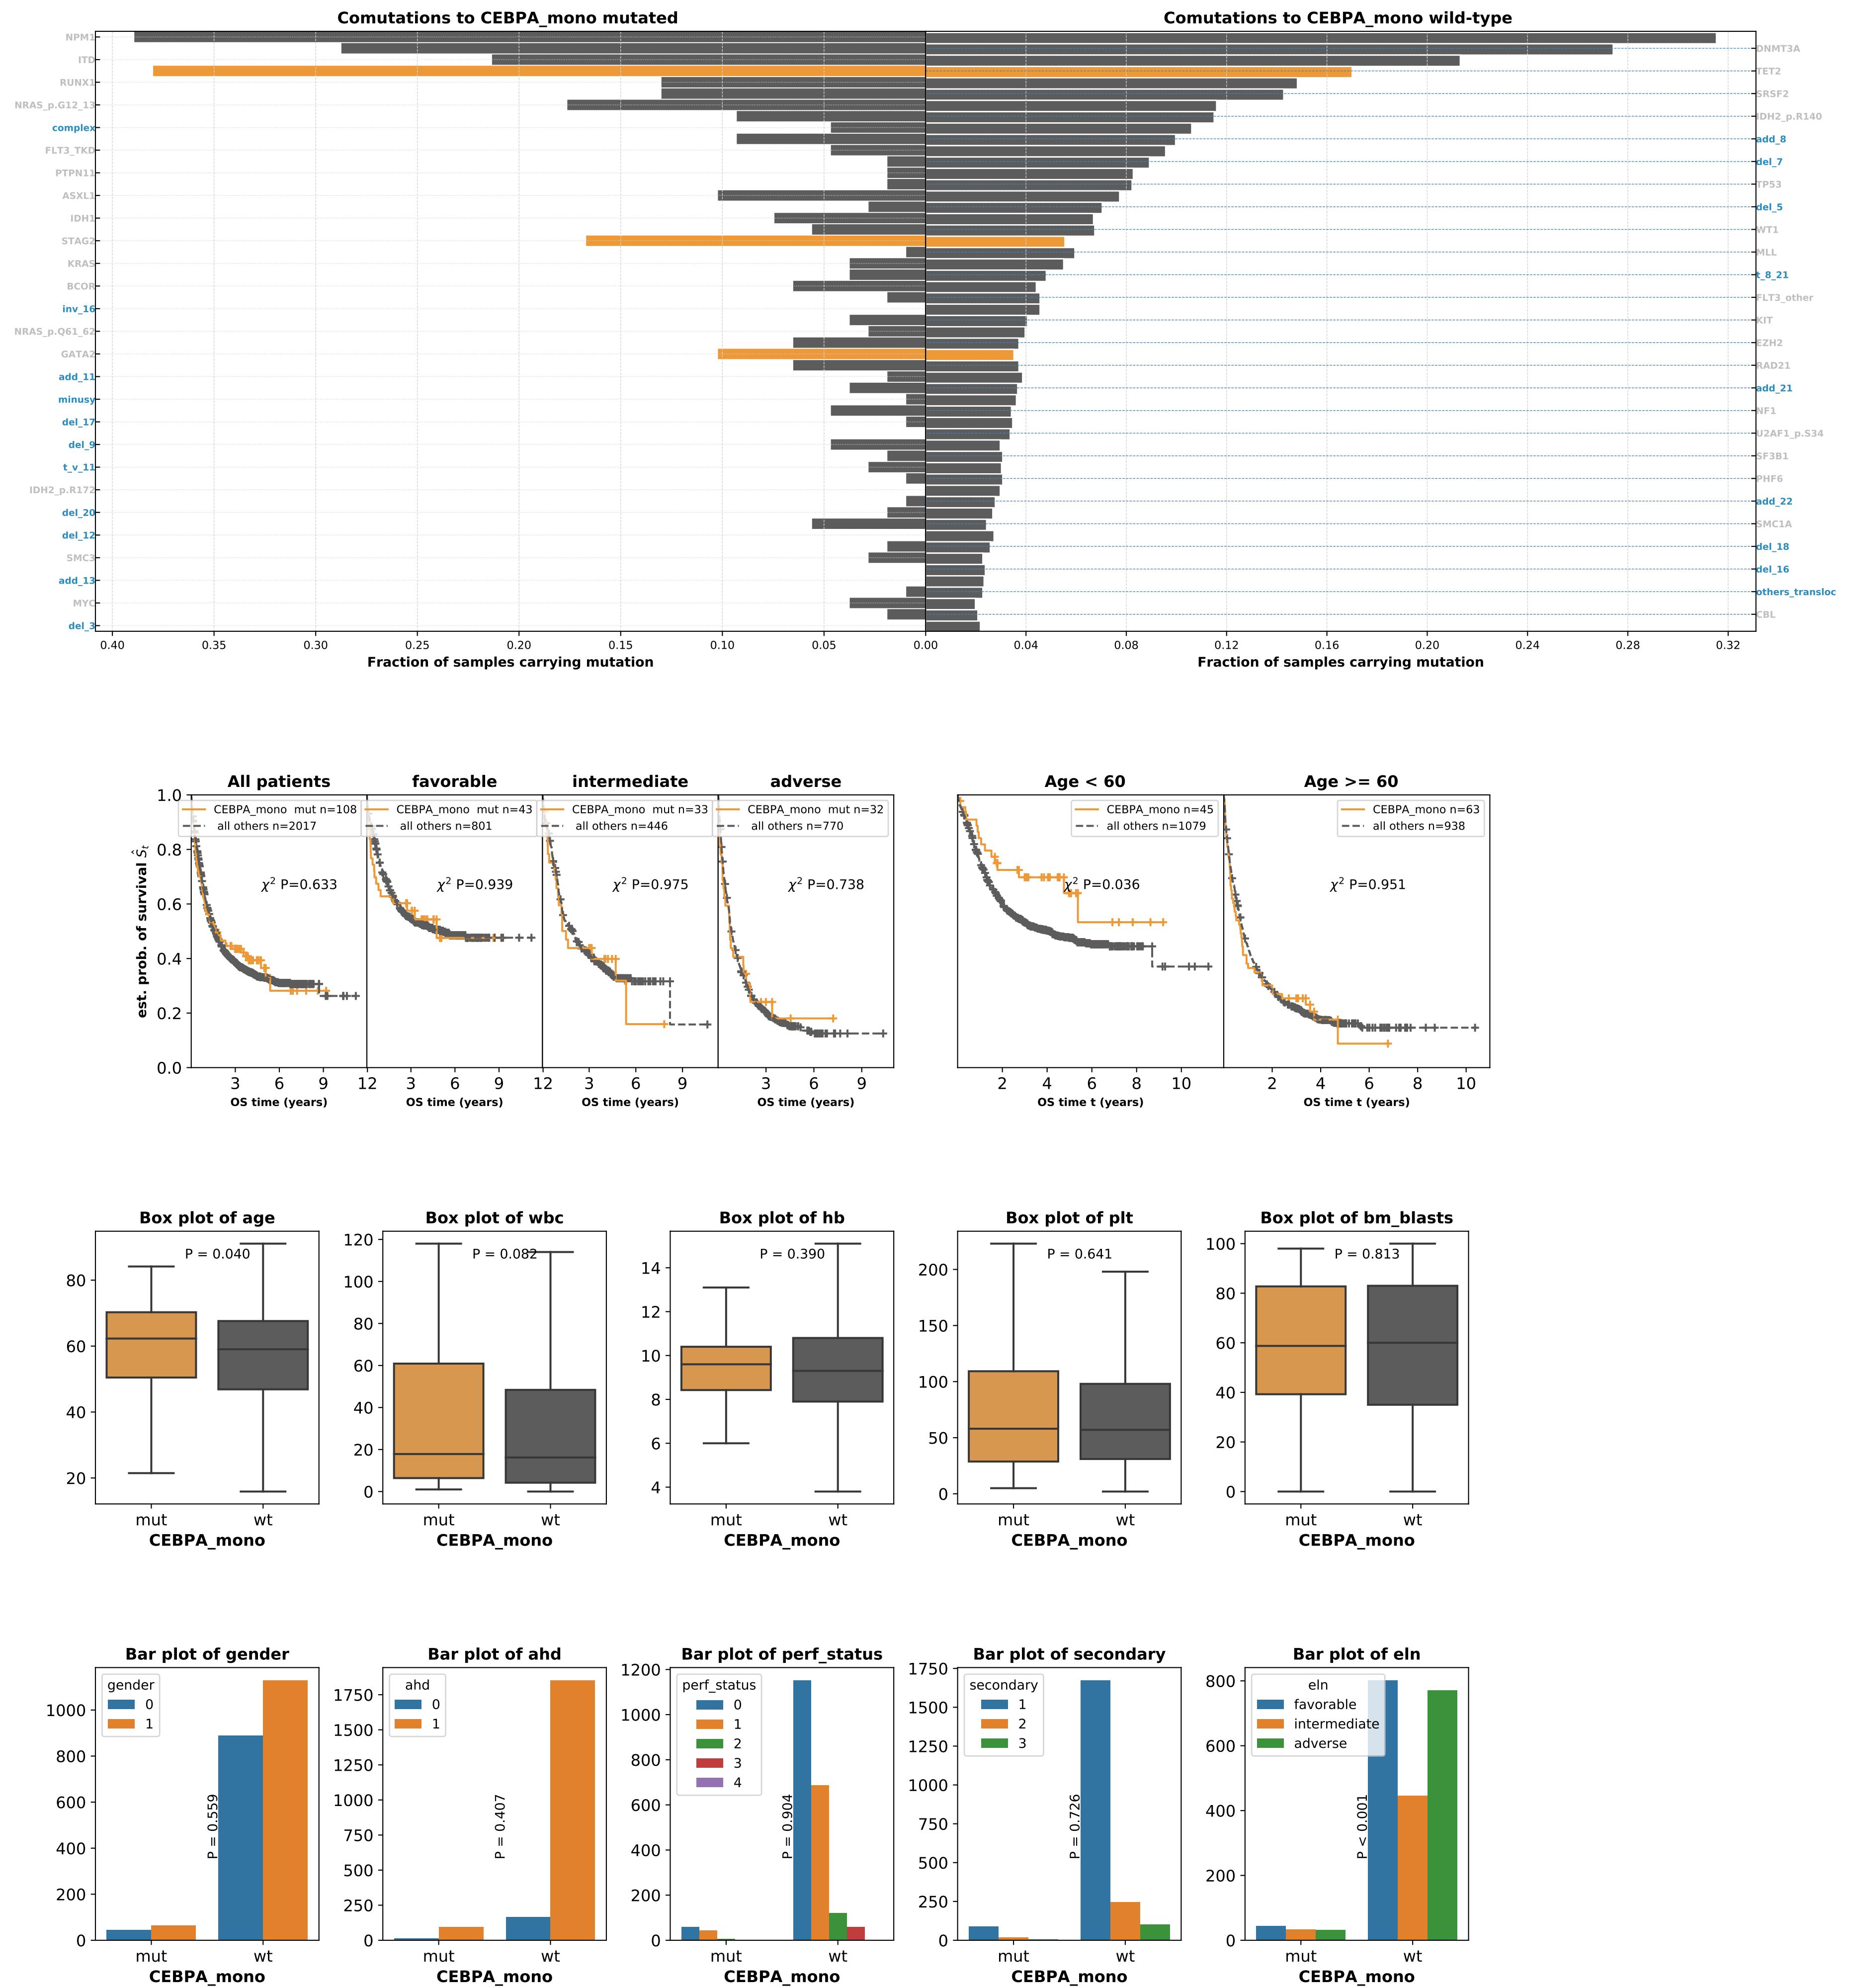

Table of classification, barplot of comutations, KM curves , box plots and bar plots for NF1 mutation

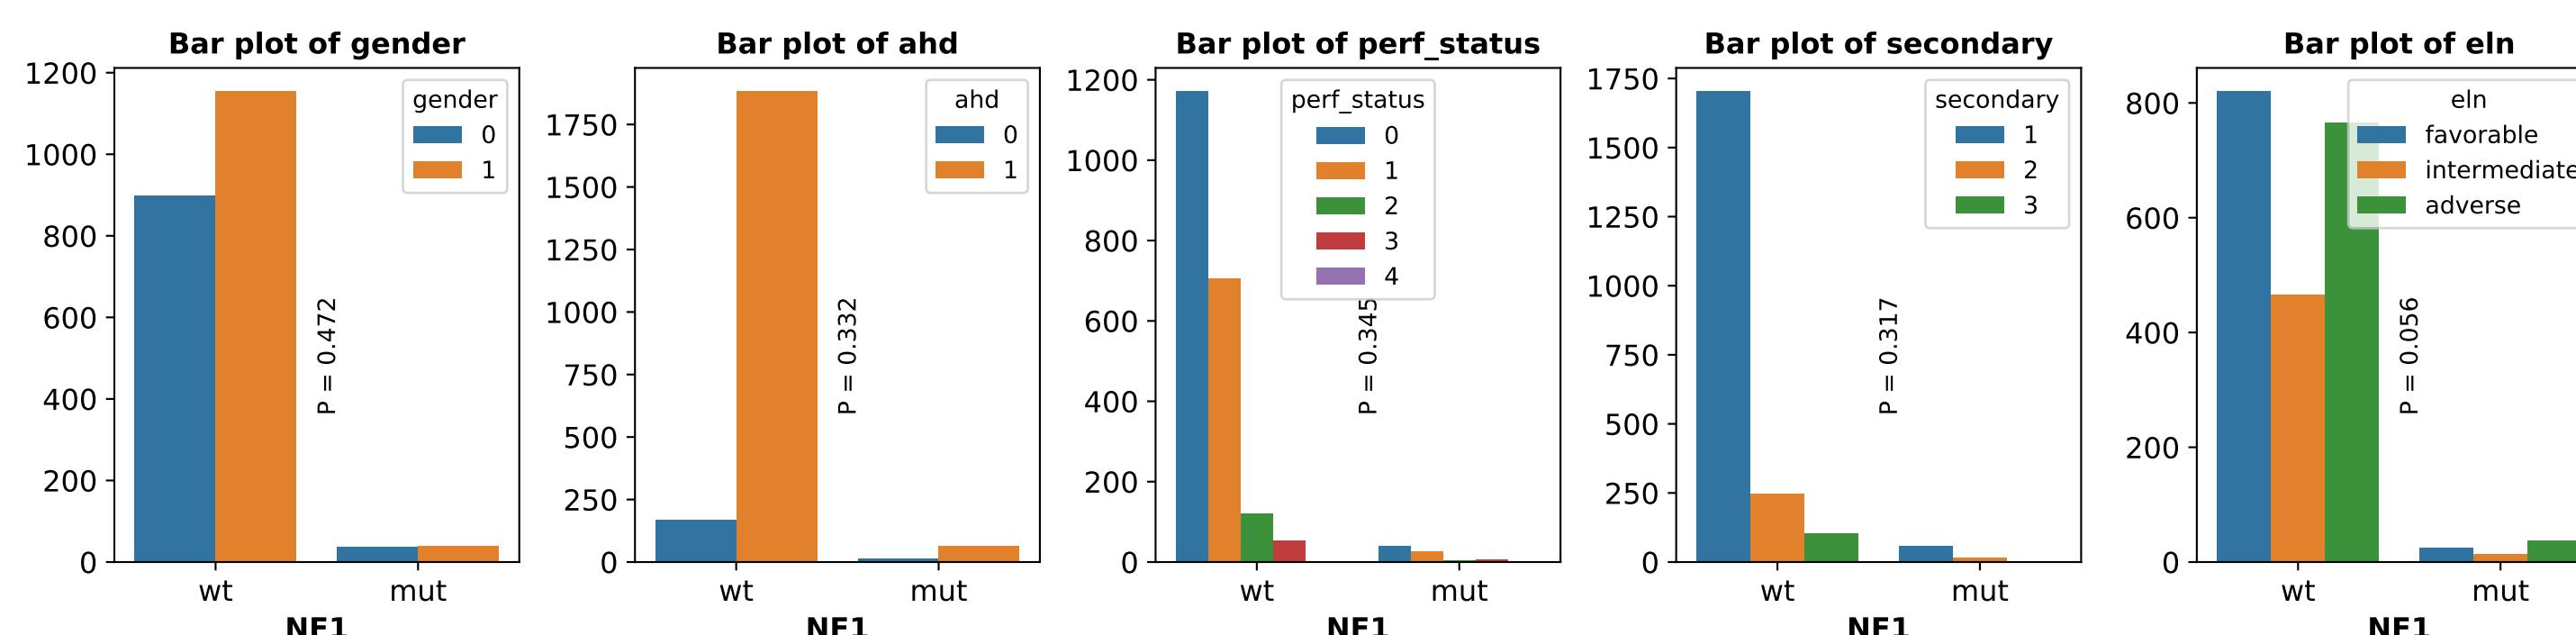

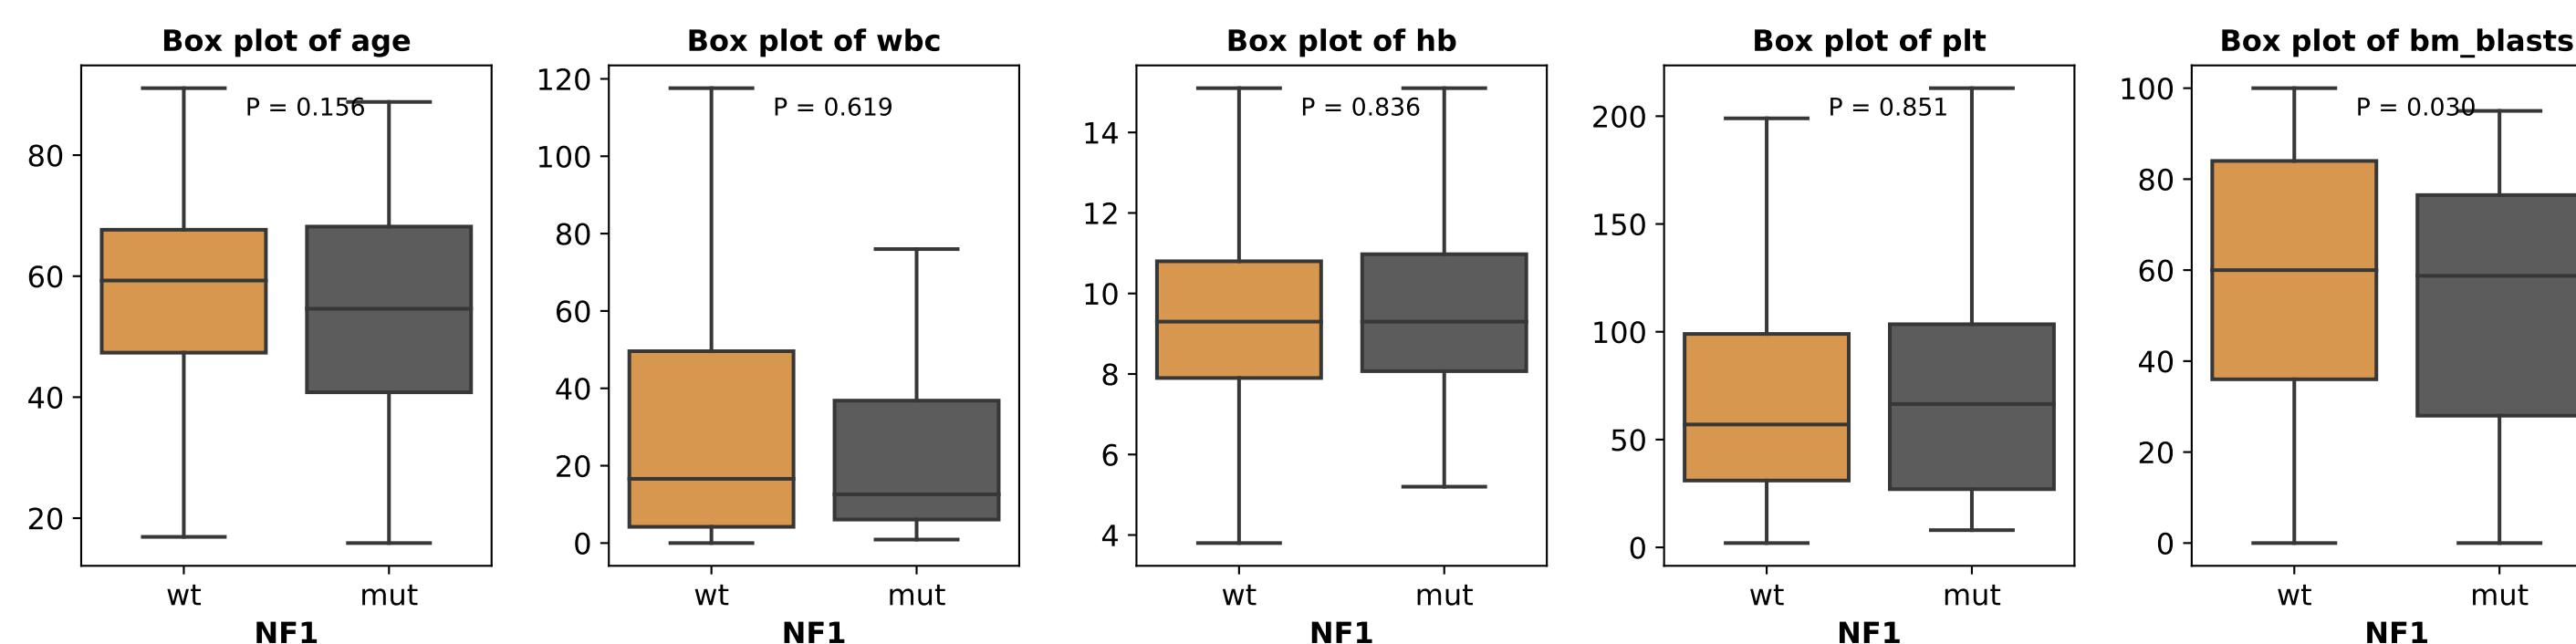

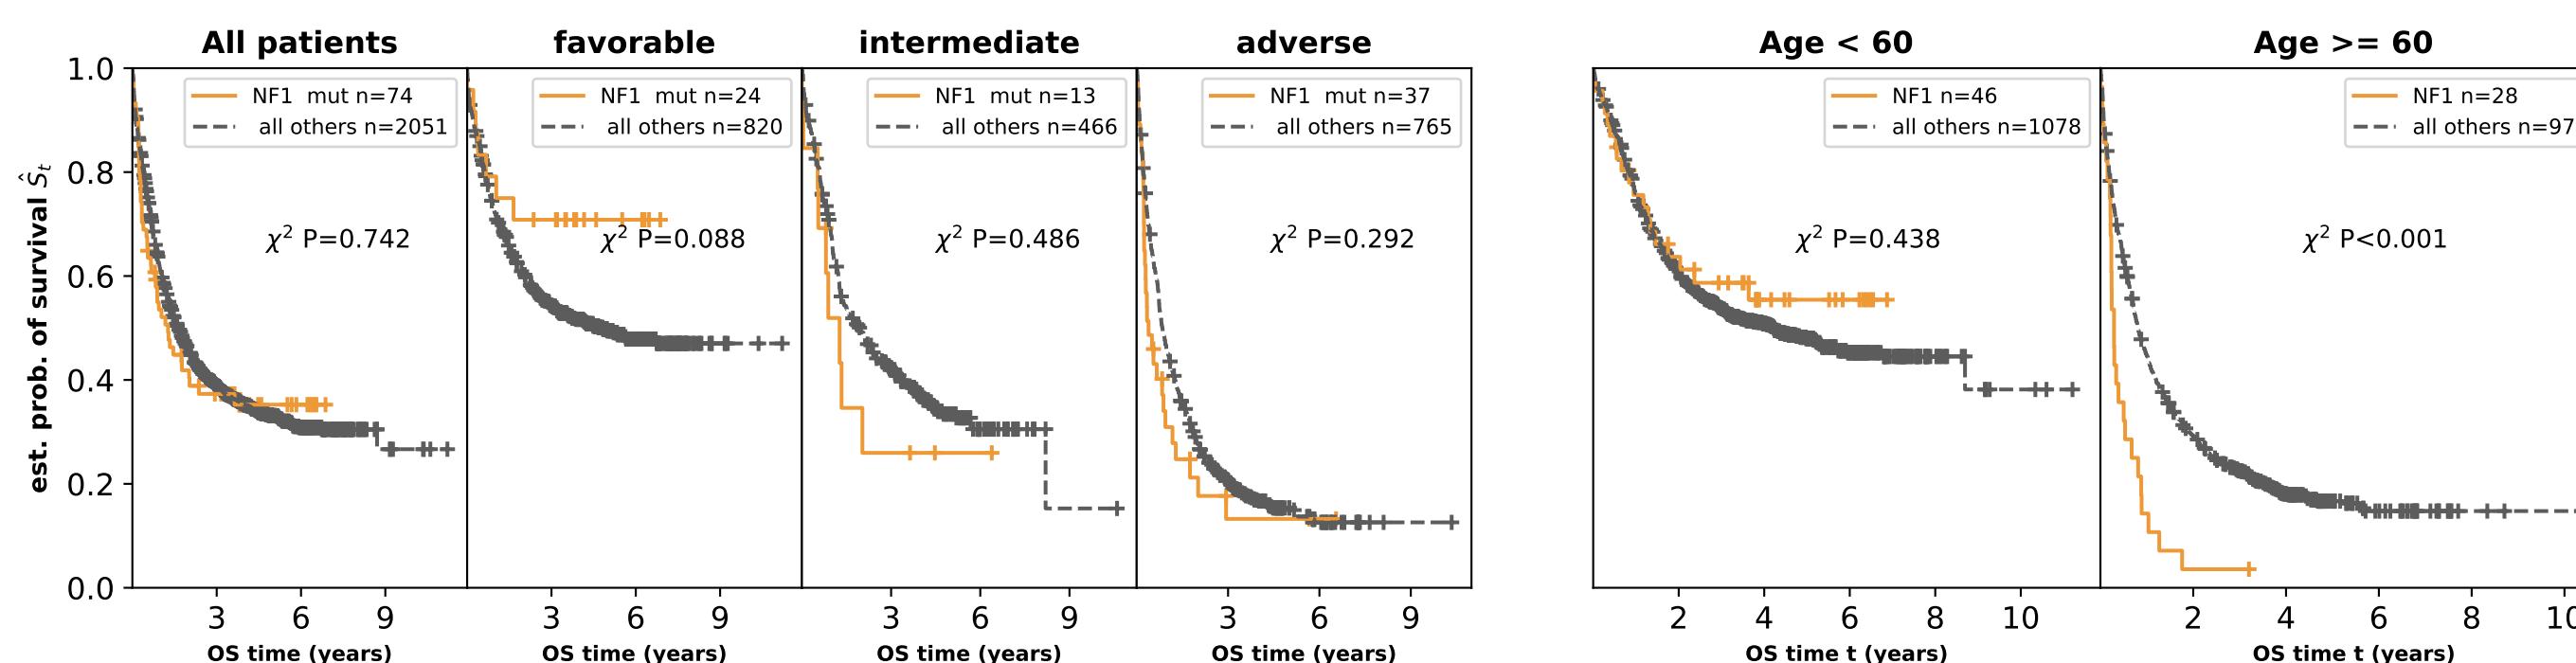

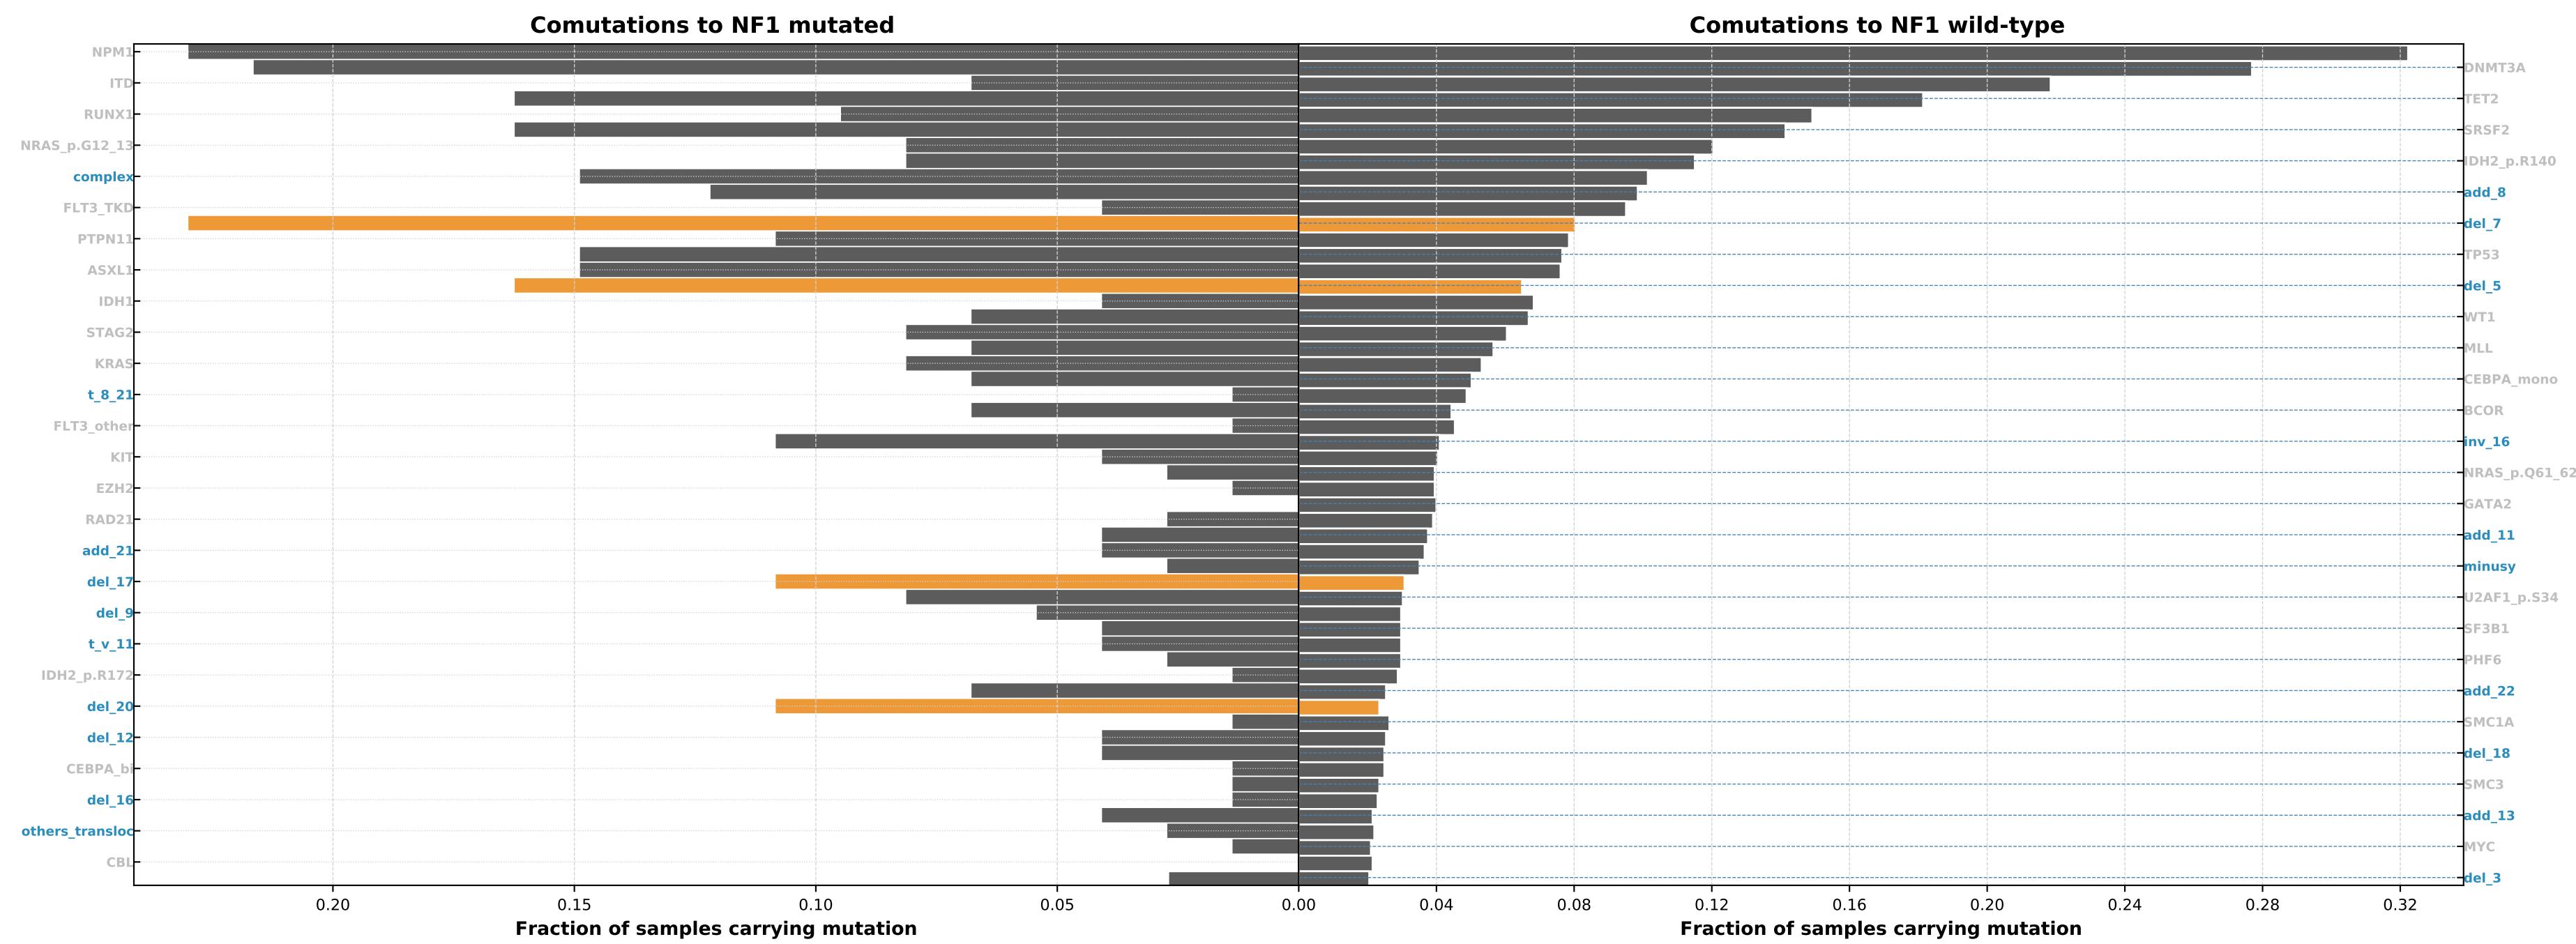

Table of classification, barplot of comutations, KM curves , box plots and bar plots for ITD mutation

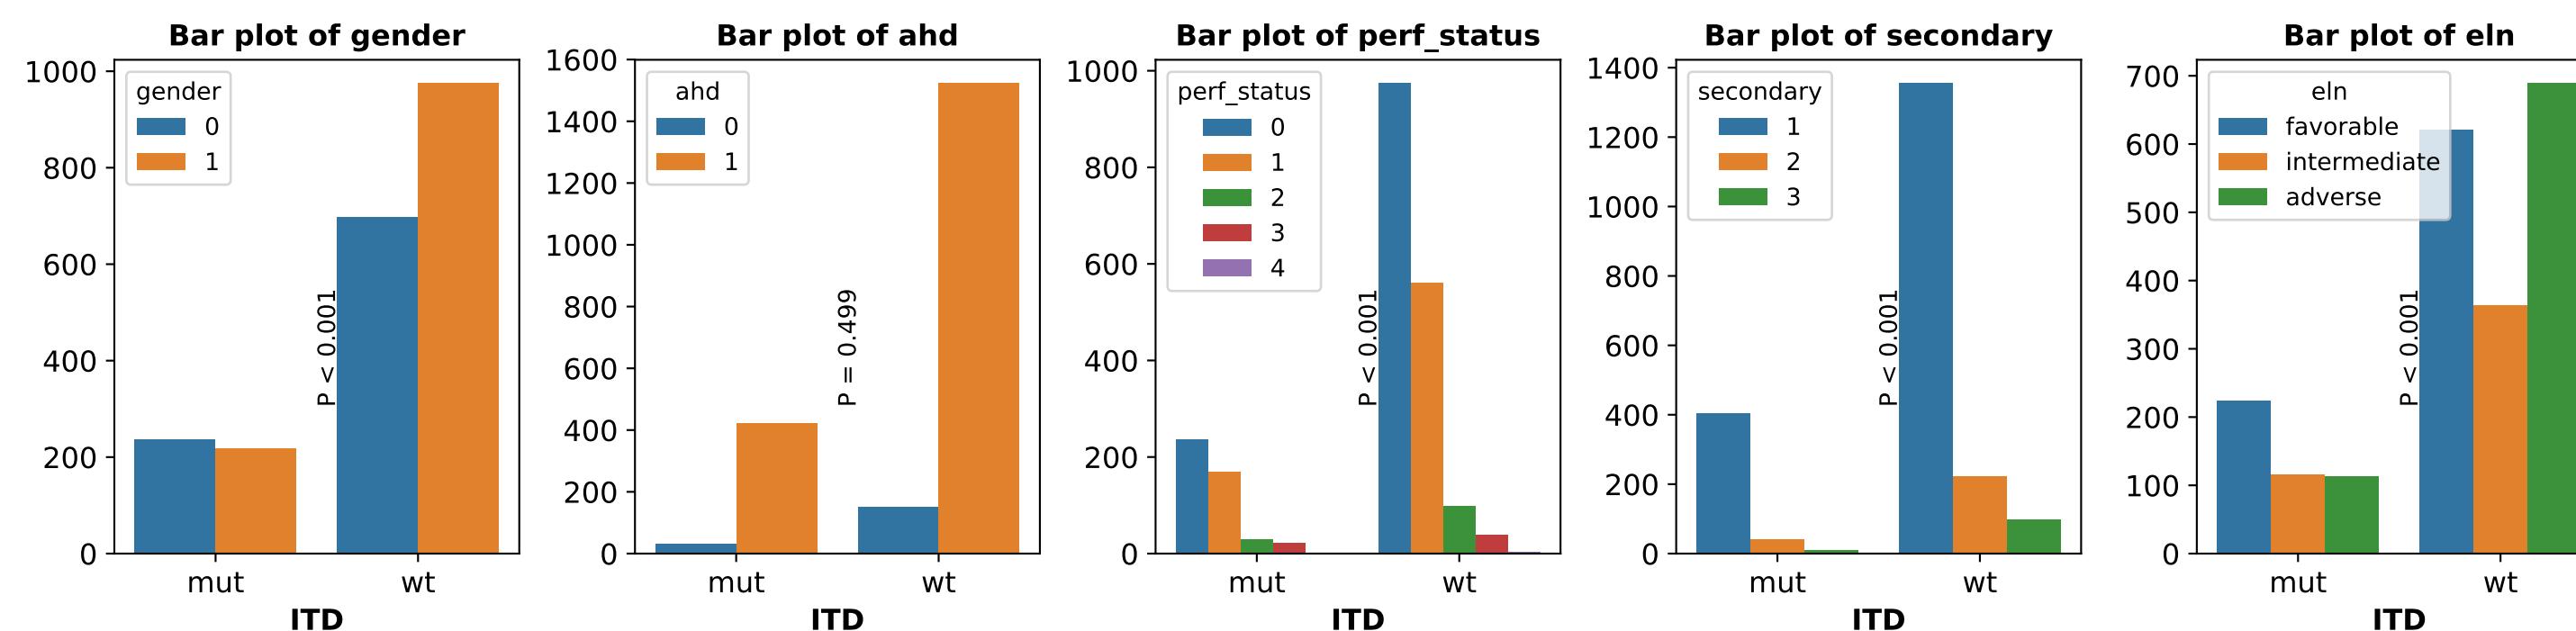

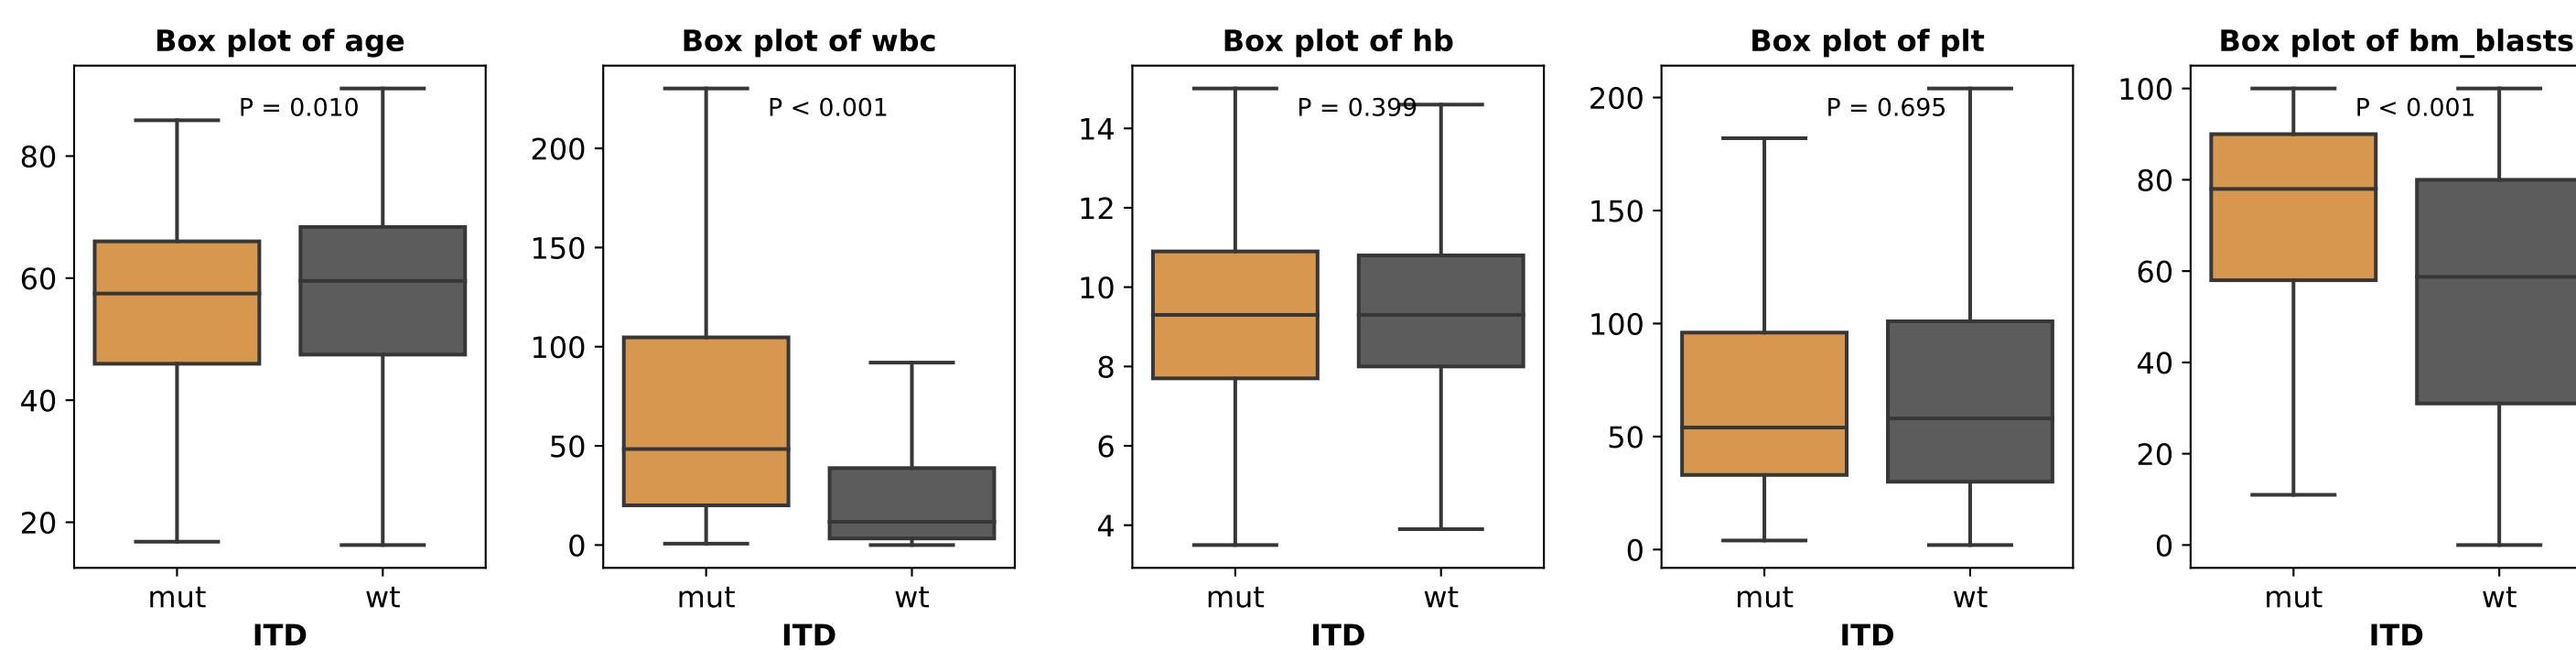

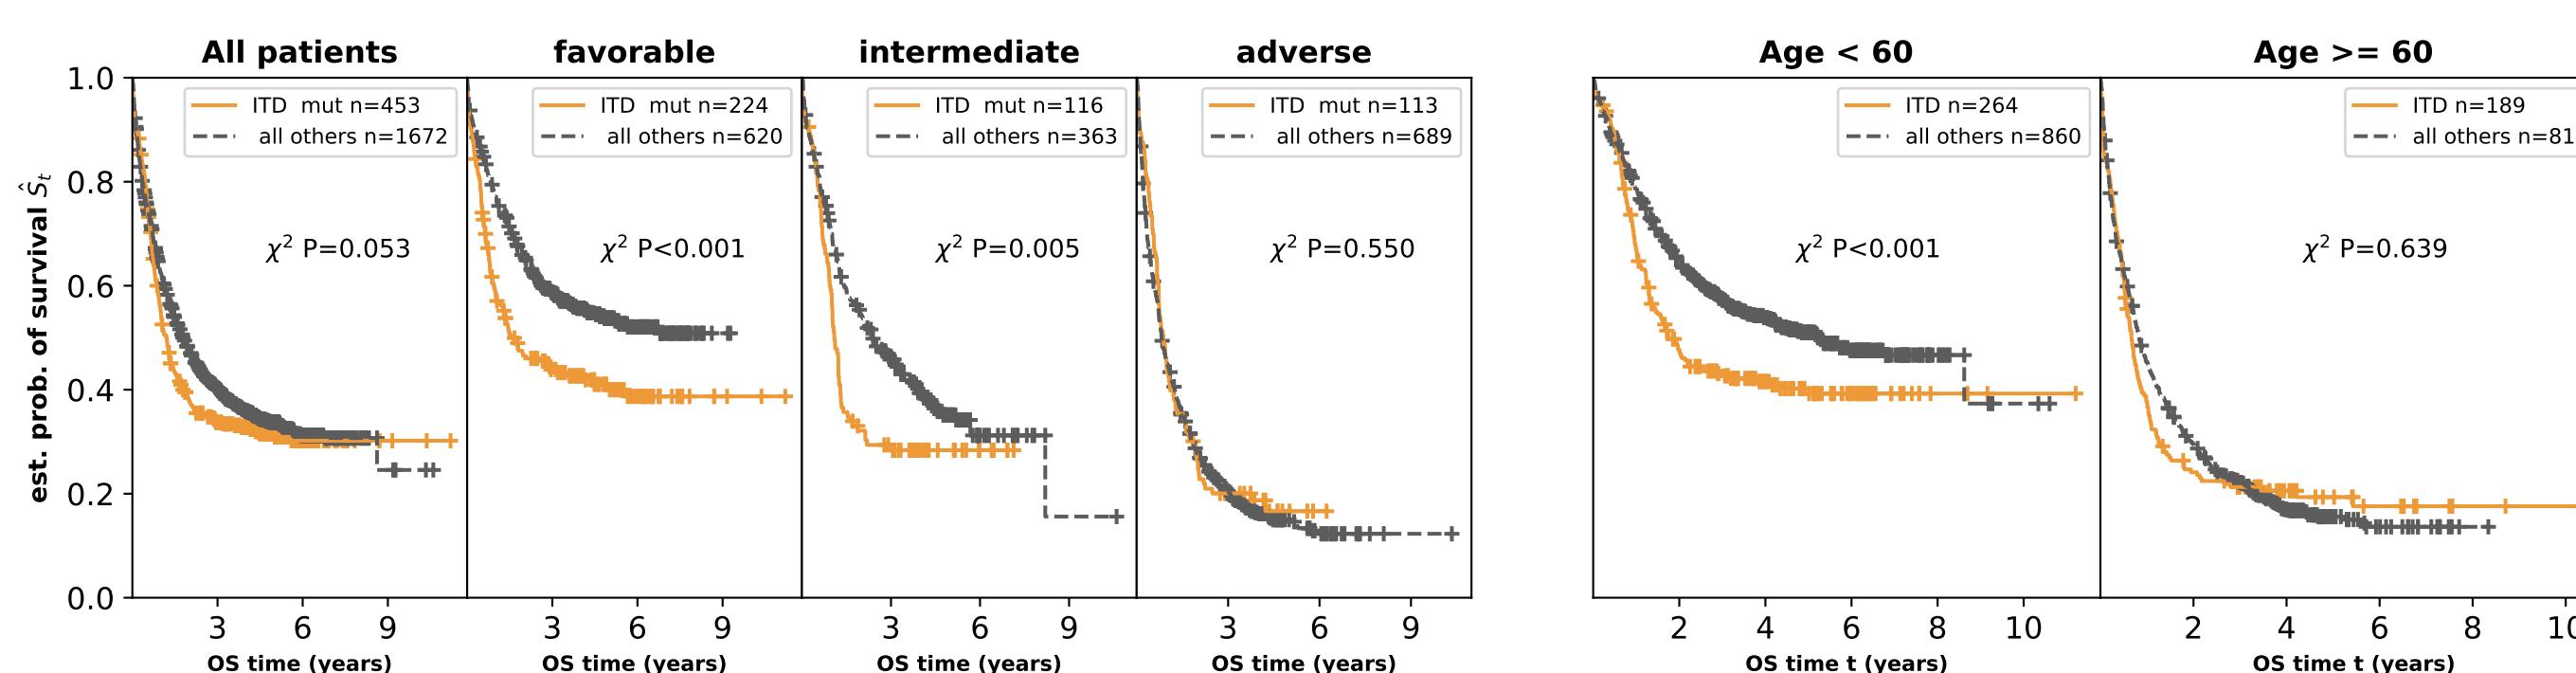

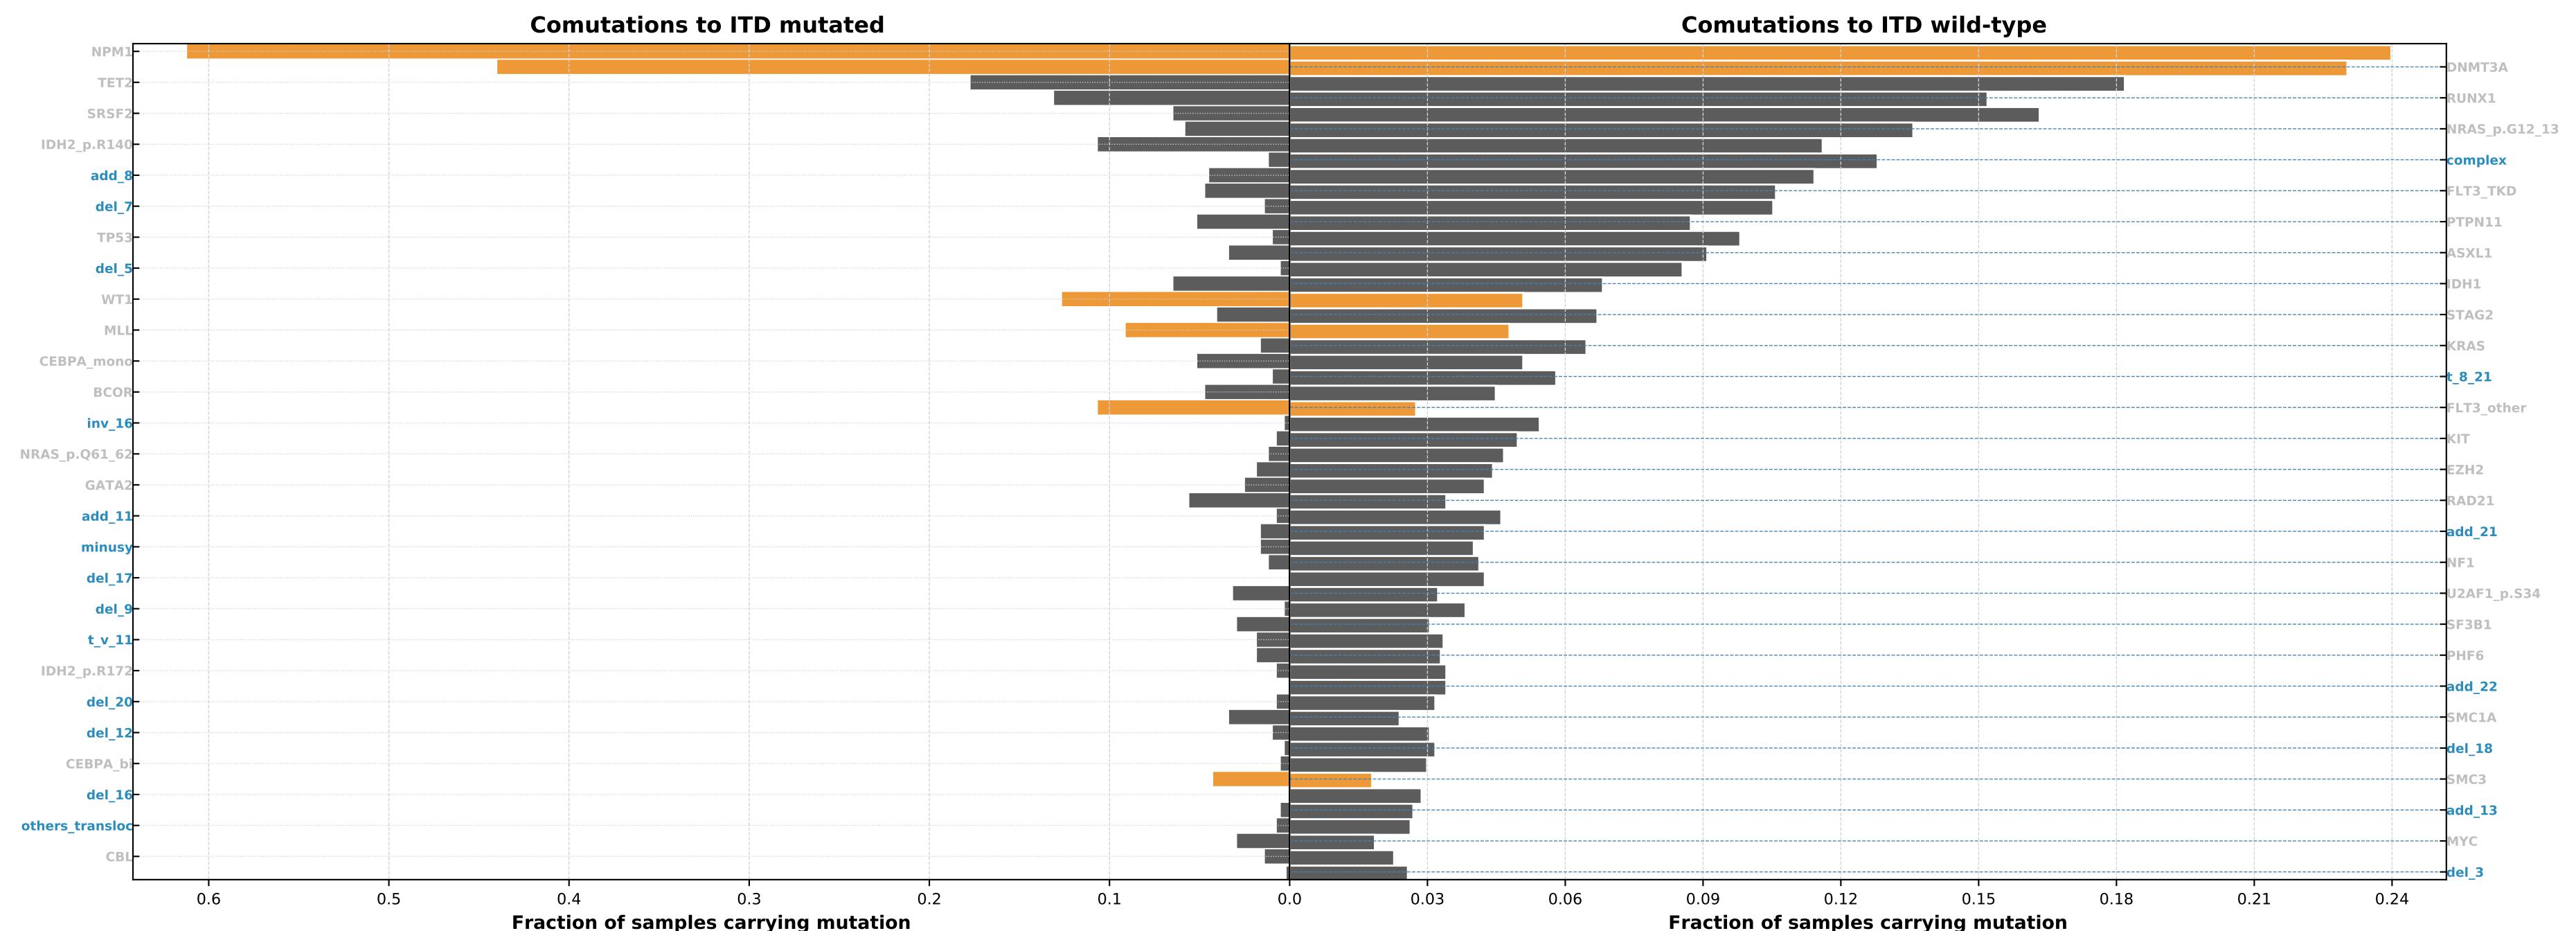

Table of classification, barplot of comutations, KM curves , box plots and bar plots for del_3

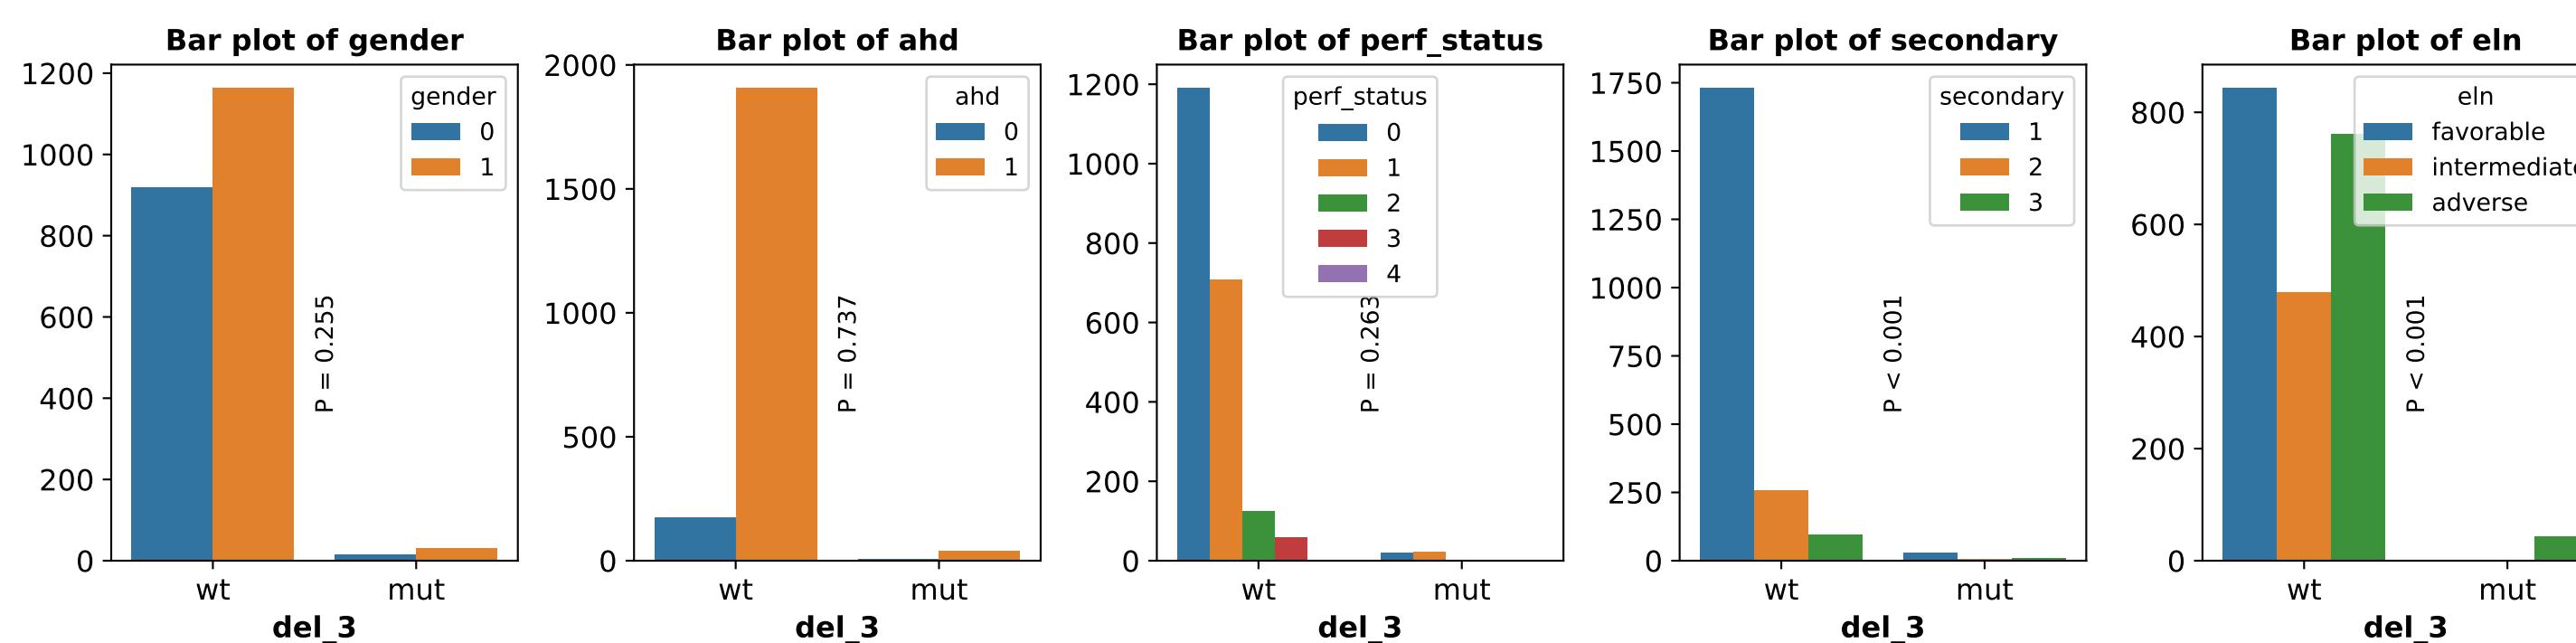

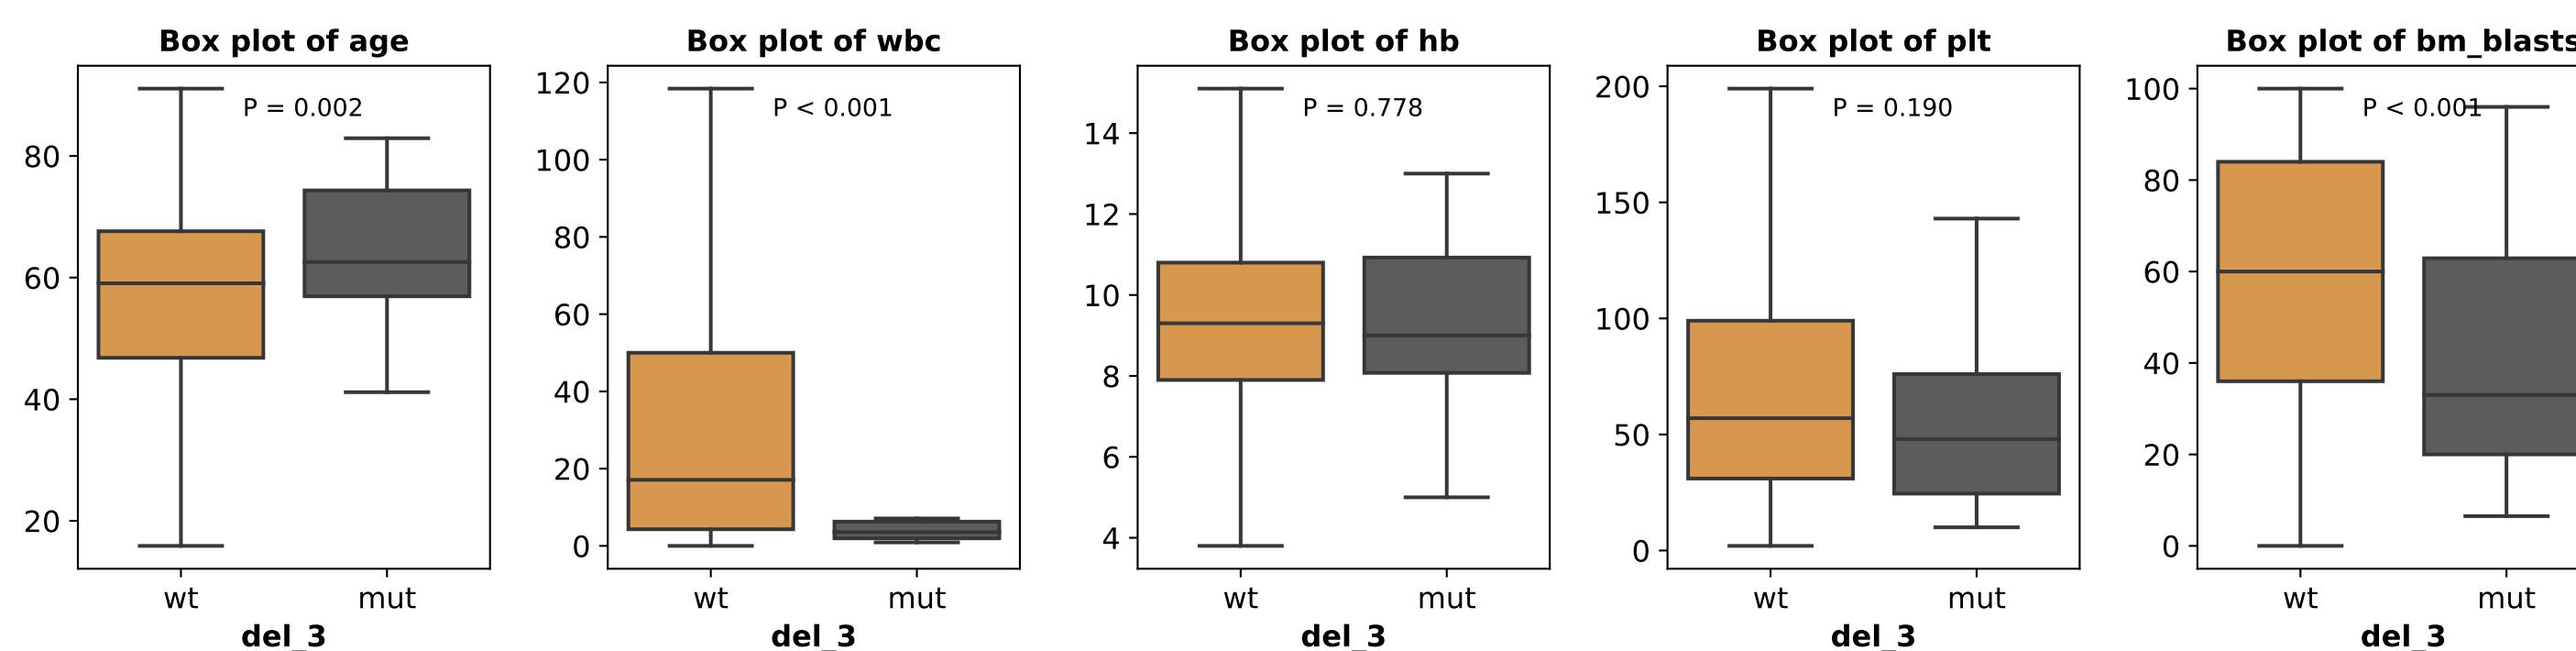

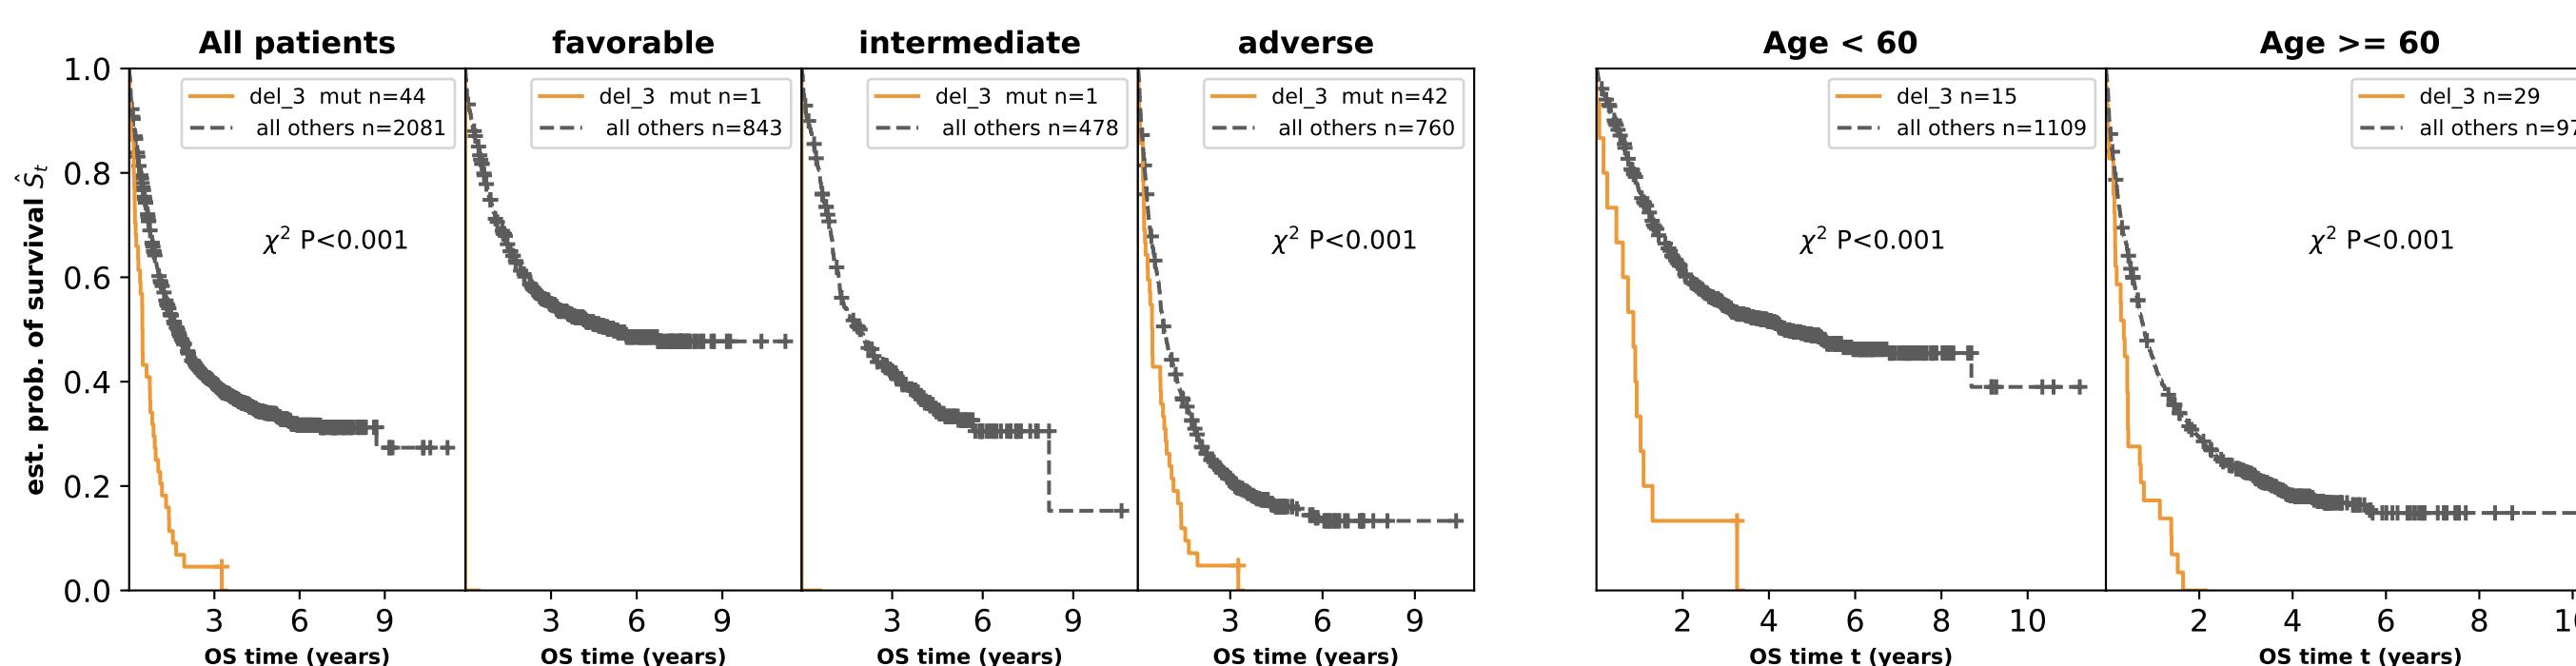

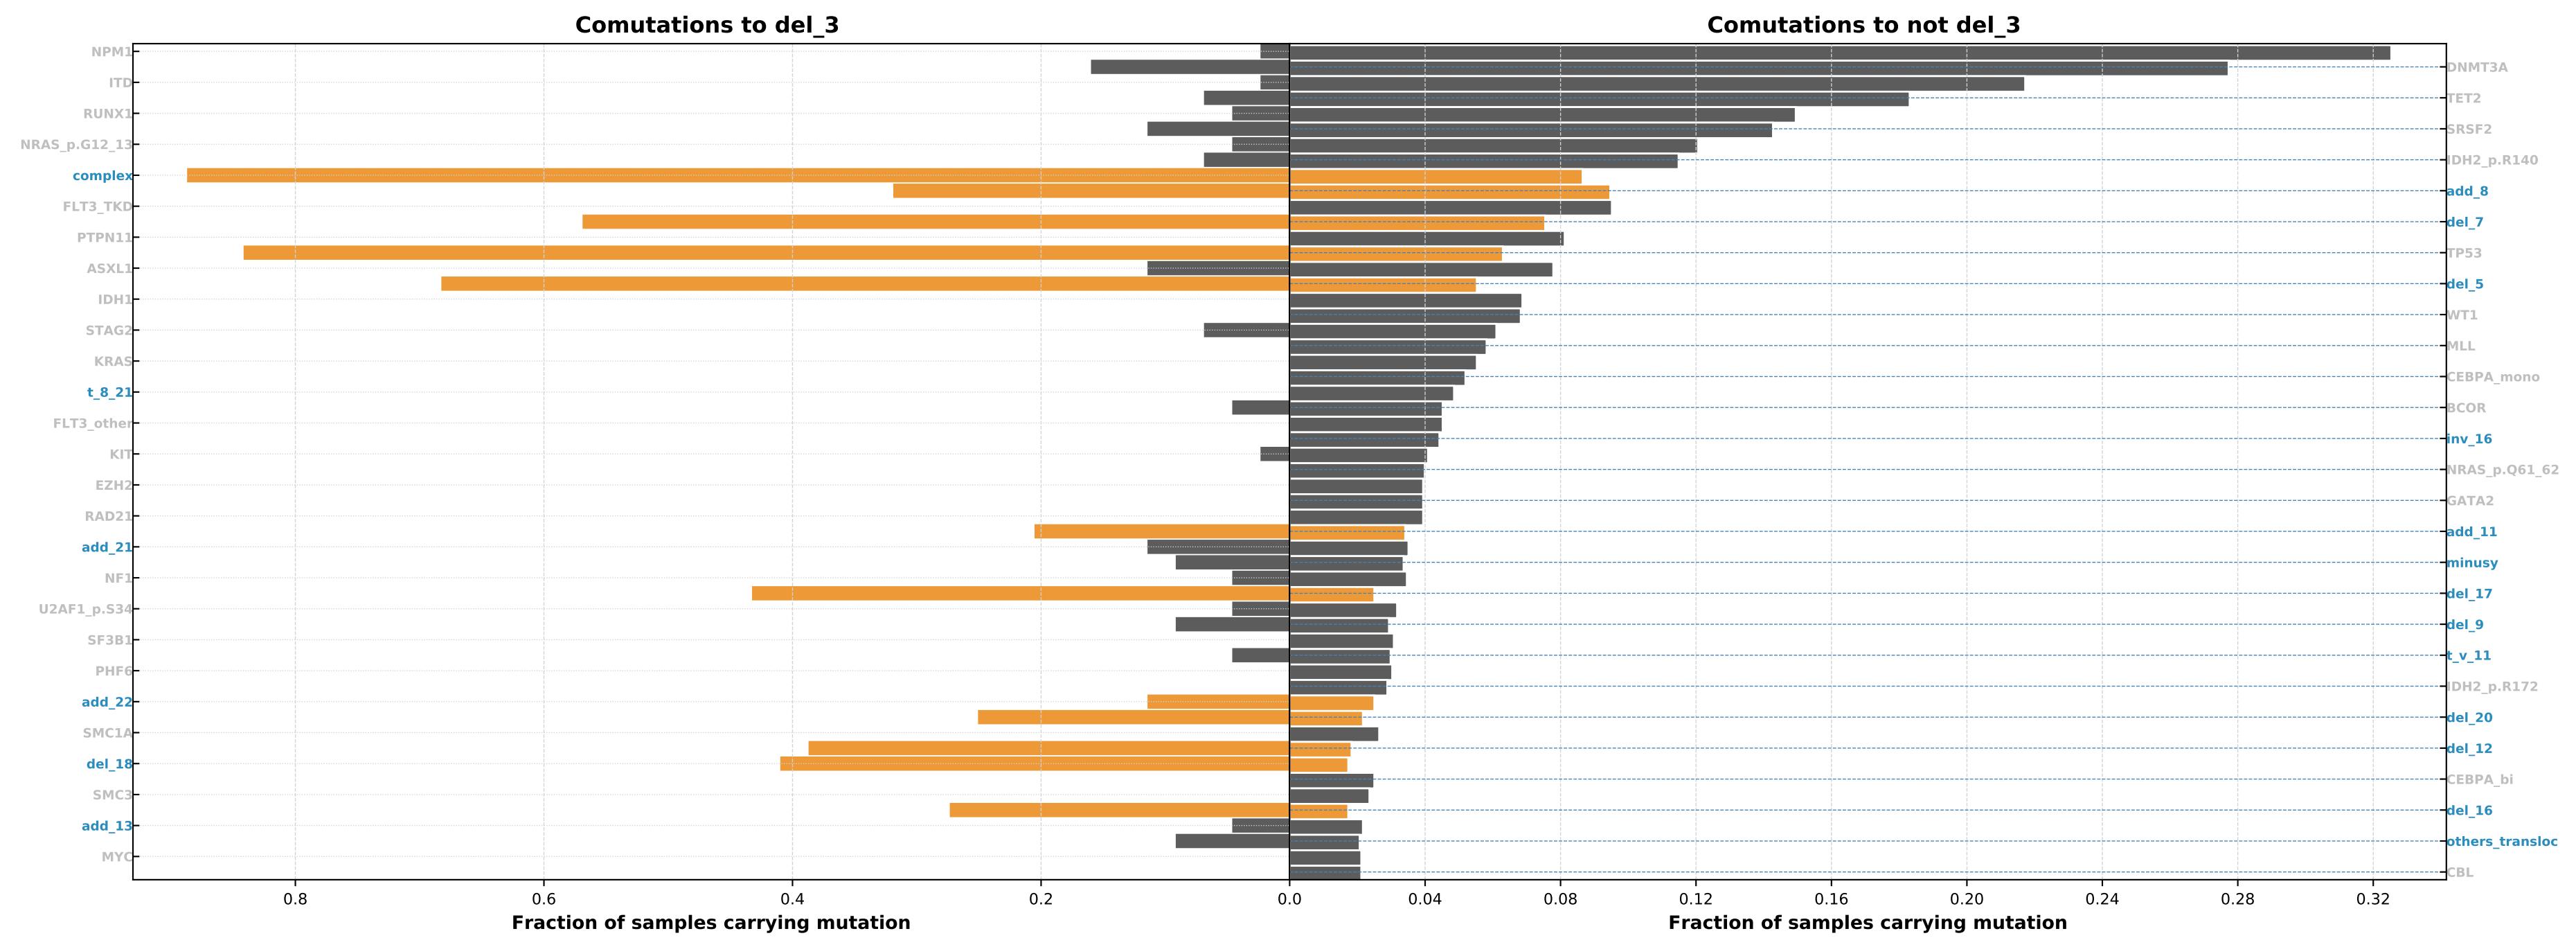

Table of classification, barplot of comutations, KM curves , box plots and bar plots for SRSF2 mutation

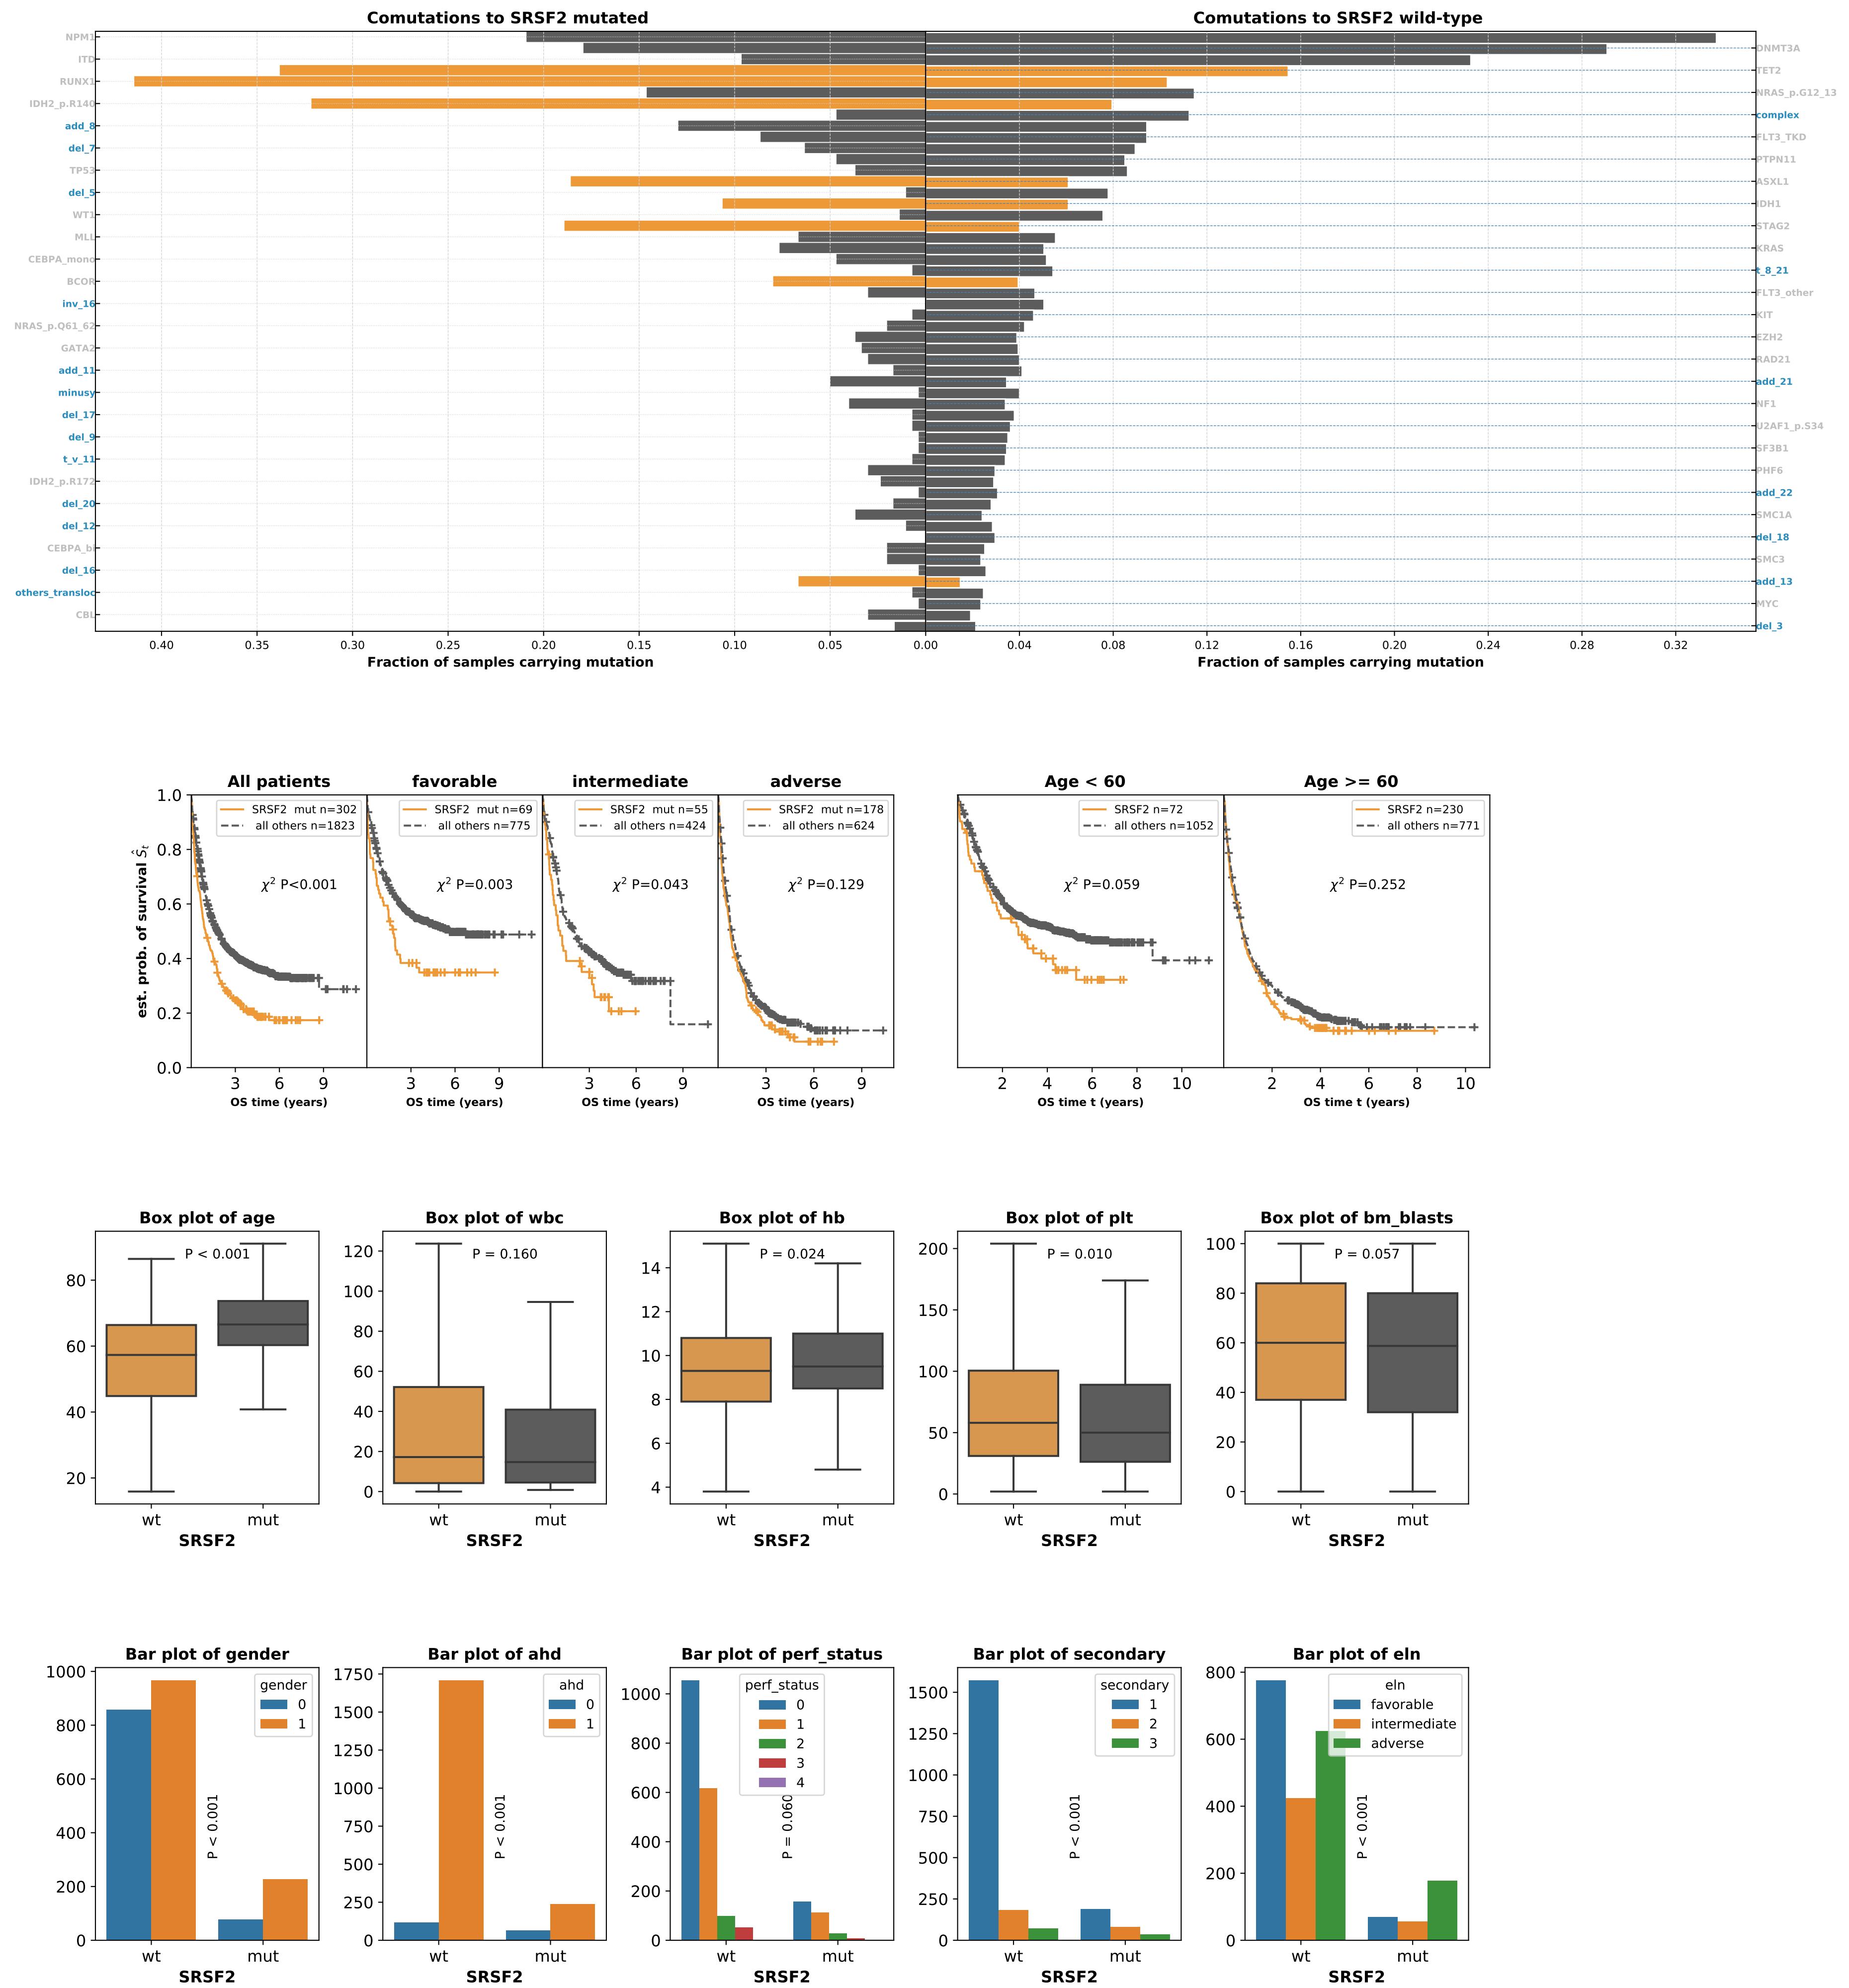

Table of classification, barplot of comutations, KM curves , box plots and bar plots for FLT3_TKD mutation

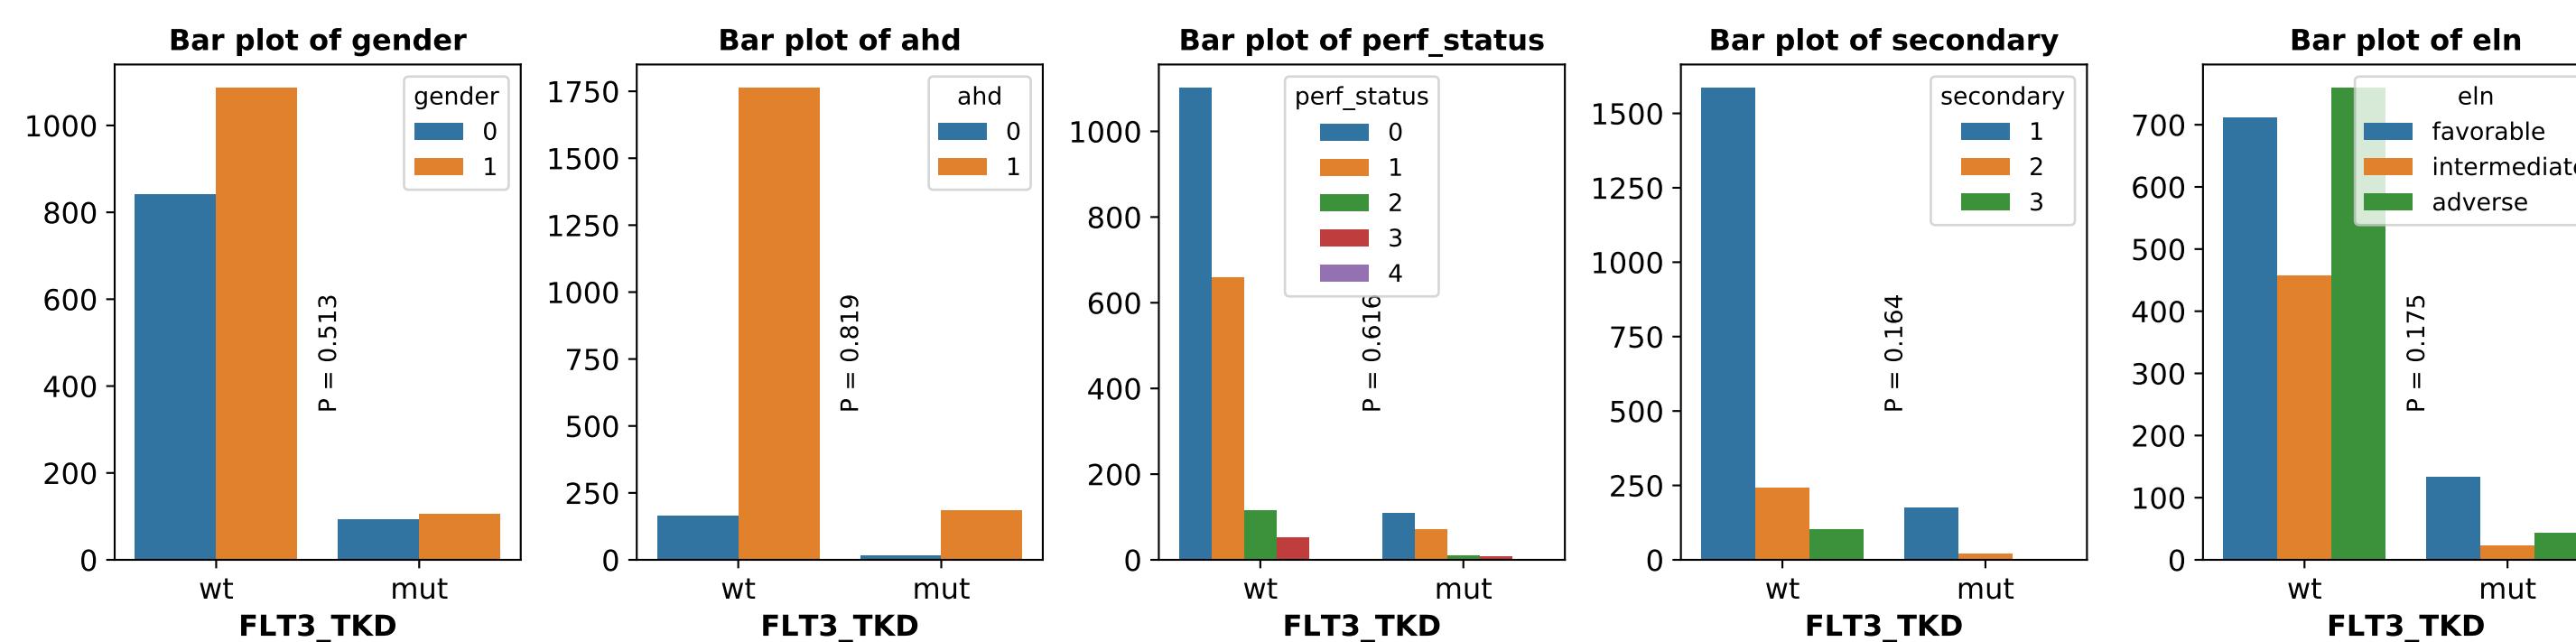

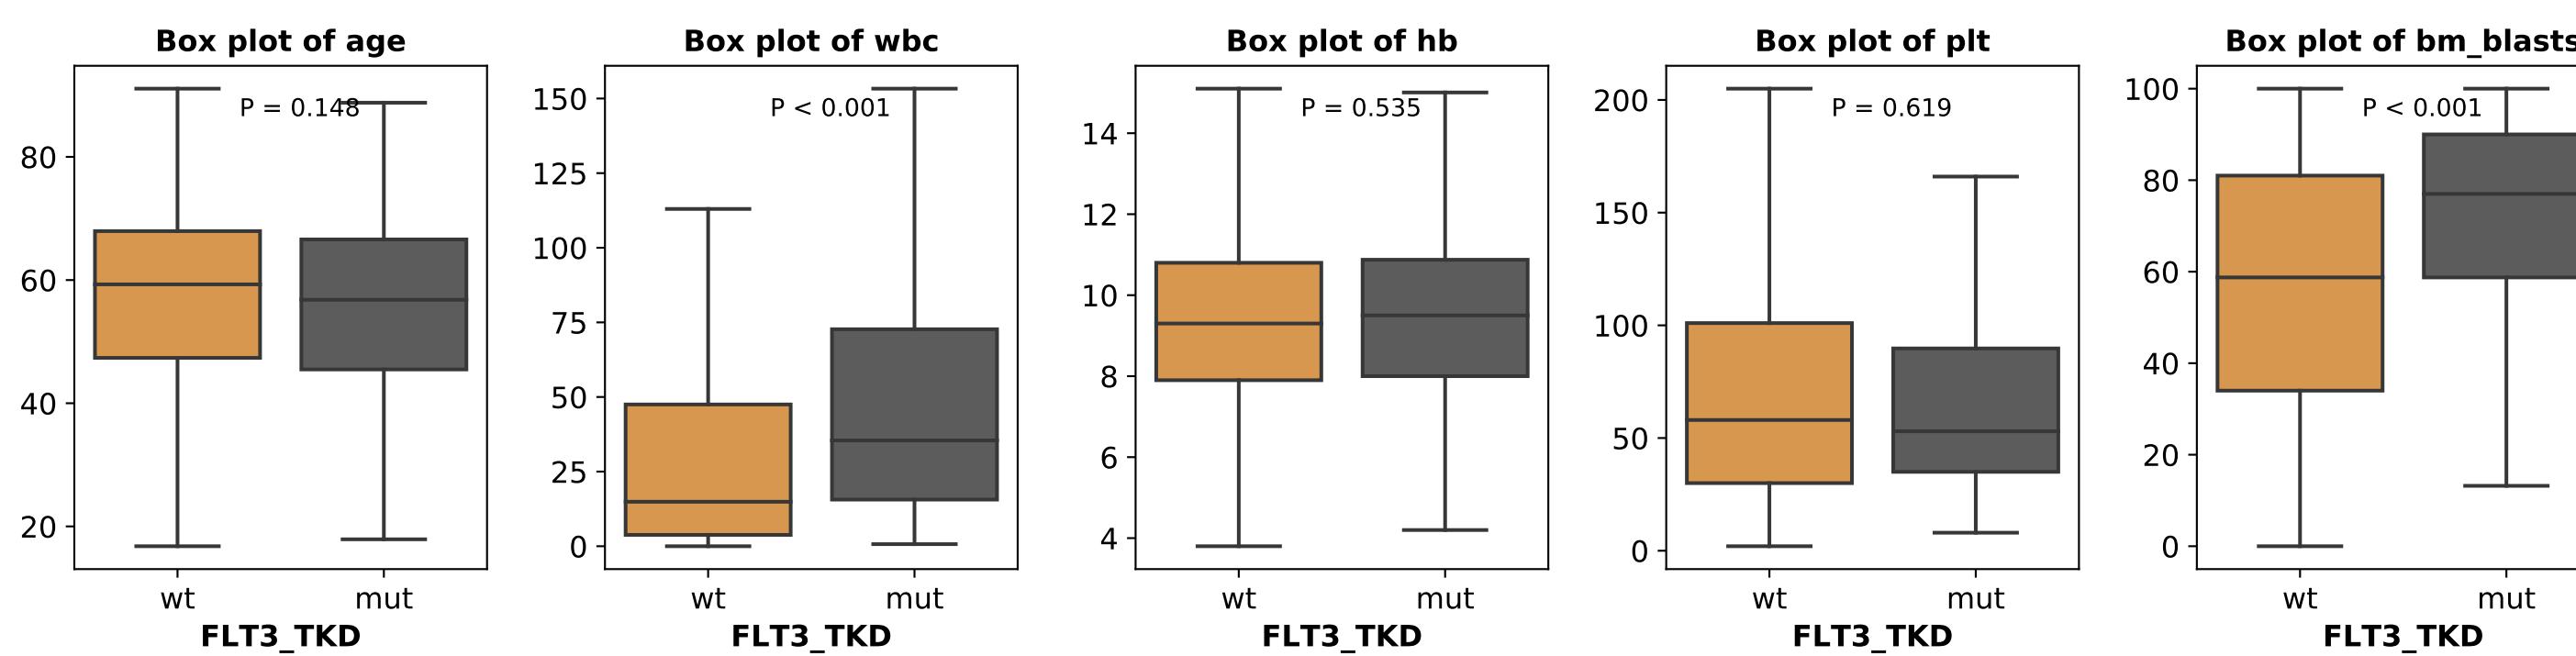

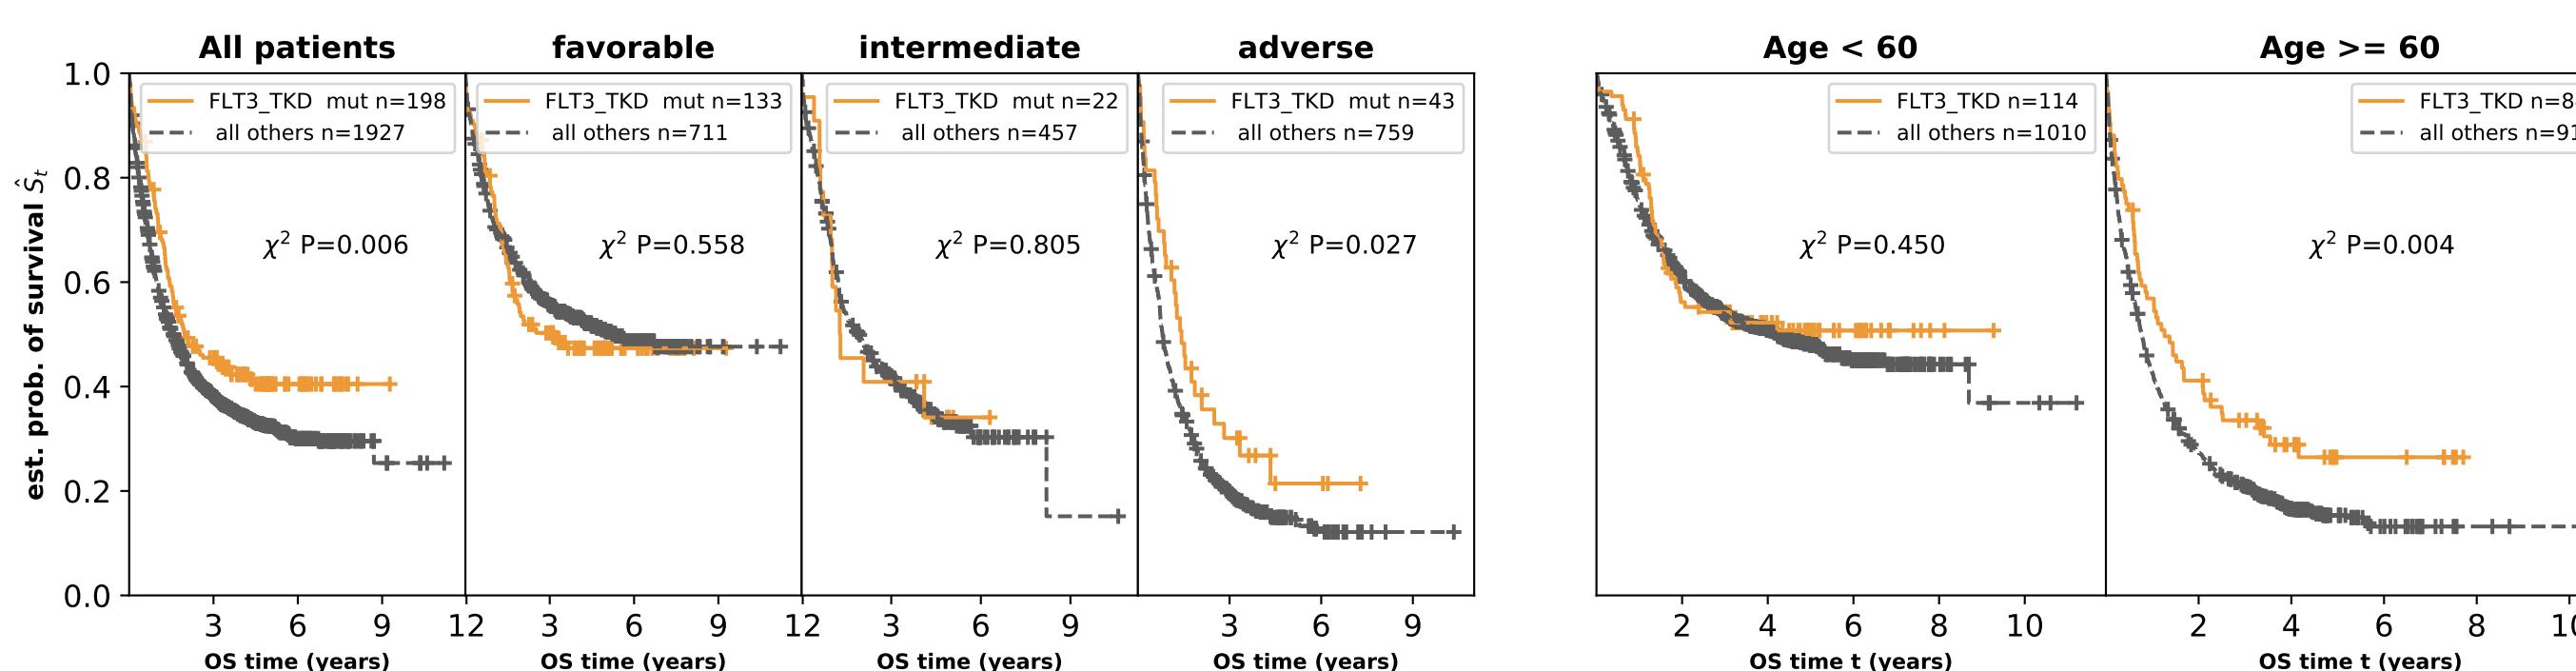

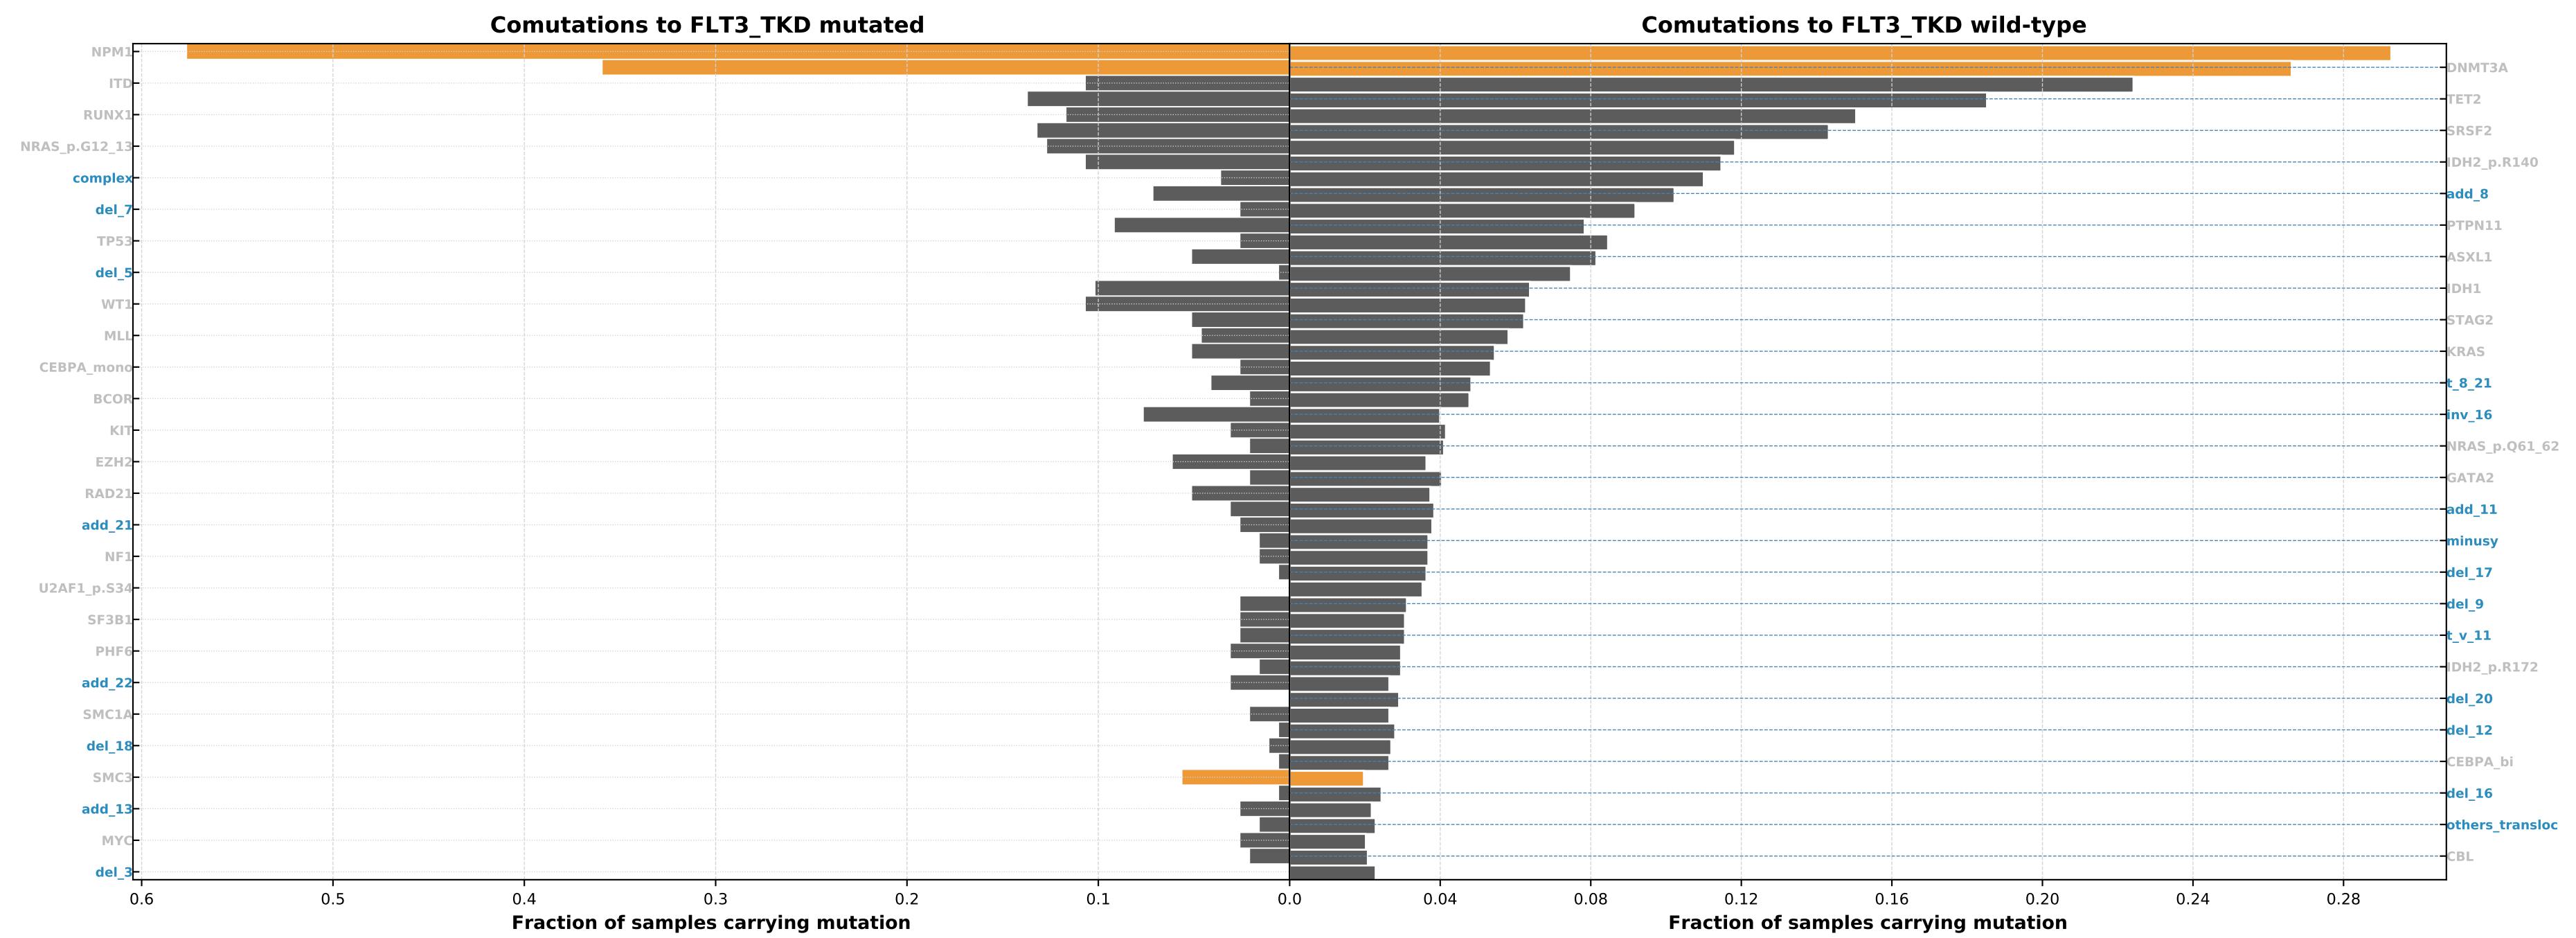

Table of classification, barplot of comutations, KM curves , box plots and bar plots for MYC mutation

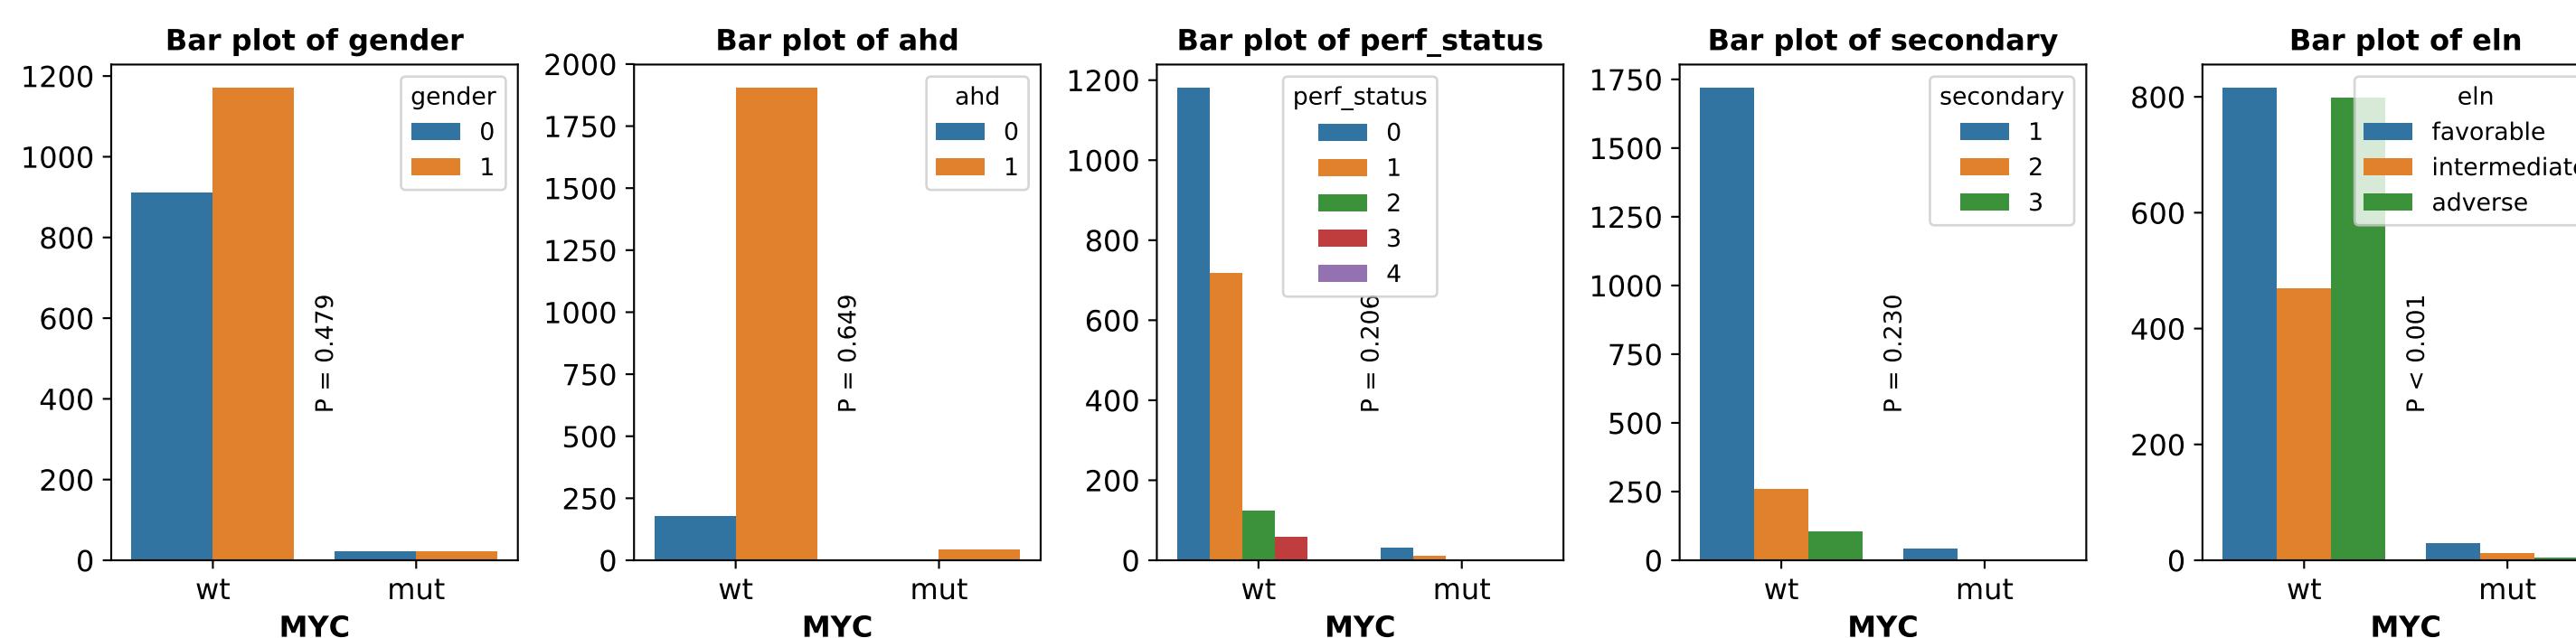

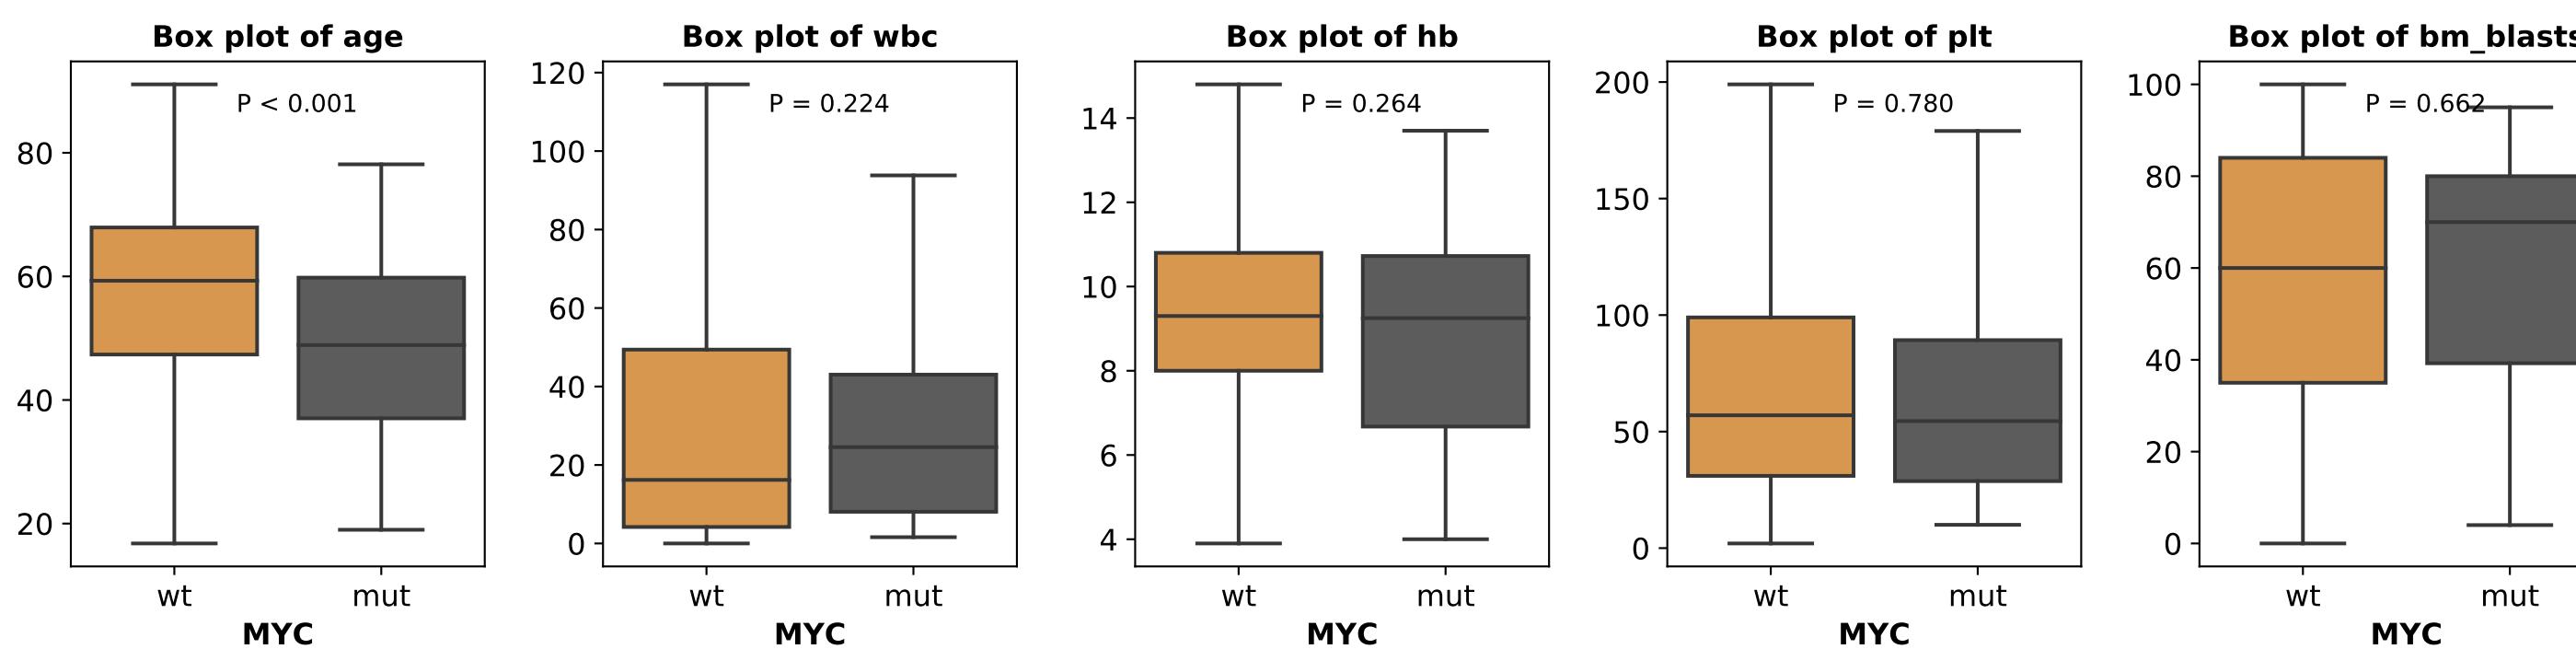

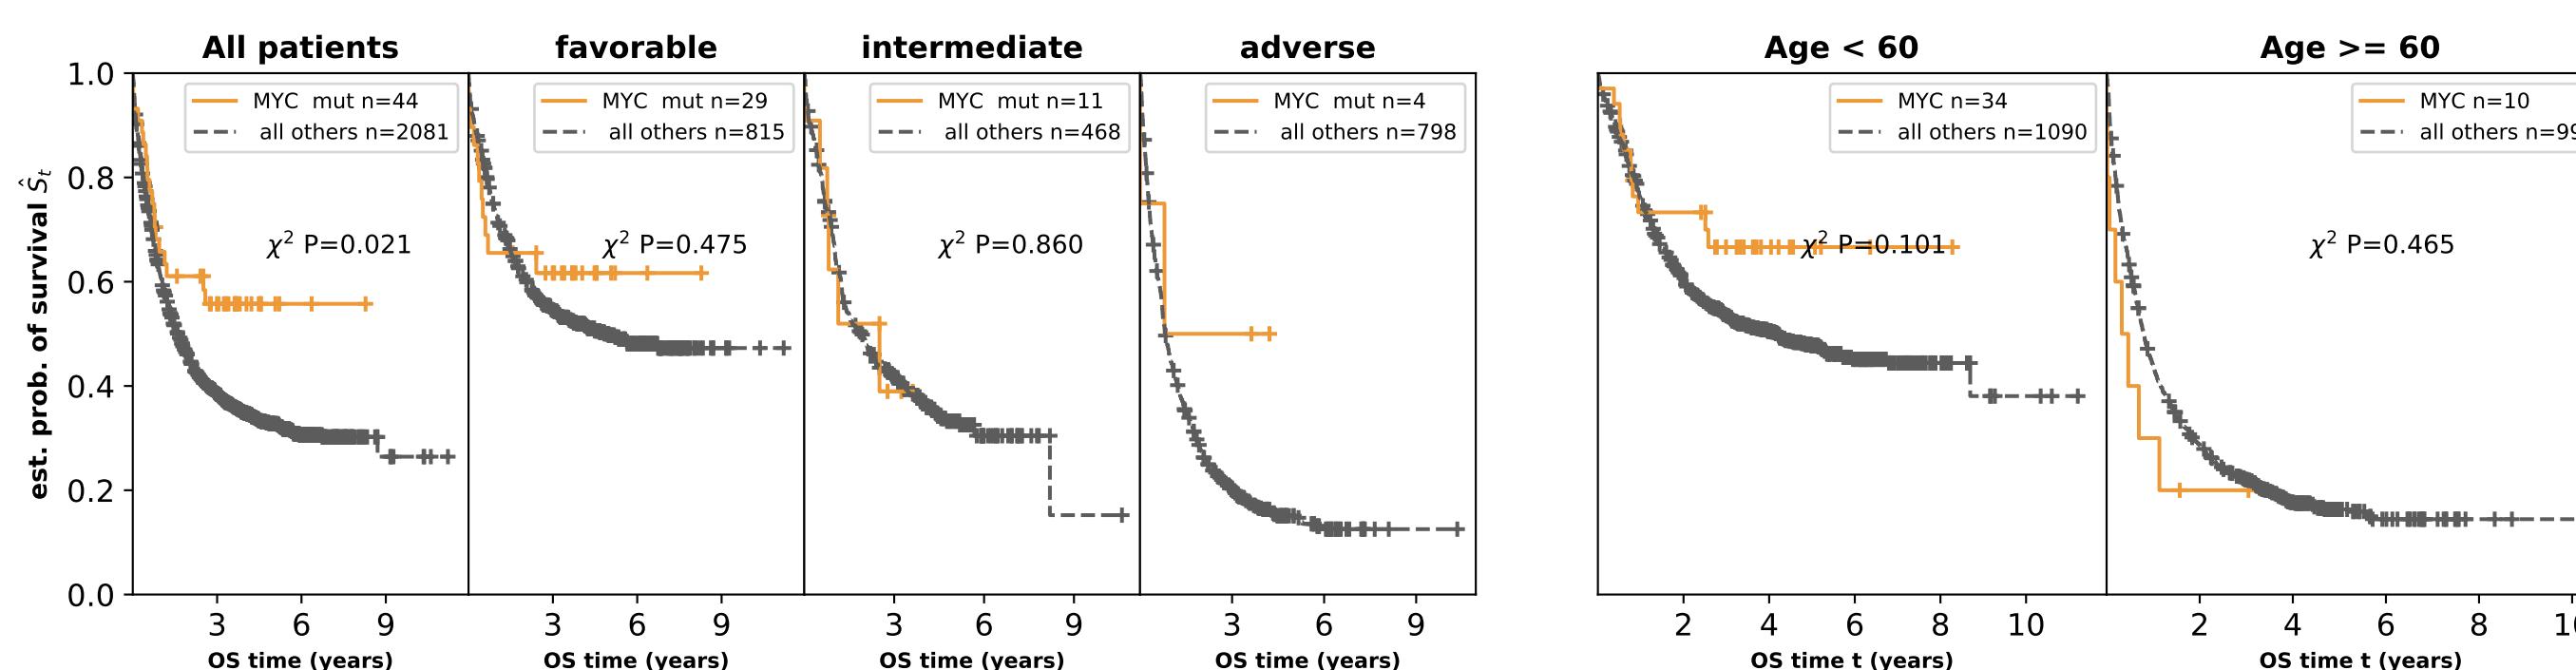

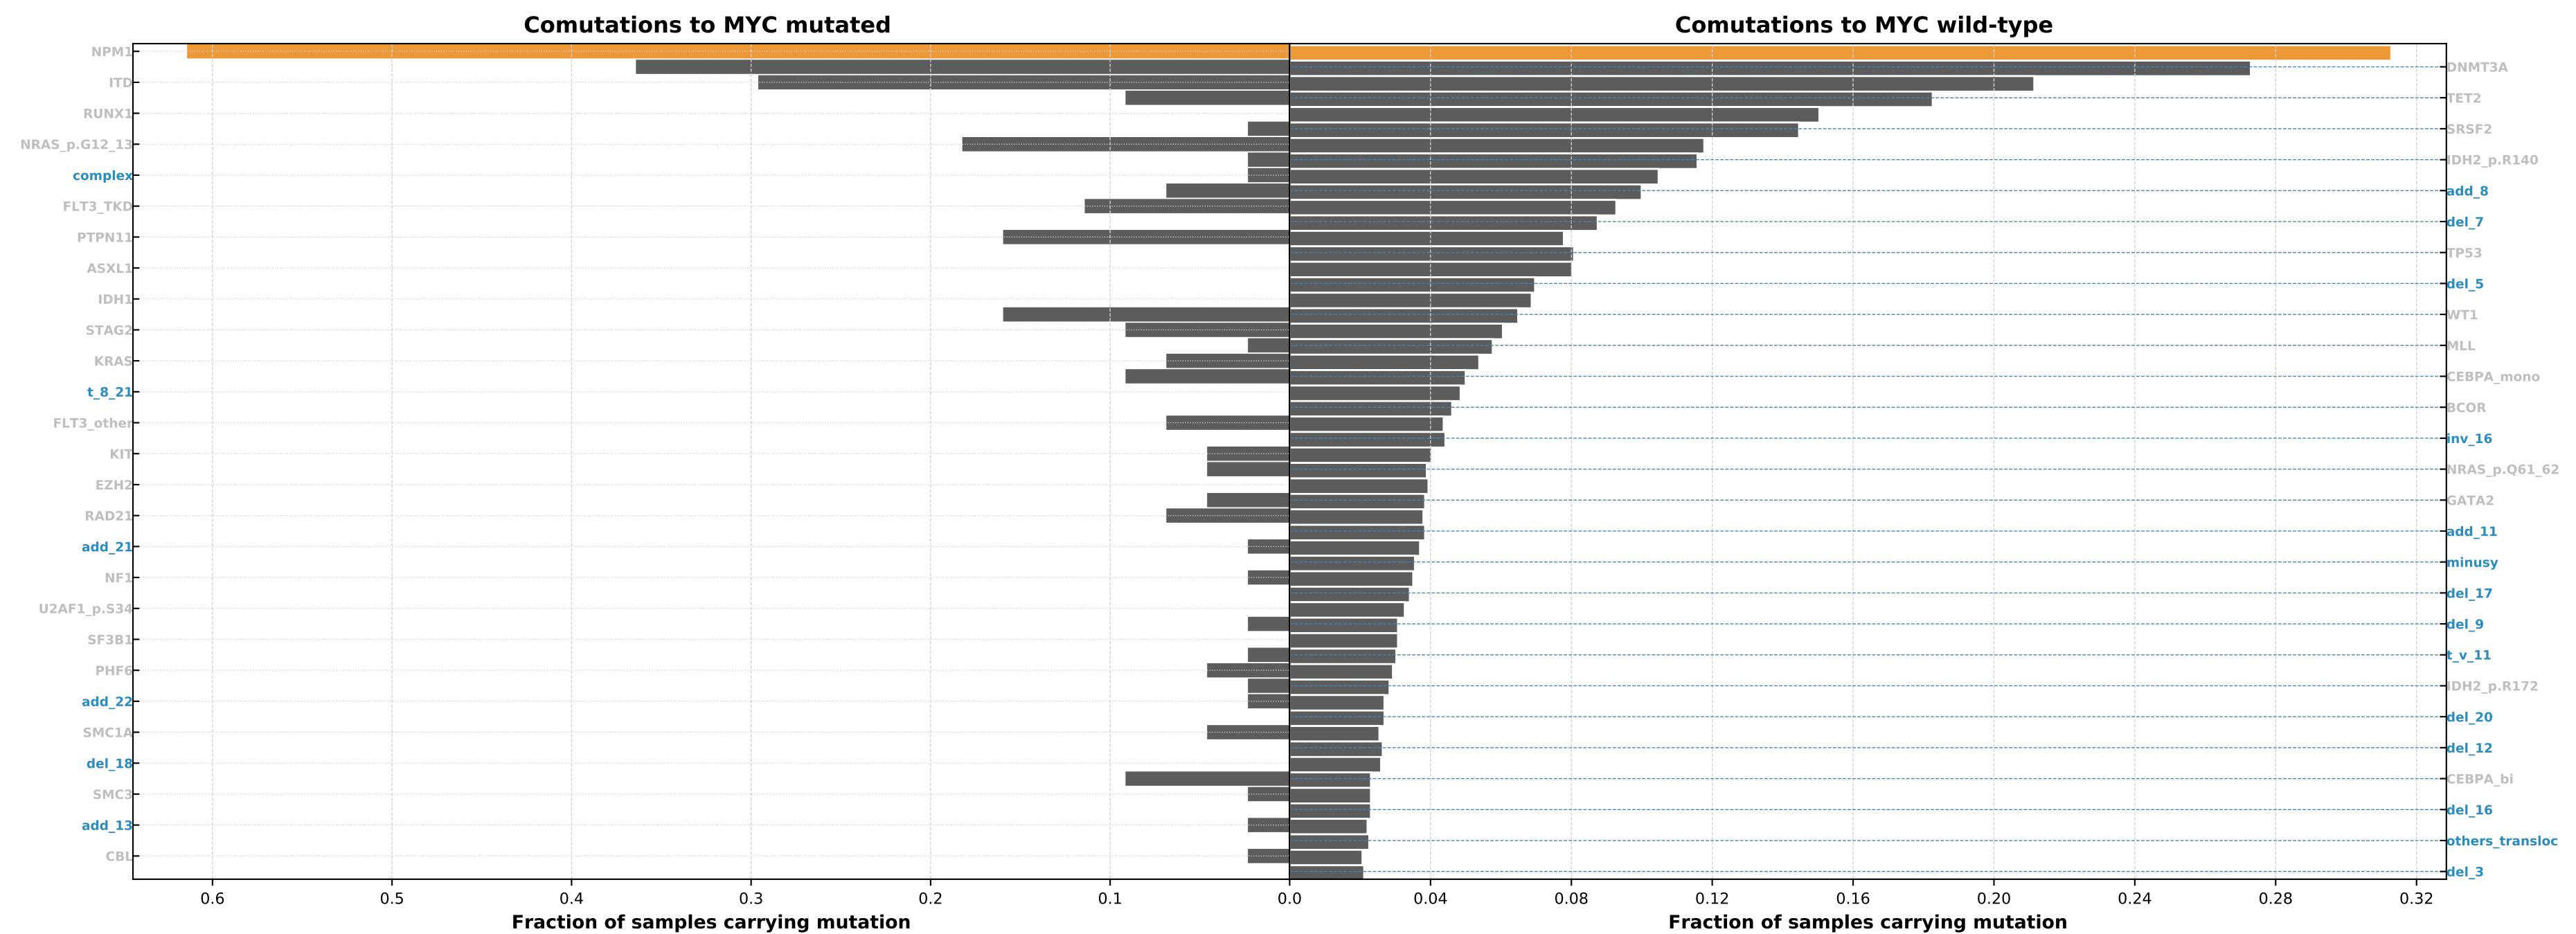

Table of classification, barplot of comutations, KM curves , box plots and bar plots for NPM1 mutation

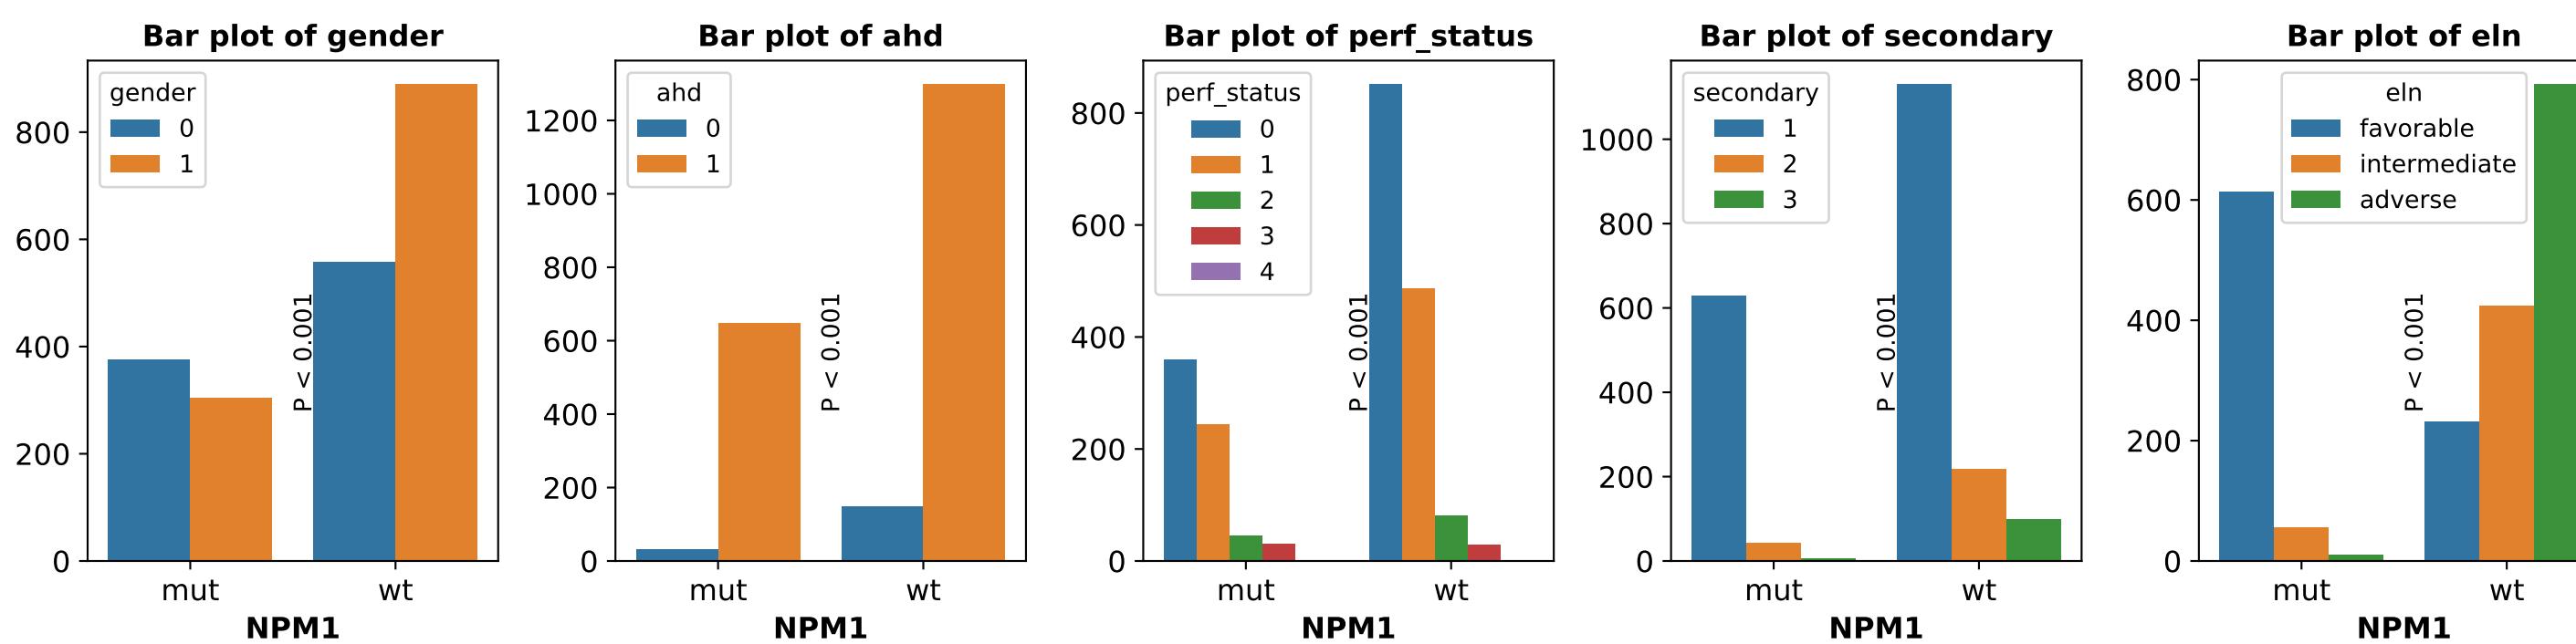

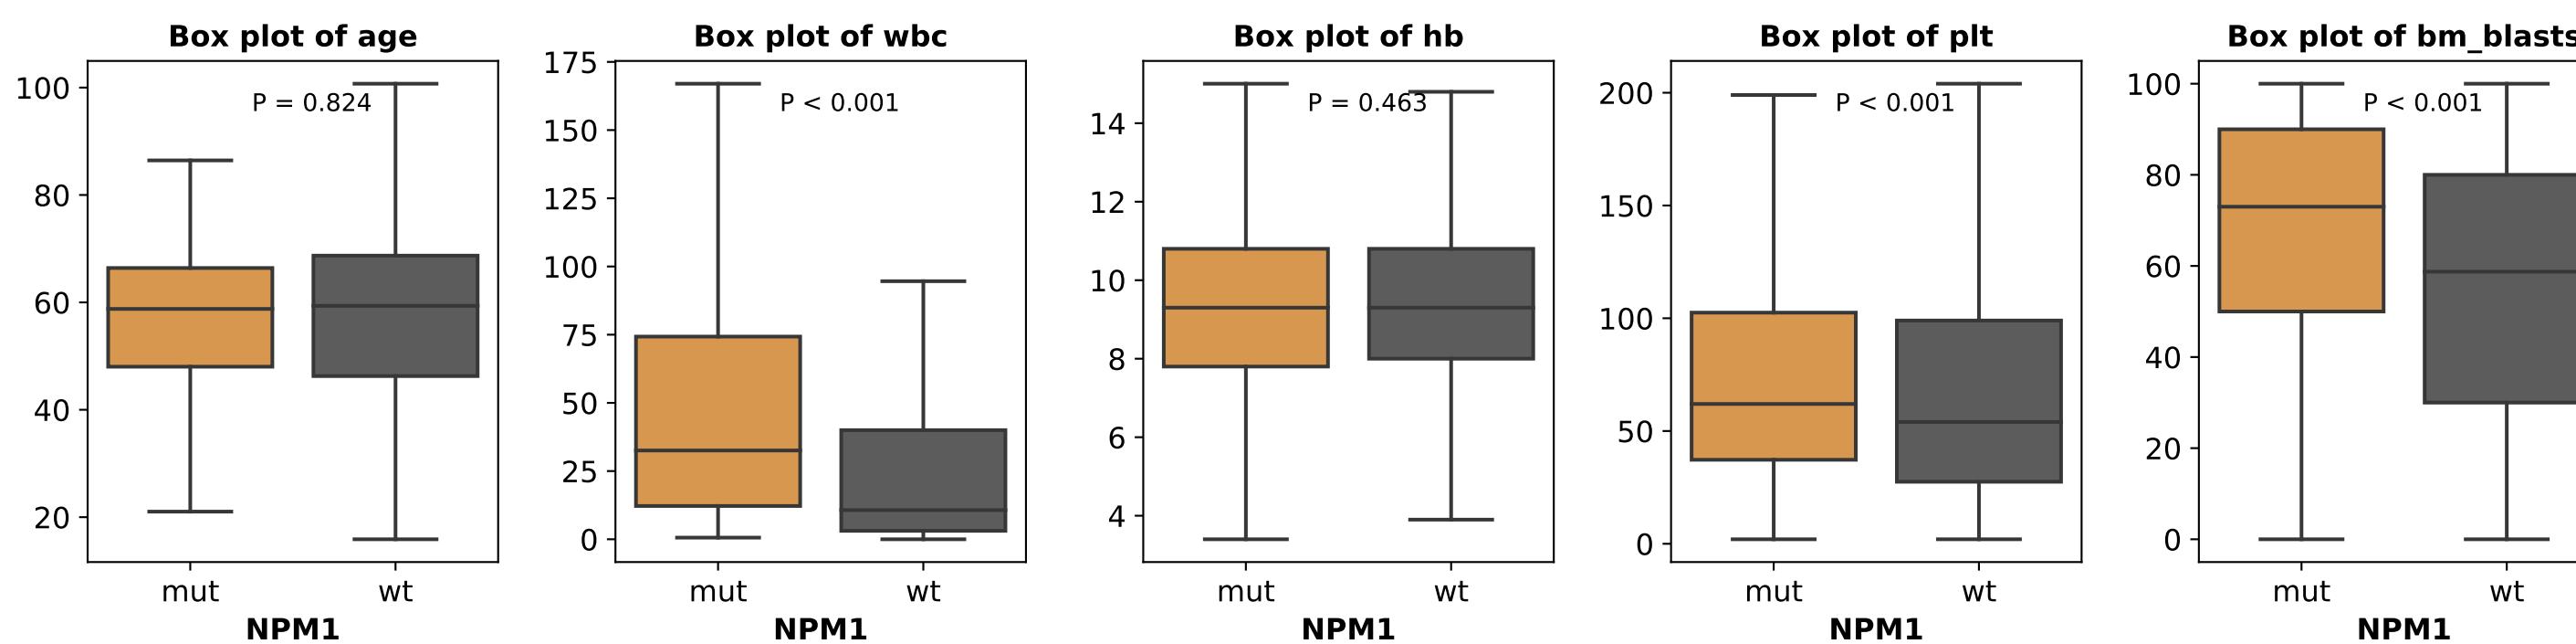

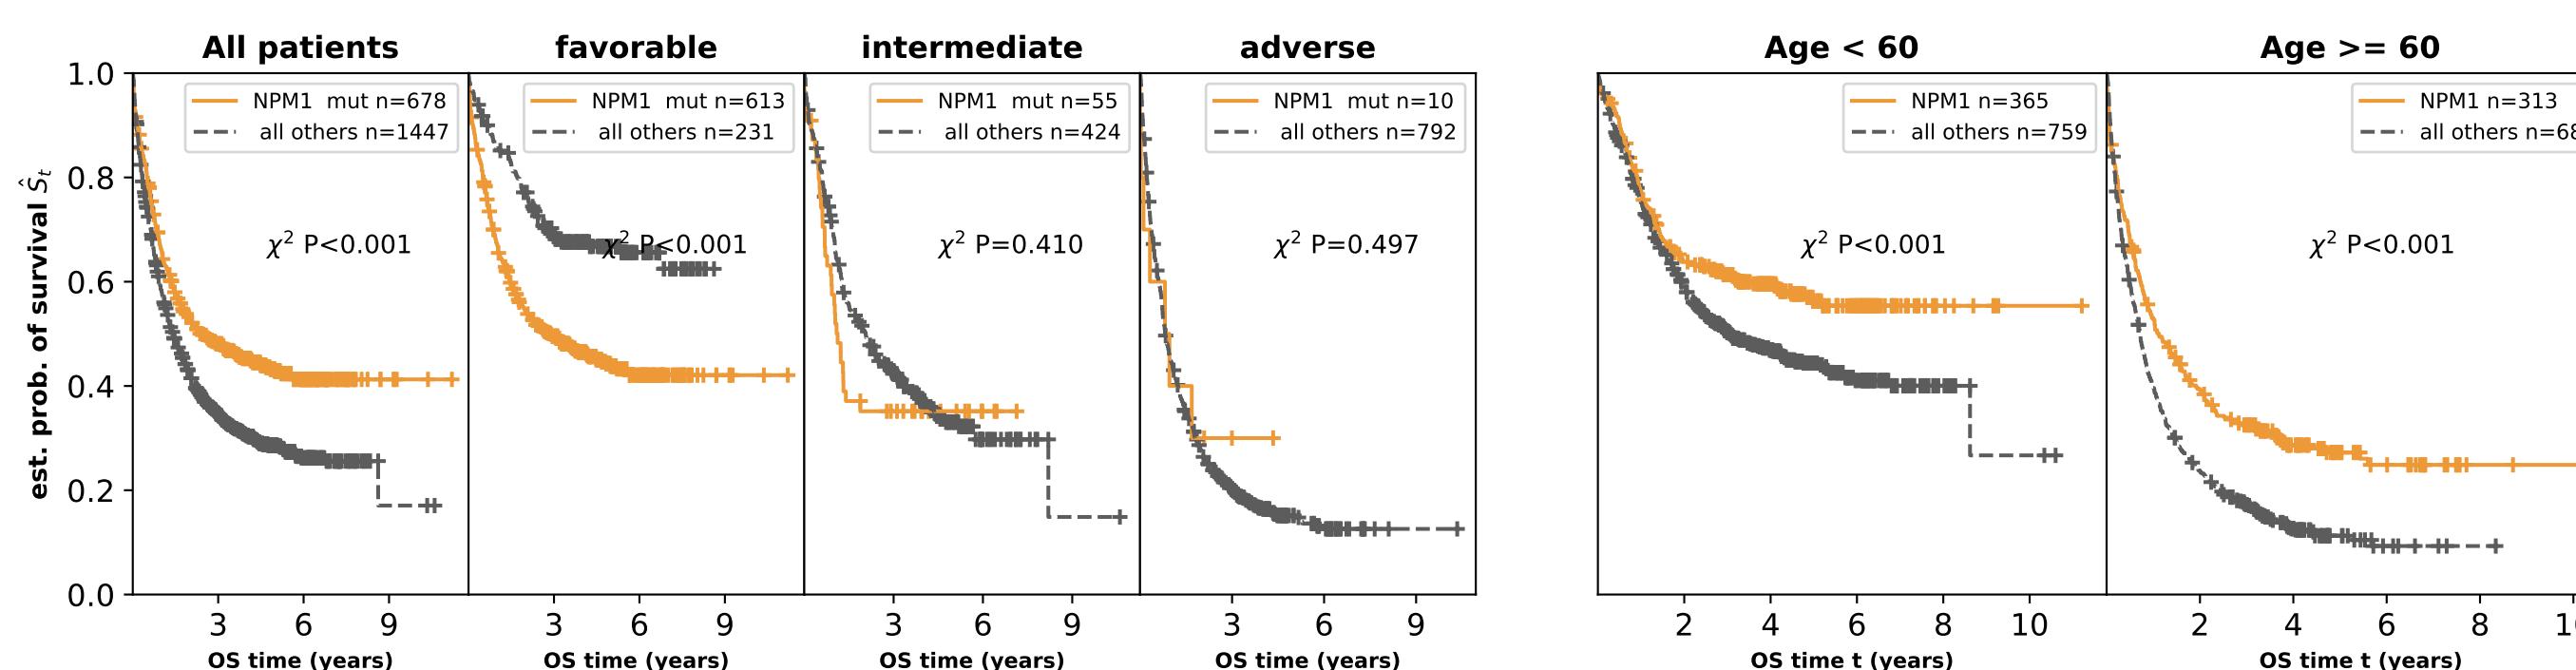

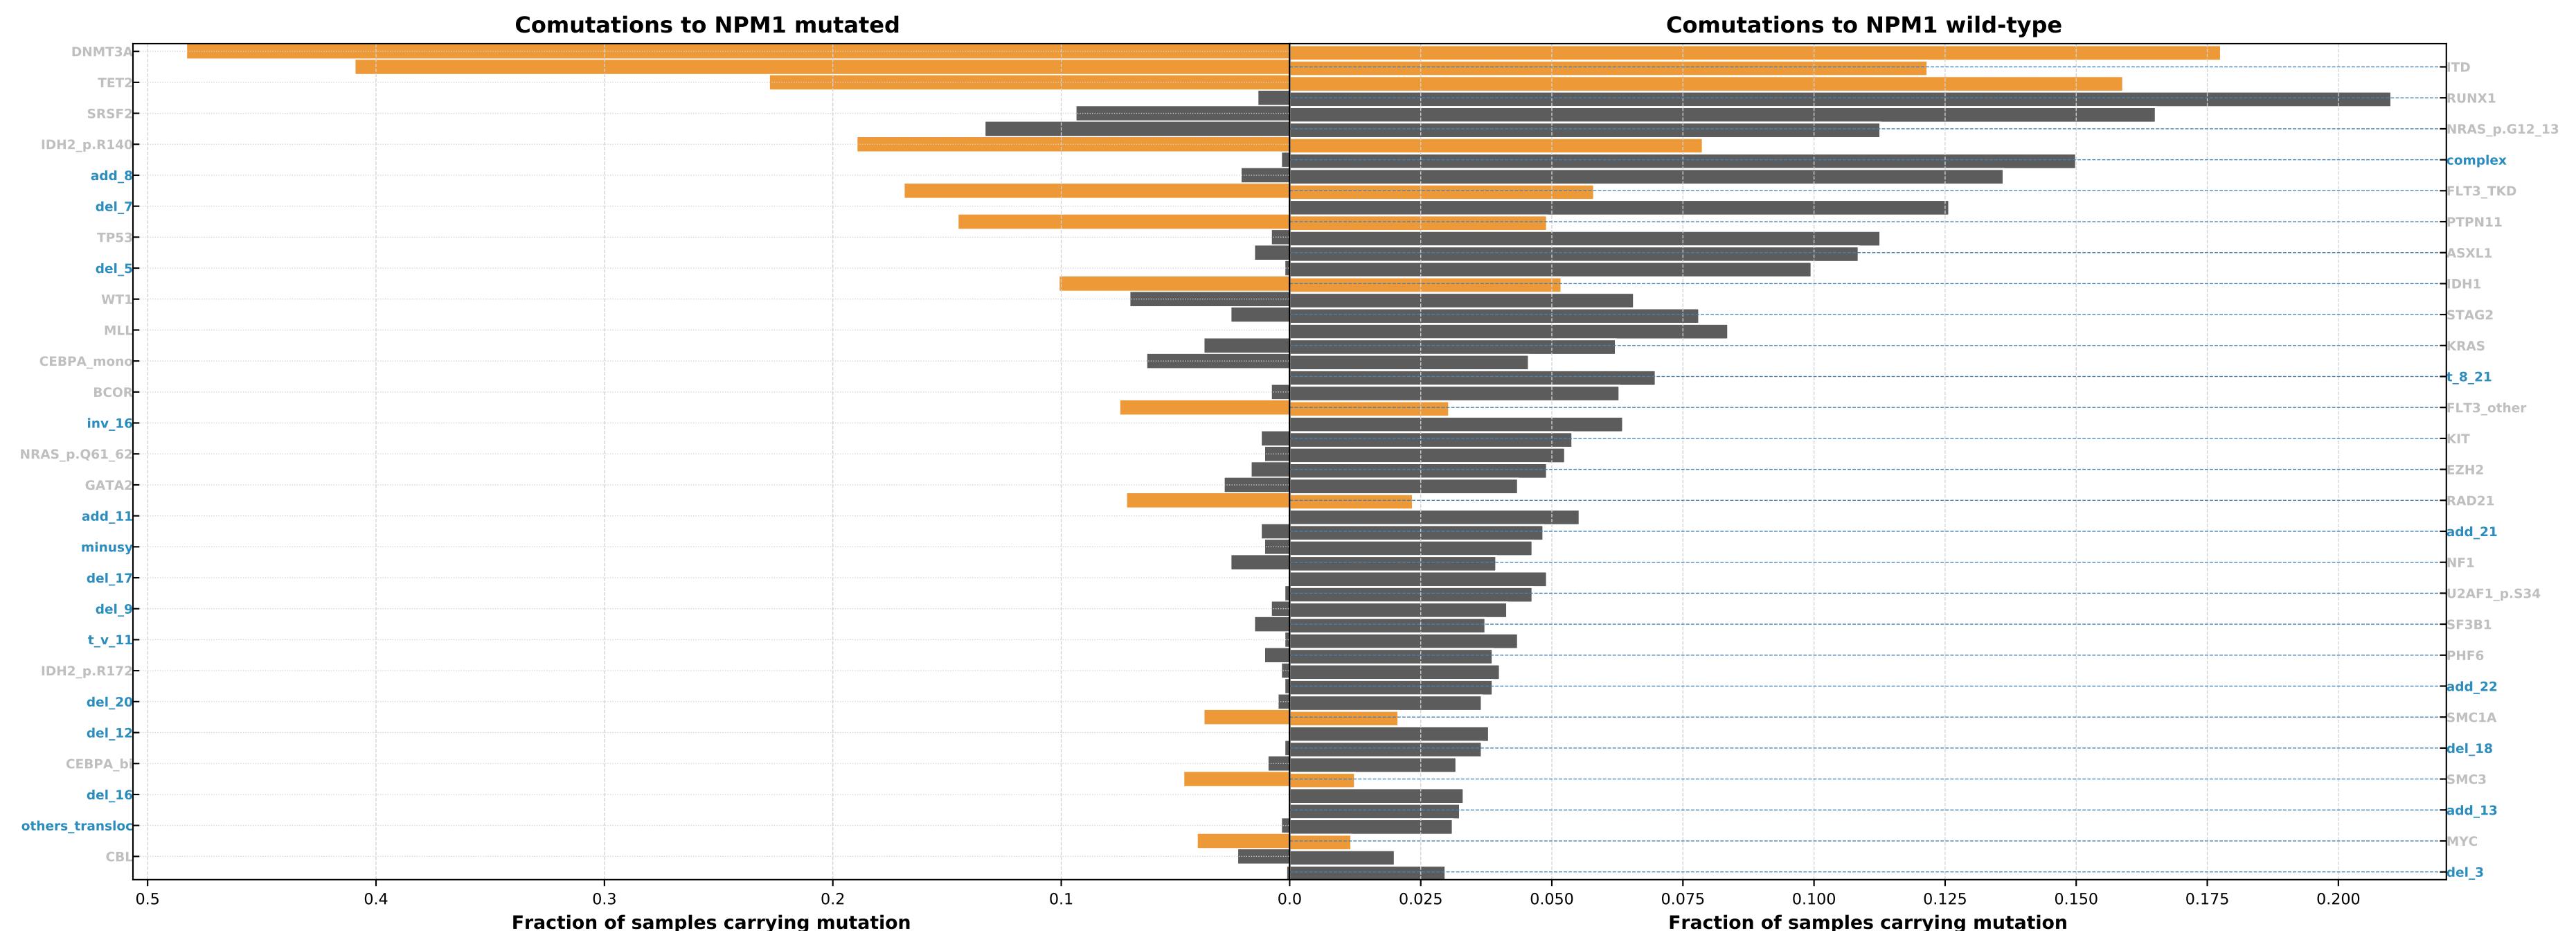

Table of classification, barplot of comutations, KM curves , box plots and bar plots for del_7

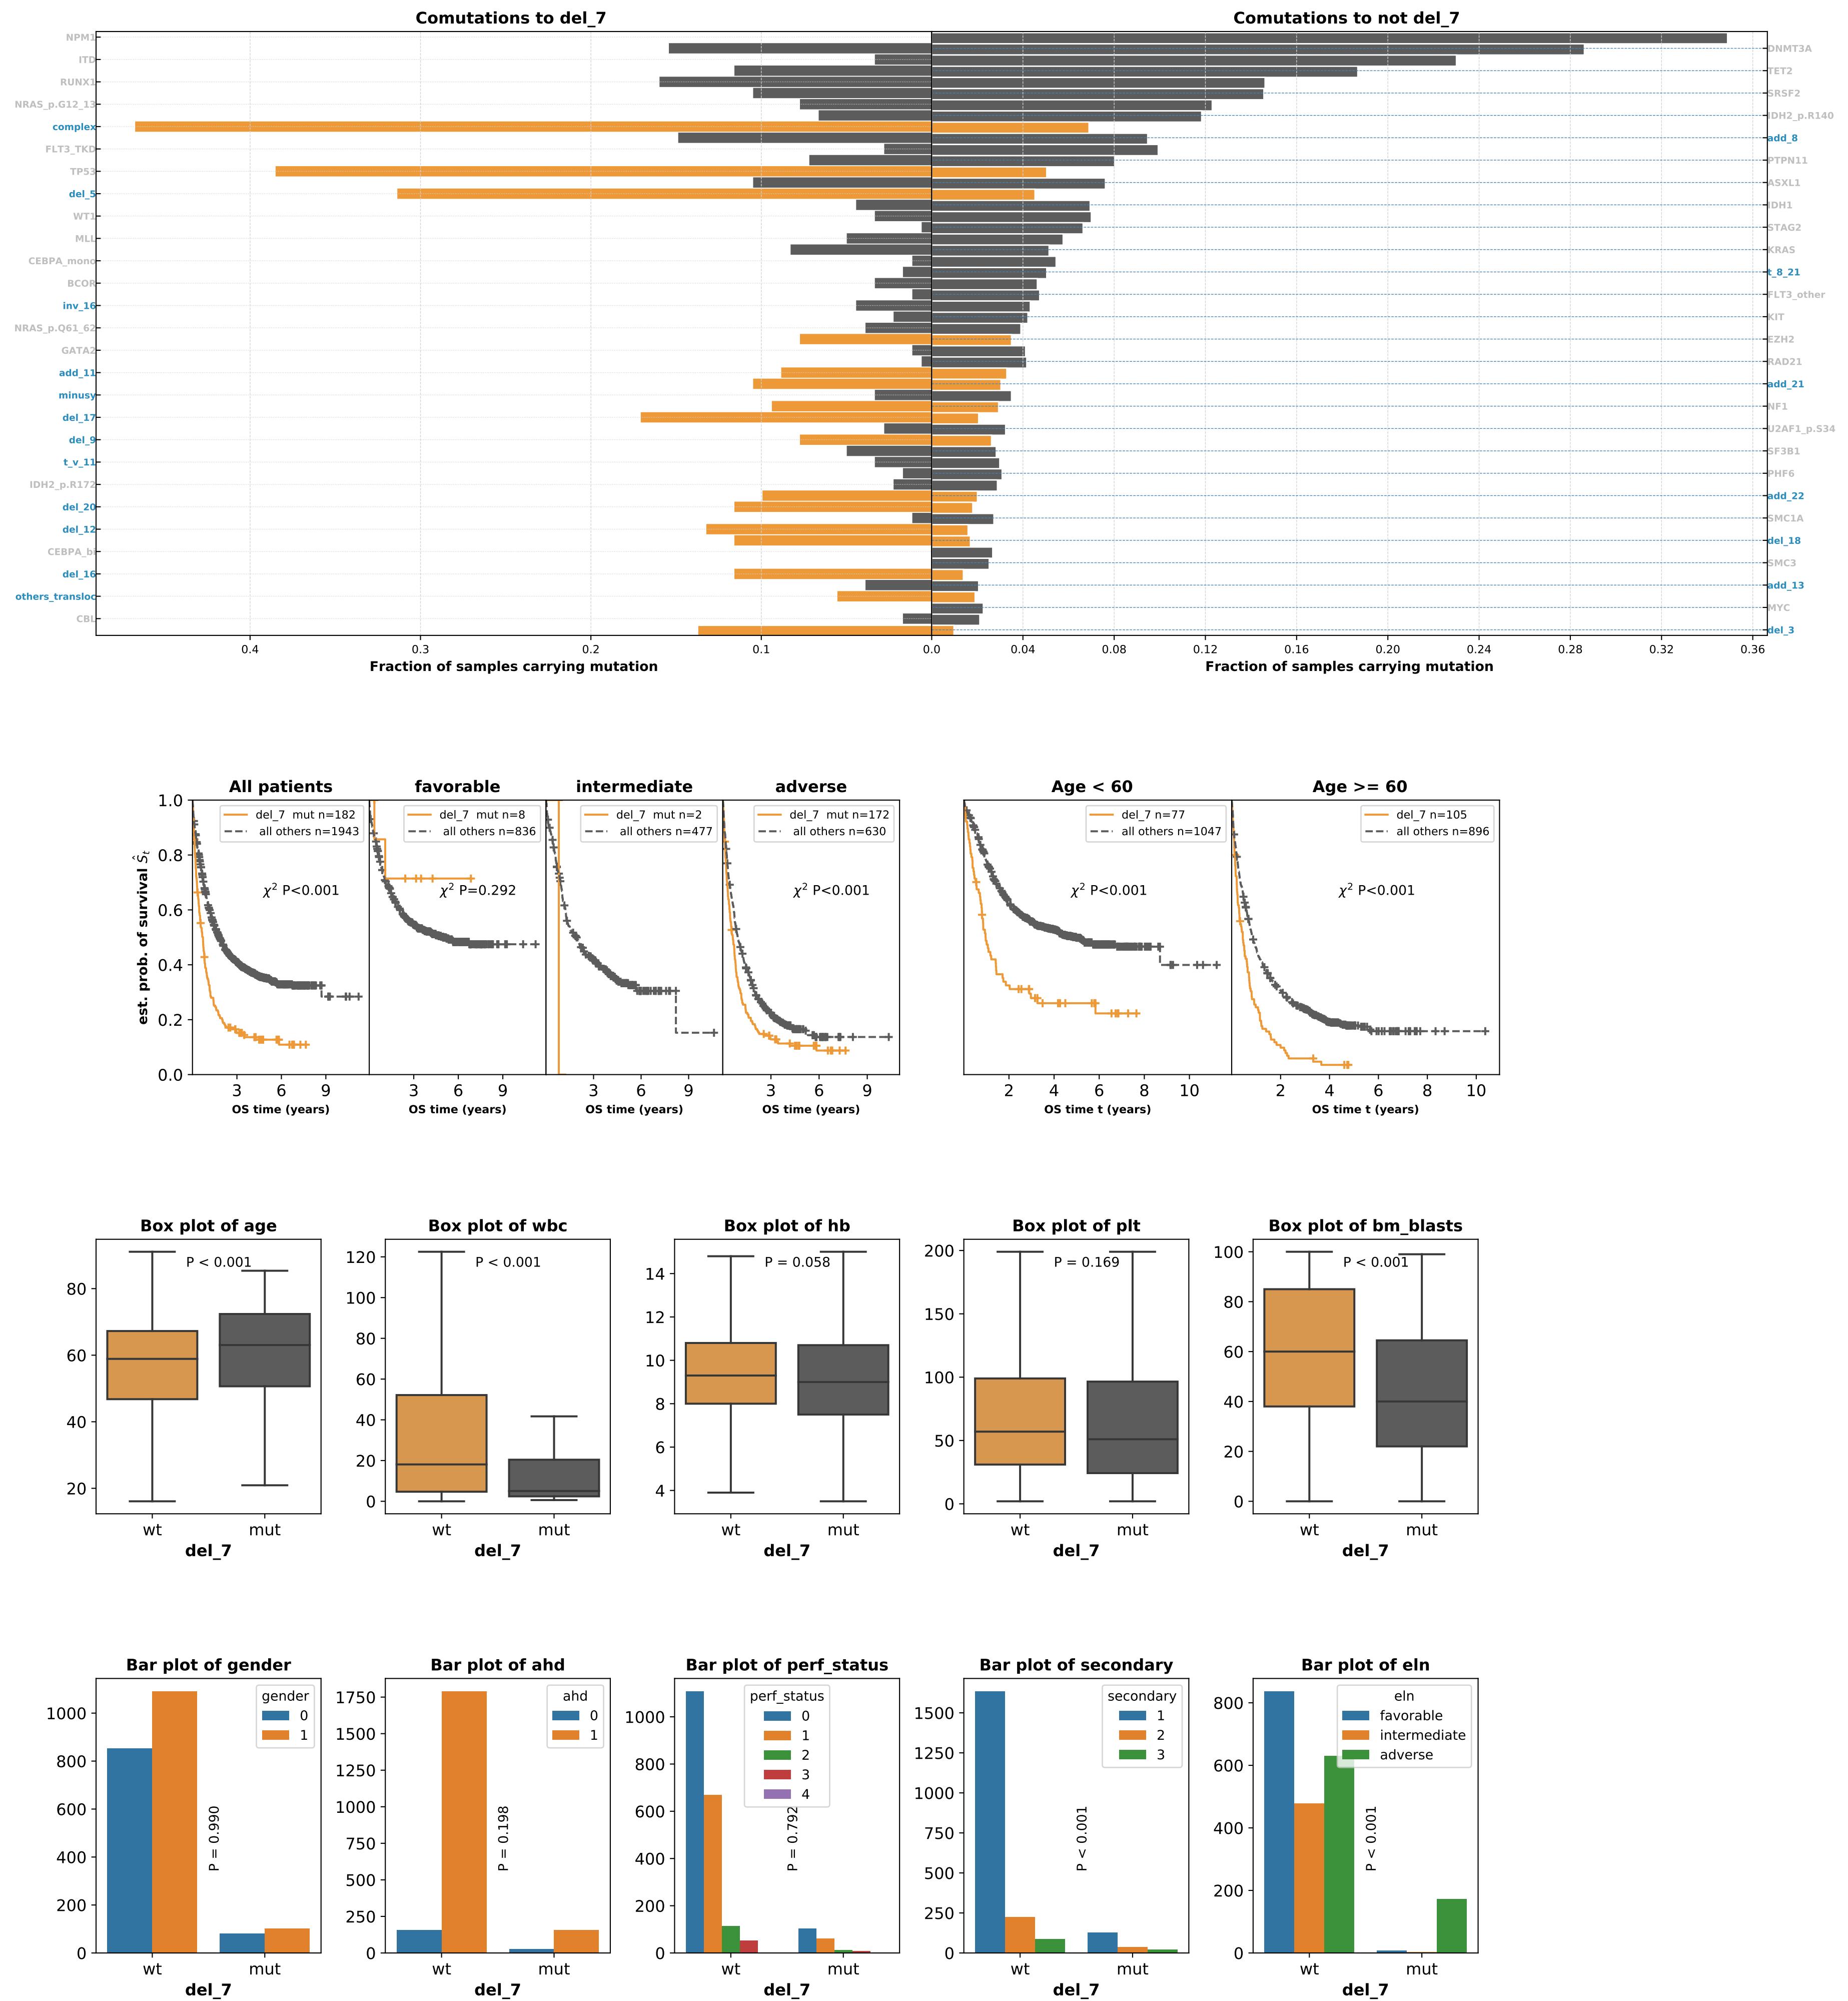

Table of classification, barplot of comutations, KM curves , box plots and bar plots for del_18

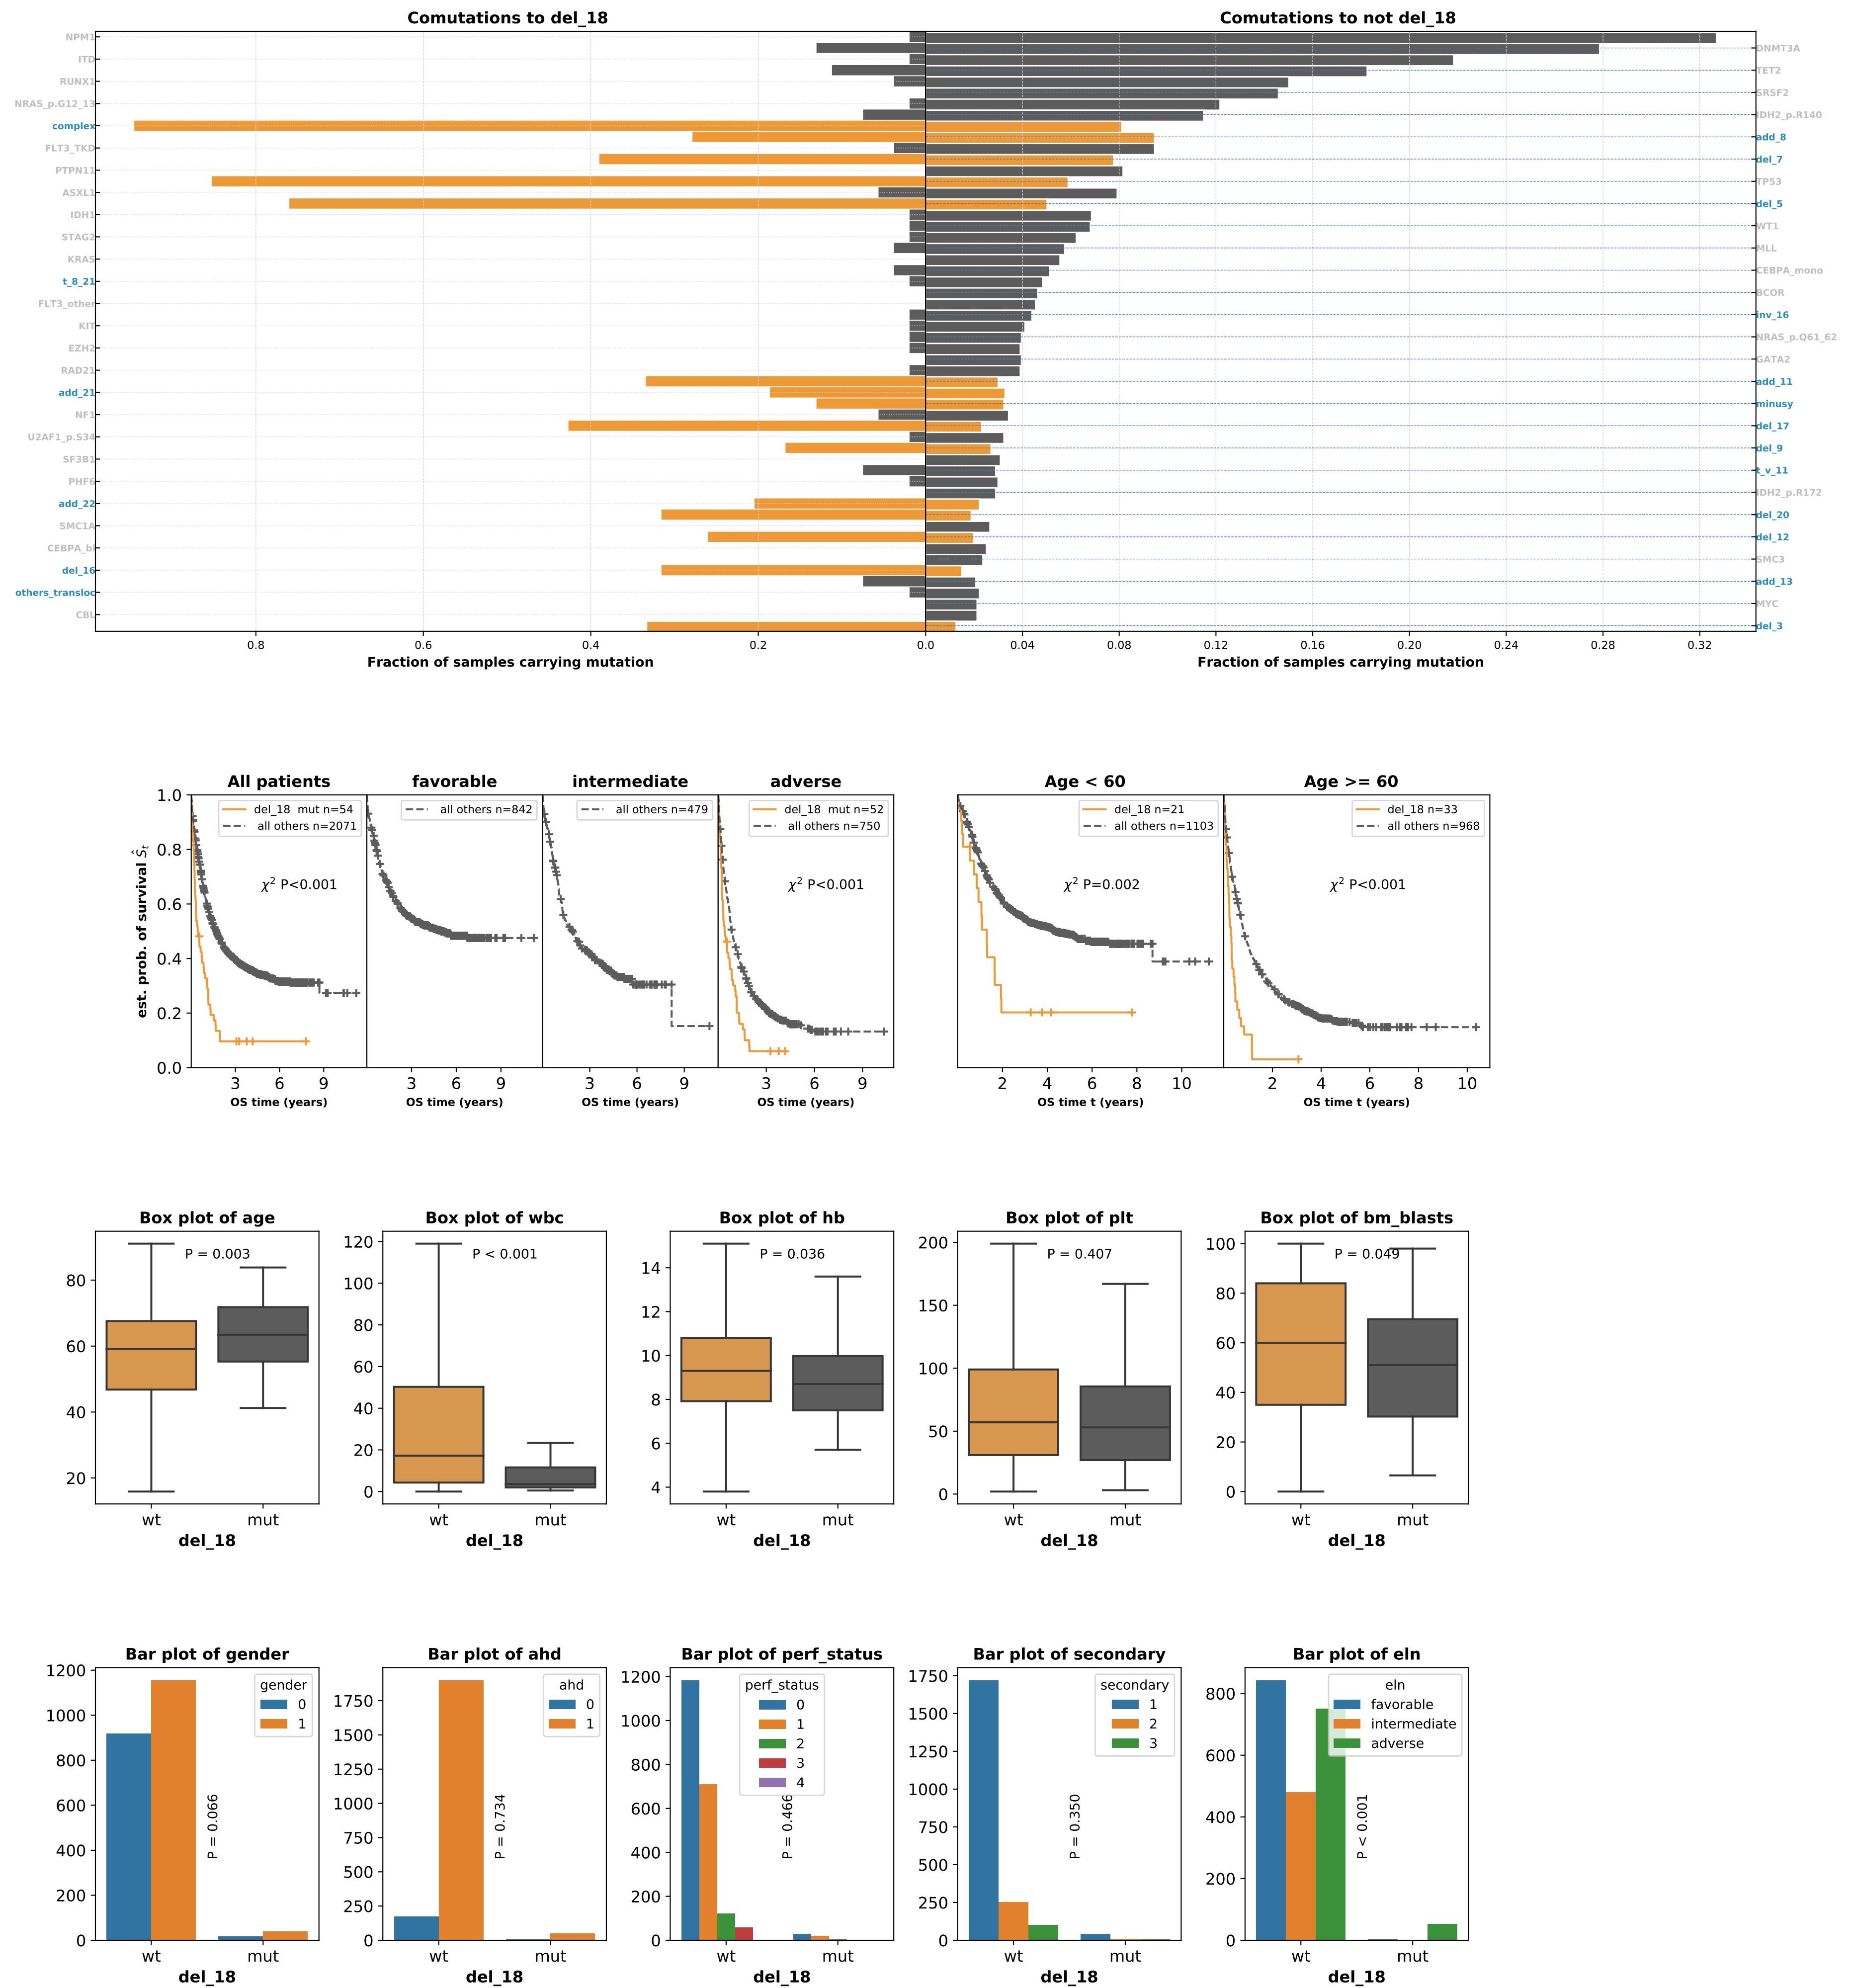

Table of classification, barplot of comutations, KM curves , box plots and bar plots for del_5

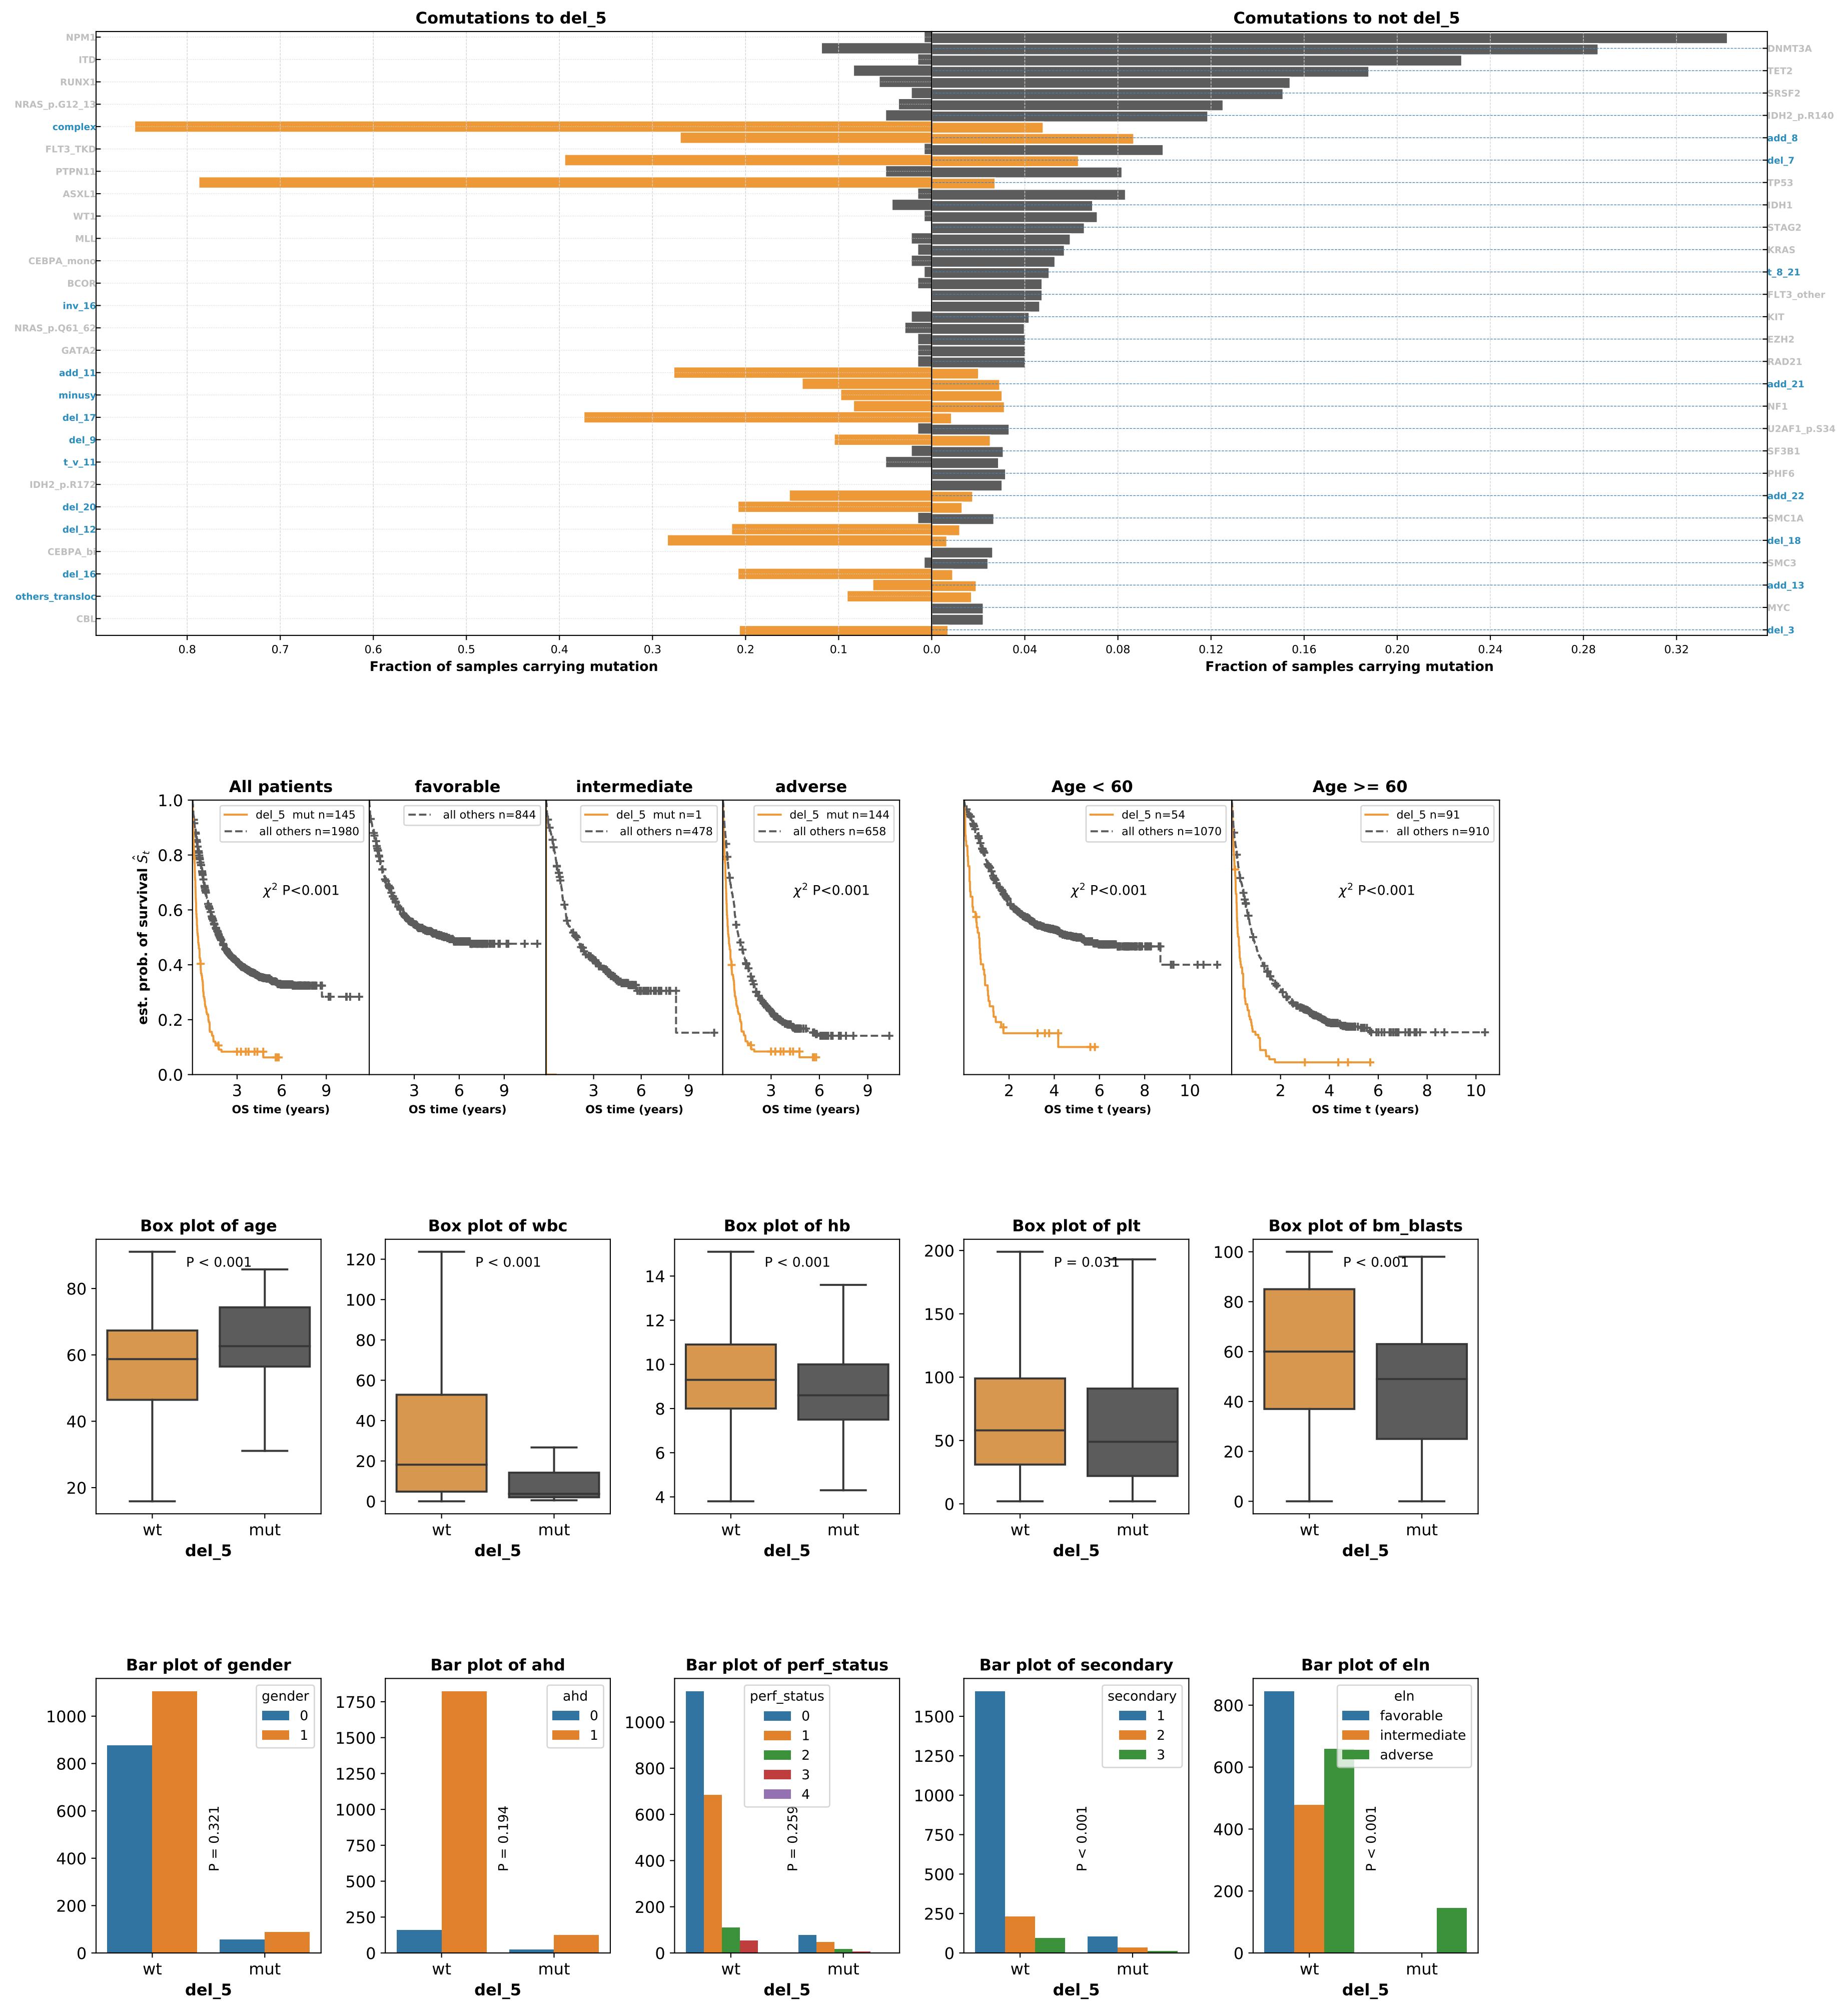

Table of classification, barplot of comutations, KM curves , box plots and bar plots for SMC3 mutation

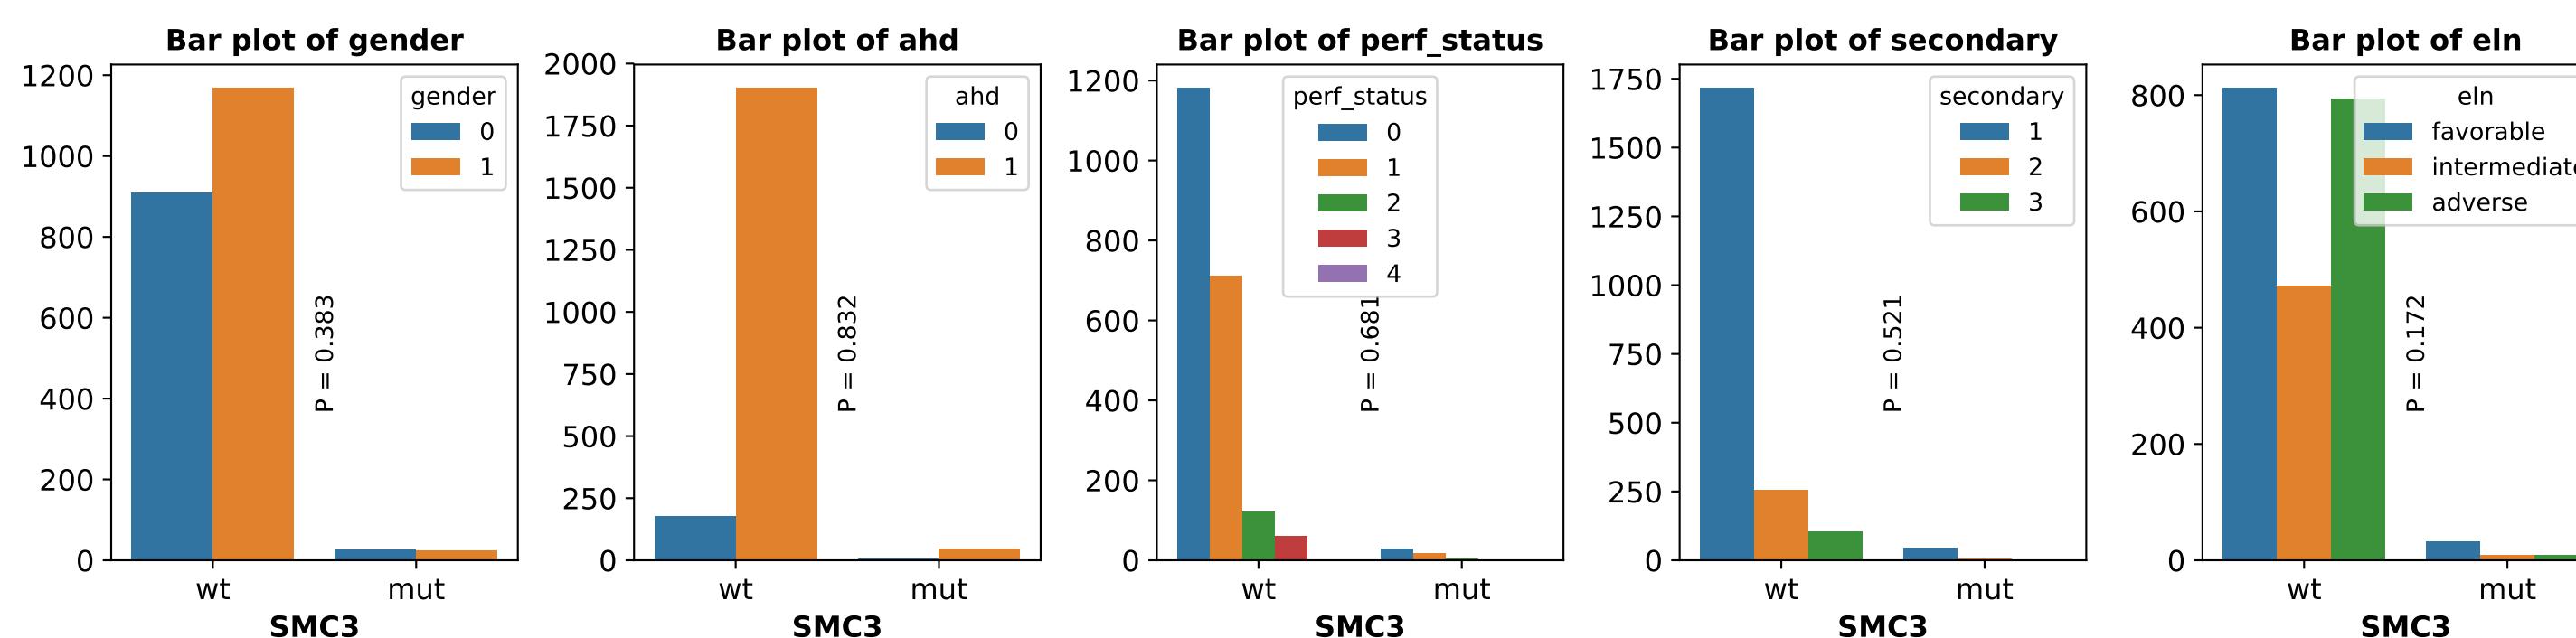

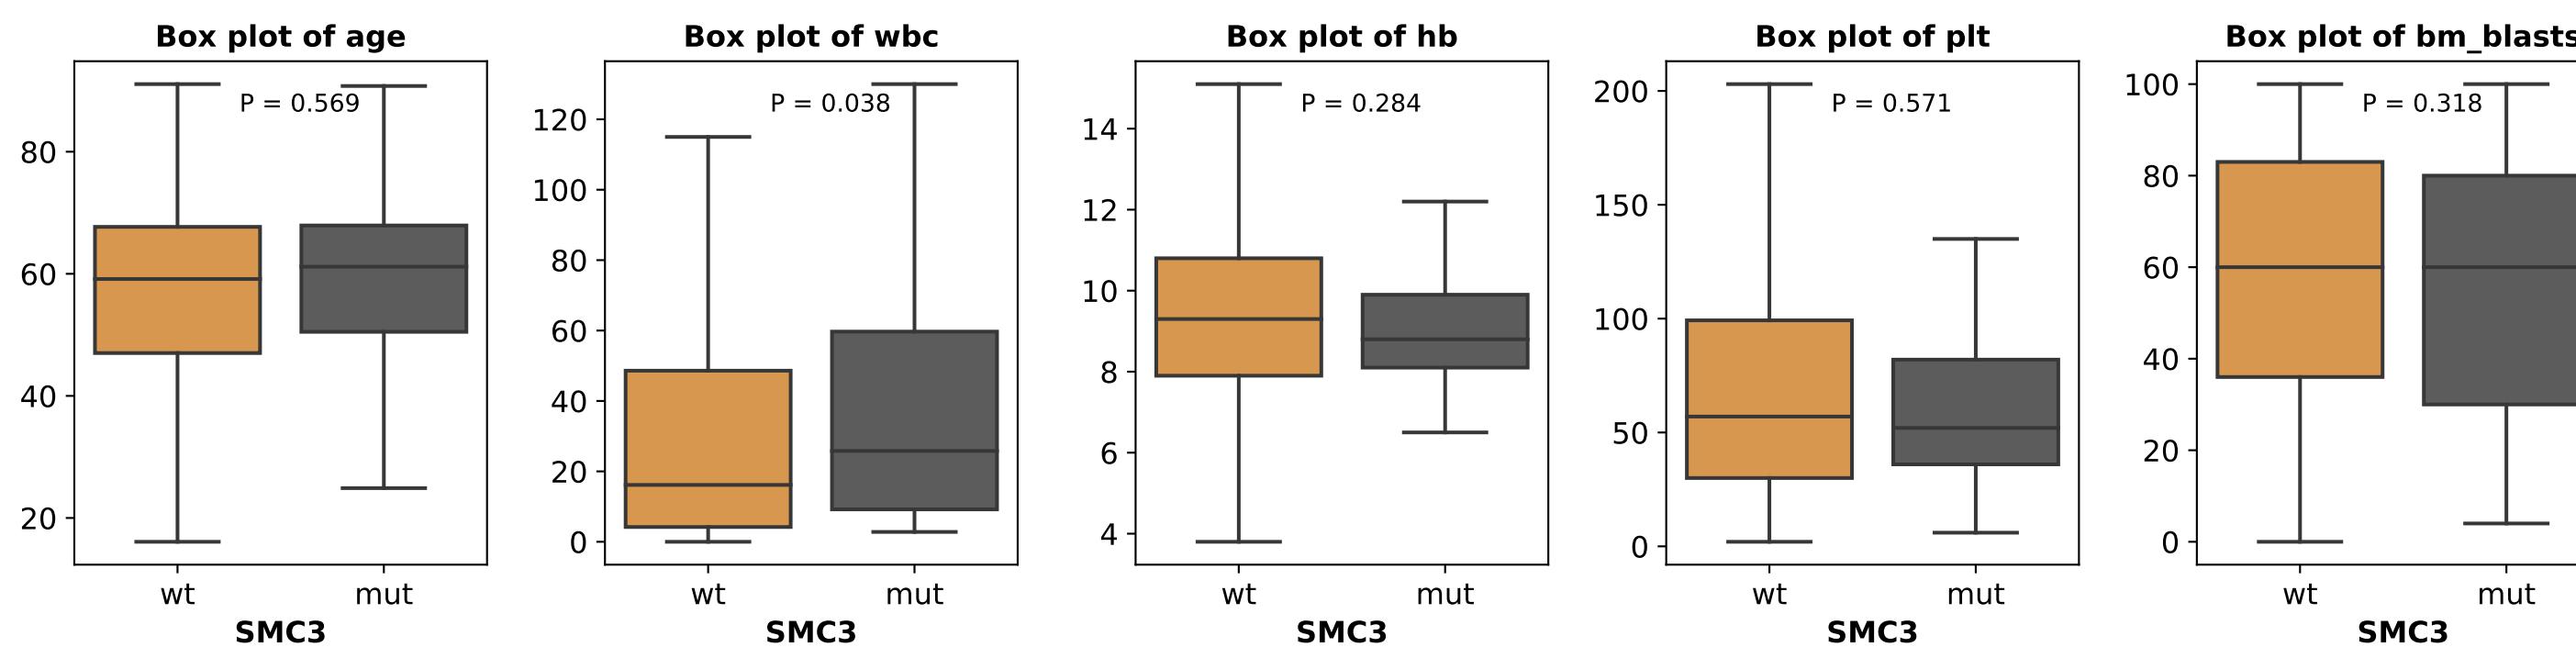

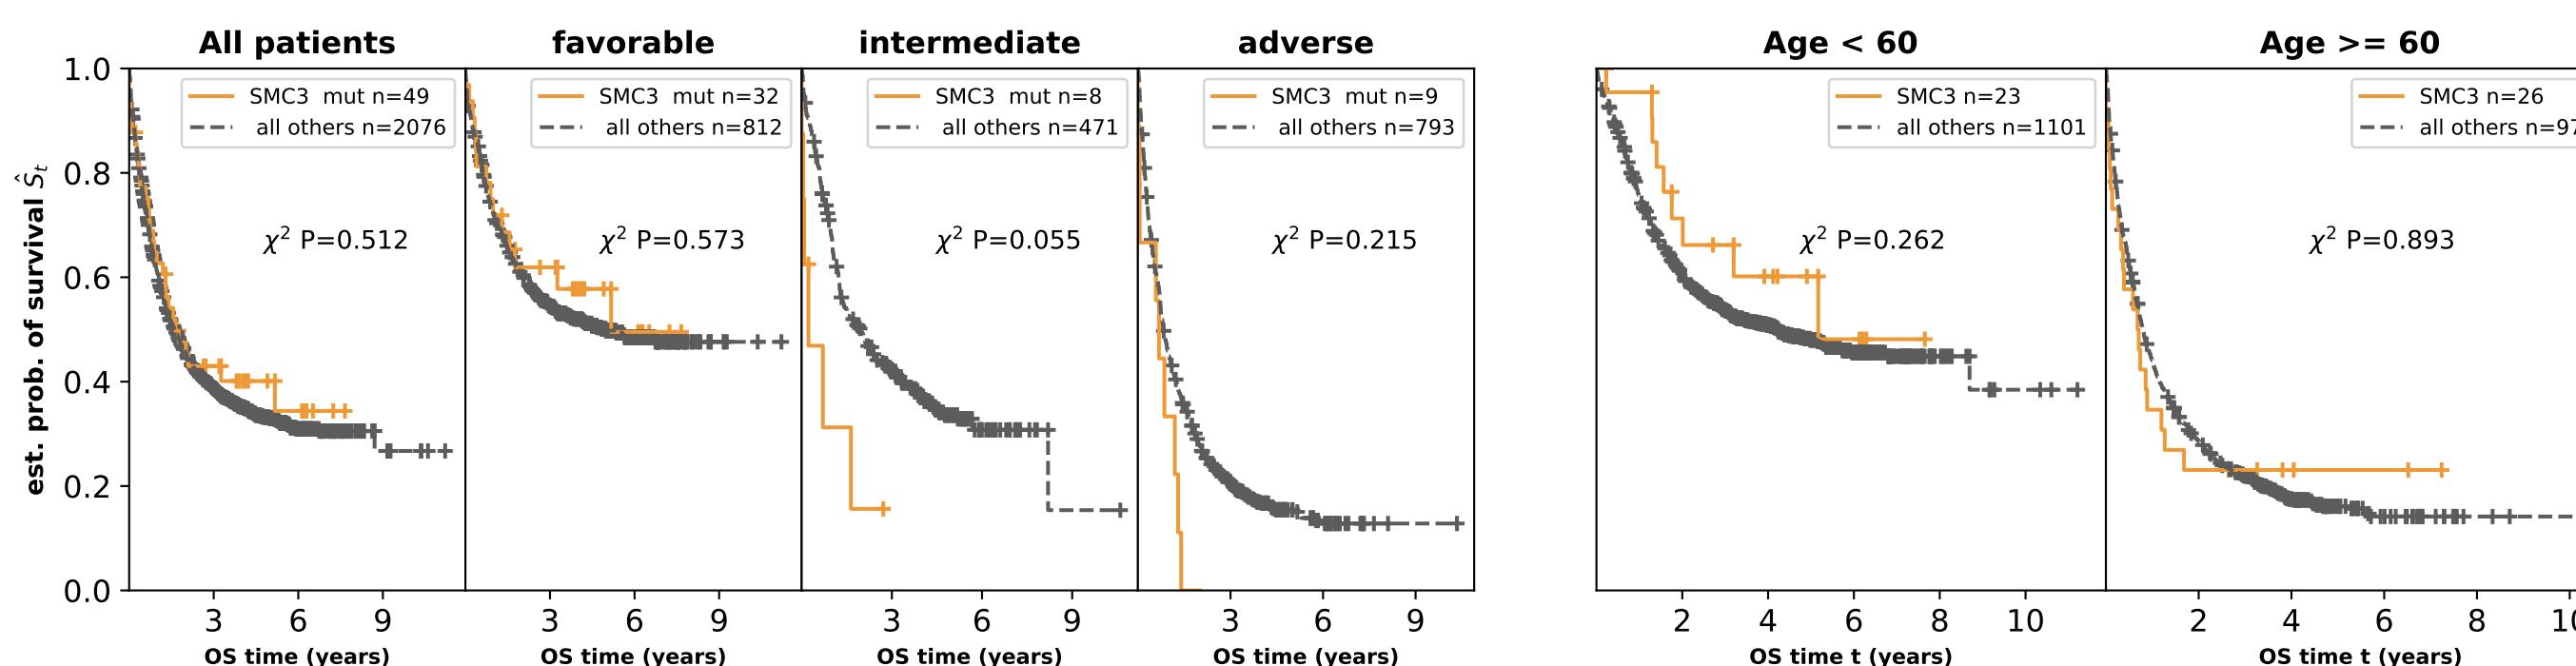

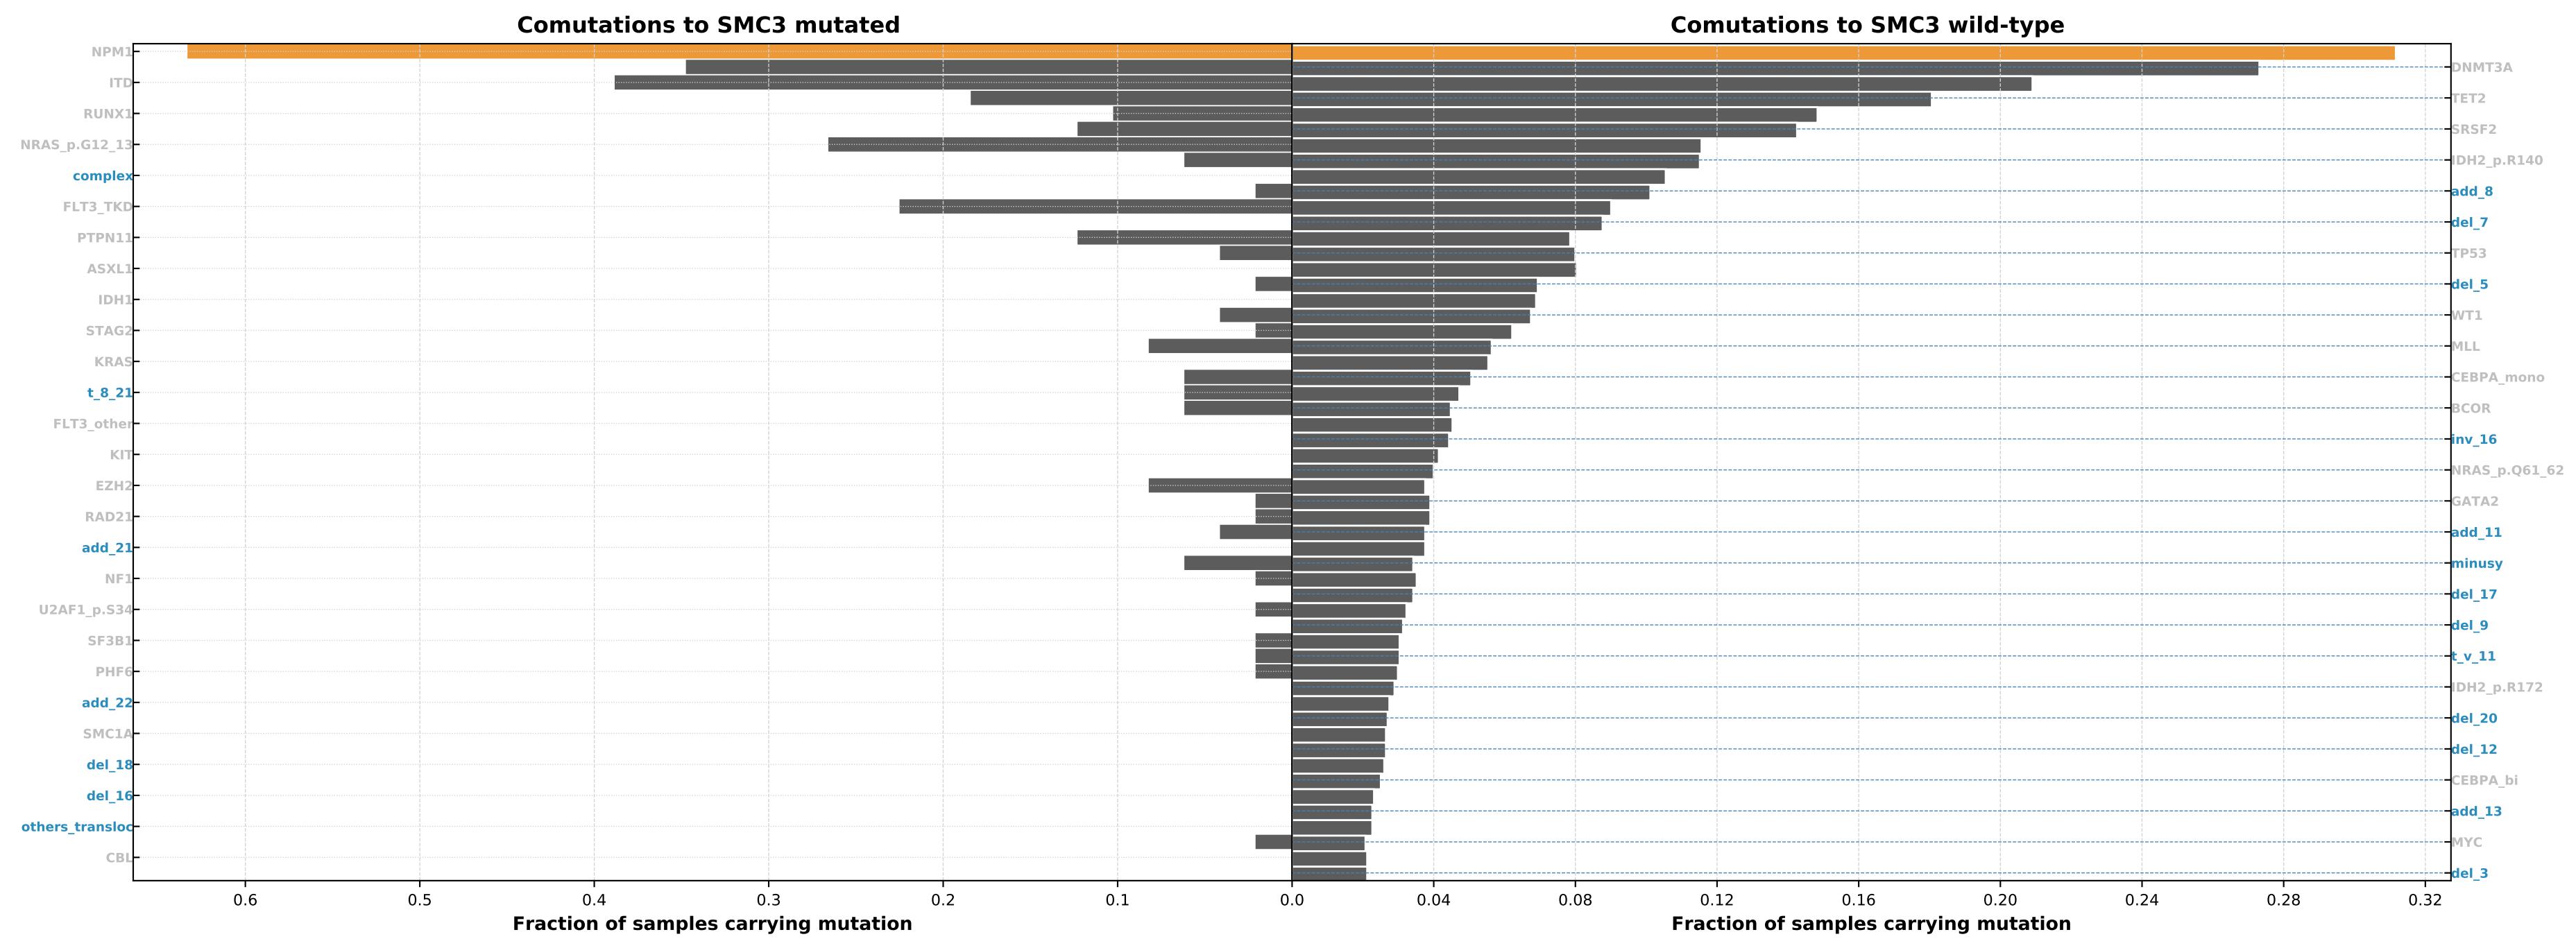

Table of classification, barplot of comutations, KM curves , box plots and bar plots for BCOR mutation
